12A-1.108 Exemption for Data Center Property

(1) The sale of “data center property,” as defined in section 212.08(5)(s)1.d., F.S., is exempt from sales tax when the following requirements will be met:

(a) The facility meets the definition of “data center,” as provided in s. 212.08(5)(s)1.c., F.S.:

(b) the Data Center’s owners and tenants have made a cumulative, minimum capital investment, after July 1, 2017, of \$150 million for the data center, excluding any expenses incurred in the acquisition of property operating as a data center in the six months prior to the acquisition.

(c) the data center must have a critical IT load of 15 megawatts or higher; and

(d) each individual owner or tenant within the data center must have a dedicated critical IT load of 1 megawatt or higher and;

(e) Each of the above requirements must be met within 5 years after the commencement of the construction of the data center.

(2) Application Process.

(a) To qualify for the exemption for data center property, the data center owner must

complete an Application for Data Center Property Temporary Tax Exemption Certificate (form DR-1214DCP, incorporated by reference in Rule 12A-1.097, F.A.C.). The application must state that a qualifying data center designation is being sought and must be accompanied by information that indicates the exemption requirements of subsection (1), will be met.

(b) The Department will issue a Data Center Property Temporary Tax Exemption Certificate (DR-14TDCP) upon a tentative determination by the Department that the exemption requirements provided in subsection (1) will be met.

(c) The data center owner must complete an Application for Data Center Property Certificate of Exemption (form DR-5DCP, incorporated by reference in Rule 12A-1.097, F.A.C.) once the exemption requirements have been met. The applicant must deliver to the Department its Data Center Property Temporary Tax Exemption Certificate, along with the following documentation sufficient to support that the exemption requirements have been satisfied:

1. Certification from a professional engineer, licensed pursuant to chapter 471, F.S., whose services are contracted solely to certify that the data center has met the critical IT load requirement;

2. Certification from a Florida certified public accountant, as defined in s. 473.302, F.S., whose services are contracted solely to certify that the data center owners and tenants have made the required cumulative capital investment.

(d) The Department will issue a Data Center Property Certificate of Exemption (DR-14DCP) to the data center owner once it has determined that the documentation provided certifies that the exemption requirements have been met.

(3) Documenting the Exemption

(a) Data center owners making tax-exempt purchases of data center property are required to present the Data Center Property Temporary Tax Exemption Certificate (DR-14TDCP) or the Data Center Property Certificate of Exemption (DR-14DCP), once issued by the Department, to the selling dealer.

(b) Tenants and contractors making tax exempt purchases of data center property are required to present a copy of the Data Center Property Temporary Tax Exemption Certificate (DR-14TDCP) or the Data Center Property Certificate of Exemption (DR-14DCP), issued to the data center owner by the Department, along with a Certificate of Entitlement to each vendor to affirm that the purchaser qualifies for the exemption. The vendor must maintain copies of the certificates until tax imposed by Chapter 212, F.S., may no longer be determined and assessed pursuant to Section 212.08(5)(s)3.c., F.S. Possession by a vendor of the certificates from the purchaser relieves the vendor from the responsibility of collecting tax on the sale, and the Department shall look solely to the purchaser for recovery of tax if it determines that the purchaser was not entitled to the exemption.

(c) The following is the format of the Certificate of Entitlement to be issued by the data center tenant or data center contractor when making exempt purchases of data center property:

CERTIFICATE OF ENTITLEMENT

The undersigned _____ (the Purchaser) affirms that it is a tenant or contractor of _____ (the Data Center), located at _____ (Data Center Address), and is eligible to extend the Data Center Property Temporary Tax Exemption Certificate / Data Center Property Certificate of Exemption to lease or purchase data center property exempt from sales tax.

The Purchaser affirms that the items purchased or rented from _____ (Vendor) will be used exclusively at the Data Center to construct, outfit, operate, support, power, cool, dehumidify, secure, or protect a data center and any contiguous dedicated substations.

The Purchaser acknowledges that if the subject purchased or leased data center property does not qualify for the exemption provided in section 212.08(5)(s), F.S., and Rule 12A-1.108, F.A.C., the Purchaser will be subject to the tax, interest, and penalties due on the purchased or leased property.

I understand that if I fraudulently issue this certificate to evade the payment of sales tax, I will be liable for payment of the sales tax plus a penalty of 200% of the tax and may be subject to conviction for a third-degree felony.

Under the penalties of perjury, I declare that I have read the foregoing Certificate of Entitlement, and the facts stated in it are true.

