 RULE TITLE: Continuing Education  
 (61G5-32.001)

**NOTICE OF CHANGE**

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 24, No. 40, October 2, 1998, issue of the Florida Administrative Weekly. In addition to the changes set forth below, the rule will be renumbered to 61G5-32.001 since it appropriately belongs in a new rule chapter. The rule shall read as follow:

61G5-32.001 Continuing Education Requirements for License and Registration Renewal; Continuing Education Provider Approval; Continuing Education Course Approval.

(1) Prior to the expiration of each biennial licensure period, and as a condition for renewal of their cosmetology license or specialty registration, all licensed cosmetologists and registered specialists shall complete a minimum of sixteen (16) hours of continuing education which shall include, at a minimum, all of the following subjects as they relate to the practice of cosmetology:

(a) A minimum of two (2) hours of instruction regarding HIV/AIDS and other communicable diseases which shall consist of:

1. education on the modes of transmission, infection control procedures, clinical management, and prevention of HIV and AIDS; and,
2. discussion of attitudes towards HIV and AIDS as well as appropriate behavior in dealing with persons who may have the virus or syndrome.

(b) A minimum of three (3) hours of instruction regarding sanitation and sterilization which shall consist of instruction regarding:

1. universal sanitation and sterilization precautions;
2. how to distinguish between disinfectants and antiseptics; and,
3. how to sanitize hands and disinfect tools used in the practice of cosmetology.

(c) A minimum of one (1) hour of instruction regarding Occupational Safety and Health Administration regulations.

(d) A minimum of one (1) hour of instruction regarding issues of workers' compensation as they pertain to Florida law.

(e) A minimum of two (2) hours of instruction regarding state and federal laws and rules as they pertain to cosmetologists, cosmetology, salons, specialists, specialty salons, and booth renters; specifically including but not limited to Chapter 477, Florida Statutes, and the Rules of the Board. At a minimum this instruction shall include the following:

1. the laws and rules of the Board that protect the health, safety, and welfare of the consumer;
2. the laws and rules of the Board that determine where and when individuals may legally practice cosmetology and specialties;
3. the functions of the Board of Cosmetology, how its members are appointed, and their duties;
4. the laws and rules of the Board which specify prohibited conduct, and the penalties for failure to follow the laws and rules;
5. salon requirements and inspections; and,
6. the dates, fees, and requirements for renewal of cosmetology licenses, salon licenses, and specialty registrations.

(f) A minimum of two (2) hours of instruction regarding chemical makeup as it pertains to hair, skin, and nails.

(g) A minimum of one (1) hour of instruction regarding environmental issues.

(h) A minimum of four (4) hours of continuing education to be composed of additional instruction in any of the subjects set forth above or such other subject or subjects as the licensee may choose provided that the subject or subjects chosen relate to the practice of cosmetology and serve to ensure the protection of the public; and, provided that the course in which such subjects are taught has been approved by the Board prior to its being taught for continuing education purposes, and provided the licensee or registrant has not previously taken the course during the current licensure period.

(2) Home study courses, video courses, and courses which are given at cosmetology conferences may be counted toward the required hours of continuing education provided that, prior to their being taught, they have been approved by the Board as including instruction in subjects as set forth by this rule and as complying with all other requirements as set forth in this rule.

(3) All continuing education home study courses shall include a written post-course examination which must be graded by the course provider. Post-course examinations may be open-book examinations. In order to receive continuing education credit for the course, licensees or registrants must achieve a 75% passing score on all post-course examinations.

(4) All licensees and registrants who successfully complete a continuing education course shall be provided with a certificate of completion by the provider of the continuing education course which shall indicate the provider's name and provider number, the course title and course number, the licensee's or registrant's name and license or registration number, the date the course was completed, and the total number of hours successfully completed in each subject covered by the continuing education course. All licensees and registrants shall retain the certificate of completion for all continuing education courses successfully completed by the licensee or registrant for a period of not less than three (3) years following the first license or registration renewal following the completion of the course.

(5) Any licensee or registrant who is found by the Board to have failed to comply with the continuing education requirements as set forth by this rule shall be required to take a continuing education refresher course of such hours, not to exceed forty-eight (48), as the Board may feel merited by the facts of the licensee's or registrant's situation and violation, in addition to any other penalty imposed by the Board for having violated the continuing education requirements. In determining the appropriate number of additional hours of continuing education to be completed by the licensee or registrant, the Board will consider the total number of hours and the required continuing education subjects already completed by the licensee or registrant during the licensure period, and any facts or explanation offered by the licensee or registrant to explain the failure to complete all required continuing education. The requirement to take a continuing education refresher course under this paragraph shall be in addition to any and all other continuing education requirements imposed on the licensee or registrant by this rule.

