RULE NO.: RULE TITLE:

64B8-8.001 Disciplinary Guidelines

PURPOSE AND EFFECT: The Board proposed the rule amendment to clarify existing disciplinary guidelines.

SUMMARY: To clarify existing disciplinary guidelines.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: 64B8-9.018
 RULE TITLE: Mandatory Standardized Informed Consent for Medical Marijuana; Required Documentation for Comparable Medical Conditions; Required Documentation for Smokable Medical Marijuana

PURPOSE AND EFFECT: The proposed amendment will clarify the incorporated revised application form in the rule.

SUMMARY: To clarify the Documentation for Smokable Marijuana Form.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at

its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

69O-198.005 Financial Requirements.

Requirements regarding the funded, unearned premium reserve account.

(1) through (4) No change.

(5) The unearned premium reserve account is calculated as follows:

(a) ~~The For all one year contracts, the~~ minimum reserve for all service warranty associations shall be 25 percent of the gross written premium received on all warranty contracts in force, in this state, for which the association is obligated on all contracts wherever issued.

(b) For contracts in excess of two years which are offered by associations having net assets of less than \$500,000 and for which premiums are collected in advance for coverage in a subsequent year, 100 percent of the premiums for such subsequent years must be placed in the funded unearned premium reserve account. For all multiyear contracts issued in any state:

~~1. For companies having less than \$500,000 net assets, the reserve shall initially be calculated at 25 percent for the first year premium and 100 percent for each subsequent year's premium for all gross written premiums for which the association is obligated. As each subsequent year becomes current, 75 percent of that current year's premium is earned and shall be subtracted from the reserve. The reserve is maintained until the expiration of the multiyear policy.~~

~~Example:~~

~~The reserve shall be calculated as follows on a three year contract with a selling price of \$300.00:~~

First Year	\$225.00
Second Year	\$150.00
Third Year	\$75.00

~~2. For companies that have more than \$500,000 net assets, the reserve shall be calculated at 25 percent of the gross written premiums for which the association is obligated.~~

~~Example:~~

~~The reserve shall be calculated as follows on a three year contract with a selling price of \$300:~~

First Year	\$75.00
Second Year	\$75.00
Third Year	\$75.00

(6) The unearned premium reserve account shall be totally funded at all times by unencumbered assets. Those prescribed assets funding the unearned premium reserve shall be clearly designated for this purpose and such reserve account must be a separate auditable account for contracts in force in this state.

(7) No warranty seller may allow its gross written premiums in force for contracts written in this state to exceed a 7-to-1 ratio to net assets Requirements regarding the ratios required by sections 634.406(3) and (4), F.S.

~~The ratio requirement is a calculation of the ratio of gross written premiums (for which the association is obligated wherever written in any state) to net assets.~~

(8)(a) All service warranty associations utilizing a funded unearned premium reserve account for contracts in force in this state shall deposit with the Department Office a reserve deposit equal to 10% of the gross written premiums received in force on all Florida warranty contracts in this state.

(b) No change.

(9) Requirements Regarding the Contractual Liability Policy. Contractual liability insurance may be purchased only from an admitted property and casualty insurer whose

certificate of authority indicates that it may issue this type of policy and which has been approved by the Office. All insurers issuing contractual liability policies to service warranty associations must, at a minimum, use policy provisions providing policyholder protection substantially equivalent to and not materially in conflict with that provided in the sample ~~contractual liability policy Form OIR-C1-969 form OIR-969~~, incorporated by reference in Rule 690-198.011 rule 690-198.015, F.A.C. RULE NO.: RULE TITLE:

61C-5.001 Safety Standards

The Department of Business and Professional Regulation, Division of Hotels and Restaurants, Bureau of Elevator Safety hereby gives notice: On February 3, 2021 the Division issued an order. The Final Order was in response to a Petition for an emergency Variance from Alina Residences at 200 SE Mizner Blvd, Boca Raton, FL, filed January 4, 2021, and advertised on January 8, 2021, in Vol. 47, No. 5, of the Florida Administrative Register. No comments were received in response to the petition. The Final Order on the Petition for Variance grants the Petitioner a variance from Rule 2.8.1, ASME A17.1, 2013 edition, as adopted by Rule 61C-5.001 Florida Administrative Code that requires non-elevator equipment not be placed in the elevator shaft because the Petitioner has demonstrated that the purpose of the underlying statute has been met and that Petitioner would suffer a substantial hardship if required to comply with this rule (VW2021-002).

