requests that the Florida Land and Water Adjudicatory Commission (“Commission”) amend Chapter 42X-1, Florida Administrative Code, to change the District’s name to “Fiddler’s Creek Community Development District 1” in order to distinguish the District’s name from any Fiddler’s Creek Community Development District 2 which was established by Collier County Ordinance 02-61. Further, the petition requests that the Commission amend the District’s boundaries to add an expansion parcel of approximately 137.78 acres and to delete a contraction parcel of approximately 137.78 acres, resulting in no net change in the amount of acreage to be served by the District. After amendment as proposed, the District will consist of and continue to serve approximately 1,389.7739 acres located wholly within the boundaries of unincorporated Collier County. There is no real property within the proposed amended District boundaries which is to be excluded from the jurisdiction of the District. The Future Land Use element of the Collier County Comprehensive Plan designates the land area within the legal description of the expansion parcel as “Urban Residential Fringe Sub-District.” The land area within the legal description of the contraction parcel is designated as “Urban Coastal Fringe Sub-District.” The land use plan for both parcels, whether they are to be added or deleted, exclusively involves residential dwelling units. The proposed boundary changes involve adding 137 multifamily and single-family dwelling units and subtracting 129 multifamily and single-family dwelling units. The 129 units proposed for deletion from the existing District are added to another proposed community development district, Fiddler’s Creek Community Development District 2.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: In association with the Petition, the Petitioner has caused a Statement of Estimated Regulatory Costs (“SERC”) to be prepared in compliance with section 120.541, Florida Statutes. The complete text of the SERC is contained at Exhibit “7” to the Petition. By way of summary, the SERC estimates that the principal individuals and entities likely to be required to comply with the amended rule are the state, Collier County, Florida, the District and especially the landowners within the District’s amended boundaries. The SERC estimates the type of individuals likely to be affected by the amended rule as landowners within the District’s amended boundaries. The SERC estimates that rule amendment implementation and enforcement costs to the above-described entities will be minimal, are concurrently budgeted or not burdensome, and/or are offset by the payment of requisite filing and annual fees; and, estimates there will be no effect on state and local revenues from the proposed amendment of the rule. Further, the SERC estimates that certain development-related transactional costs incurred would occur regardless of whether the District’s boundaries were amended, that these costs are voluntarily assumed if at all by and through individuals and entities owning or purchasing property within the District and that the net transactional costs to the District

and its landowners will be reduced if the rule is amended as proposed. Finally, the SERC concludes that the amended rule’s effect on small businesses will be minimal or positive and that Collier County is not a “small” county as defined by section 120.52, Florida Statutes. The SERC’s analysis is based on a straightforward application of economic theory with input received from the developer’s engineer and other professionals associated with the developer.

Any person who wishes to provide information regarding the statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

42KK-1

RULE TITLES: Establishment

RULE NOS.: 42KK-1.001

Boundary

42KK-1.002

Supervisors

42KK-1.003

PURPOSE, EFFECT AND SUMMARY: The purpose of this proposed rule is to establish the Cocohatchee Community Development District ("District"), to set forth the District's boundaries and to designate the District's initial governing Board of Supervisors. The petition submitted by Beach Road Development Company, L.L.C., requests that the Florida Land and Water Adjudicatory Commission ("Commission") adopt and effect Chapter 42KK-1, Florida Administrative Code, to name and establish the District, set forth its boundaries and

designate its initial Board of Supervisors. The petition proposes that the District serve approximately 1,298 acres located wholly within the boundaries of unincorporated Lee County. There is no real property within the District's proposed boundaries which is to be excluded from the jurisdiction of the District. Finally, the District has obtained the consent of the owners of 100% of the real property to be served by the District.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: In association with the Petition, the Petitioner has caused a Statement of Estimated Regulatory Costs (the "SERC") to be prepared in compliance with Section 120.541, Florida Statutes. The complete text of the SERC is contained at Exhibit "7" to the Petition. By way of summary, the SERC estimates that the principal individuals and entities likely to be required to comply with the proposed rule are the state, Lee County, Florida, the District and especially the landowners within the District's proposed boundaries. The SERC estimates the type of individuals likely to be affected by the proposed rule as landowners within the District's proposed boundaries. The SERC estimates that rule implementation and enforcement costs to the above-described entities will be minimal, are concurrently budgeted or not burdensome, and/or are offset by the payment of requisite filing and annual fees; and, estimates there will be no effect on state and local revenues from the proposed adoption of the rule. Further, the SERC estimates that certain development-related transactional costs incurred would occur regardless of whether the District was established and that these costs are voluntarily assumed if at all by and through individuals and entities owning or purchasing property within the District. Finally, the SERC concludes that the proposed rule's effect on small businesses will be minimal or positive and that Lee County is not a "small" county as defined by Section 120.52, Florida Statutes. The SERC's analysis is based on a straightforward application of economic theory with input received from the developer's engineer and other professionals associated with the developer. Any person who wishes to provide information regarding the statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

