RULE NOS.: RULE TITLES:
62-210.200 Definitions
62-210.300 Permits Required
62-210.310 Air General Permits

PURPOSE AND EFFECT: The purpose of the proposed rule (OGC No. 16-0106) is to amend paragraph 62-210.300(3)(a), F.A.C., to update provisions for fossil fuel steam generators, hot water generators, and other external combustion heating units with heat input capacity less than 100 million Btu per hour. The rule revision will allow units that meet the requirements of 40 CFR Part 63, Subpart JJJJJ to maintain the existing permit exemption. This proposed rule also revises Rule 62-210.310, F.A.C., to address the circumstances under which temporary and relocatable sources, including emissions units operating under an Air General Permit (AGP), may collocate at an otherwise permitted facility, as well as revisions to the AGP for Chromium Electroplaters to reflect

updates to 40 CFR Part 63, Subpart N. Clarifying and corrective revisions to existing rule language in Rules 62-210.200, 62-210.300, and 62-210.310, F.A.C., are also proposed.

SUMMARY: Revisions include amendments to eliminate obsolete definitions, updates permit exemptions, and minor clarifying or corrective revisions to existing language.

OTHER RULES INCORPORATING RULE 62-210.200, F.A.C: 62-4.050, 62-110.104, 62-210.220, 62-210.300, 62-210.340, 62-210.370, 62-212.500, 62-212.720, 62-213.202, 62-213.300, 62-213.400, 62-213.410, 62-213.412, 62-213.420, 62-213.440, 62-214.100, 62-296.100, 62-296.340, 62-296.401, 62-296.417, 62-296.470, 62-296.480, 62-296.600, 62-255.320, 62-701.200, F.A.C.

EFFECT ON THOSE OTHER RULES: There will be no effect on other rules.

OTHER RULES INCORPORATING RULE 62-210.300, F.A.C: 62-210.200, 62-210.310, 62-210.350, 62-210.360, 62-210.920, 62-212.300, 62-213.300, 62-256.300, 62-256.700, 62-296.320, 62-296.401, 62-296.406, 62-296.414, 62-296.417, 62-296.570, 62-737.800, F.A.C.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: The agency has determined that amendments of these rules will not have an adverse impact on small business or likely increase regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A statement of estimated regulatory costs (SERC) has not been prepared by the agency. The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs, or, if no SERC is required, the information expressly relied upon and described herein: The Department has determined that the amendments to these rules will not increase regulatory costs for any entity because it updates the rules to ensure that existing permit exemptions are authorized and reduces the restrictions for permitted relocatable sources. 62-210.300 Permits Required.

Unless exempted from permitting pursuant to this rule or Rule 62-4.040, F.A.C., the owner or operator of any facility or emissions unit which emits or can reasonably be expected to

emit any air pollutant shall obtain appropriate authorization from the Department prior to undertaking any activity at the facility or emissions unit for which such authorization is required. The Department grants authorization to conduct such activities by individual air permit or by air general permit. Activities requiring authorization by individual air construction permit are addressed at subsection 62-210.300(1), F.A.C., and activities requiring authorization by individual air operation permit are addressed at subsection 62-210.300(2), F.A.C. Authorization by air general permit is addressed at subsection 62-210.300(4), F.A.C. All emission limitations, controls, and other requirements imposed by any individual air permit shall be at least as stringent as any limitations and requirements contained in or enforceable under the State Implementation Plan (SIP) or Designated Facility Plan. Except as provided at Rule 62-213.460, F.A.C., being authorized to construct, operate, or undertake any other activity by individual air permit or air general permit does not relieve the owner or operator of a facility or emissions unit from complying with any emission limiting standards or other requirements of the air pollution rules of the Department or any other such requirements under federal, state, or local law.

(1) through (2) No change.

