DEPARTMENT OF EDUCATION

NOTICE TO PROFESSIONAL CONSULTANTS
The University of Florida for and on behalf of the Board of Regents, a public corporation of the State of Florida announces that Professional Services in the discipline of architecture will be required for the project listed below:
Project No.: UF-PKY

Project and Location: P. K. Yonge Auditorium and Band/Chorus Building, University of Florida, Gainesville, FL. The project includes the design and construction of teaching, practice, and storage spaces for the school's individual performing arts programs and a 9,000 gross square foot auditorium with a working stage, backstage storage and workrooms, control/projection booth and a lobby with areas for concessions and ticketing. Partial renovation and minor demolition of adjacent facilities will be necessary to "tie in" the new facilities. The project will be delivered using the CM-at-risk method with an approximate construction budget of \$4,540,000.00. The selected firm will provide design, construction documents and construction administration services for the referenced project. Blanket professional liability insurance will be required for this project in the amount of \$500,000.00, and will be provided as a part of Basic Services.

INSTRUCTIONS

Firms desiring to apply for consideration shall submit a letter of application. The letter of application should have attached:

1. A completed Board of Regents "Professional Qualifications Supplement," using the most recent approved version. Applications on any other form will not be considered.
2. A copy of the applicant's current Professional Registration Certificate from the appropriate governing board. An applicant must be properly registered at the time of application to practice its profession in the State of Florida. If the applicant is a corporation, it must be chartered by the Florida Department of State to operate in Florida.

Submit five (5) copies of the above-requested data bound in the order listed. Applications that do not comply with the above instructions may be disqualified. Application materials will not be returned. The plans and specifications for State University System projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes. As required by Section 287.133, Florida Statutes, a consultant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected consultant must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list. Professional Qualifications Supplement forms, descriptive project information and selection criteria may be obtained by contacting:

Submittals must be received in the UF Facilities Planning and Construction office, by 3:00 p.m. (Local Time), Thursday, April 12, 2001. Facsimile (FAX) submittals are not acceptable and will not be considered.

NOTICE TO CONSTRUCTION MANAGERS

The University of Florida on and behalf of the Board of Regents, a public corporation of the State of Florida announces that construction management services will be required for the project listed below:

Project No.: UF-PKY

Project and Location: P. K. Yonge Auditorium and Band/Chorus Building, University of Florida, Gainesville, FL. The project includes the construction of teaching, practice and storage spaces for the school's individual performing arts programs and a 9,000 gross square foot auditorium with a working stage, backstage storage and workrooms, control/projection booth and a lobby with areas for concessions and ticketing. Partial renovation and minor demolition of adjacent facilities will be necessary to "tie in" the new facilities.

The contract for construction management services will consist of two phases. Phase one is pre-construction services, for which the construction manager will be paid a fixed fee. Phase one services include value engineering, constructability analyses, development of a cost model, estimating and the development of a Guaranteed Maximum Price (GMP) at either the 50% or 100% Construction Documents design phase. If the GMP is accepted, phase two, the construction phase, will be implemented. In phase two of the contract, the construction manager becomes the single point of responsibility for performance of the construction of the project and shall publicly bid trade contracts, ensuring the inclusion of Minority Business Enterprises (MBEs). Failure to negotiate an acceptable fixed fee for phase one of the contract or to arrive at an acceptable GMP within the time provided in the agreement may result in the termination of the construction manager's contract. Selection of finalists for interviews will be made on the basis of construction manager qualifications, including experience and ability; past experience; bonding capacity; record-keeping/administrative ability, critical path scheduling expertise; cost estimating; cost control ability; quality control capability; qualification of the firm's personnel, staff and consultants; and ability to meet the minority business enterprise participation requirements. Finalists will be provided with a copy of the building program and the latest documentation prepared by the project architect/engineer, a description of the final interview requirements and a copy of the standard State University System's construction management agreement. The Selection Committee may reject all proposals and stop the selection process at any time. The

construction manager shall have no ownership, entrepreneurial or financial affiliation with the selected architect/engineer involved with this project.