Accountability, including collecting data and data entry re: youth served by delinquency prevention programs and measuring how successful prevention programs are in keeping youth in school and crime-free.

The FNYFS is committed to targeting resources toward programs that will specifically address those life conditions that most influence and affect the direction at risk youth will take.

STATE OF FLORIDA

DEPARTMENT OF COMMUNITY AFFAIRS
In re: A LAND DEVELOPMENT REGULATION
ADOPTED BY ISLAMORADA,
VILLAGE OF ISLANDS
ORDINANCE NO. 03-04

FINAL ORDER

The Department of Community Affairs (the "Department") hereby issues its Final Order, pursuant to §§ 380.05(6) and (11), Fla. Stat., and § 380.0552(9), Fla. Stat. (2002), approving a land development regulation adopted by a local government within the Florida Keys Area of Critical State Concern as set forth below.

FINDINGS OF FACT

1. The Florida Keys Area is a statutorily designated area of critical state concern, and Islamorada, Village of Islands is a local government within the Florida Keys Area.

2. On April 7, 2003, the Department received for review Islamorada, Village of Islands Ordinance No. 03-04 which was adopted by the Village Council on March 27, 2003 ("Ord. 03-04"). Ord. 03-04 amends Division 4.1, "Development Review Process," and Division 4.3, "Administrative Appeals," of Article 4, Chapter 9.5 of the Village Code. Ordinance 03-04 allows for certain planning items that are lengthy in nature to be heard at special call meetings when necessary, thus allowing for greater public participation and by adding an additional amendment that clarifies the thirty (30) day appeal time.

3. Ord. 03-04 is consistent with the Village Comprehensive Plan.

CONCLUSIONS OF LAW

4. The Department is required to approve or reject land development regulations or portions thereof that are enacted, amended or rescinded by any local government in the Florida Keys Area of Critical State Concern. §§ 380.05(6) and (11), Fla. Stat., and § 380.0552(9), Fla. Stat. (2002).

5. Islamorada, Village of Islands is a local government within the Florida Keys Area of Critical State Concern. § 380.0552, Fla. Stat. (2002), and Rule 28-29.002 (superseding Chapter 27F-8), Fla. Admin. Code.

6. "Land development regulations" include local zoning, subdivision, building and other regulations controlling the development of land. § 380.031(8), Fla. Stat. (2002). The regulations adopted by Ord. 03-04 are land development regulations.

7. All land development regulations enacted, amended or rescinded within an area of critical state concern must be consistent with the Principles for Guiding Development (the "Principles") as set forth in § 380.0552(7), Fla. Stat. (2002). See Rathkamp v. Department of Community Affairs, 21 F.A.L.R. 1902 (Dec. 4, 1998), aff'd, 740 So. 2d 1209 (Fla. 3d DCA 1999). The Principles are construed as a whole and no specific provision is construed or applied in isolation from the other provisions.

8. Ord. 03-04 promotes and furthers the following Principle:

(a) To strengthen local government capabilities for managing land use and development so that local government is able to achieve these objectives without the continuation of the area of critical state concern designation.

(l) To protect the public health, safety, and welfare of the citizens of the Florida Keys and maintain the Florida Keys as a unique Florida resource.

9. Ord. 03-04 is not inconsistent with the remaining Principles. Ord. 03-04 is consistent with the Principles for Guiding Development as a whole.

WHEREFORE, IT IS ORDERED that Ord. 03-04 is found to be consistent with the Principles for Guiding Development of the Florida Keys Area of Critical State Concern, and is hereby APPROVED.

