THE FULL TEXT OF THE PROPOSED RULE IS:

5K-10.005 Guidelines for Imposing Administrative Penalties.

(1) This rule sets forth the guidelines the Department will follow in imposing the penalties authorized under

Chapter 502, F.S., for violations of Chapter 502, F.S., and this rule chapter. The purpose of these guidelines is to give notice of the range of penalties that will be imposed for a single violation within a three-year period. The three-year period shall

be based on the date of the last administrative enforcement action imposed against the violator. These guidelines list aggravating and mitigating factors that, if present, will increase or reduce penalties to be imposed. No aggravating factors will be applied to increase a fine imposed for a single violation above the statutory maximum as follows:

(a) In the case of a frozen dessert licensee, the fine imposed for each violation shall not exceed \$5,000 as provided in section 570.971, F.S., for Class II category;

(b) In the case of failure to report the information described in section 502.053(3)(d), F.S., the fine imposed shall not exceed ten percent of the license fee or \$100, whichever is greater; and

(c) In the case of any other violation, the fine imposed shall not exceed \$1000 for each occurrence as provided in section 570.971, F.S., for a Class I category.

(2) The guidelines in this rule are based upon a single count violation of each provision listed. Multiple counts of the violated provision or a combination of the listed violations will be added together to determine an overall total penalty and will be grounds for enhancement of penalties.

(3) The Department will enforce compliance with Chapter 502, F.S., and this rule chapter by issuing an administrative complaint, a stop-sale order, or stop-use order, notice of non-compliance, permit suspension or revocation for violations of Chapters 502, F.S., and this rule chapter.

(4) Nothing in this rule shall limit the ability of the Department to informally dispose of administrative actions by settlement agreement, consent order, or other lawful means.

(5) Rule Not All-Inclusive. This rule contains illustrative violations. It does not, and is not intended to, encompass all possible violations of statute or Department rule that might be committed by any person. The absence of any violation from this rule shall in no way be construed to indicate that the violation does not cause harm to the public or is not subject to a penalty. In any instance where the violation is not listed in this rule, the penalty will be determined by consideration of:

(a) The closest analogous violation, if any, that is listed in this rule; and

(b) The aggravating or mitigating factors listed in this rule.

(6) Aggravating and Mitigating Factors. The Department will consider aggravating and mitigating factors in determining penalties for violations of Chapters 502, F.S., and this rule chapter. The factors shall be applied against each single count of the listed violation.

(a) Aggravating Factors:

1. The violation caused, or has the potential to cause, harm to the public and the degree or extent of such harm.

2. The violation endangered the public safety or welfare.

3. Previous violations for the same or a similar offense that resulted in enforcement action, defined as follows:

a. First Offense. A violation of any law subject to penalty under Chapter 502, F.S., when no disciplinary administrative complaints involving the same permitholder have been filed with the Agency Clerk within the three years preceding the date the current administrative complaint is issued.

b. Second Offense. A violation of any law subject to penalty under Chapter 502, F.S., after one disciplinary administrative complaint involving the same permitholder has been filed with the Agency Clerk within the three years preceding the date the current administrative complaint is issued, even if the current violation is not the same as the previous violation.

c. Third and Any Subsequent Offense. A violation of any law subject to penalty under Chapter 502, F.S., after two disciplinary administrative complaints involving the same permitholder has been filed with the Agency Clerk within the three years preceding the date the current administrative complaint is issued, even if the current violation is not the same as the previous violation.

4. The violation history over the past three years.

5. The violation was repeated within one year.

6. The violator impeded, or otherwise failed to cooperate with, the Department's inspection and/or investigation.

7. Whether the violation resulted from negligence or an intentional act.

8. The cost of enforcement action.

9. The number of other violations proven in the same proceeding.

10. The benefit to the violator.

(b) Mitigating Factors:

1. Any documented efforts by the violator at rehabilitation.

2. Whether intentional actions of another party prevented the violator from complying with the applicable laws or rules.

3. Acts of God or nature that impaired the ability of the violator to comply with Chapter 502, F.S., or this rule chapter.

4. The violation has a low risk of, or did not result in, harm to the public health, safety, or welfare.

5. The disciplinary history of the violator.

6. The violator expeditiously took affirmative or corrective action after it received written notification of the violation to rectify any financial damage or harm to the public.

7. If a repeat violation, whether three years has passed since the prior violation.

(7) The provisions of this rule chapter shall not be construed so as to prohibit or limit any other civil action or criminal prosecution that may be brought.

(8) In addition to the penalties established in this rule, the Department reserves the right to seek to recover any other costs,

penalties, attorney's fees, court costs, service fees, collection costs, and damages allowed by law.

(9) Penalties.

(a) Minor Violation. Any Department investigation or inspection which reveals violations of this rule chapter in which the Department determines that the violator was unaware of the rule or unclear as to how to comply with it will result in the issuance of a Notice of Non-Compliance as the Department's first response to the violation. For the purposes of this rule, the following violations shall be considered minor and shall result in the issuance of a notice of noncompliance:

1. Violations to sections 5K-10.003(1) and (2), F.A.C., pertaining to dating standards for milk, milk products, manufactured milk products and frozen desserts, where the violation has a low potential for causing economic or physical harm to a person, adversely affecting the public health, safety, or welfare, or creating a significant threat of such harm if left uncorrected.
