Section II Proposed Rules

DEPARTMENT OF HEALTH

Board of Acupuncture

RULE NO.: RULE TITLE:
64B1-4.001 Acupuncture Program Requirements
PURPOSE AND EFFECT: The Board proposes to clarify education requirements.

SUMMARY: The proposed rule clarifies education requirements.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

Section III Notice of Changes, Corrections and Withdrawals

AGENCY FOR HEALTH CARE ADMINISTRATION

Certificate of Need

RULE NO.: RULE TITLE:
59C-1.008 Certificate of Need Application Procedures
 NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 47 No. 200, October 14, 2021 issue of the Florida Administrative Register.

59C-1.008 Certificate of Need Application Procedures.

- (1) No change.
- (2) Fixed Need Pools.
- (a) Publication of Fixed Need Pools.

1. The Agency shall publish in the Florida Administrative Register at least 15 days prior to the letter of intent deadline for a particular batching cycle the Fixed Need Pools for the applicable planning horizon specified for each bed or program in applicable Agency rules contained in Rules 59C-1.0355 and

59C-1.036, F.A.C. In cases of conflict with paragraph 59C-1.008 (1)(g), F.A.C., subparagraph 59C-1.008(2)(a)1., F.A.C., prevails, and the summary need projections published in the F.A.R. shall be published one week earlier with all other dates in the batching cycle remaining as noticed in paragraph 59C-1.008(1)(g), F.A.C.

2. Any person who identifies a mathematical or data input error made by the Agency in its calculation of the Fixed Need Pool numbers must advise the Agency of the error within ten (10) 40 days of the date the Fixed Need Pool was published in the Florida Administrative Register. As used in this section, the term “error” does not include inaccuracies in reports which provide the underlying data required to calculate the Fixed Need Pool numbers if such reports were not produced by the Agency ~~unless the Agency is notified of such inaccuracy at least fifteen days prior to the initial publication of the Fixed Need Pool numbers.~~ If the Agency concurs in the error, the Fixed Need Pool number will be adjusted and re-published in the first available edition of the Florida Administrative Register. Failure to notify the Agency of the error during this time period will result in no adjustment to the Fixed Need Pool number for that batching cycle.

3. Except as provided in subparagraph 2. above, the batching cycle specific Fixed Need Pools shall not be changed or adjusted in the future regardless of any future changes in need methodologies, population estimates, bed inventories, or other factors which would lead to different projections of need, if retroactively applied.

(b) through (e) No change.

(3) Filing Fees. Certificate of Need applications shall not be accepted by the Agency at the time of filing unless accompanied by the minimum base Certificate of Need application filing fee in accordance with Section 408.038, F.S. The minimum base fee shall be \$10,000. In addition to the base fee of \$10,000, the fee shall be 0.015 of each dollar of the proposed expenditure, except that no fee shall exceed \$50,000.

(a) through (b) No change.

(c) Checks that are returned by the bank for insufficient funds ~~will be received by the Agency staff.~~

1. For an expedited review application, when a check is returned by the bank for insufficient funds, the Agency or designee will send a letter ~~the check back~~ to the applicant, stating that the application is incomplete due to failure to pay the Certificate of Need filing fee and that, until the appropriate fee is received, the application cannot be further processed. Notification to the applicant will also state that a service charge of \$15 or 5% of the face amount of the check, whichever is less, must be added to the amount due pursuant to Section 215.34(2), F.S. The application will be withdrawn from review ~~returned to the applicant~~ if the correct fee is not received twenty-one (21)

~~thirty~~ days from the date of the letter informing the applicant of the insufficient fee.

2. For a batched review application, when a check is returned by the bank for insufficient funds, the Agency or designee will send the applicant a letter ~~returning the check along with the application, and~~ advising the applicant that the application is incomplete and is deemed withdrawn from review.

(4) through (5) No change.

(6) This rule is in effect for five years from its effective date. ~~The Agency will review this rule five years from the effective date and repromulgate, amend or repeal the rule as appropriate, in accordance with Section 120.54, F.S., and Chapter 1-1, F.A.C.~~

Section IV Emergency Rules

DEPARTMENT OF HEALTH

Division of Public Health Statistics and Performance Management

RULE NO.: RULE TITLE:

64WER21-20 Application Processing

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: There is a shortage of physicians in Florida. The Conrad 30 Waiver program addresses the shortage of physicians in medically underserved areas. The placement of these physicians is to improve access to care and address health equities in areas of the state with the most critical need for physicians. The Conrad 30 physicians provide much needed services to the populations of rural counties and high poverty urban areas in Florida. Without sponsoring the maximum number of allowable Conrad 30 positions, medically underserved populations will experience increased barriers to needed medical care.

REASON FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES: This emergency rule is necessary considering the physician shortage in Florida and the urgent need to increase the physician workforce. Given that there is a shortage of physicians and less than 20 percent of the allowable 30 slots would be filled this year, there is insufficient

time to adopt the rule to sponsor the maximum allowable number of physicians through non-emergency process.

SUMMARY: Emergency rule 64WER21-20 proposes changes to the application process for the Conrad 30 Waiver program to allow for applicants to be notified of deficiencies in the application received and provides time for those applicants to provide additional information for consideration by the department. In response to this change, the emergency rule also removes the requirement that the Department notify applicants by December 31.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Nathan Dunn at (850)245-4018 or Nathan.Dunn@FLHealth.gov.

THE FULL TEXT OF THE EMERGENCY RULE IS:

64WER21-20 (64W-1.006) Application Processing

Applications must be mailed to: Florida Department of Health, Division of Public Health Statistics and Performance Management, State Primary Care Office, 4052 Bald Cypress Way, Bin A-05, Tallahassee, Florida 32399-1720.

(2) At the close of the application cycle, Department staff will conduct an initial review of the information contained in the application packet. With respect to applications that the Department deems incomplete, the Department will notify the applicant by email of those deficiencies. Those applicants will be eligible to submit additional documentation by mail to the address in (1) above. All additional documentation must be received on or before fifteen business days from the date of the Department’s deficiency notice. Any application deemed incomplete by the Department shall not be eligible for recommendation to the State Surgeon General (or designee).

(3) Correspondence and/or communication between employers, physicians, or attorneys with Department staff will not take place during the initial review and prioritization of applications.

(4) After final approval by the State Surgeon General (or designee), Department staff will notify each applicant on his or her sponsorship status by email. ~~This shall occur on or before December 31 of each year.~~ The Department will send is responsible for sending sponsorship application packets to the USDOS, on or before December 31 of each year.
