The University of South Florida announces that Professional Services in the discipline of architecture will be required for the project listed below:

Project Number: 559

Project and Location: Chemistry Building Remodeling, University of South Florida, Tampa Campus, Tampa, Florida.

The Chemistry Building Remodeling shall consist of a total building systems replacement, including asbestos abatement, and renovation of the teaching, research and administrative spaces. The current facility is a 3-story above grade cast-in-concrete structure with a full below grade basement, consisting of approximately 78,000 gross square feet. The Building houses the Chemistry Department's Introduction to Chemistry Laboratories, Organic Laboratories, Geology Department's Laboratories, teaching classrooms and administrative offices. Two large lecture halls are located on the first level, immediately north of the three-story building; renovation of these lecture halls shall be limited to replacement of the HVAC units.

The selected firm will provide full design, applications for permitting, construction documents, construction administration and post-occupancy services for the referenced project. The selected firm will be required to provide computer drawings according to the standards of the University of South Florida. Blanket professional liability insurance will be
