**Section II
 Proposed Rules**

DEPARTMENT OF HIGHWAY SAFETY AND MOTOR VEHICLES

Division of Motor Vehicles

RULE NO.: **RULE TITLE:**
 15C-21.001 Application for Certificate of Title

PURPOSE AND EFFECT: The purpose of this rule amendment is to update applications for certificates of titles by revising application requirements and information to be included in a certificate of title application. Because the proposed updates necessitated by new federal and state requirements render a single certificate of title application form impracticable, the rule amendment additionally proposes to separate the existing Form HSMV 82040, Application for Certificate of Title, into separate applications for (1) motor vehicles, (2) mobile homes, and (3) vessels. The effect will be to allow the Agency to capture all information required by federal and state laws when processing certificate of title requests for each type of application and to allow for sufficient space and improved readability of application forms.

SUMMARY: HSMV 82040, Application for Certificate of Title, incorporated by reference in Rule 15C-21.001, allows customers to apply for certificates of title for motor vehicles, off-highway vehicles, mobile homes, and vessels. 33 C.F.R. Part 187 imposes requirements on states that participate in the Vessel Identification System and details information that participating states must capture when processing certificate of title requests for vessels. Chapter 2019-76, Laws of Fla., which amends § 328.01, Fla. Stat., and is effective July 1, 2023, removes a certificate of title exemption for certain types of vessels and requires the Department to capture certain information when processing certificate of title requests for vessels. In addition to making the substantive changes required by law, the Department proposes to incorporate by reference three separate forms to allow for sufficient space and to improve

readability in applications for certificates of title. The proposed rule amendments and updates to the application forms incorporated by reference will ensure compliance with federal and state requirements and divide the application into three separate forms for motor vehicles, mobile homes, and vessels.
 SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The Department's economic analysis of the adverse impact or potential regulatory costs of the proposed rule did not exceed any of the criteria established in § 120.541(2)(a), Fla. Stat. As part of this analysis, the Department relied on a checklist of potential adverse impacts or regulatory costs, ultimately concluding that impacted entities (applicants for certificates of title) will not incur adverse direct or indirect costs as a result of the proposed rule. Additionally, no interested party submitted additional information regarding the economic impact.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

PURPOSE AND EFFECT: The purpose and effect of this new rules is to implement section 402.33(3), Florida Statutes and ensure that, for a client residing in an Agency for Persons with Disabilities licensed residential facility, a portion of his or her third-party benefits and benefit payments is set aside for the client's incidental personal expenses. New definitions are

added to clarify the meaning of certain terminology within the new rule.

SUMMARY: 65G-2.001: Amended to add definitions for new terms that will be included in the new rule 65G-2.018. 65G-2.018: Requires Agency licensed facilities to set aside a personal needs allowance, out of a client's third-party benefit payment; clarifies that this set aside is only for that client's benefit; and establishes the amount that is to be set aside, and how it will be adjusted over time.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The SERC can be summarized by: rulemaking is necessary to establish the personal needs allowance for the Agency's licensed facilities; without these rules the Agency would be acting pursuant to an unadopted rule; and given the statutory requirements, the Agency determined the rules do not have an adverse impact on economic growth, private sector job creation or employment, private sector investment, business competitiveness, productivity, or innovation, nor do they increase regulatory costs, including transactional costs, in excess of \$200,000 in the aggregate within one year or in excess of \$1 million in the aggregate within five years after the implementation of these rules.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: A SERC Checklist and SERC were prepared by the Agency to determine the need for legislative ratification. Based on this information at the time of the analysis, summarized above, and pursuant to section 120.541, Florida Statutes, the rules will not require legislative ratification because costs will not be in excess of \$1 million in the aggregate within 5 years after the implementation of the rules.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
