DEPARTMENT OF BUSINESS AND PROFESSIONAL
REGULATION

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-1.004 General Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On May 7, 2018 the Division of Hotels and Restaurants received a Petition for an Emergency Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code, Paragraph 5-202.11(A), 2009 FDA Food Code, Paragraph 4-301.12(A) from Lauderdale F&B Partners located in Fort Lauderdale. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater; that dishwashing facilities for manually washing, rinsing and sanitizing equipment and utensils are provided. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash sink and to share the dishwashing area with another food service establishment under the same ownership and on the same premise.

The Petition for this variance was published in Vol. 44/90 on May 8, 2018. The Order for this Petition was signed and approved on May 15, 2018. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tank for the handwash sink is emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that all the handwash sink are provided with hot and cold running water under pressure, soap, an approved hand drying device and a handwashing sign. The dishwashing area within Chili Too (SEA1612274) must be maintained in a clean and sanitary manner. This area must also be available to Pizza Inn Express (Pie) during all hours of operation. If the

ownership of Chili Too (Lauderdale F&B Partners SEA1612274) or Pizza Inn Express (Pie) (Lauderdale F&B Partners) changes, a signed agreement between the establishments for the use of the shared facilities must be provided to the division immediately.

A copy of the Order or additional information may be obtained by contacting: Daisy.Aleman@myfloridalicense.com, Division of Hotels and Restaurants, 2601 Blair Stone Road, Tallahassee, Florida 32399-1011.

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-4.010 Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On April 27, 2018 the Division of Hotels and Restaurants received a Petition for a Routine Variance for subsection 61C-4.010(7), Florida Administrative Code and subsection 61C-4.010(6), Florida Administrative Code from Krabdaddy’s LLC located in Gainesville. The above referenced F.A.C. addresses the requirement that at least one accessible bathroom be provided for use by customers. They are requesting to share the bathrooms located within a nearby establishment under a different ownership for use by customers only.

The Petition for this variance was published in Vol. 44/84 on April 30, 2018. The Order for this Petition was signed and approved on date May 15, 2018. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the bathrooms located within B&J’s Barbershop at 125 NW 23rd Ave #20 Gainesville, FL 32609, are maintained in a clean and sanitary manner and are provided with cold running water under pressure, soap, approved hand drying devices, and are available during all hours of operation. The Petitioner shall also ensure directional signage is installed within or outside the establishment clearly stating the location of the bathrooms. If the ownership of Krabdaddy’s (Krabdaddy’s LLC) and/or B&J’s Barbershop (B&J’s Barbershop LLC) changes, an updated signed agreement for use of the bathroom facilities will be required immediately.

A copy of the Order or additional information may be obtained by contacting: Daisy.Aleman@myfloridalicense.com, Division of Hotels and Restaurants, 2601 Blair Stone Road, Tallahassee, Florida 32399-1011.

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-4.010 Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On May 7, 2018, the Division of Hotels and Restaurants received a Petition for an Emergency Variance for subsection 61C-4.010(7), Florida Administrative Code and subsection 61C-4.010(6), Florida Administrative Code from Gourmet on Demand LLC located in Miami. The above referenced F.A.C. addresses the requirement that at least one accessible bathroom be provided for use by customers. They are requesting to share the bathrooms located within a nearby establishment under a different ownership for use by customers only.

The Petition for this variance was published in Vol. 44/90 on May 8, 2018. The Order for this Petition was signed and approved on date May 15, 2018. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the bathrooms located within Barks and Tales Dog Spa at 2037 NW 1st Place, Miami, FL 33127, are maintained in a clean and sanitary manner and are provided with cold running water under pressure, soap, approved hand drying devices, and are available during all hours of operation. The Petitioner shall also ensure directional signage is installed within or outside the establishment clearly stating the location of the bathrooms. If the ownership of Gourmet on Demand (Gourmet on Demand LLC) and/or Barks and Tales Dog Spa (Barks & Tales Dog Spa Inc.) changes, an updated signed agreement for use of the bathroom facilities will be required immediately.

