RULE NO.: 64B9-4.011
RULE TITLE: Dispensing Practitioners

PURPOSE AND EFFECT: The purpose of the rule amendment is to update the application.

SUMMARY: Update application.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule amendment at its Board meeting, the Board, based upon the expertise and experience of its members and the substance of the rule amendment, determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary because the rule does not impose additional rights, obligations, or duties on any persons or businesses, and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

RULE NO.: RULE TITLE:

61C-1.004 General Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On July 13, 2018, the Division of Hotels and Restaurants received a Petition for an Emergency Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code and paragraph 5-202.11(A), 2009 FDA Food Code from Team 300 Inc. located in Miami. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash sink and the three compartment sink.

The Petition for this variance was published in Vol. 44/137 on July 16, 2018. The Order for this Petition was signed and approved on July 24, 2018. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tank for the handwash sink and the three compartment sink is emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that the handwash sink and the three compartment sink is provided with hot and cold running water under pressure, and that the handwash sink is provided with soap, an approved hand drying device and a handwashing sign.

A copy of the order or additional information may be obtained by contacting: Daisy.Aleman@myfloridalicense.com, Division of Hotels and Restaurants, 2601 Blair Stone Road, Tallahassee, Florida 32399-1011.

NOTICE IS HEREBY GIVEN that the Board of Veterinary Medicine has issued an order disposing of the petition for declaratory statement filed by Jerry Alan Greene on April 27, 2018. The following is a summary of the agency's disposition of the petition:

The Notice of Petition for Declaratory Statement was published in Vol. 44, No. 97, of the May 17, 2018 Florida Administrative Register.
