DEPARTMENT OF FINANCIAL SERVICES

NOTICE IS HEREBY GIVEN that the Department of Financial Services (formerly the Department of Insurance), Division of State Fire Marshal, has received a Petition for Declaratory Statement filed September 29, 2003, from the Michelle Humphries, University of Central Florida. The Petition is seeking the Department’s interpretation of NFPA 13, Subdivisions 5-6.5.3 and 5-6.5.3.1. Specifically, Petitioner asks:

- A. Is it the intent of NFPA 13 that floor mounted equipment tables and their overhead support structures in excess of 4 feet in width and heights not to exceed 18 inches from the ceiling be provided with additional sprinkler protection within their assembly?

- B. If sprinkler protection is desired on the table top itself, will providing an open grate top surface (such as open wire shelving) suffice to allow water from above to penetrate through, and if so, how much equipment or dust shielding if any would be permitted on the shelving?

- C. If the setup and racking above the table top were able to be restricted to less than 4 feet in width and maintained at least 18 inches below the level of sprinklers in a room, could additional coverage be omitted regardless of overall length or location within the room relative to overhead ceiling sprinklers?

A copy of the Petition may be obtained by writing, calling or sending a fax to: Gabriel Mazzeo, Attorney, Division of State Fire Marshal, 200 East Gaines Street, Tallahassee, Florida 32399-0340, (850)413-3604, fax (850)922-1235 (please advise if you would like it mailed or faxed to you and please include your phone number on your request in case any question arises) or e-mail: mazzeog@doi.state.fl.us.
