Section II Proposed Rules

**FISH AND WILDLIFE CONSERVATION
COMMISSION**

Marine Fisheries

RULE NOS.:	RULE TITLES:
68B-13.0015	Definitions
68B-13.005	Designation as Restricted Species; Season; Repeal of Special Act
68B-13.007	Restrictions on Size and on Transport and Possession of Stone Crabs and Stone Crab Claws
68B-13.008	Gear, Trap Construction, Commercial Trap Marking Requirements, Trap Working Regulations, Trap Transfer

PURPOSE AND EFFECT: The purpose of these rule amendments is to improve the stone crab population and build resiliency in the fishery by modifying the regulations found in 68B-13, Florida Administrative Code (F.A.C.).

The effect of these rule amendments will be to shorten the stone crab season statewide, increase the stone crab claw minimum size limit, limit the possession of whole stone crabs on board a vessel, and require an escape ring in all wood and plastic stone crab traps.

SUMMARY: These rule amendments will modify the stone crab harvest season to occur from October 15 through April 9, increase the stone crab claw minimum size limit to 2 7/8 inches, limit the possession of whole stone crabs on board a vessel to no more than two checker boxes, and require a 2 3/16 inch diameter escape ring in all wood and plastic stone crab traps by October 5, 2023.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is

required, the information expressly relied upon and described herein: the nature of the rule and the preliminary analysis conducted to determine whether a SERC was required.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

Section IV Emergency Rules

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Construction Industry Licensing Board

RULE NO.: RULE TITLE:

61G4ER20-6 Approval of Continuing Education Courses.
SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: The Construction Industry Licensing Board (Board) is required by statute to adopt rules to implement and enforce Chapter 489, Part I, Florida Statutes. In doing so the Board promulgated Rule 61G4-18.004 Approval of Continuing Education Courses., Florida Administrative Code, which set out the requirements for registered continuing education providers presenting courses in the classroom setting as well as by interactive distance learning , for construction professionals

certified and registered by the Board. Many registered continuing education providers (providers) have Board approved continuing education classroom courses requiring in person attendance which were applied for under Rule 61G4-18.004 (3); which they are now unable to teach because in person attendance is logistically impossible due to the COVID-19 pandemic social distancing, requirements and restrictions on meetings of 50 people or more. Meanwhile, many certified and registered construction professionals are trying to complete their continuing education licensure renewal requirements by the biennium deadline of August 31, 2020; they need to take the courses in question but cannot do so in a classroom setting because of the restrictions further detailed below caused by the COVID-19 pandemic. The rule does not allow these providers or students to elect whether to provide or to attend approved classroom courses through interactive distance learning methods (webinars). Courses taught through interactive distance learning methods have to be separately applied for under Rule 61G4-18.004 (3)(a); the delay caused by reapplying for these same courses to be taught by webinar will greatly restrict the amount of courses available for those seeking licensure renewal in the short amount of time available, unless these courses can be presented in a webinar format on an expedited basis for those seeking licensure renewal by the August 31, 2020 deadline.

On March 1, 2020, Florida Governor Ron DeSantis issued Executive Order Number 20-51 which directed the State Health Officer and Surgeon General, Dr. Scott Rivkees, to declare a public health emergency pursuant to the spread of the Coronavirus Disease 2019 (COVID-19). On March 9, 2020, Governor DeSantis issued Executive Order Number 20-52 (Emergency Management - COVID-19 Public Health Emergency) and officially declared that a state of emergency exists in the State of Florida. COVID-19 is a severe acute respiratory illness that can spread among humans through respiratory transmission and presents with symptoms similar to those of influenza. The Center for Disease Control (“CDC”) recommends mitigation measures to combat the spread of COVID-19 such as staying home when sick, keeping away from others who are sick, staying home when a household member is sick with respiratory disease symptoms, and for those who are at higher risk, including older adults and those who have serious chronic medical conditions, to avoid non-essential air travel and to avoid crowds as much as possible. On June 5, 2020 , Governor Ron DeSantis issued Executive Order Number 20-139 (Phase 2: Safe. Smart. Step-by-Step. Plan for Florida's Recovery) Section 2 of the order concerning Responsible Individual Activity encourages all persons in Florida to follow appropriate social distancing and safety protocols issued by the CDC and OSHA and strongly encourages Senior Citizens and individuals with a significant

underlying medical condition to avoid crowds and take measures to limit the risk of exposure to COVID-19. Further, the order provides that all persons in Florida are encouraged to avoid congregating in groups larger than 50 persons and requires that most businesses observe appropriate social distancing and operate at 50% capacity. The order also extends Executive Order Number 20-82 requiring all persons who enter the State of Florida from an area with substantial community spread, to include the New York Tri-State Area (Connecticut, New Jersey and New York), to isolate or quarantine for a period of 14 days from the time of entry into the State of Florida or the duration of the person's presence in the State of Florida, whichever is shorter.