STATE BOARD OF ADMINISTRATION

NOTICE

NOTICE IS HEREBY GIVEN by the State Board of Administration ("the Board") of its estimate of the borrowing capacity and the projected year-end (as of December 31, 2003) fund balance for the Florida Hurricane Catastrophe Fund ("the Fund"), in compliance with the requirements of Section 215.555(4)(c)2., Florida Statutes. This estimate is as of May 8, 2003. The projected year-end balance on December 31, 2003, is estimated to be \$5,488,000,000, assuming no losses to be reimbursed. The Fund's estimated borrowing capacity, defined as the maximum amount that the Board is able to raise through the issuance of revenue bonds under Section 215.555(6), Florida Statutes, pursuant to the upper limitation of \$11 billion in Section 215.555(4), Florida Statutes, is \$5,512,000,000. This estimate is for tax-exempt debt. During the 1999 legislative session, the Legislature enacted changes to Section 215.555, Florida Statutes, and provided an upper limit of \$11 billion on the Board's potential liability to reimburse participating insurers for losses sustained by hurricane damage. Therefore, the Board's obligation is to try to raise \$5,512,000,000, rather than the total capacity determined by using all of the available 4 percent emergency assessment capability.

This estimate is based on the Board's good faith assessment of the current global market conditions and is net of required debt service reserve funds and the costs of issuing the bonds. These conditions may or may not be the same if and when the Board determines that it is necessary to seek the issuance of revenue bonds. The Board's estimate is also based upon projected year-end reimbursement premiums. Emergency assessments are based on data available as of this estimate. This estimate is provided to comply with the requirements of Section 215.555(4)(c)2., Florida Statutes, and should only be relied upon after careful consideration of all relevant assumptions and reservations, including those set forth below.

Assumptions:

(1) The Board assumes that both the annual reimbursement premiums and the 4% emergency assessment described in Section 215.555(6)(a)3., Florida Statutes, will be used as the revenue source to service the debt and to provide debt service coverage. Although Section 215.555(6)(a)3., Florida Statutes, also provides for a 2% assessment, any hurricane requiring the Board to issue bonds will necessarily have to be of such a magnitude that it is highly likely that the Governor will have declared a state of emergency and therefore the maximum 4% assessment will be applicable. Further, receipt of federal assistance is dependent upon a declaration of a state emergency.

(2) The debt service coverage ratio is assumed to be 2.31. This means that the revenue stream available to service the debt is 2.31 times the amount actually needed to service the debt. The debt service coverage ratio is sensitive to actual reimbursement premiums collected during the year. Changes in deductible distributions and other factors that impact actual reimbursement premiums may impact the coverage ratio.

(3) The Board has assumed interest rates reflecting market conditions on April 30, 2003. Many factors will impact the interest rates that will ultimately be used when the Board determines that bonds must be issued. It is impossible to predict with any certainty what those rates will be.

(4) In accordance with the requirements of Section 215.555(6)(a)2., Florida Statutes, the Board has completed the bond validation process. The circuit court hearing held on November 12, 1996, resulted in a favorable ruling. The validation was then immediately appealed to the Florida Supreme Court. The Florida Supreme Court ruled on September 18, 1997, that the bonds are valid.

(5) In response to the private letter ruling request filed in early June, 1997, the Internal Revenue Service ruled that interest on the bonds issued under Section 215.555(6), Florida Statutes, is exempt from federal taxation.

Reservations:

(1) Since no bonds have ever been issued on behalf of the Fund, there are a number of uncertainties. Among these are the following: the financial condition of the insurance industry at the time of a catastrophic loss, the stability of the revenue stream and potential litigation.

(2) A more general uncertainty is the condition of the financial markets at the time the bonds are issued and the degree of familiarity of potential investors with the Fund.

(3) Another general uncertainty is the ability of the capital markets to absorb a bond issue of this magnitude at the time of the bond issuance.

As of May 8, 2003, the Board's good faith estimate of its bonding capacity is \$5,512,000,000, to reach the current statutory upper limit of \$11 billion. The Board recognizes the

importance of this estimate and is committed to make every effort to assure its ability to issue up to \$5,512,000,000, in bonds if and when the necessity arises.

