(1) Reexamination shall be required for pesticide applicator recertification in the following circumstances:

~~(a) The licensee failed to renew the license within a 60 day period following the expiration date, provided the delay was, in the judgment of the department, not beyond the control of the applicator; or~~

~~(a)(b)~~ The license was revoked or suspended for 6 months or longer; or

~~(b)(c)~~ It is deemed by the department that new information makes reexamination essential for continued certification. In the latter case, the department shall give adequate notice to all applicators affected.

(2) In all other circumstances, applicators shall have two options for recertification as follows:

(a) Reexamination. An applicator may become recertified by successfully retaking the examination(s) required for initial certification as specified in this chapter.

(b) Continuing Education Units (CEUs). An applicator may become recertified by accumulating a specified number of Continuing Education Units (CEUs) during the four (4) year licensure period. CEUs shall be earned by attending Department approved professional training meetings and seminars or by completing and receiving passing scores on Department approved educational modules. ~~The number of CEUs required for applicator recertification in each specific category is as follows:~~

(3) Effective January 1, 2005, all applicators recertifying by means of CEUs must earn 4 CEUs approved for the general standards of pesticide use and safety (core material) plus the following number of CEUs approved for each specific license category to be renewed:

PRIMARY CATEGORIES	CEU'S REQUIRED
Category 1A1 Agricultural Row Crop Pest Control	8
Category 1A2 Agricultural Tree Crop Pest Control	8
Category 1B Agricultural Animal Pest Control	4
Category 1C Private Applicator Agricultural Pest Control	8
Category 1D Soil and Greenhouse Fumigation	4
Category 1E Raw Agricultural Commodity Fumigation	4
Category 2 Forest Pest Control	8
Category 3 Ornamental and Turf Pest Control	12
Category 4 Seed Treatment	4

Category 5A	Aquatic Pest Control	16
Category 5B	Organotin Antifouling Paint Pest Control	4
Category 6	Right-of-Way Pest Control	8
Category 7A	Wood Treatment	4
Category 7B	Chlorine Gas Infusion	4
Category 7C	Sewer Root Control	4
Category 9	Regulatory Pest Control	12
<u>Category 11</u>	<u>Aerial Application</u>	<u>16</u>
Category 20	Regulatory Inspection and Sampling	4
Category 21	Natural Areas Weed Management	16
<u>SECONDARY CATEGORIES</u> <u>CEUs REQUIRED</u>		
Category 10	Demonstration and Research	4
Category 11	Aerial Application	8

~~(4)(3)~~ Applicators seeking recertification in more than one category by means of CEUs must accumulate the sum of the number of CEUs required for each category in which they hold licensure and seek recertification. As of January 1, 2005, this number of CEUs is in addition to the general standard (core) CEUs required.

~~(5)(4)~~ Until January 1, 2005, ~~For~~ each primary category renewed by means of CEUs, a minimum of 2 CEUs earned must consist of CEUs approved for general core competency standards and a minimum of half the CEUs earned must consist of CEUs approved specifically for that category. The remainder of the total number of CEUs earned must consist of CEUs approved either for general core competency standards or for that specific category.

~~(6)~~ For each secondary category renewed by means of CEUs, all CEUs earned must consist of CEUs approved for that specific category. ~~This subsection becomes effective January 1, 2000.~~

~~(7)(5)~~ Categories added to a license after the initial license issue date may be renewed with fewer CEUs per category than stated in paragraph (3) above if the category was added less than two (2) full years before the license expiration date. In this case, the applicator may become recertified in the added category by earning half the required number of CEUs shown for that category above, provided the CEUs were earned between issuance of licensure in the additional category and one year 60 days after license expiration. If a licensee adds a category during the last 12 months of licensure, recertification is not required to renew licensure in that category.

~~(8)(6)~~ CEU program approval. The department shall approve professional meetings or seminars for granting of continuing education units (CEUs) in pesticide use and safety through execution of an agreement between the department and the sponsoring organization and provided the seminar or meeting and sponsor comply with the criteria set forth below. The agreement shall clearly stipulate the sponsoring organization's responsibilities and the department's authority to withhold credits for any seminar or meeting determined not

to be in compliance with the approved criteria or the points specified in the agreement. Criteria for allocation of CEUs and procedures for program approval and granting of CEUs to individual licenses are specified below.

A designee of the sponsoring organization shall sign the record of attendance forms to verify each licensee's attendance.

(f) Authorized department agents may attend any approved CEU session unannounced and without paying any associated registration fee. If such agents desire to earn CEU credit while monitoring approved training programs, they must follow the same protocol as other attendees for registering and paying fees, if applicable.

~~(10)(8)~~ Allocation of CEUs. Each 50 minutes of applicable lecture time will be allocated 1 CEU. Program segments consisting of only field trips, demonstrations, and other non-lecture instruction will be assigned 0.5 CEUs per 50 minutes of applicable non-lecture instruction. Each applicable program segment or combination of segments will be designated as an approved CEU session and assigned a distinct number of CEUs, with a minimum of 0.5 CEUs assigned per approved CEU session. Program segments of less than 30 minutes duration will not be assigned individual CEUs, but will be combined with other approved segments into approved

The licensee is also responsible for maintaining the completed record of attendance forms (form DACS-13325 ~~DACS-130325~~) and submitting these records to the department at the time of request for license renewal.

**Division of Securities and Finance**

**RULE TITLE:** \_\_\_\_\_ **RULE NO.:** \_\_\_\_\_

**Exemption for Issuers of Section 4(2) Offerings** 3E-500.016

**PURPOSE AND EFFECT:** The National Securities Markets Improvement Act of 1996 ("NSMIA") preempted state securities registration laws with respect to "covered securities" as defined in Section 18(b) of the Securities Act of 1933 ("1933 Act"). Included in the definition of covered securities are securities issued pursuant to Section 4(2) of the 1933 Act. The SEC promulgated Rule 506 of Regulation D, which further defines the types of transactions exempt under Section 4(2). NSMIA, however, does not preempt state registration requirements for broker dealers, issuers and other sellers of such securities.

Currently, issuers of Rule 506 offerings must register as issuer dealers pursuant to Section 517.12(1), Florida Statutes, or rely on a transactional exemption pursuant to Section 517.061, Florida Statutes. Therefore, additional burdens are placed upon issuers in order for them to offer and sell Rule 506 offerings.

**SUMMARY:** Pursuant to Section 517.061(19), Florida Statutes, the Department finds that the registration provisions of Sections 517.07 and 517.12, Florida Statutes, are not necessary in the public interest and for the protection of investors because of the limited nature of the offering. The proposed rule will provide an exemption from the registration requirements of Section 517.12, Florida Statutes, for issuers and their bona fide employees who offer and sell Rule 506 offerings.

**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST:** No statement of estimated regulatory cost has been prepared.

NAME OF PERSON ORIGINATING PROPOSED RULE:  
Jerry Vaughan  
NAME OF SUPERVISOR OR PERSON WHO APPROVED THE PROPOSED RULE: Michael W. Moore  
DATE PROPOSED RULE APPROVED BY AGENCY HEAD: October 26, 2001  
DATE NOTICE OF PROPOSED RULE DEVELOPMENT PUBLISHED IN FAW: September 28, 2001

**AGENCY FOR HEALTH CARE ADMINISTRATION**

**Certificate of Need**

RULE TITLE: Certificate of Need Application Procedures  
RULE NO.: 59C-1.008

PURPOSE AND EFFECT: The agency is revising the batching cycles for comparative reviews established in s. 59C-1.008(1)(g), F.A.C., as a result of the moratorium created by Section 52 of Chapter 2001-45, Laws of Florida. That legislation established a moratorium until July 2006 for certificate of need (CON) approval of any additional community nursing home beds that would be licensed under Chapter 400, F.S. As a consequence, the agency is no longer projecting future need for additional Chapter 400 community nursing home beds, and no fixed need pools (FNPs) will be published.

Effective beginning in 2002, to establish a more evenly distributed workload for agency review staff, several types of projects currently reviewed according to the batching cycles for "hospitals and other projects" will be moved to the batching cycles currently established for "nursing facilities." For these projects, the batching cycles currently scheduled to begin on January 25, 2002 will instead begin on April 12, 2002, and the dates in the current calendar established for nursing facilities

will be used thereafter. The proposals affected by this change are: open heart surgery, pediatric cardiac catheterization, specialty burn units, organ transplantation, hospice programs, hospice inpatient beds, and intermediate care facilities for the developmentally disabled. Batching cycles for all other projects currently included in "hospitals and other projects" remain unchanged. Review of projects for hospital-based skilled nursing units (SNUs) and projects for Chapter 400, F.S., community nursing homes will continue according to the cycles currently established for nursing facilities.

The proposed amendments also add a batching cycle calendar for 2003, consistent with the proposed changes.

SUMMARY: Modification of the batching cycle calendar in response to the moratorium on approval of additional Chapter 400, F.S., community nursing home beds.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: None prepared.

Any person who wishes to provide information regarding the statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative, must do so in writing within 21 days of this notice.

SPECIFIC AUTHORITY: 408.15(8), 408.034(5) FS.

LAW IMPLEMENTED: 408.039(1) FS., s. 52, Ch. 2001-45, Laws of Florida.

60L-32.001 Scope and Purpose.

This chapter sets forth the rules and policies governing compensation and benefits available to all classes of positions in the State Personnel System. The rule governing prerequisites applies to employees of the executive branch. The rule governing adoption benefits applies to all employees of the state. The rule governing Other Personal Services applies to all agencies as defined by section 110.131(1)(a), Florida Statutes.

Specific Authority 110.1055, 110.131(3), 110.15201, 110.201(1), 110.2035(1), 110.209(1)(c), 110.209(3), 110.403(1)(c), 110.605(1), 216.262(1)(f), 216.262(1)(g) FS. Law Implemented 110.131, 110.152, 110.201, 110.209, 110.403, 110.603, 216.262(1)(f), 216.262(1)(g) FS. History—New \_\_\_\_\_.

60L-32.002 General Responsibilities.

The Department shall develop and maintain a pay plan and a schedule of salary ranges. Agencies shall compensate employees within the appropriate ranges, subject to increases to the base rate of pay, salary additives, and lump-sum bonus payments. Without prior Department approval, agencies shall not deviate from paying employees in accordance with these rules because of budgetary limitations or any other reason. Payment of salaries is, however, contingent upon funds being available in the agencies' approved budgets and in compliance with applicable law.

Specific Authority 110.1055, 110.131(3), 110.201(1), 110.2035(1), 110.209(1)(c), 110.209(3), 110.403(1)(c), 110.605(1) FS. Law Implemented 110.131, 110.201, 110.209, 110.403, 110.603 FS. History—New \_\_\_\_\_.

60L-32.003 Determining Salary upon Appointment.

(1) Upon appointment, an agency shall set an employee's base rate of pay within the salary range for the class to which appointed; provided, that an employee given trainee status shall be paid during the training period in accordance with the individual training scheduled, subject to FLSA requirements.

(2) A reinstated employee shall be treated, for the purposes of pay and benefits, as if the employee had been continuously employed.