(3) Exemptions from Permitting. Except as otherwise provided herein, an owner or operator shall not be required to obtain an air construction permit or non-Title V air operation permit, or to use an air general permit pursuant to Rule 62-210.310, F.A.C., for any facility, emissions unit, or pollutant-emitting activity that satisfies the applicable permitting exemption criteria of paragraph 62-210.300(3)(a) or (b), F.A.C., or has been exempted from permitting pursuant to Rule 62-4.040, F.A.C. Failure of a facility, emissions unit, or activity to satisfy the exemption criteria of paragraph 62-210.300(3)(a) or (b), F.A.C., does not preclude such facility, emissions unit, or activity from being considered for exemption pursuant to Rule 62-4.040, F.A.C. Notwithstanding the above, no emissions unit or activity shall be exempt from the requirement to obtain an air construction permit or non-Title V air operation permit, or to use an air general permit pursuant to Rule 62-210.310, F.A.C., if it would be subject to any unit-specific limitation or requirement, unless compliance with such limitation or requirement is specifically listed as a condition of exemption. Furthermore, no new, reconstructed, or modified emissions unit or activity shall be exempt from the requirement to obtain an air construction permit if its emissions would contribute to a major modification or to any modification that would be a major modification but for the use, in whole or in part, of the baseline actual-to-projected actual applicability test in Rule 62-212.400, F.A.C. An emissions unit or pollutant-emitting activity exempt from the requirement to obtain an air construction permit shall not be

exempt from the permitting requirements of Chapter 62-213, F.A.C., if it is contained within a Title V source or if its emissions, in combination with the emissions of other emission units and activities at the facility, would cause the facility to be classified as a Title V source. Exemption from the requirement to obtain an air construction permit or non-Title V air operation permit, or to use an air general permit pursuant to Rule 62-210.310, F.A.C., does not relieve the owner or operator of a facility or emissions unit from complying with any limitation or requirement applicable to such facility or emissions unit.

(a) Categorical and Conditional Exemptions. Except as otherwise provided at subsection 62-210.300(3), F.A.C., above, the following facilities, emissions units, and pollutant-emitting activities shall be exempt from any requirement to obtain an air construction permit or non-Title V air operation permit, or to use an air general permit pursuant to Rule 62-210.310, F.A.C.

1. through 32. No change.

33. Fossil fuel steam generators, hot water generators, and other external combustion heating units with heat input capacity equal to or less than 10 million Btu per hour, provided all the following conditions are met with respect to each such unit.

a. through b. No change.

c. The unit is a gas-fired boiler, which, for the purposes of this exemption, is defined as any boiler that burns gaseous fuels not combined with any solid fuels and burns liquid fuel only during periods of gas curtailment, gas supply interruption, startups, or periodic testing of liquid fuel. Periodic testing of liquid fuel shall not exceed a combined total of 48 hours during any calendar year. The unit shall not burn used oil or any fuels other than natural gas or propane, except that fuel oil with a sulfur content not exceeding 1.0 percent by weight may be burned during periods of natural gas curtailment.

34. Fossil fuel steam generators, hot water generators, and other external combustion heating units with heat input capacity less than 100 million Btu per hour, provided all the following conditions are met with respect to each such unit.

a. The unit is not subject to the Acid Rain Program, or any other unit-specific limitation or requirement other than any such limitation or requirement that may apply pursuant to 40 C.F.R. Part 63, Subpart JJJJJ, adopted and incorporated by reference at Rule 62-204.800, F.A.C.

b. through h. No change.

i. If the boiler is subject to 40 C.F.R. Part 63, Subpart JJJJJ, the owner shall comply with all limitations and requirements of Subpart JJJJJ that apply to the boiler.

35. Stationary Reciprocating Internal Combustion Engines, provided all the following conditions are met with respect to each such engine.

a. through e. No change.

f. If the engine is a stationary compression ignition reciprocating internal combustion engine that is subject to 40 C.F.R. Part 60, Subpart IIII, adopted and incorporated by reference at Rule 62-204.800, F.A.C., or by virtue of modification or reconstruction becomes subject to such subpart, the owner or operator shall comply with all limitations and requirements of Subpart IIII that apply to the engine.

g. If the engine is a stationary spark ignition reciprocating internal combustion engine that is subject to 40 C.F.R. Part 60, Subpart JJJJ, adopted and incorporated by reference at Rule 62-204.800, F.A.C., or by virtue of modification or reconstruction becomes subject to such subpart, the owner or operator shall comply with all limitations and requirements of Subpart JJJJ that apply to the engine.

h. If the engine is a stationary reciprocating internal combustion engine subject to 40 C.F.R. Part 63, Subpart ZZZZ, adopted and incorporated by reference at Rule 62-204.800, F.A.C., the owner or operator shall comply with all limitations and requirements of Subpart ZZZZ that apply to the engine. If emissions testing is required pursuant to Subpart ZZZZ, all reports and notifications, including notifications of upcoming tests, ~~and reports~~ shall be submitted to the Department in accordance with the provisions of Subpart ZZZZ.

