- (3)(a) No change.
- (b) The agency determines in writing that the <u>state term</u> contract item cannot meet an agency need because of one of these factors: <u>Unavailability of the contract item within agency schedule or delivery requirements; need for compatibility with existing equipment or systems; or the contract item fails to meet agency-required specifications, quality levels or technical requirements eritical delivery schedules, the need for compatibility with existing equipment, non-availability of service, applications of unique technical requirements, product quality, or specifications that differ from those of the contract commodities or services; or</u>
 - (c) No change.
- (4) State Agency Standard Configuration and Options. State term contracts for commodities may provide cost-effective standard configuration products, i.e., those that meet most or a significant portion of agency requirements at a reduced cost. A state term contract offering standard configuration products may also list specific options or additions to the standard configuration products, which agencies or eligible users may elect to add to the standard configuration product as needed. If an agency determines that a standard configuration product will not meet the agency's needs and that it is therefore necessary for the agency to purchase specific product options or additions to the standard configuration product, the agency shall, in writing, specify why the standard configuration product(s) cannot meet the agency's needs due to: unavailability of the product within agency schedule or delivery requirements; need for compatibility with existing equipment or systems; or failure to meet agency-required specifications, quality levels or technical requirements.
- (5) The agencies' written determination for state term contract or standard configuration exceptions required by subsections (3) and (4) above shall also include the price impact, both as a dollar amount and as a percentage of the price of the state contract or standard configuration item(s), that results because of the exception or deviation.

THE FULL TEXT OF THE PROPOSED RULE IS:

69J-2.003 Mediation Procedures for Resolution of Disputed Personal Lines Insurance Claims Arising from the 2004 and 2005 Hurricanes and Tropical Storms.

- (1) Purpose and Scope. This rule implements Section 627.7015, F.S., by setting forth a mediation procedure prompted by the critical need for effective, fair, and timely handling of personal lines insurance claims arising out of damages to residential property caused by the hurricanes and tropical storms during the 2004 and 2005 hurricane seasons (June 1 to November 30 of each year). The procedure established by this rule is available to those first party claimants who have personal lines claims resulting from damage to residential property occurring in the State of Florida. This rule does not apply to commercial insurance, private passenger motor vehicle insurance, or to liability coverage contained in property insurance policies.
- (2) Definitions. The following definitions apply to the terms of this rule as used herein.
 - (a) "Administrator" means the Department or its designee.
- (b) "Claim" means any matter on which there is a dispute or for which the insurer has denied payment. Unless the parties agree to mediate a claim involving a lesser amount, a "claim" involves the insured requesting \$500 or more to settle the dispute, or the difference between the positions of the parties is \$500 or more, in either case, notwithstanding any applicable deductible. "Claim" does not include a dispute with respect to which the insurer has reported allegations of fraud, based on an investigation by the insurer's special investigative unit, to the Department's Division of Insurance Fraud.
- (c) "Department" means the Department of Financial Services or its designee. Reporting to the Department shall be directed to: Department of Financial Services, Mediation Section, Bureau of Education, Advocacy, and Research, Tallahassee, Florida 32399-4212; or by facsimile to (850)488-6372.

- (d) "Mediator" means an individual selected by the Department to mediate disputes pursuant to this rule. The mediators will be selected from a panel of circuit court civil certified mediators approved by the Florida Supreme Court pursuant to the Florida Rules of Certified and Court-Appointed Mediators or from the list of approved mediators pursuant to Rule 69B-166.031, F.A.C.
- (e) "Party" or "Parties" means the insured and his or her insurer, including Citizens Property Insurance Corporation, when applicable.
 - (3) Notification of Right to Mediate.
- (a) The insurer shall mail a notice of the right to mediate disputed claims to the insured within 5 days of the time the insured or the Department notifies an insurer of a dispute regarding the insured's claim. If the insurer has not been notified of a disputed claim prior to the time an insurer notifies the insured that a claim has been denied in whole or in part, the insurer shall mail a notice of the right to mediate disputed claims to the insured in the same mailing as a notice of denial. An insurer is not required to send a notice of the right to mediate disputed claims if a claim is denied because the amount of the claim is less than the insured's deductible.
- (b) The mailing that contains the notice of the right to mediate may include the Department's consumer brochure on mediation but no other materials, forms, or documents may be included. Notification shall be in writing and shall be legible, conspicuous, and printed in at least 12-point type. The first paragraph of the notice shall contain the following statement: "Tom Gallagher, Chief Financial Officer for the State of Florida, has adopted a rule to facilitate the fair and timely handling of residential property insurance claims arising out of the hurricanes that have recently devastated so many homes in Florida. The rule gives you the right to attend a mediation conference with your insurer in order to settle any dispute you have with your insurer about your claim. An independent mediator, who has no connection with your insurer, will be in charge of the mediation conference. You can start the mediation process 21 days after the date of this notice by calling the Department of Financial Services 1(800)227-8676 (1(800)22-STORM)."
 - (c) The notice shall also:
- 1. Include detailed instructions on how the insured is to request mediation, including name, address, and phone and fax numbers for requesting mediation through the Department;
- 2. State that the parties have 21 days from the date of the notice within which to settle the claim before the insured may request mediation:
- 3. Include the insurer's address and phone number for requesting additional information; and
- 4. State that the Department or the Administrator will select the mediator.
 - (4) Request for Mediation.

