4-138.044 Required Opinions.

(1) through (2) No change.

(3) Exemption Eligibility Tests.

(a) Any Category A company that for any year, beginning with calendar year 1993, for which the annual statement is due on March 1, 1994, meets all of the following criteria shall be eligible for exemption from submission of a statement of actuarial opinion in accordance with rule 4-138.046 of this part for the year in which these criteria are met. The ratios in 1., 2., and 3. below shall be calculated based on amounts as of the end of the calendar year for which the actuarial opinion is applicable.

1. The ratio of the sum of capital and surplus to the sum of cash and invested assets is at least equal to .10.

2. The ratio of the sum of the reserves and liabilities for annuities and deposits to the total admitted assets is less than .30.

3. The ratio of the book value of the medium to lower quality obligations to the sum of capital and surplus is less than .50.

4.a. The Examiner Team for the NAIC, in applying the criteria set forth in the NAIC's Annual Statement Instructions/Life, Accident and Health; and 1998; and the NAIC's Accounting Practices and Procedures Manual for Life and Accident and Health Insurance Companies, ~~1998~~ as adopted and incorporated by reference in rule 4-137.001(4) and in the NAIC's Financial Examiners Handbook (~~1998~~) as adopted and incorporated by reference in rule 4-138.001, has not designated the company as:

i. a first priority company in any of the two (2) calendar years preceding the calendar year for which the actuarial opinion is applicable, or

ii. a second priority company in each of the two (2) calendar years preceding the calendar year for which the actuarial opinion is applicable, or

b. The company has resolved the first or second priority status to the satisfaction of the Department of Insurance of the state of domicile.

(b) Any Category B company that for any year, beginning with calendar year 1993, for which the annual statement is due on March 1, 1994, meets all of the following criteria shall be eligible for exemption from submission of a statement of actuarial opinion in accordance with rule 4-138.046 of this part for the year in which the criteria are met. The ratios in 1., 2., and 3. below shall be calculated based on amounts as of the end of the calendar year for which the actuarial opinion is applicable.

1. The ratio of the sum of capital and surplus to the sum of cash and invested assets is at least equal to .07.

2. The ratio of the sum of the reserves and liabilities for annuities and deposits to the total admitted assets is less than .40.

3. The ratio of the book value of the medium to lower quality obligations to the sum of capital and surplus is less than .50.

4.a. The Examiner Team for the NAIC, in applying the criteria set forth in the NAIC's Annual Statement Instructions/Life, Accident and Health; and 1998, and the NAIC's Accounting Practices and Procedures Manual for Life and Accident and Health Insurance Companies, ~~1998~~ as adopted and incorporated by reference in rule 4-137.001(4) and in the NAIC's Financial Examiners Handbook (~~1998~~) as adopted and incorporated by reference in rule 4-138.001, has not designated the company as:

i. a first priority company in any of the two (2) calendar years preceding the calendar year for which the actuarial opinion is applicable, or

ii. a second priority company in each of the two (2) calendar years preceding the calendar year for which the actuarial opinion is applicable, or

b. The company has resolved the first or second priority status to the satisfaction of the insurance supervisory official of the state of domicile.

(c) Any Category A or Category B company that meets all of the criteria set forth in paragraph (a) or (b) of this subsection, whichever is applicable, is exempted from submission of a statement of actuarial opinion in accordance with rule 4-138.046 of this part unless the Department makes a specific finding, based on an analysis of the company's financial statement, that compliance is necessary in order for the Department to determine that the life and health insurer or the fraternal benefit society is in compliance with chapters 624, 625, 626, 627, or 632 of the Insurance Code; or the Department has reason to believe that the financial statement upon which the calculations are based is incomplete, inaccurate, or otherwise not in compliance with rule 4-137.001, Florida Administrative Code; or the company is using such methods and practices in the conduct of its business as to render its further transaction of insurance in this state hazardous or injurious to the policyholders or to the public.

(d) Any Category A or Category B company that, for any year beginning with calendar year 1993, for which the annual statement is due on March 1, 1994, is not exempted under paragraph (c) of this subsection shall be required to submit a statement of actuarial opinion in accordance with rule 4-138.046 of this part for the year for which it is not exempt.

(e) Any Category C company that, after submitting an opinion in accordance with rule 4-138.046 of this part, meets all of the following criteria shall not be required, unless required in accordance with paragraph (f) below, to submit a statement of actuarial opinion in accordance with rule 4-138.046 of this part more frequently than every third year.

Any Category C company which fails to meet all of the following criteria for any year shall submit a statement of actuarial opinion in accordance with rule 4-138.046 of this part for that year. The ratios in 1., 2., and 3. below shall be calculated based on amounts as of the end of the calendar year for which the actuarial opinion is applicable.

1. The ratio of the sum of capital and surplus to the sum of cash and invested assets is at least equal to .05.

2. The ratio of the sum of the reserves and liabilities for annuities and deposits to the total admitted assets is less than .50.

3. The ratio of the book value of the medium to lower quality obligations to the sum of the capital and surplus is less than .50.

4.a. The Examiner Team for the NAIC, in applying the criteria set forth in the NAIC's Annual Statement Instructions/Life, Accident and Health; and 1998, and the NAIC's Accounting Practices and Procedures Manual for Life and Accident and Health Insurance Companies, ~~1998~~ as adopted and incorporated by reference in rule 4-137.001(4) and in the NAIC's Financial Examiners Handbook (~~1998~~) as adopted and incorporated by reference in rule 4-138.001, has not designated the company as

i. a first priority company in any of the two (2) calendar years preceding the calendar year for which the actuarial opinion is applicable, or

ii. a second priority company in each of the two (2) calendar years preceding the calendar year for which the actuarial opinion is applicable, or

b. The company has resolved the first or second priority status to the satisfaction of the Department of Insurance of the state of domicile.

(f) Any company which is not required by this rule 4-138.044 to submit a statement of actuarial opinion in accordance with rule 4-138.046 of this part for any year shall submit a statement of actuarial opinion in accordance with rule 4-138.045 of this part for that year unless, pursuant to rule 4-138.044(3)(c), the Department requires a statement of actuarial opinion in accordance with rule 4-138.046 of this part.

(4) Large Companies. Every Category D company shall submit a statement of actuarial opinion in accordance with rule 4-138.046 of this part for each year, beginning with calendar year 1993, for which the annual statement is due on March 1, 1994.

THE PRELIMINARY TEXT OF THE PROPOSED RULE DEVELOPMENT IS:

12D-7.0143 Additional Homestead Exemption Up To \$25,000 for Persons 65 and Older Whose Household Income Does Not Exceed \$20,000 Per Year.

(1) The following procedures shall apply in counties and municipalities that have granted an additional homestead exemption up to \$25,000 for persons 65 and older on January 1, whose adjusted gross household income for the prior year does not exceed \$20,000 per year.

(2) Beginning January 1, 2001, the \$20,000 income limitation shall be adjusted annually on January 1 by the percentage change in the average cost-of-living index.

(3) A taxpayer claiming the additional exemption is required to submit a sworn statement of adjusted gross income of the household to the property appraiser by March 1. The sworn statement must be supported by copies of federal income tax returns for the prior year and any wage earnings statements for each member of the household to be submitted to the property appraiser by June 1.

(4)(a) Proof of age shall be prima facie established for persons 65 and older by submission of one of the following:

1. Certified copy of birth certificate.
2. Florida driver's license or Florida Identification card.
3. Baptismal Certificate, displaying full name and date of birth.
4. Copy of life insurance policy that has been in effect for at least 2 years, showing full name and date of birth.

5. Marriage certificate, showing full name and date of birth.

6. Passport.

7. Permanent Resident Card (formerly known as Alien Registration Card).

8. Certified school records.

9. Certified census records.

10. Any other official and/or certified record or document that demonstrates the applicant's true age to the satisfaction of the property appraiser.

(b) In the absence of one of these forms of identification, the property appraiser may rely on appropriate proof.

12D-7.017 Exemption of Homes for the Aged.

(4) Before an exemption may be granted to an applicant as a home for the aged, the following requirements must be satisfied as of January 1 of the tax year for which the request for exemption from ad valorem taxation is sought:

(1)(a) No change.

~~(2)(b)~~ The home for the aged is non-profit under the criteria of section 196.195, Florida Statutes. The home for the aged may be a corporation not for profit or a Florida limited partnership, the sole general partner of which is a corporation not for profit;

~~(3)(e)~~ No change.

~~(2) If the home for the aged existed or was under construction on or before April 1, 1995, the lease of the subject property by the applicant nonprofit corporation to a Florida limited partnership in which the sole general partner is the nonprofit corporation, for the purpose of allocating tax credits under section 42(h)(5) of the Internal Revenue Code of 1986, will not disqualify the applicant from receiving the exemption.~~

THE PRELIMINARY TEXT OF THE PROPOSED RULE DEVELOPMENT IS:

12D-8.005 Assessing Property Not Returned as Required by Law and Penalties Thereon.

(1) Beginning with tax year 2000, the property appraiser is required to grant an extension of 30 days for the filing of a tangible personal property tax return upon written request of the taxpayer and may, at his or her discretion, grant an additional extension for the filing of a tangible personal property tax return for up to 15 additional days. Such request for extension must be made in time for the property appraiser to consider the request and act on it before the regular due date of the return. However, a property appraiser may not require that a request for extension be made more than 10 days prior to the due date of the return. A request for extension, at the option of the property appraiser, shall include any or all of the following: the name of the taxable entity, the tax identification number of the taxable entity, and the reason a discretionary extension should be granted. The property appraiser may grant up to 45 days extension (to May 16) to file a tangible personal property return. The due date without extension is April 1.

RULE NOS.:

Certain Times 12D-13.002

Refunds 12D-13.009

Lands Available for Taxes 12D-13.064

**PURPOSE AND EFFECT:** The purpose of proposed amendment to Rule 12D-13.002, F.A.C., is to conform the rule to section 2, Chapter 98-139, Laws of Florida, which provides for discounts on corrected tax notices.

The purpose of proposed amendment to Rule 12D-13.009, F.A.C., is to clarify that the date of a refund claim relates back to the date a certificate of correction is delivered to and received by the tax collector where the date of the certificate of correction predates the date of the taxpayer's refund application.

The purpose of proposed amendment to Rule 12D-13.064, F.A.C., is to implement 1999 legislative changes to section 197.502, F.S., under the provisions of sections 3 and 4, Chapter 99-190, Laws of Florida, which provide for cancellation of omitted ad valorem property taxes on purchases by a county or other governmental unit from the list of lands available for taxes; and that land on the list escheats to the county three years after the property was offered for tax deed sale.

**SUBJECT AREA TO BE ADDRESSED:** Discounts on corrected tax notices. Refund claim dates in relation to the date of a certificate of correction. Purchases by a county or governmental unit and escheatment of property from the list of lands available for taxes.

**SPECIFIC AUTHORITY:** 195.027(1), 213.06(1) FS.

12D-13.002 When Taxes are Due; Notice of Publication; Discounts if Taxes are Paid Before Certain Times.

(1) through (4) No change.

(5) The four-percent discount shall commence running the day after the mailing of the original tax notices. Where the tax collector makes a correction to a tax notice not requested by a taxpayer, the corrected tax notice is considered to be the original tax notice. When a taxpayer makes a request ~~within 30 days of mailing of the initial tax notice~~ to have the original tax notice corrected and it is subsequently corrected, the discount rate for early payment applicable at the time the request for correction is made will apply for 30 days after the shall run from the day after mailing of the corrected tax notice. It shall be the property owner's responsibility to make a timely request, but this shall not preclude the tax collector or property appraiser from making such corrections and mailing corrected tax notices.

(6) No change.

12D-13.009 Refunds.

(1) This rule shall apply to all ad valorem tax refunds. A claim for refund not processed in accordance with this rule section shall not constitute exhaustion of administrative remedies.

(a) For purposes of this rule section, the terms "claim," "application," or "request" for refund shall all mean the tendering of a signed and notarized Form DR-462, Application for Refund of Ad Valorem Taxes (incorporated by reference in Rule 12D-16.002, F.A.C.), to the tax collector. When a certificate of correction, Form DR-409 (incorporated by reference in Rule 12D-16.002, F.A.C.), from the property appraiser predates the Form DR-462, the claim date shall be the date the certified Form DR-409 from the property appraiser is delivered to and received by the tax collector.

(b) through (10) No change.

12D-13.064 Lands Available for Taxes.

(1) If the tax deed application was made by the county and there are no other bidders, the clerk shall enter the land on a "List of Lands Available for Taxes". If all outstanding tax sale certificates from the land were sold after July 1, 1999, the county shall then have 90 days after the land is placed on the list of sale to purchase the land for the opening bid. If any tax sale certificates were sold on or before July 1, 1999, the 90 days shall run from the sale date. After 90 days, any person or governmental unit may purchase the land for the opening bid. Where property is purchased from the list by the county or other governmental unit for its own use, omitted years' taxes may be canceled in the manner prescribed under the provisions of section 197.447, Florida Statutes.

(2) No change.

(3) If not purchased, lands contained on the list with any certificates issued on them on or before July 1, 1999, shall escheat to the county seven years after the date on ~~in~~ which the property was offered for tax deed sale. THE PRELIMINARY TEXT OF THE PROPOSED RULE DEVELOPMENT IS:

12D-16.010 Definitions.

These rules address Electronic Data Interchange (EDI) of tangible personal property return information to property appraisers. For the purposes of this rule chapter, the terms and phrases used in these rules shall have the meanings prescribed in this section, unless a different meaning is clearly indicated by the context in which the term or phrase is used.

(1) "ACH" or "Automated Clearing House" means a central distribution and settlement point for the electronic clearing of return data between institutions rather than the physical movement of paper items.