36. No change.

(b) Generic ~~and Temporary~~ Exemptions.

1. through 2. No change

3. ~~Temporary Exemption for Emissions Units at Certain Title V Sources. Except for an emissions unit that is subject to any applicable regulation or permitting requirement under Rule 62-212.400 or 62-212.500, F.A.C.; any emissions standard or other requirement adopted by reference prior to July 1, 1995, in Rule 62-204.800, F.A.C.; any requirement established pursuant to Rule 62-296.330, F.A.C.; or any Reasonably Available Control Technology (RACT) provisions under Rules 62-296.500 through 62-296.712, F.A.C.; an emissions unit that is described in a timely and complete permit application under Chapter 62-213, F.A.C., and not subject to an existing valid air permit, shall be exempt from the permitting requirements of this chapter, Chapter 62-4 and Rule 62-212.300, F.A.C., until a final determination on a permit application under Chapter 62-213, F.A.C., is made. In addition, no emissions unit shall be exempt under this paragraph if its emissions cause or contribute to a significant net emissions increase under Rule 62-212.400 or 62-212.500, F.A.C., which would trigger preconstruction review, or if it is~~

~~constructed or modified, as defined under Rule 62-210.200, F.A.C., subsequent to November 23, 1994. Any applicant exercising this exemption shall provide notification of such exemption to the Department, and further authorizes the Department to inspect these emissions units at the Department's discretion. Emissions units subject to existing valid permits shall continue to operate consistent with those permits as provided under subparagraph 62-213.420(1)(b)2., F.A.C. This exemption is available only to emissions units contained within either facilities that were Title V sources on or before October 25, 1995, and that commenced operation on or before that date, or facilities that became Title V sources by operation of law after October 25, 1995, and have timely applied for an initial Title V air operation permit.~~

(c) Conditional Exemptions from Title V Air Permitting. Except as otherwise provided herein, the following facilities shall be exempt from the requirement to obtain a Title V air operation permit under the provisions of Chapter 62-213, F.A.C., provided the conditions of exemption for each such facility are met. Facilities exempt from Title V air permitting pursuant to subparagraph 62-210.300(3)(c)2., F.A.C., are not exempt from the requirement to obtain an air construction permit or non-Title V air operation permit. A facility shall not be entitled to an exemption from Title V air permitting under this rule if it is a Title V source pursuant to paragraph (f), (g), or (h) of the definition of "major source of air pollution" or the facility would be classified as a Title V source as a result of the combined potential to emit regulated pollutants of all emissions units at the facility.

2. Facilities comprising asphalt concrete plants, provided the following conditions are met.

a. through i. No change

~~j. An asphalt plant claiming this exemption from Title V air permitting shall not collocate with, or relocate to, any Title V source unless the Title V permit specifically allows such facility to be collocated with or relocated to the Title V source and operated under the authority of the Title V permit while onsite at the Title V source. An asphalt plant cannot apply this exemption if it creates a Title V source in combination with any other collocated facilities, emissions units, or pollutant emitting activities, including any such facility, emissions unit, or activity that is otherwise exempt from permitting.~~

(u) Winning Number Sequence—The sequence of five numbers ranging from one through sixty that are randomly selected during a CASH4LIFE Drawing that comprise a portion of the CASH4LIFE Winning Numbers.

(2) How to Play CASH4LIFE.

(a) In CASH4LIFE, players select five numbers from a field of one through sixty and one number from a separate field of one through four for each Play.

(b) Players may make their CASH4LIFE ticket selections by marking a play slip or by telling the retailer their desired selections. There are five panels on a play slip, each containing an upper play area and a lower play area. Each panel played will cost \$2.00 per Play, per drawing. Players may mark their desired numbers on the play slip by selecting

six numbers (five in the upper play area and one in the lower play area) from each panel played. Players may also mark the “QP” (Quick Pick) box located at the bottom of each play area for the terminal to randomly select any or all of the six numbers from either or both play areas. A “Void” box is also located at the bottom of each panel and should be marked by the player if an error was made in his or her selections in a panel. For each panel played, the first five of the six numbers appearing in a single horizontal row on a CASH4LIFE ticket shall be the numbers selected from the upper play area of the play slip, and the last number shall be the Cash Ball Number selected from the lower play area of the play slip.

