THE FULL TEXT OF THE PROPOSED RULE IS:

6A-14.030 Instruction and Awards in Community Colleges.

Community colleges are authorized to provide instruction and to confer degrees, certificates, and diplomas only as prescribed herein. Any degree program, certificate, or diploma program offered at a community college shall be offered at the established standard credit hour length. Revisions to the standard credit hour lengths and the lengths of new programs added to the Statewide Program Inventory list must be approved by the State Board of Community Colleges.

(1) Associate in arts degree. Each community college shall provide programs of instruction consisting of courses offered to freshmen and sophomores in baccalaureate programs. The courses shall be classified in the Community College Management Information System as advanced and professional courses. Satisfactory completion of courses within the programs shall be recognized by the award of units of measure called college credit. The associate in arts degree shall be awarded upon satisfactory completion of a planned program of sixty (60) college credits, unless otherwise provided by law, after demonstration of the attainment of predetermined and specified performance requirements. Courses not accepted in the State University System shall not be included in the sixty (60) credits required for the degree.

(2) Associate in science degree. Each community college is authorized to ~~shall~~ provide programs of instruction consisting of college-level courses to prepare for entry into employment. The courses shall be based in theory and of sufficient complexity, rigor, and theory to be college level. The courses shall be classified in the Community College Management Information System as advanced and professional courses or postsecondary vocational courses. The programs shall not include courses classified as postsecondary adult vocational courses. Satisfactory completion of courses within the programs shall be recognized by the award of units of measure called college credit. Effective with the Fall Term 2000 ~~1996~~, the associate in science degree shall be awarded upon satisfactory completion of a planned program of study

comprised of the standard credit hour length established in paragraph (a), including demonstration of the attainment of predetermined and specified performance requirements, and subject to law and rule. Courses not accepted in the State University System shall not be included in the general education core required for the degree. Associate in science degrees that articulate with baccalaureate degrees under the provisions of 6A-10.024(6)(c), FAC., shall meet the specific provisions contained therein.

~~(b) Any associate in science degree offered at a community college shall be offered at the established standard credit hour length. Revisions to the standard credit hour lengths and the addition of new programs must be approved by the State Board of Community Colleges.~~

~~(4)(e) A Technical Certificate consisting of a program of instruction of less than sixty (60) credits of college-level courses, which is is ~~are~~ part of an associate in science degree (A.S.) or an associate in applied science degree (A.A.S.) ~~any A.S. degree~~ program offered in the State of Florida and which prepares students for entry into employment, may be awarded to students who evidence satisfactory completion of the program.~~

~~(5) An Applied Technology Diploma consisting of a course of study that is part of an associate in science degree (A.S.) or an associate in applied science degree (A.A.S.), is less than sixty (60) credit hours, and leads to employment in a specific occupation may be awarded to students who have met the requirements of that diploma. An applied technology diploma program may consist of either vocational credit or college credit.~~

~~(6)(d) An Advanced Technical Certificate consisting of a program of instruction of nine (9) hours or more but less than forty-five (45) credit hours of college-level courses may be awarded to students who have already received an associate in science degree and are seeking an advanced specialized planning program of study to supplement their associate degree.~~

~~(7)(3) Vocational Certificate. Each community college with a department designated as an area vocational education school, shall provide programs of instruction consisting of noncollege-level courses to prepare for entry into employment,~~

as do the postsecondary area vocational-technical centers assigned to public school boards. The courses shall be classified in the Community College Management Information System as postsecondary adult vocational courses. Satisfactory completion of courses within the programs shall be recognized by the award of units of measure called vocational credit. Upon satisfactory completion of a planned program, including the demonstration of the attainment of predetermined and specified performance requirements, and subject to law and rule, the vocational certificate shall be awarded. A community college without a department designated as an area vocational education school may provide vocational certificate programs of instruction under an agreement with a public school board in the community college district.

