 RULE NO.: 65A-1.400

PURPOSE AND EFFECT: This proposed amendment of Rule 65A-1.400, F.A.C., will change the forms that are incorporated by reference in this rule. Consequently, by this action, only those forms that apply to all programs will be included in this rule, and only to the extent that a separate rule does not exist on the subject matter of the form. All forms to be affected by this action have not yet been identified so that specific forms are not being listed in this notice.

(k) During your addiction recovery supervision term, you shall submit and pay for urinalysis testing to identify alcohol and/or drug usage and understand that your failure to make such payment or participate as defined under this condition of your addiction recovery supervision will be considered grounds for revocation of addiction recovery supervision by the Parole Commission.

(l) You shall pay cost of supervision and rehabilitation as calculated and assessed by the Department of Corrections as provided and required in Section 948.09, Florida Statutes, and any court ordered payments such as child support and restitution.

(m) You shall participate and be supervised under drug offender probation pursuant to Section 948.001(4), Florida Statutes.

(n) You shall not enter any business establishment whose primary purpose is the sale/consumption of alcoholic beverages.

(o) You shall execute and present to your Addiction Recovery Supervisor all necessary authorizations to release records to your Addiction Recovery Supervisor and the Commission so that your progress and participation in required programs can be monitored and documented.

#### 23-25.004 Addiction Recovery Supervision.

(1) Prior to an Eligible Offender being released from incarceration, the Commission shall determine the term and conditions of supervision.

(2) If an Eligible Offender has received a term of probation or community control to be served after release from incarceration, the period of probation or community control shall not be substituted for addiction recovery supervision, but shall follow the term of addiction recovery supervision.

(3) If an Eligible Offender is subject to both conditional release supervision and addiction recovery supervision, the offender shall be subject to the type of supervision that will result in the longest term of supervision, taking into consideration any applicable term of probation. If the terms of supervision are equal, the offender shall be subject to addiction recovery supervision.

(4) The Commission will determine the term of addiction recovery supervision based on the amount of gain-time that the inmate received on sentences that are eligible for addiction recovery supervision, and will toll periods of supervision as necessary to achieve the maximum period of supervision.

(a) In cases involving concurrent sentences, the maximum supervision date will be based on the eligible sentence that has the greatest amount of gain-time.

(b) In cases involving consecutive sentences, the amount of gain-time from eligible sentences will be added together to obtain the maximum term of supervision.

(5) All Eligible Offenders placed on addiction recovery supervision shall be initially subject to Standard Conditions of Supervision upon their release from incarceration. In addition to the Standard Conditions of Supervision, Eligible Offenders shall be subject to such special conditions of supervision as the Commission deems necessary from its review of the record.

(6) Offenders shall have no right to administrative review of the term and conditions of addiction recovery supervision as determined by the Commission.

#### 23-25.005 Revocation of Addiction Recovery Supervision.

##### (1) Warrants.

(a) A warrant for the arrest of a Releasee shall only be executed by a Commissioner except in the case of an emergency warrant as provided in (2) herein. The decision to issue a warrant shall be based on evidence which indicates reasonable grounds to believe a Releasee has violated a condition of addiction recovery supervision. The issuance of a warrant is discretionary.

(b) Warrant requests will be reviewed by Commission staff for sufficiency of information and if found sufficient, staff shall submit a warrant request to a Commissioner for review.

(c) The reviewing Commissioner will execute a warrant, deny the warrant request, or have the warrant request placed before a panel of no fewer than two Commissioners for a decision.

(d) Should a warrant be issued, such will be transmitted to the requesting agency for appropriate service or filing. Alleged violators of addiction recovery supervision will be entered into the Florida Crime Information Center and the National Crime

Information Center, unless in custody. The Commission has authority to pursue extradition of alleged violators from other jurisdictions.

(e) Should a warrant be issued and a dismissal of the warrant is requested, the signing Commissioner or Chair is authorized to dismiss the warrant for good cause.

##### (2) Emergency Warrants.

(a) An emergency warrant can be issued by a Commissioner or any Commission representative duly authorized by the Chair, when the Commission receives notification from an arresting agency that a Releasee has been arrested and charged with a new felony offense and there is no outstanding Commission warrant for the Releasee.

(b) The decision to issue an emergency warrant shall be based on evidence which indicates there are reasonable grounds to believe a Releasee violated the conditions of addiction recovery supervision.

(c) Should an emergency warrant be issued, Commission staff will transmit the warrant to the detaining agency for appropriate service or filing and enter information regarding the Releasee into the Florida Crime Information Center and National Crime Information Center, unless the Releasee is in custody. The Commission has authority to pursue extradition of alleged violators from other jurisdictions.