RULE NO.: RULE TITLE:

61C-1.004 General Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice: On January 26, 2021 the Division of Hotels and Restaurants received a Petition for an Emergency Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code and Paragraph 5-202.11(A), 2017 FDA Food Code from INVERSIONES ULA INC located in Orlando. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash sink and 3-compartment sink.

The Petition for this variance was published in Vol. 47/17 on January 27, 2021. The Order for this Petition was signed and approved on January 4, 2021. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tank for the handwash sinks and 3-compartment sink are emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that the handwash sinks are provided with hot and cold running water under pressure, soap, an approved hand drying device and a handwashing sign.

A copy of the Order or additional information may be obtained by contacting: Kasimira.Kelly@myfloridalicense.com, Division of Hotels and Restaurants, 2601 Blair Stone Road, Tallahassee, Florida 32399-1011.

UF Harn Museum American Art Wing AE selection

NOTICE TO PROFESSIONAL CONSULTANTS:

The University of Florida Board of Trustees announces that Professional Services in the discipline of architecture will be required for the project listed below:

Project: UF-671, Harn Museum American Art Wing (Gainesville, FL)

As the Harn marks its 30th anniversary and launches a strategic plan for the next 5 years, the new American Art Wing will provide a multi-purpose addition to engage in activities that will further fulfill its mission to inspire, educate and enrich people’s lives through art as well as enhance the experience of all UF students. In addition to creating more display and storage space, a print-study center and conservation studio will be included in this new wing, creating new teaching tools and learning opportunities for UF students.

The main floor of the new wing will connect to the main floor of the existing building and will extend out towards the parking lot from the Rotunda providing a high level of visibility as visitors approach the entrance of the Harn. The new works on paper study and conservation center would allow scholars and students from around the world to come and study original works of art under the guidance of trained museum staff.

The estimated construction budget is approximately \$12,700,000, including site improvements, utilities, security, AV and landscape. The project will be delivered using the Construction Manager At-Risk method and the project bid documents will include early site and structure packages. Gold LEED (Leadership in Energy and Environmental Design) certification by the U.S. Green Building Council is mandatory. The selected firm will provide design, construction documents and construction administration services for the referenced project. Plans and specifications for University of Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes.

Blanket design professional liability insurance will be required from the architect, mechanical, electrical, plumbing, fire protection, structural, and civil engineering consultants for this project and will be provided as a part of Basic Services. The selected applicant will also be required to provide insurance coverage for General Liability, Automotive Liability, and Workers’ Compensation.

Applicants will be evaluated on the basis of their past performance, experience, personnel, design ability, references, workload, and responses to questions posed both in the shortlist and interview phases. The Selection Committee may reject all proposals and stop the selection process at any time.

At the time of application, the applicant and its landscape architectural and engineering consultants must possess current design licenses from the appropriate governing board and be properly registered to practice its profession in the State of Florida. If the applicant is a corporation, must be chartered by the Florida Department of State to operate in Florida.