(2) "ACH return filing" means the electronic transfer of return data generated by the taxpayer, cleared through the ACH for transfer to the property appraiser.

(3) "Addenda record" means that information required by the Department in an ACH transfer or wire transfer, in approved electronic format.

(4) "Call-in day" means the day on which a taxpayer communicates return information to the Data Collection Center.

(5) "Call-in period" means the specified time interval in each call-in day during which EDI return information received by the Data Collection Center is processed for transactions occurring on the next business day. Return information must be communicated to the Data Collection Center prior to 3:45 p.m., Eastern Time, on the call-in day to clear the ACH for transfer to the property appraiser on the next business day.

(6) "Data Collection Center" means the third party vendor, who, under contract with the Department or property appraiser, collects and processes EDI return information from taxpayers.

(7) "Department" means Florida Department of Revenue.

(8) "Due date" means the date on or before which a return is required to be made by a taxpayer under a revenue law of this state.

(9) "Electronic Data Interchange" or "EDI" means any transfer of records initiated through an electronic terminal, telephone instrument, computer, or magnetic tape using the methods specified in these rules.

(10) "Taxpayer information number" means a confidential code assigned to each taxpayer which uniquely identifies the taxpayer and allows the taxpayer to communicate return information to the Data Collection Center or Property Appraiser.

(11) "Taxpayer" means any person required to transfer a return by the electronic transfer of information. For the purpose of these rules, "person" includes any individual, firm, partnership, joint venture, association, corporation, estate, trust, business trust, receiver, syndicate, or other group or combination acting as a unit.

(12) "Trace number" means the verification code provided by the Data Collection Center upon receipt of all return information from the taxpayer which uniquely identifies the completed communication of return information.

(13) "Wire transfer" or "Fedwire" means an instantaneous information transfer generated by the taxpayer to the Property Appraiser, not by ACH.

12D-16.030 Means of Communication to Report Return Information.

(1) Taxpayers who participate in the electronic data interchange transfer program shall use one of the following means of communicating return information through the ACH method:

(a) PC entry communication of return information via a computer with a modem over a direct telephone link to the ACH.

(b) PC entry communication of return information via a computer with a modem over a direct wire or the Internet.

(2) Direct to property appraiser. An option is direct wire transfer to the property appraiser.

Specific Authority 193.052, 213.06(1) FS. Law Implemented 193.052, 193.073 FS., Ch. 99-208, L.O.F. History--New

12D-16.040 Taxpayer Information and Identity.

(1) The ACH system will be an EDI method required of taxpayers selected to remit returns by electronic data interchange.

(2) On or before November 1, the Property Appraiser will make available a written notice and an Electronic Data Interchange Transfer Authorization Form (Form DR-599, incorporated by reference in Rule 12D-16.002, F.A.C.) to all taxpayers required to remit returns by EDI in the upcoming calendar year.

(3)(a) Upon receipt of the EDI authorization form, the taxpayer must complete the form and return it to the property appraiser by February 1. Pertinent taxpayer information

provided with Form DR-599 will be furnished to the Department and the Data Collection Center. The information required to be provided with this form includes:

1. Taxpayer name;
2. Taxpayer address;
3. Taxpayer identification number;
4. Contact person (title and telephone number);
5. Signature of person authorized to sign returns.

(b) A taxpayer who requests permission to use the ACH method must submit a written request to the Property Appraiser, by December 1, which demonstrates the existence of a valid business operational reason for using the ACH method. Taxpayers will be notified of the property appraiser's decision within the month of January.

(4) Upon approval of taxpayer information, the property appraiser shall assign a confidential taxpayer identification number directly to the taxpayer to be used by the taxpayer when communicating return information to the Data Collection Center. This number shall be provided to the taxpayer prior to the date the required return is due under the EDI program for all accounts who timely file the Form DR-599 with the property appraiser.

(5) Use of the ACH return method by a taxpayer will be conditioned upon the taxpayer's agreement to provide return information to the Data Collection Center as provided in these rules.

(6) The property appraiser reserves the right to revoke the ACH return method privilege of any taxpayer who: does not consistently transmit error-free information; substantially varies from the requirements and specifications of these rules; repeatedly fails to make timely return transfers; or repeatedly fails to provide the required addenda record with the EDI transfer.

Specific Authority 193.052, 213.06(1) FS. Law Implemented 193.052, 193.073 FS., Ch. 99-208, L.O.F. History--New

12D-16.050 Taxpayer Acknowledgment.

Methods by which the taxpayer will be provided with an acknowledgment may include:

- (1) Property appraiser maintains web page with accepted returns information in it.
- (2) Acknowledgment is made at time EDI is sent by taxpayer. Property appraiser's system sends an electronic confirmation number to taxpayer in response to EDI filing that confirms integrity of receipt.
- (3) Property appraiser mails paper acknowledgment to taxpayer.

Specific Authority 193.052, 213.06(1) FS. Law Implemented 193.052, 193.073 FS., Ch. 99-208, L.O.F. History--New

12D-16.060 Uniform Format for all Counties.

(1) The acceptable format of the return may be in ASCII text or other text document or may be in graphics format such as ".pdf" or other scanned document form, as determined and specified by the property appraiser. If text, the document shall be 80 x 66 characters and record layout shall be:

[insert record layout for DR-405, records and fields]

(2) The format shall resemble Form DR-405 as closely as possible.

Specific Authority 193.052, 213.06(1) FS. Law Implemented 193.052, 193.073 FS., Ch. 99-208, L.O.F. History--New

12D-16.070 Return Data Transmission Errors.

(1) If a taxpayer does not make a correct return for a particular period, such taxpayer shall, on the nearest business day to the date on which the error is discovered, contact the property appraiser at a pre-arranged telephone number for specific instructions.

(2) In the event a taxpayer using the ACH method communicates return information to the Data Collection Center after 3:45 p.m., Eastern Time, on the business day before the due date, the return shall be posted to the taxpayer's account on the next business day following the due date and shall constitute a late return.

Cross Reference: Rule 12D-8.006, F.A.C.

12D-16.080 Procedures for Transfer.

(1) ACH Method.

(a) The taxpayer must report return information to the Data Collection Center, by the approved means of communication, no later than 3:45 p.m., Eastern Time, on the business day before the due date of the return. The Data Collection Center must be called, using the specified toll-free number, during the call-in period specified in the detailed instructions provided to EDI taxpayers. Communication by the taxpayer during the call-in period is mandatory to assure the timely posting of the taxpayer's return on the following business day.

(b) After establishing contact with the Data Collection Center, the taxpayer must transmit the following:

[insert uniform record type]

(c) Shortly after the expiration of the call-in period, the property appraiser will receive an electronic transmission from the Data Collection Center containing all the return information that has been communicated to the Data Collection Center during that call-in period.

(2) Direct wire method. The taxpayer must transmit the following:

[insert uniform record type]

(3) A trace number will be issued at the conclusion of the communication of the return information for each tax period. This number provides a means of verifying the accuracy of the recorded tax return and serves as a receipt for the transaction.

(4) Electronic transfers which are not received by the property appraiser on or before the due date of the transmitted return will constitute late returns, and the applicable late filing penalties shall apply.

Specific Authority 193.052, 213.06(1) FS. Law Implemented 193.052, 193.073 FS., Ch. 99-208, L.O.F. History--New

12D-16.090 Due Date: General Provisions.

(1) Taxpayers who are required to remit return information through EDI must initiate the transfer so that the information is received on or before the due date under the appropriate revenue law. If the date on which the taxpayer is required to initiate an EDI return transfer falls on a Saturday, Sunday, or a business or banking holiday, the taxpayer must either initiate the transfer on the preceding business day or file normally.

(2) The EDI method of transfer does not change any current filing requirements for tax returns. If the EDI transfer is not timely made or the tax return required is not filed by the due date, the provisions for late filing penalties shall apply under the provisions of the appropriate revenue law, except as provided in these rules.

(3) The provisions of Rule 12D-8.006, F.A.C., shall govern the compromise and settlement of any penalty assessed due to the late filing of an electronically filed return, except as provided in these rules.

**DEPARTMENT OF MANAGEMENT SERVICES**

**Division of Retirement**

RULE TITLE: Approved Forms  
RULE NO.: 60S-9.001

PURPOSE AND EFFECT: The purpose of this rule development is to propose the adoption of three new forms and 45 revised forms related to Florida Retirement System participation, service credit, and benefits; and to propose the deletion of 11 forms no longer needed, and the repeal of one form not required to be adopted as a rule. Many of the forms are being amended as a result of recommendations of the Division of Retirement's reengineering project. On these, the format is being changed and barcoding added to accommodate electronic scanning and routing to appropriate bureau(s) upon their completion and return to the Division.

SUBJECT AREA TO BE ADDRESSED: Form MF-2 is being adopted, in compliance with Chapter 97-180, Laws of Florida, to be used by Florida Retirement System (FRS) members to verify their eligibility to purchase military service under the out-of-state service provisions. Forms DP-PAYT and DP-TERM are new Deferred Retirement Option Program (DROP) forms to be used by DROP participants to select a payout method for their DROP benefits, and to terminate their participation in DROP, respectively. Forms FRS-400, FRS-404, BLE-1, SMS-3, SMSD-1, OCC-1, FR-9, FR-28, WC-1, FC-1, FR-23, FR-23a, FR-30, FR-13a, FR-13b, FR-13e, FR-13f, FST-12, JA-1, FST-11b, FST-11g, TR-11c, SRF-2, SRF-3, SVF-1, SVF-2, DIS-1, and JA-NUL are being revised because of a change in format and to add a barcode. Forms FRS-401, FRS-402, TR-11, TR-4, and SR-11 are being revised to include a new notary statement, to comply with Chapter 98-246, Laws of Florida. Form EOC-1 is being revised to comply with Chapter 99-392, Laws of Florida. Forms DP-11, DS-11, DT-11, FR-11, and FR-13 are being revised to include a new notary statement, to comply with Chapter 98-246, Laws of Florida, and to delete the option selection, which will be included on a different form. Form MF-1 is being revised to include a new notary statement, to comply with Chapter 98-246, Laws of Florida, and to allow a deceased member's beneficiary to verify the purchase of military service as creditable service. Form OSE-1 is being revised to include the

verification of a member's eligibility to purchase in-state, as well as out-of-state service, as creditable service, in compliance with Chapter 97-180, Laws of Florida. Form FC-1, used by participating employers to certify a member's salary prior to termination, is being revised to reference the DROP begin date as well as the termination date. Form HIS-1 is being revised to reflect a change in the Health Insurance Subsidy from \$3 to \$5 per month, in compliance with Chapter 98-413, Laws of Florida. Form FRS-M81 is being revised by increasing its size from 4 1/2" x 8 1/2" to 8 1/2" x 11" to accommodate electronic scanning of the completed form upon its return to the Division. Form DP-ELE is being revised to consolidate the election to participate in DROP for members of the Teachers' Retirement System (TRS), and the State and County Officers and Employees' Retirement System (SCOERS), as well as for FRS members. Forms DT-ELE and DS-ELE, used by TRS and SCOERS members, respectively, to elect membership in DROP, are being deleted from the rule to be replaced by the revised Form DP-ELE. Form SB-10 is being deleted from this rule because the Division of Retirement no longer administers the U. S. Savings Bonds Program for state employees. Form FRS-11o, for option selection by an FRS member, is being repealed from this rule because it requires or solicits no information not specifically required by statute as provided in 120.52(15). Form FST-40cl, for spousal acknowledgement of an FRS member's option selection, is being deleted because the same information request is included on Form FRS-11o. Form FR-17, to determine eligibility for Social Security minimum benefits, is no longer used by the Division of Retirement and is being deleted from the rule. Form MF-1B, used by a beneficiary to verify a deceased member's eligibility to purchase military service, is being deleted from the rule because Form MF-1 is being revised to consolidate verification by the member and the beneficiary. Forms FRS-OP1 and FRS-OP2, agreements for repayment of retirement benefits by monthly installments or deductions, respectively, are being deleted and will be replaced by a written letter to the member. Forms DP-PM and DP-RO, used by DROP members to select a direct payout or rollover of their DROP benefits, respectively, are being consolidated and replaced by one form, Form DP-PAYT. Form DP-TN, used by DROP members to terminate their DROP participation, is being deleted and replaced by a renamed form, Form DP-TERM.

THE PRELIMINARY TEXT OF THE PROPOSED RULE DEVELOPMENT IS:

64B8-5.001 Examinations.

(1) No change.

(2) Any applicant who attempts to qualify for licensure by successfully completing the USMLE first used in 1994 shall meet the following requirements:

(a) No change.

(b) An applicant must achieve a weighted score of no less than 75 on each step in order to be eligible for licensure in Florida.

(3) through (4) No change.

(5) Pursuant to Subsection 458.311(1)(h) and 458.313(2)(b), F.S., and for the purpose of examining any applicant ~~for licensure pursuant to Subsection 458.311, F.S., who is currently licensed in at least one other jurisdiction of the United States or Canada, and who has practiced pursuant to such license for a period of at least ten (10) years, and who does not meet the ten (10) year requirement regarding examination scores as set forth in Subsection 458.313(1)(b), F.S.,~~ the Board approves and designates the use of the Special Purpose Examination of the Federation of State Medical Boards of the United States (SPEX). An applicant must achieve a score of no less than 75 on the SPEX to be eligible for licensure in Florida. For purposes of this provision, a score of 75 or more on the SPEX which is received within four (4) years of filing an application for licensure will be accepted as completion of the examination requirement. If such score is obtained outside of Florida the applicant will not be required to re-take the SPEX or pay the fee required for purchase of the SPEX.

Specific Authority 458.309, 458.311, 458.313, 455.574(1) FS. Law Implemented 458.311, 458.313 FS. Maximum Purchase Price limits that exceed \$99,000 must receive Board approval.~~ Whenever HOME funds are used with other program funds, the most restrictive sales price limit must be used.

~~(35)(34)~~ "Moderate Rehabilitation" means the rehabilitation of a residential property at an average cost for the Development of ~~\$2,500 to less than~~ \$25,000 of HOME funds per dwelling unit.

~~(36)(35)~~ "Non-profit" means a qualified Non-profit entity as defined in Section 24 CFR Section 92.505(b)(1996), ~~and any corporation, trust, association, cooperative, or other organization which (1) is operated primarily for scientific, educational, service, charitable, or similar purposes in the public interest; (2) is not organized primarily for profit; and (3) uses its net proceeds to maintain, improve, and expand its operations.~~

~~(37)(36)~~ "Permanent Loan" or "HOME Second Mortgage Loan" means a HOME Loan converted from a portion of the Construction Loan to a Second Mortgage Loan for an Eligible Home Buyer; a recorded mortgage securing the Construction Loan which can be evidenced by a consolidated note and

mortgage and is subordinate only to the lien of the First Mortgage. Such Loans are zero percent non-amortizing loans and may be used only to assist with down payment and closing costs expenses, and to reduce the principal amount of the First Mortgage. The Permanent Loan shall be limited as follows:

(a) For the HOME Home Ownership Competitive Application Cycle, the lesser of 25 percent of the purchase price of the Home Ownership Unit or the amount necessary to enable an eligible Home Buyer to purchase a Home Ownership Unit based on the monthly mortgage payment (principal, interest, taxes and insurance) to income underwriting ratio established by the financing program offered by the First Mortgage Lender. Further, the combined loan-to-value ratio of all loans in the transaction may not exceed 105% of the lesser of the post-construction or post-rehabilitation appraised value or the purchase price of the Home Ownership Unit. The Corporation's Servicer will review all HOME Second Mortgage Loan requests to ensure that the request is the lesser of the Corporation's established limits.

(b) For HOME Loans with the Corporation's Single Family Mortgage Revenue Bond loans the maximum allocation is the least of the following: (1) twenty-five (25) percent of the lesser of the purchase price or the appraised value; (2) \$15,000; or (3) the amount needed to complete the transaction. The maximum combined loan-to-value when HOME Loans are used with the Corporation's Single Family Mortgage Revenue Bond loans is limited to 103% or as allowed in the applicable Mortgage Revenue Bond Program documents.

~~(38)~~(37) "PLP" means the Predevelopment Loan Program established by Sections 420.521-420.529, Florida Statutes and Rule Chapter 67-38, F.A.C.

~~(39)~~(38) "Review Committee" means for the Competitive Application Cycle a committee of at least five persons who will organize the scoring of the Applications. The five members will be staff of the Corporation and appointed by the Corporation's Executive Director. Meetings of the Review Committee shall be at the call of the Review Committee Chairperson who shall also be designated by the Corporation's Executive Director.

~~(40)~~(39) "Servicer" means the legal representative under contract with the Corporation having the responsibility for providing the stated services. Such services shall include, but not be limited to, home buyer eligibility, compliance monitoring, annual household occupancy verifications, Federal Labor Standards monitoring.

~~(41)~~(40) "Single-Family Mortgage Revenue Bond Program" or "SF Mortgage Revenue Bonds" or "SF MRB" means the bonds or notes of the Corporation issued to finance qualified mortgage loans in accordance with Rule Chapter 67-25, F.A.C. Participating lenders under the FHFC's Single-Family Mortgage Revenue Bond Program are eligible to make application to the State of Florida HOME Program for

a reservation of HOME Second Mortgage Loan funds, when such funds are offered with FHFC's SF MRB issues. HOME Second Mortgage loans are subordinate to SF MRB loans and are subject to the limits described in Rule 67-47.010(36)(b).

~~(41) "Sponsor" or "Development Sponsor means, for acquisition with new construction or acquisition with rehabilitation Developments, a qualified First Mortgage Lender, group of qualified First Mortgage Lender, or consortium of First Mortgage Lenders, in partnership with an Applicant (Developer or Housing Provider), who is committed to underwrite the Home Ownership Development and has a demonstrated capacity to provide first mortgage, end loan or construction and permanent financing for eligible Low Income Families who are purchasers of Home Ownership Units in the Development pursuant to the provisions of 24 CFR Part 92 (1996) and Rule Chapter 67-47, F.A.C.~~

(42) "State" means the State of Florida.

(1) HOME Home Ownership funds availability for the Competitive Application Cycle and for use with the SF MRB Program shall be noticed in the Florida Administrative Weekly ("NOFA"). The NOFA shall be published at least 60 days prior to the Application Deadline date or the beginning of the origination period for a SF MRB Program, as applicable. The NOFA shall also be mailed to each person and organization on the Corporation's HOME Home Ownership Program mailing list.

(2) The NOFA shall set forth the allocation authority available, and the Application Deadline for the Competitive Application Cycle for eligible activities enumerated in Rules 67-47.060 and 67-47.070, F.A.C., and fees.

(3) The Corporation will give funding priority to Applications for proposed Developments located in Eligible Localities. Funds will be distributed in the following order:

(a) Funds will be allocated to qualified CHDO's located in Eligible Localities, in order of ranking, until the available set-aside funds have been allocated. If unable to allocate funds to the Eligible Localities CHDO set-aside, the Corporation will next allocate to qualified CHDO Applicants any additional funds necessary to reach the required CHDO set-aside amount in order of ranking regardless of location. In order to apply under the CHDO set-aside, the CHDO Applicants must have 51 percent ownership interest in the Development or 51 percent % ownership interest in the Project held by the General Partner entity, if a partnership.

(b) Once the CHDO set-aside has been met, Applications for proposed Developments located in Eligible Localities, that satisfy the threshold score, will receive priority funding up to the amount of funds available.

(c) Upon meeting the CHDO set-aside and funding Applications for proposed Developments located in Eligible Localities, Applications that satisfy threshold score and have previously received financing through the Corporation's Predevelopment Loan Program (PLP), shall receive priority. Any remaining funds will be made available to Applications for proposed Developments, that satisfy threshold score, regardless of location.

~~(4)(3)~~ After the selection of Applicants is made pursuant to Rule 67-47.100, F.A.C., the availability of any remaining funds will be made available for eligible activities as authorized by the Corporation's Board of Directors.

~~(5)(4)~~ In the Competitive Application Cycle, Applicants that have received a previous commitment of State HOME funds for a particular Home Ownership Development and have not drawn down 75 percent of the committed HOME allocation for said Development at the time of Application are ineligible to apply for additional HOME funds for this Development, but may submit an Application for a completely new Development or for an additional phase of a previously funded Development as long as the prior phase or phases have draws in excess of or equal to 75 percent of the committed HOME allocation.

THE FULL TEXT OF THE PROPOSED RULES IS:

5-1.001 Purpose.

This rule establishes interim measures, as provided by Chapter 597, Florida Statutes, to be followed by aquaculture producers in order to obtain an aquaculture certificate of registration from the Florida Department of Agriculture and Consumer Services.

Specific Authority 570.07(23), 597.004(2)(b) FS. Law Implemented 597.002, 597.003(1)(a), 597.004(2) FS. History--New \_\_\_\_\_.

5-1.002 Definitions.

Definitions as used in rule Chapter 5-1.

(1) "Interim Measures" means practices aquaculture producers are required to follow in order to obtain an aquaculture certificate of registration prior to the implementation of specific best management practices adopted by the Department.

(2) "Proper Authorizations" means state and federal permits, approvals, exemptions, easements, proprietary authorizations, licenses, and other authorizations required prior to July 1, 1998.

(3) "Surface Waters of the State" means waters on the surface of the earth, contained in bounds created naturally or artificially, including the Atlantic Ocean, the Gulf of Mexico, bays, bayous, sounds, estuaries, lagoons, lakes, ponds, impoundments, rivers, streams, springs, creeks, branches, sloughs, tributaries, and other watercourses.

(4) "Waters in the State" means any and all water on or beneath the surface of the ground or in the atmosphere, including natural or artificial watercourses, lakes, ponds, or diffused surface water and water percolating, standing, or flowing beneath the surface of the ground, as well as all coastal waters within the jurisdiction of the state.

Specific Authority 570.07(23), 597.004(2)(b) FS. Law Implemented 597.002, 597.003(1)(a), 597.004(2),(4),(5),(6) FS. History--New \_\_\_\_\_.

5-1.003 Requirement for an Aquaculture Certificate of Registration.

All aquaculture producers shall have an aquaculture certificate of registration from the Department and apply the interim measures identified in this rule. The aquaculture certificate of registration shall have a duration as specified in s. 597.004(6), F.S., unless suspended or revoked by the Department for failure to implement and maintain the interim measures.

Specific Authority 570.07(23), 597.004(2)(b) FS. Law Implemented 597.003, 597.004, 597.0041 FS. History--New \_\_\_\_\_.

5-1.004 Aquaculture Interim Measures.

This rule constitutes interim measures as required by Chapter 597.004, F.S., and shall apply until superceded by the Department's adoption of best management practices for a particular aquacultural activity. The interim measures as provided for in Chapter 597.004, F.S., shall consist of the proper authorizations required on June 30, 1998

Specific Authority 570.07(23), 595.004(2)(b) FS. Law Implemented 597.003, 597.004 FS. History--New \_\_\_\_\_.

5-1.005 Aquaculture Certificate of Registration.

(1) Any person seeking to be certified as an aquaculture producer shall complete and submit an aquaculture certification application form, which includes a Notice of Intent to comply with interim measures and applicable best management practices adopted by the Department. These aquaculture producers shall contact the Department:

(a) Prior to constructing a new aquaculture facility;

(b) Prior to modifying an existing aquaculture facility;

(c) To renew an existing aquaculture certificate of registration; or

(d) To be issued a new aquaculture certificate of registration.

(2) Upon receipt of a complete application form, the Department will review the application and determine if the aquaculture producer has all proper authorizations as required by the applicable water resource regulations administered by the Florida Department of Environmental Protection and/or the appropriate Water Management District. If additional authorizations are needed, the Department will assist the aquaculture producer in obtaining the needed authorizations, but the aquaculture producer shall be ultimately responsible for obtaining such authorizations. All proper authorizations must be obtained prior to the issuance of an aquaculture certificate of registration.

(3) The Department shall issue an aquaculture certificate of registration when an applicant complies with the interim measures under 5-1.004, files a complete application with the Department, and pays the appropriate application fee.

(4) Currently permitted aquaculture facilities which are applying for renewals are eligible for the certificate of registration from the Department if all the following conditions are met:

(a) No major modifications in existing permit criteria or changes in the surface water management system have occurred or are proposed;

(b) The facility is in compliance with applicable water resource regulations; and,

(c) The facility has submitted a complete application and all appropriate fees to the Department.

Specific Authority 570.07(23), 597.004(2) FS. Law Implemented 597.003(1)(a), 597.004 FS. History--New \_\_\_\_\_.

5-1.006 Minimal Impact Aquaculture Facilities.

(1) Until such time as best management practices are developed and adopted by the Department, the following operations are deemed to have minimal impacts on water resources and qualify for an aquaculture certificate of registration from the Department, provided the aquaculture producer does not require an Environmental Resource Permit and possesses all other proper authorizations.

(2) Aquaculture facilities which do not qualify as a minimal impact activity are required to complete and submit the interim aquaculture notification form, number 5-1.008(1). Also, the facility's discharge must not cause violations of state water quality standards. The minimal impact categories established under this rule include:

(a) Recirculation systems that do not discharge to waters in the state.

(b) A floating native marine bivalve culture system which does not use feed or fertilizer inputs.

(c) Raceway or down-weller systems for native marine bivalves that utilize less than 800 square feet of raceways or down-wellers, and do not add supplemental algae as a food source.

(d) Fee-fishing operations with a standing crop of less than 1000 pounds of fish per acre.

(e) Aquaculture systems that grow only native aquatic species, have less than ten acres of total surface water production pond acreage, and produce less than 10,000 pounds of product per year.

(f) Aquaculture systems that produce less than 10,000 pounds of product per year and do not discharge production unit water to surface waters of the state.

Specific Authority 570.07(23), 597.004(2)(b) FS. Law Implemented 597.002, 597.003(1)(a),(j), 597.004 FS. History--New \_\_\_\_\_.

5-1.007 Failure to Comply With the Interim Measures.

If any aquaculture producer fails to comply with the interim measures required for certification, the Department shall take action consistent with its authority to assure proper implementation and compliance with s. 597.0041, F.S. Such action may include revocation or suspension of the aquaculture certificate of registration and/or administrative fines.

Specific Authority 597.07(23), 597.004(2)(b) FS. Law Implemented 597.004, 597.0041 FS. History--New \_\_\_\_\_.

5-1.008 Aquaculture Interim Rule Form.

(1) The form used by the Department under Rule 5-1, F.A.C., is adopted and incorporated by reference in this section. The form is listed below by form number and subject title. Copies of the form may be obtained by contacting the Department.

(2) Interim Aquaculture Permit Notification Form, 1999.

20-114.003 General Restrictions and Standards on the Use of "Wintersweet" Mark.

(1) Use of this mark shall be restricted to use in conjunction with the advertising, promotion, merchandising, and packaging of fresh grapefruit which is grown in the state of Florida, and which meet the applicable grade and quality standards for grapefruit as set forth in chapters 601.16, 601.17, 601.18, Florida Statutes, section 20-35.005, Florida Administrative Code, and 7 CFR Part 51, "United States Standards for Grades of Florida Grapefruit" as amended August 1, 1996.

(2) Use of the mark shall be limited to:

(a) Fresh Florida grapefruit meeting the United States Department of Agriculture standards for U. S. No. 1 Grade having been packed for the retail market on or after December 26.

(b) Fresh Florida grapefruit entering the retail market during the period January 1 through June 30 of each year. No use of the mark shall be permitted at retail prior to January 1 nor after June 30.

(3) Each licensee or other authorized user of said mark shall be required, as a condition for such authorization, to allow reasonable and periodic inspections by a Department of Citrus representative or agent, of the pertinent records of said users in order to determine whether or not said citrus products meet the requirements set forth herein and otherwise to protect the integrity of said mark.

(4) The mark shall not be used in any advertising, promotion, merchandising or packaging in lieu of a brand name or used in conjunction with a brand name in such a manner as to dominate or appear to be a part of a brand name. Further, the mark must be used in a prominent and conspicuous manner when used on packaging.

(5) Each licensee or other authorized user of the mark shall deliver to the Department of Citrus for its records, a finished sample of any material bearing the mark.

(6) The licensee shall indemnify the Department and save it harmless with respect to any claims arising out of the use of its products bearing the mark by any person, or any claims arising out of misbranding or false or misleading advertising by the licensee.

20-114.004 Use on Fruit, Containers and Merchandise.

(1) The mark may, at the option of the shipper, be applied directly to the skin of the fruit, or may be used on any approved fresh fruit shipping container or retail package containing fresh grapefruit grown in the State of Florida, provided the symbol does not dominate or appear to be a part of any brand name.

(2) No licensee shall use the mark on any premiums, gift, novelty items or other non-citrus merchandise without the express permission of the Department of Citrus. In no case shall such items be used for resale.

Specific Authority 601.10(1), 601.11, 601.15(10)(a) FS. Law Implemented 601.101, 601.15(2)(b) FS. History--New

20-114.005 Definitions.

"Fresh grapefruit", as used herein, shall mean grapefruit in fresh form, including peeled or sectionized grapefruit that has not been frozen, treated by heat, placed in preserving chemicals or packed in syrup.

Specific Authority 601.10(1), 601.11, 601.15(10)(a) FS. Law Implemented 601.101, 601.15(2)(b) FS. History--New

20-114.006 Withdrawal of License or Permission.

(1) The Department of Citrus reserves the right to revoke or cancel any given license or permission to use the mark upon the following grounds:

(a) The failure of the authorized user to comply with the provisions set forth herein.

(b) The commission of acts which adversely affect the licensor's name, reputation or goodwill.

(2) The Department shall have the right to terminate the license with immediate effect in the case the licensee has not bade a bona fide commercial use of the mark for more than one year.

Specific Authority 601.10(1), 601.11, 601.15(10)(a) FS. Law Implemented 601.101, 601.15(2)(b) FS. History--New

RULE TITLE: Outpatient Hospital Services  
RULE NO.: 59G-4.160

PURPOSE AND EFFECT: The purpose of the rule development is to incorporate by reference the January 1999 update to the Florida Medicaid Hospital Coverage and Limitations Handbook. The effect is to furnish hospital providers the 1999 revised lists of covered codes in the appendices of the Florida Medicaid Hospital Coverage and Limitations Handbook. Revisions were made to the following lists of codes: outpatient revenue center codes, laboratory and pathology codes, mammography diagnosis codes, elective surgery codes, procedures exempt from the \$1,000 outpatient cap, hysterectomy diagnosis codes, procedure and diagnosis codes requiring attachments, ultrasound diagnosis codes for high-risk pregnant women, and time and narrative corrections to Appendix J. The effect of the complete revision of the Florida Medicaid Hospital Coverage and Limitations Handbook, January 1999, is to provide hospital providers with the most recent code coverage and billing information affecting the payment of claims.

SUMMARY: The rule incorporates by reference the January 1999 update to the Florida Medicaid Hospital Coverage and Limitations Handbook. The update consists of code revisions to Appendices B through I and corrections to time references in Appendix J (PRO Utilization Review Procedures). Revisions to codes in the appendices of the handbook are routine procedure at the beginning of every calendar year.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: No statement of estimated regulatory cost has been prepared.

Any person who wishes to provide information regarding the statement of estimated regulatory costs or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

PURPOSE AND EFFECT: Section 489.133, F.S., directs the Board to adopt rules for the certification and registration of pollutant storage system specialty contractors, precision tank testers and tank lining applicators.

SUMMARY: Under the authority of the Board, the proposed rules are being promulgated in order to develop standards for the certification and registration of pollutant storage system specialty contractors, precision tank testers and tank lining applicators.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: No Statement of Estimated Regulatory Cost was prepared.

Any person who wishes to provide information regarding the statement of estimated costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

SPECIFIC AUTHORITY: 489.108, 489.113(3),(7), 489.129(3), 489.133 FS.

LAW IMPLEMENTED: 489.113(3),(7),(8), 489.115(4), 489.133 FS.

THE FULL TEXT OF THE PROPOSED RULE IS:

61G4-15.027 Pollutant Storage System Specialty Contractors.

(1) Scope of Rule: The purpose of this rule is to provide for the certification of pollutant storage system specialty contractors.

(2) Certification Procedures for Pollutant Storage Specialty Contractors:

(a) Qualifications:

1. Any person who desires to become a certified pollutant storage specialty contractor shall apply to the Board in writing on a form provided by the Department of Business and Professional Regulation.

2. A person shall be certified as a pollutant storage system specialty contractor if said person:

a. Is at least eighteen (18) years of age; and

b. Is of good moral character; and

c. Takes and successfully completes the state examination for certification as a pollutant storage system specialty contractor; or

e. Takes and successfully completes either a local licensure examination, a licensure examination of another state, or a licensure examination of a national organization which has been judged by the Board to be equal to or more stringent than the state pollutant storage system specialty contractor certification examination pursuant to Section 489.133(4)(c), F.S.

(b) Other certification procedures and fees: other certification procedures and fees for certified pollutant storage system specialty contractors shall be the same as those provided for the certification of other contractors as defined in Chapter 489, Part I, F.S. including all other requirements for licensure as set forth in Rule Chapter 61G4-15, F.A.C. The amount of liability insurance for pollutant storage system specialty contractors shall be as follows: \$250,000.00 public liability insurance and \$25,000.00 property damage insurance, both policies protecting insured for incidents of pollutant contamination resulting from contractor's work. Applicants for licensure shall submit competent substantial evidence to the Board demonstrating that the applicant has a net worth of \$10,000.00.

(3) Method of Operation: nothing in this rule chapter is intended to supersede or modify standards of operation established for pollutant storage system specialty contractors by the Department of Environmental Protection, as expressly stated in Rule Chapter 62-761, F.A.C., or any other licensing or supervisory agency of the State or any political subdivision thereof having jurisdiction over the operation of same.

61G4-15.028 Precision Tank Testers.

(1) Scope of Rule: The purpose of this rule is to provide for the registration of precision tank testers.

(2) Registration Procedures for Precision Tank Testers:

(a) Qualifications:

1. Any person who desires to become a registered precision tank tester shall apply to the Board in writing on a form provided by the Department of Business and Professional Regulation.

2. A person shall be registered as a precision tank tester if said person:

a. Is at least eighteen (18) years of age; and

b. Is of good moral character; and

c. Who meets the standards established by the Florida Department of Environmental Protection pursuant to Rule 62-761.200(83), F.A.C. The Florida Department of Environmental Protection shall certify to the Board that an applicant for registration as a precision tank tester meets these standards before the applicant is registered.

(b) Other registration procedures and fees: other registration procedures and fees for registered precision tank testers shall be the same as those provided for the certification of other contractors as defined in Chapter 489, Part I, F.S., including all other requirements for licensure as set forth in Rule Chapter 61G4-15, F.A.C. The amount of liability insurance for precision tank testers shall be as follows: \$250,000.00 public liability insurance and \$25,000.00 property damage insurance, both policies protecting insured for incidents of pollutant contamination resulting from

contractor's work. Applicants for registration shall submit competent substantial evidence to the Board demonstrating that the registrant has a net worth of \$10,000.00.

(3) Method of Operation: nothing in this rule chapter is intended to supersede or modify standards of operation established for precision tank testers by the Department of Environmental Protection, as expressly stated in Rule Chapter 62-761, F.A.C., or any other licensing or supervisory agency of the State or any political subdivision thereof having jurisdiction over the operation of same.

(2) Registration Procedures for Tank Lining Applicators:

(a) Qualifications:

1. Any person who desires to become a registered tank lining applicator shall apply to the Board in writing on a form provided by the Department of Business and Professional Regulation.

2. A person shall be registered as a tank lining applicator if said person:

a. Is at least eighteen (18) years of age; and

b. Is of good moral character; and

c. Who meets the standards established by the Florida Department of Environmental Protection pursuant to Rule 62-761.700(2)(c), F.A.C. The Florida Department of Environmental Protection shall certify to the Board that an applicant for registration as a tank lining applicator meets these standards before the applicant is registered.

(b) Other Registration procedures and fees: other registration procedures and fees for registered tank lining applicators shall be the same as those provided for the certification of other contractors as defined in Chapter 489, Part I, F.S., including all other requirements for licensure as set forth in Rule Chapter 61G4-15, F.A.C. The amount of liability insurance for tank lining applicators shall be as follows: \$250,000.00 public liability insurance and \$25,000.00 property damage insurance, both policies protecting insured for incidents of pollutant contamination resulting from contractor's work. Definitions for Public Water Systems 62-550.200  
Consumer Confidence Reports 62-550.824

PURPOSE AND EFFECT: The purpose for this rulemaking is to adopt the federal capacity development requirements for new systems found in the 1996 federal Safe Drinking Water Act; and to adopt the federal Consumer Confidence Reports regulations required under 40 C.F.R. section 141, Subpart O, Consumer Confidence Reports, and amendments. All rules relating to capacity development and consumer confidence reports will be adopted into Chapters 62-550 and 62-555, F.A.C. The effect is to have all of the capacity development and consumer confidence rules in the Department’s drinking water rules.

SUMMARY: These amendments incorporate the federal requirements for consumer confidence reports in a new section, 62-550.824, F.A.C., and establish new definitions for capacity development in section 62-550.200, F.A.C., as described above.

THE FULL TEXT OF THE PROPOSED RULES IS:

## 62-550.200 Definitions for Public Water Systems.

For the purpose of this chapter and chapters 62-550 and 62-560, F.A.C., the following words, phrases, or terms shall have the following meaning:

(1) through (6) No change.

(7) “CAPACITY DEVELOPMENT” means the process of water systems acquiring and maintaining adequate technical, managerial, and financial capabilities to enable them to consistently provide safe drinking water.

(7) through (9) renumbered (8) through (10) No change.

(11) “COMMENCEMENT OF OPERATIONS” means the beginning of the service of furnishing water treated by the water system to the consumers.

(11) through (49) renumbered (12) through (51) No change.

(52) “NEW SYSTEM” means, for the purposes of capacity development, both community water systems or non-transient non-community water systems being newly constructed as well as systems which do not currently meet the definition of a public water system under Rule 62-550.200(61), but which expand their infrastructure and thereby grow to become community water systems or non-transient non-community water systems. Systems not currently public water systems under Rule 62-550.200(61) and which add additional users and thereby become community water systems or non-transient non-community water systems without constructing any additional infrastructure are not “new systems” for purposes of capacity development.

(50) through (83) renumbered (53) through (86) No change.

Specific Authority 403.861(9) FS. Law Implemented 403.853, 403.8615, 403.862 FS. History—New 11-9-77, Amended 1-13-81, 11-19-87, Formerly 17-22.103, Amended 1-18-89, 5-7-90, 1-3-91, 1-1-93, Formerly 17-550.200, Amended 9-7-94, 12-9-96.

## 62-550.824 Consumer Confidence Reports.

These rules are intended to implement the National Primary Drinking Water Regulations that require community water systems to prepare and provide to their customers annual consumer confidence reports on the quality of the water delivered by the systems. In addition to the requirements of this rule, the standards and criteria contained in the following regulations are adopted by reference and enforceable under this rule: Code of Federal Regulations (CFR), Title 40, Part 141, Subpart O, Sections 151 and 153 through 155, the Appendices to Subpart O, the amendments to Subpart O (1998 *Federal Register*, pages 44526-44536 and pages 69475 and 69516), and the corrections to the Code of Federal Regulations (CFR), Title 40, Part 141, Subpart O (1999 *Federal Register*, pages 34732-34733).

(1) Additional Report Content Requirements. In addition to the requirements of 40 CFR 141.153, the following requirements shall apply:

(a) Additional Source Water Information. If the Department has determined that a system or well is under the direct influence of surface water, the system shall identify the well and proposed remedial action.

(b) Additional Primary Contaminant Information.

1. In addition to the contaminants referenced in 40 CFR 141.153(d)(1)(i), the following contaminants shall be subject to the requirements of §141.153(d): nickel, lead (point of entry) and sodium. The applicable results for these three contaminants shall be only the results of monitoring to demonstrate compliance with a maximum contaminant level (MCL) in Rule 62-550.310(1), F.A.C.

2. More Stringent MCLs. For the following contaminants, the Florida MCL is more stringent than the federal MCL referenced in 40 CFR 141, Subpart O, consumer confidence reports: benzene, vinyl chloride, ethylene dibromide, carbon tetrachloride, 1,2-dichloroethane, trichloroethylene, and tetrachloroethylene. For these contaminants, the Florida MCLs listed in Rules 62-550.310 and 62-550.320, F.A.C., shall apply for the purpose of preparing the consumer confidence report.

3. Different Monitoring Location Requirements. Rule 62-550.500(5), F.A.C., requires monitoring at the entry point to the distribution system rather than at points within the distribution system, when monitoring for compliance with the MCLs for the radiological contaminants listed in Rule 62-550.310(4), F.A.C. These results shall be applicable to the consumer confidence reports requirements of 40 CFR 141.153(d)(1)(i).

4. Primary Contaminant Source of Contamination Language in addition to that found in 40 CFR 141, Appendix B to Subpart O. The following language shall be used in tables of analytical results to report on the source of contamination for lead (point of entry), nickel and sodium. Systems may substitute other language or add their own language if the language they use as source of contamination language is more specific to conditions affecting their system.

a. Lead (point of entry): Residue from man-made pollution such as auto emissions and paint. Lead pipe, casing, and solder.

b. Nickel: Pollution from electroplating operations.

c. Sodium: Salt water intrusion, leaching from soil.

5. Health Effects Language in Addition to that found in 40 CFR 141, Appendix C to Subpart O. The following health effects language shall be used for nickel and sodium:

a. Nickel – To protect against the risk of heart and liver damage, the drinking water standard is 0.1 ppm.

b. Sodium – The standard is set at 160 ppm to protect those who are susceptible to high blood pressure or to diseases causing difficulty in regulating body fluid volume. It is important to recognize that sodium enters the body in a number of ways, including food, and that drinking water contributes less than 10 percent to the overall sodium intake.

6. Reporting total coliform results. When reporting the total monthly number of samples include repeat samples.

7. Reporting fecal coliform results. If fecal coliform is detected, the table of analytical results shall include the total number of positive samples for the year.

(c) Secondary Contaminant Information.

1. The reporting requirements of 40 CFR 141.153(d) shall be applicable to the secondary contaminants listed in Rule 62-550.320, F.A.C.

2. Reporting of secondary contaminants results.

a. Results for secondary contaminants shall be included in the consumer confidence report if there were MCL violations. On the table of analytical results, the highest result shall be reported as the level detected, and the range of results shall be reported as the range.

b. Results for pH need not be reported.

c. Results for ethylbenzene (odor), toluene(odor), xylenes (odor), and fluoride need not be reported, because they are also monitored as primary contaminants.

3. Source of Secondary Contaminants. The following language is provided for use in tables of results to describe the major sources in drinking water for the secondary contaminants listed as follows. Systems may substitute other language or add their own language if the language they use as source of contamination language in the consumer confidence report is more specific to conditions affecting their system.

a. Color and odor: Naturally occurring organics.

b. Copper: Corrosion byproduct and natural occurrence from soil leaching.

c. Foaming agents: Pollution from soaps and detergents.

d. All other secondary contaminants: Natural occurrence from soil leaching.

(d) Unregulated Contaminants. Systems shall report analytical results when there are detections of unregulated contaminants listed in Rules 62-550.521(1),(2), and (3), F.A.C., when monitoring is performed to comply with the requirements of these rules.

(e) Information Collection Rule (ICR) Contaminants. The federal CCR regulations (40 CFR 141.153) state that finished water results for the following are subject to consumer confidence reporting requirements: disinfection by-products or microbial contaminants for which monitoring is required under 40 CFR 141.142 and 141.153 except Cryptosporidium.

1. Systems monitoring for ICR contaminants shall report the following ICR contaminants in their consumer confidence reports, if found in the finished water:

a. THM4: trihalomethanes (chloroform, bromodichloromethane, dibromochloromethane, and bromoform) – report as a group.

b. HAA5: haloacetic acids (mono-, di-, and trichloroacetic acid, and mono- and di-bromoacetic acid) – report as a group.

c. HAN: haloacetilenitriles (dichloro-, trichloro-, bromochloro-, and dibromoacetonitrile) – report as a group.

d. HK: haloketones (1,1-dichloropropanone and 1,1,1-trichloropropanone) – report as a group.

e. CP: chloropicrin.

f. CH: chloral hydrate.

g. TOX: total organic halides.

h. disinfectant residual.

i. total coliforms, fecal coliforms, or Escherichia coli.

j. Giardia, and

k. total culturable viruses.

2. The following provisions shall apply:

a. Treatment plants using chloramines shall report cyanogen chloride;

b. Treatment plants using hypochlorite solutions shall report chlorate;

c. Treatment plants using ozone shall report bromate and aldehydes; and

d. Treatment plants using chlorine dioxide shall report chlorine dioxide residual, chlorite, chlorate, bromate, and aldehydes.

3. As required by the 40 CFR 141.153, results for the above contaminants, if found in the finished water, shall be reported in the table of analytical results in consumer confidence reports in the same manner as the unregulated contaminants (average and range of detection.)

(f) Additional health information required by 40 CFR 141.154. In addition to the requirements of 40 CFR 141.154, Systems shall also include this additional health information when they:

1. detect arsenic or nitrate at the MCL. Report the informational statements required by 40 CFR 141.154(b) or (c), respectively.

2. detect TTHM at the MCL. Include in the report the informational statements required by 40 CFR 141.154(e).

(g) Certified Operator Requirement. Systems which fail to maintain continuous usage of the services of an operator with the appropriate certification in accordance with Rule 62-699.310, F.A.C., shall provide an explanation in the consumer confidence report. The explanation shall include a description of the duration of the violation.

(h) All consumer confidence reports that must include a table of analytical results, shall contain the following definition: “ND” means not detected and indicates that the substance was not found by laboratory analysis.

(2) Use of Language Other Than English. Under 40 CFR 141.153(h)(3), where the proportion of non-English speaking residents served by the system exceeds 20 percent of the total number of consumers served by the system, consumer confidence reports shall contain: information in the appropriate language(s) regarding the nature and importance of the report and a telephone number or address where such residents may contact the system to obtain a translated copy of the report or

assistance in understanding the report. A statement to this effect shall be included in the report immediately after the title of the report.

(3) Report Delivery and Recordkeeping. These rules provide additional requirements to those in 40 CFR 141.155.

(a) Existing systems shall deliver their second CCR reports by July 1, 2000, and subsequent reports by July 1 annually thereafter. A new community water system must deliver its first report by July 1 of the year after its first full calendar year in operation and annually thereafter.

(b) A community water system that sells water to another community water system shall deliver the applicable information required in 40 CFR 141.153 to the buyer system.

1. by April 1, 2000, and by April 1 annually thereafter, or

2. on a date mutually agreed upon by the seller and the purchaser, and specifically included in a contract between the parties.

(c) Distribution Via the Internet.

1. Each community system serving more than 3,300 persons shall annually provide an electronic copy of its consumer confidence report to the Department for posting on the Department's Internet site to meet the requirements of 40 CFR 141.155(f).

2. Electronic copies shall be prepared in either Microsoft Word, WordPerfect, Adobe PDF, hypertext markup language (HTML), Harvard Graphics, or ASCII text.

3. Electronic copies shall be sent to the Department using one of the following means:

a. A 3.5-inch diskette(s) or zip disk(s) sent to the Department of Environmental Protection, Drinking Water Section, 2600 Blair Stone Road, Tallahassee Florida 32399-2400, or

b. Via electronic mail.

(d) Mailing Requirements. All systems serving more than 500 persons shall mail or otherwise directly deliver one copy of their consumer confidence report to each billing customer, except as provided in Rules 62-550.824(3)(b)1 and 62-550.824(3)(b)2., F.A.C. Systems must make a good faith effort to reach all consumers, using one or more of the methods listed in Form 62-555.900(19), Certification of Delivery of Consumer Confidence Report.

1. In accordance with 40 CFR 141.155(g), the State of Florida waives the requirement that community water systems serving fewer than 10,000 persons mail or directly deliver to each customer their consumer confidence reports which have a delivery deadline of October 19, 1999.

2. The Department waives the mailing requirement for community water systems serving fewer than 10,000 persons regarding reports having a delivery deadline of July 1, 2000, or after for those systems which have not had any MCL or monitoring and reporting (M/R) violations during the year(s) covered by the report. The Department will notify systems that

are ineligible for a mailing waiver in writing no later than ninety days prior to the delivery deadline of their consumer confidence report.

(e) Reporting.

1. Systems shall demonstrate compliance with the reporting requirements of 40 CFR 141.155(c) by:

a. sending a copy of their consumer confidence report to the appropriate office of the Department no later than the date the system is required to distribute the report to its customers, and

b. sending to the appropriate office of the Department a certification that the report has been distributed, that the information is correct, and that the information is consistent with compliance monitoring data. The certification must be sent within 90 days after the date that each system is required to distribute its report to its customers. Systems shall use Form 62-555.900(19), Certification of Delivery of Consumer Confidence Report, when reporting compliance with these reporting requirements. This form includes documentation of the methods used by systems to distribute their consumer confidence reports.

2. Systems supplying water to other systems shall:

a. send a copy of the information required by 40 CFR 141.153 or the complete consumer confidence report provided to the buyer system to the appropriate office of the Department no later than the date the system is required to furnish the buyer with the information, and

b. send to the appropriate office of the Department a certification that the information or report has been furnished to the buyer system, that the information is correct, and that the information is consistent with compliance monitoring data. The certification must be sent within 90 days after the date that the system is required to furnish its report or information to its buyer. Systems shall use Form 62-555.900(21), Certification of Delivery of Consumer Confidence Information to Supplied System, when reporting compliance with these reporting requirements.

3. Each system shall send an informational copy of its consumer confidence report to its county health department if not sent under Rule 62-550.824(3)(e)1.a., F.A.C.

4. Systems regulated by the Florida Public Service Commission (PSC) shall send an informational copy of their consumer confidence reports to the PSC headquarters office no later than the date they mail the reports to the appropriate office of the Department. The address of the PSC headquarters office is: Division of Water and Wastewater, Florida Public Service Commission, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850.

5. The font size of all printed text in consumer confidence reports shall be 8 point or larger.

6. If the Department finds that a system's consumer confidence report is not in compliance with the requirements of this section, the Department shall notify the system in writing

specifying any changes that must be made. The system shall modify and redistribute its consumer confidence report and resubmit the report to the Department and certify its delivery using Form 62-555.900(19) within 90 days of receipt of the Department's notification.

PURPOSE AND EFFECT: The purpose for this rulemaking is to adopt the federal capacity development requirements for new systems found in the 1996 federal Safe Drinking Water Act, and to adopt the federal Consumer Confidence Reports regulations required under 40 C.F.R. section 141, Subpart O, Consumer Confidence Reports, and amendments. All rules relating to capacity development and consumer confidence reports will be adopted into Chapters 62-550 and 62-555, F.A.C. The effect is to have all of the capacity development and consumer confidence rules in the Department's drinking water rules.

SUMMARY: These amendments adopt new references and guidance documents, revise the requirements for the certification of completion of construction, set forth the permitting requirements for capacity development for new public water systems, and adopt new application and reporting forms as described above.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: None has been prepared.

Any person who wishes to provide information regarding the statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

62-555.345 Certification of Construction Completion Letter and Clearance for Public Water Systems.

~~New or altered public water systems or components thereof shall not be placed into operation without prior Department approval or clearance, as described below. Upon completion of construction, the engineer of record or the system's professional engineer who was responsible for overseeing construction shall submit a certification of completion letter to the Department. When the letter of certification and a copy of satisfactory bacteriological results (absence of total coliform in two consecutive daily water samples) and analyses to demonstrate compliance with Chapter 62-550 and, if applicable, Chapter 62-524, F.A.C., are received, a letter of clearance to place the facility(ies) into service shall be issued.~~

(1) Upon completing the construction of new or altered public water system components, and before placing the components into operation for any purpose other than disinfection, testing for leaks, or testing equipment operation, the permittee shall submit to the appropriate Department District Office or appropriate Approved County Health

Department a certification of construction completion using Form 62-555.900(9). This certification shall include the following:

(a) Statements by the permittee and the ultimate owner of the components certifying that record drawings are available for review at a specified location and certifying that an operation and maintenance manual for new or altered treatment components is available for review at the site of the new or altered treatment components.

(b) A certification of construction completion by the professional engineer in responsible charge of inspecting construction for the purpose of determining if work proceeded in compliance with the construction permit and approved plans and specifications. This certification shall be based upon on-site observation of construction by the professional engineer or a representative under the engineer's direct supervision and upon a review of shop drawings, test records or results, and record drawings performed by the professional engineer or a representative under the engineer's direct supervision. The professional engineer shall certify the following:

1. that the components have been constructed in accordance with the construction permit and approved plans and specifications or that any deviations (which shall be described and explained by the engineer) from the permit and plans and specifications will not prevent the components from functioning in compliance with Chapters 62-550, 62-555, and 62-560, F.A.C.;

2. that the record drawings for the components are adequate and indicate all deviations from the construction permit and approved plans and specifications; and

3. that all components required to be disinfected according to Chapter 62-555, F.A.C. (and AWWA disinfection standards incorporated by reference therein) have been disinfected and bacteriologically tested.

(c) A copy of record drawings if there is any deviation from the construction permit and approved plans and specifications.

(d) A copy of bacteriological test results showing the following:

1. compliance with Rule 62-555.315(3)(c), F.A.C., for new or altered wells; and

2. the absence of total coliform organisms in two consecutive daily samples taken at each location described in the AWWA disinfection standards in Rule 62-555.330(4), F.A.C.

(e) A copy of analytical test results demonstrating compliance with Chapter 62-550, F.A.C., and if applicable, Rule 62-524.650(2), F.A.C., for new or altered treatment components necessary to achieve compliance with these rules.

(f) Non-transient non-community and community water systems that have received a construction permit but have not commenced operations prior to October 1, 1999, shall submit a completed Capacity Development Financial and Managerial Operation Plan using Form 62-555.900(20).

(2) Within 30 days after the Department receives a certification of construction completion for a newly constructed community or non-transient non-community water system commencing operations on or after October 1, 1999, the Department shall inspect the system. If the Department finds anything that will prevent the system from functioning in compliance with Chapter 62-550, 62-555, or 62-560, F.A.C., the Department shall issue to the permittee a letter detailing necessary changes and requiring resubmittal of the certification of construction completion after the changes are made.

