Prisoners who are “Pending Delivery” have not been physically delivered to a reception center and received into the custody of the Department. “Pending Delivery” also applies when the Department has received a prisoner’s paperwork but has not yet received physical custody of the prisoner. be awarded incentive gain time pursuant to subsection ~~(4)~~ of this rule, 33-601.101(3), F.A.C.

~~(4)(3)~~ How credited. For inmates eligible to receive consideration under this section, the following procedures shall be used.

(a) Each inmate eligible for consideration for the award of incentive gain time shall receive gain time evaluations based upon their ~~his~~ institutional adjustment as reflected in evaluations from security, work, and program components, if assigned. If it becomes necessary to make corrections to the inmate's monthly security, work, or program evaluations after the evaluations have ~~already~~ been submitted, the request for correction along with the reasons for the correction shall be submitted in writing to the Department head for approval. The approved corrections shall be submitted to the classification officer or their ~~his~~ designee, who shall make the necessary changes.

1. The security evaluation is the rating of an inmate's institutional adjustment that includes evaluation of all areas of daily institutional routine, with the exception of the inmate's work and program assignments. The security rating for the month shall be determined by reviewing through the review of the four security behavioral objectives, while considering the inmate's capabilities. The security rating is to be determined by observations of the evaluator, ~~notations on the inmate's Housing Officer Contact Card, and information from other staff sources, and any written notations~~ regarding the inmate's behavior, including notations on the inmate's Form DC6-256, Housing Officer Contact Card. Form DC6-256 is incorporated by reference in Rule 33-601.313, F.A.C. Observable behavior by the evaluator, information from other staff sources, and any security behavioral objectives not met due to negative or unsatisfactory reasons must be documented in writing and made available upon request. The employee completing the security evaluation shall not complete the inmate's performance evaluation for the same month. The following security behavioral objectives shall be considered when completing the monthly security rating:

a. The employee completing the security evaluation shall not complete the inmate's performance evaluation for the same month.

b. The following security behavioral objectives shall be considered when completing the monthly security rating:

~~(I)a-~~ Hygiene: grooming and personal cleanliness.

~~(II)b-~~ Appearance: care of issued clothing and compliance with uniform regulations.

~~(III)c-~~ Conduct: adherence to rules, regulations, procedures, and orders and respect for others.

~~(IV)d-~~ Maintenance of living quarters: appearance and cleanliness of assigned living area.

2. The performance evaluation is the rating of the inmate's performance in work and program assignments. The ~~monthly~~ performance rating for the month shall be determined by reviewing through the review of the five performance behavioral objectives, while considering the inmate's capabilities. The performance rating is to be determined by observations of the evaluator, information from other staff sources, and any written notations regarding the inmate's performance behavior objectives, including notations on the inmate's Form DC6-256, Housing Officer Contact Card. Behavior observable by the evaluator, information from other staff sources, and any performance behavior objectives not met due to negative or unsatisfactory reasons must be documented in writing and made available upon request.

a. ~~The employee completing the performance evaluation shall not complete the inmate's security evaluation for the same month.~~

b. The following performance behavioral objectives shall be considered when completing the monthly performance rating:

(I) more than one full time assignment, the assignment of the longest duration shall be used to determine ~~utilized for determining~~ the inmate's monthly performance evaluation.

~~(II) In a month in which the full or half time assignments are of equal duration, the assignment closest to the end of the month shall be used~~ utilized to determine the inmate's monthly performance evaluation.

~~(III) In a month in which an inmate has any half time assignments, both half time evaluations shall be completed. The half time assignment of the longest duration in both a.m. time period and the p.m. time period shall be used to determine~~ utilized for determining the inmate's performance evaluation. In determining the work and program performance evaluation for the half time assignments, the work and program rating reflects the same rating as the two half time assignments if the ratings are the same. If the two half time ratings are different, the overall work and program evaluation shall reflect the lesser of the two ratings.

d. In a month in which the inmate's status is inmate:

~~(I) Is designated a medical health classification work grade (W-5);~~ or

~~(II) Is in medical staging at a reception center;~~ or

~~(III) Is housed in the Corrections Mental Health Institution, Crisis Stabilization Unit, Transitional Care Unit, Hospital or Infirmary;~~ and