Firms desiring to provide construction management services for the project shall submit a letter of application and a completed Board of Regents "Construction Manager Qualifications Supplement." Proposals must not exceed 80 pages, including the Construction Manager Qualifications Supplement and letter of application. Pages must be numbered consecutively. Submittals which do not comply with these requirements or do not include the requested data will not be considered. No submittal material will be returned. All applicants must be licensed to practice as general contractors in the State of Florida at the time of application. Corporations must be registered to operate in the State of Florida by the Department of State, Division of Corporations, at the time of application. As required by Section 287.133, Florida Statutes, a construction management firm may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected construction management firm must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list. The Board of Regents Construction Manager Qualifications Supplement forms and the Project Fact Sheet may be obtained by visiting the UF Facilities Planning and Construction website or by contacting:

Marsha Brewton, Office Manager
 UF Facilities Planning and Construction
 232 Stadium, P. O. Box 115050
 Gainesville, FL 32611-5050
 Telephone: (352)392-1256
 FAX: (352)392-6378
 Internet: www.admin.ufl.edu/division/cp or
www.facilities.ufl.edu/

Five (5) bound copies of the required proposal must be received in the UF Facilities Planning and Construction office, by 3:00 p.m. (Local Time) Thursday, April 12, 2001. Facsimile (FAX) submittals are not acceptable and will not be considered.

NOTICE TO PROFESSIONAL CONSULTANTS

The Florida State University on behalf of the State of Florida, Board of Regents announces that professional services in the discipline of:

PLANS REVIEW FOR CODE COMPLIANCE AND CONSTRUCTION INSPECTIONS

Description: These services are for plans review for code compliance and inspections of construction contract projects. The consultant will review all construction documents for code

compliance during design including securing the necessary information required to obtain building permits from the appropriate federal, state and local agencies. The consultant will conduct building inspections.

The contract for this project will also be available to satellite campuses and other FSU properties, local public schools, area community colleges and other State University System (SUS) institutions. Florida counties included are: Leon, Franklin, Gulf, Marion and Sarasota.

Consultants providing code plan review and inspection services must have State of Florida license and/or certified personnel on staff to perform plan review and inspections in the State of Florida in accordance with Chapter 468, Florida Statutes.

Campus Service Contracts provide that the consultant will be available on an as-needed basis through June 30, 2002, with the option to extend the agreement for an additional year.

Firms desiring to provide professional services shall apply by letter specifying their area of specialty and their intent to provide all necessary plan review and code inspections including structural, electrical, mechanical, gas, plumbing, ADA, and Fire/Life Safety. Proximity of location will be a prime factor in the selection of the firm.

Design ability will not be considered for this selection. Blanket professional liability insurance will be required for this project in the amount of \$500,000, and will be provided as a part of Basic Services.

Attach to each letter of application:

1. A completed Board of Regents "Professional Qualifications Supplement" Revised September 1999. Applications on any other form will not be considered.
2. A copy of the applicant's current Professional Registration Certificate from the appropriate governing board. An applicant must be properly registered at the time of application to practice its profession in the State of Florida. If the applicant is a corporation, it must be properly chartered with the Department of State to operate in the State of Florida.

Submit four (4) copies of the above requested data bound in the order listed above. Applications which do not comply with the above instructions may be disqualified. Application materials will not be returned.

As required by Section 287.133, Florida Statutes, a consultant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected consultant must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Submittals must be received in the Office of Environmental Health and Safety by 2:00 p.m. (Local Time), April 3, 2001. Facsimile (fax) submittals are not acceptable and will not be considered.

NOTICE TO CONSTRUCTION MANAGERS

Florida A & M University, on behalf of the State of Florida, Board of Regents announces that Construction Management services will be required for the project listed below:

Project No. BR-318, Project and Location: Expansion of Coleman Library, Phase II, Florida A & M University, Tallahassee, Florida 32307.

This project proposes an expansion to the existing Coleman Library facility located in the center of Florida A & M University's main campus in Tallahassee, FL. The project consists of the construction of a 47,100 GSF addition consisting of Student Study, Instructional Media, Student Academic Support and Office/Computer type spaces. This expansion is proposed to be located to the west of the existing facility with a physical connection occurring at the west end of the expansion project completed in 1990, thus further defining the urban courtyard created by the 1990 project.

The estimated construction budget is approximately \$6,162,000.

A copy of the Facility Program can be obtained at the requester's expense by calling: Target Copy, (850)224-3007, ask for the Manager or a Key Operator.