(6) PROVIDER APPROVAL AND REQUIREMENTS –

(a) All providers of continuing education courses must be approved by the Board prior to offering continuing education courses. All individuals or organizations seeking to be approved as a continuing education provider shall submit to the Department, or if the Department shall contract with a private entity to administer the continuing education program then to such private entity, no later than 60 days prior to the next scheduled Board meeting at which the application is to be considered for approval. A complete application for continuing education provider status shall consist of the following items and information:

1. a completed application on Form DBPR 3001-32PA, Cosmetology Continuing Education Provider Approval/Renewal Application, which is hereby incorporated by reference, effective \_\_\_\_\_, copies of which may be obtained from the Board office, or if the Department shall contract with a private entity to administer the continuing education program then from such private entity;

2. a fee of \$250; and

3. a sample copy of the certificate of completion which the provider shall supply to all licensees or registrants who successfully complete courses given by the provider. The certificate of completion shall indicate on its face areas for the inclusion of the information as required by subparagraph (6)(d) of this rule.

(b) Upon approval by the Board of the individual or organization as a continuing education provider, a continuing education provider number will be assigned to the provider; and, shall be included in all future correspondence or submissions by the provider to the Board, the Department, or any private entity contracted with by the Department to administer the continuing education program.

(c) Once the Department shall contract with a private entity to administer the continuing education program, then for each continuing education course taught, all continuing education providers shall submit to such private entity, a list of all attendees successfully completing the continuing education course within 21 days of the completion of the course. The list shall include the provider's name and provider number, the course title and course number, the licensee's or registrant's name and license or registration number, the date the course was completed, and the total number of hours successfully completed in each subject covered during the continuing education course. For home study courses offered by a continuing education provider, the provider shall supply the name and license or registration number for each individual successfully completing the course within 21 days following the determination by the provider that the individual has successfully completed the home study course together with the provider's name and provider number, the home study course title and course number, and the date the course was completed. All lists and information shall be provided to the private entity in such form as determined by private entity.

(d) All continuing education providers shall provide a certificate of completion to all licensees and registrants who successfully complete a continuing education course which shall indicate on the certificate's face the provider's name and provider number, the course title and course number, the licensee's or registrant's name and license or registration number, the date the course was completed, and the total number of hours successfully completed in each subject covered by the continuing education course.

(e) Each continuing education provider shall maintain records of attendance or completion for all continuing education courses offered or taught by the provider for a period of not less than three years following the offering of each course or the receipt of documentation of completion of a home study course. Upon request, these records shall be made available for inspection by the Department or the private entity contracted with by the Department to administer the continuing education program at such reasonable time and location as determined by the Department or the private entity.

(f) If the Department contracts with a private entity to administer the continuing education program, all continuing education providers shall submit all required forms and information, and shall pay all required fees directly to the private entity.

(g) Approval as a continuing education provider shall be valid for a period of two years from the date of approval by the Board. After the expiration of a continuing education provider's approval, the provider may not offer or teach any continuing education courses for credit toward the required hours of continuing education until the provider has renewed its approval as a continuing education provider. Applications for renewal of approval as a continuing education provider shall be submitted to the Department, or if the Department shall contract with a private entity to administer the continuing education program then to such private entity, no later than 90 days prior to the expiration of the provider's approval; and shall contain all of the items and information required for initial approval as a continuing education provider as set forth in subparagraph (6)(a) of this rule. Approval as a continuing education provider shall remain valid while an application for renewal is pending before the Board provided the renewal application is complete and was received before the scheduled expiration of the provider's approval.

(h) Any substantive changes regarding the information contained in the provider's application for approval, or previously submitted by the provider to the Department or to a private entity contracted with by the Department to administer the continuing education program, shall be filed with the Department, or if the Department shall contract with a private entity to administer the continuing education program then with such private entity, within 30 days of the change occurring.

(i) At any time, the Board shall deny or rescind its approval of a continuing education provider if it finds that such approval is sought or was received by fraud or misrepresentation by the provider, the provider has failed to adhere to the standards and other requirements as set forth in this rule, or that the provider has engaged in fraudulent behavior relating to the provision of continuing education. Before rescinding approval of a continuing education provider, the Board shall give the provider notice and an opportunity to be heard. If the Board denies or rescinds its approval of a

continuing education provider because of the provider's fraud or misrepresentation, then the continuing education provider shall thereafter be barred from presenting any continuing education courses to licensees or registrants for credit unless the provider demonstrates to the Board that the provider has been sufficiently rehabilitated to be trusted to provide such courses to licensees or registrants in the future. Recision of a continuing education provider's approval shall also operate as a recision of all previously approved continuing education courses for all future offerings by the provider.

(7) COURSE APPROVAL AND REQUIREMENTS –

(a) Except as noted below, all proposed continuing education courses, including those courses which are to be taught at cosmetology conferences, home study, and video courses, must be approved by the Board prior to their being offered or taught for continuing education credit; and, may only be offered or taught by the continuing education provider submitting the course for approval.

(b) All continuing education courses must comply with the requirements as set forth in this rule, including but not limited to those regarding the required subjects and topics to be included in the proposed course. All proposed continuing education courses regarding HIV/AIDS and other communicable diseases must also comply with the requirements as set forth in Rule 61G5-18.011. All HIV/AIDS courses which have been approved by any other board in accordance with Sections 381.0034, 381.0035, 455.226, or 455.2228, Florida Statutes, and basic AIDS educational courses presented by the Florida Department of Health or other state health departments shall not be required to be approved by the Board prior to their being offered or taught for continuing education credit, and may be offered or taught by individuals and organization who have not been approved by the Board as a continuing education provider provided they otherwise meet the requirements of this rule and Rule 61G5-18.011. Licensees and registrants who complete an HIV/AIDS course as described in this paragraph shall ensure that their completion of the course is properly reported to the Department, or if the Department shall contract with a private entity to administer the continuing education program then to such private entity.

(c) Continuing education providers seeking approval of a continuing education course shall submit a complete application for continuing education course approval to the Department, or if the Department shall contract with a private entity to administer the continuing education program then to such private entity, no later than 60 days prior to the next scheduled Board meeting at which the course is to be considered for approval. A complete application for continuing education course approval shall consist of the following:

1. a completed application on Form DBPR 3001-32CA, Cosmetology Continuing Education Course Approval Application, which is hereby incorporated by reference,

effective \_\_\_\_\_, copies of which may be obtained from the Board office, or if the Department shall contract with a private entity to administer the continuing education program then from such private entity;

2. if the Department shall contract with a private entity to administer the continuing education program, a fee in the amount of \$100;

3. a course outline which includes the subjects, topics, and subtopics to be presented in the course, and a list of all reference and source materials;

4. if the proposed continuing education course consist of a home study course, a copy of the written post-course examination which will be used to test licensees and registrants comprehension and understanding of the subjects, topics, and subtopics presented in the course;

5. evidence of the method to be used by the attendees of the course for evaluation of the learning experience and instructional methods used in the course; and

6. instructor resumes, if applicable, listing the instructor's educational qualifications or evidence of appropriate skills or knowledge in the subject matter of the course. Instructors must possess sufficient skills and knowledge in the subject areas being taught.

(d) Upon approval by the Board of a continuing education course, a continuing education course number will be assigned to the course; and, shall be included in all future correspondence or submissions by the continuing education provider to the Board, the Department, or any private entity contracted with by the Department to administer the continuing education program. The continuing education course number and continuing education provider number shall be included in all advertisements, promotions, or other announcements concerning an approved course. No course may be advertised as an approved course until the course has been approved by the Board and received a course number.

(e) All continuing education home study courses shall include a written post-course examination which must be graded by the course provider. Post-course examinations may be open-book examinations. In order to receive continuing education credit for the course, licensees or registrants must achieve a 75% passing score on all post-course examinations.

(f) All continuing education courses shall include a method to be used by the attendees of the course for evaluation of the learning experience and instructional methods used in the course.

(g) Upon the successful completion of a continuing education course all licensees and registrants shall receive a certificate of completion for the course which shall indicate on its face all information as required by subparagraph (6)(d) of this rule. One hour of credit will be awarded for each 50 minute classroom hour or for each 50 minutes of home study material.

(h) Approval of a continuing education course shall be valid for a period of two years from the date of approval by the Board. After the expiration of a continuing education course approval, the course may not be offered or taught for credit toward the required hours of continuing education; and, must be again approved by the Board prior to its being offered or taught for continuing education credit. Applications for approval of a continuing education course shall be submitted to the Department, or if the Department shall contract with a private entity to administer the continuing education program then to such private entity; and, shall contain all of the items and information required for initial approval as a continuing education course as set forth in subparagraph (7)(c) of this rule.

(i) Any substantive changes regarding the information contained in the provider's application for course approval, or previously submitted by the provider to the Department or to a private entity contracted with by the Department to administer the continuing education program, shall be filed with the Department, or if the Department shall contract with a private entity to administer the continuing education program then with such private entity, within 30 days of the change occurring.

