67-21.014 MMRB Credit Underwriting Procedures.

Credit Underwriting is a de novo review of all information supplied, received or discovered during or after any application scoring process, prior to the closing on funding. The success of an Applicant in being selected for funding is not an indication that the Applicant will receive a positive recommendation from the Credit Underwriter or that the Development team's experience, past performance or financial capacity is satisfactory.

(1) No change.

(2) The Credit Underwriter shall in Credit Underwriting analyze and review all information in the Application, or any proposed changes made subsequent thereto, in order to make a recommendation to the Board of Directors on the feasibility of the Development, without taking into account the willingness of a Credit Enhancer to provide Credit Enhancement. Credit Underwriting services shall include a comprehensive analysis of the Applicant, the real estate, the economics of the Development, the ability of the Applicant and the Development team to proceed, and the evidence of need for affordable housing in order to determine that the Development meets the MMRB Program requirements. The Credit Underwriter shall determine a recommended Bond amount that should be made to a Development, whether an initial loan or a refunding.

(a) No change.

(b) The Credit Underwriter shall review the proposed financing structure to determine whether the MMRB Loan is feasible. The Credit Underwriter shall also request and review such other information as it deems appropriate to determine whether or not to provide a positive recommendation in connection with a proposed Development. In making that determination the Credit Underwriter will consider the prior and recent performance history of the Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor in connection with any other ~~affordable housing~~ development. The performance history shall consider instances involving a foreclosure, deed in lieu of foreclosure, financial arrearage, or other event of material default in connection with any ~~affordable housing~~ development or the

documents governing financing or operation of any such development.

(c) Unless the Credit Underwriter determines that mitigating factors exist, or that underwriting conditions can be imposed, sufficient to mitigate or offset the risk, the existence of the following shall result in a negative recommendation of the proposed Development by the Credit Underwriter:

1. Considering all ~~affordable housing~~ developments in which any party named above has been involved, if:

a. During the period prior to August 1, 2010, 5 percent or more of that party's developments have been the subject of a foreclosure or deed in lieu of foreclosure, or in financial arrearage or other material default and such arrearage or material default remained uncured for a period of 60 days or more, or

b. During the period beginning on or after August 1, 2010, any of that party's developments have been the subject of a foreclosure or deed in lieu of foreclosure, or in financial arrearage or other material default and such arrearage or material default is uncured at the present or, if cured, remained uncured for a period of 60 days or more.

2. Mitigating factors to be considered by the Credit Underwriter, to the extent such information is reasonably available and verifiable, shall include the extent to which the party funded the operations of the development from that party's own funds in an attempt to keep the development afloat, the election by a party to forego financial participation in a development in an attempt to keep the development afloat, the party's satisfactory performance history over the last ten (10) years in connection with that party's ~~affordable housing~~ developments, and any other extenuating circumstances deemed relevant by the Credit Underwriter in connection with the party's involvement in a development.

3. A negative recommendation may also result from the review of:

a. An Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor in connection with any other ~~affordable housing~~ development,

b. Financial capacity of an Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor, and for Housing Credits, the Housing Credit Syndicator, or

c. Any other relevant matters relating to an Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor if, in the Credit Underwriter's opinion, one or more members of the Development team do not possess the ability to proceed.

(d) No change.

(e) At a minimum, each general partner (whether individual or entity) or each manager/managing member (whether individual or entity), as applicable, of the Applicant

shall provide a guarantee for completion of construction. In addition, one or more entities or individuals (other than a general partner or manager/managing member) having an ownership interest, either directly or indirectly, in the Applicant or in the general partner or managing member of the Applicant shall be required to provide guarantees or personal guarantees, as applicable, for completion of construction as recommended by the Credit Underwriter or as otherwise required by the Corporation. The Corporation shall consider the following when determining the need for additional construction completion guarantees based on the recommendations of the Credit Underwriter:

1. Liquidity of any guarantee provider.

2. If applicable, Applicant's, Developer's and General Contractor's history in successfully completing Developments ~~of similar nature~~.

3. If applicable, ~~t~~The past performance of the Applicant, Developer, General Contractor, or any other guarantee provider, in developing or constructing Developments financed by the Corporation or its predecessor.

4. Percentage of the Corporation's funds utilized compared to Total Development Costs. 67-48.0072 Credit Underwriting and Loan Procedures.

