	NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 48 No. 14, January 21, 2022 issue of the Florida Administrative Register.

The form will be incomplete if the member selected married for the marital status, but did not include the spouse’s name, last four numbers of the social security number, address and/or the Investment Plan Administrator does not already have the information listed. The

Plan Administrator will notify the member and request that the member complete and submit a corrected form.

Before the spousal rollover may be made, any required minimum distributions due as of the year of rollover first must be made, as required minimum distributions can never be rolled over. If it is the year of the deceased member's death, and deceased member had not received his or her required minimum distribution before death, that distribution must be made before the rollover. If it is any year after the year of death, the required minimum distribution due to the beneficiary must be made before a rollover can occur.

~~4.3.~~ If an election is made to maintain the account in the deceased member's name and to take required minimum distributions under the life expectancy payout option, the surviving spouse must begin receiving distributions by the later of: December 31 of the year after the member's death; or December 31 of the year the deceased member would have reached age 72 (age 70 ½ for members whose 70th birthday occurred prior to July 1, 2019).

~~5.4.~~ If an election is made to maintain the account in the deceased member's name but the surviving spouse fails to make an election to take a life expectancy payout option by the later of December 31 of the year after the member's death; or December 31 of the year the deceased member would have reached age 72, then the surviving spouse will be required to receive a lump-sum distribution by December 31 of the year after the year of death or to take distributions under one of the following rules:

a. If the member dies before his or her required beginning date, then distributions must be made within 10 years.

b. If the member dies on or after his or her required beginning date, then the remaining life expectancy of the member is used as the required payout period.

(b) through (e) No change.

(14) through (19) No change.

19-11.003 Distributions from FRS Investment Plan Accounts.

(1) No change.

(2) Distributions are available after the member terminates all employment with all FRS-participating employers.

WATER MANAGEMENT DISTRICTS

Suwannee River Water Management District

Notice of Extension of Regulatory Plan Deadlines

RULE NO.: RULE TITLE:

40B-400.091 Publications and Agreements Incorporated by Reference

The Suwannee River Water Management District (District) hereby provides notice of extension of the deadline set forth in subsection 120.74(5), Fla. Stat., requiring publication of a Notice of Proposed Rule by April 1 for certain rules listed on the District’s 2021-2022 Regulatory Plan. More specifically, the deadline for publication of a Notice of Proposed Rule is extended for Rule 40B-400.091, F.A.C.

a) Concise statement identifying issues causing the delay in rulemaking:

As required by paragraph 373.4131(6)(a), F.S. (2020), by January 1, 2021, the Florida Department of Environmental Protection (Department), in conjunction with the water managements districts, must begin rulemaking to update the environmental resource permitting stormwater design and operation regulations using the most recent scientific information available. To date, the Department has held thirteen Technical Advisory Committee (TAC) meetings to provide a forum for engaging the public on the technical aspects of this rulemaking effort. The Department anticipates holding rule workshops to discuss proposed rule language. The Department will publish a Notice of Proposed Rule once that rule language is finalized. Water management district staff will request authorization from their respective governing boards to publish a Notice of Proposed Rule at that time.

b) Applicable notice as published in the Florida Administrative Register:

Notice of Rule Development for Rule 40B-400.091 was published in the FAR on December 21, 2020, (Vol. 46, No. 246).

Expiration: Pursuant to subsection 120.74(5), Fla. Stat., this extension expires on October 1, 2022.

FLORIDA LAND AND WATER ADJUDICATORY COMMISSION

Notice of Receipt of Petition

Westview South Community Development District

On November 29, 2021, the Florida Land and Water Adjudicatory Commission (“FLWAC” or “Commission”) received a petition to establish the Westview South Community Development District (“the District”) from Taylor Morrison of Florida, Inc (“Petitioner”). The Commission will follow the requirements of Chapter 42-1, F.A.C., and Chapter 190, F.S., as amended, in considering the petition.

SUMMARY OF CONTENTS OF PETITION: The Petitioner requests the establishment of the District to consist of approximately 919.040 acres of land, located within both Osceola County and Polk County, Florida. The site is generally located northwest of the intersection of Poinciana Parkway and Cypress Parkway. According to the petition, the initial board members of the proposed District are: Heather Isaacs, Nora Schuster, Damon Cascio, Julie Aragona, and Jeff Stalder.

SUMMARY OF ESTIMATED REGULATORY COSTS: A statement of estimated regulatory costs (SERC) was prepared at the request of the District. The complete text of the SERC is contained as Exhibit 7 to the petition. Generally, the SERC indicates:

- The proposed establishment of the District is not anticipated to have any direct or indirect adverse impact on economic growth, job creation, employment, private sector investment, business competitiveness, or regulatory costs;
- The proposed establishment of the District will involve the State, Polk County, Osceola County, and current and future property owners of the land located within the proposed District. The proposed establishment of the District will result in limited review costs to the reviewing agency and other state and local government entities;
- If approved, the proposed District will incur costs for operations and maintenance of its facilities and for its administration. These costs will be funded by the landowners through direct funding agreements or special assessments levied by the District.
- If approved, the proposed District will directly increase regulatory costs to the landowners within the District. The Petition indicates that the increases in regulatory costs, principally the anticipated increases in transactional costs as a result of likely imposition of special assessments and use fees by the District, will be the direct result of facilities and services provided by the District to the landowners within the District;
- The proposed establishment of the District is not expected to have a negative impact on state or local revenues;
- The proposed establishment of the District is not expected to have a negative impact on small businesses; and
- The proposed establishment of the District is not expected to have an impact on small counties or cities as Polk County and Osceola County are not defined as “small” counties.
