FISH AND WILDLIFE CONSERVATION COMMISSION

NOTICE IS HEREBY GIVEN THAT the Fish and Wildlife Conservation Commission has issued a Declaratory Statement in response to the petition of Clifford Cahoon. The statement issued May 22, 2002, holds that Section 370.102, Florida Statutes, does not allow a local government to “regulate” fishing from its own real property, but that the constitutional nature of the FWCC’s exercise of “regulatory and executive authority of the state with respect to marine life” would allow it to supersede Section 370.102, Florida Statutes, and establish a

cooperative jurisdictional arrangement with local governments for the regulation of fishing from publicly-owned docks and piers.

A copy of the declaratory statement may be obtained by writing: James V. Antista, General Counsel, Fish and Wildlife Conservation Commission, 620 South Meridian Street, Tallahassee, Florida 32399-1600.