The contract for construction management services will consist of two phases. Phase one is pre-construction services, for which the construction manager will be paid a fixed fee. Phase one services include value engineering, constructability analyses, development of a cost model, estimating, and the development of a Guaranteed Maximum Price (GMP) at 75% Construction Document phase. If the GMP is accepted, phase two, the construction phase, will be implemented. In phase two of the contract, the construction manager becomes the single point of responsibility for performance of the construction of the project and shall publicly bid trade contracts, ensuring the inclusion of Minority Business Enterprises (MBEs). Failure to negotiate an acceptable fixed fee for phase one of the contract, or to arrive at an acceptable GMP within the time provided in the agreement may result in the termination of the construction manager's contract.

Selection of finalists for interviews will be made on the basis of construction manager qualifications, including experience and ability; past experience; bonding capacity; record-keeping/administrative ability, critical path scheduling

expertise; cost estimating; cost control ability; quality control capability; qualification of the firm's personnel, staff and consultants; and ability to meet the minority business enterprise participation requirements. Finalists will be provided with a copy of the building program and the latest documentation prepared by the project architect/engineer, a description of the final interview requirements and a copy of the standard State University System's construction management agreement. The Selection Committee may reject all proposals and stop the selection process at any time. The construction manager shall have no ownership, entrepreneurial or financial affiliation with the selected architect/engineer involved with this project.

Firms desiring to provide construction management services for the project shall submit a letter of application and a completed Board of Regents "Construction Manager Qualifications Supplement." Proposals must not exceed 80 pages, including the Construction Manager Qualifications Supplement and letter of application. Pages must be numbered consecutively. Submittals which do not comply with these requirements or do not include the requested data will not be considered. No submittal material will be returned.

All applicants must be licensed to practice as general contractors in the State of Florida at the time of application. Corporations must be registered to operate in the State of Florida by the Department of State, Division of Corporations, at the time of application. As required by Section 287.133, Florida Statutes, a construction management firm may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected construction management firm must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$25,000 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

The Board of Regents Construction Manager Qualifications Supplement forms and the Project Fact Sheet may be obtained by contacting: Alice T. Williams, Secretary or Rod McQueen, Coordinator, Facilities Planning and Construction, (850)599-3197, Fax (850)561-2289.

Six (6) comb/spiral or ring (no hard/solid/tack) bound copies of the required proposal data shall be submitted to: Samuel J. Houston, Director, Facilities Planning and Construction, Florida A & M University, Plant Operations Facility, Building A, Suite 100, 2400 Wahnish Way, Tallahassee, FL 32307.

Submittals must be received by 3:00 p.m. (Local Time), April 11, 2001. Facsimile (FAX) submittals are not acceptable and will not be considered.

NOTICE TO PROFESSIONAL CONSULTANTS

The University of South Florida announces that Professional Services in the discipline of architecture will be required for the project listed below:

Project Number: BR-533

Project and Location: Alumni Center Building Expansion, University of South Florida, Tampa Campus, Tampa, Florida.

The current Alumni Building was completed in May of 1998 and is an 18,514 square foot building that includes a clubroom, a boardroom, and a library in addition to space for staff offices. Expansion was planned for extensions at both ends of the building.

The proposed Alumni Center Expansion is for an additional 18,000 gross square feet. The building systems (structural, architectural, mechanical, plumbing and electrical) shall be compatible to the existing building systems. The building design must respect the design of the existing Alumni Facility as well as be compatible for future expansion. The quality of construction material shall be compatible with, and complement the existing Alumni Center.

The selected firm will provide design, applications for permitting, construction documents, construction administration and post-occupancy services for the referenced project. The selected firm will be required to provide computer drawings according to the standards of the University of South Florida. Blanket professional liability insurance will be required for this project in the amount of \$250,000, and will be provided as a part of Basic Services. Project development including professional services is contingent upon availability of funds. The estimated construction budget for this project is anticipated to be approximately \$2,900,000 including site related work. It is anticipated that this project will utilize a Construction Manager (pre-construction and construction services).

Selection of finalists for interview will be made on the basis of professional qualifications, including experience and ability; past experience; design ability; minority participation; volume of work; and distance from project. Finalists will be provided a copy of the approved building program and a copy of the standard Architect/Engineer Agreement.