(3) Within 30 days after the Department receives a Capacity Development Financial and Managerial Operation Plan from a community or non-transient non-community water system commencing operations on or after October 1, 1999, but constructed under a permit issued prior to October 1, 1999, the Department shall review the completed Capacity Development Financial and Managerial Operation Plan. If the Department finds anything that will prevent the system from functioning in compliance with Rule 62-555.525(2), F.A.C., the Department shall issue to the permittee a letter detailing necessary changes and requiring resubmittal of the certification of construction completion after the changes are made.

(4) Upon receiving a satisfactory certification of construction completion for new or altered public water system components, and after completing a satisfactory inspection of the components if applicable, the Department shall issue a letter of clearance to place the system or components into operation.

62-555.357 Capacity Development Operations Plan.

An Operations Plan consists of a completed form 62-555.900(20), F.A.C., and any supporting attachments. All community and non-transient non-community water systems commencing operations on or after October 1, 1999, shall update and submit to the Department an Operations Plan three years after the commencement of operations. The Department shall review the updated Operations Plan and notify the supplier of water in writing about any deficiencies and about the Department's recommendations for corrective action.

62-555.520 Public Drinking Water System Construction Permit Application.

(1) Before commencing construction or alteration of a public water system or its components, the supplier of water or an authorized agent of the supplier of water shall make application to the Department using DEP Form 62-555.900(1) or, for distribution system extensions pursuant to the general permit provision of Rule 62-555.540, F.A.C., notify the Department using DEP Form 62-555.900(7) or, for lead and copper corrosion control treatment components under the general permit provision of Rule 62-555.401, F.A.C., notify the Department by using Form 62-555.900(18). The application or notification shall be executed in full and submitted made in quadruplicate to the appropriate Department District Office or appropriate Approved County Public Health Department Unit. Suppliers of water applying for a permit to construct a new community or non-transient non-community water system commencing operations on or after October 1, 1999, shall also complete and submit Form 62-555.900(20), Capacity Development Financial and Managerial Operation Plan, with their application. No person shall construct a new, or alter an existing, public drinking water system without a permit from the Department or an Approved County Public Health Unit.

62-555.525 Capacity Development Provisions of Permitting.

The Department's permit applications for the systems listed in 62-555.525(1) shall include a demonstration of capacity as set forth in this section. A system which does not demonstrate acceptable capacity shall not receive a construction permit.

(1) This section applies to the following types of systems only. These are defined as "new systems" for the purposes of capacity development and referred to as "new systems" in this section.

(a) Community and non-transient non-community water systems commencing operations on or after October 1, 1999;

(b) Community and non-transient non-community water systems constructed on or after October 1, 1999; and

(c) Systems which do not currently meet the definition of a public water system under Rule 62-550.200(61) but which expand their infrastructure on or after October 1, 1999, and thereby grow to become community or non-transient non-community water systems.

(2) To receive a construction permit, all new community and non-transient non-community water systems must demonstrate the technical, managerial, and financial capacity to comply with the requirements of Chapters 62-550, 62-555, 62-560, and 62-699, F.A.C.

(3) Minimum requirements for capacity are the following:

(a) Employ, contract for the services of, or have the system owner be a certified operator to meet the requirements of Chapter 62-699, F.A.C.:

(b) Demonstrate the capabilities to conduct monitoring and reporting programs required under Chapter 62-550, F.A.C., and maintain records required under Chapter 62-550, F.A.C., of such monitoring; and

(c) Maintenance and Operations. Demonstrate the capability to meet the requirements of Rules 62-555.320, and 62-555.350, F.A.C.:

(d) Demonstrate acceptable financial and managerial capacity as described below:

1. Systems that will not be regulated by the Florida Public Service Commission shall demonstrate acceptable financial and managerial capacity using Form 62-555.900(20), Capacity Development Financial and Managerial Operation Plan. The completed Form 62-555.900(20) shall be sent to the Bureau of Water Facilities Regulation, Drinking Water Section, Department of Environmental Protection, M.S. 3520, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400.

2. Systems that will be regulated by the Florida Public Service Commission shall demonstrate acceptable financial and managerial capacity using Form 62-555.900(20), Capacity Development Financial and Managerial Operation Plan, except that such systems need not complete items 5 and 6 of the form (financial capacity). Systems in counties under the jurisdiction of the Florida Public Service Commission but not subject to its regulations are not exempt from completing items 5 and 6. The completed Form 62-555.900(20) shall be sent to the Bureau of Water Facilities Regulation, Drinking Water Section, Department of Environmental Protection, M.S. 3520, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400.

3. Systems that have received a construction permit under Rule 62-555.520(1), F.A.C., but have not commenced operation prior to October 1, 1999, shall demonstrate acceptable financial and managerial capacity using Form 62-555.900(20), Capacity Development Financial and Managerial Operation Plan.

62-555.527 Capacity Assessment for Transfer Systems.

All systems which change on or after October 1, 1999, from being a non-public water system to become a non-transient non-community or community water system through an infrastructure expansion shall complete Form 62-555.900(20), which is the capacity development financial and managerial operation plan, and submit it to the Department with the system's construction permit application for the infrastructure expansion. Non-public water systems which become non-transient non-community or community water systems by adding additional users but not expanding their infrastructure are not considered new systems for the purpose of capacity development and do not need to fill out Form 62-555.900(20).

62-555.900 Forms and Instructions.

The forms and instructions used by the Department in the Public Water System Supervision Program are adopted and incorporated by reference below. Each form is listed by rule number, which is also the form number, and with the title and effective date. Copies of these forms and instructions may be obtained by writing the Bureau of Water Facilities Regulation Drinking Water and Ground Water Resources, Drinking Water Section, Department of Environmental Protection, ~~Twin Towers Office Building~~, M.S. 3520, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400. In addition, these forms are available at the Department's District offices. Persons and public water systems shall report to the Department using the forms listed below except that, in lieu of reporting monthly operation data using forms (2) through (5), systems may report monthly operation data using computer-generated versions of forms (2) through (5) provided such versions are identical to forms (2) through (5) in every respect other than print size, type, and spacing.

RULE TITLE: Medicare Buy-In Demonstration Project  
RULE NO.: 65A-1.720

PURPOSE AND EFFECT: This rule establishes policies and procedures for a short term state and federal demonstration project targeting individuals who have Medicare Part A and who are believed to meet the program income and resource limits necessary to qualify for benefits. The purpose of the project is to determine the effect, if any, of increased outreach efforts to these individuals on participation in the SSI-Related Medicaid programs of Qualified Medicare Beneficiary (QMB), Special Low-Income Medicare Beneficiary (SLMB) and Part B Medicare Only (PBMO). The demonstration project was initiated by the Social Security Administration (SSA). It is administered in part by the department. Eligible project applicants for the SLMB and PBMO programs will have their Part B Medicare premiums paid by the Medicaid program. Eligible project applicants for the QMB program will have their Part A and Part B Medicare premiums, deductibles and co-insurance paid by the Medicaid program within prescribed Medicaid program limits.

SUMMARY: The proposed rule: states the limited areas in which the project will be implemented; provides the time period of the project; states the selection process and benefits provided for eligible applicants; and, explains simplified demonstration procedures, including the use of a simplified application form by project applicants.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: A statement of estimated regulatory costs was not prepared for this proposed rule.

Any person who wishes to provide information regarding the statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

65A-1.720 Medicare Buy-In Demonstration Project.

(1) Purpose and Scope. The purpose of this demonstration project is to determine if increased participation in the Qualified Medicare Beneficiary (QMB), Special Low-Income Medicare Beneficiary (SLMB) or Part B Medicare Only (PBMO) programs of SSI-Related Medicaid will result from increased outreach efforts. The Social Security Administration (SSA) will identify individuals who have Part A Medicare and have income and resources within the specified program limits according to information in SSA files. The SSA will then send outreach letters to individuals meeting the required criteria advising them that they may be eligible for Medicaid programs that will pay their Medicare premiums or provide additional benefits. The project will be conducted in Orange and Osceola Counties and in those central Miami zip codes selected by the SSA. This project will end on December 31, 1999.

(2) Simplified Application Process. Local SSA staff will complete simplified applications for individuals who respond to the outreach letters if they appear to meet project participation criteria. The SSA will refer applicants to the department for a Medicaid eligibility determination. The department will use eligibility policies and procedures set forth in rules 65A-1.709 through 65A-1.716 to determine a referred individual's eligibility. The department will accept the statements on the application form and the documentation provided as being accurate and complete, unless the information is questionable or insufficient to make an eligibility decision. The department will not conduct face-to-face interviews with applicants. Contact with applicants will be by mail or by telephone.

(3) Project Forms. Project applicants will apply for program benefits using the simplified Medicaid/Medicare Buy-In Application form, CF-ES 2282, Apr 99 (incorporated by reference) and Buy-In Application Rights and Responsibilities form, CF-ES 2283, Apr 99 (incorporated by reference). Copies of these forms may be obtained from the Economic Self-Sufficiency Program Policy Bureau, Building 3, Room 412-B, 1317 Winewood Boulevard, Tallahassee, FL 32399-0700.

RULE CHAPTER TITLE: Billfish

RULE TITLES: RULE NOS.:

Definitions 68B-33.002

Marlin and Sailfish Possession Limits;

Prohibition of Harvest for Spearfish;

Prohibition of Sale; Exception;

Gear Restrictions 68B-33.003

Size Limits 68B-33.004

PURPOSE AND EFFECT: Billfish (sailfish, blue and white marlin, and longbill, Mediterranean, and roundscale spearfish) have been managed in Florida since 1988. Florida regulations prohibit the sale of billfish, provide for a one fish per person, per day bag limit, and allow for temporary possession of more than one billfish by businesses that smoke fish and by taxidermists. Also in 1988, subsequent to the adoption of Florida's rules, the National Marine Fisheries Service (NMFS) promulgated size limit regulations for these species, and took the unusual step of extending their regulations beyond federal waters of the exclusive economic zone (EEZ) to Florida's shoreline. In discussions between Marine Fisheries and NMFS attorneys, it was agreed that state and federal regulations were not in conflict and both size and bag limits were applied to billfish harvest taken adjacent to or within Florida waters. Recently, the NMFS has updated their regulations to establish new minimum size limits for billfish, and prohibit the retention of all three species of spearfish.

Historically, the Marine Fisheries Commission, predecessor to the Fish and Wildlife Conservation Commission's (FWCC) Division of Marine Fisheries, was statutorily required to consider federal fishery management plans and avoid inconsistencies between state and federal regulations unless otherwise deemed to be in the best interests of the State of Florida. In continuation of this policy and in cooperation with federal regulators, the Fish and Wildlife Conservation Commission proposes this rulemaking to adopt the new federal size limits and to prohibit the harvest, possession or landing of spearfish. The effect will be to ease the regulatory burden on Florida's citizens by maintaining unified billfish regulations from waters of the EEZ to Florida's coastline.

SUMMARY: Rule 68B-33.002, FAC, is amended to include definitions for the word "harvest" and for the term of art "lower jaw fork length". The title to Rule 68B-33.003, FAC, is amended to more accurately reflect the rule's contents, and the rule itself is amended to establish the prohibition against the harvest, possession or landing of longbill, Mediterranean or

roundscale spearfish. Finally, a new rule, 68B-33.004, is proposed to establish size limits for blue and white marlin, and for sailfish.

SPECIFIC AUTHORITY: Article IV, Section 9, Florida Constitution.

LAW IMPLEMENTED: Article IV, Section 9, Florida Constitution.

THIS RULEMAKING IS UNDERTAKEN PURSUANT TO SECTION 120.54(6), F.S., WHICH DOES NOT PROVIDE FOR A PUBLIC HEARING.

SUBSTANTIALLY AFFECTED PERSONS MAY FILE OBJECTION WITH THE FISH AND WILDLIFE CONSERVATION COMMISSION. Objection must be received within 14 days of publication of this notice and must specify the portions of the proposed rule to which the person objects and the reason for the objection. Objections which are frivolous will not be considered sufficient to prohibit adoption of the rule as published.

THE FULL TEXT OF THE PROPOSED RULES IS:

68B-33.002 Definitions.

(1) As used in this chapter, "billfish" means any fish of the following species, or any part thereof:

- (a) *Makaira nigricans* (blue marlin).
- (b) *Tetrapturus albidus* (white marlin).
- (c) *Tetrapturus pfluegeri* (longbill spearfish).
- (d) *Tetrapturus belone* (Mediterranean spearfish).
- (e) *Tetrapturus georgei* (roundscale spearfish).
- (f) *Istiophorus platypterus* (sailfish).

(2) The term "billfish," for purposes of this chapter, shall not include swordfish (*Xiphias gladius*).

(3) "Harvest" means the catching or taking of a fish by any means whatsoever, followed by a reduction of such fish to possession. Fish that are caught but immediately returned to the water free, alive and unharmed are not harvested. In addition, temporary possession of a fish for the purpose of determining the species or for measuring the fish to determine compliance with the minimum size requirements of this chapter, shall not constitute harvesting such fish, provided that it is examined and measured immediately after taking, and immediately returned to the water free, alive and unharmed if it is a protected species or if undersize. "Hook and line gear" includes any handline, rod and reel, or any pole to which hook and line are attached, as well as any bob, float, weight, lure, plug, spoon, or standard bait attached thereto.

(4) "Lower jaw fork length" means the length of a fish as measured from the foremost point of the lower jaw to the rear center edge of the tail. "Longline gear" means any single line or series of connected lines to which more than ten hooks are attached and which is used to harvest fish.

68B-33.003 Marlin and Sailfish Possession Limits; Prohibition of Harvest for Spearfish; Prohibition of Sale; Exception; Gear Restrictions.

