DEPARTMENT OF EDUCATION

NOTICE TO PROFESSIONAL CONSULTANTS

Florida State University, State of Florida, announces that professional services for minor projects are required in the disciplines of civil/structural and mechanical/electrical engineering. The University is interested in contracting with no more than two firms to provide electrical/mechanical engineering services and a single firm for civil/structural engineering. The University reserves the right to reject all proposals and halt the selection process in either area independent of the other.

Minor projects are specific projects for construction, renovation, alterations or additions that have a basic construction budget estimated to be \$500,000 or less; or studies for which the fee for professional services is \$25,000 or

less. Campus Service contracts for minor projects provide that the consultant will be available on an as-needed basis for the upcoming fiscal year, July 1, 1999 – June 30, 2000, beginning with the start date of the contract. At the option of the University and the consultant, the contract may be renewed for a second year.

Firms desiring to provide professional services shall apply by letter specifying the campus service agreement for which they are applying. Proximity of location will be a prime factor in the selection of the firm.

Attach to each letter of application:

1. A completed Board of Regents “Professional Qualifications Supplement,” dated February, 1999. (Note: This is a new edition of the PQS Form) Applications on any other form or applications exceeding the 40 page limit will not be considered.

2. A copy of the applicant's current Professional Registration Certificate from the appropriate governing board. An applicant must be properly registered in the State of Florida to practice the required profession at the time of application. If the applicant is a corporation, it must be properly chartered by the Florida Department of State to operate in Florida.

Submit five (5) copies of the above requested data bound in the order listed above. A separate application is required for each area if the firm intends to apply for both civil/structural and mechanical/electrical. Applications which do not comply with the above instructions will not be considered. Application material will not be returned.

The plans and specifications for campus service projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes. As required by Section 287.133, Florida Statutes, a consultant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected consultant must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Professional Qualification Supplements, descriptive project information, and selection criteria may be obtained by contacting: Lynetta Mills, Facilities Planning & Construction, 109 Mendenhall Maintenance Building A, Florida State University, Tallahassee, Florida 32306-4152, (850)644-2843 telephone, (850)644-8351 facsimile.

For further information on campus service projects, contact Lisa Durham, Sr. Project Manager, at the address and phone listed above.

Submittals must be received at the above location, by 2:00 p.m., local time, Thursday, May 27, 1999. Facsimile (FAX) submittals are not acceptable and will not be considered.
