PURPOSE AND EFFECT: The Board proposes the rule amendment to clarify and update the rule language for conversion procedures.

SUMMARY: The proposed rule amendment clarifies the rule language for conversion procedures.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly

regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

The following is a summary of the agency's disposition of the petition: The following is a summary of the agency's disposition of the petition: In the Petition, Petitioner asks since the regulations do not speak to whether a specific level (I Superficial, II Medium, III deep) of chemical peel is permitted but do confirm that a licensed facial specialist can perform them, I am wanting to know if a licensed facial specialist can perform a Level III chemical peel, specifically this one [BioRevitalization Peel PRX-TSS @]. Petitioner cites to paragraph 61G5-18.00015(1)(b), F.A.C. The Notice of Petition for Declaratory Statement was published in Vol. 48, No. 239, on March 18, 2022, in the Florida Administrative Register.
