RULE NO.: RULE TITLE:

64B3-2.003 Definitions

PURPOSE AND EFFECT: The purpose of the rule amendment is to update and correct the rule language.

SUMMARY: To update and correct rule language.

#### SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

64B3-2.003 Definitions.

(1) No change.

(2) Approved laboratory means a federally certified clinical laboratory licensed under Section 483.091, F.S., or federal or out of state laboratories which have standards equivalent to those prescribed in Chapter 483, Part I, F.S., and the rules promulgated thereunder.

(3) through (6) No change.

(7) Pertinent clinical laboratory experience is experience in a clinical laboratory as defined in Section 483.803(2) ~~044(2)~~, F.S. If acquired in-state or in a state where licensure is required, experience must be accrued while licensed and working in a licensed laboratory unless otherwise authorized by the administrative rules of this Board. Experience acquired as a part of a training program may not be used as pertinent clinical laboratory experience. Exempt experience may not be utilized with the exception of experience in federal laboratories. Experience in industrial laboratories is not considered pertinent clinical laboratory experience. Experience in research laboratories is not considered pertinent clinical laboratory experience unless the research experience involved human subjects and used methodologies, quality control and quality assurance techniques comparable to those of clinical laboratories. If all of these requirements are met the Board will review the research experience to determine if it is relevant experience. If research experience was acquired under an exemption clause, it may not be utilized as pertinent clinical laboratory experience. Experience acquired in an exclusive use laboratory environment, waived laboratory environment or alternate site testing environment is generally unacceptable unless specifically authorized by rules of this Board.

# DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES

## CHILD NUTRITION PROGRAM

### STATE WAIVER REQUEST TEMPLATE

Child Nutrition Programs are expected to be administered according to all statutory and regulatory requirements; waivers to the requirements are exceptions. However, Section 12(l) of the Richard B. Russell National School Lunch Act, 42 U.S.C. 1760(l), provides authority for USDA to waive requirements for State agencies or eligible service providers under certain circumstances. When requesting the waiver of statutory or regulatory requirements for the Child Nutrition Programs (CNPs), including the Child and Adult Care Food Program (CACFP), the Summer Food Service Program (SFSP), the National School Lunch Program (NSLP), the Fresh Fruit and Vegetable Program (FFVP), the Special Milk Program (SMP), and the School Breakfast Program (SBP), State agencies and eligible service providers should use this template. State agencies and eligible service providers should consult with their FNS Regional Offices when developing waiver requests to ensure a well-reasoned, thorough request is submitted. State agencies and eligible service providers are encouraged to submit complete waiver requests at least 60 calendar days prior to the anticipated implementation date. Requests submitted less than 60 calendar days prior to the anticipated implementation should be accompanied by an explanation of extenuating circumstances.

For more information on requests for waiving Program requirements, refer to SP 15-2018, CACFP 12-2018, SFSP 05-2018, *Child Nutrition Program Waiver Request Guidance and Protocol- Revised*, May 24, 2018.

1. State agency submitting waiver request and responsible State agency staff contact information:

Florida Department of Agriculture and Consumer Services (FDACS)

Lakeisha T. Hood, Director, (850)617-7438 or 1(800)504-6609, Lakeisha.Hood@FreshFromFlorida.com

Lisa Church, Bureau Chief of Implementation and Accountability, (850)617-7413 Direct Line, Lisa.Church@FreshFromFlorida.com

2. Region: Southeast
3. Eligible service providers participating in waiver and affirmation that they are in good standing:

The waiver is for FDACS, who is in good standing.

4. Description of the challenge the State agency is seeking to solve, the goal of the waiver to improve services under the Program, and the expected outcomes if the waiver is granted. [Section 12(l)(2)(A)(iii) and 12(l)(2)(A)(iv) of the NSLA]:

FDACS is requesting a state-wide waiver of the 3-year Administrative Review (AR) requirement and an extension of

the review cycle that was proposed by the USDA Food and Nutrition Services (FNS) on February 22, 2019 through SP 12-2019 Flexibility for the Administrative Review Cycle Requirement. The impact and challenges of the 3-year review cycle on FDACS and sponsors are outlined below.

Prior to applying for the waiver, FDACS staff met to discuss the upcoming 3-year

review cycle and program workload. FDACS completed an analysis of the AR 3-year cycle for the past two cycles.

#### *Increase in Program Sponsors and State Staffing*

The number of sponsors in Florida's National School Lunch Program (NSLP) increases consistently every year, but the SA rarely increases the number of state program accountability specialists. Sponsors have grown from 310 in school year 2013-2014 to 394 in school year 2018-2019.

The chart below includes the forecasted growth rate of NSLP sponsors in Florida:

Year	Sponsor Count	Forecast	Lower Confidence Bound	Upper Confidence Bound
2013	291			
2014	310			
2015	319			
2016	337			
2017	362	362	362.00	362.00
2018		377	369.19	385.02
2019		394	386.41	402.24
2020		412	403.63	419.46
2021		429	420.85	436.68
2022		446	438.07	453.90
2023		463	455.29	471.12
2024		480	472.51	488.34
2025		498	489.73	505.57

With the new sponsors planned for 2019-2020 and planning for the upcoming 3-year cycle, FDACS has determined we will not be able to effectively sustain the workload. A 4-year review cycle would greatly help FDACS to accommodate the current and foreseen workload challenges of training and supporting new sponsors, new food service directors and new state office staff.

Below is a chart illustrating how FDACS has projected the review cycle workload.

Number of reviews per year - forecasted estimate (2020-2025)			
	3-year cycle	4-year cycle	5-year cycle
2020-2021	131	99	79
2021-2022	137	103	82
2022-2023	143	107	86
2023-2024	149	111	89
2024-2025	154	116	93

With 9 review positions (one being a team lead), the average reviews (leads) per person are as below.