- (a) By the Insured. After 21 days from the date of the notice of the right to mediation, an insured may request mediation by contacting the insurer or by calling the Department at 1(800)22-STORM (1(800)227-8676); by faxing a request to the Department at (850)488-6372; or by writing to the Department of Financial Services, Mediation Section, Bureau of Education, Advocacy, and Research, Tallahassee, Florida 32399-4212. If an insured requests mediation prior to receipt of the notice of the right to mediation or if the date of the notice cannot be established, the insurer shall be notified by the Department of the existence of the dispute 21 days prior to the Administrator processing the insured's request for mediation. If an insurer receives a request for mediation, the insurer shall fax the request to the Mediation Section within 48 hours of receipt of the request. The Department will forward requests to the Administrator within 24 hours of receipt of the requests. The Administrator shall notify the insurer within 48 hours of receipt of requests filed with the Department. The insured should provide the following information if known:
- 1. Name, address, e-mail address, and daytime telephone number of the insured and location of the property if different from the address given;
 - 2. The claim and policy number for the insured;
 - 3. A brief description of the nature of the dispute;
- 4. The name of the insurer and the name, address, e-mail address, and phone number of the contact person for scheduling mediation; and
- 5. Information with respect to any other policies of insurance that may provide coverage of the insured property for named perils such as flood or windstorm.
- (b) By an Insurer. An insurer may request mediation by faxing a written request to the Department at (850)488-6372. The insurer shall provide a copy of its written mediation request to the insured at the same time it submits the request to the Department. The written request should contain the information set forth in paragraph (4)(a). Mediation requests by insurers will be processed by the Department and Administrator in the same manner as mediation requests by insureds.
- (5) Mediation Costs. Pursuant to Section 627.7015(3), F.S., the insurer shall bear all of the cost of conducting mediation conferences. Mediation costs shall include the administrative fee and the mediator's fee. Within 5 days of receipt of the request for mediation or receipt of notice of the request from the Department or immediately after receipt of notice from the Administrator pursuant to subsection (4) that mediation has been requested, whichever occurs first, the insurer shall pay a non-refundable administrative fee of \$350 to the Administrator to defer the expenses of the Department. This amount includes the mediator's fee.
 - (6) Requirements for Insurers.
- (a) The representative of the insurer attending the conference must bring a copy of the policy and the entire claims file to the conference. The representative of the insurer

attending the conference must know the facts and circumstances of the claim and be familiar with of the provisions of the policy. An insurer will be deemed to have failed to appear if the insurer's representative lacks authority to settle the full amount of the claim or lacks the ability to disburse the settlement amount at the conclusion of the conference.

(b) If inspection and adjustment of the property at issue may be required before the dispute between the parties can be resolved, such inspection and adjustment shall occur before the scheduled mediation conference. A failure by the insurer to inspect and adjust the property as necessary before the mediation conference shall constitute a failure to appear at the mediation conference under subsection (8) below. A refusal by the insured to allow the insurer's representative onto the property at issue to conduct such an inspection or adjustment shall not be considered a failure to appear at the mediation conference.

(7) Scheduling of Mediation Conference. The Administrator will select a mediator and schedule the mediation conference. The Administrator will attempt to facilitate reduced travel and expenses to the parties and the mediator when selecting a mediator and scheduling the mediation conference. The Administrator shall confer with the mediator and all parties prior to scheduling a mediation conference. The Administrator shall notify each party in writing of the date, time, and place of the mediation conference at least 10 days prior to the date of the conference and concurrently send a copy of the notice to the Department. The insurer shall notify the Administrator as soon as possible after the settlement of any claim that is scheduled for mediation pursuant to this rule.