##### (3) Release on Recognizance.

(a) The Commission or a Commissioner may at any time during the violation process release a Releasee on recognizance. Such release will be conditioned upon the releasee's appearance at any hearings noticed by the Commission or until further order of the Commission and may include any other condition deemed warranted from the Commission's review of the record.

(b) A review regarding release on recognizance for alleged addiction recovery supervision violators who are in custody shall be conducted before or at the time of the initial service of the notice of the Violation Hearing.

(c) The alleged violator must be informed that by accepting release on recognizance, he is waiving any and all time constraints related to the Violation Hearing.

(d) Any Releasee who has been arrested pursuant to a Commission warrant may request and shall be provided a hearing on the matter of release on recognizance regarding the Commission warrant. Such hearing shall be held by a Commissioner or a duly authorized representative of the Commission, who shall provide the Commission with a written summary of the hearing, after which a panel of no fewer than two Commissioners shall make a decision and inform the Releasee. Should the Commission or an authorized representative receive reliable information that the Releasee has violated the conditions of the release on recognizance, a Commissioner can enter an order revoking the release on recognizance. Such order shall be sufficient to cause the arrest and return of the Releasee to custody.

(4) Addiction Recovery Supervision Violation Hearing.

(a) A Commissioner or a duly authorized representative of the Commission shall convene a Violation Hearing within 45 days after notification of the arrest in the State of Florida of a Releasee charged with violation(s), unless waived by the Releasee, or within 45 days of receipt of written notification from the Department of Corrections that the alleged violator has been returned to the custody of the Department from another jurisdiction.

(b) The Releasee shall be informed, in writing, at least 14 days prior to the Violation Hearing of the date, time and location of the hearing. The notice of the hearing shall contain the charges of violation and a list of the Releasee's rights, as follows:

1. The opportunity to be present for the Violation Hearing.
2. The opportunity to present evidence in his or her own behalf, including witnesses and evidence secured by subpoena or subpoena duces tecum.
3. The opportunity to receive, prior to the Violation Hearing, the disclosure of evidence that will be presented at the Violation Hearing.
4. The opportunity to confront and cross-examine any adverse witness.
5. The opportunity to be represented by counsel, either retained or appointed, provided that such appointment is made consistent with the guidelines of the United States Supreme Court case of Gagnon v. Scarpelli, 411 U.S. 778 (1973).

(c) Any Violation Hearing may be waived by the Releasee after an explanation of the consequences of a waiver. The waiver shall be in writing and shall be executed before a Commissioner or duly authorized representative of the Commission. The Releasee may withdraw the waiver by submitting a written request which waives all time constraints. The waiver withdrawal request must be appropriately witnessed, and postmarked within 14 days after the execution of the waiver. Upon receipt of the waiver withdrawal request, a Violation Hearing shall be convened after appropriate notice.

(d) The Releasee may request that the Violation Hearing be postponed until such time as any pending criminal charges that are listed on the Commission's warrant or notice of hearing have been resolved. The granting of a postponement on behalf of the Releasee constitutes a waiver by the Releasee of all time constraints and any requirements for a local hearing. If there are also pending technical charges, the granting of the postponement also postpones disposition of the technical charges until such time as the criminal charges are resolved.

(e) The Releasee may request that the Violation Hearing be continued upon showing of good cause. The request for continuance may be submitted to the person conducting the hearing in writing prior to convening the hearing, provided that the reasons for the request are outlined with specificity. The granting of a continuance on behalf of the Releasee constitutes a waiver by the Releasee of all time constraints, and any

requirements for a local hearing. If a Violation Hearing has been convened, such may be continued beyond 45 days on the motion of the Releasee, the Commission or duly authorized representative of the Commission, provided the record reflects a good cause for such continuance.

(f) Subpoenas and subpoenas duces tecum for the Releasee and the Commission shall be issued by a Commissioner or a duly authorized representative of the Commission on behalf of the State or the Releasee. The Commission, a Commissioner or a duly authorized representative of the Commission will decline a request to subpoena a witness whose testimony is found to be cumulative, irrelevant or non-probative. The party requesting the subpoenas shall furnish to the Commission, a Commissioner or a duly authorized representative of the Commission the names and addresses of his proposed witnesses at least 14 days prior to the hearing date.

(g) At the hearing, the Releasee may waive representation by an attorney, provided the waiver is reflected clearly in writing or in the record of the proceeding. Should the Releasee desire, retained counsel may represent the Releasee at the hearing. If the Releasee desires counsel and has not retained one, the following procedure shall apply:

(1) The person conducting the hearing shall determine the Releasee's financial ability to retain private counsel. When the person conducting the hearing determines a Releasee has the ability to retain private counsel, reasonable time shall be permitted for the Releasee to secure counsel, if the Releasee so desires.