Applicants desiring to provide professional services for the project shall submit a proposal only after thoroughly reviewing the facilities program, Project Fact Sheet, and other background

information. The proposal shall be prepared as specified in the PQS Instructions and shall include:

1. A Letter of Application that concisely illustrates the applicant’s understanding of the scope of services, design intent, schedule, and other goals and considerations as outlined in the Project Fact Sheet and facilities program.
2. A completed, project-specific "Professional Qualifications Supplement" (PQS) proposal with signed certification. Applications on any other form will not be considered.
3. Resumes, sustainability accreditation, and other pertinent credentials for all proposed staff (applicant and consultants).
4. Proof of the applicant’s corporate status in Florida (if applicable) and copies of current licenses for applicant firm and all engineering and landscape architecture consultants (firms) from the appropriate governing board.
5. Proof of the applicant’s and all engineering consultants’ ability to be insured for the level of professional liability coverage demanded for this project.

As required by Section 287.133, Florida Statutes, an applicant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected professional must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list. Incomplete proposals will be disqualified. Submittal materials will not be returned.

Fixed need pool projections are for hospice programs planned for July 2022, pursuant to the provisions of Rule 59C-1.0355, Florida Administrative Code. Letters of intent to apply for Certificates of Need pursuant to this notice must be filed with the Certificate of Need Program Office, 2727 Mahan Drive, Building 2, Room C-1, MS 28, Tallahassee, Florida 32308, on or before 5:00 p.m., February 22, 2021.

Any person who identifies an error in the fixed need pool numbers must advise the agency of the error within ten (10) days of the publication. If the agency concurs with the error, the fixed need pool number will be adjusted and republished in the first available edition of the Florida Administrative Register. Failure to notify the agency of the error during this ten day period waives a person's right to raise the error at subsequent proceedings. In order to request a proceeding under Section 120.57, F.S., a request for an administrative hearing must state with specificity which issues of material fact or law are in

dispute. All requests for hearings shall be made to the Agency for Health Care Administration and must be filed with the agency clerk at 2727 Mahan Drive, Building 3, Room 3431, MS 3, Tallahassee, Florida 32308. NOTICE OF HOSPITAL FIXED NEED POOLS FOR
PSYCHIATRIC AND SUBSTANCE ABUSE BEDS**

The Agency for Health Care Administration has projected fixed bed need pools for adult and children and adolescent psychiatric and adult substance abuse beds for July 2026 pursuant to the provisions of Rules 59C-1.008, 59C-1.040, and 59C-1.041, F.A.C. Net bed need projections for adult and children and adolescent psychiatric and adult substance abuse hospital beds have been adjusted according to occupancy rate thresholds as prescribed by the above-mentioned rules. A fixed need pool

projection for children and adolescent substance abuse beds is not made because the administrative rule governing this service does not include a mathematical formula for the calculation of need. An applicant seeking approval for these types of beds must establish need in its application. Letters of intent to apply for Certificates of Need pursuant to this notice must be filed with the Certificate of Need Program Office, Building 2, Room C-1, MS 28, 2727 Mahan Drive, Tallahassee, Florida, 32308, on or before 5:00 p.m., February 22, 2021.

Any person who identifies an error in the fixed need pool numbers must advise the agency of the error within ten (10) days of publication of the number. If the agency concurs with the error, the fixed need pool number will be adjusted and republished in the first available edition of the Florida Administrative Register. Failure to notify the agency of the error during this ten day time period will result in no adjustment to the fixed need pool number for this cycle and a waiver of the person's right to raise the error at subsequent proceedings. Any other adjustments will be made in the first cycle subsequent to identification of the error including those errors identified through administrative hearings or final judicial review.

Any person whose substantial interest is affected by this action and who timely advised the agency of any error in the action has a right to request an administrative hearing pursuant to Section 120.57, Florida Statutes. In order to request a proceeding under Section 120.57, Florida Statutes, your request for an administrative hearing must state with specificity which issues of material fact or law are in dispute. All requests for hearings shall be made to the Agency for Health Care Administration and must be filed with the agency clerk at 2727 Mahan Drive, Building 3, Suite 3431, Tallahassee, Florida, 32308. All requests for hearings must be filed with the agency clerk within 21 days of this publication or the right to a hearing is waived.
