RULE NO. 64B8-55.0015 RULE TITLE: Out-of-State Telehealth Discipline  
PURPOSE AND EFFECT: The proposed rule amendments are intended to add new rule language regarding out-of-state telehealth discipline.  
SUMMARY: The proposed rule amendments add rule language.  
SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 456.47(4), 456.47(7) FS.

LAW IMPLEMENTED: 456.47(4) FS.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE IS: Allen Hall, Executive Director, Board of Medicine Electrolysis Council, 4052 Bald Cypress Way, Bin # A04, Tallahassee, Florida 32399-3253.

THE FULL TEXT OF THE PROPOSED RULE IS:

(4) A suspension for a definite term may be terminated early only upon approval of the Board. A suspension accompanied by a corrective action plan may be lifted upon successful compliance with the corrective action or otherwise determined by the Board.

(5) A “corrective action plan” must accompany a suspension and includes rehabilitative provisions established by the Board which are narrowly tailored to address the conduct which resulted in the underlying disciplinary violations. In order to satisfy a corrective action plan, the Registrant must provide proof of successful completion of all provisions to the Board. A corrective action plan may follow a suspension for a definite term and require continued suspension until successful compliance with the corrective action plan. Nothing in this paragraph shall be interpreted as restricting the Board’s ability to impose a suspension for a definite term absent or accompanied by a corrective action plan.

### Section IV Emergency Rules

**DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION**

**Division of Pari-Mutuel Wagering**

RULE NO.:	RULE TITLE:
61DER21-3	Testing Methodologies; Measurement Uncertainties; Screening Limits

**SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE:** The Division of Pari-Mutuel Wagering

(“Division”) is statutorily mandated to test for and prosecute the use of prohibited levels of permitted substances and of prohibited medications and substances which can cause injury or death to racing horses as well as compromise the integrity of the races conducted. On February 25, 2021, the Division received a 30-day notice letter alleging that an unadopted rule challenge would be filed for the Division’s alleged failure to promulgate testing methodologies and measurement uncertainties for the testing of biological specimens collected from racing horses. Although the Division rejects the allegation that it has failed to comply with statute by promulgating testing methodologies and measurement uncertainties, the Division believes that the immediate promulgation of an emergency rule that provides clarification as to the University of Florida Racing Laboratory’s testing methodologies and measurement uncertainties is necessary to ensure the continued safety of racing horses and the integrity of the racing industry.

Emergency Rule 61DER21-2 was adopted and took effect on March 4, 2021. On March 29, 2021, the Division published the Notice of Proposed Rule 61D-6.007 in an effort to provide clarification as to the University of Florida’s Racing Laboratory’s testing methodologies and measurement uncertainties. On April 13, 2021, a rule challenge to Proposed Rule 61D-6.007 was filed.

On May 10, 2021, a challenge to Emergency Rule 61DER21-2 was filed. In direct response to this challenge, the Division is filing this new emergency rule text to address specific concerns and provide further clarification sought by members of the industry. Emergency Rule 61DER21-3 supersedes and replaces Emergency Rule 61DER21-2.

An immediate danger exists which requires emergency action by the Division in order to protect the health, safety, and welfare of the numerous racing animals scheduled to perform in the immediate future. At this time, there are multiple performances scheduled through the end of June. Additionally, without this emergency rule there would be an immediate danger to the wagering public and the integrity of pari-mutuel horse racing which the Division is mandated by Chapter 550, F.S., to regulate.

Based on the fact that there are performances scheduled, the Division fears an immediate danger to the health, safety, and welfare of racing animals, the wagering public and the integrity of racing as a whole will exist without this emergency rule.

**REASON FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES:** The procedure used to adopt this emergency rule is fair under the circumstances. The Division has determined that this emergency rule will not have an adverse impact on small business and is not likely to directly or indirectly increase regulatory costs. Furthermore, the procedure used to adopt this emergency rule provides at least

the procedural protection given by other statutes, the State Constitution, or the United States Constitution.

In addition, this emergency rule addresses the specific concerns identified by members of the horseracing industry. As such, the Division is only taking action necessary to protect the public under the procedure used to adopt this emergency rule.

SUMMARY: Emergency Rule 61DER21-3, F.A.C., prescribes the testing methodologies and measurement uncertainties applicable to the testing of biological specimens sent to the University of Florida Racing Laboratory for analysis as well as clarifying when these testing methodologies and measurement uncertainties apply. These changes address specific concerns identified by the pari-mutuel industry and are a valid exercise of delegated legislative authority.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Bryan Barber, Division of Pari-Mutuel Wagering, bryan.barber@myfloridalicense.com, 2601 Blair Stone Rd., Tallahassee, FL 32399, (850)717-1761.