A copy of the Order or additional information may be obtained by contacting: Daisy.Aleman@myfloridalicense.com, Division of Hotels and Restaurants, 2601 Blair Stone Road, Tallahassee, Florida 32399-1011.

AIM ENGINEERING

The Florida Department of Transportation - District 1 announces a hearing to which all persons are invited.

DATE AND TIME: Thursday, May 24, 2018, 5:00 p.m., Open House; 6:00 p.m., Formal Presentation

PLACE: Westgate River Ranch, Main Hall, 3200 River Ranch Boulevard, River Ranch, Florida 33867

GENERAL SUBJECT MATTER TO BE CONSIDERED: The Florida Department of Transportation (FDOT), District One, is holding a Public Hearing as part of the State Road (SR) 60 Project Development and Environment (PD&E) study from County Road 630 in Polk County to east of the Kissimmee River Bridge in Osceola County. All members of the public are invited to attend.

FDOT will hold a public hearing to provide information about the proposed widening of this segment of SR 60 from two to four lanes. The hearing begins with an open house at 5 p.m. and follows with a formal presentation and public comment period at 6:00 p.m. People attending the hearing can review project displays and speak one-on-one with project team members about the proposed widening of SR 60. Written statements or exhibits submitted at the hearing, emailed, or mailed and postmarked by Monday, June 4, 2018 will become part of the official hearing transcript.

The widening will require right-of-way acquisition for road improvements and stormwater management areas. The no-build alternative, where no improvements other than routine maintenance are made to SR 60 through 2040, will remain viable throughout the remainder of this study. The department sent notices to all property owners located within at least 300 feet on either side of the SR 60 project limits, as well as other interested parties. Project information and graphics showing the project's location and proposed improvements will be available for public viewing from May 3, 2018 to June 4, 2018 at two locations. One is the Lake Wales Public Library, 290 Cypress Garden Lane, Lake Wales, Florida. Please call the library at 1(863)678-4004 for hours of operation. The other location is the FDOT District One Headquarters, 801 North Broadway Avenue, Bartow, Florida. Please contact FDOT project manager, Patrick Bateman, E.I., by phone at 1(863)519-2792 or by email at Patrick.Bateman@dot.state.fl.us to make an appointment to review the materials.

You can find additional information on the project website: www.swflroads.com/sr60/cr630tokissimmeeriverbridge/. This

public hearing was advertised consistent with federal and state requirements, Section 335.199, F.S. Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Patrick Bateman, E.I. 1(863)519-2792 or email: Patrick.Bateman@dot.state.fl.us at least (7) days prior to the meeting.

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried out by the Florida Department of Transportation (FDOT) pursuant to 23 U.S.C. §327 and a Memorandum of Understanding dated December 14, 2016 and executed by the Federal Highway Administration and FDOT.

We encourage you to participate in the SR 60 public hearing. A copy of the agenda may be obtained by contacting: For more information, you may contact: Patrick Bateman, E.I. 1(863)519-2792 or email: Patrick.Bateman@dot.state.fl.us.

DEPARTMENT OF EDUCATION

University of Florida

University of Florida Housing Master Plan

The University of Florida Board of Trustees announces that Professional Services in the discipline of master planning for campus housing will be required for the project:

PL-00013, Housing Master Plan (Gainesville)

The University of Florida Department of Housing and Residence Education (HRE) requires a fully developed Housing Master Plan to include guiding principles, demand/market analysis, facilities assessment and a financial plan. Interviews, presentations, research, consultation, discussion, and other methods may be used to inform recommendations and/or present results. The Housing Master Plan shall be developed in context with the University of Florida's Campus Master Plan and Strategic Development Plan.

HRE is a comprehensive housing operation. Units include maintenance services, building services, financial services, residence life and education, operations, human resources, off campus life, and office for youth conference services. HRE works closely with the Division of Student Affairs marketing and communications, information technology, assessment, and business practices.

HRE facilities management oversees all maintenance and building services for 168 buildings and nearly 3.2M square feet of space. This includes specialty shops (locksmith, HVAC, electrical, furniture and cable), pest control, and project management. HRE possesses years of data regarding maintenance work order and facility assessments that can be provided to the successful firm. HRE staff will be made available for interviews and facility access. Office space will be provided to the consulting firm for their work while on campus.

The selected firm will provide a final report and documented data analysis for the referenced project. Plans and specifications for University of Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes. The selected applicant will be required to

provide insurance coverage for General Liability, Automotive Liability, and Workers' Compensation.

Applicants will be evaluated on the basis of their past performance, experience, personnel, design ability, references, workload, and responses to questions posed both in the shortlist and interview phases. The Selection Committee may reject all proposals and stop the selection process at any time.

Prior to execution of any agreements between applicant and University relating to the project, the applicant (if an architecture or engineering firm) and its consulting architectural and engineering firms must possess current licenses from the appropriate governing board and be properly registered to practice its profession in the State of Florida. Also prior to execution of any agreements between applicant and University relating to the project, the applicant entity must be authorized by the Florida Department of State to transact business in Florida.

Applicants desiring to provide professional services for the project shall submit a proposal only after thoroughly reviewing the facilities program, Project Fact Sheet, and other background information. The proposal shall be prepared as specified in the PQS Instructions and shall include:

1. A Letter of Application that concisely illustrates the applicant's understanding of the scope of services, design intent, schedule, and other goals and considerations as outlined in the Project Fact Sheet.
2. A completed, project-specific "Professional Qualifications Supplement" (PQS) proposal with signed certification. Applications on any other form will not be considered.
3. Resumes and other pertinent credentials for all proposed staff (applicant and consultants).
4. Proof of the applicant entity's corporate status in Florida, or an affirmative statement that it will be authorized to transact business in the State of Florida prior to execution of any agreements between applicant and University relating to the project.
5. Copies of current licenses for applicant firm (if architect or engineer) and all consulting engineering and architecture firms from the appropriate governing board, or an affirmative statement that the applicant firm and consultant firms will be licensed in the State of Florida, as required for architectural and engineering firms, prior to execution of any agreements between applicant and University relating to the project.

As required by Section 287.133, Florida Statutes, an applicant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected professional must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Incomplete proposals will be disqualified. Submittal materials will not be returned.

Additional information to assist the applicant in preparing a complete proposal – including the project-specific PQS forms, instructions, Project Fact Sheet, UF Design and Commissioning Services Guide, UF Design and Construction Standards, standard University of Florida Owner-Professional agreement, and other project and process information – can be found on the Planning Design & Construction website <http://www.facilities.ufl.edu/projects/ptjlist.html>.

Finalists may be provided with supplemental interview requirements and criteria as needed.

Provide the number of copies prescribed in the Project Fact Sheet. A mandatory pre-proposal meeting will be held at Corry Commons Gathering Room, Building #0287,620 Village Drive, Gainesville, Florida on Monday, June 4, 2018 at 9:00 a.m. Submittals must be received in the Planning Design & Construction office by 3:00 p.m. local time, on Tuesday, June 26, 2018. Facsimile (FAX) submittals are not acceptable and will not be considered.

DEPARTMENT OF EDUCATION

Florida International University

FIU BT-892 Parkview Housing Phase II-Construction Managers

The Florida International University Board of Trustees announces that construction management services are required for the project identified below:

Project Name and Number: Parkview Housing Phase II, BT-892
Project Location: Modesto A. Maidique Campus (MMC), Miami, Florida

Project Description: The Parkview II Housing project will provide 656 beds of student housing at the Modesto A. Maidique Campus as well as parking for 300 cars. It is expected to be completed for fall term 2020.

Other project components may be added to the project scope prior to completion of construction as funding becomes available. These other components include the use of ground floor space for academic support, retail, food service and recreation.

