The application must comply with the page limits, blind grading, format, and organization instructions detailed in

the application. The applicant must include with the application at the time of submission the following:

(a) A non-refundable application fee of \$60,830.00.

(b) Written documentation from the Department of State or the Department of Revenue, as applicable under Florida law, demonstrating that the applicant has been registered to do business in Florida for the prior five (5) consecutive years. The name of the applicant as submitted to the department must match the name on any documents provided in accordance with this paragraph.

(c) Written documentation that the applicant possesses a valid certificate of registration issued by the Department of Agriculture and Consumer Services pursuant to section 581.131, F.S. The name of the applicant as submitted to the department must match the name on any documents provided in accordance with this paragraph.

(d) A list of all owners, officers, board members, and managers indicating the date of each individual's most recent Level-2 background screening pursuant to section 381.986(9), F.S., within the calendar year prior to application. The report will be sent directly to the Office of Medical Marijuana Use. The provision of this list is required as part of a complete application prior to review and scoring by the subject matter experts. The list does not indicate passage of any background screening and to be eligible for registration as a medical marijuana treatment center, all of the applicant's owners, officers, board members, and managers must have successfully passed a Level-2 background screening.

(e) For applicants seeking registration as a medical marijuana treatment center pursuant to section 381.986(8)(a)2.b., F.S. 1. Examples of acceptable evidence include:

a. Documentation from Poorman-Douglass Corporation (now Epiq Systems Inc.) that the applicant received a consent decree case number in Pigford;

b. Documentation that the applicant was granted class status by the Pigford adjudicator;

c. Court documents or United States Department of Agriculture (USDA) documents showing that the applicant received judgment discharging debt, providing a cash payment, or providing injunctive relief in Pigford;

d. Documentation that the applicant was determined to be a class member by Epiq Systems Inc. in BFDL;

e. Documentation that the applicant received a settlement award in BFDL; or

f. Other court documents or USDA documents demonstrating that the applicant was granted class member status in either Pigford or BFDL.

2. Applicants seeking registration as a medical marijuana treatment center pursuant to section 381.986(8)(a)2.b., F.S., are exempt from the evidentiary requirements of paragraph (1)(c) above and, therefore, are also exempt from the provisions of paragraph (4)(c) below. However, if an applicant wishes to be considered under section 381.986(8)(a)4., F.S., the applicant must provide the documentation required in paragraph (1)(c).

(2) If the applicant intends to claim any exemption from public records disclosure under section 119.07, F.S., or any other exemption from public records disclosure provided by law for any part of its application, it shall indicate on the application the specific sections for which it claims an exemption and the statutory basis for the exemption. The applicant shall submit a redacted copy of the application redacting those items identified as exempt concurrent with the submission of the application for approval under subsection (5) below. Failure to provide a redacted copy of the application at the time of submission or failure to identify and redact information claimed as trade secret will result in the release of all application information in response to a public records request, unless the information falls under another public records exemption. All identified trade secrets are subject to the department review in accordance with section 381.83, F.S.

(3) The department will review each application and notify the applicant of any omissions related to the items in paragraphs (1)(a)-(1)(f) above within 15 days. An applicant will have five (5) business days to respond to complete its application. Applications considered complete will be provided to subject matter experts for review and scoring. An applicant may not add, remove, or change information in its application once it is complete and has been provided to the subject matter experts for review.

(4) Failure to provide the following, after the notice and cure period set forth in subsection (3) above, shall result in the application being denied prior to any scoring as contemplated in subsection (6) of this rule:

(a) The \$60,830.00 application fee;

(b) Documentation required under paragraph (1)(b);

(c) Documentation required under paragraph (1)(c); or

(d) The list of owners, officers, board members, and managers required under paragraph (1)(d).

(5) Applications and all required exhibits and supporting documents shall be hand delivered to the Department of Health,

ATTN: Office of Medical Marijuana Use, at 4052 Bald Cypress Way, Tallahassee, Florida, during normal business hours, but no earlier than 10:00 a.m. (Eastern Time), 21 days after the effective date of this rule and no later than 5:00 p.m. (Eastern Time) 42 days after the effective date of this rule. Applications submitted after 5:00 p.m. Eastern Time on the final day of the application period will be denied.

(6) Subject matter experts will substantively and comparatively review, evaluate, and score applications using Form DH8014-OMMU-04/2018, "Scorecard for Medical Marijuana Treatment Center Selection," incorporated by reference herein and available at <https://www.flrules.org/Gateway/reference.asp?No=Ref-XXXXX>.

8. Subject matter experts will certify that they do not have a conflict of interest and will evaluate and score each assigned

section of the application according to the rubric set forth in DH8014-OMMU-04/2018.

(b) Scores for each section of the application will be combined to create an applicant’s total score. The department shall generate a final ranking of the applicants in order of highest to lowest scores. Any application which demonstrates a failure to pass background screening as required by section 381.986(8)(b)8., F.S., and to comply with the minimum statutory requirements for cultivation, processing, dispensing, security, or general operations, as identified in DH8014-OMMU-04/2018, shall be denied and will not be considered in the final ranking of applications.