(2) If the person conducting the hearing concludes the Releasee is unable to secure counsel by reason of indigence, the person conducting the hearing shall then proceed to determine if the Releasee is eligible for appointed counsel as provided in the guidelines outlined in Gagnon v. Scarpelli, 411 U.S. 778 (1973). If a request for counsel is denied, the grounds for the denial shall be stated in the record.

(h) During the Violation Hearing, the person conducting the hearing has authority to entertain arguments of counsel or the Releasee. The person conducting the hearing has authority to elect to rule on such matters during the course of the Violation Hearing or may elect to withhold ruling pending consultation with counsel or staff. Arguments of counsel of a legal nature must be reduced to writing, and, if possible, presented prior to the Violation Hearing.

(i) Based on evidence presented at the Violation Hearing, or received by stipulation, the person conducting the hearing shall make findings of fact regarding the alleged violations, with a written recommendation to the Commission. When the Commission finds that the Releasee has committed one or more violations, the Commission shall enter an order revoking the addiction recovery supervision, restoring the Releasee to supervision or such an order as deemed appropriate. Notification by copy of the Commission order shall be

provided to the Releasee. If the decision of the Commission is to revoke, the order entered shall contain the condition(s) that have been violated and the evidence relied upon.

(j) The person conducting the hearing has authority to elect to receive information following the Violation Hearing if the Releasee stipulates to the receipt of such information and such stipulation is reflected in the record.

(k) When a panel of no fewer than two Commissioners revokes addiction recovery supervision, the Releasee shall be entitled to credit for time spent in custody on the Commission's warrant prior to the Violation Hearing. Time spent in another jurisdiction as a result of intervening sentences shall be considered. Credit for time in custody as decided by the panel shall be reflected in the order of revocation of addiction recovery supervision.

## FISH AND WILDLIFE CONSERVATION COMMISSION

### Freshwater Fish and Wildlife

RULE TITLE: Importation of Cervids  
RULE NO.: 68A-4.0051

PURPOSE AND EFFECT: The purpose and effect of this proposed rule is to establish criteria for the importation and intrastate movement of wildlife species in the family Cervidae to prevent the introduction of Chronic Wasting Disease (CWD) into the wild deer population in Florida. CWD has been found in captive and free-ranging elk, white-tailed deer, mule deer and black-tailed deer in a number of Western and Midwestern states. CWD is a progressive neurological disease that belongs to a family of diseases known as transmissible spongiform encephalopathies which attack the brainstem of live animals eventually causing death. The origin, epidemiology, or transmission of CWD is unknown and there is no live animal test or prophylactic or treatment regimen available. Consequently, introduction of this disease into native white-tailed deer has the potential for catastrophic mortality.

SUMMARY: The proposed rule will prohibit the importation of wildlife species in the family Cervidae unless they originate from a herd with a CWD surveillance and monitoring program approved by the Florida Department of Agriculture and Consumer Services (FDACS) that holds a CWD free status for at least sixty (60) months prior to importation of animals into Florida. The proposed rule also requires an Official Certificate of Veterinary Inspection for all imported cervids and for the person importing cervids to have obtained prior permission from the FDACS State Veterinarian; to be in possession of a valid license or permit to possess wildlife; and to be in compliance with the requirements of an approved FDACS Cervidae Herd Health Plan. Intrastate movement of cervids will require prior permission from the FDACS State Veterinarian and will require both the consignor and consignee to possess a valid license or permit to possess wildlife and be in compliance with the requirements of an approved FDACS Cervidae Herd Health Plan.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: It is estimated that the proposed rule action will cost the agency approximately \$575 for administrative preparation and review and \$378 for legal advertising costs.

Any person who wishes to provide information regarding the statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

SPECIFIC AUTHORITY: Art. IV, Sec. 9, Fla. Const.

LAW IMPLEMENTED: Art. IV, Sec 9, Fla. Const.

A HEARING ON THE PROPOSED RULE WILL BE HELD AT THE TIME, DATES AND PLACE SHOWN BELOW:

TIME AND DATES: 8:30 a.m. each day, September 4-6, 2002

PLACE: Clarion Suites, 20 Via DeLuna, Pensacola Beach, Florida

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE AND ECONOMIC STATEMENT IS: James Antista, General Counsel, Florida Fish and Wildlife Conservation Commission, 620 South Meridian Street, Tallahassee, Florida 32399-1600, (850)487-1764

been diagnosed. Low Risk cervids are from CWD monitored herds in states where CWD has not been diagnosed but which have a surveillance/prevention program(s).

(c) Consignee and consignor shall possess, and provide for inspection, a valid FWC license or permit to possess wildlife, as required by rule or law.

(d) Consignee and consignor must be in compliance with the requirements of an approved FDACS Cervidae Herd Health Plan.

(4) Other requirements and exceptions:

(a) Chronic Wasting Disease Test: No test is presently required for importation. To date, there is no approved live animal test to detect CWD in cervidae. A positive diagnosis is based on post mortem brain testing at a CWD certified laboratory.