~~(8)(4) Supplemental instruction. Each community college shall provide, within the limits of its assigned responsibility for vocational education and according to the needs for job skills improvement by people employed in its service area, continuing vocational instruction tailored to individual needs and designed to improve job performance. Such instruction shall be classified in the Community College Management Information System as supplemental, a noncredit classification.~~

~~(9)(5) High school diploma. Each community college assigned responsibility for adult basic and secondary instruction, shall provide, within the limits of the assignment, adult basic and secondary instruction as defined in Section 239.105, Florida Statutes. Such instruction shall be classified in the Community College Management Information System as adult basic and secondary, a noncredit classification. Upon satisfactory completion of a planned high school program, including the demonstration of the attainment of predetermined and specified performance requirements, and subject to law and rule, the high school diploma shall be awarded.~~

~~(10)(6) Preparatory instruction. Each community college shall provide, according to the needs of its students, instruction to remedy deficiencies in the knowledge and skills judged necessary upon entry into a degree or certificate program of instruction in order to progress satisfactorily through the program. Such instruction shall be classified in the Community College Management Information System as preparatory. Satisfactory completion of such instruction shall be recognized by the award of units of measure called preparatory credit.~~

~~(a) College preparatory. Preparatory instruction for students to enroll in college credit instruction shall be classified in the Community College Management Information System as college preparatory. Satisfactory completion of such instruction shall be recognized by the award of units of measure called college preparatory credit.~~

~~(b) Vocational preparatory. Preparatory instruction for students to enroll in vocational credit instruction shall be classified in the Community College Management Information~~

System as vocational preparatory. Satisfactory completion of such instruction shall be recognized by the award of units of measure called vocational preparatory credit.

(11)(7) Lifelong learning instruction. Each community college shall provide instructional activities to address community social and economic issues related to health and human relations, government, parenting, consumer economics, and senior citizens. Such instructional activities shall be classified in the Community College Management Information System as lifelong learning, a noncredit classification.

(12)(8) Recreational and leisure time instruction. Each community college shall provide instructional activities to develop recreational or leisure time skills. Such instructional activities shall be classified in the Community College Management Information System as recreational and leisure time, a noncredit classification.

(13)(9) These provisions shall not prevent community colleges from conferring honorary degrees, certificates, or diplomas.

(5)(a) Individual electric metering by the utility shall be required for each separate occupancy unit of ~~new~~ commercial establishments, residential buildings, condominiums, cooperatives, marinas, and trailer, mobile home and recreational vehicle parks ~~for which construction is commenced after January 1, 1981~~. Individual electric meters shall not, however, be required:

1. For each separate occupancy unit of commercial establishments, residential buildings, condominiums, cooperatives, marinas, and trailer, mobile home and

recreational vehicle parks for which construction commenced prior to January 1, 1981 and which are not currently individually metered.

~~2.1.~~ In those portions of a commercial establishment where the floor space dimensions or physical configuration of the units are subject to alteration, as evidenced by non-structural element partition walls, unless the utility determines that adequate provisions can be made to modify the metering to accurately reflect such alterations;

~~3.2.~~ For electricity used in central heating, ventilating and air conditioning systems, or electric back up service to storage heating and cooling systems;

~~4.3.~~ For electricity used in specialized-use housing accommodations such as hospitals, nursing homes, living facilities located on the same premises as, and operated in conjunction with, a nursing home or other health care facility providing at least the same level and types of services as a nursing home, convalescent homes, facilities certificated under Chapter 651, Florida Statutes, college dormitories, convents, sorority houses, fraternity houses, motels, hotels, and similar facilities;

~~5.4.~~ For separate, specially-designated areas for overnight occupancy at trailer, mobile home and recreational vehicle parks and marinas where permanent residency is not established.

~~6.5.~~ For new and existing time-share plans, provided that all of the occupancy units which are served by the master meter or meters are committed to a time-share plan as defined in Section 721, Florida Statutes, and none of the occupancy units are used for permanent occupancy. When a time-share plan is converted from individual metering to master metering, the customer must reimburse the utility for the costs incurred by the utility for the conversion. These costs shall include, but not be limited to, the undepreciated cost of any existing distribution equipment which is removed or transferred to the ownership of the customer, plus the cost of removal or relocation of any distribution equipment, less the salvage value of any removed equipment.

RULE TITLE: Notice of Mailing Address, Places of Practice, and Primary Place of Practice
 RULE NO.: 61G16-1.0071

PURPOSE AND EFFECT: The proposed rule will set forth the requirements for licensees and certificate of authorization holders to keep the Department informed of their mailing address and all places of practice.

SUMMARY: The proposed rule will set forth the requirement for all licensee and certificate of authorization holders to provide written notification to the Department of their current mailing address and all places of practice, as well as any changes to this information. The proposed rule also defines the terms “mailing address” and “all places of practice” for licensees and certificate of authorization holders.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: No Statement of Estimated Regulatory Cost was prepared.

Any person who wishes to provide information regarding the statement of estimated costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

SPECIFIC AUTHORITY: 455.275, 492.109 FS.

LAW IMPLEMENTED: 455.275, 492.109 FS.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE NOTICED IN THE NEXT AVAILABLE FAW.