(3) Leave of Absence Without Pay – An employee returning from an authorized leave of absence without pay shall be paid at the same base rate of pay being paid at the time leave was granted; provided, that upon return the employee shall receive any adjustments made in the salary range for the class to which the employee is assigned and any mandatory salary adjustments or increases granted during such absences.

In determining the amount of adjustment, the implementation instructions applied to all employees in that class shall be followed.

(4) An agency shall notify an employee of any changes made to the employee's pay.

Specific Authority 110.1055, 110.131(3), 110.201(1), 110.2035(1), 110.209(1)(c), 110.209(3), 110.403(1)(c), 110.605(1) FS. Law Implemented 110.131, 110.201, 110.209, 110.403, 110.603 FS. History—New \_\_\_\_\_.

60L-32.0031 Increases to Base Rates of Pay.

(1) An agency may increase an employee's base rate of pay within the established pay range at any time, based upon documented justification, provided funds are available for the increase, and the increase is not specifically prohibited by law.

(2) When the Department has reassigned a class within the career service to a pay grade having a higher minimum salary, each agency shall adjust the base rate of pay of each employee in the class. The adjustment shall be in an amount equal to the amount by which the minimum salary for the class is adjusted, provided the pay adjustment does not place the employee's base rate of pay above the new maximum of the pay grade for the class. In such cases the employee's base rate of pay shall be adjusted to the new maximum of the pay grade.

(3) The Department may adjust any or all salary ranges in the selected exempt service or senior management service classification and pay plans at any time the Department deems appropriate. When the Department makes such adjustments, it shall instruct how employees' salaries are affected.

Specific Authority 110.1055, 110.131(3), 110.201(1), 110.2035(1), 110.209(1)(c), 110.209(3), 110.403(1)(c), 110.605(1) FS. Law Implemented 110.131, 110.201, 110.209, 110.403, 110.603 FS. History—New \_\_\_\_\_.

60L-32.0032 Salary Additives.

(1) Salary additives are temporary increases to the base rate of pay. The Department shall approve salary additives for specific classes within the career service. Employees filling positions for which a salary additive has been approved shall receive the salary additive. A salary additive shall be removed or adjusted upon a change in the conditions upon which it was granted.

(2) For career service employees, salary additives include the following:

(a) Shift Differential Additive – An additive for a class when justified by competitive labor practices in accordance with Department guidelines.

(b) On-Call Additive – Agencies may approve positions to be placed on-call. Employees placed on-call shall be compensated in accordance with the collective bargaining unit agreement to which they are assigned. If not covered by a collective bargaining agreement, the employee shall be compensated as determined by the agency. Agencies may assign individual positions this additive when all of the following conditions are satisfied.

1. The employee has been instructed by the appropriate management to remain available to work during an off duty period.

2. The employee must leave word where the employee may be reached by phone or electronic signaling device.

3. The employee is available to return to the work location on short notice to perform assigned duties.

(c) Hazardous Duty Additive – An agency may approve this additive for specific positions within a class when it can be demonstrated that such positions are required to perform duties and responsibilities that are exceptionally hazardous or dangerous. Such duties and responsibilities shall not be customarily associated with all positions in the class.

(d) Leadworker Additive – An agency may approve this additive for individuals with sufficient knowledge and experience to lead others within the same class. The leadership does not include evaluating other’s performance or administering disciplinary actions, and it does not justify reclassification. Duties must be reflected on the position description and in accordance with Chapter 60L-31.

(e) Temporary Special Duty Additive – An agency may approve this additive, for a period of ninety days, when a position has been assigned temporary duties and responsibilities not customarily assigned to the position. An agency may request Office of Policy and Budget approval to extend the period.

(f) Trainer Additive – An agency may approve this additive when an employee is assigned the responsibility to provide on-the-job training to other employees as part of an agency-approved formalized training program; provided, that such training is not part of the customarily assigned duties of the class.

(g) Competitive Area Differential Additive – An additive for a class based on geographical, localized recruitment, turnover, or competitive pay problems. This additive shall apply to all positions in the approved class within the geographical area for which the Department approves the additive.

(h) Coordinator Additive – An agency may approve this additive for individuals with sufficient knowledge and experience to coordinate others across classes. The coordination does not justify reclassification. Duties must be reflected on the position description and in accordance with Chapter 60L-31.

(i) Critical Market Pay Additive – An agency shall not grant this additive without Department approval. In considering requests for this additive, the Department shall conduct all relevant analyses to determine the need for pay adjustments for particular classes. An agency requesting this additive shall assist the Department in any analyses the Department requests.

Specific Authority 110.1055, 110.131(3), 110.201(1), 110.2035(1), 110.209(1)(c), 110.209(3), 110.403(1)(c), 110.605(1) FS. Law Implemented 110.131, 110.201, 110.209, 110.403, 110.603 FS. History–New \_\_\_\_\_.

60L-32.0033 Reduction in Pay.

An agency may reduce an employee’s base rate of pay even if reduction is not required by this chapter. The following actions shall not constitute a reduction in pay: removal of salary additives, or actions to correct overpayments resulting from erroneous application of the Florida Statutes, legislative appropriation, Department rules, or agency pay procedures.

Specific Authority 110.1055, 110.131(3), 110.201(1), 110.2035(1), 110.209(1)(c), 110.209(3), 110.403(1)(c), 110.605(1) FS. Law Implemented 110.131, 110.201, 110.209, 110.403, 110.603 FS. History–New \_\_\_\_\_.

60L-32.0034 Downward Salary Range Adjustments.

The Department may reassign a class to a lower salary range, or decrease the minimum or maximum of a salary range for a class, in which cases the Department shall instruct agencies how to implement the changes.

Specific Authority 110.1055, 110.131(3), 110.201(1), 110.2035(1), 110.209(1)(c), 110.209(3), 110.403(1)(c), 110.605(1) FS. Law Implemented 110.131, 110.201, 110.209, 110.403, 110.603 FS. History–New \_\_\_\_\_.

60L-32.0035 Effective Date of Changes to Base Rate of Pay.

The effective date of changes to the base rate of pay provided for in this chapter shall be:

- (1) the effective date specified by legislative action; or
- (2) if no effective date is specified by legislative action, the effective date specified by the Department; or
- (3) if no effective date is specified by the Department or legislative action, the date the action is taken by the agency. An agency shall not establish a retroactive effective date for any change to a base rate of pay, unless it relates to an employee in the senior management service, in which case the change may be retroactive.

Specific Authority 110.1055, 110.131(3), 110.201(1), 110.2035(1), 110.209(1)(c), 110.209(3), 110.403(1)(c), 110.605(1) FS. Law Implemented 110.131, 110.201, 110.209, 110.403, 110.603, 215.425 FS. History–New \_\_\_\_\_.

60L-32.004 Computation of Hourly Rate.

(1) All pay is computed on the basis of 2080 work hours annually, regardless of whether an employee is paid biweekly or monthly.

(2) Calculate hourly base rate of pay as follows:

$$\text{Biweekly Base Rate of Pay} \times 26 = \text{Hourly Base Rate of Pay} \times 2080 \text{ hours}$$

$$\text{Monthly Base Rate of Pay} \times 12 = \text{Hourly Base Rate of Pay} \times 2080 \text{ hours}$$

In processing pay changes, all salary additives shall be removed prior to calculating any changes to an employee's base rate of pay.

(3) Calculate hourly regular rate of pay as follows:

Biweekly Regular Rate of Pay x 26 = Hourly Regular Rate of Pay  
2080 hours

Monthly Regular Rate of Pay x 12 = Hourly Regular Rate of Pay  
2080 hours

(4) If an employee is paid at different rates of pay during a pay period, the employee's hourly pay at each rate shall first be determined as demonstrated above. Next, the number of hours worked at each hourly rate shall be multiplied by that hourly rate and the two amounts shall be added to obtain the total amount to be paid during that pay period. To determine the weighted average hourly rate of pay for the pay period, the total pay for that pay period is divided by the total hours worked during the pay period.

Specific Authority 110.1055, 110.131(3), 110.201(1), 110.2035(1), 110.209(1)(c), 110.209(3), 110.403(1)(c), 110.605(1) FS. Law Implemented 110.131, 110.201, 110.209, 110.403, 110.603 FS. History--New

#### 60L-32.005 Dual Employment and Compensation.

(1) Agency approval is required for all requests for dual employment and compensation, including, but not limited to:

(a) Employment in excess of one full-time equivalent established position;

(b) Compensation of an employee simultaneously from any appropriation other than salaries; and

(c) Compensation of an employee simultaneously by more than one agency.

(2) In considering requests for dual employment and compensation, agencies shall apply the following criteria.

(a) Compensation must be commensurate with assigned duties.

(b) There must be a demonstrated need for the proposed action.

(c) The services must not violate legislative intent.

(3) The employee seeking dual employment and compensation shall initiate a Dual Employment and Compensation Request (Form DMS/HRM/DUAL eff. 1/1/02) in accordance with the instructions on the form.

(4) An employee of an agency who renders services to another agency shall not be paid an honorarium for such services, except when required by law to be paid an honorarium. In such cases, the employee's salary shall be reduced by an amount equal to the honorarium received, unless the agency approves payment of both salary and honorarium in accordance with this rule.

Specific Authority 110.1055, 110.131(3), 110.201(1), 110.2035(1), 110.209(1)(c), 110.209(3), 110.403(1)(c), 110.605(1) FS. Law Implemented 110.131, 110.201, 110.209, 110.403, 110.603 FS. History--New

#### 60L-32.006 Perquisites.

(1) Without prior Department approval, or a delegation of authority to approve, agencies shall not furnish perquisites or sell goods or services to state employees. The Department's

primary criteria for approval are the ultimate benefit to the state and the exceptional or unique requirements of the position.

(2) Goods and services furnished or sold under this rule shall be considered as part of the employee's total compensation; therefore, the kind and value of goods and services shall be as uniform as practicable in similar situations. The value of goods and services shall not be used to compute the employee's base rate of pay or regular rate of pay unless specifically required by the Department to meet FLSA requirements.

(3) The following policies apply solely to sales of goods and services to state employees.

(a) The provisions of the law apply where items generally sold to the public are offered to state employees at a lower rate.

(b) Sale of goods and services to patients, inmates, or other persons who are not employees of the state shall not require approval under this rule.

(c) This rule does not govern the sale of state surplus property.

(d) In requesting approval of the sale of any goods or services, the agency head shall determine, as nearly as possible, the fair market value of the goods or services to be sold. The Department shall make the final decision as to the cost of the goods or services, but in no case shall a cost be established which is below the cost to the state for providing the goods or services.

(e) The selling price may be deducted from any amounts due by the state to any person receiving such goods and services. Receipts from such deductions, or other methods of payments, shall be accounted for by the employing agency.

(4) Agencies shall report to the Department, on a fiscal year basis the perquisites they have approved under their delegated authority.

(3) Adoption benefits are available to employees of the state as outlined below:

(a) Payment of benefits is contingent on funding.

(b) Benefits are available only for adoptions that become final after September 30, 2000.

(c) Benefits are available only for a child who is under the age of eighteen upon final order of adoption, unless the child is a special needs child as defined in section 110.152(b) of the Florida Statutes.