(b) Tuberculosis Test: No test is required for cervidae which originate from an Accredited Tuberculosis-Free Herd program that is approved by FDACS. The statement of herd status shall be recorded on the OCVI accompanying the cervidae. Cervidae not known to be affected with or exposed to tuberculosis may be imported if they:

1. Are under one (1) month of age, or

2. Originate from a herd which has been classified negative to an official tuberculosis test of all eligible animals conducted within the past twelve (12) months, and the animals to be imported have been classified negative to an official tuberculosis test, conducted within ninety (90) days prior to importation, or

3. Have been classified negative to two (2) official tuberculosis tests conducted not less than ninety (90) days apart; the second test was conducted within ninety (90) days prior to importation; and the animals were isolated from all other members of the herd during the testing period.

The tuberculosis test results must be recorded on the OCVI accompanying the cervidae.

(c) Brucellosis Test: No test is required for cervidae which originate from an Accredited Brucellosis-Free Herd program that is accepted by FDACS. The statement of herd status shall be recorded on the OCVI accompanying the cervidae.

Cervidae not known to be affected with or exposed to brucellosis may be imported if they:

1. Are less than one (1) month of age, or

2. Have a negative official brucellosis test conducted within ninety (90) days prior to importation.

The brucellosis test results must be recorded on the OCVI accompanying the cervidae.

(5) Cervidae Herd Health Plan: The Cervidae Herd Health Plan is a written herd management agreement between FDACS and the herd owner. This plan is based upon a thorough epidemiological investigation and risk assessment of the herd and their facility. This plan analyzes the risk of continued disease transmission by clinical and subclinical animals and/or environmental contamination. This plan sets out specific actions to be followed to monitor or survey the herd for specific disease(s) or eradicate specific disease(s) from the herd.

(6) Exceptions: Exceptions to the movement requirements in this rule shall be determined by the FDACS State Veterinarian or authorized representative. Cervids that are classified by the Movement Risk Assessment as Low Risk for CWD may be considered for waiver of this rule based upon sound scientific information then available as determined by

the FDACS State Veterinarian or authorized representative. Cervids that are classified as High Risk for CWD or Medium Risk for CWD shall not be subject to a waiver from this rule.

RULE TITLE:

RULE NO.:

Regulations Governing the Operation of

Private Hunting Preserves

68A-12.010

PURPOSE AND EFFECT: The purpose and effect of the proposed rule is to allow hunting preserves to release Florida-strain mottled ducks, as an alternative to mallards, for shooting purposes. This change would increase economic and recreational opportunity for private hunting preserves statewide.

SUMMARY: Proposed rule changes would allow private hunting preserves to release Florida-strain mottled ducks for shooting purposes. There currently is no commercial source for large numbers of captive-reared Florida strain mottled ducks. Therefore, in order to establish breeding stock in captivity, the proposed rule provides for the removal of mottled duck eggs and/or birds from the wild and for the provision of these eggs and/or birds to a limited number of breeding facilities.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: It is estimated that the proposed action will cost the agency approximately \$1,050 for administrative preparation and \$142 for advertising.

Any person who wishes to provide information regarding the statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

SPECIFIC AUTHORITY: Art. IV, Sec. 9, Fla. Const.

LAW IMPLEMENTED: Art. IV, Sec. 9, Fla. Const.

A HEARING ON THE PROPOSED RULE WILL BE HELD AT THE TIME, DATES AND PLACE SHOWN BELOW:

TIME AND DATES: 8:30 a.m. each day, September 4-6, 2002

PLACE: Clarion Suites, 20 Via DeLuna, Pensacola Beach, Florida 32561

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE AND ECONOMIC STATEMENT IS: James Antista, General Counsel, Florida Fish and Wildlife Conservation Commission, 620 South Meridian Street, Tallahassee, Florida 32399-1600

THE FULL TEXT OF THE PROPOSED RULE IS:

68A-12.010 Regulations Governing the Operation of Private Hunting Preserves.

(1) through (11) No change.

(12) With respect to waterfowl, only captive-reared mallards and captive-reared, Florida-strain mottled ducks which are more than two generations removed from the wild may be released for shooting and only in accordance with the provisions of this paragraph. Such birds may not be handled so as to attract wild waterfowl. No person shall be permitted to shoot game farm ducks on any hunting preserve situated on a marsh, lake, river or any other place where there are concentrations of wild waterfowl or if the operation of the preserve attracts concentrations of wild waterfowl. Mallards may be released for shooting on hunting preserves, including preserves denoted as either private or commercial on GFC Form 333, only until June 30, 2008, and only in accordance with the following:

(a) through (b) No change.

(c) No more than 9,000 mallards shall be released by a permittee during the open season.

