1. Subject to the provisions of paragraph (7)(b) of this rule and subparagraph 2. of this paragraph, need for additional Comprehensive Medical Rehabilitation Inpatient Beds is demonstrated at a hospital with licensed Comprehensive Medical Rehabilitation Inpatient Services in the absence of need shown under the formula in paragraph (5)(c), and regardless of the most recent average annual district occupancy rate determined under paragraph (5)(d), if the applicant demonstrates need through a need assessment methodology which must include, at a minimum, consideration of the following topics: occupancy rate of the hospital's licensed Comprehensive Medical Rehabilitation Inpatient Beds was at least 90% percent for at least two consecutive calendar quarters during the 12-month period ending 6 months prior to the beginning date of the quarter of the publication of the Fixed Bed Need Pool; and at least one of the following conditions is also met:

a. The maximum number of additional Comprehensive Medical Rehabilitation Inpatient Beds which may be approved at an applicant's facility under the provisions of subparagraph 1. shall not normally exceed the number determined in accordance with the following formula:

\[
ADD = ((HPD/PD) \times PPD / (365 \times .85)) - HLB - HAB
\]

where:

a. ADD equals the net number of additional Comprehensive Medical Rehabilitation Inpatient Beds which may be approved under the provisions of subparagraph 1.

b. HPD equals the hospital's number of comprehensive medical rehabilitation inpatient days that were included within PD for the District.

f. HAB equals the hospital’s number of approved Comprehensive Medical Rehabilitation Inpatient Beds included within AB.

(f) Other Factors to be Considered in the Review of Certificate of Need Applications for Comprehensive Medical Rehabilitation Inpatient Services.

a. Local Health Council District Health Plans, including the Certificate of Need Allocation Factors Reports; and,

b. The State Health Plan.

Applications from general hospitals for new or expanded Comprehensive Medical Rehabilitation Inpatient Beds shall not normally be approved unless the applicant converts a number of acute care beds, as defined in Rule 59C-1.038, F.A.C., excluding specialty beds, which is equal to the number of Comprehensive Medical Rehabilitation Inpatient Beds, unless the applicant can reasonably project an annual occupancy rate of 75% percent for the applicable planning horizon, based on historical utilization patterns, for all acute care beds, excluding specialty beds. If conversion of the number of acute care beds which equals the number of proposed Comprehensive Medical Rehabilitation Inpatient Beds would result in an annual acute care occupancy
exceeding 75% percent for the applicable planning horizon, the applicant shall only be required to convert the number of beds necessary to achieve a projected annual 75% percent acute care occupancy for the applicable planning horizon, excluding specialty beds.

(f) Renumbered only. No change
(6) No change.
(7) Quality of Care.
(a) No change.
(b) Licensure Provisions. Accreditation. Petitions and Dispositions Regarding Rule Variance or Waiver

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION
Division of Hotels and Restaurants
RULE NO.: RULE TITLE:
61C-1.004 General Sanitation and Safety Requirements
The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On March 3, 2017, the Division of Hotels and Restaurants received a Petition for an Emergency Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code and Paragraph 5-202.11(A), 2009 FDA Food Code from 01.27.01 Commissary & Concession Kitchen 01.26.03 located in Miami. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash sink.

The Petition for this variance was published in Vol. 43/44 on March 6, 2017. The Order for this Petition was signed and approved on March 14, 2017. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tank for the handwash sink is emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that the handwash sink is provided with hot and cold running water under pressure, soap, an approved hand drying device and a handwashing sign.

A copy of the Order or additional information may be obtained by contacting: Daisy.Aleman@myfloridalicense.com, Division of Hotels and Restaurants, 2601 Blair Stone Road, Tallahassee, Florida 32399-1011.