(d) An employee who adopts more than one child is eligible for benefits for each child.

(e) Payment of monthly installments shall begin in the calendar month immediately after the calendar month the lump sum payment is made.

(f) The benefit is a non-qualified plan under Section 125 of the Internal Revenue Code, subject to withholding taxes.

(h) The Department shall administer the funds appropriated for this benefit. The Department shall hold an annual open enrollment period for submission of applications between the first business day of April and the last business day of May. To apply for this benefit, the applicant shall fully complete and submit the Department's Application for Adoption Benefits Form (Form DMS/HRM/ADOPT, eff. 1/1/02), which is hereby incorporated by reference.

The applicant is responsible for obtaining all certifications and supporting documentation necessary to complete the application. The applicant shall submit the original application and required documentation to the Department before the close of the annual open enrollment period. The Department shall return any application received outside the open enrollment period.

2. For multiple adoptions, the applicant shall submit a separate application for each child. If the final order of adoption lists all children, the applicant may submit one certified copy of the final order.

(i) The Department shall review all timely applications and determine who is eligible to receive the benefit. If funding is insufficient to pay the benefit to all eligible applicants, those with earlier final orders of adoption shall have priority. If final orders of adoption bear the same date, earlier received applications shall have priority. Eligible applicants who do not receive a benefit due to lack of funds shall submit a new application during the next annual open enrollment period, if they desire consideration for payment of the benefit from later appropriations.

(1) Notwithstanding anything in this Chapter 60L-32 to the contrary, employees paid from appropriations for other personal services are entitled only to the compensation expressly designated as available to them.

(2) The employing agency will determine the appropriate rate of pay; however, such payments shall be in compliance with the FLSA. Upon request, the Department shall help agencies determine how the FLSA applies to individual other personal services payments.

(3) Each agency shall maintain accurate records of all individuals paid from other personal services appropriations.

employee shall continue to earn leave and receive benefits of the employee's permanent position. The agency may grant the employee a temporary salary increase during the acting appointment.

(6) Every employee not permanent in the career service shall serve at the pleasure of the agency and shall be subject to any personnel action, including but not limited to suspension, dismissal, reduction in pay, demotion, or reassignment, at the discretion of the agency. Except when taken with respect to a permanent career service employee, such personnel actions are exempt from the provisions of Section 110.227 and Chapter 120 of the Florida Statutes.

#### 60L-33.005 Workforce Reduction and Employee Transition.

(1) A workforce reduction is the deletion of positions. Agencies may delete both vacant and filled positions. Agencies may delete positions for a variety of reasons, including budget cuts, program reductions resulting from outsourcing or privatization efforts, or program phase-outs. Agencies shall accomplish workforce reductions in an orderly, systematic, and uniform manner in accordance with this rule.

(2) Each agency shall have a Department-approved workforce transition plan. The goal of the plan is to ensure that the agency makes reasonable efforts to provide a smooth transition for the career service employees adversely affected by the workforce reduction. The plan shall identify the steps the agency will take during the workforce reduction to advance this goal. The following steps are reasonable and shall be included in any plan, unless the plan justifies in writing why they are not included:

(a) Appoint a workforce transition team, which is responsible for overseeing and administering the workforce reduction.

(b) Develop a communications plan, designed to ensure open, honest, and frequent communication regarding staffing changes. Provide clear avenues for employees to seek and obtain information and assistance. Address necessary communications with the Department, the Agency for Workforce Innovation, and unions.

(c) Assess the positions to be deleted and the mission and goals of the residual program (that is, the program area that will remain after the deletion of functions and positions). Identify the employees and programs or services that will be affected by the workforce reduction. Identify the knowledge, skills, and abilities that employees will need to carry out the residual program.

(d) Assess employees.

1. If the workforce reduction affects law enforcement or correctional officers, firefighters, or professional health care providers, develop procedures to establish the relative merit and fitness of these employees. Include a formula for uniform application within a competitive area, taking into consideration the type of appointment, the length of service, and the evaluation of the employee's performance within the last five years of employment. The Department may authorize selective competition within the competitive area, based upon specific qualifications deemed necessary for a position, if the duties and responsibilities requiring such qualifications are clearly reflected in the official position description on file with the agency.

2. If the workforce reduction affects any other career service employee, consider the comparative merit, demonstrated skills, and experience of each employee. In determining which employees to retain, consider which employees will best enable the agency to advance its mission;

in this context, consider how each employee fares with respect to the following factors: commitment, cooperation, excellence, fairness, honesty/integrity, initiative, respect, and teamwork.

(3) A permanent career service employee facing layoff as a result of a work force reduction shall have an opportunity for first interview within any agency for a vacancy for which the employee is qualified and has applied.

(4) Before laying off a permanent career service employee as part of a work force reduction, an agency shall provide the employee reasonable notice of the intended action. Where possible, the agency shall provide at least thirty days notice, and in all cases the agency shall provide at least ten days notice or, in lieu thereof, pay or a combination of notice and pay.

(5) The Agency for Workforce Innovation through its existing programs shall make available placement assistance to affected agencies and employees.

(6) Upon request, agencies shall provide to the Department all information necessary to update and maintain the workforce transition database.

(7) Consequences of a workforce reduction, including a layoff, are not disciplinary actions.

Specific Authority 110.1055, 110.201(1), 110.227(2) FS. Law Implemented 110.201, 110.227, FS. History—New \_\_\_\_\_.

#### 60L-33.006 Other Personal Services Employment.

(1) Other personal services (“OPS”) employment is a temporary employer/employee relationship used solely for the completion of short term or intermittent tasks. OPS employees do not fill established positions. OPS employees shall not be assigned the duties of any vacant authorized position.

(2) The following criteria shall form the basis of an agency’s request to the Office of Policy and Budget for approval to retain an OPS employee beyond 1,040 hours:

(a) The agency has requested a full-time equivalent position in its agency legislative budget request to fulfill the duties of the OPS position on a permanent basis, and the Legislature has not previously rejected such a request.

(b) The employee is currently working on a special project originally scheduled for completion within the 1,040 hours but, due to unforeseen circumstances documented by the agency, the project requires more time, and it would be further delayed by hiring and training a new OPS employee.

(c) The employee possesses specific knowledge or skills in a mission critical area of expertise for which there is an immediate but not permanent need, and training a new employee is not cost-justified.

(d) The agency hired the employee to perform the duties of a permanent employee on extended leave, and the services are still needed.

(3) The Office of Policy and Budget shall approve extensions beyond 1,040 hours on a fiscal year basis.

(4) Office of Policy and Budget approval of an extension beyond 1,040 hours shall not guarantee approval of later requests for extension for the same employee.

Specific Authority 110.1055, 110.131(3), 110.201(1) FS. Law Implemented 110.131 FS. History—New \_\_\_\_\_.

#### 60L-33.007 Volunteers.

(1) Agencies shall determine appropriate duties, if any, for volunteers. Agencies may conduct programs to increase agency and public awareness regarding the importance of volunteers to the goals and operation of the agency. Such programs may include awards and other forms of recognition to demonstrate appreciation for volunteer service.

(2) A state employee whose primary employment consists of duties and responsibilities similar to those associated with the volunteer activities may not be considered for volunteer work if such work would require payment for overtime in accordance with the FLSA.

(3) Agencies may conduct recruitment campaigns to attract suitable volunteers to meet agency needs. Agencies shall conduct screening appropriate to the needs of the volunteer position.

(4) Agencies shall make available to volunteers information regarding the duties and responsibilities of the volunteer position. Agencies shall supervise volunteers toward accomplishing the needs of the unit to which they are assigned.

Specific Authority 110.1055, 110.201(1), 110.503(2) FS. Law Implemented 110.503 FS. History—New \_\_\_\_\_.

#### 60L-33.008 Equal Employment Opportunity and Affirmative Action.

(1) The Department shall assist agencies in ensuring equal employment opportunity. Toward this end, the Department shall:

(a) Provide technical assistance and training in agencies’ development and implementation of the affirmative action plan required by Rule 60L-33.008(4).

(b) Provide technical assistance and training in equal employment opportunity and affirmative action principles for agency supervisory employees. The Department may provide these services directly or contract for them, with each participating agency reimbursing the Department for costs incurred through such contract. Once the Department approves the content of any training program, the Department may delegate the training to the agency.

(c) Report to the Governor each year on the implementation, continuance, revision, and results of each agency’s affirmative action plan for the previous year. At the Department’s request, agencies shall provide information necessary for this report.

(2) Agencies shall not discriminate or take retaliatory action against an individual because that individual has opposed an unlawful employment practice or has made a

charge, testified, or participated in any manner in an investigation, proceeding, or hearing relating to equal employment opportunity or affirmative action.

(3) Each agency shall conduct an analysis of its work force to determine whether underrepresentation exists, that is, whether the percentage of an EEO group within a class of positions or an EEO job category is lower than the corresponding percentage in the available labor market. If underrepresentation exists, the agency shall establish annual affirmative action goals in an effort to achieve full utilization of EEO groups underrepresented in its work force.

(4) Each agency shall develop and implement a written plan to promote equal employment opportunity and to meet the agency's established affirmative action goals. The plan shall include the following elements:

(a) Effective date of the plan and the time period that it covers.

(b) Signature of agency head and EEO/AA officer.

(c) EEO/AA officer information.

(d) Policy statement concerning an internal agency complaint procedure, which procedure shall include provisions to advise employees of the procedure and to prohibit retaliation for employing the procedures.

(e) Description of agency organization.

(f) A list of the supervisory personnel to receive training and a schedule for such training.

(g) Work force analysis, which shall include:

1. Statistical comparison of current work force with available labor market in the relevant geographic recruitment area.

2. Previous year's goals and a statement as to whether these goals were met.

3. Measurable goals for the applicable time period for all job categories with underrepresentation. Measurable goals may also be established in job classes with underrepresentation.

4. Recommendations for corrective action, where necessary.

(6) Instruct employees in the proper scheduling, use, and recording of leave and attendance, and the proper earning and recording of hours worked including overtime.

60L-34.003 Work Schedules.

(1) An agency may place an employee on a permanent regular schedule of more or less than an eight-hour workday. Before implementing changes to the regular work schedule, agencies shall give written notice to all affected employees, with attention given to requirements of collective bargaining agreements.

(2) The Department may approve an extended work period under the FLSA.

Specific Authority 110.1055, 110.201, 110.219(5) FS. Law Implemented 110.219 FS. History—New \_\_\_\_\_.

60L-34.0031 Regular Time and Overtime.

(1) Agencies shall pay the following at the employee's current straight time hourly regular rate of pay: the first 40 hours of work; hours in an approved extended work period; and hours in the regular work period for excluded employees,

including holidays, leave with pay, and any other non-work time for which the employee is paid during these designated periods.

(2) Agencies shall refer to the FLSA regarding what constitutes compensable hours of work.

(3) Excluded positions in the selected exempt service and the senior management service are performance-based. Employees filling these positions are expected to work the necessary hours required, and shall not be paid overtime unless required by law or otherwise approved by the Department.