(7) Licenses will be awarded, subject to availability as set forth in sections 381.986(8)(a)2.b. and 381.986(8)(a)4., F.S., based on the highest total score in the following manner:

(c) In the event of a tie that will determine the awarding of a license, the following tiebreakers will be applied:

1. The first tiebreaker shall be the score for Section 14 – Financials: Certified Financial Documents. The applicant with the highest score in Section 14 shall be awarded a license. In the event that this does not resolve the tie, then

2. The second tiebreaker shall be the score for Section 15 – Financials: Business Structure. The applicant with the highest score in Section 15 shall be awarded a license. In the event that this does not resolve the tie, then

3. The third tiebreaker shall be the score for Section 13 – Diversity Plan. The applicant with the highest score in Section 13 shall be awarded a license. In the event that this does not resolve the tie, then

4. The final tiebreaker shall be the score for Section 10 – Accountability: Operations.

(8) Upon notification that it has been approved as a medical marijuana treatment center, the applicant shall have 10 business days to:

(a) Post a performance bond, provide an irrevocable letter of credit payable to the department or provide cash to the department in the amount of \$5 million (collectively “financial assurance”) pursuant to section 381.986(8)(b)7., F.S. If a bond is provided, the bond shall:

2. Be written by an authorized surety company rated in one of the three (3) highest rating categories by a nationally recognized rating service; and

(b) Provide documentation supporting representations related to property ownership and/or leases made in the application.

(9) If a financial assurance is canceled or revoked in any manner and the medical marijuana treatment center fails to provide new financial assurance to the department in the required amount on or before the effective date of cancellation or revocation, the medical marijuana treatment center’s registration shall be revoked.

(10) If a selected applicant fails to post the financial assurance or supporting property ownership and/or use documents within the required timeframe, the applicant with the next highest score shall be notified of department approval. DEPARTMENT OF HEALTH

Board of Medicine

RULE NOS.:	RULE TITLES:
64B8-13.005	Continuing Education for Biennial Renewal
64B8-13.008	Requirement for Continuing Education Course on Prescribing Controlled Substances

PURPOSE AND EFFECT: The recently enacted Section 456.0301, F.S., requires the Board to approve continuing education courses for those physicians who prescribe controlled substances. The proposed rule amendments set forth the entities approved by the Board to provide the prescribing controlled substances course at licensure renewal and adds additional entities to the recent new rule requiring the course for prescribers prior to January 31, 2019.

SUMMARY: The proposed rule amendment to Rule 64B8-13.005, F.A.C. approves the Florida Medical Association, the Florida Academy of Family Physicians, the Florida College of Emergency Physicians, Baptist Health South Florida/Quality Network, InforMed, Florida Psychiatric Association, and Florida Osteopathic Medical Association as those entities authorized by the Board to provide the continuing education course for those physicians who prescribe controlled substances for the purpose of licensure renewal. The proposed amendment to Rule 64B8-13.008, F.A.C. adds Baptist Health South

Florida/Quality Network, InforMed, Florida Psychiatric Association, and Florida Osteopathic Medical Association to the approved entities to provide the continuing education course for those physicians who prescribe controlled substances, required before January 31, 2019.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE TITLE: Rule Governing Licensure and Inspection of Electrology Facilities

PURPOSE AND EFFECT: The Council proposes the development of a rule amendment to address licensure and inspection of electrology facilities.

SUMMARY: Update rule language regarding licensure and inspection of electrology facilities.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has been prepared by the Agency.

The following is a summary of the SERC: The proposed rule amendments will require Physicians offering electrolysis services in facilities outside of their medical practice location to determine whether they would like to relocate those services to their existing medical practice location, incur the cost of securing licensure in the existing non-medical practice location, require the licensed Electrologist to obtain licensure for the portion of the off-premises facility in which hair removal services are offered, or, otherwise close the facility with resulting losses in revenue. The proposed changes, however, will not require ratification of the legislature.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: 64B8-56.002
RULE TITLE: Equipment and Devices; Protocols for Laser and Light-Based Devices

PURPOSE AND EFFECT: The Council proposes the development of a rule amendment to address equipment and devices; protocols for laser and light-based devices.

SUMMARY: Update rule language regarding equipment and devices; protocols for laser and light-based devices.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has been prepared by the Agency.

The following is a summary of the SERC: Licensed Electrologists desiring to offer laser and light-based hair removal services will be impacted by the proposed rule amendments. The Division of Medical Quality Assurance's Annual Report indicates there were over 1,600 licensed Electrologists in fiscal year 2016-2017. Of that number, approximately 168 licensed Electrologists had the required protocols on file indicating practice in laser hair removal. With the more efficient pathway to offering laser and light-based hair removal services as an Electrologist, the number of practitioners providing the service is expected to increase. The proposed changes, however, will not require ratification of the legislature.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
