 Proposed Rules**

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Board of Professional Engineers

RULE NO.: 61G15-32.004
 RULE TITLE: Design of Water Based Fire Protection Systems

PURPOSE AND EFFECT: The Board proposed the rule amendment to revise the rule language for an industry term or concept to the most current professional terminology for water based fire protection systems.

SUMMARY: To revise the rule language for an industry term or concept to the most current professional terminology.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 471.008, 471.033(2) FS.

LAW IMPLEMENTED: 471.033(2) FS.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE IS: Zana Raybon, Executive Director, Board of Professional Engineers, 2400 Mahan Drive, Tallahassee, FL 32308; (850)521-0500 or by electronic mail, ZRaybon@fbpe.org.

Notice of Petitions and Dispositions Regarding Declaratory Statements

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Board of Architecture and Interior Design

NOTICE IS HEREBY GIVEN that the Board of Architecture and Interior Design has issued an order disposing of the petition for declaratory statement filed by Miguel R. Rodriguez, Petitioner, on November 17, 2023. The following is a summary of the agency's disposition of the petition:

Petitioner asked the Board, "Is it the intent of this rule to require the use of a third-party verification of the licensee's electronically or digitally applied signature?" "Is a digital

signature one which is applied by the creating software using a defined key or code generated by the document's originating software?" "In contrast, is an electronic signature one which is directly applied by the licensee, on the computer, using tools available for such purposes?" "May Petitioner use the verification method provided by the software creating the portable document file (pdf) the sole verification required by 61G1-16.005(2)(b), F.A.C.?" "If so, when Petitioner's drawings are signed and sealed by such electronic means are they considered to have been signed and sealed in compliance with the Statutes and Rules without further signature, seal, verification, or other documentation?" The Notice of Petition for Declaratory Statement was published in Vol. 50, No. 29, on February 12, 2024, in the Florida Administrative Register. The Boards Order was filed on March 26, 2024. The Board, at its meeting held on January 26, 2024, answers the question posed in paragraph 1.a. outlined in the Order, that the intent of rule 61G1-16.005(2)(b), F.A.C., is to not require the use of a third-party verification of the licensee's electronically or digitally applied signature. The Board states that the signature must be capable of verification inside the native software without use of a third party to verify same. The Board declines to answer the question posed in paragraphs 1.b. through 1.d, outlined in the Order.

A copy of the Order Disposing of the Petition for Declaratory Statement may be obtained by contacting: Stacey Buccieri, Executive Director, Board of Architecture and Interior Design, 2601 Blair Stone Road, Tallahassee, FL 32399-0790, (850) 717-1400 or by electronic mail – Stacey.Buccieri@myfloridalicense.com
