

- B. Does the Fire Department have the authority to require the association to state their decision before 2014 on whether they will install or forego the retrofitting of fire sprinkler systems?
- C. If the association does not vote to forego the installation of fire sprinklers, does the Fire Department have the authority to demand a plan of action including fire sprinkler installation or an engineered life safety plan during the interim period before the year 2014?
- D. If the association has an approved existing engineered life safety plan, can the Fire Department require the association to complete the work prior to 2014?
- E. If an approved existing engineered life safety plan includes common area fire sprinkler protection, does the Fire Department have the authority to require that all portions of the life safety plan be completed prior to 2014?

A copy of the Petition may be obtained by writing, calling or sending a fax to: Gabriel Mazzeo, Attorney, Division of State Fire Marshal, 200 East Gaines Street, Tallahassee, Florida 32399-0340, (850)413-3604, Fax (850)922-1235 (please advise if you would like it mailed or faxed to you and please include your phone number on your request in case any question arises) or e-mailing: mazzeog@doi.state.fl.us. Please mention Fernandez-Fraga2 in your request.

NOTICE TO CONSTRUCTION MANAGERS

The Florida State University announces that Construction Management Services will be required for the project listed below:

Project and Location:

Project No.: BR-271

Project: West Campus Dining Facility

Location: Florida State University, Tallahassee, Florida

This project consists of a new kitchen/cafeteria facility on the west side of campus to serve students, faculty and staff. The building site is located on Call Street between Salley Hall and the Stone Building, across from the new College of Medicine. The facility is expected to be approximately 17,010 gross square feet. The project will include relocating a parking lot along with the construction of other related site improvements. The construction budget is approximately \$4,316,460 with a total anticipated project budget of \$6,020,460.

The contract for construction management will consist of two phases. Phase one is pre-construction services, for which the construction manager will be paid a fixed fee. Phase one services include value engineering, constructability analyses, development of a cost model, estimating, and the development of one or more Guaranteed Maximum Prices (GMP's) at the 50% or the 100% Construction Document phase. If the GMP is accepted, phase two, the construction phase, will be