The complex envisions 640 residents housed in groups of forty (40) students organized into sixteen (16) “residential communities.” Each residential community will have a student resident assistant housed in a studio unit and each residential floor will have a lounge and group study room. The complex will provide students with multiple types of living units. The predominant unit type will be a four-bedroom suite, with each bedroom designed for single occupancy and with two

bathrooms, a kitchen and a living and dining area in a shared common space. The complex will have 156 four-bedroom suite units housing a total of 624 students. In addition, 32 single-occupant studio units have been programmed to house an additional 32 students including the 16 resident assistants. A total of 3 “non-student” units will be for residential staff, with a two-bedroom two-bath apartment unit for the family of the Residential Life Coordinator and 2 one-bedroom one-bath apartments for Residential Life assistants.

Support services will include staff offices, a conference room, a police interview room, maintenance support spaces and storage area. The project will include two classrooms and an academic resource center. Other required support areas include an entrance lobby with public restrooms; a mail processing and package center with mail boxes; two laundry rooms, a vending machine room; a multipurpose room; and a large recreation lounge.

The site configuration of the complex will, to the extent possible, take into consideration a “Town” street philosophy envisioning a pedestrian street linking the housing with covered walkways, outdoor seating areas, green spaces, retail, and other amenities. The urban planning and design concept will foster student interaction and social activity, while making student safety and security a priority. The intensity and density of the facilities must be sensitive to and not diminish the established quality of on-campus student life. The complex will have the character of a high quality residential facility, blending with the existing campus architecture and other student housing buildings in the area. Containment and reduction of noise from adjacent parking, the FIU Community Stadium and the street, as well as sound transmission between living units and bedrooms will be a high priority. A minimum building separation of sixty feet and a maximum building height of twelve stories should provide adequate green spaces between buildings to enhance student interaction and ensure access to outdoor areas for recreation. Adequate access for emergency and service vehicles shall be provided around building perimeters.

The requirement to provide 300 parking spaces as part of the Project may require a parking garage integrated into the housing complex structure, however alternative concepts that reduce cost, improve efficiency and allow for future adaptation should be studied during the design process.

The complex will serve as a hurricane evacuation center for the resident student population and must conform to building standards to allow for occupancy in protected areas within the buildings during a Category Five hurricane. Durability of finishes, building materials, and mechanical equipment will be a primary concern. Designated spaces will be supported by emergency generator(s) located within the building structure.

Safety and security of the resident population will also be a primary concern. The building(s) will be secured and monitored on a 24 hour / seven day a week basis. Access to residential areas will be limited to residents and guests only.

The University is committed to producing buildings that comply with sustainable energy conservation strategies and standards (minimum LEED Silver Certification).

Applicants are hereby notified that in the event the University is unable to secure full funding for the residential complex, the University intends to proceed only with design and construction of fully funded project components, if any.

INSTRUCTIONS: Firms desiring to provide construction management services for the project shall submit a letter of application and a completed Construction Manager Qualifications Supplement (CMQS) form. Proposals must not exceed 80 pages, including the CMQS and letter of application. Pages must be numbered consecutively. Submittals, which do not comply with these requirements or do not include the requested data, will not be considered. No submittal material will be returned.

Submit Eleven (11) bound copies of the required proposal data and one CD/Electronic copy of the complete proposal in Adobe Acrobat PDF format of the above requested data bound in the order listed. Applications that do not comply with the above instructions will not be considered. Application material will not be returned. The University reserves the right to suspend or discontinue the selection process at any time and to return or reject any or all submissions of qualifications without obligation to the respondent. The award of this contract is subject to availability of funds.

The Construction Manager Qualifications Supplement (CMQS) form and the Project Fact Sheet, which describes the selection process schedule for this Project and additional information regarding the Project scope, may be obtained from the web-site <http://facilities.fiu.edu/projects/BT-892.htm>. Requests for meetings by individual firms will not be granted. Once the firm acquires the required forms, questions may be directed to Facilities Planning at (305)348-4090 or via email to griffith@fiu.edu cc: angpaz@fiu.edu

GENERAL REQUIREMENTS: All applicants must be licensed to practice as general contractors in the State of Florida at the time of application. Corporations must be registered to operate in the State of Florida by the Department of State, Division of Corporations, at the time of application.