Credit underwriting is a de novo review of all information supplied, received or discovered during or after any competitive

solicitation scoring and funding preference process, prior to the closing on funding, including the issuance of IRS Forms 8609 for Housing Credits. The success of an Applicant in being selected for funding is not an indication that the Applicant will receive a positive recommendation from the Credit Underwriter or that the Development team's experience, past performance or financial capacity is satisfactory. The credit underwriting review shall include a comprehensive analysis of the Applicant, the real estate, the economics of the Development, the ability of the Applicant and the Development team to proceed, the evidence of need for affordable housing in order to determine that the Development meets the program requirements and determine a recommended SAIL, or HOME loan amount, Housing Credit allocation amount or a combined SAIL or HOME loan amount and Housing Credit Allocation amount, if any; and for any Development that has rehabilitation with or without acquisition, a capital needs assessment ('CNA') prepared in accordance with generally accepted industry investment grade standards as reflected in a competitive solicitation shall be ordered by the Credit Underwriter from a Corporation-approved CNA provider, and its findings shall be used to determine rehabilitation that will be carried out, including applicable energy, green, universal design and visitability features, and to set replacement reserves as outlined in paragraph (13)(b), below. Corporation funding will be based on appraisals of comparable developments, cost benefit analysis, and other documents evidencing justification of costs. As part of the credit underwriting review, the Credit Underwriter will consider the applicable provisions of rule Chapter 67-48, F.A.C.

(1) through (5) No change.

(6) In determining whether or not to provide a positive recommendation in connection with a proposed Development, the Credit Underwriter will consider the prior and recent performance history of the Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor in connection with any other ~~affordable housing~~ development. The performance history shall consider instances involving a foreclosure, deed in lieu of foreclosure, financial arrearage, or other event of material default in connection with any ~~affordable housing~~ development or the documents governing financing or operation of any such development.

(a) Unless the Credit Underwriter determines that mitigating factors exist, or that underwriting conditions can be imposed, sufficient to mitigate or offset the risk, the existence of the following shall result in a negative recommendation of the proposed Development by the Credit Underwriter:

1. Considering all ~~affordable housing~~ developments in which any party named above has been involved, if:

a. During the period prior to August 1, 2010, 5 percent or more of that party's developments have been the subject of a

foreclosure or deed in lieu of foreclosure, or in financial arrearage or other material default and such arrearage or material default remained uncured for a period of 60 days or more, or

b. During the period beginning on or after August 1, 2010, any of that party’s developments have been the subject of a foreclosure or deed in lieu of foreclosure, or in financial arrearage or other material default and such arrearage or material default is uncured at the present or, if cured, remained uncured for a period of 60 days or more.

2. Mitigating factors to be considered by the Credit Underwriter, to the extent such information is reasonably available and verifiable, shall include the extent to which the party funded the operations of the development from that party’s own funds in an attempt to keep the development afloat, the election by a party to forego financial participation in a development in an attempt to keep the development afloat, the party’s satisfactory performance history over the last 10 years in connection with that party’s ~~affordable housing~~ developments, and any other extenuating circumstances deemed relevant by the Credit Underwriter in connection with the party’s involvement in a development.

(b) A negative recommendation may also result from the review of:

1. Financial capacity of an Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, the General Contractor, and, for SAIL and HOME Applicants that have Housing Credits, the Housing Credit Syndicator, or

2. Any other relevant matters relating to an Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor if, in the Credit Underwriter’s opinion, one or more members of the Development team do not possess the ability to proceed.

(7) through (14) No change.

(15) For SAIL and HOME, each general partner (whether individual or entity) or each manager/managing member (whether individual or entity), as applicable, of the Applicant shall provide a guarantee for completion of construction. In addition, one or more entities or individuals (other than a general partner or manager/managing member) having an ownership interest, either directly or indirectly, in the Applicant or in the general partner or managing member of the Applicant shall be required to provide guarantees or personal guarantees, as applicable, for completion of construction as recommended by the Credit Underwriter or as otherwise required by the Corporation. The Corporation shall consider the following when determining the need for additional construction completion guarantees based on the recommendations of the Credit underwriter:

(a) Liquidity of any guarantee provider.

(b) ~~If applicable,~~ Applicant’s, Developer’s and General Contractor’s history in successfully completing Developments ~~of similar nature.~~

(c) ~~If applicable,~~ The past performance of the Applicant, Developer, General Contractor or any other guarantee provider in developing or constructing Developments financed by the Corporation or its predecessor.

(d) Percentage of the Corporation’s funds utilized compared to Total Development Costs.

If, after evaluation of paragraphs (a)-(d), above, by the Corporation and the Credit Underwriter, it is determined that additional surety is needed, the Applicant will be required to provide a letter of credit or payment and performance bond.

(16) through (30) No change.