(j) At any time, the Board shall deny or rescind its approval of a continuing education course if it finds that such approval is sought or was received by fraud or misrepresentation by the provider, that the course which is being provided fails to cover the information required by statute or this rule or otherwise fails to meet the requirements specified in this rule, that the course significantly varies from the course proposal that was approved by the Board, or that the course provider has engaged in fraudulent behavior related to the provision of the course. Before rescinding approval of a continuing education course, the Board shall give the course provider notice and an opportunity to be heard. If the Board denies or rescinds its approval of a continuing education course because of the course provider's fraud or misrepresentation, then the continuing education provider shall thereafter be barred from presenting any continuing education courses to licensees or registrants for credit unless the provider demonstrates to the Board that the provider has been sufficiently rehabilitated to be trusted to provide such courses to licensees or registrants in the future.

(k) A course which constitutes a sales presentation or is limited to an artistic demonstration will not be approved for continuing education credit.

(8) EFFECTIVE DATE – This rule shall apply to all licensed cosmetologists and registered specialists under Chapter 477, Florida Statutes; and, shall not apply to any registered hair braiders or registered hair wrappers. Those licensees and registrants who are currently licensed or registered and whose license or registration is scheduled to expire on October 31, 1999, shall not be required to complete the continuing education requirement as set forth in this rule

for the renewal of their current license or registration; but, shall be required to complete all continuing education requirements set forth in this rule as a condition of all renewals of their license or registration after November 1, 1999. Those licensees and registrants whose current license or registration is scheduled to expire on October 31, 2000, shall only be required to complete the HIV/AIDS continuing education requirement and six (6) hours of additional continuing education as a condition of renewing their current license or registration. The six (6) hours of additional continuing education shall be composed of such subject or subjects excluding HIV/AIDS as the licensee or registrant may choose provided they comply with all requirements as set forth by this rule. Those licensees and registrants whose license or registration shall expire after October 31, 2000, shall be required to complete and comply with all continuing education requirements as set forth in this rule as a condition for the renewal of their license or certificate. **NOTICE OF CHANGE**

Notice is hereby given that changes are being made to the rule identified above as published in Vol. 24, No. 51, Florida Administrative Weekly, on December 18, 1998. These changes are the result of comments made by Florida Legal Services in a letter received by the department on January 11, 1999. The comments requested changes in two forms incorporated in the

rule by reference and wording changes in the published text to assure that proper and adequate notice is afforded those affected by the rule.

In response to comments about the forms, the department has revised three forms incorporated by reference in this proposed rule amendment and, as a result, has changed the edition date to January 1999 for each of these forms.

CF-ES 2092 now provides that the 30 day enrollment period for other KidCare programs begins either with the effective date of Medicaid termination stated on the Notice of Case Action or with the date of the appeal hearing final order upholding agency action in terminating Medicaid.

No changes have been made in the information provided on CF-ES 2093. However, the wording that conveys the information, including the form title, has been amended to simplify and clarify the information. These changes were made due to the CF-ES 2093 being similar in format and use to the CF-ES 2092.

CF-ES 2083 now references "KidCare health coverage" or "KidCare" rather than simply "Medicaid". Additionally, the word "citizenship" in the form title and in the body of the form is changed to "immigration status", and the word "alien" is changed to "non-citizen".

The specific changes in rule text are as follows:

Sub-paragraph 65A-1.705(5)(c), in the second sentence, following the words "completion of" is amended to read, "KidCare Medicaid/Healthy Kids Program Immigration Status Citizenship Statement, CF-ES 2083, Jan. 99 Sept. 98".

Sub-paragraph 65A-1.705(5)(e), in the first sentence, following the words "the notice," is amended to read, "Important Information About Your ~~on~~ Ineligibility To Receive ~~for~~ Medicaid, CF-ES 2093, Jan. 99 Sept. 98". The second sentence of the same sub-paragraph, following the words, "instructed to mail", is amended to read, "the notice, the copy of the ~~and~~ application and the premium payment to Florida Healthy Kids". The third sentence of the same sub-paragraph, following the words "the notice," is amended to read, "Important Information About Your ~~on~~ Loss of Medicaid Eligibility To Receive Medicaid, CF-ES 2092, Jan. 99 Sept. 8". Following the third sentence of the same sub-paragraph, insert a new sentence to read, "In addition to form CF-ES 2092 or CF-ES 2093, the family will receive form CF-ES 2601, Notice of Case Action (incorporated by reference in rule 65A-1.400)."

New sub-paragraph 65A-1.705(5)(f), is added as follows, "Copies of the forms CF-ES 2083, CF-ES 2084, CF-ES 2092, CF-ES 2093 and the Florida Healthy Kids and Florida KidCare Program Application, as incorporated by reference in rule paragraph 65A-1.705(5), may be obtained from the

Department of Children and Family Services, Economic Self-Sufficiency Program Office, 1317 Winewood Boulevard, Tallahassee, Florida 32399-0700."