(8) Conduct of the Mediation Conference.

(a) It is not necessary to engage a private attorney to participate in the mediation conference. If the insured elects to have an attorney participate in the conference, the insured shall provide the name of the attorney to the Administrator at least six days before the date of the conference. Parties and their representatives must conduct themselves in the cooperative spirit of the intent of the law and this rule. Parties and their representatives must refrain from turning the conference into an adversarial process. Both parties must negotiate in good faith. A party will be determined to have not negotiated in good faith if the party, or a person participating on the party's behalf, continuously disrupts, becomes unduly argumentative or adversarial, or otherwise inhibits the negotiations as determined by the mediator. The mediator shall terminate the conference if the mediator determines that either party is not negotiating in good faith or if the mediator determines that the conference should be terminated under the provisions of Rule 10.420(b) of the Florida Rules for Certified and Court-Appointed Mediators. The party responsible for causing termination shall be responsible for paying the administrative fee imposed in subsection (5) for any rescheduled mediation conference.

(b) The mediator will be in charge of the conference and will establish and describe the procedures to be followed. Mediators shall conduct the conference in accordance with the standards of professional conduct for mediation under the Florida Rules of Certified and Court-Appointed Mediators. Each party will be given an opportunity to present their side of the controversy. In so doing, parties may utilize any relevant documents and may bring any individuals with knowledge of the issues, such as adjustors, appraisers, or contractors, to address the mediator. The mediator may meet with the parties separately, encourage meaningful communications and negotiations, and otherwise assist the parties to arrive at a settlement. For purposes of this mediation program, mediators shall be deemed agents of the Department and shall have the immunity from suit provided to mediators in Section 44.107, F.S. All statements made and documents produced at a mediation conference shall be deemed settlement negotiations in anticipation of litigation.

(c) A party may move to disqualify a mediator for good cause at any time. The request shall be directed to the Department if the grounds are known prior to the mediation conference. Good cause consists of conflict of interest between a party and the mediator, the inability of the mediator to handle the conference competently, or other reasons that would reasonably be expected to impair the conference.

(d) If the insured fails to appear, without good cause as determined by the Department, the insured may have the conference rescheduled only upon the insured's payment of the administrative fee imposed in subsection (5) for the rescheduled conference. If the insurer fails to appear at the conference, without good cause as determined by the Department, the insurer shall pay the insured's actual expenses incurred in attending the conference and shall pay the administrative fee imposed in subsection (5) whether or not good cause exists. Failure of a party to arrive at the mediation conference within 30 minutes of the conference's starting time shall be considered a failure to appear. Good cause shall consist of severe illness, injury, or other emergency which could not be controlled by the insured or the insurer and, with respect to an insurer, could not reasonably be remedied prior to the conference by providing a replacement representative or otherwise. If an insurer fails to appear at conferences with such frequency as to evidence a general business practice of failure to appear, the insurer shall be subject to penalty, including suspension, revocation, or fine for violating Section 626.9541(1)(i), F.S.

(9) Post Mediation. If the parties reached a settlement, the mediator shall provide a copy of the executed settlement agreement to the Department and the Administrator within 5 days of the conclusion of the conference. Mediation is

non-binding. However, if a settlement is reached, the insured shall have 3 business days starting after the date of the mediation conference within which he or she may rescind any settlement agreement provided that the insured has not cashed or deposited any check or draft disbursed to him or her for the disputed matters as a result of the conference. If a settlement agreement is reached and is not rescinded, it shall act as a release of all specific claims that were presented in the conference. Any additional claims under the policy shall be presented as separate claims. However, the release shall not constitute a final waiver of rights of the insured with respect to claims for damages or expenses if circumstances that are reasonably unforeseen arise resulting in additional costs that would have been covered under the policy but for the release.

- (10) If the insured decides not to participate in this mediation program or if the parties are unsuccessful at resolving the claim, the insured may choose to proceed under the appraisal process set forth in the insured's insurance policy, by litigation, or by any other dispute resolution procedure available under Florida law.
- (11) If as a result of mediation it is determined that the only coverage applicable is provided under the National Flood Insurance Program, the administrative fee imposed in subsection (5) paid by the insurer for the mediation shall be refunded to the insurer or credited to the insurer's account with the Administrator.
- (12) The Department is authorized to designate an entity or person as its Administrator to carry out any of the Department's duties under this rule.
- (13) If a court holds any subsection or portion of a subsection of this rule or the applicability thereof to any person or circumstance invalid, the remainder of the rule shall not be affected thereby.
- (14) The applicable provisions of Rule 69B-166.031, F.A.C., shall govern issues relating to mediation that are not addressed in this rule. The provisions of this rule shall govern in the event of any conflict with the provisions of Rule 69B-166.031, F.A.C.