(4) In lieu of overtime payment, an employee in an included position who is eligible for overtime, may, if mutually agreed by the employee and the agency, waive cash payment for overtime, and the agency shall process the FLSA special compensatory leave as follows:

(a) At the end of the workweek or extended period, credit all overtime hours as FLSA special compensatory leave credits at the rate of one and one-half hours credit for each hour of overtime worked.

(b) Allow the employee to accumulate up to a maximum of 80 hours of credits.

(c) Allow the employee to use the credits in any increments mutually agreed by the employee and the supervisor. Absent mutual agreement, the supervisor may, with a minimum of five workdays notice, require the employee to use the credits at any time in increments of full workdays.

(f) When an employee is called back to work beyond the employee's scheduled hours of work for that day, the employee shall be credited with actual time worked or a minimum of two hours of work, whichever is greater. Time not worked of the minimum of two hours is not counted as hours worked for the purposes of computing overtime compensation.

60L-34.0032 Holidays.

(1) All employees are entitled to observe the holidays identified in Section 110.117 of the Florida Statutes; provided, that to be eligible for holiday pay, an employee must be in pay status (actual work or paid leave) for at least a portion of the workday before the holiday. If an employee in a senior management service position or a selected exempt service position is unable to observe a holiday, the employee may take

an alternate day off during the work period; provided, that if the employee is unable to observe the holiday, the employee is not eligible for special compensatory leave as described below.

(2) For part-time employees, agencies shall credit a prorated number of holiday hours, based on the number of hours regularly worked during the workweek, using the following formula:

$$\frac{8 \text{ Hours} \times \text{Number of Hours Worked Per Week}}{40 \text{ Hours}} = \frac{\text{Hours of Credit}}{\text{for the Holiday}}$$

(3) For full-time employees, agencies shall credit holidays as follows.

(a) If the holiday is observed on the employee's established workday and the employee is not required to work, credit the employee with a holiday equal to the hours in the employee's established workday. However, if the holiday falls on an established workday of less than eight hours, credit the employee with an eight-hour holiday.

(b) If the holiday is observed on the employee's established day off, credit the employee with an eight-hour holiday.

(c) For career service employees, if the holiday is observed on the employee's established workday and the employee is required to work, credit the employee with special compensatory leave equal to the time worked on the holiday, not to exceed the number of hours in the employee's established workday. However, if the holiday falls on an established workday of less than eight hours, credit the employee with an eight-hour holiday.

(4) For career service employees, for any holiday (excluding the personal holiday) observed during the workweek, approved extended work period, or regular work period for excluded employees, agencies shall credit the holiday by granting special compensatory leave credits on an hour-for-hour basis for those hours that are not necessary to bring the employee's rate of pay up to the normal rate of pay for the workweek, approved extended work period, or regular work period for excluded employees.

(2) An employee granted a leave of absence, with or without pay, shall be an employee of the state while on leave. Upon termination of the approved leave of absence, the employee shall be returned to the same position or a different

position in the same class and same work location, unless the agency and the employee agree in writing to other terms and conditions governing the grant of leave.

(3) Regardless of the amount of leave originally approved, including administrative leave, the employee will only be charged with or granted the amount of leave necessary to bring the employee to a forty-hour workweek, the regular hours for an approved extended work period, or regular work period for excluded employees.

(4) Approved leave may be taken only in increments of fifteen minutes or more, rounded to the nearest quarter hour.

(5) The use of paid leave shall not be authorized and taken before the time it is earned.

(6) For career service employees, leave shall be credited to the employee at the close of business on the last day of the pay period, or, in the case of separation, on the last day the employee is on the payroll. For senior management service and selected exempt service employees, leave shall be credited upon the first appointment to either of the pay plans and upon the annual anniversary date of that first appointment.

(7) If an employee moves from one agency to another within thirty-one days, the receiving agency shall pay the number of hours worked plus any approved leave with pay and any holiday falling after the employee's last day with the exiting agency.

(8) Extra hours may be offset to avoid overtime at the end of the workweek, approved extended work period, or regular work period for excluded employees; provided, the offset shall be made within these designated work periods.

(9) Each agency shall keep an accurate record of all hours of work performed by each (a) included employee and (b) excluded career service employee. Agencies may keep records of work performed by other employees for business reasons, e.g., federal funding, cost accounting, etc. All hours worked must be totaled at the end of the workday and the total shall be rounded to the nearest quarter of an hour.

(10) Each agency shall keep an accurate record of all authorized leaves of absence.

(11) DROP participants shall accrue leave in the same manner and at the same rate as prior to entering the DROP.

(3) Upon reasonable notice, an agency may require an employee to use accrued annual leave.

(4)(a) At the close of business on December 31 of each calendar year, a career service employee's annual leave balance in excess of 240 hours shall be transferred to sick leave on an hour-for-hour basis. In accordance with an agency-wide plan, the employee may carry-over up to 360 hours of annual leave credits past December 31. For senior management service and selected exempt service employees, at the close of business on the day before the member's anniversary date, all annual leave credits in excess of 480 hours shall be converted to sick leave on an hour-for-hour basis.

(b) Each December, a permanent career service employee shall be entitled, subject to the available funds, to a payout of up to twenty-four hours of unused annual leave provided:

1. After the payout, the employee's annual leave balance is at least twenty-four hours.

2. The cumulative payout shall not exceed the lifetime maximum described in Rule 60L-34.0041(6)(a).

(5)(a) If an employee moves into the State Personnel System from another state government employer, the receiving agency shall credit all annual leave not paid for at the time of the transfer.

(b) If an employee moves from one position in the State Personnel System to another position in the State Personnel System in a different agency within thirty-one days, the receiving agency shall credit the employee's unused annual leave.

(c) If an employee moves from a position in the State Personnel System to a position outside the State Personnel System, the agency shall either transfer unused annual leave credits to the system into which the employee is transferring, or, if the new system will not accept the credits, pay for the credits subject to Rule 60L-34.0041(6).

(6)(a) A career service employee who separates from state government with twelve continuous months of service shall be paid for unused annual leave, up to a lifetime maximum of 240 hours. In calculating the lifetime maximum, agencies shall include only payments after May 13, 2001. In case of death of an employee, the 240-hour limit shall not apply and all unused annual leave at the time of death shall be paid to the employee's beneficiary, estate, or as provided by law.

(b) A senior management service or selected exempt service employee who separates from state government shall be paid for unused annual leave up to a maximum of 480 hours, with the current year's accrual prorated. In case of death of an employee, the 480-hour limit shall not apply and all unused annual leave at the time of death shall be paid to the employee's beneficiary, estate, or as provided by law.

(c) An employee with twelve months of service, who is being laid off, shall be paid for all unused annual leave in accordance with this section, unless the employee requests in writing that the annual leave be retained up to a maximum of one year, pending reemployment.

If an employee elects immediate payment, then upon separation from service the employee shall be eligible for accrued annual leave payment only to the extent the employee has earned additional annual leave, which combined with the original payment does not exceed the applicable maximum amount specified in paragraphs (a) or (b) of this Rule 60L-34.0041(6).

(b) Part-time career service employees and career service employees who work less than a full pay period due to initial employment or separation during a pay period, transfer between agencies, or leave of absence without pay, shall earn sick leave credits for the hours worked during that pay period as follows.

(c) There shall be no limit on the number of hours of unused sick leave an employee may accrue.

(3) Sick leave shall be authorized for the following purposes:

(a) The employee's personal illness, injury, or exposure to a contagious disease that would endanger others. Personal illness shall include disability caused or contributed to by pregnancy, miscarriage, abortion, childbirth, and recovery therefrom.

(b) The employee's personal appointments with a doctor, dentist, or other recognized practitioner.

(c) Illness, injury, or well-care check-ups of the employee's spouse, the children or parents of the employee or the spouse, or a person for whom the employee or the spouse has a caretaker responsibility, when the employee's presence is necessary. Each agency shall establish an agency-wide definition of "caretaker."

(4) Upon request, an employee may use accrued sick leave credits subject to the following.

(a) An employee may use sick leave only for authorized purposes. Unauthorized use may be revealed by a pattern of absence by an employee, for example, consistent absence on the day before or after the employee's regular days off, or absence on the same day of each week or each month.

(b) After three workdays or partial workdays of absence in any thirty-day period, the agency may require medical verification of any further absence(s) due to illness or injury.

(c) After ten consecutive days of absence, the agency shall require the employee to submit medical verification from the attending physician before authorizing additional use of sick leave credits or leave without pay. If absence continues, the agency shall require, as appropriate, further medical verification for each thirty consecutive days of absence. To justify further sick leave, the medical verification must indicate that the employee is unable to perform regularly assigned duties.

(d) If an employee's medical verification is not acceptable, the agency may require the employee to submit to a medical examination, at the agency's expense, before approving further use of sick leave.

(e) An employee who refuses to comply with these rules shall not be eligible to use accrued sick leave credits, and the agency shall take the appropriate action regarding continued employment, based on the available information.

(5) An agency may establish a formal sick leave transfer plan, which allows an employee to donate personal sick leave credits to another employee.

(a) The plan may limit the transfer of sick leave credits within the agency only, or allow for inter-agency transfers; provided that inter-agency transfers shall allow for both the receipt of and donation of sick leave credits. The same plan provisions and restrictions shall apply to transfers within the agency and inter-agency transfers.

(b) A plan that allows inter-agency transfers shall ensure that all requests to donate from within the agency are identified and processed before donations from other agencies are considered, except for transfer by the receiving employee's spouse and the parents, grandparents, brothers, sisters, children, and grandchildren of both the employee and the spouse.

(c) Participation in the plan shall at all times be voluntary on the part of the donating employee and the receiving employee.

(d) An employee may participate in the plan by voluntarily transferring sick leave credits, provided that a minimum of eighty hours of sick leave credits remain in the employee's account following execution of the sick leave credit transfer. The minimum transfer amount for each transaction shall be eight hours. The employee cannot cancel the donation once the agency completes the transfer.

(e) To be eligible to receive sick leave credits under the plan, an employee must meet the following conditions.

1. The employee has used all accrued sick and annual leave and all types of earned compensatory leave.

2. The employee has suffered a documented illness, accident or injury, and requires, as certified by the treating physician, absence from the workplace for a minimum of five consecutive workdays. Unless waived by the employing agency, transferred sick leave credits shall be used for absences associated with such documented conditions beginning with the sixth missed workday or partial workday or on the first day the employee has exhausted all leave credits, whichever is later. Donated leave may be used consecutively, intermittently or in increments of a quarter hour, as needed.

3. The employee is not eligible for disability leave.

4. The employee has not used more than 1040 hours of transferred sick leave credits in the preceding twelve-month period.

(e) When transferring sick leave credits, the agency shall credit the employee with only the amount of sick leave needed to bring the employee's total number of compensable hours up to the minimum number of hours for the pay period.

(f) All credits donated under the plan shall be credited to the receiving employee on a first-in, first-out basis. Upon documented cessation of the qualifying illness, accident or injury, any unused transferred sick leave credits shall be returned to those employees whose donated sick leave credits have not yet been drawn upon under the first-in, first-out method.

(g) Transferred sick leave credits shall have no terminal value.

