Section II Proposed Rules

DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES

Division of Aquaculture

RULE NOS.:	RULE TITLES:
5L-1.001	General Requirements and Intent
5L-1.002	Definitions
5L-1.003	Shellfish Harvesting Area Standards
5L-1.006	Compliance and Penalties
5L-1.007	Container Identification; Prohibitions
5L-1.008	Shellfish Handling

PURPOSE AND EFFECT: The proposed rule amendments will reclassify some shellfish harvesting areas to protect the health of shellfish consumers and to provide access to renewable shellfish resources. The proposed rule amendment will also clarify requirements related to commercial shellfish activities.

The rulemaking updates the National Shellfish Sanitation Program Model ordinance to the 2019 revision, defines the terms “Authorized User” and “Harvest,” adds language to allow offshore aquaculture leases to be classified as approved if a sanitary survey shows no impact to microbiological water quality, clarifies the rules for possession of shellfish in closed areas, revises the penalty structure for willful violations that endanger public health and safety, clarifies tagging requirements, and requires all commercial harvesters and Aquaculture Certificate of Registration holders to have a license available for inspection while conducting commercial shellfish activities.

SUMMARY: The Agency has determined that this rule will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the economic analysis of adverse impacts and potential regulatory costs of the proposed rule not exceeding any of the criteria established in Section 120.541(2)(a), Florida Statutes. As part of this analysis, the Department reviewed the proposed rule expansion to allow *Micropterus salmoides floridanus* to be sold as a food fish and found no adverse financial impacts to the industry. The proposed rule changes do not require additional fees. No interested party submitted additional information regarding the economic impact.

Any person who wishes to provide information regarding the statement of estimated regulatory costs or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

It does not, and is not intended to, encompass all possible violations of statute or Department rule by a Shellfish Processor that may adversely affect public health, safety, or welfare or that creates a significant threat of such harm. The absence of any violation from this rule shall in no way be construed to indicate that the violation does not cause harm to the public or is not subject to a penalty. In any instance where the violation is not listed in Rule 5L-1, F.A.C., the penalty will be determined by consideration of:

1. The closest analogous violation, if any, that is listed in this rule; and

2. The mitigating or aggravating factors listed in this rule.

(f) Willful violations shall result in the imposition of an administrative fine of \$5,000 per violation, the suspension of Shellfish Processor certification, revocation of Shellfish Processor certification, or any combination thereof. (6) Aggravating and Mitigating Factors. The Department will consider aggravating and mitigating factors in determining penalties for violations of this rule chapter. The factors shall be applied against each single count of the listed violation.

(a) Aggravating Factors:

1. The violation caused, or has the potential to cause, harm to the public and the degree or extent of such harm.

2. The violation endangered the public safety or welfare.

3. Previous violations for the same or a similar offense that resulted in enforcement action, including civil warning letters, notices of noncompliance or administrative complaints or any criminal action taken by law enforcement agencies.

5. The number and severity of other violations documented in the same proceeding.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: Approximately 38,600 persons are required by law to file the CE Form 6 and CE Form 1 (and related forms) each year, depending on their positions. Other than the amount of time they expend to complete the forms, any economic impact is nominal. The Commission absorbs in its annual budget the costs of printing and distributing the forms. In addition, the rulemaking herein simply is intended to update the calendar years listed on the forms.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