- (5) Default. A violator's failure to respond to an administrative complaint may result in a waiver of rights to a hearing and the Department may enter a Final Order imposing up to the maximum penalties as authorized by Florida law, including suspension of the violator's license and/or permit.
- (6) Denial. The Department will deny application for licensure if:
- (a) A person fails to comply with the licensing and/or permit requirements of Chapter 482, F.S., or Chapter 5E-14, F.A.C., or
- (b) All outstanding fines owed to the Department are not paid in full, or

When imposing a fine, the Department will consider the degree and extent of harm, or potential harm, that was or could have been caused by the violation, the cost of rectifying the damage minus the actions taken by the licensee or certified operator or applicator to correct the violation or remedy complaints, whether the violation was committed willfully, the compliance record of the violator, and the costs to the Department of investigating the violation. The Department will use the attached Fine Guide to assist it in determining the appropriate amount of the fine.

- (a) Suspension will be imposed when:
- 1. The violation results in death of humans or domestic animals or pets, or injury requiring hospitalization to humans.
- 2. The violation results in serious harm to an ecological system, or contamination of water or soil requiring corrective action or monitoring to protect human health or the environment.
- 3. The compliance record of the violator shows two or more prior violations for similar major violations within the last (3) years.
- 4. The licensee, certificate holder, permit holder or applicator has habitual intemperance or addiction to narcotics to the extent that it contributes substantially to the occurrence of violations of Chapter 482, F.S.
- 5. Subsections (2) through (10) of Rule 64F-12.025 shall read as follows:

64F-12.025 Certification Authority and Digital Signatures For Self-Authenticating Pedigree.

There are no changes to subsection (1) of this rule as published in the April 21, 2006, edition of the Florida Administrative Weekly.

- (2) The department will list on its website a Certification Authority that requests in writing to the bureau that it be so listed, if the request demonstrates:
- (a) The Certification Authority meets the requirements set forth in the Federal Government Bridge Certification Authority Certificate Policy (FBCA CP), of the federal General Services Administration for "medium assurance" certificates, or comparable requirements,
- (b) The Certificate Authority will issue two types of digital signatures, the status of which is ascertainable within the digital signature. One type of digital signature will indicate that the person to whom the digital signature is issued signs on behalf of a company that is lawfully permitted in Florida to engage in the unrestricted wholesale distribution of a prescription drug in or into Florida. The other type of digital signature will indicate that the person to whom the digital signature is issued signs on behalf of a company that is not lawfully permitted in Florida but is lawfully permitted in its resident state to engage in the wholesale distribution of prescription drugs, or is licensed in Florida under a restricted distributor permit.
- (c) The Certification Authority requires at a minimum the following written documentation prior to granting a digital certificate to the person requesting a digital signature to sign an electronic pedigree:
- 1. Authorization from the establishment for whom the person is requesting a digital certificate that that person may sign pedigree papers on the establishment's behalf,
- 2. A valid, unexpired identification document which bears a photograph of the person requesting a digital certificate such as:
- a. A passport issued by the United States, an immigration document issued by the Federal Government, or any document issued by an agency of the Federal Government or the Armed Services of the United States,
- b. A passport issued by a foreign government if the passport includes or is accompanied by a document proving that the alien is lawfully in the United States, or
- c. A document issued by a state or political subdivision if the issuing state or political subdivision prohibits the issuance of the identification document to an alien who is unlawfully in the United States, and the state or political subdivision requires independent verification of the records offered by the person to prove identity when applying for the identification document;