(c) Players may mark the \$10 “Quick Picks for next draw” box to receive one ticket with five sets of six randomly selected numbers for the next CASH4LIFE drawing, or may mark the \$20 “Quick Picks for next draw” box to receive one ticket with ten sets of six randomly selected numbers for the next CASH4LIFE drawing. Players may mark Quick Picks in addition to panel plays.

(d) Players must use only blue or black ink or pencil for making selections. The use of mechanical, electronic, computer generated or any other non-manual method of marking Play Slips is prohibited. Play slips may be processed through a Florida Lottery full service vending machine or processed by a Florida Lottery retailer to obtain a ticket. Retailers also are authorized to manually enter numbers selected by a player.

(e) Advance Play. Players may play up to twenty-six consecutive CASH4LIFE Drawings by using the “advance play” feature. To use the advance play feature, players may either mark the number of drawings desired in the “Advance Play” section of a play slip or tell the retailer their desired number of consecutive advance drawings. The number of consecutive drawings marked will include the next available drawing and will apply to each panel (A-E) played. In the event that a planned change in the CASH4LIFE game requires that the number of advance plays available for purchase be reduced to zero before implementation of the change, an advance play countdown schedule will be posted on the Florida Lottery’s website.

(3) CASH4LIFE Drawings.

(a) CASH4LIFE Drawings to determine the CASH4LIFE Winning Numbers shall be conducted at the studios of New Jersey Lottery Headquarters (or elsewhere as determined by the Party Lotteries) on Monday and Thursday at approximately 9:00 p.m., ET; however, the day, time or location of Drawings may be modified as determined by the Directors and publicly announced by the Party Lotteries. Substitute Drawings may be held at the discretion of the state holding the Drawing. All drawings shall be public and witnessed by an independent certified public accounting firm.

(b) Manner of Conducting Drawings. The drawing officials will select, at random, with the aid of mechanical devices or any other selection methodology as authorized by the Party Lotteries, the CASH4LIFE Winning Numbers.

(c) Neither the Party Lotteries nor the Florida Lottery shall be responsible for incorrect circulation, publication or broadcast of official Winning Numbers.

(4) Determination of Prize Winners.

In order for a ticket to be a winning ticket, numbers appearing in a single horizontal row (the Player Number Sequence and the Cash Ball Number) on the ticket must match the official CASH4LIFE Winning Numbers in any order for the drawing date for which the ticket was purchased, in one of the following combinations:

(a) Top Prize: Five numbers selected from the first set of balls plus the Cash Ball Number selected from the second set of balls.

(b) Second Prize: Five numbers selected from the first set of balls and not the Cash Ball Number from the second set of balls.

(c) Third Prize: Four numbers selected from the first set of balls plus the Cash Ball number selected from the second set of balls.

(d) Fourth Prize: Four numbers selected from the first set of balls and not the Cash Ball Number from the second set of balls.

(e) Fifth Prize: Three numbers selected from the first set of balls plus the Cash Ball Number selected from the second set of balls.

(f) Sixth Prize: Three numbers selected from the first set of balls and not the Cash Ball Number from the second set of balls.

(g) Seventh Prize: Two numbers selected from the first set of balls plus the Cash Ball Number selected from the second set of balls.

(h) Eighth Prize: Two numbers selected from the first set of balls and not the Cash Ball Number selected from the second set of balls.

(i) Ninth Prize: One number selected from the first set of balls and the Cash Ball Number selected from the second set of balls.

(5) Limited to Highest Prize Won. The holder of a winning ticket may win only one prize per Play in connection with the CASH4LIFE Winning Numbers drawn and shall be entitled only to the prize won by those numbers in the highest matching prize category.

(6) CASH4LIFE Prize Fund. The CASH4LIFE Prize Fund for all prize categories shall consist of fifty-five percent of each drawing period's sales, but may be higher or lower based upon the number of winners at each prize level and funding required to contribute to the Top or Second Prize.

(7) Prizes, Odds of Winning, Percent of Prize Fund to Be Paid in Prizes. The following table sets forth the prizes, the odds of winning each prize per play, and the percent of each dollar in sales anticipated to be paid in prizes in each prize level:

Prize Level	Prize	Odds of Winning per Play	Percent of Prize Fund Anticipated to Be Paid in Prizes
Top	Annuity Option - \$1,000/Day for Life (Paid Annually)* Cash Option**	1:21,846,048	32.90%
Second	Annuity Option- \$1,000/Week for Life (Paid Annually)* Cash Option**	1:7,282,016	13.80%
Third	\$2,500	1:79,440	2.90%
Fourth	\$500	1:26,480	1.70%
Fifth	\$100	1:1,471	6.20%
Sixth	\$25	1:490	4.60%
Seventh	\$10	1:83	10.90%
Eighth	\$4	1:28	13.00%
Ninth	\$2	1:13	14.00%
Total			100.00%

The overall odds of winning a prize in a CASH4LIFE Drawing are 1 in 8.