Signature of Purchaser _____ Title _____
Purchaser's Name (Print or Type) _____
Date _____

Purchaser's Federal Employer Identification Number: _____

Data Center Owner Certificate Number: _____

Telephone Number: _____

Do not send to the Florida Department of Revenue. This Certificate of Entitlement must be retained in the vendor's and the tenant's or contractor's books and records.

(4)(a) The exemption for purchases and leases of data center property does not include rental consideration made for the lease or license to use real property subject to tax under s. 212.031, F.S. Rental consideration includes all considerations due and payable by the tenant to its landlord for the privilege of use, occupancy, or the right to use or occupy any real property for any purpose, including pass-through charges for common area maintenance and utilities, except certain electricity charges provided in subsection (4)(b) below. See Rule 12A-1.070(4), F.A.C.

(b) The following charges for electricity are exempt as charges for "data center property":

1. Charges billed by the utility provider directly to a data center tenant.

2. Charges billed by the utility provider directly to a data center owner.

3. Charges billed to a data center tenant by a data center owner that are separately stated on the owner's invoice at the same or lower price as that billed by the utility provider to the owner.

(c) To document the tax-exempt purchase of electricity as provided in subsection (4)(b) above, the purchaser shall comply with the documentation requirements set out in subsection (3) above.

(d) Data center property includes areas, infrastructure, fixtures and furnishings to be used exclusively at the data center by persons employed at the data center provided that the employees using the areas, infrastructure, furniture and fixtures are directly responsible for the operation, monitoring, security or support of data center property.

(5) The Department will conduct a review of registered data centers every 5 years to ensure that the data center exemption requirements provided in s. 212.08(5)(s), F.S., continue to be met. The first 5 year period will begin with the date the Data Center Property Certificate of Exemption (DR-14DCP) is issued to the data center. Within 3 months before the end of any 5-year period, data center owners are required to submit a written declaration, under penalties of perjury, that the required critical IT load requirements of paragraph (1)(a) are met and that the data center continues to operate in compliance with s. 212.08(5)(s)1., F.S. The declaration should be sent to Technical Assistance and Dispute Resolution, Florida Department of Revenue, P.O. Box 7443, Tallahassee, FL 32314-7443.

(6)(a) If the Department determines that the data center or any owners, tenants, contractors, or other purchasers have not met the requirements found in s. 212.08(5)(s), F.S., with respect to any purchase, then such purchaser is liable to pay the tax that was avoided at the time of purchase, as well as penalty and interest from the date of purchase.

(b) If the Department determines that the data center is no longer in compliance with the provisions of s. 212.08(5)(s), F.S., then the Data Center Property Certificate of Exemption (DR-14DCP) will be revoked; any person who made tax exempt purchases under that certificate will liable to pay any tax that was avoided since the date the data center fell out of compliance with statutory requirements, as well as penalty and interest from the date of such purchases; and no further purchases will be exempt.

(6) Except as provided in (5)(b), the exemption provided for data center property is a permanent exemption for qualifying data centers that apply for and receive a Data Center Property Temporary Tax Exemption Certificate during the period from July 1, 2017, through June 30, 2022, and then meet all requirements for the Data Center Property Certificate of Exemption within five years. The Department will not process applications for Data Center Property Temporary Tax Exemption Certificate after June 30, 2022.

Southwest Florida Water Management District

RULE NO.: RULE TITLE:

40D-8.624 Guidance and Minimum Levels for Lakes

PURPOSE AND EFFECT: The purpose of this rulemaking is to adopt revised minimum and guidance levels for Lake Lowery located in Polk County. The effect of the rule is to support the District’s water supply planning, water use permitting, and environmental resource permitting programs.

SUMMARY: Section 373.042, F.S., requires the District to establish minimum flows and levels for lakes, wetlands, rivers and aquifers within the District’s boundaries. Section 373.0421(3), F.S., further requires the District to periodically reevaluate and revise adopted minimum flows and levels. This rulemaking is necessary to adopt guidance and minimum levels for Lake Lowery located in Polk County. The establishment and periodic evaluation of minimum levels is required by statute to ensure that the minimum hydrologic requirements of the water resources and ecology of this lake are maintained. The revised minimum and guidance levels for Lake Lowery are being developed using previously peer-reviewed, Governing Board adopted methods.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The District conducted an economic review of the revisions to the rule and determined that the impact or regulatory cost, if any, of the revisions will not exceed any one of the economic analysis criteria in a SERC as set forth in Section 120.541(2)(a), F.S. The revised minimum levels for this lake is unlikely to constitute an additional significant regulatory constraint on groundwater or surface water withdrawals in the area due to existing resource conditions and regulatory constraints in the basin.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: 61G4-12.008 RULE TITLE: Time for Compliance with Final Order
PURPOSE AND EFFECT: The Board proposes the rule amendment to delete unnecessary language and to add new language to update and clarify procedures for demonstrating compliance by licensees.