- 3.a. A copy of the state issued permit for the company's name and address for whom the person is requesting a digital certificate demonstrating authorization by the state of Florida to engage in the unrestricted wholesale distribution of prescription drugs in or into Florida, or
- b. A copy of the state issued permit or license for the company's name and address for whom the person is requesting a digital certificate demonstrating authorization by the state in which the company resides to engage in the wholesale distribution of prescription drugs, or demonstrating authorization by the state of Florida to engage in the wholesale distribution of prescription drugs under a restricted distributor permit.
- (d) The Certification Authority shall submit to the department a statement from an independent auditor confirming that the Certification Authority complies with the requirements of this rule and the applicable provisions of sub-subparagraph 64F-12.013(5)(d)1.f., F.A.C., so that a recipient of a pedigree signed with a digital signature issued by the Certification Authority can rely on the integrity of the digital signature.
- (3) To remain listed as a Certification Authority on the department's website, the Certification Authority must submit a signed statement certifying to the department on an annual basis that it operates in accordance with the requirements of this section and has been audited by a qualified independent (from the operator of the Certification Authority) auditor on at least an annual basis. The Certification Authority must also submit a signed statement from an independent auditor that the Certification Authority complies with the requirements of this rule and the applicable provisions of sub-subparagraph 64F-12.013(5)(d)1.f., F.A.C. This documentation must be submitted to the department by June 1 of each year in order to remain listed on the department's website as a Certification Authority for the next July 1 – June 30 period.
- (4) If a Certification Authority proposes comparable requirements to the FBCA CP "medium assurance" certificates, the Certification Authority must provide a detailed crosswalk between the standards set forth for the FBCA CP "medium assurance" certificates and the proposed comparable requirements with a detailed explanation describing how the comparable requirements provide at least the same level of assurance as the FBCA CP standards.
- (5) If any of the requirements in the FBCA CP differ from those set forth in this rule, the ones set forth in this rule shall prevail.
- (6) If authorized by the affected establishments that lawfully purchase or receive prescription drugs to digitally sign their electronic pedigrees, an employee may be issued digital certificates for each such establishment or for multiple permits of a single establishment.

- (7)(a) The loss, theft, or compromise of a private key or password must be communicated to the Certification Authority within 24 hours of discovery of the key's loss, theft, or compromise. Notification should promptly result in a request for revocation of the Certificate holder's digital certificate and must include sufficient information to uniquely identify the certificate holder. Revocation shall be effective upon issuance of the next Certificate Revocation List.
- (b) During the lifetime of the certificate, the Certificate Authority must for each certificate issued verify the license status has not been suspended, revoked, or otherwise inactivated for the wholesale distribution of prescription drugs. The Certificate Authority must perform this check at least weekly. If it is found the license status has been suspended, revoked, or otherwise inactivated, then the Certificate Authority must issue a certificate revocation for all certificates issued effective the date of the license change.
- (8) Either the certificate holder or the establishment shall request revocation of a certificate holder's digital certificate upon termination of the certificate holder's authorization to make digital signatures on behalf of the establishment. Notification should promptly request revocation of the certificate holder's digital certificate and must include sufficient information to uniquely identify the certificate holder. Revocation shall be effective upon issuance of the next Certificate Revocation List.
- (9) The establishment is ultimately responsible for electronic pedigrees that have been digitally signed on its behalf.
- (10) Until a Certification Authority can submit the audit required in paragraph (2)(d) or June 30, 2007, whichever is earlier, the Department will provisionally list a Certification Authority requesting to be listed on the Department's website as a Certification Authority, provided that the Certification authority submits the audit required by paragraph (2)(c) by June 15, 2007, and otherwise operates in accordance with the requirements of this rule. A digital certification issued by a provisionally listed Certification Authority must expire and be revoked on or before June 30, 2007. Any provisionally listed Certification Authority that has not submitted the audit required in paragraph (2)(c) by June 15, 2007, will be removed from the provisional list and may not operate as a Certification Authority under this section. Upon submission of the audit required by paragraph (2)(c), the Certification Authority will be listed without the provisional designation. Upon removal of the provisional designation, a Certification Authority must reissue all existing digital certificates.

Section V Petitions and Dispositions Regarding Rule Variance or Waiver

DEPARTMENT OF STATE

NOTICE IS HEREBY GIVEN that on March 21, 2006, the Department of State filed the City of Hialeah's Petition for Variance of Section IX(H) of the Public Library Construction Grant Guidelines. The subject Guidelines are incorporated by reference into Rule 1B-2.011, F.A.C., and give a recipient of a Public Library Construction Grant, 540 days from the date of the grant award to place the construction project under contract, unless the recipient is involved in litigation. Notice of this petition was published in the April 14, 2006 issue of the Florida Administrative Weekly. On May 23, 2006, the Department of State entered an order disposing of this petition by granting the requested variance, and extending the deadline to enter into a construction contract by 90 days, or until June 30, 2006. The general basis for the Department of State's decision is that even though the petitioner exercised due diligence in meeting this deadline, hurricane response and recovery efforts required as a result of a series of hurricanes in the Fall of 2005, particularly Hurricane Wilma, significantly delayed the City of Hialeah's progress in meeting the subject deadline. Because the City would forfeit a \$500,000 grant if the Department of State literally applied the subject rule to the

petitioner, and because the delay was outside of the control of the petitioner, relief was granted, as strict application of the rule at issue would violate principles of fairness.

A copy of the petition and its order of disposition may be obtained from: Lisa Ginn, Agency Clerk, Office of the General Counsel, Department of State, 500 South Bronough Street, Tallahassee, FL 32399-0250.

Petitioner has requested that the Department recognize his special diploma for purposes of the rule.

DEPARTMENT OF HEALTH

Notice of Availability of Funds

The Florida Department of Health, herein after referred to as the Department, announces the availability of state fiscal year (July 2006 – June 2007) funds for a statewide public awareness campaign to educate the public regarding local community environmental health issues. The initiative is a component of the Community Environmental Health Advisory Board (CEHAB), which is established under Florida Statute, Section 381.1015, F.S. This statute states (in part), "the primary purpose of the (Community Environmental Health Program) is to ensure the availability of public health services to members of low-income communities that may be adversely affected by

contaminated sites located in or near the community. These services extend beyond health services that are currently provided pursuant to Chapter 154, Florida Statutes, and include measures to address the health effects that are associated with exposure to environmental contamination." The board seeks to identify the environmental health needs and types of services, which should be provided to affected communities and make recommendations to the Department.

The Department, to the extent feasible, seeks to assist in the development of community programs by acting as the granting agency to pilot projects that demonstrate techniques and approaches to develop educational and outreach programs including environmental monitoring and assessment activities that increase awareness of health care needs for low-income persons living in urban and rural communities. A budget of \$120,000 has been identified as potentially being available for the time period of August 2006 – June 2007. Individual grants for up to \$25,000 may be made. Applicants must be community-based organizations serving low-income and/or minority communities. Proposals must give evidence of an identifiable source of contamination that adversely affects human health and must seek to provide public health services within the scope and the language of the statute about public health services in Section 381.1001, F.S., Short title; Florida Community Health Protection Act – Sections 381.1001-.103, F.S., which may be cited as the "Florida Community Health Protection Act." Proposals must include: statement of need, detailed description of the proposed project and detailed budget with a narrative. DEPARTMENT OF COMMUNITY AFFAIRS

STATEWIDE COMPETITIVE GRANTS
TO CONSTRUCT OR IMPROVE

COUNTY EMERGENCY OPERATIONS CENTERS

The Department of Community Affairs gives notice of its intent to open a competitive grant application process to construct or improve county emergency operations centers and designated alternate state emergency operations centers.

In House Bill (HB) 7121, the 2006 Legislature found that county emergency operations centers (EOCs) and designated alternate state EOCs should meet minimum structural survivability and operational space criteria. The enacted legislation directs the Department of Community Affairs (DCA) to establish a statewide competitive grant application process for proposals to construct or improve county EOCs, such that those centers will meet minimum criteria upon completion of the projects. Therefore, DCA is soliciting applications on a competitive basis to construct or improve county EOCs. The application may contain one or more independent proposals.

Eligible Applicants include Boards of County Commissioners. The total amount of funding available under this offering is \$20 million for the purpose of general construction and stand-by emergency electric power, and \$25 million for the purpose of improving structural survivability. DCA has been authorized to use up to five percent of the funds to administer awarded grants. The application cycle officially opens June 1. 2006, with an application deadline of August 15, 2006. Grant funds provided under this application process will be provided to award recipients contingent on availability and approved Legislative Budget Authority. EOCs that receive funding under this competitive grant process must be completed by June 30, 2009, unless the award is extended with the approval of DCA. The structural survivability improvement funding portion of this grant application process is subject to eligibility requirements of the federal Hazard Mitigation Grant Program (HMGP). HMGP funding is only applicable to costs associated with "above code" construction improvements that protect the EOC building, occupants and contents from natural hazards

and their effects. Prior to award of HMGP funds, the Applicant is required to submit an HMGP application and be determined to meet all eligibility criteria, including demonstrated cost-effectiveness. However. completion HMGP-specific application is not necessary to meet the August 15, 2006 project proposal deadline. Only the application attached to this NOFA must be completed and received by the August 15, 2006 deadline. Projects offered funding under this NOFA will be required to submit an HMGP application prior to the award of funds. Failure to submit the required application, or failure to meet HMGP eligibility criteria, will result in denial of funds for that portion of the grant program. The Applicants are encouraged to provide as much information as available with the initial application. The HMGP application can be found at the following URL address: http://www.floridadisaster.org/brm/hmgp proc forms.htm

At a minimum, all EOCs that receive grant funds under this application process must meet the structural and siting criteria established in the American Red Cross' publication "Standards for Hurricane Evacuation Shelter Selection" (ARC 4496, January 2002). To enhance survivability, DCA recommends hurricane performance criteria that exceed ARC 4496. DCA will encourage construction or improvement proposals that specify that the EOC will meet or exceed design criteria established in the Department of Energy's (DOE) Standard "Natural Phenomena Hazards Design and Evaluation Criteria For Department of Energy Facilities" (DOE-STD-1020-2002, January 2002), Performance Category 3, or similar design criteria approved by DCA. DOE-STD-1020-2002 may be found at the following URL address: http://floridadisaster.org/bpr/Response/engineers/documents/STD-10202002.pdf

Operational workspace requirements will be based on national guidance from the Federal Emergency Management Agency (FEMA). The EOC workspace criteria are established in FEMA "Emergency Operations Center Handbook" (CPG 1-20, May 1984) with occupancy and floor area recommendations determined by county population, EOC concept of operation and other factors. For the purpose of this application process, the workspace occupancy and floor area will be based on county population. The "Florida Statistical Abstract 2005," Table 1.41, for Year 2010 with medium growth will be used to determine county population. FEMA CPG 1-20 can be found at the following URL address: http://floridadisaster.org/bpr/Response/engineers/documents/EOCHandbook.pdf

For assistance in determining the recommended workspace occupancy and floor area for a specific county, please contact programmatic staff listed in this NOFA.

The emergency management EOC function shall be the primary design consideration for facilities constructed or improved with funds awarded under this grant application process. Workspace for Public Safety Answering Point (PSAP), Intelligent Transportation Systems (ITS) and other local public safety and administrative functions are not to be

included in EOC floor area construction proposals, though such facilities may be co-located in areas adjacent to the EOC. Only the proposed EOC's workspace construction and improvement costs are eligible under this grant application process. Funding may not include land acquisition, purchase of equipment, furnishings, communications and other operational systems, or recurring expenditures. The Applicant must state in writing that the EOC will be dedicated for emergency management purposes for a period of not less than 15 years. Also, as provided in Rule Chapter 9G-6, Florida Administrative Code, "Emergency Management Capabilities Assessment Checklist," the completed EOC must remain demonstrably capable of being fully activated within one hour of detection of an emergency.

As directed by HB 7121, 2006, criteria for prioritizing and recommending the funding for county EOCs and designated alternate state EOCs will include, but is not limited to, county population, hurricane evacuation clearance time for the vulnerable population of the county, structural survivability of the existing EOC, and workspace floor area of the existing EOC. First priority for funding recommendations shall be for county EOCs where no survivable facility exists and where workspace deficits exist. The ARC 4496 status of existing EOCs will be determined by DCA through assessments, documentation or collection of applicable data. In reviewing proposals, DCA will consider all state and local funds committed for the project which have not been expended, and that will decrease the project's fiscal need under this grant program once expended.

Eligible activities include construction or structural renovation of the county EOC facility and essential infrastructure needed to meet the structural and siting survivability requirements and FEMA workspace recommendations. Funding may not include land acquisition, purchase of equipment, furnishings, communications and other operational systems, or recurring expenditures.

Application and attachments are not to exceed 8 1/2" x 11" page size, and attachments are to be limited to a maximum of 15 pages. The cover page of the application must contain an original authorized signature by the chief elected official or the chairman of the governing board, or duly authorized chief executive officer or other government official. The signature demonstrates endorsement of the application and commitment of funds, if applicable. Evidence of the delegation of authority shall be supplied with the application.

In order to be considered for funding, one (1) original plus four (4) identical hard copies of the completed applications with attachments must be received by 4:00 p.m. local time, August 15, 2006 at the following address:

STATEWIDE COMPETITIVE GRANTS TO STRUCTURALLY ENHANCE OR RETROFIT PUBLIC HURRICANE EVACUATION SHELTERS, 2006

The Department of Community Affairs gives notice of its intent to open a competitive grant application process to structurally enhance or retrofit public hurricane evacuation shelters.

In House Bill (HB) 7121, the 2006 Legislature found that retrofitting public hurricane evacuation shelters is an efficient and economical method of accelerating state and local efforts to reduce the deficit of safe shelter space. The enacted legislation directs the Department of Community Affairs (DCA) to establish a statewide competitive grant application process for proposals to enhance or retrofit public hurricane evacuation shelters, such that those shelters will meet minimum safety criteria upon completion of the projects. Therefore, DCA is soliciting applications on a competitive basis to enhance or retrofit public hurricane evacuation shelters. The application may contain one or more independent proposals.