(13) Florida-strain mottled ducks (mottled ducks) may be released for shooting purposes on hunting preserves only in accordance with the following. Preserves shall:

(a) Obtain mottled ducks only from validly permitted breeding facilities with which the Commission has a current, legal agreement for raising mottled ducks;

(b) Maintain and provide upon request complete records including certificates of origin for mottled ducks, the number of mottled ducks released annually, and daily harvest records indicating how many of which species of ducks were killed and whether the ducks were wild or released;

(c) Release only mottled ducks meeting minimum standards for genetic purity as defined by the Commission. Purity standards shall be based on phenotypic characteristics or, when available, genetic characteristics that provide the best available indicators of whether a bird is a pure, Florida-strain mottled duck; and

(d) Be subject to inspection by the Commission.

(14) In order to establish a source of captive-reared, Florida-strain mottled ducks for release on hunting preserves, the Executive Director shall:

(a) Permit the removal of mottled duck eggs and/or birds from the wild for breeding on a limited number of breeding facilities. The number of eggs and/or birds made available by permit for breeding facilities shall be no greater than one-half

of the number that the Executive Director determines may be removed from the wild population without negative impacts to the population. This number shall be estimated conservatively, using the best available biological information, so as to safeguard the welfare of the wild mottled duck population in Florida;

(b) Determine the number of breeding facilities to which Florida-strain mottled ducks and/or eggs shall be made available based on the number of ducks and/or eggs an individual breeding facility would need to establish a sustainable captive population and on the number of eggs and/or ducks to be removed from the wild;

(c) Use the following criteria to determine which breeding facilities shall be eligible to receive ducks and/or eggs. The proposed facilities shall:

1. Document a history of successfully breeding ducks;

2. Adhere to accepted husbandry standards;

3. Possess all required state and federal licenses and permits; and

4. Not have been adjudicated guilty or pled nolo contendere to any wildlife or game law violation in the state of Florida or other jurisdiction.

(d) Select breeding facilities that shall be permitted to receive ducks and/or eggs based on a random drawing from a pool of breeding facilities that meet the criteria listed in (14)(c); and

(e) Enter into agreements with breeding facilities receiving eggs and/or ducks. Mottled ducks produced at facilities with such agreements shall be eligible for release in Florida subject to license and permitting requirements of these rules. Such agreements shall include the following specific requirements for the breeding facility:

1. Rights of inspection;

2. Separation of mottled ducks from other stock;

3. Marking of birds; and

4. Protocols for culling possible hybrids.

(13) through (20) renumbered (15) through (22) No change.

Requirements for Prescription Records

All prescription records must be in compliance with Chapters 465 and 893, F.S. and 64B-16, Florida Administrative Code. Specifically, Medicaid requires the following:

Prescription Hard Copy

The original prescription, physician’s order, or monthly documentation signed by the physician or an agent acting at the direction of the physician that validates the prescriber’s authorization for continuation of the original prescriber’s order must be maintained in its original paper form or as an exact front and back scanned image. The paper document original prescription, physician’s order, or monthly documentation that authorizes continuance of the prescriber’s order shall be made contemporaneous with the prescriber’s order, be physically filed (e.g., in a filing cabinet), be stored, remain under immediate control of the pharmacy provider, be readily retrievable, and furnished as needed or requested. The existence of or storing of data respecting the original prescription, physician’s order, monthly documentation that

validates the prescriber’s authorization for continuance, or dispensing information in a computer database or reports generated thereof, is not sufficient for compliance.

Additional Refills

The authorization of additional refills on an existing prescription must be noted by either creating a new original prescription, or if legally appropriate by adding the additional authorized refills to the original prescription or prescriber’s order by noting at least the date of authorization, number of additional refills, and the prescriber or prescriber’s agent authorizing the refills, pursuant to Chapters 465 and 893, F.S. and Chapter 64B-16, Florida Administrative Code. This notation must be retained on the original prescription hard copy (paper form) or prescriber’s order (paper form), or in the computer database and readily retrievable. Adding additional refills without documenting the above information is not sufficient for compliance.

Chapter 5, page 5-11, Diverted Pharmaceuticals Pilot Program  
The pilot program will last 12 months, with a review of data that will analyze costs and utilization at the end of the first nine months. If the pilot is successful in identifying and reducing diverted pharmaceuticals, then the program will be expanded statewide.

Findings from initial audits will be shared with the pharmacy during the audit and the pharmacy will receive additional instruction of dispensing requirements. Pharmacies having deficiencies greater than 10.0% in a first re-audit shall may be fined in the amount of \$1,000 per violation. Pharmacies that have deficiencies of greater than 10.0% in a second re-audit may either be fined up to \$5,000 per violation pursuant to Section 409.913, F.S., or be terminated from the Medicaid Program.

Failure to comply with the dispensing requirements will result in sanctions as allowed in section 409.913, Florida Statutes, or Chapter 59G, Florida Administrative Code.