SUMMARY: To delete and add new language to update and clarify procedures for demonstrating compliance by licensees.
SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board, based upon the expertise and experience of its members, determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

(1) through (4) No change.

(5) In cases where the Board imposes probation for violation of Chapter 455 or Part I of Chapter 489, F.S., or of the rules promulgated thereunder, the following conditions shall apply:

(a) ~~The licensee shall be required to appear before the Probation Committee of the Board at such times as directed by the Executive Director, or as specified in the Final Order. In connection with each probation appearance, the licensee shall answer questions under oath and shall provide copies of all construction related monthly bank statements, financial statements reflecting a minimum net worth requirement as reflected in paragraph 61G4 15.005(3)(a), F.A.C., permit applications, contracts, and operations questionnaires since the entry of the final order if it is the first probation appearance or since the last probation appearance if it is other than the first probation appearance. In addition, the licensee shall provide such other information or documentation as is requested by either the Department or the Board or the Probation Committee. The licensee shall forward said documentation to the Board in advance of the probation appearance.~~

(b) through (c) No change.

(d) Should the licensee fail to make a satisfactory appearance as determined by the Board, the term of the probationary period shall automatically be extended by six (6) months. If there occurs a second such failure, then the term of the probationary period will be extended an additional six (6) months year. Should the Board determine a third failure of the licensee to make a satisfactory appearance, then the term of the probationary period will be extended an additional six (6) months, the stay of suspension of the licensee’s licensure to practice contracting shall be lifted and the license shall remain in suspended status unless and until a further stay is granted by the Board, or the time period for probation, with the addition of six (6) months, expires.

Should the licensee request this action, the licensee shall have 90 days from the date of appearance before the Board within which to complete the course. If the licensee fails to complete the course within the 90-day time period, the appearance will be deemed unsatisfactory and the provisions of paragraph (5)(d) shall apply.

~~(f)(e)~~ Should the licensee’s licensure to practice contracting be ~~suspended or otherwise~~ placed on inactive status, the probation period shall be tolled and shall resume running at the time the licensee reactivates the license or returns to the active practice of contracting, and the licensee shall then serve the time remaining in the term of probation.

~~(g)(f)~~ The licensee’s licensure to practice contracting shall be suspended for the period of probation, with the suspension stayed for the period of probation. The time of the suspension and the stay shall run concurrently with the period of probation, except as provided otherwise in the Final Order. If the licensee successfully completes probation, the suspension shall terminate. If the licensee fails to comply with the requirements set forth in this rule or in the Final Order imposed in this case, or fails to make satisfactory appearances as determined by the Board, the stay shall be lifted. Once the stay is lifted, the license shall remain in suspended status unless and until a further stay is granted by the Board, or the time period for probation expires. Finance

NOTICE IS HEREBY GIVEN that the Florida Office of Financial Regulation has declined to rule on the petition for declaratory statement filed by DFC Global Corp. on November 21, 2017. The following is a summary of the agency's declination of the petition:

On November 21, 2017, the Florida Office of Financial Regulation (Consumer Finance) received a Petition for declaratory statement from DFC Global Corp. DFC Global, owner of Check Mart of Florida Inc. dba The Check Cashing Stores "TCCS" is licensed as a money service business in Florida. The petition sought a declaratory statement as to whether it is permissible under Chapter 560, Florida Statutes for TCCS to cash a check and load proceeds onto a prepaid debit card provided that the consumer will not bear any cost loading or withdrawing any of these proceeds; and for TCCS to distribute cash for check cashing and deferred presentment transactions, not at the Kiosk in the lobby of grocery store, but rather by sending the customer with a cash voucher or the similar receipt to the grocery store's service desk to have the cash disbursement occur through that more secure environment. On January 16, 2018, the Florida Office of Financial Regulation issued a Final Order on Petition for Declaratory Statement. The Petition filed by DFC Global Corp is DENIED. The information that was included with the Petition was insufficient for the Office to complete its analysis of Petitioner's business model. Consequently, due to the absence of adequate information, the Office is unable to determine whether the proposed activities are lawful under Chapter 560, Florida Statutes.

A copy of the Order Declining of the Petition for Declaratory Statement may be obtained by contacting: Agency Clerk, Office of Financial Regulation, P.O. Box 8050, Tallahassee, Florida 32314-8050, (850)410-9784, Agency.Clerk@flofr.com, or online at:
