**NOTICE TO CONSTRUCTION MANAGERS**

The University of Florida on and behalf of the Board of Regents, a public corporation of the State of Florida announces that construction management services will be required for the project listed below:

Project No.: BR-135

Project and Location: Accounting Classroom Building, University of Florida, Gainesville, FL

This project consists of the design and construction of a 32,816 GSF facility for the Fisher School of Accounting at the main campus of the University of Florida to provide technologically advanced offices, classrooms, reading and reference rooms and support spaces. The total construction budget is estimated to be approximately \$5,327,000.00. The proposed site is in a heavily trafficked and historically significant area of campus.

The contract for construction management services will consist of two phases. Phase one is pre-construction services, for which the construction manager will be paid a fixed fee. Phase one services include value engineering, constructability analyses, development of a cost model, estimating and the development of a Guaranteed Maximum Price (GMP) at either the 50% or 100% Construction Documents design phase. If the GMP is accepted, phase two, the construction phase, will be implemented. In phase two of the contract, the construction manager becomes the single point of responsibility for performance of the construction of the project and shall publicly bid trade contracts, ensuring the inclusion of Minority Business Enterprises (MBEs). Failure to negotiate an acceptable fixed fee for phase one of the contract or to arrive at an acceptable GMP within the time provided in the agreement may result in the termination of the construction manager's contract. Selection of finalists for interviews will be made on the basis of construction manager qualifications, including experience and ability; past experience; bonding capacity; record-keeping/administrative ability, critical path scheduling expertise; cost estimating; cost control ability; quality control capability; qualification of the firm's personnel, staff and consultants; and ability to meet the minority business enterprise participation requirements. Finalists will be