Since issuance of the Executive Orders and the declaration of a public health emergency, the Board Office has received numerous inquiries from registered course providers of approved classroom courses and from construction professionals seeking to complete their biennium continuing education requirements for licensure renewal. Providers ask whether they can provide these approved classroom course through interactive distance learning methods and the certificate and registration renewal applicants are especially concerned about the availability of such courses and the timely completion of their continuing education obligations by the August 31, 2020 deadline for licensure renewal. The in-person attendance requirement under Rule 61G4-18.004 (3) at approved continuing education courses in the current COVID-19 Pandemic has become a barrier to licensure renewal for the construction industry profession because of the scarcity of such courses and the threat of exposure to COVID-19, if these courses are attended in person. This rule revision to allow the courses to be presented in a webinar format on an expedited basis will avoid possible risk of non-licensure renewal by many construction industry professionals and ensure the continued availability of construction services to the public. This revision to allow interactive distance learning options is essential during this healthcare emergency.

Accordingly, the Board by emergency rule, for construction professionals seeking certificate and registration licensure renewal by the August 31, 2020 biennium immediately now permits attendance by interactive distance learning methods at Board-approved continuing education courses that were authorized solely for in person attendance and waives the requirement for these providers to seek separate approval to teach those courses. The Board finds that this not only assists timely licensure renewal, despite the barriers to doing so caused by the COVID-19 pandemic, it will also help construction professionals continue providing their construction services to the public. The Board finds that these actions are a measured regulatory approach that also helps to mitigate the threat of exposure to COVID-19 by construction professionals who are

required to complete continuing education to maintain licensure renewal.

REASON FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES: Given the recently declared emergency in the State of Florida, the recent guidance from the CDC, the social distancing guidelines which will be in effect through at least June 30, 2020, and the risk of impeding licensure renewal and the availability of construction services to Florida citizens during and after the current declared emergency, the Board finds that an immediate danger to the public health, safety, or welfare necessitates immediate action. Notice of this emergency rule meeting was published in the Florida Administrative Register on May 29, 2020.

SUMMARY: The proposed emergency rule immediately permits attendance by interactive distance learning methods at Board-approved continuing education courses that were authorized solely for in person attendance and waives the requirement for providers to seek separate approval to teach those courses prior to doing so.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Daniel Biggins, Esq. Executive Director, Construction Industry Licensing Board, 2601 Blair Stone Road, Tallahassee, Florida 32399-1039.

THE FULL TEXT OF THE EMERGENCY RULE IS:

61G4ER20-6 (61G4-18.004) Approval of Continuing Education Courses.

(1) Through (2) No Change.

(3) Notwithstanding the in-person attendance requirement specified in Rule 61G4-18.004(3), registered course providers of approved courses in a classroom setting may now provide these same courses by interactive distance learning methods without separately applying to do so, and shall comply with all applicable statutes and Board rules in doing so. The application shall include the total number of classroom or interactive distance learning hours, the course syllabus, a detailed outline of the contents of the course, the name and qualifications of all instructors known at the time of the application and the minimum qualifications of any instructors not known at the time of the application. Course instruction time shall be separated into intervals of no more than twenty-five (25) minutes. Each interval shall contain a descriptive outline stating the subject matter in such detail so as to describe the content of the interval. ~~In addition, a course provider making application to offer interactive distance learning must submit documents indicating the following:~~

~~(a) The means by which the course will demonstrate interactivity between the student and course provider within a maximum of 24 hours, which promotes student involvement,~~

~~and demonstrates that the course measures learning and addresses comprehension of content at regular intervals.~~

~~(b) The means by which the course provider is able to monitor student enrollment, participation and course completion.~~

~~(c) The means by which the course provider will be able to satisfactorily demonstrate that stated course hours are consistent with the actual hours spent by each student to complete the course.~~

~~(d) The means by which the provider will assure qualified instructor(s) will be available to answer questions and provide students with necessary support during the duration of the course.~~

~~(e) That the student will be required to complete a statement at the beginning and end of the course that indicates that he/she personally completed each module/session of instruction.~~

~~(f) The means by which the course provider will verify student identification.~~

DEPARTMENT OF TRANSPORTATION

The Florida Department of Transportation (FDOT) announces a public meeting to which all persons are invited.

DATE AND TIME: Thursday, June 25, 4:30 p.m. – 5:30 p.m.

PLACE: GoToWebinar

Registration for the public is available on the project website at www.swflroads.com/sr780/fruitvillevision.

Registration for the public is available on the project website at www.swflroads.com/sr780/fruitvillevision.

GENERAL SUBJECT MATTER TO BE CONSIDERED: The Florida Department of Transportation (FDOT) will conduct a virtual public meeting for the SR 780/Fruitville Road Corridor Vision Plan. The goal for this effort is to formulate a Corridor Vision Plan that will be reflective of where the community would like to be and how FDOT, as a partner, can better understand the community's needs. Through stakeholder meetings, and coordination with local governments and agencies, we have spent much of this year exploring the existing relationship between the land uses along the corridor and the function of SR 780/Fruitville Road. The purpose of this virtual public meeting is to get your input on how SR 780/Fruitville Road supports the various community's visions and needs in Sarasota County. Comments and questions will be taken during the meeting, by email, through the website, and by mail through July 10, 2020. All meeting materials (including a recording of the webinar) and correspondence will be posted to the project website after this deadline.

