**65C-20.012 Enforcement.**

This rule establishes the grounds under which the Department
may issue an administrative fine, deny, suspend, revoke a
license or registration or place a licensee or registrant on
probation status as well as uniform system of procedures to
impose disciplinary sanctions.

(1) Definitions.

(a) “Day” means a weekday, excluding weekends and
holidays.

(b) “Differential Monitoring” is a regulatory method for
determining the frequency or depth of monitoring based on an
assessment of a program’s history of compliance with licensing
rules.

(c) “Key Indicator Standards” are any standards identified
that statistically predict overall compliance with all standards.

(d) “Probation” is a licensing status indicating the
license is in jeopardy of being revoked or not renewed due to
violations within the control of the provider. Probation may
require the licensee to comply with specific conditions intended
to ensure that the licensee comes into and maintains compliance
with licensing standards. Examples of such conditions include
the following are: a deadline to remedy an existing violation, a
specified period during which compliance with licensing
standards must be strictly maintained; and, specified conditions
under which the home must operate during the probationary
period.

(e) No change.

(f) “Supplemental Standards” are any standards not
identified as a Key Indicator that if not met, pose a greater risk
of harm to children in care.

(g) No change.

(h) “Violation” is a noncompliance with a licensing
standard as described in an inspection report resulting from an
inspection under Section 402.311, F.S., as follows regarding
with regard to Class I, Class II, and Class III Violations.

1. through 3. No change.

2. No change.

(a) through (b) No change.

(c) Technical assistance shall be provided for all violations.

A grace period is provided, wherein a violation that has
occurred more than two years prior to a subsequent violation of
the same standard will not be counted for purposes of progressive
discipline. A violation that has been withdrawn by the
Department or has been dismissed as the result of an
administrative proceeding held pursuant to Chapter 120, F.S.,
contesting an administrative complaint will not be counted for
purposes of progressive discipline. A violation that is only
reflected in an inspection report does not relieve the Department
of its burden to prove that violation for purposes of progressive
discipline upon the alleged occurrence of a subsequent
violation.

(d) Failure to submit a completed CF-FSP Form 5133,
Application for a License to Operate a Family Day Care Home,
which is incorporated by reference in subsection 65C-
20.008(1), F.A.C., or CF-FSP Form 5238, Application for a
License to Operate a Large Family Child Care Home, which is
incorporated by reference in paragraph 65C-20.008(2), 65C-
20.013(3)(a), F.A.C., for renewal of an annual license at least
45 days prior to the expiration date of the current license
constitutes a licensing violation. The department shall issue an
administrative complaint imposing a fine of $50.00 for the first
occurrence, $100.00 for the second occurrence, and $200.00 for
each subsequent occurrence within a five-year period.

(e) Disciplinary sanctions for licensing violations shall be
progressively enforced as follows:

1. Class I Violations.

   a. No change.

   b. For the third and subsequent violation of a Class I
      standard, the Department shall suspend, deny, or revoke the
      license. The Department, upon applying the factors in section
      402.310(1)(b), F.S., may also levy a fine not less than $100.00
      nor more than $500.00 per day for each violation in addition to
      any other disciplinary sanction.

2. No change.

3. Class III Violations.

   a. For the third violation of the same Class III standard, the
      Department shall impose a fine of $25.00 for each violation.
      This violation, and subsequent violations of the same standard
      within a two-year period will be classified as “Class III.”

   b. through d. No change.

   (a) Eligibility. To be eligible for an inspection under the
       differential monitoring method, the home must:

      1. Be licensed for at least 24 consecutive months;

      2. Have received at least two on-site renewal inspections in
         the most recent 24 months;

      3. Have no citations for any Class I or Class II violations
         within the most recent 24 month period; and,

      4. Have no current uncorrected violations.

      5. Have no open regulatory complaints nor active Child
         Protection Service investigations.
(b) Inspection. The inspection will measure compliance with the Key Indicator System Standards, the Supplemental Standards, and five randomly-selected standards. If one or more violations of a Class I or Class II level are identified, the provider will no longer be eligible for an abbreviated inspection and will be subject to a full inspection.

Imposition of an administrative fine shall be accomplished through an administrative complaint. Denial of a license or registration or conversion to probationary status pursuant to section 402.310, F.S., may be accomplished through an administrative complaint or a notice of intent to deny a pending renewal application.

(5) Access. The family day care operator must allow access to the entire premises of the family day care home to inspect for compliance with family day care home minimum standards. Access to the family day care home also includes access by the parent, legal guardian, and/or custodian, to their child(ren) while in care.

(6) This rule will be reviewed and repealed, modified, or renewed through the rulemaking process five years from the effective date.