(6) An agency may establish sick leave pools, subject to the following.

(a) The agency shall determine the number of pools to establish, if any, and the employees who will be eligible to participate in each pool. The agency shall designate an administrator responsible for administering each pool, and shall appoint at least three employees participating in the pool to serve as a committee. The administrator shall meet with the committee and act as liaison with the appropriate agency personnel office to review a participating employee's individual sick leave account. Each committee shall establish internal procedures that shall include, but not be limited to, the following:

1. The enrollment of participating employees in the sick leave pool.

2. Application for use of sick leave credits from the pool.

3. Initial and subsequent deductions from participating employee's sick leave accounts.

(b) Participation in a pool shall at all times be voluntary. An employee may participate in a pool after completing one year of employment with the state, provided that the employee has accumulated at least sixty-four hours of sick leave. Each full-time participating employee shall contribute eight hours of sick leave in the first month of eligibility, and thereafter, each full-time participant shall contribute eight hours each time the pool is depleted. A part-time employee shall contribute sick leave on a pro-rata basis in the first month of eligibility and each time the pool is depleted.

(c) The agency shall determine, or may delegate to the committee to determine, the following:

1. The number of hours to be deposited in the pool to activate the pool for use by eligible employees.

2. The maximum number of hours in the pool that any one employee may use.

3. The number of hours that will constitute depletion of the pool and require further contribution by participating employees.

a. At the time the pool is depleted, if a participating full-time employee's individual sick leave balance is less than eight hours, or a part-time participant's balance is less than the

pro-rated amount, the employee shall contribute all hours accumulated, and shall contribute the remainder as soon as additional sick leave credits have been accrued. The employee shall not use sick leave credits until the amount owed to the pool has been contributed.

b. When a participating employee repeatedly fails to have a sufficient balance of individual sick leave credits to contribute to the pool, the administrator shall investigate the reasons and the committee, by majority vote, shall determine whether to cancel the employee's membership in the pool.

(d) At the time of retirement or separation from the State Personnel System, a participating employee may "donate" to a pool up to sixteen hours of unused or unpaid sick leave from the employee's individual sick leave balance.

(7) The following provisions govern the retention and transfer of sick leave credits.

(a) Credits shall be transferred within the State Personnel System, and may be transferred to another state government employer, depending upon whether the receiving plan accepts the employee's leave credits. If the receiving employer does not accept the credits, the employee shall be paid for the credits if eligible under Section 110.122(1), Florida Statutes; otherwise, the credits shall expire.

(b) If an employee is laid off, the following provisions govern accrued sick leave credits.

1. If the employee has ten years or more of creditable state service and is otherwise eligible for receipt of sick leave payment pursuant to this rule, the agency shall pay for the credits at the time of layoff, unless the employee requests in writing that the agency hold the credits in abeyance pending reemployment within one year.

2. If the employee is reemployed within one year following layoff, an agency shall restore the credits to the employee, provided the employee requests restoration in writing and returns the full amount of any payment received at time of layoff for the credits.

3. If the employee is not eligible for receipt of sick leave payment at the time of layoff, the agency shall hold the credits in abeyance and, if the employee is reemployed within one year following layoff, shall credit them to the employee upon reemployment.

(2) Agencies shall make reasonable efforts to allow employees to use regular compensatory leave credits. An agency may require an employee to use the credits.

(3) Leave credits shall not be transferred from the agency where the credits were earned to another agency or pay plan, unless the employee is moving from a career service position to a selected exempt service position.

An agency may also require an employee to use accumulated special compensatory leave credits prior to approving an employee's request to use other types of approved leave, with the exception of sick leave.

60L-34.0061 Disability Leave.

(1) The following provisions govern job-connected disability leave with pay.

(a) An employee who sustains a job-connected disability that is compensable under Chapter 440, Florida Statutes, shall be carried in full-pay status for up to forty work hours without being required to use accrued leave, beginning immediately following the onset of the injury. This leave may be used intermittently to cover appointments to health care providers, physical therapy, and similar activities provided that these activities are directly related to the employee's Workers' Compensation injury. An employee who returns to work and has exhausted the forty hours of disability leave will, upon presentation of written confirmation from the authorized physician, be granted additional disability leave not to exceed forty-eight hours for follow-up examinations or treatment required by the authorized treating physician for a particular injury.

(b) If, as a result of the job-connected injury, the employee is unable to resume work at the end of the forty-hour period provided in paragraph (a), the employee may continue on full-pay status while covered by Workers' Compensation as follows. Continuing on full-pay status means receiving the salary being received before the disability. In no case shall the employee's salary and Workers' Compensation benefits exceed the amount of the employee's regular salary payments.

1. The employee may elect to use accrued sick, compensatory, or annual leave in an amount necessary to achieve full-pay status. The employee's annual hourly rate (annual salary/2080) shall be used to determine the number of leave hours needed to supplement the Workers' Compensation payments.

2. If the employee elects not to use accrued leave, or after the employee has exhausted all earned leave in accordance with paragraph 1. above, the employee shall be placed on leave without pay and shall revert to normal Workers' Compensation benefits; provided, however, that the agency may petition the Department to continue the employee on full-pay status as follows.

a. The petition shall include a medical report that gives a current diagnosis of the employee's physical condition and a prognosis regarding recovery and ability to return to work.

b. The petition shall describe (i) the type and extent of the injury, (ii) the circumstances of the injury, and (iii) the nature of the employee's duties. The petition shall explain why, in light of the foregoing, it is in the best interest of the state to continue the employee at full-pay status.

(c) An employee covered by Workers' Compensation shall continue to earn and accrue full leave credits.

(d) The following provisions apply when an employee on disability leave returns to alternate duty.

1. When the Division of Risk Management of the Department of Insurance has determined that an employee is entitled to receive a temporary partial disability benefit pursuant to Section 440.15, Florida Statutes, and there is medical certification that the employee cannot perform the duties of the employee's regular position, but the employee can perform some type of work beneficial to the agency, the agency, if appropriate, will return the employee to the payroll at regular rate of pay to perform such duties as the employee is capable of performing even if there is not an established position in which the employee can be placed.

2. If an agency returns an employee to alternate duty, the agency shall advise the employee in writing of the alternate duties to be performed, hours of work, and the expected length of time of the alternate assignment. The agency shall review the employee's performance at least quarterly. The agency shall maintain appropriate records of affected employees.

3. When the employee becomes able to perform regular position duties, the agency shall reassign the duties accordingly and return the employee to regular position. In no event shall the employee be allowed to continue performing the alternate duties once maximum medical improvement has been determined by the Division of Risk Management unless appointed to the position as provided in Chapter 60L-33. The agency shall maintain appropriate records of employees removed from alternate duty.

(2) The following provisions govern compulsory disability leave.

(a) An agency with reason to believe that an employee is unable to perform essential functions of assigned duties, or is otherwise interfering with the operations of the work unit, due to physical or mental illness or injury, shall request a report from the employee's doctor concerning the employee's abilities or require the employee to submit to a medical examination by a physician selected and paid for by the agency. The agency may place the employee on compulsory disability leave pending the physician's report. If the medical examination confirms that the employee is unable, even after reasonable accommodations that do not impose an undue hardship on the agency, to perform essential functions of assigned duties, the agency shall continue or place the

employee on compulsory disability leave or take action to remove the employee from the position, including dismissal. The employee shall be notified in writing of the duration of the disability leave and the conditions under which the employee will be allowed to return to employment.

(b) The employee may elect to use earned leave to cover the period of disability. If the employee does not have sufficient leave credits to cover the disability leave, or elects not to use leave credits, the leave shall be without pay.

(c) If the employee remains unable to perform essential job functions at the end of an approved leave, even after reasonable accommodations that do not impose an undue hardship on the agency, the agency, based on a current medical certification, shall either request the employee's resignation for reasons of inability to perform assigned duties, or dismiss the employee for cause based on inability to perform assigned duties.

(d) If the employee refuses to submit to the medical examination, the agency shall decide based on the available information whether to request the employee's resignation for reasons of inability to perform assigned duties, or dismiss the employee for cause based on inability to perform assigned duties.

(e) In taking action with respect to compulsory disability, an agency shall ensure that it complies with the requirements of applicable federal and state laws.

(3) An agency shall comply with the following provisions when granting administrative leave for the reasons described.

(a) Jury Duty: An employee who is summoned as a member of a jury panel shall be granted administrative leave with pay for hours required for such duty not to exceed the number of hours in the employee's normal workday; however, if the jury duty does not require absence for the entire workday the employee shall return to duty immediately upon release by the court. 1. An employee subpoenaed as a witness, or to give a deposition, in a court or an administrative hearing, not involving personal litigation or service as a paid expert witness shall be granted administrative leave with pay, and witness fees shall be retained by the employee.

2. An employee subpoenaed in line of duty to represent a state agency as a witness or defendant shall not be granted administrative leave, and appearance in such cases shall be considered a part of the employee's job assignment. The employee shall be paid per diem and travel expenses and shall be required to turn over to the agency any fees received from the court.

3. In no case shall administrative leave with pay be granted for court attendance when an employee is engaged in personal litigation or service as a paid expert witness.

#### (c) Examination for military service:

An employee who is ordered to appear for an examination for entrance into the military service shall be granted leave with pay for this purpose on the day of the examination.

#### (d) Death in family:

1. An employee, upon request, shall be granted two days of administrative leave with pay on the death of the employee's spouse and on the death of the parents, grandparents, brothers, sisters, children, and grandchildren of either the employee or the spouse.

2. Each employee requesting administrative leave due to death in the family shall submit a statement to the appropriate authority stating the name of, and relationship to, the deceased.

#### (e) Closing facilities under emergency conditions:

##### 1. By Executive Order:

a. When the Governor, by Executive Order, declares an emergency, the agency shall determine which affected facilities or portions thereof are located in the area covered by the Executive Order.

b. Except for those employees the agency determines are necessary for providing essential services, employees assigned to the facilities the agency has closed shall be released from duty and granted administrative leave for the period the facility is closed. Employees whom the agency requires to remain on duty to provide essential services shall be granted special compensatory leave credits for the hours worked during the period the facility is closed, and the other employees will be granted administrative leave.

c. An employee who is on a prior approved leave of absence or scheduled holiday during an emergency shall not have the leave of absence changed to administrative leave.

d. If the Executive Order issued by the Governor does not specify an ending time and date, the agency's authority under this subsection shall be limited to two consecutive calendar days. Any action beyond two days shall require approval by the Department.

##### 2. Other:

In any other disaster or emergency condition that may necessitate the closing of facilities in an area, the agency shall have the authority and responsibility to determine whether agency offices or facilities, or any portion thereof, are affected by the emergency and are to be closed. The Department must approve the closing of any agency facility or portion thereof

for more than two consecutive work days. The Department must approve the closing of any Department-operated state facility. In such cases, employees' attendance and leave shall be handled as prescribed in paragraph (e)1. above.

(f) Formal investigation:

An employee under formal investigation by an agency for violation of a rule or statute for which dismissal is a penalty, shall temporarily be assigned other duties if deemed advisable by the agency, or placed on administrative leave if the employee's absence from the work location is essential to the investigation. The agency shall report in writing to the Department whenever it grants such leave.