(1) Except as provided in subsection (4)(3), no person shall possess more than one blue marlin, white marlin or sailfish, either individually or in combination billfish at any time. Possession of more than one such fish billfish within the state shall constitute a violation of this rule.

(2) No person shall harvest in or from state waters, nor possess while in or on the waters of the state, or land, any longbill spearfish, Mediterranean spearfish, or any roundscale spearfish. The purchase, sale, or exchange of any such spearfish is prohibited.

(3) Except as provided in subsection (4)(3), no person, firm, or corporation shall buy, sell, trade, barter, or exchange billfish in any form or manner, or receive anything of value for any billfish with or without changing possession thereof. This subsection shall not be construed to prohibit billfish tournaments that award monetary or other prizes, so long as all other requirements of this chapter are met.

(4)(3) The possession limit and prohibition of sale contained in this rule shall not apply to the following situations:

(a) Blue marlin, white marlin or sailfish, Billfish may be kept on the premises of a wholesale or retail seafood business or restaurant for the limited purpose of smoking such fish billfish for the harvesters thereof, so long as each such fish or part is packaged or otherwise clearly labeled to indicate the name and address of the owner and no portion of the fish billfish is exchanged for the service.

(b) Blue marlin, white marlin, or sailfish, Billfish may be transported by and kept on the premises of a taxidermist for the limited purpose of mounting such fish billfish for the harvesters thereof, so long as each such fish is clearly labeled to indicate the name and address of the owner and no portion of the fish billfish is exchanged for the service.

(5)(4) The possession of any billfish aboard a vessel fishing in state waters with longline gear or any gill or trammel net is prohibited.

(6)(5) The taking or attempted taking of billfish in or from state waters is prohibited except by use of hook and line gear.

The rule has been amended in Paragraph (1)(a) to include the criteria to be used by the Board of Regents in assessing the need to offer lower-division courses at a branch campus, center or site. No change was made to Paragraph (1)(b) of the rule. Rule 6C-8.009(1)(a) is revised to read, as follows:

6C-8.009 Definition and Process for Establishing Educational Sites.

(1) The following definitions and processes for establishment shall apply to educational locations of public universities within the state:

(a) Main campus is defined as the focal point of university educational and administrative activities, authorized by Section 240.2011, F.S. Lower-division courses are offered only on the main campus of each university unless the university receives specific Board of Regents approval to offer lower-division courses at a branch campus, center or site. Approval will be based on a consideration of the following: the university's mission; an assessment of student demand; availability of necessary facilities, equipment and faculty; discussion with the educational institutions impacted by the proposed course offerings; and PEPC's review of those course offerings.

The petition has been assigned OGC case number 99-1154. Copies may be received from, and written comments submitted to, Department of Environmental Protection, Office of General Counsel, Mail Station 35, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000; Attn.: Cynthia Christen. Comments must be received no later than 14 days from the date of publication of this notice.

The Department of Environmental Protection announces its entry of an Order Granting Request for Renewal of Variance, as required by Section 120.542(8), F.S.

NAME OF THE PETITIONERS: City of Tampa and Hillsborough County

DATE THE PETITION WAS FILED: March 5, 1999

RULE NUMBER AND NATURE OF THE RULE FROM WHICH THE WAIVER OR VARIANCE IS SOUGHT: Section 403.708(13)(c), F.S., and Rule 62-701.300(8)(c), Florida Administrative Code (F.A.C.), which prohibit the disposal of yard trash in lined landfills.

THE DATE OF THE ORDER APPROVING THE VARIANCE OR WAIVER: July 12, 1999

THE GENERAL BASIS FOR THE AGENCY DECISION: Petitioners have requested that yard trash be temporarily allowed to be diverted to the Hillsborough County Southeast landfill during the period of time that the City of Tampa is retrofitting its Refuse-to-Energy Facility with air pollution control equipment. Petitioners have demonstrated that an undue economic burden would be created if the City was required to implement a separate yard trash collection program while the City facility was installing air pollution control equipment.

EXPLANATION OF HOW A COPY OF THE ORDER CAN BE OBTAINED: A copy of the Order Granting Request for Variance is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, Solid Waste Section, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400. Requests for copies or

inspections should be made to Mary Jean Yon, Section Administrator at the above address, telephone (850)488-0300, or e-mail to yon\_mj@dep.state.fl.us.

The Department of Environmental Protection announces its entry of an Order Granting Request for Renewal of Variance, as required by Section 120.542(8), F.S.

NAME OF THE PETITIONER: City of Tampa

DATE THE PETITION WAS FILED: March 5, 1999

RULE NUMBER AND NATURE OF THE RULE FROM WHICH THE WAIVER OR VARIANCE IS SOUGHT: Rules 62-702.300(3) and 62-702.570(9), Florida Administrative Code (F.A.C.), which together require ash residue from existing solid waste combustors to be stored inside a building, outside in leak-resistant containers, or in a pile located inside or under a structure.

THE DATE OF THE ORDER APPROVING THE VARIANCE OR WAIVER: July 12, 1999

THE GENERAL BASIS FOR THE AGENCY DECISION: Petitioner has requested renewal of a temporary variance to the cited rules and has agreed to be bound during the variance period to an alternative ash management plan. Granting of the variance renewal is consistent with the general purpose and intent of Chapter 403, F.S., and will relieve Petitioner of an undue economic hardship.

EXPLANATION OF HOW A COPY OF THE ORDER CAN BE OBTAINED: A copy of the Order Granting Request for Variance is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, Solid Waste Section, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400. NAME OF THE PETITIONER: Recyclights, Inc.

DATE THE PETITION WAS FILED: May 21, 1999

RULE NUMBER AND NATURE OF THE RULE FROM WHICH THE WAIVER OR VARIANCE IS SOUGHT: Rule 62-737.860(4), Florida Administrative Code (F.A.C.), which requires mercury reclamation facilities to demonstrate an effective reclamation rate of 99 percent of the mercury introduced into the process, or a resulting total mercury concentration below the method detection limit.

REFERENCE TO THE PLACE AND DATE OF PUBLICATION OF THE NOTICE OF THE PETITION: Florida Administrative Weekly, June 4, 1999, Vol. 25, No. 22.

THE DATE OF THE ORDER APPROVING THE VARIANCE OR WAIVER: July 9, 1999.

THE GENERAL BASIS FOR THE AGENCY DECISION: The Petitioner has demonstrated that the mercury reclamation process approved in its facility permit is technologically incapable at the present time of achieving the 99 percent mercury recovery rate for brass tips and wires. The Department has determined, based on the information provided by the Petitioner, that the actions taken by the Petitioner are expected to meet the purpose of the underlying statute, and that the Petitioner would suffer undue hardship if the variance is not granted.

EXPLANATION OF HOW A COPY OF THE ORDER CAN BE OBTAINED: A copy of the Order Granting Request for Variance is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, Solid Waste Section, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400. The Bonds, when issued, will be special, limited obligations payable solely out of the revenues derived from loan agreements with the Borrowers. The Bonds and interest thereon shall never constitute the debt or indebtedness of the Capital Trust Agency, the Florida Housing Finance Corporation, the State or any political subdivision or municipality thereof within the meaning of any provision or limitation of the statutes or Constitution of the State of Florida. The Corporation will immediately submit its public hearing report concerning this public hearing to the Governor of the State of Florida as the elected official responsible for approving the issuance of the Bonds.

All interested parties are invited to submit written comments and/or present oral comments at the public hearing at the above address prior to the hearing.

Any person requiring a special accommodation at this hearing because of a disability or physical impairment should contact the Corporation, (850)488-4197, at least five (5) calendar days prior to the meeting. If you are hearing or speech impaired, please contact the Agency using the Florida Dual Party Relay System which can be reached at 1(800)955-8770 (Voice) and 1(800)955-8771 (TDD).

If any person decides to appeal any decision made by the Agency with respect to any matter considered at this hearing, he or she will need a record of the proceedings, and for such purpose may need to insure that a verbatim record of the proceedings be made, which record includes the testimony and evidence upon which the appeal is to be based.

**NOTICE TO PROFESSIONAL CONSULTANTS**

The Florida State University announces that Professional Services in the discipline of architecture will be required for the project listed below:

Project No.: BR-244

Project: Business School Hospitality Program Improvements

Location: Pottsdamer Road, Florida State University, Tallahassee, Florida.

This project consists of the construction of a new 25,113 gsf clubhouse facility and improvements to an existing golf course with related practice area to be utilized for the operation of the Seminole Golf Course and Club. The facility will provide interdependent space in a unique collaborative effort to serve the needs of three separate departments: the Professional Golf Management program, in the College of Business, Department of Hospitality Administration; the Department of Business Services which oversees the operation of the golf course and club through an independent contractor; and the Department of Intercollegiate Athletics which uses the facilities for the men’s and women’s golf teams.

The project construction budget is \$3,361,815. The anticipated method of construction delivery is by construction management. Blanket professional liability insurance will be required for this project in the amount of \$250,000 and will be provided as a part of basic services.

The selected firm will be required to provide design, construction documents and construction administration for the referenced project. At this time, specialty consultants are anticipated in the areas of golf course design and clubhouse

design. It is the University's intent to have the entire team of architects, engineers and specialty consultants collaborate beginning in the schematic design phase. Applicants are cautioned not to name any specialty consultants in their proposals; doing so will result in disqualification. Specialty consultants will be chosen jointly by the university and the design professional only after selection of the architect has been completed.

**INSTRUCTIONS:**

Firms desiring to apply for consideration must submit a letter of application. The letter of application must have the following items attached:

1. The February, 1999 version of the State University System "Professional Qualifications Supplement" completed by the applicant. Applications on any other form will not be considered.
2. A copy of the applicant's current Professional Registration Certificate from the appropriate governing board. The applicant must be properly registered at the time of application to practice its profession in the State of Florida. If the applicant is a corporation, it must be chartered by the Florida Department of State to operate in Florida.

Submit seven (7) copies of the above requested data bound in the order listed above. Applications that do not comply with the above instructions may be disqualified. Application materials will not be returned.

The plans and specifications for State University System projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes. As required by Section 287.133, Florida Statutes, a consultant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected consultant must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of placement on the convicted vendor list.

Professional Qualifications Supplement forms and Project Fact Sheets, containing descriptive project information and selection criteria, may be obtained by contacting:

Lynetta Mills, Facilities Planning and Construction, 109 Mendenhall Building A, Florida State University, Tallahassee, FL 32306-4152, Telephone (850)644-2843, Facsimile (850)644-8351.

For further information or questions, please contact John M. Ward, Project Manager at the same address.

Copies of the Facilities Program may be obtained at the applicant's expense by contacting: Target Copy, 635 W. Tennessee St., Tallahassee, FL.

Submittals must be received at the above address by 2:00 p.m., local time on Friday, August 27, 1999. Facsimile (FAX) submittals are not acceptable and will not be considered.

**NOTICE TO PROFESSIONAL CONSULTANTS**

The University of South Florida, on behalf of the State of Florida, Board of Regents, announces that professional services for minor projects are required in the following discipline(s):

Cost Estimator (1): Tampa, St. Petersburg, Sarasota and Lakeland Campuses

Minor projects are specific projects for renovations, alterations, and additions that have a basic construction budget estimated to be \$1,000,000 or less, or studies for which the fee for professional services is \$100,000 or less. Campus Service contracts for minor projects provide that the consultant will be available on an as-needed basis for this fiscal year, July 1 - June 30, 2000.

Award of contract is for an initial period of one year with an Owner's option to renew for one additional year.

Firms desiring to provide professional services shall apply by letter specifying the discipline for which they are applying. Proximity of location will be a factor in the selection of the firm.

Attach to each letter of application:

1. A completed Board of Regents "Professional Qualifications Supplement," dated September, 1997. Applications on any other form will not be considered. Submittals of more than 40 pages (which includes the letter of interest) will be disqualified. Notwithstanding the prohibition against design consultants, the listing of any consultant for the purpose of including certified MBE firms on the project team is acceptable.

2. A copy of the applicant's current Professional Registration Certificate from the appropriate governing board, if applicable. An applicant must be properly registered at the time of application to practice its profession in the State of Florida. If the applicant is a corporation, it must be properly chartered by the Florida Department of State to operate in Florida.

Submit 5 (five) copies of the above requested data bound in the order listed above. Applications which do not comply with the above instructions will not be considered. Application material will not be returned.

Interested firms are invited to attend a meeting to be held: 2:00 p.m. Monday, August 16, 1999, University of South Florida, Facilities Planning and Construction, Conference Room, FPC 110, to review the scope and requirements of this project. All interested firms are encouraged to attend. Requests for meetings by individual firms will not be granted.

As required by Section 287.133, Florida Statutes, a consultant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected consultant must

warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

**REGIONAL TRANSPORTATION AUTHORITIES**

**TRI-COUNTY COMMUTER RAIL AUTHORITY  
JOINT DEVELOPMENT PROJECT FOR TRI-RAIL'S  
CYPRESS CREEK STATION SITE  
REQUEST FOR PROPOSAL NO. 98-4008A**

The Tri-County Commuter Rail Authority (TCRA), an agency of the state of Florida, operates a seventy-one (71) mile commuter railroad with nineteen (19) stations in Miami-Dade, Broward, and Palm Beach Counties.

**JOINT DEVELOPMENT SITE:** TCRA is re-advertising for proposals for the lease and development of a 10.65 acre site at 5910 N. Powerline Road, Broward County, Florida. The unimproved site is bordered to the east by Tri-Rail's new double-tracked Cypress Creek commuter rail station and on the west by Powerline Road. The site is south of Cypress Creek Road and North of N. W. 57 Place. The Cypress Creek site is currently zoned I Industrial.