	3-year cycle	Average Number of Reviews per Person
2020-2021	131	15
2021-2022	137	15
2022-2023	143	16
2023-2024	149	17
2024-2025	154	17

	4-year cycle	Average Number of Reviews per Person
2020-2021	99	11
2021-2022	103	11
2022-2023	107	12
2023-2024	111	12
2024-2025	116	13

	5-year cycle	Average Number of Reviews per Person
2020-2021	79	9
2021-2022	82	9
2022-2023	86	10
2023-2024	89	10
2024-2025	93	10

The goal of the waiver is to ensure good customer service is maintained and to align reviews to support sponsors as they strive to run exceptional school meal programs. Approval of this waiver will ensure sponsors are reviewed at least once during a 4-year review cycle while streamlining monitoring operations, allow staff to support sponsors through training and technical assistance and decrease the administrative burden on sponsors and FDACS. This will also allow FDACS and sponsors to focus efforts on important program areas, such as financial management, procurement, program access and participation while still ensuring program integrity in all program areas.

5. Specific Program requirements to be waived (include statutory and regulatory citations). [Section 12(l)(2)(A)(i) of the NSLA]:

FDACS is requesting the use of flexibility for the Administrative Review Cycle and for the following regulatory requirement to be waived:

- Timing of reviews. State agencies must conduct administrative reviews of all school food authorities participating in the National School Lunch Program (including the Afterschool Snacks and the Seamless Summer Option) and School Breakfast Program at least once during a 3-year review cycle, provided that each school food authority is reviewed at least once every 4 years. For each State agency, the first 3-year review cycle

started the school year that began on July 1, 2013 and ended on June 30, 2014. At a minimum, the on-site portion of the administrative review must be completed during the school year in which the review was begun. 7 CFR 210.18(c)

6. Detailed description of alternative procedures and anticipated impact on Program operations, including technology, State systems, and monitoring:

A 4-year review cycle will allow FDACS to maintain the alignment of the AR and procurement reviews and provide the opportunity to support sponsors through additional training and technical assistance. All sponsors will receive an AR and procurement review in addition to a technical assistance visit within the 4-year cycle to ensure program integrity. The procurement review is currently on a 3-year cycle with the SMAR and will transition to the same 4-year cycle to ensure the sponsors receive the same reviews as on the 3-year cycle. FDACS will conduct follow-up reviews (e.g. Targeted Technical Assistance Reviews) for all sponsors where significant or repeated critical or general violations exist within 2 years of their AR.

FDACS will schedule all new sponsors for their first administrative review within 12 months of program operation. Florida will also conduct Technical Assistance Visits for new sponsors within 30 days of their first claim for reimbursement. If program deficiencies are present at the Technical Assistance Visit, the sponsor will receive a Targeted Technical Assistance Review within the next 6 months.

7. Description of any steps the State has taken to address regulatory barriers at the State level. [Section 12(l)(2)(A)(ii) of the NSLA]:

FDACS would like to shift the current 3-year SMAR cycle to a 4-year, risk-based

SMAR cycle. Elongating the SMAR cycle by one year will allow FDACS to continue

to build program integrity by decreasing the workload of Program Accountability

Specialists, which will increase productivity and decrease the propensity for human

errors; providing increased hands-on training and technical assistance to sponsors;

and providing additional oversight to mitigate the risk of program non-compliance.

FDACS implemented the 3-year cycle requirement when the SMAR was released in

2011. Due to the burden of overloaded review schedules, technical assistance is often

done in conjunction with the review, while local staff are already overwhelmed with

documentation that must be completed. There is not enough time to provide thorough

training during the review. Changing to a 4-year review cycle will allow our staff to provide effective and quality customer service and training for our sponsors. To address these barriers, FDACS is submitting this waiver request.

8. Anticipated challenges State or eligible service providers may face with the waiver implementation:

FDACS does not anticipate any challenges with waiver implementation.

9. Description of how the waiver will not increase the overall cost of the Program to the Federal Government. If there are anticipated increases, confirm that the costs will be paid from non-Federal funds. [Section 12(l)(1)(A)(iii) of the NSLA]:

The waiver will not increase the overall cost of the Program to the Federal Government because it is an administrative flexibility.

10. Anticipated waiver implementation date and time period: The anticipated time period is July 1, 2019 through the end of the school year and remaining in effect for a period of four school years until June 30, 2023.

11. Proposed monitoring and review procedures: FDACS will continue to monitor sponsors on all SMAR requirements outlined in 7 CFR 210.18 Administrative Reviews, using a 4-year cycle in place of the required 3-year cycle. FDACS will continue to seek approval for 1-year extensions to the 4-year review cycle for special circumstances that may conflict with efficient FDACS management of the program, such as natural disasters. FDACS will conduct follow-up reviews (Targeted Technical Assistance Reviews) for all sponsors where significant or repeated critical or general violations exist within 2 years of their SMAR. If the initial violation is still in practice, the sponsor will be provided 30 days to submit corrective action. FDACS will conduct a follow-up visit to ensure the corrective action has been implemented within 60 days of receipt of the corrective action.

FDACS will also conduct Technical Assistance Visits for new sponsors within 30 days of their first claim for reimbursement. If findings are present at the Technical Assistance Visit, the sponsor will receive a Targeted Technical Assistance Review within the next 6 months. If the initial violation is still in practice, the sponsor will be provided 30 days to submit corrective action. FDACS will conduct a follow-up to ensure the corrective action has been implemented within 60 days of receipt of the corrective action.

12. Proposed reporting requirements (include type of data and due date(s) to FNS):

FDACS will provide FNS with required reports, including the FNS 640, review findings and recommendations provided during reviews. This information will be available annually and upon request.