* Leap Day does not count for purposes of prize calculation.

** The Cash Option amount will be determined as set forth herein.

(8) Prize Liability Limitation. In the event that a Liability Limit would be exceeded for a particular Draw, the prize amounts for Top and Second Prizes shall be adjusted in accordance with a formula established by the Party Lotteries so that the aggregate liability for prizes in such Draw shall not exceed the Liability Limit.

(a) Top Prize – For any drawing, if the total liability exceeds \$7,000,000 (there is more than one winning Top Prize ticket sold), the Top Prize amount for each winning ticket shall be \$7,000,000 divided by the number of winning tickets sold.

(b) Second Prize – For any drawing, if the total liability exceeds \$5,000,000 (there are more than five winning Second Prize tickets sold), the Second Prize amount for each winning ticket shall be \$5,000,000 divided by the number of winning tickets sold.

(c) In the event that any single drawing should produce more than seven Top Prize winners and at least one Second Prize winner, both the Top Prize and Second Prize will become pari-mutuel prizes. The total prize pool to be allocated equally among the total number of winners in this scenario will total \$7,000,000 plus the lesser of \$5,000,000 or \$1,000,000 multiplied by the number of Second Prize winners.

Each Top Prize and Second Prize winning ticket will share the defined prize pool equally for the cash value, and the Annuity Option will be calculated as set forth in paragraphs (9)(b) and (10)(b).

(9) Top Prize Payment. In any single drawing, a Top Prize shall be divided equally among the number of Top Prize Winning Tickets. Except as provided herein, a Top Prize shall be paid either as an annuity (“Annuity Option”) or lump sum cash payment (“Cash Option”). Top Prize winners have sixty days after the winning draw date to choose between the two payment options. Once the Top Prize winner signs the Winner Claim Form, files a claim and exercises the winner's chosen option, the election of that option shall be final and cannot be revoked, withdrawn or otherwise changed. If the Top Prize winner does not elect the Cash Option within sixty days after the winning draw date, the Annuity Option will be applied, except as provided in subparagraph (9)(b) 2. , below. Shares of the Top Prize shall be determined as follows:

(a) If there is one Top Prize winning Play, the annuitized Prize value will be \$1,000 per day for life, paid in annual installments of \$365,000, or a one-time lump sum cash prize payment of \$7,000,000.

(b) If there is more than one Top Prize winning Play and the liability limit is exceeded, the Top Prize will be paid on a pari-mutuel basis. The Top Prize Cash Option shall be a lump sum cash amount equal to \$7,000,000 divided by the number of Top Prize Plays for the drawing, rounded down to a whole dollar value. The annual payment amount shall be the pari-mutuel cash value divided by \$7,000,000, multiplied by \$365,000.

1. If there is more than one and less than or equal to fourteen Top Prize winning Plays, the minimum annuitized prize value will be \$500 a week for life, paid in annual installments.

2. In the event there are fifteen or more Top Prize winning Plays among the Party Lotteries, no Annuity Option shall be available. Rather, the prize money for the Top Prize shall be \$7,000,000 divided equally among all Top Prize winning Plays and paid in one lump sum payment to each winner. The minimum Top Prize shall not be less than any prize payout for the second through the ninth prizes for the same CASH4LIFE Drawing.

(10) Second Prize Payment.

(a) Except as provided herein, a Second Prize shall be paid either as an annuity (“Annuity Option”) or lump sum cash payment (“Cash Option”). Second Prize winners have sixty days after the winning draw date to choose between the two payment options. Once the Second Prize winner signs the Winner Claim Form, files a claim and exercises the winner's chosen option, the election of that option shall be final and cannot be revoked, withdrawn or otherwise changed. If the

Second Prize winner does not elect the Cash Option within sixty days after the winning draw date, the Annuity Option will be applied, except as provided in paragraph (10)(b), below. For each Second Prize winning Play, the annuitized prize value will be \$1,000 per week for life, paid in annual installments of \$52,000, or a one-time lump sum cash prize payment of \$1,000,000, unless a liability limit would be exceeded.