The site is located in Broward County, the fastest growing county in the State of Florida. Cypress Creek is one of the top two submarkets in Broward County and the site is one of the last large, vacant parcels available east of Powerline Road. Transit parking for the site is provided by the Florida Department of Transportation's Cypress Creek Park and Ride facility which offers parking for 556 cars. The FDOT site is east of the station across Andrews Avenue and is the location of a planned major mixed use development. The FDOT

development project is currently being negotiated and will contain strong direct access links, including a pedestrian bridge over Andrews Avenue to Tri-Rail's Cypress Creek Station and the offered site.

**PURPOSE:** The purpose of the advertisement is to solicit proposals from developers who are capable of promptly developing the offered site consistent with TCRA's Joint Development policy and goals. This is a fast track solicitation. TCRA will provide an RFP, offer sheet, standard joint development lease, and site information packet to interested developers. TCRA will enter into competitive negotiations with the developer(s) who offer the best financial, developmental, and operational terms to TCRA. TCRA will accept proposals from experienced developers with a track record of successfully undertaking, completing, and operating projects of similar scope, cost, and complexity. Proposals should offer development of the Tri-Rail property to its highest and best transit oriented use which the market permits. Proposals should provide for the functional and aesthetic integration of the Tri-Rail Cypress Creek Station into the development to encourage patronage on the Tri-Rail system.

A REQUEST FOR DOCUMENTS should be directed to: Robert Becker, TCRA, 800 N. W. 33 Street, Suite 100, Pompano Beach, Florida 33064 (954)788-7909. The cost of the solicitation document is Five Hundred Dollars (\$500.00) and is non-refundable. Checks or money orders, made payable to Tri-Rail should be forwarded to the above address. Solicitation documents will be made available on or about August 2, 1999.

**RECEIPT OF SEALED PROPOSALS:** All proposals must be received in a sealed envelope no later than 5:00 p.m. Friday, September 3, 1999, at the TCRA address listed above. TCRA reserves the right to postpone, to accept, or reject any and all proposals in whole or in part. All Proposers must certify that they are not on the State of Florida Comptroller General's List of Ineligible Bidders.

**FEDERAL FUNDING:** This project is funded in part by a grant from the Federal Transit Administration. All applicable Federal Regulations shall apply.

**METROPOLITAN PLANNING ORGANIZATIONS**

**REQUEST FOR QUALIFICATIONS  
FOR A FREIGHT, GOODS AND SERVICES  
MOBILITY STRATEGY PLAN FOR THE ORLANDO  
URBANIZED AREA**

The passage of the Intermodal Surface Transportation Efficiency Act (ISTEA) in 1991 first underscored the need to address the efficient movement of freight, goods and services. ISTEA required planning for adequate and efficient intermodal connections linking our roadway system, seaports, airports, railroads and other freight handling facilities. These commitments have been reaffirmed in the most recent legislation, known as the Transportation Equity Act for the 21st Century (TEA 21).

Movement of freight, goods and services has a major impact on the mobility and economy of the Orlando Urbanized Area, which covers the geographical area comprised of Orange, Osceola and Seminole Counties. The airports, railroads and trucking facilities have long been a major cornerstone of the area's economic prosperity and freight shipments through these facilities are increasing rapidly. The continued success of these

facilities depends in part upon their ability to effectively meet the region's future needs and their maintaining of efficient connections to all parts of the region and surrounding areas via the area's roadway system.

This study is intended to provide METROPLAN ORLANDO with a thorough understanding of the magnitude, characteristics and special needs of the movement of freight, goods and services in the Orlando Urbanized Area. The plan will provide a blueprint for actions that need to be undertaken to ensure an adequate and efficient system of movement of freight, goods and services for the future. The study has three primary objectives:

1. To develop a database describing the characteristics and patterns of freight, goods and services movement in the Orlando Urbanized Area, including the characteristics and capacities of the major freight handling modes and facilities in the region.
2. To identify both current problems and emerging future needs facing the movement of freight, goods and services in the Orlando Urbanized Area.
3. To develop a recommended set of improvements and other actions to address those current and future needs and to enhance the safety, efficiency and effectiveness of freight, goods and services mobility in the Orlando Urbanized Area.

The Strategy Plan will provide information to METROPLAN ORLANDO and implementing and regulatory agencies about needed changes in policies, standards and design plans to improve freight, goods and services mobility. It will provide proposed improvements that can be incorporated into METROPLAN ORLANDO's Transportation Improvement Program (TIP) to meet current critical needs in the movement of freight, goods and services. And it will provide information to METROPLAN ORLANDO for the next update of the Long Range Transportation Plan to help achieve a better balance between the needs of moving persons and the moving of freight and goods and providing services.

The METROPLAN ORLANDO FY 1999/2000 Unified Planning Work Program (UPWP) has identified \$240,000 for this project.

Responding consultant firms are requested to provide ten (10) full sets of Submittal of Qualifications, which should identify the following:

- Proposed consultant team, including sub-consultants
- Ability to devote appropriate staff time and resources to this project
- Proposed Project Manager
- Previous experience in conducting freight/goods studies
- Estimated time requirement to conduct the study, based upon the Scope of Services
- Ability to comply with METROPLAN ORLANDO's adopted DBE requirement of 10% participation
- Estimate of the percentage of the Scope of Services that can be accomplished within the stated budget allocation

A Technical Review Committee (TRC), that has been established by METROPLAN ORLANDO, will review the Qualifications Submittals and, based upon the number of Qualification Submittals received and the factors listed above, will select a short-listed group of applicants. The short-listed applicants will be requested to prepare a written Technical Proposal responding to the detailed Scope of Services.

METROPLAN ORLANDO has established the following schedule for Submittal of Qualifications, Preparation of Proposals and Selection of Consultant Team. The TRC will be responsible for the evaluation and ranking of the short-listed consultant teams. The TRC's recommendations will be submitted to the METROPLAN ORLANDO Board for final selection.

- August 16, 1999 – Submittal of Qualifications due
- August 27, 1999 – Short-list of Qualified Consultants established by TRC
- September 27, 1999 – Technical Proposals due from short-listed consultants
- October 8, 1999 – Oral Presentation of Technical Proposals to Technical Review Committee with focus on question and answer session
- October 13, 1999 – Technical Review Committee recommendations presented to METROPLAN ORLANDO Board for final selection

A full Scope of Services is available upon request. The Scope of Services can also be downloaded from the METROPLAN ORLANDO Web Page: [www.metroplanorlando.com](http://www.metroplanorlando.com).

Please address all requests to: Dennis Hooker, Manager of Technical Services, METROPLAN ORLANDO, 315 East Robinson Street, Suite 355, Orlando, Florida 32801-1949.

**Invitation to Bid**

Sealed proposals will be received by the Brevard Metropolitan Planning Organization (MPO) in the Office of Transportation Planning, 2725 Judge Fran Jamieson Way, Building A, Viera, Florida 32940 for the development of a Greenways and Trails Master Plan for Brevard County until 12:00 o'clock noon, August 20, 1999. Project cost is estimated at approximately \$100,000. The work is generally described as follows: Master Plan of a system of greenways and trails within Brevard County that can provide integrated and continuous facilities for transportation, wildlife and recreation throughout the county.

All work performed shall be in accordance with the Contract Documents pertaining thereto, which may be examined or a copy requested at the: Office of Transportation Planning, 2725 Judge Fran Jamieson Way, Bldg. **H. LEE MOFFITT CANCER CENTER**

**REQUEST FOR PROPOSALS  
GEOTECHNICAL SERVICES**

The H. Lee Moffitt Cancer Center (HLMCC) Board of Directors announces that Professional Services in the discipline of Geotechnical Services will be required for the projects listed below:

Project and Location:

Geotechnical Services related to the construction of the new Cancer Research Facility and the American Cancer Society Winn Dixie Hope Lodge for the H. Lee Moffitt Cancer Center and Research Institute, Inc. at the University of South Florida, Tampa, Florida.

Project Description and Background:

The H. Lee Moffitt Cancer Center and Research Institute, Inc., a not-for-profit institution, is a research-oriented specialty cancer center with full service outpatient and inpatient

facilities. The building will substantially augment our existing facilities by focusing on research laboratories, outpatient clinics, administration, conference facilities, and related support functions. Initial studies and conceptual planning show a need for approximately 380,000 square feet and a detached 600-vehicle parking garage. The structure is anticipated at six stories with the ground and first floors built out; the remaining floors shall remain as shell for future expansion.

The American Cancer Society Winn Dixie Hope Lodge is anticipated to be approximately 40,000 square feet with four levels and a structure similar to a hotel/dormitory.

**Location:**

The facility will be located on the HLMCC sublease that is located on the northwestern section of the University of South Florida Tampa Campus.

**Architect:**

The Owner has retained Hunton Brady Pryor Maso Architects, P. A. of Orlando, Florida for the Research Facility. Architect for the Hope Lodge has not been selected.

**Structural Engineer:**

The Architect has retained Walter P. Moore and Associates, Inc. of Tampa, Florida as the Structural Engineer for the Research Tower Project. A Structural Engineer has not been selected for the Hope Lodge Project.

**Completion Date:** The target completion date for both reports is September 30, 1999.

**Scope:**

Firm will be required to provide:

- All pre-construction services through procurement of trades subcontract bids including initial analysis, foundation strategy development, drawing review and bid proposal review.
- All construction phase services to include, but not be limited to site inspections, field change recommendations and follow-up inspections.

**Requirements:**

Firms desiring to apply for consideration shall submit a proposal including a letter of application and the following material listed below. All material shall be submitted in a bound brochure, properly indexed. Brochures shall be limited to 25 numbered pages, numbered sequentially, exclusive of resumes, indexes, tabs, and covers. Letter of application and letter of intent will not be counted in the page count but shall not exceed 2 pages each. Documents shall be on 8-1/2 x 11 pages in portrait orientation. Three copies are to be submitted. Firm must provide proof of current Florida License from the appropriate agency. All applicants must be properly registered at the time of application to practice their profession in the State of Florida. If the applicant is a corporation, it must be authorized by the Florida Department of State to operate in Florida. The applicant shall have a Florida office. Firm must have ten (10) years of experience in providing Geotechnical Services. The Project Information Package to be submitted

with this proposal can be picked up at the Tower Project Office at the address listed below. This Information Package is not considered a part of the 25 page maximum content for the proposal.

Firm may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected consultant must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$10,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

**Historical Information:**

**Requirements:**

- The length of time the firm and/or the principals have operated in the construction industry as geotechnical consultants.
- The firm's experience and performance related to geotechnical services.
- The firm's experience and expertise in the performance of vibration measurement and analysis.
- Firm will provide a sample of a similar report.
- The firm's local experience in the state of Florida. Also specify the location of the responsible office where the project work will be done. The firm's previous experience on similar projects. Limit the number of featured projects to three (3) and include:

**AGENCY FOR HEALTH CARE ADMINISTRATION**

**NOTICE OF HOSPITAL FIXED NEED POOLS FOR ACUTE CARE HOSPITAL BEDS**

The Agency for Health Care Administration publishes bed need for acute care hospital beds pursuant to the provisions of Rules 59C-1.008 and 59C-1.038, FAC. Letters of intent to apply for Certificates of Need pursuant to this notice must be filed with the Certificate of Need Program Office, Building 3, Room 1217, 2727 Mahan Drive, Tallahassee, Florida 32308, on or before 5:00 p.m., August 16, 1999.

Any person who identifies any error in the published bed need must advise the agency of the error within ten (10) days of publication of the number. If the agency concurs in the error, the bed need will be adjusted prior to or during the grace period for this cycle. Failure to notify the agency of the error during this ten day time period will result in no adjustment to the bed need for this cycle and a waiver of the person's right to raise the error at subsequent proceedings. Any other adjustments will be made in the first cycle subsequent to identification of the error including those errors identified through administrative hearings or final judicial review.

Any person whose substantial interest is affected by this action and who timely advised the agency of any error in the action has a right to request an administrative hearing pursuant to Section 120.57, Florida Statutes. In order to request a proceeding under Section 120.57, Florida Statutes, your request for an administrative hearing must state with specificity which issues of material fact or law are in dispute. All requests for hearings shall be made to the Agency for Health Care Administration and must be filed with the agency clerk at 2727 Mahan Drive, Building 3, Suite 3431,

Tallahassee, Florida 32308. All requests for hearings must be filed with the agency clerk within 30 days of this publication or the right to a hearing is waived.

NOTICE OF HOSPITAL FIXED NEED POOLS FOR  
PSYCHIATRIC AND SUBSTANCE ABUSE BEDS

The Agency for Health Care Administration has projected fixed bed need pools for adult and children and adolescent psychiatric and adult substance abuse beds for January, 2005, pursuant to the provisions of Rules 59C-1.008, 59C-1.040, and 59C-1.041, FAC. Net bed need projections for adult and children and adolescent psychiatric and adult substance abuse hospital beds have been adjusted according to occupancy rate thresholds as prescribed by the above-mentioned rules. A fixed need pool projection for children and adolescent substance abuse beds is not made because the administrative rule governing this service does not include a mathematical formula for the calculation of need. An applicant seeking approval for these types of beds must establish need in its application. Letters of intent to apply for Certificates of Need pursuant to this notice must be filed with the Certificate of Need Program Office, Building 3, Room 1217, 2727 Mahan Drive, Tallahassee, Florida 32308, on or before 5:00 p.m., August 16, 1999.

Any person who identifies any error in the fixed need pool numbers must advise the agency of the error within ten (10) days of publication of the number. If the agency concurs in the error, the fixed need pool number will be adjusted prior to or during the grace period for this cycle. Failure to notify the agency of the error during this ten day time period will result in no adjustment to the fixed need pool number for this cycle and a waiver of the person's right to raise the error at subsequent proceedings. Any other adjustments will be made in the first cycle subsequent to identification of the error including those errors identified through administrative hearings or final judicial review.
