DEPARTMENT OF EDUCATION

NOTICE TO CONSTRUCTION MANAGERS

Florida Gulf Coast University, on behalf of the State of Florida, Board of Regents announces that Construction Management Services will be required for the project listed below:

Project No.: BR-1020, Project and Location: Multipurpose Building, Florida Gulf Coast University, Ft. Myers, Florida.

The proposed Multipurpose Building will be the first building that is dedicated primarily for student activity use. To accommodate the growing student enrollment, this building will include a scramble type food service area with 500-600 seats, large Bookstore, Campus Store, small and divisible meeting rooms, SGA Senate room, game room, Lounge,

Ballroom, and computer lab. Office space for Student Center Administration, Dean of Students Office, Housing Office, Student Government, student newspaper and yearbook, and student activity clubs. The estimated construction cost is approximately \$7,902,400 and project budget is \$9,680,000.

The contract for construction management services shall consist of two phases. Phase one of the contract is for pre-construction services for which the construction manager will be paid a fixed fee. Phase one services include value engineering, constructability analysis, development of a cost model, estimating, and the development of a Guaranteed Maximum Price (GMP) at 50% Construction Document phase. If the GMP is accepted, phase two, the construction phase, may be implemented. In phase two of the contract, the construction manager shall become the single point of responsibility for performance of the construction contract for the project and shall publicly bid trade contracts, ensuring the inclusion of 30% Minority Business Enterprises (MBEs). Failure to negotiate an acceptable fixed fee for phase one of the contract, or to arrive at an acceptable GMP within the time provided in the agreement may result in the termination of the construction manager's contract.

Selection of finalists for interview will be made on the basis of construction manager's qualifications, including experience and ability; past experience; bonding capacity; record-keeping/administrative ability, critical path scheduling expertise; cost estimating; cost control ability; quality control capability; qualification of the firm's personnel, staff and consultants; and ability to meet the minority business enterprise participation requirements.

Finalists will be provided with a copy of the building program and the latest documentation prepared by the project architect/engineer, a description of the final interview requirements and a copy of the standard State University System's construction management agreement. The Selection Committee may reject all proposals and stop the selection process at any time. The construction manager shall have no ownership, entrepreneurial or financial affiliation with the selected architect/engineer involved with this project.

Firms desiring to provide construction management services for the project shall submit a letter of application and a completed Board of Regents "Construction Manager Qualifications Supplement". Proposals must not exceed 80 pages, including the Construction Manager Qualifications Supplement and letter of application. Pages should be numbered consecutively. Submittals, which do not comply with these requirements or do not include the requested data, will not be considered. No submittal information will be returned.

All applicants must be licensed to practice as general contractors in the State of Florida at the time of application. Corporations must be registered to operate in the State of Florida by the Department of State, Division of Corporations,