LAND AND WATER ADJUDICATORY COMMISSION**NOTICE OF RECEIPT OF PETITION**

On April 18, 2003, the Florida Land and Water Adjudicatory Commission ("FLWAC" or "Commission") received a petition to establish the Durbin Crossing Community Development District (the "District"). The Commission will follow the requirements of Rules Chapter 42-1, Florida Administrative Code (FAC), as amended, and Chapter 190, Florida Statutes (F.S.), as amended, in ruling on this petition.

SUMMARY OF CONTENTS OF PETITION: The petition filed by SouthStar Development Partners, Inc., requests the Commission establish a community development district located in St. Johns County, Florida. The land area proposed to be served by the District comprises approximately 2,047 acres. The proposed District is generally located west of Russell Sampson Road, east of State Road 13, south of Race Track Road, and north of CR 210 in St. Johns County. There is one out-parcel located within the external boundaries of the proposed District which is to be excluded from the District. The out-parcel is a mitigation parcel totaling 1.15 acres, more or less, that will not be adversely impacted by the establishment of the District. The development plan for the proposed lands within the District includes the construction of approximately 2,498 single and multi-family residential dwelling units, 100,000 square feet of commercial space and 70,000 square feet of office space, a school, parks and an amenity center. The proposed land uses within the District are subject to the approved Durbin Crossing Development of Regional Impact Development Orders ("DRI"). The Petitioner has obtained written consent to establish the District from the owners of 100% of the real property located within the proposed District. The District, if established, currently intends to participate in the provision of certain infrastructure improvements.

SUMMARY OF ESTIMATED REGULATORY COSTS: The statement of estimated regulatory costs (SERC) supports the petition to establish the District. The complete text of the SERC is contained as Exhibit 13 to the petition to establish the District. The scope of the SERC is limited to evaluating the regulatory costs consequences of approving the proposal to establish the District. The requirements for a SERC are found in Section 120.541(2), F.S. A SERC must contain (a) a good faith estimate of the number and types of individuals likely to be required to comply with the rule or who will be affected; (b) a good faith estimate of the costs to any state and local government entities of implementing and enforcing the proposed rule, and any anticipated effect on state and local revenues; (c) a good faith estimate of the transactional costs

likely to be incurred by individuals and entities; (d) an analysis of the impact on small businesses, small counties, and small cities; (e) any additional information that the agency determines may be useful; and (f) any good faith written proposal submitted under paragraph (1)(a) and either a statement adopting the alternative or a statement rejecting the alternative in favor of the proposed rule. Addressing section (a), the principle entities that are likely to be required to comply with the rules include the District, the State of Florida, and St. Johns County. In addition, future property owners will be affected by the establishment of the proposed District. Under section (b), the FLWAC and State of Florida will incur minimal administrative costs. St. Johns County will also incur one-time administrative costs which are offset by the required filing fee paid to St. Johns County by the Petitioner. Adoption of the proposed rule to approve the formation of the District will not have adverse impact on State and local revenues. Petitioner anticipates that the District will cooperate with the St. Johns County School Board in the financing of a new school located within the boundaries of the District. According to the statement of estimated regulatory costs, the District will construct the school and issue bonds to finance it. The District will enter into a lease-purchase agreement with the School Board for the facility, and those lease payments will be the security for the bonds. Addressing section (c), the District may levy non-ad valorem special assessments on properties within its boundaries to finance infrastructure that the District funds and to defray the costs of operating and maintaining the infrastructure and associated community facilities. The District may issue notes, bonds, or other indebtedness to fund its improvement program. Prospective future landowners would be required to pay off such indebtedness over time in the form of non-ad valorem special assessments or other rates, fees or charges. The District may also impose an annual levy for the operations and maintenance of the District. Under section (d), approval of the petition to establish the District will have only incidental or a positive impact on a small business and will not have any impact on small counties and cities. St. Johns County is not a small county as such is defined. Under section (e), the analysis was based on a straightforward application of economic theory with input received from the developer's engineer and other professionals associated with the developer. A LOCAL HEARING WILL BE HELD AT THE TIME, DATE AND PLACE SHOWN BELOW:

DATE AND TIME: Wednesday, June 18, 2003, 1:00 p.m. or as soon thereafter as can be heard