(g) Elections: Any employee may be granted up to one hour of leave with pay for the purpose of voting during normal working hours. An employee shall not be granted administrative leave to work at the polls during elections.

In such cases no further administrative leave shall be granted pursuant to sub-subparagraphs a. or b. until one week has elapsed for every additional hour taken in the aggregate.

60L-34.0072 Educational Leave With Pay.

(1) Agencies shall submit to the Department any program for employees to take educational leave with pay.

(2) Each agency's educational leave with pay program shall have the following as its objectives:

(a) To develop participating employees' knowledge, skills, and ability to meet known agency needs.

(b) To improve the performance level of participating employees.

(c) To provide to career State employees training that is of clearly foreseeable benefit to the agency.

(d) To enable the agency to provide improved service to the public.

(3) Each agency's program shall include provisions that educational leave with pay may be granted any employee to attend a college, university, or training academy for one or more full academic periods, if the following criteria are met:

(a) The plan objectives will be met by allowing the employee to receive the training;

(b) The employee is able to meet the entrance requirements for a planned academic program related to the needs of the agency;

(c) The employee has been employed in the State Personnel System for at least one continuous year.

(4) Each agency's program shall include a provision for the objective selection of employees to be granted educational leave with pay, the method by which they are to be selected, and assurance that selection will not be based on the age, race, sex, religion, national origin, handicap or political affiliation of the employee.

(5) The maximum number of employees granted educational leave with pay at one time shall not exceed two percent of the agency's authorized positions during any fiscal year, unless a greater number is requested by the agency and approved by the Department.

(6) The agency's expenditures for a participating employee's salary and benefits during any academic period shall not exceed the amount that would have been expended by the state for the employee's salary and benefits if the employee had remained on the job.

(7) Expenditure of funds for educational leave with pay shall be in accordance with the agency's approved budget.

(8) Each employee who is to be granted educational leave with pay must, prior to the final approval of such leave, and as a condition of receiving such leave, enter into a written agreement with the agency providing, at a minimum:

(a) That the granting of educational leave with pay is terminable by the agency prior to the end of the approved period of leave if the employee fails to make satisfactory progress in the educational program for which the leave is granted. Satisfactory progress means that the employee is achieving a passing academic grade in each course offering

that is part of educational program. Satisfactory progress shall be determined conclusively between the agency and the employee by the final grade received in each course in which academic performance is assigned a grade or by certification from the instructor in each course in which academic performance is not assigned a grade that the employee has satisfactorily completed the course; provided that, in the case where a course is of such length that a final grade or determination of satisfactory completion cannot be made within six months after beginning the course, the instructor shall certify at the end of the first six months whether the employee is then performing at least at the minimum level required to satisfactorily complete the course according to the academic measures of the institution, and such certification shall be binding between the agency and the employee for purposes of termination of the leave.

(b) That, in consideration of the granting of educational leave with pay, the employee agrees to continue employment with the agency after completion of the training for a period of time equal to the length of leave taken, and that the employee's voluntary termination of employment prior to the expiration of said period shall constitute a material breach of contract, entitling the State to liquidated damages in an amount equal to that sum which is the product of multiplying the total of all salary and benefit expenditures for the employee during the period of education leave taken by a fraction, the numerator of which is the number of days remaining to be worked at termination to complete the period of employment equal to the period of educational leave with pay, and the denominator of which is the number of days of educational leave with pay taken.

(9) An employee who is granted educational leave with pay shall be returned to the same position unless the written agreement between the agency and the employee specifically includes a provision that the employee may be returned to a different position.

(10) Employees granted educational leave with pay are still employees of the agency and the State and, as such, retain all benefits, rights, and responsibilities of an employee while on such leave; provided, however, that time spent on educational leave with pay shall not be counted toward completion of the probationary period if the employee is on probationary status when such leave is approved. Employees on approved educational leave with pay shall be granted pay adjustments in the same amount and at the time as are granted all other employees in the same class. If a competitive area differential is approved for a class, an employee on educational leave with pay shall be granted a pay adjustment only if the competitive area differential applies to the position that the employee was filling when placed on educational leave with pay.

(11) The responsibility and accountability for performance and conduct are the same for employees on educational leave with pay as for other employees. Therefore, such employees are subject to the standards of conduct and the disciplinary procedures of the State Personnel System during the period of educational leave with pay.

This chapter sets forth the rules governing the public employee performance evaluation system, which shall be known as Career Pathing.

60L-35.002 Elements of Career Pathing System.

(1) The Career Pathing system is hereby established.

(2) An agency's Career Pathing system shall provide for evaluation of all employees within the agency except volunteers and Other Personal Services employees. Agencies shall evaluate performance at least semi-annually.

(3) An agency's Career Pathing system shall provide employees with a formal performance plan anchored to the core missions of the work unit and agency. The plan shall contain specific performance expectations and standards based on the duties of the position. Performance plans shall not account for all assignments and work expectations, but only those identified as critical or of high priority. Every employee is expected to demonstrate agency values of fairness, cooperation, respect, commitment, honesty, excellence, and teamwork. Agencies shall include this expectation in each formal performance plan, and agencies shall evaluate each employee's performance against this expectation, along with others the agency deems appropriate.

(4) Agencies shall submit detailed descriptions of their Career Pathing systems for approval by the Office of Policy and Budget, which will monitor design and implementation of the overall system.

(5) An agency's Career Pathing system shall provide for a rating scale consisting of the following elements.

5 – Outstanding. Performance significantly exceeds all expectations on a regular basis and is not generally equaled by others in the same position. Performance at this level is recognized by peers, immediate supervisors, and others in the agency/department. Actively initiates improvements and fosters teamwork. Extremely capable in adjusting priorities to current needs. Effective communicator. Works well independently for the good of the agency.

4 – Exceeds Expectations. Performance consistently meets and often exceeds expectations. Performance is characterized by initiative and superior job knowledge. Actively contributes to the achievement of overall goals. Performance is recognized by peers.

3 – Commendable. Performance consistently meets and occasionally exceeds expectations. Produces the type of quality work expected from a qualified person. Performance at times may be higher or lower but average to the competent level.

2 – Adequate or Needs Improvement. Performance marginally meets requirements at expected level. Improvement is needed and expected. Compared to others with similar responsibilities, the employee requires more frequent supervisory direction to accomplish assigned tasks. Performance at this level is "just getting by."

1 – Below Expectations. Performance is inadequate, below minimum acceptable standards, expectations, and objectives. Performance is causing problems, inconvenience, or hardships for co-workers or the department and is having a negative impact on productivity or service. Performance should not be continued at this level. Additional training or behavioral adjustments required.

N – No longer applicable or unable to determine.

#### 60L-36.001 Scope and Purpose.

This chapter sets forth the rules governing the conduct of employees in the State Personnel System.

Specific Authority 110.1055, 110.1221, 110.201(1), 110.227(2), 110.233, 110.403(1), 110.403(5), 110.605(1), 110.605(4) FS. Law Implemented 110.1221, 110.201, 110.227, 110.403, 110.605 FS. History—New

#### 60L-36.002 Political Activities.

(1) Section 110.233(4)(a) of the Florida Statutes limits a career service employee's political ability to engage in certain political activities without authorization by the employee's agency head and the Department. The following procedures shall apply to requests for that authorization.

(a) An employee seeking authorization shall submit to the employing agency head a written request at least forty-five days before the deadline for qualifying for the office. The request shall identify the public office sought and summarize the duties, the hours of work involved in holding the office, what effects, if any, office or campaign duties will have on the employee's regular duties with the State, and the amount of remuneration, if any, which the employee would receive if elected.

(b) Within ten days after receiving the request, the agency head shall decide in writing whether the request is authorized. The decision shall specify reasons and shall include a determination whether the candidacy or duties of the local public office involve an interest that conflicts or an activity that

interferes with the employee's state employment. If the agency head approves the request, the agency shall forward copies of the request and the decision to the Department.

(c) Within ten days after receiving the request and agency decision, the Department shall decide in writing whether the request is approved, and so advise the agency and the employee.

(d) Copies of the employee's request, the agency head's decision, and the Department's decision shall be retained in the employee's personnel file.

(2) Candidacy for or holding a local public office shall be presumed to involve an interest that conflicts with an employee's state employment when the campaign or the office, if elected, is likely to give rise to a situation in which regard for a private or local interest tends to lead to a disregard of the employee's duty as a state employee.

(3) Candidacy for or holding local public office shall be presumed to involve activities that interfere with an employee's state employment in the following instances:

(a) Campaign or, if elected, office activities are performed during the employee's assigned working hours with the state.

(b) Campaign or, if elected, office activities will involve the use of state space, personnel, time, equipment, or supplies.

(c) The employee solicits or accepts campaign contributions for persons or entities that are regulated by, or otherwise do business with, the employee's department or agency.

(4) Employees whose positions are subject to the Federal Hatch Act may not become candidates in any partisan election. Each agency head shall determine which of that agency's employees are subject to the Hatch Act.

(5) An employee who has been granted approval to become a candidate for local public office pursuant to this Rule 60L-36.002 may, at the discretion of the employee's agency head in accordance with Chapter 60L-34, F.A.C., Attendance and Leave, be granted a leave of absence without pay to campaign for the office, or may be allowed to use accrued annual or compensatory leave credits.

(6) This Rule 60L-36.002 shall apply when an employee already holds a local public office at the time of employment in the career service, or when the employee seeks re-election to the same office while an employee in the career service. This Rule 60L-36.002 applies to appointments as well as elections.

Specific Authority 110.1055, 110.201(1), 110.233(4)(a) FS. Law Implemented 110.233(4)(a) FS. History—New

#### 60L-36.003 Relationships with Regulated Entities.

(1) Relationships between employees and regulated entities give rise to the potential for conflicts of interest. To ensure that agencies can monitor such relationships and avoid such conflicts, all employees exercising regulatory

responsibility shall comply with this Rule 60L-36.003. An employee exercises regulatory responsibility if the employee has direct responsibility for any of the following.

(a) Determining an entity's compliance with federal, state, or local statutes or regulations.

(b) Determining or recommending whether the agency should issue, revoke, cancel or suspend an entity's license or other certificate of authority.

(c) Approving transactions between the agency and an entity.

(d) Custody, supervision, care, or treatment of prisoners, inmates, patients, clients, or other persons committed to a state institution.

(2) If an employee holds himself or herself out, verbally or in writing, as available for employment by, or for a contractual relationship with, a regulated entity, or if the employee receives, verbally or in writing, an offer from a regulated entity for employment or for a contractual relationship, the employee shall notify the agency in writing within five days.

(3) If an employee receives from a regulated entity, on his or her own behalf or on behalf of another, a gift the value of which is \$25 or more, the employee shall notify the agency in writing within five days. No employee shall accept any gift based upon an understanding that the official acts or judgment of the employee will be influenced thereby.

(4) If an employee obtains a financial interest in a regulated entity, the employee shall notify the agency in writing within five days.

Specific Authority 110.1055, 110.201(1), 110.233(6), 110.403(5), 110.605(4) FS. Law Implemented 110.233(6), 110.403(5), 110.605(4) FS. History—New \_\_\_\_\_.