RULE TITLE: Lost, Stolen or Damaged Instant Lottery Tickets                      RULE NO.: 53ER02-41

SUMMARY OF THE RULE: This emergency rule replaces emergency Rules 53ER94-22 and 53ER94-23, F.A.C. The rule sets forth for Lottery retailers provisions for reporting lost, stolen or damaged instant lottery tickets and the account adjustments associated with such incidents.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Diane D. Schmidt, Legal Analyst, Department of the Lottery, 250 Marriott Drive, Tallahassee, Florida 32399-4011

THE FULL TEXT OF THE EMERGENCY RULE IS:

53ER02-41 Lost, Stolen or Damaged Instant Lottery Tickets.

(1) Lost or Stolen Instant Lottery Tickets.

(a) Upon the theft or loss of instant lottery tickets (hereinafter "tickets"), the retailer shall immediately report the theft or loss to the Florida Lottery ("Lottery"), Division of Security.

(b) Inactive Tickets. If tickets are lost or stolen prior to the book of tickets being activated, the retailer shall be charged a non-refundable service fee of ten dollars (\$10.00) for the first book and five dollars (\$5.00) for each additional book.

(c) Active Tickets. If tickets are lost or stolen after the book of tickets has been activated, the retailer shall be charged as follows:

1. If the retailer reports the loss or theft to a law enforcement agency and provides the Lottery with the agency name and its case number within thirty calendar days after the discovery by the retailer of the theft or loss, the retailer shall be charged the greater of:

a. \$10 per lost or stolen active book of tickets; or

b. The retail value of each lost or stolen active book of tickets multiplied by the percentage of low tier winning tickets (prize amounts less than \$25.00) redeemed as of the date the book is reported stolen, less the retailer's regular and any bonus sales commissions.

2. A retailer that does not comply with the above reporting requirements shall be charged the full retail value of the book less its regular and any bonus sales commissions.

(d) Settled Tickets. If a retailer settles a book of active tickets and subsequently reports unsold tickets as lost or stolen, the retailer shall be charged as follows:

1. If the retailer complies with the reporting requirements described in subparagraph (1)(c)1., the retailer will first be credited with the retail sales value of the entire book, less its regular and any bonus sales commission, and will then be charged in accordance with the provisions of subparagraph (1)(c)1., above.

2. A retailer that does not comply with the reporting requirements shall be charged the full retail value of each book, less the retailer's regular and any bonus sales commissions.

(e) No adjustment will be made to the retailer's account upon the recovery of active lost or active stolen tickets.

(f) If tickets that have been reported lost or stolen as described in subparagraph (1)(c)1. are presented to the Lottery for payment subsequent to the date of the incident and are paid

by the Lottery, the Lottery will charge the retailer the retail sales value of the tickets, less its regular sales commission earned, if doing so is cost efficient for the Lottery.

(2) Damaged Instant Lottery Tickets.

(a) A retailer should return all damaged tickets (active or inactive) to the Lottery.

(b) For purposes of this rule, tickets that have latex removed or that have been "scratched" are not considered "damaged tickets" and shall not be accepted for retailer account adjustment.

(c) Inactive Damaged Tickets. If tickets are damaged prior to the book of tickets being activated, the retailer shall be charged a non-refundable service fee of ten dollars (\$10.00) for the first book and five dollars (\$5.00) for each additional book.

(d) Active Damaged Tickets. If tickets are damaged after the book of tickets has been activated, the retailer shall be charged as follows:

1. If the retailer returns all of the tickets reported as damaged to the Lottery, or provides documentation of ticket damage (e.g., insurance report, or police investigation report) to the Lottery within thirty calendar days after the date of incident if the damaged tickets are non-returnable, the retailer will be charged the greater of:

a. \$10 per damaged active book of tickets; or

b. The retail value of each damaged active book of tickets multiplied by the percentage of low tier winning tickets (prize amounts less than \$25.00) redeemed as of the date the book is reported damaged, less the retailer's regular and any bonus sales commissions.

2. A retailer that does not comply with either of the requirements set forth in subparagraph (2)(d)1. above shall be charged the full retail value of each book, less the retailer's regular and any bonus sales commissions.

(e) Settled Damaged Tickets. If a retailer settles a book of active tickets and subsequently reports unsold tickets as damaged, the retailer shall be charged as follows:

1. If the retailer complies with either of the requirements set forth in subparagraph (2)(d)1., the retailer shall be charged in accordance with the provisions of subparagraph (1)(d)1., above.

2. A retailer that does not comply with either of the requirements set forth in subparagraph (2)(d)1. shall be charged in accordance with the provisions of subparagraph (1)(d)2.

(3) Any adjustment due to a retailer's account for lost, stolen or damaged tickets will be either reflected as a settlement adjustment on the retailer's weekly Settlement Report or paid by check.

