RULE NOS.: 14-61.0012, 14-61.0015, 14-61.0016, 14-61.0017
 RULE TITLES: Definitions, Prohibitions on the Turnpike System, Turnpike Tandem Access, Other Regulations

PURPOSE AND EFFECT: To update and consolidate rules for turnpike operations.

SUMMARY: Rules duplicative of state statute and federal law are eliminated in rule form. A single form replaces multiple forms for turnpike-tandem operators. All turnpike-tandem trailers must display the permit number by decal. Staging area use will be limited to turnpike-tandem operators. Turnpike-tandem operators can receive a separate permit to travel on state roads up to 15 miles off the turnpike system to and from designated areas without decoupling.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: the rule is expected to decrease the overall cost of regulation.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

Section VII
Notice of Petitions and Dispositions
Regarding Declaratory Statements

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Construction Industry Licensing Board

NOTICE IS HEREBY GIVEN that Construction Industry Licensing Board has declined to rule on the petition for declaratory statement filed by Steven M. Weaver on April 02, 2018. The following is a summary of the agency’s declination of the petition:

The Notice of Petition for Declaratory Statement was published in Volume 44, No. 87, of the May 3, 2018, Florida Administrative Register. Petitioner asks the Board for Clarification of subsection 489.105(3), Fla. Stat., specifically whether certain license holders are allowed to provide construction management in the context of Declaratory Statement DS 2011-082, and Chapters 471, 475, and 481, Fla. Stat. It is the Board’s opinion that Petitioner’s petition is vague and does not state a particular set of circumstances to which the statute in question would apply as required by s. 120.565, Fla. Stat., and appears to apply to past behavior and the conduct of a third party. The Board does not have jurisdiction over chapters 471, 475, and 481, Fla. Stat., nor the Florida Real Estate Commission, the Florida Board of Architecture and Interior Design, or the Florida Board of Engineering. The Board’s

Order, filed on June 29, 2018, declines to issue a declaratory statement in this matter.

A copy of the Order Disposing of the Petition for Declaratory Statement may be obtained by contracting: Daniel Biggins, Executive Director, Construction Industry Licensing Board, 2601 Blair Stone Road, Tallahassee, FL 32399-1039, (850)487-1395, or by electronic mail – Donald.Shaw@myfloridalicense.com.

The petition filed on June 8, 2018, seeks a determination from the Board regarding whether a licensed underground utility contractor can directionally bore national gas lines on public right-of-way and private property. Except for good cause shown, motions for leave to intervene must be filed within 21 days after publication of this notice.

A copy of the Petition for Declaratory Statement may be obtained by contacting: Daniel Biggins, Executive Director, Construction Industry Licensing Board, 2601 Blair Stone Road, Tallahassee, FL 32399-1039, or telephone: (850)487-1395, or by electronic mail – Donald.Shaw@myfloridalicense.com.