THE FULL TEXT OF THE EMERGENCY RULE IS:

61DER21-3: Testing Methodologies; Measurement Uncertainties; Screening Limits

In addition to the rules that exist under Rule 61D-6.008, Florida Administrative Code, the following procedures are promulgated under an emergency basis:

(1) Testing Methodologies: Methodologies used to screen for and confirm the administration of medications, drugs, and naturally occurring substances in racing horses shall be limited to the following: Immunoassay, Liquid Chromatography Mass Spectrometry (LCMS), Gas Chromatography Mass Spectrometry (GCMS), Clinical Refractometer, and/or Specific Gravity.

(2) Measurement Uncertainties: The Division hereby incorporates by reference the Division Laboratory Measurement Uncertainty Schedule containing the established levels, effective May 20, 2021. A copy of the Division Laboratory Measurement Uncertainty Schedule is available by contacting Bryan Barber, Division of Pari-Mutuel Wagering, bryan.barber@myfloridalicense.com, 2601 Blair Stone Rd., Tallahassee, FL 32399, (850)717-1761.

(a) All measurement uncertainties have been established at the maximum allowable concentration for those substances, analytes, and corresponding metabolites or markers contained within Rule 61D-6.008 F.A.C., that undergo quantitative analysis, unless otherwise specified.

(b) If a sample is diluted for testing, the measurement uncertainty is multiplied by the factor of dilution.

(c) Measurements of uncertainty are not established for the testing of specimens in which the identification of a substance, analyte, or corresponding metabolite or marker at or above the lowest level of detection is sufficient to constitute a violation.

(3) Screening Limit for Prohibited Substances in Racing Horses: Any and all findings above zero that are over the limit of detection, under any condition of use, for prohibited substances shall be considered a violation of section 550.2415, F.S.

DEPARTMENT OF ECONOMIC OPPORTUNITY  
 Division of Community Development  
 DEO Final Order No. DEO-21-020  
 In re: A LAND DEVELOPMENT REGULATION  
 ADOPTED BY MONROE COUNTY, FLORIDA,  
 ORDINANCE NO. 001-2021

FINAL ORDER  
 APPROVING MONROE COUNTY ORDINANCE NO. 001-2021

The Department of Economic Opportunity (“Department”) hereby issues its Final Order, pursuant to subsections 380.05(6) and 380.0552(9), Florida Statutes, approving land development regulations adopted by Monroe County, Florida, Ordinance No. 001-2021 (the “Ordinance”).

FINDINGS OF FACT

1. The Florida Keys Area is designated by Section 380.0552, Florida Statutes, as an area of critical state concern. Monroe County is a local government within the Florida Keys Area.
2. The Ordinance was adopted by Monroe County on February 17, 2021, and rendered to the Department on March 22, 2021.
3. The Ordinance amends the Monroe County Land Development Code (the “Code”) to provide definitions for the terms “area median income,” “maximum sales price, owner occupied affordable housing unit,” “workforce,” and “workforce housing.” The Ordinance also amends the affordable and employee housing administration provisions under Chapter 139 of the Code to establish nonresidential and transient inclusionary requirements to ensure affordable housing needs are generated through the development and redevelopment of nonresidential and transient uses.

CONCLUSIONS OF LAW

4. The Department is required to approve or reject land development regulations that are adopted by any local government in an area of critical state concern. See §§ 380.05(6) and 380.0552(9), Fla Stat.
5. “Land development regulations” include local zoning, subdivision, building, and other regulations controlling the development of land. § 380.031(8), Fla. Stat. The regulations adopted by the Ordinance are land development regulations.
6. The Ordinance is consistent with the Monroe County Comprehensive Plan generally, as required by

subsection 163.3177(1), Florida Statutes, and specifically, with Policies 101.3.3, 601.1.4, and 601.1.13 and Objective 101.4.

7. All land development regulations enacted, amended, or rescinded within an area of critical state concern must be consistent with the principles for guiding development for that area. §§ 380.05(6) and 380.0552(9), Fla Stat. The Principles for Guiding Development for the Florida Keys Area of Critical State Concern are set forth in subsection 380.0552(7), Florida Statutes.

8. The Ordinance is consistent with the Principles for Guiding Development as a whole, and specifically complies with the following:

- (a) Strengthening local government capabilities for managing land use and development so that local government is able to achieve these objectives without continuing the area of critical state concern designation.
- (d) Ensuring the maximum well-being of the Florida Keys and its citizens through sound economic development.
- (l) Making available adequate affordable housing for all sectors of the population of the Florida Keys.

WHEREFORE, IT IS ORDERED that the Department finds that Monroe County Ordinance No. 001-2021 is consistent with the Monroe County Comprehensive Plan and Principles for Guiding Development for the Florida Keys Area of Critical State Concern and is hereby APPROVED.

This Order becomes effective 21 days after publication in the Florida Administrative Register, unless a petition is timely filed as described in the Notice of Administrative Rights below.