(4) In the event books of tickets are lost, stolen or damaged for reasons arising out of force majeure, the Florida Lottery reserves the right to waive the assessment of charges

under this rule. As used herein "force majeure" shall include acts of God, action of the elements, fire, explosion, rationing, war, civil disturbance, or other similar occurrences.

#### DEPARTMENT OF ENVIRONMENTAL PROTECTION

The Department of Environmental Protection received a petition from Robert and Maureen Copeland, 1301 Atlantic Street, Melbourne Beach, Brevard County, Florida, seeking a variance from Rules and Procedures for Coastal Armoring and Related Structures under paragraph 62B-33.0051(1)(b), Florida Administrative Code.

The full text of this notice is published on the Internet at the Department of Environmental Protection's home page at <http://www.dep.state.fl.us/> under the link or button titled "Official Notices."

If you have additional questions please contact Susan DeVore-Fillmore, (850)487-1262, Extension 191.

---

The Department of Environmental Protection gives notice of its intent to issue a variance under Section 403.201 of the Florida Statutes (F.S.) from the provisions of subsection 62-302.530(31), Florida Administrative Code (F.A.C.), to Continental Florida Materials, Inc., P.O. Box 93-9007, Margate, Florida 33093-9007, File Number 0175257-002-EV, to allow water within the reclaimed mining pits at the Continental Mine to not meet the standard for dissolved oxygen in the lower layers of the pit.

During mining, stormwater within the project area will be contained within the mine pit, by using a system of berms. At the completion of mining and reclamation, the project area will be re-connected with state waters by the removal of all berms, and the water quality standards listed in Rule 62-302.530, F.A.C. will apply to all surface waters within the reclaimed project area. Water quality studies conducted for the United States Army Corps of Engineers Environmental Impact Statement on existing limerock mining lakes indicate that the water within the lakes is expected to be vertically well mixed during the winter months. However, during the warmer summer months, the lake is expected to stratify and dissolved oxygen levels below the thermocline may not meet the water

quality standard for dissolved oxygen, as required by subsection 62-302.530(31), F.A.C. This was anticipated by the Florida Legislature in paragraph 373.414(6)(a), F.S., which states that, "Where such mining activities otherwise meet the permitting criteria contained in this section, such activities may be eligible for a variance from the established water quality standard for dissolved oxygen within the lower layers of the reclaimed pit." A petition for a variance pursuant to Section 403.201, F.S. was received on December 12, 2001.

Low dissolved oxygen levels in the lower levels of the mine lake are not expected to result in any adverse on-site or off-site impacts. Oxygen levels in the upper layers of the lake are expected to be adequate to support the fish populations of the lake during periods when stratification occurs. It is not expected that the low dissolved oxygen water from the lower levels of the lake will be exchanged with off-site waters. The Department considered requiring a berm to sever the hydrologic connection between the lake and adjacent waters, alleviating the need to meet surface water quality standards within the lakes. This approach was rejected in favor of a variance for two reasons. Construction of a berm would provide no environmental benefit, would require the filling of wetland areas, and may reduce the habitat value of the area by restricting the movement of water, nutrients, and fish and wildlife between the lake and the surrounding habitat. In addition, berms would provide potential vehicle and pedestrian access to the area, which may encourage dumping and other activities harmful to the habitat value and water quality of the lakes and surrounding areas.

There is no practicable means known or available to prevent the low dissolved oxygen levels at depths within the mining lake. Therefore, the Department intends to issue a variance, pursuant to Section 403.201(1)(a), F.S., for dissolved oxygen in the lower layers of the reclaimed lake.

The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Florida Department of Environmental Protection, Bureau of Mine Reclamation, 2051 East Dirac Drive, Tallahassee, Florida 32310-3760, (850)488-8217.

#### DEPARTMENT OF HEALTH

NOTICE IS HEREBY GIVEN THAT ON July 23, 2002, the Department of Health, Division of Medical Quality Assurance, filed an Order disposing of an emergency petition for temporary waiver from the requirements of Rule 64B1-1.002, F.A.C. as filed by Kelly Dee Anderson. The Petition was filed

with the Department on June 24, 2002, and noticed in the Florida Administrative Weekly on July 12, 2002, Vol. 28, No. 28.

The Order provides in summary that before the Department rule becomes applicable, the Board of Optometry must first reach a statutorily mandated determination of eligibility to sit for the licensure exam. Without such Board determination, Petitioner is unable to show that the Department rule creates a substantial hardship or violates principles of fairness. Accordingly, the petition for emergency temporary waiver has been DENIED. The denial is without prejudice to the filing of a proper non-emergency petition for waiver.

A copy of the Order may be obtained from: Agency Clerk, Department of Health, Division of Medical Quality Assurance, 4052 Bald Cypress Way, Bin A02, Tallahassee, Florida 32399-1703, (850)245-4005.