(b) If a liability limit is exceeded for the Second Prize, the Second Prize shall be paid on a pari-mutuel basis. The Second Prize Cash Option shall be an amount equal to \$5,000,000 divided by the number Second Prize winning Plays. The Annuity Payment amount shall be the pari-mutuel cash value of the winning ticket divided by \$1,000,000 multiplied by \$52,000. If the liability limit is exceeded and the annuity prize value of a Second Prize falls below \$500 per week for life, then all Second Prize winning Plays will be paid in a single lump sum cash payment and no annuitized payment option will be available. The minimum Second Prize value shall not be less than any prize payout for the Third through the Ninth Prize levels for the same CASH4LIFE Drawing.

(11) Annual Payment Schedule. The winner of a Top Prize or Second Prize who elects the Annuity Option will receive the first full annual installment as soon as reasonably possible after the prize claim is validated. All subsequent annual payments for prizes claimed by an individual will be paid in equal annual installments for the life of the winner, with a minimum of twenty years of payments. All subsequent annual payments for prizes claimed by a trust, corporation or other legal entity shall be paid in equal installments, such that the total payments (including the initial installment) equal twenty years of payments.

(12) Third through Ninth Prize Payment. The Third through Ninth Prizes will be paid as Set Prizes and paid in one single cash payment.

(13) Prizes Rounded Down to Nearest Whole Dollar. All prize levels will be rounded down to the nearest whole dollar.

(14) Life Annuity Requirements and Restrictions. An Annuitant will be paid their appropriate Top Prize share or Second Prize share on an annual basis for their Measuring Life, or for the twenty year term of the Guaranteed Annuity Portion whichever is longer. At the end of the guaranteed twenty year payment period, Annuitants will be required to provide required evidence to the Lottery that they are still living in order to receive any Deferred Annuity Portion Installments. Annuitants will be required to provide such evidence on an annual basis prior to receipt of their next scheduled payment. In the event that an Annuitant dies within the twenty year Guaranteed Annuity Portion, any remaining prize payments in the Guaranteed Annuity Portion will be paid as set forth in the rule of the Florida Lottery governing

payment of prizes. A copy of the current prize payment rule can be obtained from the Florida Lottery, Office of the General Counsel, 250 Marriott Drive, Tallahassee, Florida 32399-4011.

(15) Interest or Earnings accruing on a CASH4LIFE prize. Any interest or earnings accruing on a CASH4LIFE prize prior to the prize payment shall accrue to the Florida Lottery and not to the winner.

(16) Taxes. Federal withholding taxes shall be deducted from prizes for which it is applicable in accordance with the Internal Revenue Code and Code of Federal Regulations.

(17) CASH4LIFE Rules and Prohibitions.

(a) By purchasing a CASH4LIFE ticket, a player agrees to comply with and abide by all rules of the Florida Lottery.

(b) All liabilities for a CASH4LIFE prize are discharged upon payment of a prize claim. All claims arising out of the CASH4LIFE game must be pursued only against the State of ticket purchase, and litigation, if any, shall only be maintained against the Party Lottery of the State of ticket purchase and within the State of ticket purchase as the sole and exclusive remedy of the claimant.

(c) Florida CASH4LIFE prizes shall be claimed only through a Florida Lottery retailer (for prizes less than \$600) or Lottery office beginning on the first business day following the drawing. Top Prizes and Second Prizes must be claimed at Lottery headquarters. The Lottery is not authorized to accept claims or pay prizes for CASH4LIFE tickets purchased in other jurisdictions. CASH4LIFE prize payments shall be made in accordance with the rule of the Florida Lottery governing payment of prizes. A copy of the current rule can be obtained from the Florida Lottery, Office of the General Counsel, 250 Marriott Drive, Tallahassee, Florida 32399-4011.

(d) Subject to a retailer’s hours of operation and on-line system availability, CASH4LIFE lottery tickets are available for purchase daily between the hours of 6:00 a.m. and 12:00 midnight, ET. Ticket sales for a specific CASH4LIFE Drawing will close at 8:30 p.m., ET, on the night of the drawing. Any ticket sold after the close of game will be printed with the next CASH4LIFE Drawing date.

(e) CASH4LIFE tickets cannot be canceled.

(18) The effective date of this rule is February 17, 2017.
