**NOTICE TO PROFESSIONAL CONSULTANTS**

The State of Florida and The University of West Florida Board of Trustees announce that Professional Services in the discipline of Architecture will be required for the Project listed below:

Project No. BR-716 Project and Location: International House/Classroom Facility at The University of West Florida, Pensacola, Florida.

The selected firm will provide an Advanced Program Analysis, Design, Construction Documents and Contract Administration for the referenced project. Programming and Site Analysis will be also be included in the scope of services. Blanket professional liability insurance will be required for this project in the amount of \$1,000,000 and will be provided as part of Basic Services.

The project consists of design and construction of a new International Student House and General Purpose Classroom Facility. The facility will include offices, meeting rooms, four or five classrooms and a special events room. The special events room may be a separate building located within short walking distance of the main building. The new facility, as planned, will be approximately 12,000 gross square feet and 8,000 net assignable square feet.

Estimated construction cost of the new facility is \$2,100,000. This cost includes all site development, parking and site utilities.

**INSTRUCTIONS**

Firms desiring to apply for consideration will submit a letter of application.

The letter of application should have attached:

1. A completed Board of Regents "Professional Qualifications Supplement," revised September, 1999. Applications on any other form will not be considered.
2. A copy of the applicant's current Professional Registration Certificate from the appropriate governing board. An applicant must be properly registered at the time of application to practice its profession in the State of Florida. If the applicant is a corporation, it must be chartered by the Florida Department of State to operate in Florida.

Submit six (6) copies of the above on, or before, the requested date bound in the order listed above. Representative samples of related work should be included. The selection committee will review each applicant's proposal to determine its design ability. The scoring range for this PQS category will be 0-5 points in addition to the shortlist interview scoring range of 0-20 for
