RULE NO.: RULE TITLE:
61K1-4.021 Kickboxing Conduct of Bout; Rounds
PURPOSE AND EFFECT: The Commission proposes the rule
amendment to update the language to reflect changes relating
to fouls during kickboxing matches.
SUMMARY: Update rule language.
SUMMARY OF STATEMENT OF ESTIMATED
REGULATORY COSTS AND LEGISLATIVE
RATIFICATION:

The Agency has determined that this will not have an adverse
impact on small business or likely increase directly or indirectly
regulatory costs in excess of \$200,000 in the aggregate within

PURPOSE AND EFFECT: The purpose of the rule amendment
is to clarify and simplify the rule text.
SUMMARY: Substantial rewrite of the disciplinary guidelines.
SUMMARY OF STATEMENT OF ESTIMATED
REGULATORY COSTS AND LEGISLATIVE
RATIFICATION:

The Agency has determined that this will not have an adverse
impact on small business or likely increase directly or indirectly
regulatory costs in excess of \$200,000 in the aggregate within

been prepared by the Agency.

The Agency has determined that the proposed rule is not

Board of Podiatric Medicine

RULE NO.: 64B18-17.001
RULE TITLE: Continuing Education Required for License Renewal

PURPOSE AND EFFECT: The Board proposes an amendment that updates the rule to be consistent with the language of the laws implemented and designates additional continuing education options for licensees.

SUMMARY: The continuing education requirements for biennial renewal of a license are clarified by specifying that credits for reactivating an inactive license do not apply to the next biennial renewal; volunteer podiatric service at a free clinic is added for continuing education credit; and the requirement for education on human trafficking is added.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

The Board may require the licensee to successfully complete a board-approved course prior to active renewal of the license. For a licensee to have "actively practiced podiatric medicine" as defined in s. 461.007, the annual practice, teaching, or administration of podiatric

medicine must minimally constitute an average of 20 hours per week.

(8) By January 1, 2021, each licensee or certificate holder shall complete a 1-hour board-approved continuing education course on human trafficking. The course must address both sex trafficking and labor trafficking, how to identify individuals who may be victims of human trafficking, how to report cases of human trafficking, and resources available to victims. The one-time human trafficking course shall apply to the regular 40-hour biennial renewal requirement for all licensees and is required of new applicants in their first renewal biennium as well as of licensees renewing to active status if the course has not already been taken.

~~(9)~~(7) Licensees must retain proof of attendance at continuing education programs for two years subsequent to the expiration of the biennial period for which the programs are claimed. Proof of attendance must be documented by a record of registration or certification of attendance issued by the program which states the number of credit hours received. Acceptable record of registration at a program is a receipt for the program, a copy of an embossed badge identifying the name, date and location of the program, or a copy of the front and back of the canceled check used by the licensee to pay for the program.

~~(10)~~(8) Certified podiatric x-ray assistants must complete the eight hour course set forth in section 461.0135, F.S., prior to renewal of certification.

~~(11)~~(9) Licensees must submit verification of attendance at any required continuing education course(s) to the Board or the Department within thirty (30) days of a request for such documentation.

~~(12)~~(10) No later than upon first renewal, all licensees must demonstrate completion of a continuing education course approved by the Board on the topic of HIV/AIDS.

RULE NO.: 64B18-17.005
RULE TITLE: Continuing Education Requirements After Initial Licensure

PURPOSE AND EFFECT: The Board proposes a rule amendment that ensures each new licensee will take a human trafficking course and be aware of the requirements set forth in Section 456.0341, F.S.

SUMMARY: The proposed rule is amended to add a human trafficking course to the first renewal biennium continuing education requirements.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

Board of Architecture and Interior Design

NOTICE IS HEREBY GIVEN that Board of Architecture and Interior Design has issued an order disposing of the petition for declaratory statement filed by Interiors by Steven G., Inc., on July 01, 2019. The following is a summary of the agency's disposition of the petition:

The Notice of Petition for Declaratory Statement was published in Vol. 45, No. 123, of the July 2, 2019, Florida Administrative Register. The petition sought the Board's interpretation of 481.213, F.S., and asks whether the Petitioner is authorized pursuant to disclosures in its interior design contract and power of attorney forms to select and hire licensed State of Florida general contractors/specialty subcontractors for interior design construction related activities and State of Florida license architects on behalf of clients and to perform contract administration and management responsibilities with respect to performance, payment and invoicing for those licensed professionals? The Board considered the petition at its meeting held on July 23, 2019, in Orlando, Florida. The Board's Order, filed on November 18, 2019, declines to answer the question in

relation to Architects because the Board found subsections 481.203(6) and (8), F.S., clearly answer the question; declines to answer the remainder of the question as it relates to Florida licensed Building Contractors and specialty sub-contractors governed by Chapter 489, Part I, F.S.; and declines to answer the Petition because it is overly broad and inappropriate for obtaining a policy statement of general applicability.

A copy of the Order Disposing of the Petition for Declaratory Statement may be obtained by contacting: Amanda Ackermann, Executive Director, Board of Architecture and Interior Design, 2601 Blair Stone Road, Tallahassee, FL 32399-0751 or by telephone (850)487-1395.