#### 60L-36.004 Sexual Harassment.

(1) Agencies shall not tolerate sexual harassment within the work force. Sexual harassment means unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature from any person directed towards or in the presence of an employee or applicant when:

(a) Submission to such conduct is either explicitly or implicitly a term or condition of an individual's employment;

(b) Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or

(c) Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

(2) Agencies shall make known to their employees that sexual harassment will not be tolerated. Each employee shall acknowledge understanding and acceptance of this prohibition, and written evidence of the acknowledgement shall be retained in the employee's personnel file.

(3) Agencies shall develop and implement procedures to investigate and resolve complaints of sexual harassment. Agencies shall designate a person or persons to receive complaints of sexual harassment. Complaints shall be in writing, be signed by the complainant, and contain at least the following information:

(a) The name, business address, and telephone number of the person filing the complaint;

(b) The name of the person who allegedly committed the act of sexual harassment and the alleged victim; and

(c) A clear and concise statement of the facts, including pertinent dates, locations, witnesses and other evidence in support of the complaint.

If the complaint does not contain all of this information, the agency shall, in writing, request the complainant to furnish it.

(4) Agencies shall initiate prompt review of all complaints. Agencies shall take steps to protect the privacy of those involved during the review and any related investigation.

(5) During an investigation of sexual harassment, agencies shall fully comply with investigatory procedures and rights contained in collective bargaining agreements between the State and the certified bargaining representatives for State employees. If the standard agency procedure conflicts with the collective bargaining agreement, the latter shall prevail.

(6) The filing of a complaint pursuant to agency procedure, regardless of disposition, shall not preclude the complainant from also filing a complaint with the Florida Commission on Human Relations (FCHR) or the Federal Equal Employment Opportunity Commission (EEOC). If the complainant files a complaint with either the FCHR or the EEOC, and the agency undertakes an investigation to provide information to those entities, the agency need not also conduct the investigation otherwise required by its own procedures; however, an employee who has committed sexual harassment shall be disciplined regardless of the type of investigation.

(7) Agencies shall discipline any employee who engages in sexual harassment, according to the agency's policy.

(8) Any supervisory or managerial employee who has knowledge of sexual harassment shall immediately report the matter directly to the person the agency has designated to receive complaints of sexual harassment. Failure to do so shall subject the employee to disciplinary action.

(9) Any employee who knowingly files a false complaint of sexual harassment against another employee shall be subject to disciplinary action according to agency disciplinary policy.

(10) Agencies shall not tolerate retaliation against any person who has in good faith filed a complaint, opposed a complaint, or participated in any manner in an investigation or proceeding, involving allegations of sexual harassment.

Specific Authority 110.1055, 110.1221, 110.201(1) FS. Law Implemented 110.1221 FS. History—New \_\_\_\_\_.

60L-36.005 Disciplinary Standards.

(1) This rule sets forth the minimal standards of conduct that apply to all employees in the State Personnel System, violation of which may result in dismissal.

(2) Agencies within the State Personnel System perform a vast array of functions and deliver a wide variety of services. Some employees perform routine tasks in a safe office environment, while others engage in unpredictable life-threatening situations under the most demanding circumstances. Breach of a particular standard in one context might be less serious, while in another it might result in the loss of life or property. Accordingly, each agency shall have primary authority and responsibility for managing the conduct of its employees. If an agency deems it necessary to discipline an employee for violation of this rule, the agency may impose any discipline up to and including dismissal, taking into account the agency's unique mission and the individual facts and circumstances.

(3) Employees outside the permanent career service may be dismissed at will. Permanent career service employees may be suspended or dismissed only for cause, which shall include, but not be limited to, the following. Examples under the categories listed below are not exhaustive.

(a) Poor performance. Employees shall do more than "just get by." An employee may meet established minimum standards in the performance of job duties, but still be subject to discipline for poor performance. Employees are expected to be reliable and dependable, for example: to show up for work, ready to work, on a reliable basis; to observe established work hours and scheduled appointments; to complete work on time; and to obtain permission before being off work and to schedule leave in a manner that minimizes work disruption. Employees are expected to be effective, for example: to organize their work; to stay focused on job related activities during work hours; to provide the level of effort necessary to get the job done; to demonstrate willingness and ability to make decisions and exercise sound judgment; to produce work that consistently meets or exceeds expectations; to accept responsibility for their actions and decisions; to adapt to changes in work assignments, procedures, and technology; and to be committed to improving individual performance.

(b) Negligence. Employees shall exercise due care and reasonable diligence in the performance of job duties.

(c) Inefficiency or inability to perform assigned duties. Employees shall, at a minimum, be able to perform duties in a competent and adequate manner.

(d) Insubordination. Employees shall follow lawful orders and carry out the directives of persons with duly delegated authority. Employees shall resolve any differences with management in a constructive manner. Employees shall remain cooperative and helpful to others.

(e) Violation of law or agency rules. Employees shall abide by the law and applicable rules and policies and procedures, including those of the employing agency and the rules of the State Personnel System. All employees are subject to Part III of Chapter 112, Florida Statutes, governing standards of conduct, which agencies shall make available to employees. An agency may determine that an employee has violated the law even if the violation has not resulted in arrest or conviction. Employees shall abide by both the criminal law, for example, drug laws, and the civil law, for example, laws prohibiting sexual harassment and employment discrimination.

(f) Conduct unbecoming a public employee. Employees shall conduct themselves, on and off the job, in a manner that will not bring discredit or embarrassment to the state. Employees shall be courteous, considerate, respectful, and prompt in dealing with and serving the public. Employees shall maintain high standards of honesty, integrity, and impartiality, free from any personal considerations, favoritism. Employees shall place the interests of the public ahead of selfish personal interests. Employees shall not use, or attempt to use, their official position for personal gain or confidential information for personal advantage. Employees shall protect state property from loss or abuse, and they shall use state property, equipment and personnel only in a manner beneficial to the agency.

(g) Misconduct. Employees shall refrain from conduct which, though not illegal or inappropriate for a state employee generally, is inappropriate for a person in the employee's particular position. For example, cowardice may be dishonorable in people generally, but it may be entirely unacceptable in law enforcement officers. By way of further example, people are generally free to relate with others, but it may be entirely unacceptable for certain employees to enter into certain relations with others, such as correctional officers with inmates.

(h) Habitual drug use. Agencies shall not tolerate misuse of mood- or mind-altering substances, including alcohol and prescription medications.

(i) Conviction of any crime.

(4) Supervisors are responsible for identifying instances of unacceptable behavior and for taking appropriate action. Before taking corrective action, an agency shall have evidence that the employee failed to comply with a standard or expectation.

(5) Agencies shall make known to permanent career service employees the procedures specified in Section 110.227, Florida Statutes. Section 110.227(5)(a) establishes procedures for suspension, reduction in pay, demotion, or dismissal of permanent career service employees. An agency taking such action shall, in addition to furnishing notice of intent to take such action, furnish the employee with written notice of final action. The written notice of final action shall advise the employee of appeal rights under Section 110.227(5)(a), under any applicable collective bargaining agreements, and under

any other applicable statutory provisions, such as Parts VI or VIII of Chapter 112, Florida Statutes. The fourteen-day deadline for appeal established in Section 110.227(5)(a) shall be measured from the date the employee receives the written notice of final action.

(6) Disciplinary action involving employees covered by collective bargaining agreements shall be in accordance with the terms of the agreement.

THE FULL TEXT OF THE PROPOSED RULES IS:

60L-39.001 Scope and Purpose.

This chapter sets forth the rules governing the Florida State Employees' Charitable Campaign (FSECC).

Specific Authority 110.181(3) FS. Law Implemented 110.181 FS. History--New \_\_\_\_\_.

60L-39.002 General Requirements.

(1) The State of Florida has an interest in establishing a single state employee charitable campaign that (a) minimizes workplace disruption and administrative costs and (b) ensures the voluntary nature of employee participation.

(2) The State of Florida has an obligation to ensure that organizations participating in the FSECC meet the eligibility criteria outlined in Rule 60L-39.004.

(3) Truly voluntary giving is fundamental to FSECC fundraising activities. Actions that do not allow free choices, or that even create the appearance that employees are not free to choose whether to give, are contrary to FSECC fundraising policy.

(4) The FSECC shall be the only workplace charitable fundraising program in state government that receives official state coordination and support.

(5) Charitable organizations and federations shall not permit, plan, or conduct distribution of any materials or services within State facilities as part of the campaign, except for the campaign materials approved by the Steering Committee. Organizations and federations are encouraged, however, to publicize their activities and solicit employee participation in the FSECC through the news media or other private outlets outside State facilities.

(6) Charitable organizations shall not list in the same geographical area campaign brochure both the state or national charitable organization and its local affiliate or other subunit. Similarly-named organizations shall not be listed, unless the Steering Committee determines they do not deliver services to overlapping or identical geographical areas. In cases where dual listings occur, and the organizations cannot resolve the issue themselves, the Steering Committee shall grant preference for listing in the following order: (a) local, (b) state, and then (c) national.

(7) For purposes of determining eligibility to participate in the FSECC, the Department shall not deem lobbying legislative bodies as a political activity.

Specific Authority 110.181(3) FS. Law Implemented 110.181 FS. History--New \_\_\_\_\_.

60L-39.003 Statewide Steering Committee.

The FSECC Steering Committee shall:

(1) Establish the policies and guidelines of the campaign, which shall include the following.

(a) Arrange publication of information about the application process – including deadlines, address for obtaining materials, and criteria for eligibility – in sufficient time to prepare applications and supporting documentation.

(b) Review all new and renewing applications before June 1 on the basis of their compliance with the established criteria and their timely submission.

(c) Review the required documentation submitted by federations for each of their member organizations that participated in the prior year's campaign.

(d) Each year the committee will review the renewal applications and documentation for each independent or unaffiliated agency, whether new or renewing.

(2) Decide all applications by a simple majority vote of those members attending, so long as a quorum of the membership is present.

(3) Review and approve the campaign brochures.

(4) Notify applicants of decisions on applications within a period that allows time for an appeal in accordance with Rule 60L-39.007.

Specific Authority 110.181(3) FS. Law Implemented 110.181 FS. History--New \_\_\_\_\_.

60L-39.004 Eligibility Criteria for Participation by Charitable Organizations.

(1) To be eligible to participate in the FSECC, an organization must satisfy the following conditions.

(a) The organization must provide programs or services that are not the result of another mission or part of any program operated by the government or any educational institution.

(b) The organization must be audited annually by an independent public accountant whose examination conforms to generally accepted accounting principles. Upon request of the Steering Committee, disclose all information dealing with fundraising activities, finances, and voting trustees, as well as any financial interest the directors, their families, or their staff might have in the organization. In addition, the organization must disclose information about professional solicitors and copies of contracts or agreements concerning fundraising activities.

(c) The organization must have an active Board of Directors that conducts regular meetings and effectively manages the affairs, funds, and property of the organization and whose members serve without compensation.

