RULE NO. RULE TITLE:
 5N-1.113 Disciplinary Guidelines; Aggravating and Mitigating Circumstances; Range of Penalties

PURPOSE AND EFFECT: The purpose of this rulemaking is to update statutory and rule references and remove a duplicative disciplinary guideline. The effect will be to ensure greater clarity and accuracy in the Division’s rule, thus benefiting the public and the Division of Licensing in its work.

SUMMARY: This rulemaking updates statutory and rule references and removes a duplicative disciplinary guideline.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The division's economic analysis of the adverse impact or potential regulatory costs of the proposed rule did not exceed any of the criteria established in Section 120.541(2)(a), Florida Statutes. As part of this analysis, the division concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the division determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. Additionally, no interested party submitted additional information regarding the economic impact.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

The applicant shall have received a score on that examination which is equal to or greater than the score required by Florida.

(2) The following requirements apply to applicants, who elect not to apply through subsection (1) for endorsement, and who have held a valid license to practice geology in another state, trust, territory or possession of the United States for at least ten years before the date of application submittal, provided the license is active at the time of application submittal or has expired not more than two years prior to application submittal:

~~(3) For all applicants for licensure by endorsement, the Board will review the licensure examination results for the applicant's current license, certificate, or registration to practice geology to determine if the applicant received a score on such examination which was equal to or greater than the score required for licensure by examination in the State of Florida. Only those applicants who received a score on the licensure examination for their current license, certificate, or registration which was equal to or greater than the score required by this state for licensure by examination shall be eligible for licensure as a professional geologist by endorsement.~~