The **Department of Community Affairs** announces a public hearing to which all interested parties are invited.

DATE AND TIME: Wednesday, August 21, 2002, 1:00 p.m. – 4:00 p.m.

PLACE: Terrace Building, 10th Floor, Conference Room 1001, 101 S. Washington Blvd., U.S. 301, Sarasota, Florida 34236

GENERAL SUBJECT MATTER TO BE CONSIDERED: The Department of Community Affairs (DCA) is seeking public or nonprofit entities to administer the Low-Income Home Energy Assistance Program (LIHEAP) in Sarasota County. Entities interested in contracting with DCA to provide these services should be present at this public hearing in order to be informed of the qualifications and application requirements. In designating a local administrative agency to carry out this program, the DCA will give special consideration to any local public or private nonprofit agency which receives Federal funds under any low-income energy assistance or weatherization program. If there is no such agency that is determined to meet program and fiscal requirements, selection of an entity will be based on the applicant's experience and performance in assisting low-income persons in the area to be served, and their capacity to undertake a timely and effective program. The following qualities will be reviewed: (1) the extent to which the past or current program achieved or is achieving LIHEAP goals in a timely fashion; (2) the number, qualifications, and experience of the staff members of the entity; and (3) the fiscal soundness and accountability of the entity. Since no more than one entity will be funded in the county, the entity must be capable and willing to provide services to all eligible low-income citizens in the geographic area. It is the desire of the DCA to contract with an entity to begin providing LIHEAP services in Sarasota County on October 1, 2002. This contract will be approximately \$79,000 for a period ending March 31, 2003. The selected entity will be eligible for an annual contract beginning March 1, 2003 for an estimated \$158,500.

DCA Final Order No.: DCA02-OR-210

In Re: MONROE COUNTY LAND DEVELOPMENT REGULATIONS ADOPTED BY MONROE COUNTY ORDINANCE NO. 013-2002

FINAL ORDER

The Department of Community Affairs (the "Department") hereby issues its Final Order, pursuant to §§ 380.05(6) and (11), Fla. Stat., and § 380.0552(9), Fla. Stat. (2001), approving a land development regulation adopted by a local government within the Florida Keys Area of Critical State Concern as set forth below.

FINDINGS OF FACT

1. The Florida Keys Area is a statutorily designated area of critical state concern, and Monroe County is a local government within the Florida Keys Area.
2. On June 11, 2002, the Department received for review Monroe County Ordinance No. 013-2002 which was adopted by the Monroe County Board of County Commissioners on May 15, 2002 ("Ord. 013-2002"). Ord. 013-2002 corrects a scrivener's error in previously adopted Ordinance 003-2002 to increase the effective time for restrictive covenants for employee and affordable housing from 30 years to 50 years.
3. Ord. 013-2002 is consistent with the County's 2010 Comprehensive Plan.

CONCLUSIONS OF LAW

4. The Department is required to approve or reject land development regulations that are enacted, amended or rescinded by any local government in the Florida Keys Area of Critical State Concern. §§ 380.05(6) and (11), Fla. Stat., and § 380.0552(9), Fla. Stat. (2001).
5. Monroe County is a local government within the Florida Keys Area of Critical State Concern. § 380.0552, Fla. Stat. (2001) and Rule 28-29.002 (superseding Chapter 27F-8), Fla. Admin. Code.
6. "Land development regulations" include local zoning, subdivision, building and other regulations controlling the development of land. § 380.031(8), Fla. Stat. (2001). The regulations adopted by Ord. 013-2002 are land development regulations.
7. All land development regulations enacted, amended or rescinded within an area of critical state concern must be consistent with the Principles for Guiding Development (the "Principles") as set forth in § 380.0552(7), Fla. Stat. See *Rathkamp v. Department of Community Affairs*, 21 F.A.L.R. 1902 (Dec. 4, 1998), aff'd, 740 So. 2d 1209 (Fla. 3d DCA 1999). The Principles are construed as a whole and no specific provision is construed or applied in isolation from the other provisions.
8. Ord. 013-2002 promotes and furthers the following Principles:

(a) To strengthen local government capabilities for managing land use and development so that local government is able to achieve these objectives without the continuation of the area of critical state concern designation.

(j) To make available adequate affordable housing for all sectors of the population of the Florida Keys.

9. Ord. 013-2002 is not inconsistent with the remaining Principles. Ord. 013-2002 is consistent with the Principles for Guiding Development as a whole.

WHEREFORE, IT IS ORDERED that Ord. 013-2002 is found to be consistent with the Principles for Guiding Development of the Florida Keys Area of Critical State Concern, and is hereby APPROVED.

This Order becomes effective 21 days after publication in the Florida Administrative Weekly unless a petition is filed as described below.
