Section II
Proposed Rules

BOARD OF TRUSTEES OF INTERNAL IMPROVEMENT TRUST FUND

RULE NOS.:	RULE TITLES:
18-20.002	Boundaries and Scope of the Preserves
18-20.003	Definitions
18-20.004	Management Policies, Standards and Criteria
18-20.013	Development of Resource Inventories and Management Plans for Preserves
18-20.017	Lake Jackson Aquatic Preserve
18-20.019	Boca Ciega Bay and Pinellas County Aquatic Preserves

PURPOSE AND EFFECT: Chapter 18-20, F.A.C. titled Florida Aquatic Preserves, establishes land and resource management strategies, as well as specific proprietary criteria for all aquatic preserves with the exception of Biscayne Bay Aquatic Preserve. The rule was adopted to ensure that “all sovereignty lands within a preserve shall be managed primarily for the maintenance of essentially natural conditions, the propagation of fish and wildlife, and public recreation including hunting and fishing where deemed appropriate by the Board, and the managing agency.”

SUMMARY: The proposed amendments intend to update information and clarify language to address comments received from the Joint Administrative Procedures Committee (JAPC).

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: Information known to the agency regarding cost of preparation of submittals required by the rules, and based on the extensive expertise and experience of agency staff, it was determined that a SERC was not necessary and that the rule amendments will not require Legislative ratification. The proposed amendments are intended to address comments received from JAPC and will not therefore result in increased costs. No person or interested party submitted additional information regarding economic impact of the rule amendments during the public workshop or in written comments to the agency.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On January 18, 2019 the Division of Hotels and Restaurants received a Petition for an Emergency Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code and Section 5-203.13, 2009 FDA Food Code from Hiden LLC located in Miami. The above referenced F.A.C. addresses the requirement that at least one service sink is provided for the cleaning of mops or similar cleaning tools and the disposal of mop water. The Petition for this variance was published in Vol. 45/14 on January 22, 2019. The Order for this Petition was signed and approved on January 29, 2019.