INSTRUCTIONS

Firms desiring to apply for consideration shall submit a letter of application, a completed Board of Regents "Professional Qualifications Supplement", version dated 9-99, and a copy of the applicant's current Professional Registration Certificate from the appropriate governing board. Applications on any other form will not be considered.

All applicants must be properly registered at the time of application to practice its profession in the State of Florida. If the applicant is a corporation, it must be chartered by the Florida Department of State to operate in Florida.

Applications which do not comply with the above instructions may be disqualified. Application materials will not be returned.

The plans and specifications for State University System projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes. As required by Section 287.133, Florida Statutes, a consultant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected consultant must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Professional Qualifications Supplement forms, descriptive project information, and selection criteria may be obtained by contacting: Vanessa Poole, Facilities Planning and Construction, University of South Florida, FPC 110, 4202 East Fowler Avenue, Tampa, Florida 33620-7550, (813)974-0891 or (813)974-2625, Fax (813)974-3542.

SPACEPORT FLORIDA AUTHORITY

REQUEST FOR PROPOSAL

MISSILE AND SPACE SAFETY SUPPORT

PURPOSE: The Spaceport Florida Authority (the Authority) is developing new launch capabilities, vehicle tracking capabilities and ordnance processing facilities on Cape Canaveral Air Force Station. To support this effort, the Authority is soliciting proposals to provide technical analysis and engineering support in the area of explosive safety, missile ground and flight safety, and trajectory analysis.

Services Required: The Offeror will be required to:

- a. Perform technical analysis of explosive facility siting requirements and be able to prepare explosive site plans acceptable to the Department of Defense (DOD), Department of Alcohol, Tobacco and Firearms (ATF) and the state of Florida permitting requirements.
- b. Provide analysis of space/missile flight trajectories, flight safety requirements, solutions acceptable to Range Safety and instrumentation requirements in accordance with accepted DOD criteria.
- c. Validate proposed space/missile ground and flight safety plans and recommend methods of improvement if necessary.
- d. Prepare MSPSP plans and other DOD required documentation as requested by SFA.
- e. Be prepared to support the launch of a TX664-5/Terrier Mk 70-configured vehicle tentatively scheduled for July 2001.

Type of Contract: This solicitation may result in a Task Order Contract with each task separately scoped, negotiated and priced. Task orders will be fixed price, however, the Offeror will not be obligated to accept any task unless the scope and price is mutually acceptable to both parties. SFA reserves the right to extend the period of performance up to at least two years and/or not to issue a contract under its (SFA's) sole discretion.

Period of Performance: March 21, 2001 – March 21, 2003

Compensation: Total price of all task orders under this contract is not expected to exceed \$50,000.00, however, no minimum price has been established. At least one task order is expected to be issued.

Evaluation (and weighting value) Criteria: This contract will be awarded on the basis of Offeror's proposed approach (10%), technical qualifications (15%), specific experience with range systems and EWR 127-1 (35%), past performance especially Solid Rocket/Terrier-configured/rail-launched vehicles (20%), and cost structure (20%).

Proposal Instructions: The Offeror's proposal should be limited to 10, 8 1/2 by 11 inch type written pages, including any figures or diagrams. As a minimum the proposal must contain:

- a. A brief outline of the company's organization and history including a detailed description of the firm's technical qualifications.
- b. Resumes of proposed key individuals.
- c. Descriptions of the firm's role in similar projects
- d. References from prior clients received within the last 2 years.
- e. A copy of the firm's latest financial statement.
- f. A statement of proposed rates as follows:
An average salary for proposed management personnel;
An average salary for proposed senior engineering personnel;
An average salary for proposed engineering personnel;
An average salary for proposed support personnel;
Proposed overhead and G&A rates.
- g. A brief description of a suggested approach to help SFA prepare required documentation to obtain range safety approval for proposed SFA-sponsored operations and rocket launches with special emphasis on supporting the first launch scheduled for mid-July 2001.

Proposals should be clearly marked **PROPOSAL FOR MISSILE AND SPACE SAFETY SUPPORT** and submitted to:

Spaceport Florida Authority
Attn.: Gregory Popp; Director, Business Operations
100 Spaceport Way
Cape Canaveral, Florida 32920

Proposals must be received by 12:00 Noon (Eastern Time Zone), March 14, 2001.

Spaceport Florida Authority reserves the right to reject any or all bids or Proposals.