~~(IV) The status as described in (I) 1., (II) 2. or (III) 3. is of a longer duration than any work or program assignment during the month,~~ then the inmate's performance evaluation shall be derived from a rating submitted by the health care provider who has the primary health care responsibility for the inmate. The health care provider shall evaluate the inmate on the following behavioral objectives:

of the issuance of an Order regarding the Petition for Variance or Waiver, filed on April 29, 2021, by Kevin Chester. The Notice of Petition for Variance or Waiver was published in Vol. 47, No. 94, of the May 14, 2021, Florida Administrative Register. Charalambides, regarding subsection 61G15-20.007(2), F.A.C., which states, "College Level Examination Programs (CLEP) examinations that are outlined at <http://clep.collegeboard.org/exams> may be recognized as satisfying education deficiencies, provided the exams are in courses that meet the requirements of paragraph (1)(b), above. CLEP exams in biology, chemistry, natural sciences, and/or calculus may be used to meet the requirements of paragraph (1)(a), above. The Board of Podiatric Medicine hereby gives notice:

that on May 10, 2022, an Order was filed on the Petition for Variance or Waiver. The Petition for Variance or Waiver was filed by Robby Caballes, D.P.M. on March 04, 2022, seeking a variance or waiver of Rule 64B18-17.005, F.A.C., which requires that during the first biennium or within 24 months of initial licensure, whichever ends later, practitioners are required to obtain five (5) hours of continuing education in the subject area of risk management by attending one full day of a meeting of the Board of Podiatric Medicine at which disciplinary hearings are conducted. The practitioner is then exempt from any other continuing education requirements for his or her first renewal except for a 1-hour course on human trafficking and the hours mandated for prevention of medical errors and HIV/AIDS. Petitioner sought a temporary waiver from this biennium renewal period (01/15/2020-03/31/2022). Due to current vacancies on the Florida Board of Podiatric Medicine, the Board currently lacks a quorum and, as such, is unable to conduct disciplinary hearings.

The Notice of Petition for Variance or Waiver was published in Vol.48, No.47, on March 09, 2022, in the Florida Administrative Register. No comments were received on the Petition. The Board, at its meeting held on April 08, 2022, voted to grant the Petition for Variance or Waiver finding that the purpose of the underlying statute would be or has been achieved by other means and that the strict application of the rule would create a substantial hardship and/or would violate the principles of fairness.

STATE BOARD OF ADMINISTRATION

Estimated Capacity

NOTICE IS HEREBY GIVEN by the State Board of Administration of Florida (the “Board”) of the estimated borrowing capacity, estimated claims-paying capacity, and projected balance of the Florida Hurricane Catastrophe Fund (the “Fund”) as of December 31, 2022, in compliance with the requirements of Section 215.555(4)(c)2., Florida Statutes. These estimates relate to the 2022-2023 Reimbursement Contract Year. The projected year-end fund balance available for reimbursement of participating insurers on December 31, 2022, is estimated to be \$12.7 billion, which represents the amount of assets available to pay claims resulting from Covered Events which may occur during the June 1, 2022 through May 31, 2023 Contract Year, not including any bond proceeds. The estimated claims-paying capacity consists of the estimated borrowing capacity and the projected year-end cash balance. Additional liquidity is provided by \$3.5 billion from Series 2020A pre-event bonds. The projected year-end fund balance of \$12.7 billion is net of losses and loss reserves from Hurricanes Irma (2017) and Michael (2018), which the FHCF’s consulting actuary has estimated to be \$9.25 billion. For May 2022, based on an estimated borrowing capacity of \$8.0 billion, and \$12.7 billion projected year-end fund balance, the Fund’s total estimated claims-paying capacity over the next 12 months is \$20.7 billion, which exceeds the \$17 billion limit on the Fund’s single-season obligations as specified by Section 215.555(4)(c)1., Florida Statutes, for the contract year. The borrowing capacity estimate is dependent on many factors, such as the credit rating of the debt, the amount of emergency assessments available for funding the debt, the limitations or constraints of the financial markets to absorb potential debt issuances, the time necessary to access such markets, and the existing level of interest rates at the time of issuance. Greater detail may be obtained in the May 26, 2022 Claims-Paying Capacity Estimates Report, which can be found on the Fund’s website at [www.sbafla.com/fhcf/](http://www.sbafla.com/fhcf/) under “Bonding Program.” The Board recognizes that its good faith estimates are subject

to changing market conditions that can dramatically impact the Fund’s actual claims-paying capacity either positively or negatively. Current conditions may or may not be the same if and when the Board determines that it is necessary to issue revenue bonds. Participating insurers who rely on these estimates should recognize the potential impact the financial market can have on the Board’s claims-paying ability and plan accordingly.
