Section IV Emergency Rules

DEPARTMENT OF HEALTH

RULE NO.: RULE TITLE:

64ER20-35 Standards for Production of Edibles

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: Pursuant to Chapter 2020-114, § 14, Laws of Florida, the Department is not required to make findings of an immediate danger to the public, health, safety, or welfare.
REASON FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES: The Department of Health is directed by Chapter 2020-114, § 14, Laws of Florida, to adopt emergency rules to implement section 381.986, Florida Statutes.

SUMMARY: Emergency Rule 64ER20-35 repeals and replaces 64ER20-33, F.A.C., and describes the standards for production of edibles by medical marijuana treatment centers, including the shapes and forms of permissible edibles, prohibited ingredients, and sanitation requirements.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Christopher Ferguson at Christopher.Ferguson@flhealth.gov.

THE FULL TEXT OF THE EMERGENCY RULE IS:

64ER20-35 Standards for Production of Edibles

(1) An MMTC that produces edibles must comply with all requirements for food establishments in Chapter 500, F.S., and any rules adopted pursuant to that chapter.

(2) All edibles must be produced by the MMTC in the MMTC’s department-approved processing facility and packaged and labeled in accordance with s. 381.986, F.S., and the department’s MMTC Packaging and Labeling rule.

(3) Before producing and dispensing edibles, an MMTC must:

(a) Comply with the variance procedure in Rule 64-4.023, F.A.C., and obtain department approval of the edible:

1. Through the variance request procedure, an MMTC must obtain approval of each edible product the MMTC intends to produce and dispense. The variance request must demonstrate that the proposed edible, including its packaging and labeling, are compliant with s. 381.986, F.S., and department rules. Each variance request will be considered on a case-by-case basis.

2. As part of the variance approval process, the MMTC must submit a picture or detailed depiction of the proposed edible bearing the universal symbol, and the measurements of the edible and universal symbol, if applicable.

(b) Provide the department with a copy of a current valid permit to operate as a food establishment pursuant to Chapter 500, F.S., from the Department of Agriculture and Consumer Services; and

(c) Provide the department with documentation from a nationally accredited certifying body that the MMTC’s processing facility, including the area where edibles will be produced, has passed a Food Safety Good Manufacturing Practices inspection.

(4) Edibles shall be one of the following shapes (including the three-dimensional form of each shape):

(a) Square;

(b) Circle;

(c) Rectangle;

(d) Triangle;

(e) Parallelogram;

(f) Oval; or

(g) Diamond.

(5) Edibles shall be in one of the following forms:

(a) Lozenges. For purposes of this rule, a “lozenge” is a hard edible that is held in the mouth and slowly dissolved.

(b) Gelatins. For purposes of this rule, a “gelatin” is a semi-translucent edible made with water-soluble protein derived from collagen, or a plant-based alternative.

(c) Baked goods. For purposes of this rule, a “baked good” is an edible comprised of dough or batter baked in an oven by the MMTC.

(d) Chocolates. For purposes of this rule, a “chocolate” is a solid edible made of milk chocolate, dark chocolate, or a

chocolate substitute such as carob. Chocolates may not contain any caramel, nougat, nuts, fruit, honey, marshmallows, or any other such ingredient, toppings, or fillings. However, chocolates may contain as an ingredient natural flavor or artificial flavor, as those terms are defined in 21 CFR 101.22 (4-1-20 Edition), which is incorporated by reference and available at <https://knowthefactsmmj.com/rules-and-regulations/>. Natural flavors or artificial flavors must not change the color of the chocolate and must be fully homogenized therein.

(e) Drink Powders. For purposes of this rule, “drink powder” is an edible comprised of powder which is combined with a fluid for consumption as a beverage by a qualified patient. Drink powders are exempt from the requirements of subsection (4).

(6) In the case of multi-serving edibles, each single serving portion must be physically distinct or clearly marked or delineated in a way that enables a reasonable person to determine the portion of the entire edible that constitutes a single serving. If the single serving portion is not physically distinct, it must be easily separable in order to allow the qualified patient to physically separate, with minimal effort, the single serving portion.

(7) An MMTc shall not produce or dispense any edibles that:

(a) Contain any color additives, whether natural or artificial;

(b) Contain or bear a reasonable resemblance to commercially available candy. For the purposes of this rule, a product bears a reasonable resemblance to commercially available candy if the product is similar in appearance to an existing candy product that is familiar to the public as a widely distributed, branded food product, such that the edible could be mistaken for the branded product, especially by children;

(c) Bear any markings, symbols, images, graphics, or words, other than the universal symbol, as described herein;

(d) Are decorated with icing, sprinkles, or other toppings of any kind; or

(e) Are a primary or bright color. Edibles shall be produced in a manner to minimize color intensity and other color and visual characteristics attractive to children.

(8) Edibles shall not contain the following prohibited ingredients:

(a) Meat, poultry, or fish. For purposes of this rule, gelatin is not considered meat, poultry, or fish;

(b) Anything other than marijuana oil and ingredients that meet the definitions of “food” or “food additive” in s. 500.03, F.S.;

(c) Commercially manufactured food products that were not produced by the MMTc, unless the products are used as an ingredient in a manner that renders them unrecognizable as the

original commercial food product and the MMTc does not state or advertise the edible contains the commercially manufactured food products;

(d) Any additive that increases potency or toxicity, or any psychoactive substance (e.g. nicotine, alcohol, and caffeine).

(9) Edibles shall be marked with the universal symbol, unless impractical.

(a) It shall be considered impractical to mark a single serving portion of an edible with the universal symbol when the edible is so small that a mark, stamp, or imprint of 1/16 inch by 1/16 inch would not fit on the edible or when the edible is made of a substance that cannot be marked, stamped or imprinted (e.g. drink powder).

(b) The universal symbol shall be:

1. Marked on at least one side of each single serving portion of an edible such that the universal symbol is distinguishable and easily recognizable;

2. Centered either horizontally or vertically on each single serving portion of an edible;

a. If centered horizontally on an edible, the height and width of the universal symbol shall be of a size that is at least 25% of the single serving’s width, but not less than 1/16 inch by 1/16 inch;

b. If centered vertically on an edible, the height and width of the universal symbol shall be of a size that is at least 25% of the single serving’s height, but not less than 1/16 inch by 1/16 inch; and

3. Used only by MMTcs licensed by the department.

(10) Tetrahydrocannabinol (THC) content in edibles shall meet the following requirements:

(a) A multi-serving edible may not contain more than 200 milligrams of THC. A single serving edible, or a single serving portion of a multi-serving edible, may not exceed 10 milligrams of THC.

(b) Edibles may have a potency variance of up to 15 percent from the 200 milligram and 10 milligram THC thresholds in paragraph (10)(a).

(11) In addition to the food sanitation requirements in Chapter 500, F.S., and rules adopted pursuant to that chapter, an MMTc shall ensure that:

(a) All edibles are shelf stable. For purposes of this rule, “shelf stable” means that the edible can be safely stored at room temperature in a sealed container and does not require refrigeration after opening;

(b) Edibles are not to be dispensed after the labeled expiration date. Expired edibles shall be disposed of in accordance with the MMTc Marijuana Waste Management and Disposal rule;

(c) Edibles on display in a dispensing facility are contained in a secure, locked case, cabinet, or container;

(d) Edibles and edible ingredients are stored, displayed, transported and handled in a sanitary manner and under such conditions and temperatures to protect against contaminants unsafe for human consumption as defined by the CMTL Definitions rule; and

(e) Edibles and edible ingredients are protected from dust, insects, rodents, or other vermin, toxic materials, unclean equipment and utensils, germs, flooding by sewage, and overhead leakage.

(12) Except as provided herein, an MMTC may not sell, offer, or dispense any other food or beverages to its customers, other than complimentary water.

(13) An MMTC must immediately institute recall procedures upon discovery or receipt of written notice that a recall of edibles is required in accordance with s. 381.986(8)(e)11.d., F.S. Recall procedures shall include direct communication of the recall to all affected qualified patients and caregivers and a press release. The press release must be published in a publication of general circulation in the geographical area in which the recalled edibles were dispensed and on the MMTCs website. The direct communication and press release must include, at a minimum:

(a) The product name and batch number of the recalled edibles;

(b) The specific reason for the recall;

(c) The location of the dispensing facilities that dispensed the recalled edibles;

(d) The date range that the recalled edibles were dispensed;

(e) An instruction not to consume the recalled edibles;

(f) An explanation of how affected qualified patients or caregivers can return the recalled edibles; and

(g) The contact information of the MMTC for communications regarding the recall.

(14) An MMTC must provide written notice to the department of any disciplinary action proposed by the Department of Agriculture and Consumer Services in connection with the MMTC's permit to operate as a food establishment. Such notification by the MMTC must be provided to the department within one business day of receiving an administrative complaint, a stop-sale order, a stop-use order, a release order, a destruction order, a notice of non-compliance, a permit suspension or revocation, or an immediate final order for any alleged violations of Chapter 500, F.S., or any rules adopted pursuant to that chapter.

(15) If an MMTC has obtained prior approval of a usable product that now meets the definition of edible, the MMTC must comply with the variance request procedure in Rule 64-4.023, F.A.C., and obtain department approval of the edible, which shall include packaging and labeling that complies with the MMTC Packaging and Labeling rule. An MMTC shall have six months from the effective date of this rule to obtain such

approval and to discontinue dispensation of usable products and packaging that have not received department approval as an edible through the variance request procedure.

64ER20-36 MMTC Regulatory Compliance Testing

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: Pursuant to Chapter 2020-114, § 14, Laws of Florida, the Department is not required to make findings of an immediate danger to the public, health, safety, or welfare.

REASON FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES: The Department of Health is directed by Chapter 2020-114, § 14, Laws of Florida, to adopt emergency rules to implement section 381.986, Florida Statutes.

SUMMARY: Emergency Rule 64ER20-36 establishes procedures for regulatory compliance testing of Final Products, including requirements for resampling and retesting of Retail Batches that fail regulatory compliance testing.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Christopher Ferguson at Christopher.Ferguson@flhealth.gov.

THE FULL TEXT OF THE EMERGENCY RULE IS:

64ER20-36 MMTC Regulatory Compliance Testing

(1) The capitalized terms used in this rule shall have the same meaning as provided in the CMTL Definitions rule.

(2) An MMTC must contact a Certified Marijuana Testing Laboratory (CMTL) and arrange for the CMTL to select and collect a random and representative sample of Final Product from every Retail Batch for regulatory compliance testing from an MMTC's department-approved processing facility or department-approved fulfillment and storage facility.

(3) All Final Products must pass regulatory compliance testing as provided in the CMTL Sample Testing rule prior to being transported by an MMTC to a dispensing facility and prior to being dispensed to a qualified patient or caregiver.

(4) Within 14 calendar days of receipt of a failed Certificate of Analysis from a CMTL due to Contaminants Unsafe for Human Consumption, an MMTC must:

(a) Provide the department with a completed Notification of Resampling and Retesting form as provided in paragraph (5)(a):

(b) Provide the department with a completed Notice of Remediation form as provided in the MMTC Remediation rule; or

(c) Provide notice to the department via email to OMMUlabs@flhealth.gov indicating that the MMTC will dispose of the Retail Batch in accordance with the MMTC Marijuana Waste Management and Disposal rule.

(5) An MMTC may arrange for a previously failed Retail Batch to be resampled and retested by a CMTL.

(a) Prior to the resampling and retesting of a previously failed Retail Batch, the MMTC must provide the failed Certificate of Analysis together with completed Form DH 8024-OMMU-10/2020, Notification of Resampling and Retesting, which is incorporated by reference and available at <https://knowthefactsmmj.com/rules-and-regulations/> to the department via email to OMMUlabs@flhealth.gov. An MMTC must arrange for resampling and retesting of the previously failed Retail Batch within 30 calendar days of submission of the Notification of Resampling and Retesting form to the department.

(b) Prior to the resampling and retesting of a previously failed Retail Batch, the MMTC must ensure the CMTL conducting resampling and retesting has a copy of the failed Certificate of Analysis.

(c) The previously failed Retail Batch must be quarantined, clearly marked “not for retail sale,” and shall not be transported by the MMTC to any dispensing facility or dispensed to a qualified patient or caregiver except as provided in subparagraph (5)(d)2.

(d) A previously failed Retail Batch must pass two complete regulatory compliance tests using two new samples in order for the Retail Batch to be eligible for dispensation by an MMTC. The previously failed Retail Batch may only be resampled and retested twice.

1. If the previously failed Retail Batch passes the first retest, an MMTC may arrange for the Retail Batch to be retested again by a CMTL.

2. If the previously failed Retail Batch passes the second retest, the Retail Batch is eligible for dispensation by the MMTC. An MMTC must provide two passing Certificates of Analysis for the previously failed Retail Batch to the department via email to OMMUlabs@flhealth.gov prior to removing the Retail Batch from quarantine and transferring it to a dispensing facility or dispensing it to a qualified patient or caregiver.

3. If the previously failed Retail Batch fails either retest, the MMTC shall dispose of the Retail Batch in accordance with the MMTC Marijuana Waste Management and Disposal rule or

remediate it if permitted by the MMTC Remediation rule. The MMTC shall provide the department with the appropriate notice required by paragraph (4)(b) or (4)(c).

(e) If a CMTL is unable to complete regulatory compliance testing after sampling as provided in the CMTL Submission of Product for Testing rule, the MMTC from which the sample was collected may have the impacted Retail Batch(es) resampled and tested as an initial Retail Batch sample.

(6) If a Retail Batch fails regulatory compliance testing due to the labeled potency of total active THC, total active CBD, or any individual cannabinoid printed on the Final Product packaging, the MMTC shall correct the labeled potency to display the accurate concentration measured by the CMTL prior to dispensing the Final Product to qualified patients or caregivers.

(7) An MMTC may request testing of marijuana at any point during cultivation or processing. However, such testing does not exempt an MMTC from regulatory compliance testing in accordance with CMTL rules prior to dispensing the Final Product to qualified patients or caregivers.

(8) An MMTC shall bear the costs associated with resampling and retesting of a previously failed Retail Batch.

WATER MANAGEMENT DISTRICTS

Southwest Florida Water Management District
ST. JOHNS RIVER WATER MANAGEMENT DISTRICT,
SOUTH FLORIDA WATER MANAGEMENT DISTRICT
AND SOUTHWEST FLORIDA WATER MANAGEMENT
DISTRICT GIVE NOTICE OF DISTRICT DECISION

The St. Johns River Water Management District (SJRWMD), South Florida Water Management District (SFWMD), and Southwest Florida Water Management District (SWFWMD) (collectively, the Districts) give notice of their decision approving the 2020 Central Florida Water Initiative Regional Water Supply Plan (CFWI RWSP), which was jointly developed by the Districts in coordination with stakeholders. The documents are further described below:

1. **2020 CFWI RWSP** is available at https://www.cfwiwater.com/pdfs/CFWI_2020-Public_Review_Final-Draft_VolI_Rpt_10-18-2020.pdf
2. **Appendices to 2020 CFWI RWSP** is available at https://www.cfwiwater.com/pdfs/CFWI_2020_Final-Appendices-10-18-2020.pdf

The 2020 CFWI RWSP was developed and approved to implement Section 373.709, Florida Statutes (F.S.). In the 2020 CFWI RWSP, the Districts have determined that existing sources of water are not adequate in all of Orange, Osceola, Polk, and Seminole Counties, and southern Lake County (CFWI Planning Area) to supply water for all existing and future reasonable-beneficial uses and to sustain the water resources and related natural systems through 2040. The CFWI Planning Area shall be considered a Water Resource Caution Area (WRCA) for the purposes of Section 403.064, F.S. The 2020 CFWI RWSP identifies alternative water supply (AWS) projects from which water suppliers may choose for meeting water supply needs within the designated WRCA. Although AWS projects added to the 2020 CFWI RWSP are potentially eligible for certain District funding, there is no assurance of funding.

The file(s) containing the 2020 CFWI RWSP are available for inspection Monday through Friday, except for legal holidays, 8:00 a.m. – 5:00 p.m., at the following locations: St. Johns River Water Management District Headquarters, 4049 Reid St., Palatka, Florida, 32177-2529; South Florida Water Management District Headquarters, 3301 Gun Club Road, West Palm Beach, Florida 33406; Rosie Byrd, District Clerk, (561)682-6805; and Southwest Florida Water Management District Headquarters, 2379 Broad Street, Brooksville, FL 34604. If you wish to receive a copy, please submit your request to the Office of Business and Administrative Services, St. Johns

River Water Management District; Office of the District Clerk of the South Florida Water Management District, Attention: Rosie Byrd, District Clerk; or General Services Bureau, Southwest Florida Water Management District, Attention: Peggy Meinhardt, Records Manager at the addresses listed above. You may also review these documents by using your web browser to go to the website described above.

A person whose substantial interests may be affected by the Districts' decision on this regional water supply plan or the designation of the CFWI Planning Area as a water resource caution area has the right to request an administrative hearing in accordance with Section 120.569 and 120.57, F.S., and Chapter 28-106, Florida Administrative Code (F.A.C.). Persons seeking a hearing on the Districts' decision which affects or may affect their substantial interests shall file a petition for hearing in accordance with the filing instructions set forth herein, within twenty-one (21) days of the publication of this notice. A petition must comply with subparagraph 120.54(5)(b)4. and paragraph 120.569(2)(c), F.S., and Chapter 28-106, F.A.C. Mediation pursuant to Section 120.573, F.S., is not available. Because the administrative hearing process is designed to formulate final agency action, the timely filing of a request for hearing may result in the District's final action being different from its original action. Any person who receives written notice of the Districts' decision and fails to file a written request for hearing within the timeframe described above waives the right to request a hearing on that decision.

A petition for hearing must be filed in accordance with the following:

· For those whose substantial interests are affected within the SJRWMD, a request for hearing must be filed with (received by) the District either by delivery at the office of the District Clerk at District Headquarters, P. O. Box 1429, Palatka Florida 32178-1429 (4049 Reid St., Palatka, FL 32177) or by e-mail with the District Clerk at Clerk@sjrwmd.com. A petition for an administrative hearing is deemed filed upon receipt of the complete petition by the District Clerk at the District Headquarters in Palatka, Florida. Petitions received by the District Clerk after 5:00 p.m., or on a Saturday, Sunday, or legal holiday, shall be deemed filed as of 8:00 a.m. on the next regular District business day. The District's acceptance of petitions filed by e-mail is subject to certain conditions set forth in the District's Statement of Agency Organization and Operation (issued pursuant to Rule 28-101.001, F.A.C.), which is available at www.sjrwmd.com/agency_statement.pdf. These conditions include, but are not limited to, the petition being in the form of a PDF or TIFF file and being capable of being stored and printed by the District. Further, pursuant to the District's Statement of Agency Organization and Operation, attempting

to file a petition by facsimile is prohibited and shall not constitute filing.

· For those whose substantial interests are affected within SFWMD, a petition for administrative hearing must be filed with the Office of the District Clerk. Filings with the Office of the District Clerk may be made by mail, hand-delivery, or e-mail. Filings by facsimile will not be accepted. A petition for an administrative hearing is deemed filed upon receipt during normal business hours by the Office of the District Clerk at SFWMD Headquarters in West Palm Beach, Florida. The District's normal business hours are 8:00 a.m. – 5:00 p.m., excluding weekends and District holidays. Any document received by the Office of the District Clerk after 5:00 p.m. shall be deemed filed as of 8:00 a.m. on the next regular business day. Additional filing instructions are as follows:

o Filings by mail must be addressed to the Office of the District Clerk, P.O. Box 24680, West Palm Beach, Florida 33416. Filings by hand-delivery must be delivered to the Office of the District Clerk. Delivery of a petition to the SFWMD's security desk does not constitute filing. It will be necessary to request that the SFWMD's security office contact the Office of the District Clerk. An employee of the SFWMD's Clerk's office will receive and file the petition.

o Filings by e-mail must be transmitted to the Office of the District Clerk at clerk@sfwmd.gov. The filing date for a document transmitted by electronic mail shall be the date the Office of the District Clerk receives the complete document. A party who files a document by email shall: (1) represent that the original physically signed document will be retained by that party for the duration of the proceeding and of any subsequent appeal or subsequent proceeding in that cause and that the party shall produce it upon the request of other parties; and (2) be responsible for any delay, disruption, or interruption of the electronic signals and accepts the full risk that the document may not be properly filed.

· For those whose substantial interests are affected within the Southwest Florida Water Management District, a request for hearing must be filed with and received by the Agency Clerk of the District at the District's Tampa Service Office, 7601 US Highway 301 North, Tampa, Florida 33637, by hand delivery, U.S. Mail or other delivery service, or by facsimile at 1(813)367-9776 or 1(813)367-9772. A request for hearing must be filed with (received by) the District by hand delivery, U.S. Mail, or other delivery service addressed and sent or delivered to the District’s Agency Clerk at the District’s Tampa Service Office, 7601 U.S. Highway 301 North, Tampa, FL 33637, or by Facsimile to the Agency Clerk at 1(813)367-9776 or 1(813)367-9778 within twenty-one (21)

Failure to file a request for hearing within the specified time period shall constitute a waiver of any right any such person may have to request a hearing pursuant to Sections 120.569 and 120.57, F.S., and Rule 28-106.111, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the timely filing of a request for hearing may result in the District’s final action being different from its original action. A person whose substantial interests are or may be affected by the District’s final action has the right to become a party to the proceeding, in accordance with the requirements set forth above.