Section IV Emergency Rules

DEPARTMENT OF ENVIRONMENTAL PROTECTION

RULE NO.: RULE TITLE:
 62ER24-2 Hurricane Restoration Reimbursement Grant Program

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: Section 10, Chapter 2022-272, Laws of Florida (L.O.F.), “[a]n act relating to disaster relief” establishes the Hurricane Restoration Reimbursement Grant Program for the purpose of providing financial assistance to mitigate coastal beach erosion for coastal homeowners whose property was significantly impacted by Hurricane Ian or Hurricane Nicole in 2022. The legislation includes legislative findings that emergency rulemaking authority is necessary to address critical shoreline erosion which may result in the loss of property by homeowners in those areas of the state that sustained damage due to Hurricane Ian or Hurricane Nicole during 2022. Section 10, Chapter 2022-272, L.O.F., requires the Department of Environmental Protection to adopt emergency rules pursuant to

subsections 120.54(1) and 120.54(4), Florida Statutes, for the purpose of implementing the grant program. The department adopted rule 62ER23-2, F.A.C., on January 30, 2023. The Legislature revised the grant program in Section 61, Chapter 2023-240, L.O.F., requiring the promulgation of a new emergency rule. The Department adopted rule 62ER23-3, F.A.C., on June 30, 2023. The Department adopted rule 62ER24-1 to replace rule 62ER23-3 in order for the grant program to remain open through July 1, 2024. The date of adoption for rule 62ER24-1 was January 1, 2024, and the date of expiration is July 1, 2024. In Section 72, Chapter 2024-228, L.O.F., the Legislature revised the grant program to increase financial assistance and include reimbursement for large-scale sand placement projects by local governments. The Legislature also extended the grant program through July 1, 2025, requiring promulgation of a new emergency rule. Given the application period set out in the law, an emergency rule is the most appropriate and expedient means to provide eligible property owners and local governments with the grant program's requirements and grant application.

REASON FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES: The Legislature expressly authorized and required in Section 10, Chapter 2022-272, L.O.F., the promulgation of an emergency rule by the Department to implement the Hurricane Restoration Reimbursement Grant Program for the purpose of providing financial assistance to mitigate coastal beach erosion for coastal homeowners whose property was significantly impacted by Hurricane Ian or Hurricane Nicole in 2022. The Legislature revised the program in Section 61, Chapter 2023-240, L.O.F., resulting in the promulgation of a new emergency rule. In Section 72, Chapter 2024-228, L.O.F., the Legislature revised the grant program to increase financial assistance, provide financial assistance to local governments and municipalities to implement large scale sand placement projects, and extend the program through July 1, 2025, requiring the promulgation of a new emergency rule. The promulgation of this emergency rule, incorporating by reference the forms used to apply for financial assistance, ensures that the public is notified by the most appropriate and expedient means regarding the process to apply for a grant.

SUMMARY: The rule provides the procedures, administration, and eligibility criteria for the Hurricane Restoration Reimbursement Grant Program, which will distribute financial assistance to qualifying coastal homeowners and local governments and municipalities to help remedy the damages from coastal erosion incurred after Hurricane Ian or Hurricane Nicole. The grant program allows persons living in Brevard, Broward, Charlotte, Collier, Duval, Flagler, Indian River, Lee, Manatee, Martin, Nassau, Palm Beach, Saint Johns, Saint Lucie, Sarasota, and Volusia Counties whose property was

significantly impacted by Hurricane Ian or Hurricane Nicole in 2022, and who meet eligibility requirements, to seek reimbursement to remedy coastal beach erosion and reimburse eligible construction costs. The grant program applies to single- or multi-family homes, residential condominiums, and cooperatives. The emergency rule also allows local governments and municipalities to apply for program funds to implement large scale sand placement projects. The emergency rule incorporates, by reference, Form 1 DEP-62ER24-2, the Hurricane Restoration Reimbursement Grant Program Application, and Form 4, DEP-62ER24-2, the Hurricane Restoration Reimbursement Grant Program Local Government Application, effective as of the effective date of Chapter 62ER24-2, F.A.C.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Lainie Edwards, Deputy Director, Office of Resilience and Coastal Protection, Florida Department of Environmental Protection, 2600 Blair Stone Road, MS 235 Tallahassee, FL 32399, or Crystal Anderson, Assistant General Counsel, Florida Department of Environmental Protection, 3900 Commonwealth Blvd., MS-35 Tallahassee, FL 32399.

THE FULL TEXT OF THE EMERGENCY RULE IS:

62ER24-2 Hurricane Restoration Reimbursement Grant Program

(1) This chapter implements the Hurricane Restoration Reimbursement Grant Program, to provide financial assistance to coastal homeowners for eligible costs related to sand placement, temporary coastal armoring, or permanent coastal armoring construction projects to remedy coastal beach erosion incurred as a result of preparation for or damage sustained from Hurricane Ian or Hurricane Nicole in 2022. The grant program also provides financial assistance to local governments and municipalities to implement large scale sand placement projects.