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE IS: D. A. O'Connor, Executive Director, Board of Professional Geologists, Northwood Centre, 1940 N. Monroe Street, Tallahassee, Florida 32399-0750

THE FULL TEXT OF THE PROPOSED RULE IS:

(Substantial rewording of Rule 61G16-1.0071 follows. See Florida Administrative Code for present text.)

61G16-1.0071 Notice of Mailing Address, Places of Practice, and Primary Place of Practice.

(1) It shall be the duty and sole responsibility of each licensee and each firm, corporation, partnership, association, or person holding a certificate of authorization to provide written notification to the Department of the licensee's or certificate of authorization holder's current mailing address and all places of practice. Each licensee and certificate of authorization holder shall also provide written notification to the Department of any changes to the mailing address or any additions to or deletion from the reported places of practice within thirty (30) days after the occurrence of the change, addition, or deletion. It is further requested that all licensees and firms, corporations, partnerships, associations, and persons holding a certificate of authorization also provide to the Department the e-mail address for the licensee or certificate of authorization holder whenever possible.

(2) The term "mailing address" shall mean the address at which the licensee or certificate of authorization holder wishes to receive all official communications, notifications, and correspondence from the Board or the Department through United States Postal Service delivery.

(3) For licensees, the term "all places of practice" shall mean the address of all locations at which the licensee holds himself or herself out as qualified to engage in the practice of professional geology, and all firms, corporations, partnerships, agencies, or other entities at which the licensee is employed to engage in the practice of professional geology, or with whom the licensee has entered into an ongoing contractual relationship to engage in the practice of professional geology. The practice of professional geology for a firm, corporation, partnership, agency, or other entity for a single identifiable project shall not be considered as a place of practice unless the licensee's involvement with the project shall extend beyond six (6) months.

(4) For a firm, corporation, or partnership, association, or person which holds a certificate of authorization, the term "all places of practice" shall mean the address of all locations at which the firm, corporation, or partnership, association, or person offers geological services to the public.

(5) Each licensee shall also provide written notification to the Department of the address of the licensee's primary place of practice, and prior to any changes in the identity or address of the primary place of practice, shall notify the Department of said changes.

61G16-2.005 Procedures for Signing and Sealing Geological Papers, Reports, or Other Documents.

(1) All geological papers, reports, or other documents prepared or issued by a licensed professional geologist shall be signed, dated, and sealed by the professional geologist who actually prepared the geological papers, reports, or documents or who had direct responsibility for the supervision, direction, or control of their preparation.

(2) Geological papers, reports, or other documents shall mean any document, whether in a physical or electronic format which conveys or expresses an opinion, conclusion, interpretation, or recommendation based upon the performance of geological services.

(3) Except as noted below, all geological papers, reports, or other documents which are required to be signed, dated, and sealed under the provisions of Chapter 492, F.S., shall bare the actual signature of the professional geologist who prepared or issued the geological papers, reports, or documents, the date signed, and the metal-type impression or stamped ink seal of the said professional geologist.

(4) Geological papers, reports, or other documents which are required to be signed, dated, and sealed under the provisions of Chapter 492, F.S., and which are transmitted, submitted, or issued by means of electronic files, may be signed and sealed by creating a "signature" file that contains the professional geologist's name and license number, a brief overall description of the geological papers, reports or other documents in question, and a list of the electronic files to be sealed. Each file in the list shall be identified by its file name utilizing relative Uniform Resource Locators (URL) syntax described in the Internet Architecture Board's Request for Comments (RFC) 1738, December 1994, which is hereby adopted and incorporated by reference by the Board and can be obtained from the Internet Website: <ftp://ftp.isi.edu/in-notes/rfc1738.txt>. Each file shall have an authentication code defined as an SHA-1 message digest described in Federal Information Processing Standard Publication 180-1 "Secure Hash Standard," 1995 April 17, which is hereby adopted and incorporated by reference by the Board and can be obtained from the Internet Website: <http://www.itl.nist.gov/div897/pubs/fip180-1.htm>. A report shall be created that contains the professional geologist's name and license number, a brief overall description of the geological papers, reports or other documents in question and the authentication code of the signature file. This report shall be printed and physically signed, dated, and sealed by the professional geologist who prepared or issued the geological papers, reports, or other documents. The signature file is defined as sealed if its authentication code matches the authentication code on the printed and physically signed, dated, and sealed report. Each

electronic file listed in a sealed signature file is defined as sealed if the listed authentication code matches the file's computed authentication code.
