RULE NOS.: RULE TITLES:
68E-18.002 Definitions
68E-18.003 Certificate Allocations and Fees
68E-18.006 Rental or Leasing of Trap Tags
68E-18.008 Suspension of Certificates and Crawfish Endorsement

PURPOSE AND EFFECT: The purpose of this rule amendment is to repeal outdated rule language found within the Florida Fish and Wildlife Conservation Commission’s (FWC) spiny lobster trap certificate program regulations (68E-18, Florida

Administrative Code) that are inconsistent with statutory provisions provided by the Legislature.

The Joint Administrative Procedures Committee (JAPC) identified outdated rule language in Chapter 68E-18, Florida Administrative Code (F.A.C.), Spiny Lobster Trap Certificate Program, that appears to authorize the rental or leasing of spiny lobster trap tags, or that references penalties that are inconsistent with statutory penalties created by the Legislature. Rule language authorizing the rental or leasing of spiny lobster trap tags in rules 68E-18.002 and 68E-18.006, F.A.C., was established by the Marine Fisheries Commission in 1995, and was not updated after the leasing of spiny lobster trap tags or certificates was prohibited by the Legislature in 2003. These outdated rules conflict with the provisions of section 379.3671(2)(a)5., Florida Statutes, and may lead someone to believe that the rental or leasing of spiny lobster trap tags is still allowed. Rule language in 68E-18.003, 68E-18.006, and 68E-18.008, F.A.C., provides for the suspension of a license holder’s spiny lobster trap certificates or crawfish endorsement in certain circumstances that are inconsistent with statutory penalties created by the Legislature.

The effect of this rule amendment will be to repeal outdated or inconsistent language in these rules that appears to authorize the rental or leasing of spiny lobster trap tags or certificates, or that provides for penalties that are different from those established more recently by the Legislature. This rulemaking will create greater clarity and improve the understandability of the FWC’s spiny lobster trap certificate program regulations. This rulemaking will not conflict with existing federal management plans.

SUMMARY: This rule amendment will repeal outdated or inconsistent language that appears to authorize the rental or leasing of spiny lobster trap tags or certificates, or that provides for penalties that are different from those established more recently by the Legislature. In addition, this rulemaking will create greater clarity and improve the understandability of the Spiny Lobster Trap Certificate Program regulations.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: the nature of the rule and the preliminary analysis conducted to determine whether a SERC was required.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