(d) The organization must have reasonable expenses for fundraising. The Steering Committee reserves the right to access organization fundraising and administrative cost report records from the Florida Division of Consumer Services. Where administrative and fundraising expenses exceed 25%, the organization must demonstrate extraordinary circumstances that justify the expense ratio. If the ratio is over 50%, or if it exceeds 25% for two consecutive years, the organization is not eligible to participate in the FSECC.

(e) The organization must receive a substantial portion of its financial support from voluntary contributions.

(2) To be admitted as a federation, the organization must demonstrate a two-year history of providing charitable fundraising, administrative, and management services to at least ten constituent member organizations that provide human, health, welfare or environmental services.

(3) Once approved for participation, any organization or federation may be disqualified by majority vote of the Steering Committee for:

(a) failing to comply with the procedures contained in this chapter; or

(b) filing an application to participate in the FSECC that contains false or intentionally misleading information.

Specific Authority 110.181(3) FS. Law Implemented 110.181 FS. History—New \_\_\_\_\_.

#### 60L-39.005 Application Procedures.

(1) Annual applications for participation in the FSECC shall be submitted to the Steering Committee Chair. Applications must be postmarked by April 1 of each year for a charitable organization to be considered eligible for that year's Campaign.

(2) Any organizations that did not participate in the FSECC during the previous year and all independent/unaffiliated organizations shall submit a complete application with documentation verifying compliance with eligibility outlined in section 110.181(1) of the Florida Statutes and Rule 60L-39.004.

(3) A federation may submit renewing applications on behalf of its member organizations. However, the application shall include the following for each renewing member organization:

(a) The percent of the total administrative cost and fundraising expenses for the previous year.

(b) Proof of proper registration with the Florida Department of Agriculture's Division of Consumer Services under the Solicitation of Contributions Act, sections 496.401 to 496.424 of the Florida Statutes.

(c) A statement certifying that the organization complies with the criteria for eligibility outlined in section 110.181(1)(c) of the Florida Statutes and Rule 60L-43.004.

(4) If any member is new to the federation, or did not participate in the FSECC during the previous year, the federation shall provide a complete application and sufficient documentation to verify that the member is in compliance with all relevant criteria.

Specific Authority 110.181(3) FS. Law Implemented 110.181 FS. History—New \_\_\_\_\_.

#### 60L-39.006 Duties and Responsibilities of the Fiscal Agent.

(1) The state fiscal agent coordinator shall ensure that campaign brochures and materials treat all participating organizations and federations equally and fairly. Campaign brochures shall provide fair listing order and the same type, size, and color print for all participating organizations and for all federations.

(2) The duties and responsibilities of the area fiscal agent shall include, but are not limited to:

(a) Selecting, training and managing a local steering committee composed of state employees in the fiscal agent area to assist in conducting the campaign and to direct the distribution of undesignated funds.

(b) Training employee keyworkers and volunteers in the methods of non-coercive solicitation.

(c) Honoring employee designations.

(d) Helping to ensure that no employee is coerced or questioned as to the employee's designation or its amount, other than for arithmetical inconsistencies.

(e) Responding in a timely and appropriate manner to inquiries from employees, participating organizations, federations and/or the Steering Committee.

(f) Notifying participating organizations and federations of the name and address of the local steering committee chairperson and ensuring them access to the steering committee meetings. For meetings during which undesignated funds will be discussed, a two-week notice to participating organizations and federations is required.

(g) Ensuring that distribution of undesignated funds is limited to participating organizations and federations in the FSECC.

(h) Ensuring the timely distribution of campaign funds to participating organizations and federations.

(i) Withholding the reasonable costs for conducting the campaign and for accounting and distribution to the participating organizations and federations. These costs shall be shared proportionately by the participating federations and independent/unaffiliated organizations based on their percentage share of the gross campaign.

Specific Authority 110.181(3) FS. Law Implemented 110.181 FS. History—New \_\_\_\_\_.

#### 60L-39.007 Appeals.

(1) A disappointed applicant may:

(a) Submit additional information to the Steering Committee within five working days after receipt of notice of ineligibility, or

(2) All appeals shall be concluded by July 15 to allow timely publication of authorized participating organizations in the FSECC brochures.

PURPOSE AND EFFECT: The proposed rule revisions would accomplish several objectives. The procedures for obtaining water and wastewater treatment plant licenses would be modified to allow qualified applicants to take licensing examinations prior to having the experience required to obtain a license at the examination level. The applicant would then be

able to apply for licensure at the time the necessary experience has been obtained. This would allow applicants to become licensed more quickly while maintaining all the current licensing requirements. The fee schedule for examinations and licensing would be modified to reflect the changes in the licensing process. The experience requirements for out of state operators to obtain Florida licensure would be more specifically defined to assure that they will be licensed at the proper level. Examination reviews would be subject to the same security and potential for disciplinary actions for security violations as the actual examinations. A new license classification would be created for consecutive water system operators. This license would be applicable only for operators of drinking water systems that purchase water from a single public drinking water system and provide this water to consumers with no further treatment.

SUMMARY: More specific operational experience requirements for operator licensure were established. The operator examination was made a separate component of the licensing process allowing licensing examinations to be taken prior to the license application. This differs from the current process that requires applicants to meet all other licensing criteria before the examination can be taken. Applicants for licensure will be able to make application at the time all the licensing criteria have been met. A passing grade on the licensing examination will be valid for four years. Procedures for processing applications for examinations and licenses have been separated. Total fees required for examination and licensure for Classes A, B, and C licenses will remain the same. The total fees for obtaining a Class D license will increase by \$25. Specific experience criteria for licensure of out of state operators will be established. Examination reviews will be subject to the same security standards as examinations. Examination reviews will only be allowed if requested within 21 days after notification of examination results. The fee for hand scoring an examination will be reduced from \$25 to \$10. Licenses will be required to be renewed by April 30 of odd numbered years except for the initial license issued by the Department if that license would expire less than 12 month after issuance. These licenses will expire April 30 of the of the next two year renewal cycle. Successful completion of the approved training course for the next higher level of license will satisfy the continuing education requirement for that renewal cycle. Applications for examinations will be subject to denial for specified reasons. Licenses may be suspended for checks with insufficient funds used as the fee for an examination review. A new license classification would be created for consecutive water system operators. Some wording changes will be made to clarify the intent of the rule. Rule sections also will be reorganized to reflect the proposed rule changes. Separate application forms for examinations, license, and consecutive system operators will be established.

#### **DEPARTMENT OF ENVIRONMENTAL PROTECTION**

The Department of Environmental Protection has taken action on a petition for variance received from Harding ESE, Inc., on March 13, 2001. Notice of receipt of this petition was published in the Florida Administrative Weekly, on April 6, 2001. The petition requested a variance from the zone of discharge prohibition for discharges through wells under subsection 62-522.300(3), of the Florida Administrative Code for the use of potassium permanganate to clean up contamination at Imperial Cleaners. Specifically, the variance requested a zone of discharge for antimony, arsenic, chromium, thallium, vanadium, and molybdenum within a 75-foot radius from the point of discharge for a duration of 18 months. These elements are present as impurities in the potassium permanganate and are not prime constituents of the reagent that is necessary for remediation of site contaminants, as is now required by subsection 62-522.300(2)(c), F.A.C. No public comment was received. On October 23, 2001, the Department denied a variance to Harding ESE, Inc., in a final order, OGC File No.: 01-0450. The final order denied a variance from the zone of discharge prohibition because the adsorption of antimony, arsenic, chromium, thallium, vanadium, and molybdenum to the aquifer matrix with probable leaching into the ground water at some future time could result in exceedances of the primary drinking water standards or minimum ground water criteria. These exceedances may continue long after the completion of clean up of the contaminated ground water, which would result in contamination at a site with substances that were not original contaminants of concern and not present before the commencement of the remediation process using the potassium permanganate as the oxidizer. Thus, a site whose original contaminants of concern have been "cleaned up" could be recontaminated by impurities from the chemicals used during the remediation process. This clearly would not meet the

purposes of the underlying statute, which is protection of the ground water resource for use as a drinking water supply. This variance petition also included a request for a zone of discharge for aluminum, chloride, manganese, total dissolved solids, pH, and color. These elements were not an issue of the denial because on August 27, 2001, rule amendments were in effect, for this kind of in-situ ground water remediation, that no longer require a variance for any parameter that exceeds a secondary drinking water standard. These subsections, 62-522.300(2) and 62-528.605(3), F.A.C., require the inclusion of requirements for ground water monitoring and zone of discharge dimensions and duration for the appropriate secondary drinking water parameters to be addressed in a Department-approved remedial action plan.

For a copy of the final order write or call: Cathy McCarty, Department of Environmental Protection, Underground Injection Control Section, MS 3530, 2600 Blair Stone Road, Twin Towers Office Building, Tallahassee, Florida 32399-2400, telephone (850)921-9412.

The Department of Environmental Protection gives notice of its intent to grant a variance (File No. 0174403-002-EV) to Lee County's Natural Resources Division, from subparagraph 62-4.242(2)(a)2.b., Florida Administrative Code (F.A.C.) to allow a temporary elevation of turbidity, not to exceed 29 nephelometric turbidity units (NTUs) above background conditions at the beach nourishment site extending 300 meters offshore and up to 2,400 meters along shore from the point of sand discharge onto a beach disposal area. The variance is associated with the proposed Gasparilla Island Beach Restoration Project (File No. 0174403-001-JC). The activity is located along and offshore of Gasparilla Island, Lee County, fronting the Gulf of Mexico, Class III Waters, adjacent to Outstanding Florida Waters, Section 02, 11, 14, 23 and 26, Township 43 South and Range 20 East A person whose substantial interests are affected by the Department's proposed action may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000.

Because the administrative hearing process is designed to redetermine final agency action on the application, the filing of a petition for an administrative hearing may result in a modification of the variance or even a denial of the application. Under rule 62-110.106(4), Florida Administrative Code, a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If a request is filed late, the Department may still grant it upon a motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect.

In the event that a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Any intervention will be only at the discretion of the presiding judge upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with paragraphs 28-106.111(2) and 62-110.106(3)(a)(1), F.A.C., petitions for an administrative hearing by the applicant must be filed within 21 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice

under Section 120.60(3), F.S., must be filed within 21 days of publication of the notice or within 21 days of receipt of the written notice, whichever occurs first. Under Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 21 days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57, F.S.

In accordance with Rule 28-106.201, F.A.C., a petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This intent to grant variance constitutes an order of the Department. The applicant has the right to seek judicial review of the order under Section 120.68, F.S., by the filing of a notice of appeal under Rule 9.110 of the Florida Rules of Appellate Procedure with the Clerk of the Department in the Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date

when the final order is filed with the Clerk of the Department. The applicant, or any party within the meaning of Section 373.114(1)(a), F.S., may also seek appellate review of this order before the Land and Water Adjudicatory Commission under Section 373.114(1), F.S. Requests for review before the Land and Water Adjudicatory Commission must be filed with the Secretary of the Commission and served on the Department within 20 days from the date when the final order is filed with the Clerk of the Department.

The application is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, Office of Beaches and Coastal Systems, 5050 West Tennessee Street, Building B, Tallahassee, Florida 32304-9201.