Registration for the public is available on the project website at www.swflroads.com/sr780/fruitvillevision.

Click on the green box that says Register now! After registering, you will receive a confirmation email containing information about joining the meeting. This meeting is also accessible by telephone. If you would like to call in by telephone, all materials will be available for download from the project website at: www.swflroads.com/sr780/fruitvillevision. If you do not have internet access and would like materials mailed to you, or if you require further information, please contact Ms. June Farrell at 1(863)519-2329 or via e-mail at June.Farrell@dot.state.fl.us.

A copy of the agenda may be obtained by contacting: June Farrell, FDOT Project Manager at 1(863)519-2329 or by email at June.Farrell@dot.state.fl.us.

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least 7 days before the workshop/meeting by contacting: If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

DEPARTMENT OF EDUCATION

University of Florida

AE RFP for UF-657 Peabody Hall Dean of Students Renovation

NOTICE TO PROFESSIONAL CONSULTANTS:

The University of Florida Board of Trustees announces that Professional Services in the discipline of architecture will be required for the project listed below:

Project: UF-657, Peabody Hall Dean of Students Renovation (Gainesville, FL)

The project consists of the complete renovation of the second floor and the north half of the third floor of historic Peabody Hall. Peabody Hall is one of the oldest buildings on campus and is on the National Register of Historic Places and part of the University of Florida's Historic Campus District. The project will include re-designing the second floor and partial third floor plan to accommodate Dean of Students programs, provide up to date ADA access, a new reception area with secure access to staff. This will include reception, offices, conference rooms, code compliant restrooms, break room and mechanical systems support as required. The project gross square footage is approximately 13,100.

The estimated construction budget is approximately \$3,075,000. The project will be delivered using the Construction Manager At-Risk method. Being a historic building, the space shall comply with best practices for historic buildings while creating a new image for students, faculty and staff. GOLD LEED (Leadership in Energy and Environmental Design) certification by the U.S. Green Building Council is mandatory.

The selected firm will provide design, construction documents and construction administration services for the referenced project. Plans and specifications for University of Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes.

Blanket design professional liability insurance will be required from the architect, mechanical, electrical, plumbing, fire protection, structural, and civil engineering consultants for this project and will be provided as a part of Basic Services. The selected applicant will also be required to provide insurance coverage for General Liability, Automotive Liability, and Workers' Compensation.

Applicants will be evaluated on the basis of their past performance, experience, personnel, design ability, references, workload, and responses to questions posed both in the shortlist

and interview phases. The Selection Committee may reject all proposals and stop the selection process at any time.

At the time of application, the applicant and its landscape architectural and engineering consultants must possess current design licenses from the appropriate governing board and be properly registered to practice its profession in the State of Florida. If the applicant is a corporation, must be chartered by the Florida Department of State to operate in Florida.

Applicants desiring to provide professional services for the project shall submit a proposal only after thoroughly reviewing the facilities program, Project Fact Sheet, and other background information. The proposal shall be prepared as specified in the PQS Instructions and shall include:

A Letter of Application that concisely illustrates the applicant's understanding of the scope of services, design intent, schedule, and other goals and considerations as outlined in the Project Fact Sheet and facilities program.

A completed, project-specific "Professional Qualifications Supplement" (PQS) proposal with signed certification. Applications on any other form will not be considered.

Resumes, LEED accreditation, and other pertinent credentials for all proposed staff (applicant and consultants).

Proof of the applicant's corporate status in Florida (if applicable) and copies of current licenses for applicant firm and all engineering consultants (firms) from the appropriate governing board.

Proof of the applicant's and all engineering consultants' ability to be insured for the level of professional liability coverage demanded for this project.

As required by Section 287.133, Florida Statutes, an applicant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected professional must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Incomplete proposals will be disqualified. Submittal materials will not be returned.

Additional information to assist the applicant in preparing a complete proposal – including the project-specific PQS forms, instructions, Project Fact Sheet, facilities program, UF Design and Commissioning Services Guide, UF Design and Construction Standards, standard University of Florida Owner-Professional agreement, and other project and process information – can be found on the Planning Design & Construction website.

Finalists may be provided with supplemental interview requirements and criteria as needed.

Provide the number of copies prescribed in the Project Fact Sheet. Submittals must be received in the Planning Design &

Construction office by 3:00 p.m. local time, on July 17, 2020. Facsimile (FAX) submittals are not acceptable and will not be considered.

UF Planning Design & Construction, 245 Gale Lemerand Drive / P.O. Box 115050, Gainesville, FL 32611-5050, Telephone: (352)273-4000, Internet: www.facilities.ufl.edu.