All applications must include a written recommendation from the county emergency management agency that states that upon completion of the proposed enhancement or retrofit project, that the shelter will be designated as a public hurricane evacuation shelter. The Applicant must also state in writing that, for a period of not less than 15 years, upon request of local or state emergency management agencies during a declared state or local emergency, the completed shelter will be made available for emergency management purposes.

Eligible Applicants include state, regional and local government agencies, and private non-profit organizations. The total amount of funding available under this offering is \$15 million for the purpose of improving structural survivability. DCA has been authorized to use up to five percent of the funds to administer awarded grants. The application cycle officially opens June 1, 2006, with an application deadline of August 15, 2006. Grant funds provided under this application process will be provided to award

recipients contingent on availability and approved Legislative Budget Authority. Projects that receive funding under this competitive grant process must be completed by June 30, 2009, unless the award is extended with the approval of DCA.

Funding under this grant application process is subject to eligibility requirements of the federal Hazard Mitigation Grant Program (HMGP). HMGP funding is only applicable to costs associated with "above code" construction improvements that protect the hurricane shelter building, occupants and contents from natural hazards and their effects. Prior to award of HMGP funds, the Applicant is required to submit an HMGP application and be determined to meet all eligibility criteria, including demonstrated cost-effectiveness. However, completion of the HMGP-specific application is not necessary to meet the August 15, 2006 project proposal deadline. Only the application attached to this NOFA must be completed and received by the August 15, 2006 deadline. Projects offered funding under this NOFA will be required to submit an HMGP application prior to the award of funds. Failure to submit the required application, or failure to meet HMGP eligibility criteria, shall result in denial of funds. The Applicant is encouraged to provide as much information as available with their initial application. The HMGP application can be found at the following URL address: http://www.floridadisaster.org/ brm/hmgp proc forms.htm

At a minimum, all projects that receive grant funds under this application process must meet the structural and siting criteria established in the American Red Cross' publication "Standards for Hurricane Evacuation Shelter Selection" (ARC 4496, January 2002). Failure to supply the required documentation, or disapproval of this documentation by DCA, shall result in denial of funds. To enhance survivability, DCA recommends hurricane performance criteria that exceed ARC 4496. DCA encourages enhancement or retrofit proposals that specify that the shelter will meet or exceed design criteria established in the Florida Building Code, Building (FBC) section 423.25 "Public Shelter Design Criteria," including the recommended 40 mile-per-hour increase in map wind speed, plus ASTM E 1996-02 Level E windborne debris impact protection, or similar design criteria approved by DCA.

Criteria for prioritizing and recommending the funding for enhancement or retrofitting of public hurricane evacuation shelters will include, but is not limited to, shelter needs of the county as well as the overall needs of the hurricane evacuation planning region, cost-effectiveness of the project in terms of both the number of public hurricane shelter spaces created and cost per space, and priority ranking of the proposed project in the applicable local mitigation strategy. Statewide, regional and county hurricane shelter space demand and surplus/deficit status will be based upon data published in the DCA "2006 Statewide Emergency Shelter Plan." In reviewing proposals,

DCA will consider all state and local funds already committed for the project which have not been expended, and that will decrease the project's fiscal need once expended.

Eligible activities include structural renovation, enhancement or retrofit of the shelter facility and essential infrastructure needed to meet the structural and siting survivability requirements. Funding may not include land acquisition, purchase of equipment, furnishings, communications and other operational systems, emergency electric power generators or prewiring systems, or recurring expenditures.

Application and attachments are not to exceed 8 1/2" x 11" page size, and attachments are to be limited to a maximum of 15 pages. The cover page of the application must contain an original authorized signature by the chief elected official or the chairman of the governing board, or duly authorized chief executive officer or other government official. The signature demonstrates endorsement of the application and commitment of funds, if applicable. Evidence of the delegation of authority shall be supplied with the application. If the government entity does not have a governing board or chief elected official, then the application shall be signed by the chief administrative officer, and evidence of his or her authority supplied with the application. If the Applicant is not a governmental entity, then the application shall be signed by the governing board, or if no governing board, then the application shall be signed by the chief executive officer.

In order to be considered for funding, one (1) original plus four (4) identical hard copies of the completed applications with attachments must be received by 4:00 p.m., local time, August 15, 2006, at the following address:
