THE FULL TEXT OF THE PROPOSED RULES IS:

40C-9.021 Definitions.

When used herein:

(1) through (2) No change.

(3) "Conservation Easement" means an easement in real property whereby the District is the dominant tenant for the purposes of the easement but does not own the underlying fee title. A Conservation Easement will place restrictions upon utilization of the property by the underlying fee owner and may include a grant to the District of affirmative rights of utilization in the property, including the right to permit public access. Any utilization for public access shall not exceed the express grant of the Conservation Easement, and may be further limited by the District through the establishment of site-specific policies regarding public utilization.

(3) through (5) renumbered (4) through (6) No change.

~~(7)(6)~~ "District Land" means any real property in which the District has an equitable or legal interest that allows the District to possess, or control regulate entry upon, or limit or engage in specific uses of the property. District Land includes Conservation Easements.

(7) through (9) renumbered (8) through (10) No change.

~~(11)(10)~~ "Mobility impaired persons" means a person having a State of Florida Mobility-Impaired eligibility Certification (Florida Physician's Certification) administered through the Florida Fish and Wildlife Conservation Commission eligible for a disabled person exemption parking permit pursuant to section 320.0848, Florida Statutes.

40C-9.041 Acquisition Procedures; Negotiations.

(1) through (2) No change.

(3) The District shall obtain at least one certified written appraisal pursuant to Rule 40C-9.061, Florida Administrative Code, or written estimate of value, as follows:-

(a) For lands where staff estimates the value to be less than \$50,000, a written estimate of value may be prepared by staff in lieu of a certified appraisal;

(b) For any lands that are acquired with acquisition moneys released by the Department of Environmental Protection, the District shall obtain at least one certified appraisal.

(4) through (5) No change.

(6) The District shall attempt to negotiate the acquisition of desired parcels in accordance with the following procedure:

(a) No change.

(b) A file shall "Negotiation Report" may be maintained prepared and forwarded to Legal Counsel, which shall summarize such negotiations, including the amount of offer made by the District, and any counter-offer made by the property owner.

(c) In the event an offer is accepted, the District shall:

1. No change.

2. When necessary, Request Legal Counsel to prepare a resolution by requesting the Governing Board requesting the Department of Environmental Protection to release the necessary funds pursuant to Chapter 62-402, Florida Administrative Code, if applicable.

(d) When a negotiated settlement cannot be readily attained, and staff determines that acquisition is necessary, staff shall prepare a memorandum, an authorized officer shall send a Memorandum to Legal Counsel which shall include:

1. A request for resolution to institute eminent domain proceedings.
2. Identification of parcels by title memorandum number.
3. Legal interest or estate considered for acquisition.

(e) The District may accept donations of land. In such event the provisions of this subsection shall be followed, except that appraisals may be waived upon concurrence of both the landowner and the District. The District shall not accept a donation unless it has received or obtained the following:

1. A Phase I environmental site assessment;
2. Title insurance; and

RULE TITLE: Rural County Grants

RULE NO.: 60DD-1.002

PURPOSE AND EFFECT: The Board proposes the new rule to address rural county grants.

SUMMARY: A new rule will be added to address the eligibility and general conditions of applications for rural county grants.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: No Statement of Estimated Regulatory Cost was prepared.

Any person who wishes to provide information regarding the statement of estimated costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

SPECIFIC AUTHORITY: 365.172(6)(a)12., 365.173(2)(c) FS.
LAW IMPLEMENTED: 365.173(2)(c) FS.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAW.

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE IS: Winston Pierce, Executive Director, Wireless 911 Board, 4030 Esplanade Way, Suite 235M, Tallahassee, Florida 32399-0950

THE FULL TEXT OF THE PROPOSED RULE IS:

60DD-1.002 Rural County Grants.

The Wireless 911 Rural County Grant program is an annual grant provided for the purpose of assisting rural counties, as defined by s. 365.172(3)(o), F.S., with the installation and maintenance of an Enhanced 911 system.

(1) Eligibility. Any county with a population of fewer than 75,000 is eligible to apply. The county must be currently assessing the full \$0.50/month fee provided in s. 365.171(13), F.S.

(2) General conditions.

(a) Each rural county applying for Rural County Grant funds shall complete and submit W Form 1A, "Application for the Wireless 911 Rural County Grant Program," effective X/2003, which is incorporated herein by reference and which may be obtained from the Wireless 911 Board office at the following address:

State of Florida Wireless 911 Board
ATTN: Administrative Assistant
4050 Esplanade Way
Building 4030 – Suite 335V
Tallahassee, Florida 32399-0950.

The applicant county must submit the grant application to the Wireless 911 Board before March 1.

(b) The Wireless 911 Board will approve grants for leased equipment only if the applicant county can demonstrate that a lease agreement would be financially beneficial to the grant program as a whole.

(c) Applications for grants for each item over \$25,000 must be accompanied by at least three written competitive quotes. The Wireless 911 Board will compare the three quotes to any existing state contract in order to determine appropriate funding.

(d) Priorities for awarding of grants will be determined by the Board.

(e) The Wireless 911 Board will approve funding salary requests on an annual basis.

(f) No grant money will be awarded to be used for the purpose of paying call-takers' salaries.

(g) Two or more rural counties may apply for a joint grant, but each county must complete and submit W Form 1A as requested and indicated.

(h) Grant funds shall be deposited in a bank account maintained by the grantee county, and each grant shall be assigned a unique accounting code designation for deposits, disbursements, and expenditures. All Wireless 911 Rural County Grant funds in the account shall be accounted for separately from other grantee funds. Grant funds may be used only between the beginning and ending dates of the grant, unless an extension is requested and authorized by the Wireless 911 Board.

(i) Grantee counties must submit quarterly reports to the Wireless 911 Board, summarizing the expenditures and activities of the grant funds. The reports are due 15 days after the end of the reporting period, which ends September 30, December 31, March 31, and June 30. A final report must be submitted to the Wireless 911 Board no more than 45 days after completion of the grant, detailing the activities, expenditures of the funds, and the ways in which the needs identified in the grant application were met. The final report must be accompanied by supporting documentation.

(j) Grant funds are not transferable to any other entity. If equipment purchased using grant funds is sold or transferred within three (3) years of the end of the grant period, the grantee county must return the grant funds to the Wireless 911 Board on a pro-rata basis.

(k) The Wireless 911 Board will adjust the funds awarded to a rural county based upon eligibility of requested items, institutional knowledge of Board members, published quotes, increased effectiveness of grant funds, minimum allowable specifications for performing the needed 9-1-1 function, or other documented factors.

(l) Applications must be postmarked by March 1 and must be mailed to the Board office.

(3) The Rural County Grant program will operate on the following schedule:

Counties submit applications: by March 1
Wireless 911 Board evaluates applications: March – April
Board votes on applications at regularly scheduled meetings: April – May
Board sends notification of award and issues checks to counties approved for funding: before June 30

60H-1.001 Definitions.

For the purposes of this Chapter, each of these words shall have the following meaning:

(1) through (11) No change.

(12) Response – Any responsive reply to a competitive solicitation.

Specific Authority 255.249, 255.25, 255.503(11) FS. Law Implemented 255.25(2), 255.503 FS. History–New 8-11-75, Amended 8-27-75, 4-25-79, Formerly 13D-7.01, Amended 3-18-86, Formerly 13M-1.001, Amended _____.

60H-1.003 Standard Lease Agreement Form.

(1) All agency leases shall be on the Department of Management Services’ Standard Lease Form (FM Form 4054, effective August 11, 1975, as revised May, 2001 and January, 2004, incorporated by reference in this rule).

(2) No provision of the Standard Lease Agreement may be changed or additional covenants or conditions added thereto without the prior written approval of the Division’s director except for articles relating to lessor furnishing janitorial services, replacing light bulbs, and paying utility charges. ~~Article III(2), Article IV 1b and Article VI.~~ Any agency request for changes or additions to the Standard Lease Agreement shall be submitted to the Bureau in writing and state with reasonable particularity why the change or addition is necessary and in the best interest of the State. Unless the Division director’s approval has been obtained in accordance with this rule, any such change or addition shall be null and void.

(3) Certificate of Compliance. Within 30 days after executing a lease of less than 5,000 square feet of space within a privately or publicly owned building, the agency head shall file with the Bureau on a form provided by the Bureau (FM 4113, effective May 1996, as revised January, 2003 and January, 2004, incorporated by reference in this rule) a certificate stating that the lease is in compliance with all leasing criteria provided by Chapter 255, Florida Statutes. The certificate shall further state that the agency has determined that the lease is in the best interest of the State. As used in this section herein the phrase “the best interest of the state” shall mean:

(a) The agency has filed a Request for Prior Approval of Space Need pursuant to Rule 60H-1.022, Florida Administrative Code, and either:

1. The Division has approved the Request or has not responded to the agency’s request within 10 working days of receipt of the request; or

2. If state owned space is available in the same geographic region, the agency has enunciated reasons why such space would not enable the agency to fulfill its statutory duties;

(b) The rental rate for the space in the privately owned building is within the rental rate guidelines established by the Bureau;

(c) The space to be leased is the most cost effective space available to meet the agency’s needs.

(4) through (6) No change.

(7) Communication Facilities. A lease of any square footage for communication purposes, or to house communication equipment or personnel, must have prior approval of the State Technology Office Division of Communications, Department of Management Services.

Specific Authority 255.249(3)(5), 255.25(2) FS. Law Implemented 255.249(2)(j),(k),(3), 255.25(2)(a),(b) FS. History—New 8-11-75, Amended 4-25-79, Formerly 13D-7.03, Amended 3-18-86, Formerly 13M-1.003, Amended 9-30-96, 5-13-03,_____.

60H-1.006 Escalation Clauses ~~Prohibited~~.

No agency’s lease shall contain an open rate, including Consumer Price Index or rental escalation clause, except upon written approval of the Division Director and in the best interests of the state. ~~Any such clause in an agency’s lease shall be null and void and unenforceable.~~

Specific Authority 255.25 FS. Law Implemented 255.25(2) FS. History—New 8-11-75, Amended 4-25-79, Formerly 13D-7.06, 13M-1.006, Amended _____.

60H-1.007 Right-to-Terminate Clause Required.

~~Article XXI of The Standard Lease Agreement’s; the right-to-terminate clause, allowing the agency to terminate the lease with notice if public space becomes available, shall be a part of any lease for a term exceeding one year and; may not be omitted from an agency’s lease, except upon written approval of the Division Director for any reason and shall be deemed a part of any lease and given full legal force and effect.~~

~~However, prior to or during the term of any lease, extension(s) or renewal(s) thereof, or any replacement lease of 5,000 square feet or greater, the Department of Management Services, at the written request of the user Agency, may exempt any lease, extension(s) or renewal(s) thereof, or any replacement lease from the requirements of this rule if the cumulative cost of the new lease, extension(s) or renewal(s), or replacement lease being proposed by the existing Lessor, is at least 10 percent less than the current market value of a comparable lease in the private sector as determined by an independent market analysis performed by the Agency, plus documented moving costs. A present value analysis index shall be used in calculating lease costs.~~

Specific Authority 255.25 FS. Law Implemented 255.25(2) FS. History—New 8-11-75, Amended 4-25-79, Formerly 13D-7.07, 13M-1.007, Amended 5-13-03, 8-5-03,_____.

60H-1.015 Leases of 5,000 Square Feet or More.

(1)(a) No agency shall enter into a lease for 5,000 square feet or more of space in a privately owned building except upon advertisement ~~for and receipt of~~ competitive solicitations bids and award to the lowest and best bidder. No agency shall enter into, within any 12-month period, more than one lease for space of a total of 5,000 square feet or more in the same privately owned facility or complex except upon the solicitation of competitive responses bids.

(b) Exceptions:

1. This rule shall not apply to renewal of leases pursuant to Article XX of the Standard Lease Agreement.

2. This rule shall not apply to any lease having a term of less than 120 consecutive days for the purpose of securing the one-time special use of the leased property.

3. This rule shall not apply to any lease for nominal or no consideration. As used herein, “nominal consideration” means consideration for \$1.00 or less per year.

4. This rule shall not apply to buildings or facilities of any size leased for the purpose of providing care and living space for persons, provided the agency has filed with the Bureau a certificate of exemption demonstrating that the lease is exempt from competitive solicitation bidding under Section 255.249 or 255.25, Florida Statutes.

5. The Division may approve extensions of an existing lease of 5,000 square feet or more space if such extensions are determined to fit the needs of the agency, but in no case shall the total of such extensions exceed 11 months. If at the end of the period granted by the extension(s), the time of such extension(s) equal(s) 11 months, and the agency still needs space, the agency shall solicit competitive responses bids in accordance with this chapter. All agency requests for an extension under this clause shall be submitted in writing to the Bureau within a reasonable period of time before a lease is to end. The agency shall furnish a statement of justification for the extension. The Division director shall review the request and issue a written decision.

6. An agency may enter into a modification of a lease for less than 5,000 square feet to increase the square footage if the modification is upon the same terms and conditions of the approved lease, provided the total additional square footage of the lease modification is less than 5,000 square feet. An agency may enter into, within any 12-month period, more than one modification of a lease for 5,000 square feet or more to increase the square footage, provided the total space acquired by modification within the 12-month period is less than 5,000 square feet.

7. Notwithstanding paragraph 5. above, an agency may enter into a replacement lease or may renegotiate the terms and conditions of an existing lease for more than 5,000 square feet upon approval by the Division Director, if the replacement lease or modification is in the best interests of the state and complies with the requirements established in Section 255.25(3)(b), Florida Statutes.

(2) Solicitation.

(a) A public solicitation for ~~responses proposals~~ will be widely publicized using newspapers (a minimum of twice, with a week between notices) or an established internet web site, and personal contact with owners, developers or licensed real estate brokers ~~realtors~~ in the city or area in which space is desired. ~~A "bidders" conference will be held if the space request is for 5,000 square feet or greater.~~

(b) Solicitation should set forth, but shall not be limited to the following:

1. Approximate net square footage required.
2. General area in which space must be located.
3. Date space must be available.
4. Name and address of ~~user agency~~ where specifications may be obtained.

(3) Specifications.

(a) Specifications shall be drawn ~~by the User Agency~~ in general terms. They shall afford each prospective lessor interested in submitting a response proposal, knowledge of the agency's space requirements. They shall not be structured with the intent to favor any specific location or lessor.

(b) Specifications provided to each prospective lessor should set forth, but shall not be limited to, the following:

1. Approximate net square footage required, to be measured in compliance with the Department of Management Services' Standard Method of Space measurement, pursuant to subsection 60H-2.003(2), Florida Administrative Code, and in compliance with the Department of Management Services' Space Allocation and Configuration Standards provided in Rule 60H-2.0022, Florida Administrative Code.

2. An approximate floor plan of space needed showing partitioning and other physical requirements.
3. General location of required space.
4. Date space must be available.
5. Term of lease with option to renew, if desired.

6. Services required to include parking, dining and transportation requirements.

7. Acceptable Energy Performance Index as defined in Section 255.253, Florida Statutes.

(c) Specifications shall also set forth that the prospective lessor will agree to:

1. Enter into a contract on a Department of Management Services' Standard Lease Agreement form.

2. Provide a scaled floor plan showing present configurations and measurements that equate to net rentable square footage offered.

3. Comply with the requirements of Chapter 60D-1, Florida Administrative Code, Design Standards for Special Facilities for the Physically Disabled, if awarded lease bid.

4. Be an Equal Opportunity Employer and certify same.

5. Provide Full Disclosure Statements of Ownership if awarded lease bid (Rules 60H-1.025 and 60H-1.026, Florida Administrative Code).

6. Validate the ~~response proposal~~ for a minimum of thirty (30) days following the public response due bid opening date.

7. Provide a Life Cycle Analysis with the response proposal if space is for 20,000 or more square feet in any one structure, with the understanding that the analysis shall be acceptable before an award can be made (Section 255.254, Florida Statutes).

8. Ensure that the facility will comply with the minimum stated level of acceptable energy performance index.

9. Comply with the uniform fire safety standards of the Division of the State Fire Marshal if awarded lease bid.

10. Ensure that any renovations required will comply with the uniform fire safety standards of the Division of the State Fire Marshal before renovations are commenced (Section 255.25(5), Florida Statutes).

11. Propose a rental rate per square foot per year that will include all renovations and other special requirements necessary to accommodate the program at the time of initial occupancy.

12. Provide the legal description (metes and bounds; plat; Government Survey System) of property being offered (subject to award ~~of bid~~) as well as the general description (that type of description, room number, building name, street address, currently being provided on the Lease Agreement) of the facility.

(d) Specifications shall provide a date and time in which responses that sealed proposals are to be submitted, ~~in a titled envelope enclosed in an outer envelope~~, to a designated individual ~~by a specified closing time and date, at which time all proposals will be publicly opened~~. An announcement of award shall be posted following negotiations with respondents, if necessary ~~date shall also be made at this bid opening~~.

(e) Suggested formats and guidelines for specifications may be obtained from Bureau of Property Management, Department of Management Services.

(4) Responses Proposals.

(a) Responses Proposals shall specifically respond but need not be limited to each item included in the specifications.

(b) Each response proposal shall be signed by the owner(s), or corporate officers, or legal representative(s). The corporate, trade, or partnership name must be either stamped, written or typewritten, beside the actual signature(s). If the response proposal is signed by an agent, written evidence of his authority must accompany the response proposal. If a corporation foreign to the State of Florida is the owner, written evidence of authority to conduct business in Florida must accompany the response proposal. Lessor Bidder must include proof of the lessor's bidder's authority to offer the facility, i.e., copy of lessor's bidder's option to purchase (if the lessor bidder is not the owner or owner's representative). This option must be valid through the time period stated in the bid solicitation for which responses bids may not be withdrawn after the bid opening.

(5) Evaluation.

(a) The user agency, in conjunction with its designated representative, shall reserve the right to accept or reject any or all responses bids submitted and if necessary reinstate procedures for soliciting competitive responses proposals. The user agency, in conjunction with its designated representative, shall reserve the right to negotiate, serially, concurrently, or separately with competing lessors.

(b) The user agency, or its designated representative, in conjunction with preparing specifications, shall develop weighted evaluation criteria. The criteria items most significant to the user agency's needs should bear the highest weight. Rental, using total present value methodology for basic term of lease and applying the present value discount rate pursuant to Rule 60H-1.029, Florida Administrative Code; the cost of relocation, if any; consolidation of activities, if desirable; and any other factor deemed necessary should be considered weighted.

(c) The evaluation shall be made by the user agency in conjunction with its designated representative.

(d) Selection (deemed to be the lowest and best bid) shall be made by the user agency, and its designated representative.

(e) Documentation to support the selection shall be maintained by the user agency, or its designated representative and shall include but not be limited to the following:

1. A copy of all advertisements and solicitations.
2. A copy of the proposed specifications.
3. A copy of all proposals received.

4. A synopsis of the user agency's findings for each response proposal.

(f) Selection shall be publicly announced by the user agency, in conjunction with its designated representative at the time and manner place designated in the solicitation at the bid opening. A copy of such announcement shall be filed with the Bureau.

(6) Lease preparation and approval.

(a) After the selection has been announced, a lease shall be properly executed by the lessor successful bidder and the user agency and submitted to the Bureau for approval.

(b) Documentation to be submitted for lease approval shall include:

1. A copy of the competitive solicitation request for proposal and a copy of the response proposal made by successful lessor bidder.

2. A synopsis of the user agency's, or its designated representative's findings for all responses proposals received. On any item to which a bidder is not responsive, a brief explanation of the nonresponsive areas to the request for proposal must be displayed.

3. Present value calculations for all responses responsive bids.

60H-1.017 Turnkey (Lease) Construction Program.

(1) Purpose. The purpose of this program is to provide the means of meeting State space requirements, in a competitive area, where it has been determined that existing space, either State or privately owned, is not available.

(1)(2) Concept. The turnkey system is a concept whereby the builder is usually a commercial developer and the procedure should provide for design of the building by the developer's architect on the basis of performance specifications, concurrent design review, use of a developer-owned site and private financing.

The turnkey system may include several features which can be expected to motivate effective performance. Under this system, the entire design and construction effort is usually carried out by a developer. A major motivation is the requirement that he finance the project until the building is accepted. This provides an incentive to expedite construction in order to minimize the cost of financing. A further motivation is the fact that the State will not accept the building if it does not meet the requirements of the performance specifications. It is recommended that the turnkey (lease) construction system be used whenever and wherever State User Agency need arises and a determination has been made that existing space is not available. To implement use of this system, the Department of Management Services requires the User Agency or its designated representative to set forth its program construction requirements in a competitive solicitation formal Request for Proposals, which will then be used by the User Agency or its

designated representative in the solicitation of responses proposals from Developers. A public solicitation of responses proposals from Developers will be made by the User Agency or its designated representative. This solicitation (~~not an "invitation for bids"~~) will be widely publicized using newspapers, trade papers, or a commonly recognized internet website, and personal contact with leading Developers in the project city or area. In carrying out the public solicitation, all parties should be clearly informed that the User Agency, the Department of Management Services, or its designated representative, may conduct extensive negotiations with each Developer submitting a response proposal within a competitive range, prior to the selection of Approved Developer.

(2)(3) Criteria. The State User Agency or its designated representative will perform the program in accordance with the Department of Management Services' guidelines, as presented herein.

User Agency Responsibilities:

(a)1. Agency shall determine and then establish the functional and staff need for a given facility;
 2. Agency shall certify that it has filed a Request for Prior Approval of Space Need pursuant to Rule 60H-1.022, Florida Administrative Code, and either

a. The Division has approved the request or has not responded to the agency's request within 10 working days of receipt of the request or

b. If state owned space is available in the same geographic region the agency has enunciated reasons such space does not satisfy the need.

~~3. Agency shall certify that existing privately owned or other publicly owned space is not available to satisfy the need; and~~

~~3.4. Agency notifies the Department of Management Services, in a letter of transmittal, of their intent to seek lease-build proposal(s), based on subparagraphs 1. and 2. 3- above.~~

(b) Agency prepares performance specifications, optimum site and building requirements, unique planning information, Standard Lease Agreement form, and the intended User's program to be submitted (distributed) to all Developers ~~at a "bidders" conference~~.

(c) Agency advertises, ~~advising of the bidders' conference and setting forth pertinent means by which particulars (where, when, time, attendees, etc.)~~ Developers may obtain building specifications; ~~any advertisement is to run a minimum of two (2) times with a minimum one (1) week interval between any individual and or continuous run.~~ (The following two (2) paragraphs exemplify a suggested advertisement.) Responses Proposals are requested from responsible Developers interested in developing a site and building, containing ___ net usable square feet, for the purpose of leasing the building and its site to the State of Florida, the site of the building which is to be located in the ___ (Delineated Area), ___ (City), ___

(State). All program requirements and instructions shall be furnished to all interested Developers ~~at a bidders' conference to be held at ___ (Time), on ___ at ___ (Location or Street Address), ___ (City), ___ (State) between the ___ (Department) and the interested Developers.~~ The building is to be used as: ___ (User Agency/Function).

(d) Agency will advise Developers ~~at the bidders' conference~~ that responses proposals submitted should be based on private financing and that no State payments for use of space being developed will be made to the Developer prior to final acceptance and approval of the completed building and its site, in accordance with the terms and conditions set forth in the Department of Management Services' Standard Lease Agreement form.

(e) Agency will advise ~~at bidders' conference~~ that if a Developer is interested in developing a structure for the purpose indicated and in leasing the building and its site to the State of Florida, the Developer should submit his best response proposal or responses by proposals at ___ (Time), ___ (Date), to the ___ (Department), ___ (Location or Street Address), ___ (City), ___ (State).

(f) ~~The After the bidders' conference, the~~ User Agency will set the response period ~~allow from two (2) to three (3) weeks for the proposals~~ depending upon the complexity of the needed facility. The Developer's requirements as requested by the User Agency and the Department of Management Services:

1. Agreement to enter into a lease-build contract on the Department of Management Services' Standard Lease Agreement form setting forth the terms and conditions therein.

2. Intent to furnish 100% Performance Bond if response proposal is accepted.

3.a. Complete and satisfactory evidence of ownership;

b. Local tax assessor's appraisal of the site;

c. A site survey; and

d. The Developer's estimated valuation cost of construction \$___ per square foot, for ___ gross square feet, and provide a statement of rental rate per square foot, including necessary maintenance and operations costs.

4. Completion date (the date that the building will be offered to the State for acceptance), contingent upon Developer's Authorization to Proceed.

5. Developers shall indicate the period of time that a response proposal will remain open; such period shall be a minimum of 60 days.

6. Site improvement information shall include but not be limited to the following:

a. Grading outside buildings;

b. Sanitary and storm sewers;

c. Landscaping;

d. Paving and retaining walls;

e. Water;

f. Gas and electric distribution systems; and

g. Extraordinary excavation and/or foundations.

7. Building information which will enable the Division of Facilities Management to review both the functional and aesthetic aspects of the building including:

a. Floor plans showing proposed utility core, office space, public space, corridors and parking areas (scale 1" equals 8').

b. Elevations and cross sections of buildings indicating exterior material and colors (scale 1" equals 8').

8. A ~~response proposal~~ submitted by a Developer shall be signed by the Developer or his duly authorized representative. Corporate, trade, or partnership titles may be stamped, written or type-written, but the actual signature of the authorized representative must appear on the ~~response proposal~~. If the ~~response proposal~~ is signed by an agent, evidence of authority of the agent to sign must accompany the ~~response proposal~~. Evaluation of ~~responses proposals~~ will be made by the User Agency in conjunction with its designated representative on the basis of price, design, characteristics of construction, completion date, location (including environment or characteristics of surrounding neighborhood), public transportation availability, availability of parking facilities, and availability of satisfactory dining facilities, and conformance to the User Agency program, performance specifications, and floor layout plan, and any other subjective criteria. The User Agency or its designated representative then presents the entire "project review package" to the Division of Facilities Management. The project review package shall contain:

a. A letter of transmittal setting forth:

(i) The fact that "this is a lease-build ~~response proposal~~," and

(ii) Functional and staff justification as to the facility's necessity.

b. Proof of Advertisement; ~~said advertisement to set forth the particulars of the pre-proposal conference (where, when, time, attendees, etc.)~~.

c. A list of the responses to the advertisements.

d. Set of the User Agency's program, any unique planning information, performance specifications (building and site). Site description and/or delineated area, floor layout plan, and property appraisal.

~~9.e.~~ All ~~responses proposals~~ submitted to the User Agency must be in accordance to guidelines developed.

~~10.f.~~ User Agency's recommendation with justification. The Division of Facilities Management will review the project. If it concurs with the User Agency's recommendation, it will give approval and return to the User Agency for execution. The User Agency and the Department of Management Services must be in joint agreement on the ~~response proposal~~ before approval is granted. A physical inspection of completed buildings and sites will be made by the various User Agencies who will, in turn, supply the Division of Facilities Management with a Certificate of Acceptance, and a certificate citing the date of occupancy.

60H-1.022 Prior Approval of Space Need.

The Division shall not authorize any agency to enter into a lease agreement in a privately owned building when suitable space is available in a state owned or other publicly owned building located in the same geographic region, unless the agency files with the Bureau a statement explaining why the public space does not fit the needs of the agency. If the Division director approves the request, or does not respond to the agency's request within 10 working days of receipt of the request, the agency may then proceed to:

(1) through (2) No change.

(3) Issue competitive solicitations ~~Solicit competitive bids~~ in accordance with Chapter 255, Florida Statutes, and this chapter, in a privately owned building. The term "state owned or other publicly owned building" as used in this section means any state owned or other publicly owned facility regardless of use or control.

(4) No change.

60H-1.029 Evaluation of Responses ~~Calculation of Lowest Bid Proposals~~.

(1) All ~~responses bid proposals~~ submitted to an agency pursuant to Rules 60H-1.015 and 60H-1.017, Florida Administrative Code, shall be evaluated using present value methodology. For calculation purposes, the present value index discount rates shall be the rates identified in the Interest Rates: Money and Capital Markets Section published in the Federal Reserve Bulletin by the Board of Governors, Federal Reserve System for the last published month at the time of issuance of the request for proposals.

(2) The present value of proposed lease costs shall be calculated for each ~~response bid proposal~~ on an annual basis. If an agency determines that it is in the best interest of the state for the lease to contain an option, this calculation shall include annual costs for each year of the basic lease but shall not include any year of the option period.

(3) All agencies shall reserve the right to reject any and all ~~responses bid proposals~~ for reasons which shall include but not be limited to the following:

- (a) The agency's budgetary constraints, and
- (b) The best interests of the state.

60H-1.030 Rental Rate Guidelines for Privately Owned Space.

(1) The maximum rental rates are established each June by the Bureau for space in privately owned and in publicly owned buildings according to the local market rates zone and to the category of services furnished. These rates are provided to each Agency immediately upon development and are available to other interested parties upon request.

(2) If the rental rate for any proposed lease of 5,000 square feet or greater or any proposed lease of less than 5,000 square feet is more than 10% above the maximum local market rental rate ~~for the zone~~ and category of services furnished, then that lease shall be presented by the user agency for approval by the Department of Management Services.

60H-2.001 Definitions.

For the purpose of this chapter, each of these words shall have the following meanings:

(1) through (7) No change.

(8) State-owned building – any state-owned office building as defined in Capitol Center, excepting the Supreme Court, and Legislative buildings, any building constructed from agricultural trust funds, and any other buildings exempt under Section 255.248, Florida Statutes, and any other building outside the Capitol Center under the jurisdiction of the Department of Management Services.

(9) No change.

Specific Authority 255.249, 255.503(11) FS. Law Implemented 272.04, 288.18(2), 255.249(1),(2), 255.503 FS. History—New 8-11-75, Amended 4-25-79, Formerly 13D-8.01, Amended 3-18-86, Formerly 13M-2.001, Amended _____.

60H-2.002 Space Allocation.

(1) General. The Department shall be the agency responsible for administering office space allocation in all state-owned buildings and private sector space.

(2) Specific. The Division shall act as the centralized point of contact with specific responsibility to allocate and re-allocate office space in all state-owned buildings, and private sector space.

(3) Request. Requests for office space allocation or re-allocation should be directed to:

Department of Management Services
 Division of Facilities Management
 Bureau of Property Management
 4030 Esplanade Way, Suite 380 105 Ashley Building
 Tallahassee, Florida 32399-0950

60H-2.0021 Space Allocation and Configuration Standards.

The Department of Management Services' Space Allocation and Configuration Standards shall be used by agencies for all office space and in preparing Space Allocation Plans.

(1) Purpose. The purpose of these Standards is to:

(a) Provide a safe, comfortable, and productive environment for all employees and visitors.

(b) Ensure efficient use of building HVAC, electrical, and mechanical systems.

(c) Ensure that new furniture and equipment does not exceed the building's HVAC and electrical capacity.

(2) Scope. The scope of these Standards applies to State-owned buildings and private sector space as defined in Rule 60H-2.001, Florida Administrative Code.

(3) General Guidelines.

(a) All rules governing the Americans with Disabilities Act (ADA), safety, and security, will be followed when designing new space or reconfiguring existing office areas.

(b) To improve space utilization and maintain required circulation, consideration should be given to purchasing lateral files and creating central file areas or rooms.

(c) The use of demountable walls for constructed offices and conference rooms are encouraged for greater flexibility.

(d) Shared workstations layouts and the creation of neighborhoods are encouraged for employees with similar job functions.

(4) Space Allocation and Configuration Standards.

(a) To the extent possible without sacrificing critical public or client services, agencies are directed to obtain an average allocation of space, not to exceed, 180 usable square feet per full-time employee.

(b) Exceptions to the space allocation standard shall include:

1. Public use space, which shall consist of reception areas, service counters, and interview rooms.

2. Special use space, which shall consist of drug laboratories, mail rooms, large conference areas, large file rooms, training facilities, large copy rooms, records storage, supply/warehouse space, LAN rooms, and cafeterias.

(c) Space allocation and configuration standards shall be documented for each state owned office building and privately owned office building on the Department of Management Services' Space Allocation Worksheet (Form 4100, effective January, 2004, incorporated by reference in this rule).

Specific Authority 255.249(4)(d), 255.503(11), 272.04 FS. Law Implemented 255.249(1),(4)(d), 255.503(2) FS. History—New _____.

60H-2.0022 Agency Space Allocation Plans.

(1) Each agency shall annually submit by November 1 to the Department of Management Services, Division of Facilities Management a Space Allocation Plan. The Agency Space Allocation Plan shall be in accordance with the Space Allocation and Configuration Standards provided in Rule 60H-2.0021, Florida Administrative Code. The Agency Space Allocation Plan submitted by the agencies shall follow a template provided by the Department of Management Services, Division of Facilities Management.

(2) Agency Space Allocation Plans shall provide the Department of Management Services with each agency's strategy for allocating space in both state owned and privately owned buildings occupied by that agency based on the Space Allocation and Configuration Standards provided in Rule 60H-2.0021, Florida Administrative Code.

(3) Agency Space Allocation Plans shall include:

(a) Agency point of contact;

(b) Inventory of space, including exempted space;

(c) Reconfiguration or relocation strategy;

(d) Reconfiguration or relocation timeline.

Specific Authority 255.249(4)(d), 255.503(11), 272.04 FS. Law Implemented 255.249(1),(4)(d), 255.503(2) FS. History—New _____.

60H-2.003 Space Measurement.

The Department's Standard Method of Space Measurement shall be used by agencies in measuring building space, state-owned or private sector leased.

(1) No change.

(2) Method. The standard method of measuring office floor area shall be "usable square feet" and in accordance with the Standard Method for Measuring Floor Area in Office Buildings, BOMA/ANSI Z65.1-1996. This Standard measures only occupiable space that actually has usable value and is computed by measuring from the inside finish of permanent outer building walls to the finish on the office side of enclosed corridors and/or other permanent partitions, and to the center of partitions that separate the premises from adjoining usable areas. This usable area shall EXCLUDE: bathrooms, stairs, public corridors, elevator shafts, flues, furnaces, pipe shafts, vertical ducts, air conditioning rooms, fan rooms, janitor closets, electrical closets, and such other equipment and building support rooms not actually available to the tenant for his furnishings and personnel and their enclosing walls. No deductions shall be made for columns and inward projections necessary to the building.

(1) Up to three (3) hours per biennium of continuing education credit may be fulfilled by the performance of pro bono services to the indigent or to underserved populations or in areas of critical need within the state pursuant to Section 456.013(8), F.S. The standard for determining indigence shall be that recognized by the Federal Poverty Income Guidelines produced by the United States Department of Health and Human Services.

(2) In order to receive credit under this rule, licensees must notify the department and receive approval in advance of providing the services. Credit shall be given on an hour per hour basis. In the formal request to the department, licensees shall disclose the following:

- (a) The type, nature and extent of services to be rendered;
- (b) The location where the services will be rendered;
- (c) The number of patients expected to be served; and
- (d) A statement indicating that the patients to be served are indigent.

If licensees intend to provide services in under served or critical need areas, the request for approval shall provide a brief explanation as to those facts.

THE FULL TEXT OF THE PROPOSED RULES IS:

- 64E-6.001 General.
- (1) through (3) No change.
- (4) Except as provided for in Section 381.00655, F.S., any existing and prior approved system which has been placed into use and which remains in satisfactory operating condition shall remain valid for use under the terms of the rule and permit under which it was approved. Alterations that change the conditions under which the system was permitted and

approved, sewage characteristics or increase sewage flow will require that the owner, or their authorized representative, apply for and receive reapproval of the system by the DOH county health department, prior to any alteration of the structure, or system. If an applicant requests that the department consider the previous structure's or establishment's most recent approved occupancy, the applicant must provide written documentation that the onsite sewage treatment and disposal system was approved by the department for that previous occupancy. An applicant will be required to complete Form DH 4015, 10/97, Application for Onsite Sewage Treatment and Disposal System Construction Permit, herein incorporated by reference, and provide a site plan in accordance with paragraph 64E-6.004(3)(a), F.A.C., to provide information of the site conditions under which the system is currently in use and conditions under which it will be used. The applicant shall have all system tanks, pumped by a permitted septage disposal service to determine tank volume based on the actual measurements of the tank. The service pumping the tank shall perform a visual inspection of the tank when the tank is empty to detect any observable defects or leaks in the tank, and shall submit the results to the DOH county health department as part of the application. If a prior approved existing system has been approved by the DOH county health department within the preceding three years, and the system was determined to be in satisfactory operating condition at that time, a new inspection is not required unless there is a record of failure of the system. If it is determined that a new inspection is not required, only the application fee shall be charged for this application and approval there will be no charge for this application, but reapproval shall be required. A commercial system out of service for more than one year shall be brought into full compliance with current requirements of this Chapter prior to the system being placed into service. If the use of a building is changed or if additions or alterations to a building are made which will increase domestic sewage flow, change sewage characteristics, or compromise the integrity or function of the system, the onsite sewage treatment and disposal system serving such building shall be brought into full compliance with the provisions and requirements of these rules. Proper well setbacks shall be maintained. Prior to any modification of the system, the owner shall apply for and obtain a permit for modification of the system from the county health department in accordance with Rule 64E-6.004, F.A.C. The permit shall be valid for 18 months from the date of issue. Where building construction has commenced, it shall be valid for an additional 90 days. Necessary site investigations and tests shall be performed at the expense of the owner by either an engineer with soils training who is registered in the state of Florida pursuant to Chapter 471, F.S., registered septic tank contractors, master septic tank contractors, or persons certified under Section 381.0101, F.S., or department personnel for the appropriate fee specified in Section 381.0066, F.S.

64E-6.003 Permits.

(1) System Construction Permit – No portion of an onsite sewage treatment and disposal system shall be installed, repaired, altered, modified, abandoned or replaced until an “Onsite Sewage Treatment and Disposal System Construction Permit” has been issued on Form DH 4016. If building construction has commenced, the system construction permit shall be valid for an additional 90 days beyond the eighteen month expiration date. A fee shall not be charged for a repair permit issued within 12 months from the date of final authorization of the onsite sewage treatment and disposal system. If a construction or repair permit for an onsite sewage treatment and disposal system is transferred to another person the date of the construction or repair permit shall not be amended, but shall run from the date of original issuance prior to the transfer. Servicing or replacing with like kind mechanical or electrical parts of an approved onsite sewage treatment and disposal system; pumping of septage from a system; or making minor structural corrections to a tank, or distribution box, does not constitute a repair. ~~The installation of a laundry system, a gray water system, a grease interceptor, or additional drainfield, as a precautionary measure to prolong system functioning, is considered a repair provided that system modification is not associated with an increase in estimated sewage flow or change in sewage characteristics, in which case it will be considered a new system.~~

64E-6.005 Location and Installation.

All systems shall be located and installed so that with proper maintenance the systems function in a sanitary manner, do not create sanitary nuisances or health hazards and do not endanger the safety of any domestic water supply, groundwater or surface water. Sewage waste and effluent from onsite sewage treatment and disposal systems shall not be discharged onto the ground surface or directly or indirectly discharged into ditches, drainage structures, groundwaters, surface waters, or aquifers. To prevent such discharge or health hazards:

(1) Systems and septage stabilization facilities established after the effective date of the rule shall be placed no closer than the minimum distances indicated for the following:

(a) Seventy-five feet from a private potable well as defined in paragraph 64E-6.002(44)(a), F.A.C., ~~or~~ a multi-family water well as defined in paragraph 64E-6.002(44)(c), F.A.C., or a cistern collecting groundwater as a potable water supply.

(b) through (c) No change.

(d) Fifty feet from a non-potable water well as defined in subsection 64E-6.002(39), F.A.C., or a cistern collecting groundwater for irrigation.

(e) through (f) No change.

(2) Systems shall not be located under buildings or within 5 feet of building foundations, including pilings for elevated structures, or within 5 feet of mobile home walls, swimming pool walls, or within 5 feet of property lines except where property lines abut utility easements which do not contain underground utilities, or where recorded easements are specifically provided for the installation of systems for service to more than one lot or property owner.

(a) No change.

(b) Systems shall not be located within 10 feet of sealed water storage tanks or potable water lines unless such lines are sealed with a water proof sealant within a sleeve of similar material pipe to a distance of at least 10 feet from the nearest portion of the system drainfield. In no case shall the sleeved water line be located within 24 inches of the onsite sewage treatment and disposal system. Potable water lines within 5 feet of the drainfield ~~The sleeved water line~~ shall not be located at an elevation lower than the drainfield absorption surface. Non-potable water lines shall not be located within 24 inches of the system without backflow preventers or check valves being installed on the water line so as to preclude contamination of the water system.

(c) No change.

(3) through (6) No change.

(7) Onsite sewage treatment and disposal systems shall be installed where a sewerage system is not available and when conditions in Sections 381.0065(4)(a)-(g), F.S., are met. Onsite graywater tank and drainfield systems may, at the homeowners' discretion, be utilized provided blackwater is disposed into a sanitary sewerage system when such sewerage system is available. Graywater systems may, at the homeowners' discretion, be utilized in conjunction with an onsite blackwater system where a sewerage system is not available for blackwater disposal.

(a) through (b) No change.

(c) Maximum daily sewage flow allowances specified in Sections 381.0065(4)(a),(b), and (g), F.S., shall be calculated on an individual lot by lot basis. The acreage or fraction of an acre of each lot or parcel of land shall be determined and this value shall be multiplied by 2500 gallons per acre per day if a public drinking water well serving a public system as defined

in subparagraph 64E-6.002(44)(b)1., 2., or 3., F.A.C., is utilized, or be multiplied by 1500 gallons per acre per day if a public drinking water well serving a public water system as defined in subparagraph 64E-6.002(44)(b)4., F.A.C., or a private potable well or cistern is utilized. Contiguous unpaved and non-compacted road rights-of-way, and easements with no subsurface obstructions that would affect the operation of drainfield systems, shall be included in total lot size calculations. Where an unobstructed easement is contiguous to two or more lots, each lot shall receive its pro rata share of the area contained in the easement. Surface water bodies shall not be included in total lot size calculations. subsection 64E-6.008(1), F.A.C., Table I, shall be used for determining estimated average daily sewage flows.

(d) through (e) No change.

(8) Notwithstanding the requirements of this section, where an effluent transmission line consists of schedule 40 PVC or consists of schedule 20 PVC enclosed in a sleeve of schedule 40 PVC, the transmission line shall be set back from private potable wells, irrigation wells or surface water bodies by the maximum distance attainable but not less than 25 feet when installed. Schedule 40 PVC effluent transmission lines shall be set back from potable water lines by no less than 5 feet unless all portions of the bottom of the potable water line within 5 feet of the effluent transmission line are a minimum of 12 inches above the top of the effluent transmission line.

(9) No change.

64E-6.010 Septage and Food Establishment Sludge Grease, Holding Tanks and Portable Toilets.

(1) No change.

(2) Application for a service permit shall be made to the DOH county health department on Form DH 4012, 01/92, "Application for Septage Disposal Service Permit, Temporary System Service Permit, Septage Treatment and Disposal Facility, Septic Tank Manufacturing Approval" herein incorporated by reference, which may be obtained by contacting the department. The following must be provided for the evaluation prior to issuance of a service permit:

(a) Evidence that the applicant possesses adequate equipment such as a tank truck with a liquid capacity of at least 1500 gallons, ~~except portable toilet servicing vehicles~~, pumps, off truck stabilization tanks and pH testing equipment where lime stabilization and land application are proposed, as well as other appurtenances and tools necessary to perform the work intended. Equipment may be placed into service only after it has been inspected and approved by the DOH county health

department. Tanks used for the stabilization and storage of septage and food service sludges shall be constructed, sized, and operated in accordance with the following provisions:

- 1. through 3. No change.
- (b) through (c) No change.
- (3) No change.

(4) After septage or food establishment sludge is removed from an onsite sewage treatment and disposal system, the original lid of the tank shall be put back in place, or be replaced with a new lid if the original lid is broken. The tank lid shall be completely sealed and secured as per paragraph 64E-6.013(2)(i)(4), F.A.C., and the ground backfilled and compacted so that the site is left in a nuisance free condition.

- (a) through (b) No change.
- (5) through (6) No change.

(7) The food establishment sludge and contents from onsite waste disposal systems shall be disposed of at a site approved by the DOH county health department and by an approved disposal method. Untreated domestic septage or food establishment sludges shall not be applied to the land. Criteria for approved stabilization methods and the subsequent land application of domestic septage or other domestic onsite wastewater sludges shall be in accordance with the following criteria for land application and disposal of domestic septage.

(a) Land application of domestic septage and sludges shall be permitted provided such septage and sludges have been properly treated by an approved septage-stabilization process, including lime stabilization, and an application using Form DH 4012 has been completed as part of the permitting process. Prior to discharge of septage or food establishment sludge into a stabilization tank, the septage or sludge shall be screened in a pretreatment tank or chamber which contains a final screening method using bar screens having a maximum gap of 1/2 inch or rock screens or other similar mesh material having a maximum 3/4 inch opening. Material retained in the screening process shall be limed, containerized, and disposed of at an approved solid waste disposal facility. Septage or sludge shall pass from the pretreatment tank or chamber to the stabilization tank. Lime stabilization of septage shall be in accordance with processes and designs described in Chapter 6, EPA 625/1-79-011, Process Design Manual for Sludge Treatment and Disposal, hereby incorporated by reference. Facilities approved for septage treatment under this rule shall not receive and treat more than 20,000 gallons of septage or combined septage, grease interceptor, portable restroom toilet or other receptacle waste associated with an onsite sewage treatment and disposal system on any one day and shall not exceed a monthly average of 10,000 gallons of septage or septage and combined domestic waste per day. Stabilization by lime shall raise the pH of the septage to a level of 12 for a minimum of two hours or to a level of at least 12.5 for a minimum of 30 minutes to be deemed sufficient. The pH of the stabilized septage shall be maintained at a level of at least 11 until actual

land application, but shall not be landspread until the pH of the stabilized septage has fallen below 12.5. To check the pH of the stabilized septage, a sampling port having an internal diameter of no less than 1/2 inch and no more than 3/4 inch and located no more than 60 inches above the ground surface shall be used to allow sampling of waste tank contents. Lime purchase receipts shall be kept at the place of business for a minimum of 6 months.

- 1. through 2. No change.
- (b) through (d) No change.

(e) All septage and food establishment sludge ~~septage-related~~ haulers regulated by Chapter 64E-6, F.A.C., are to maintain a collection and hauling log at the treatment site or at the main business location which provides the information listed in ~~1. through 8.~~ below. ~~Septage-related haulers who haul only portable toilet or holding tank waste shall maintain a daily log which includes subparagraphs 1., 4., 6., 7. and 8., below.~~ Records shall be retained for five (5) years.

- 1. through 8. No change.
- (f) through (v) No change.
- (8) through (9) No change.

~~(10) Portable Toilets, Sinks and Holding Tanks.~~

~~(a) The department shall approve, on a temporary basis, portable toilets, or holding tanks for fairs, carnivals, revivals, field locations, encampments and other locations which lack permanent structures where people congregate for short periods of time, provided the construction, maintenance, and utilization of such systems conform to the general provisions of this Chapter. Portable toilets, holding tanks or other toilet facilities shall be provided at construction sites for the duration of construction any time workers are present, and shall not be bound by the definition of temporary. The department shall waive or reduce any of the setback requirements of subsections 64E-6.005(1)-(3), F.A.C., where it is determined no health hazard will result. For purposes of this rule, a holding tank is any sealed, water tight fixture for receiving and storing domestic wastewater from plumbing fixtures in remote locations or at construction sites or special events. For purposes of this rule, a portable toilet is a transportable, self contained static or flush-type toilet constructed to promote a sanitary environment at remote locations, construction sites or special events, comprised of at least a waste storage receptacle, a riser and toilet seat and a protective enclosure. Portable toilets at construction sites or at a location for a temporary period of time do not require a permit from the department, but must comply with the provisions of this rule.~~

~~(b) The department shall permit and approve, for permanent use or placement, portable toilets or holding tanks at continually used locations where toilet facilities are desirable for the promotion of public health and where conventional facilities are neither available nor practical. Examples of such locations would be boat ramps, golf courses, or other places where people congregate which meet the above~~

criteria. The portable toilet service company providing portable toilets shall be responsible for maintenance of the unit and removal if conventional facilities are made available.

~~(c) Portable toilets shall be self-contained, have self-closing doors and shall be designed and maintained so that insects are excluded from the waste container.~~

~~(d) Portable toilet service company operators shall use Table PT I to determine the required number of facilities for special events for use in situations where no local or state codes provide a minimum number of toilet facilities. Table PT I assumes that the portable toilets are serviced only once per day. If the toilets are serviced twice per day, the value from the table shall be divided by two. If they are pumped three or more times per day, the value shall be divided by three. All resulting fractional numbers of toilets required shall be rounded up to the next higher whole number of toilets. If permanent toilet facilities are available for use by the attendees, the number of portable toilets may be reduced based on the number of attendees the permanent facilities are designed to accommodate. At least one working day prior to the special event, special event organizers shall provide to the county health department a signed contract, or facsimile copy thereof, with the portable toilet service company specifying the dates~~

~~the facilities will be on the event site, the number of toilet facilities to be provided, the servicing frequency and the removal date for the units.~~

~~(e) Table PT II shall be used to determine the number of required facilities at remote locations.~~

~~(f) Waste receptacles shall be watertight and made of non-absorbent, acid-resistant, corrosion-resistant and easily cleanable material.~~

~~(g) The floors and interior walls shall have a non-absorbent finish and be easily cleanable.~~

~~(h) The inside of the structure housing the storage compartment shall be cleaned and disinfected on each service visit.~~

~~(i) Each portable toilet shall have listed in a conspicuous place the name and telephone number of the servicing company.~~

~~(j) Portable toilets shall be maintained in a sanitary condition. Portable toilets at special events shall be serviced at least daily.~~

(l) Portable hand washing facilities shall be provided in a proportion of one hand wash facility to every ten portable toilets required, and shall be provided at special events and remote locations where food is served or picnic areas are provided. With the exception of locations where food is served, hand sanitizers may be used in lieu of hand washing facilities, at the option of the applicant.

(m) The number and location of portable toilet and hand washing facilities for food handlers at special events shall be based on this section or applicable local or state food hygiene requirements, whichever is greater.

(n) An applicant for a holding tank installation permit shall provide to the county health department a copy of a contract with a permitted disposal company which states the holding tank capacity and the scheduled tank pumping frequency.

(o) Holding tanks shall be serviced at least weekly to prevent insanitary conditions.

(p) Table PT-III shall be used to determine the required total capacity of holding tanks serving a remote location or special event. The values from Table PT-III shall be adjusted proportionately to the number of times per week the holding tank will be emptied.

(q) Persons servicing portable toilets, portable hand washing facilities and holding tanks shall obtain an annual permit on Form DH 4013, 01/92, Operating Permit, herein incorporated by reference, from the county health department in the county in which the service company has an office or storage yard. Permits issued under this section authorize the disposal service to handle liquid waste associated with portable toilets, portable hand washing facilities and holding tanks containing domestic wastewater produced in the State of Florida.

(r) Application for a service permit shall be made to the county health department on Form DH 4012, 01/92, "Application for Septage Disposal Service Permit, Temporary System Service Permit, Septage Treatment and Disposal Facility, Septic Tank Manufacturing Approval" herein incorporated by reference, which may be obtained by contacting the department. The following must be provided for the evaluation prior to issuance of a service permit:

1. The permanent location and address of the business where operations will originate and where equipment is to be stored when it is not in use.

2. The proposed disposal method and the site to be used for disposing of the waste.

(s) The following equipment, maintenance and service requirements shall be complied with:

1. Vehicles used for servicing portable toilets, privies and holding tanks shall be provided with a dual compartment tank. One tank shall be used for receiving and removing wastes and shall be equipped with a suction hose having a cut-off valve not more than 36 inches from the intake end. The second tank shall be used for clean water storage and shall have adequate capacity to allow proper cleaning of each serviced unit.

2. Standby portable toilet service equipment shall be available for use during breakdowns or emergencies. If equipment from another approved service is to be used for stand by purposes, a written agreement between the services must be provided to the county health department.

3. The waste storage compartment of a tank truck shall be maintained as necessary to prevent the creation of sanitary nuisance conditions.

(t) When a permit is issued, the number of said permit along with the name of the company, its phone number, and the gallon capacity of the truck shall be prominently and permanently displayed on the service truck in contrasting colors with 3 inch or larger letters. Use of removable magnetic signs shall not be considered permanent display of vehicle identification information.

(u) A servicing permit shall be suspended, revoked, or denied by the department in accordance with Chapter 120, F.S., for failure to comply with the requirements of this chapter.

(v) Holding tank, portable toilet, and portable hand sink wastes shall be disposed of into a septage treatment and disposal facility approved by the department or into a treatment facility approved or permitted for such disposal by the Department of Environmental Protection. These wastes shall be land applied under provisions of subsection 64E-6.010(7), F.A.C., provided an approved DEP treatment facility is not available. Companies which service holding tanks or portable toilets which use quaternary ammonium sanitizing and deodorizing compounds are prohibited from having the wastes treated or disposed of at lime stabilization facilities.

(w) When disposed of in a department approved lime stabilization facility, the portable toilet, portable hand washing and holding tank wastes shall be blended with domestic septage at a rate of no less than 3 parts septage to 1 part holding tank, portable toilet or portable hand washing facility waste prior to lime stabilization. Treatment and disposal shall comply with the provisions of paragraphs 64E-6.010(7)(a)-(u), F.A.C.

(x) Contents of portable toilets and holding tanks shall be removed in their entirety when pumped.

(10)(H) All materials incorporated herein may be obtained by contacting the department.

64E-6.0101 Portable Restrooms and Holding Tanks.

(1) No portable restroom or holding tank shall have its contents removed and disposed of until the service company has obtained an annual written permit (form DH 4013, 1/92, Operating Permit) from the DOH county health department in the county in which the service company holds a business office. The service company need not be permitted in neighboring counties in which the service company operates but does not have an office. Service persons shall carry proof of possession of a current annual operating permit and vehicle inspection for review by department personnel in neighboring counties. Permits issued under this section authorize the disposal service to handle liquid waste associated with portable restrooms and holding tanks.

(2) Application for a service permit shall be made to the DOH county health department on Form DH 4012, 01/92, "Application for Septage Disposal Service Permit, Temporary System Service Permit, Septage Treatment and Disposal Facility, Septic Tank Manufacturing Approval" herein incorporated by reference, which may be obtained by contacting the department. The following must be provided for the evaluation prior to issuance of a service permit:

(a) Evidence that the applicant possesses adequate equipment such as a tank truck, pumps, off truck stabilization tanks and pH testing equipment where lime stabilization and land application are proposed, as well as other appurtenances and tools necessary to perform the work intended. Equipment may be placed into service only after it has been inspected and approved by the DOH county health department. Tanks used for the stabilization and storage of holding tank waste and portable restroom waste shall be constructed, sized, and operated in accordance with the provisions of subparagraphs 64E-6.010(2)(a)1.-3., F.A.C.

(b) The proposed disposal method and the site to be used for disposing of the waste from portable restrooms or holding tanks.

(c) The contractor registration number and certificate of authorization number, if applicable.

(3) When a permit is issued, the number of said permit along with the name of the company, its phone number, and the gallon capacity of the truck shall be prominently and permanently displayed on the service truck in contrasting colors with 3 inch or larger letters. Use of removable magnetic signs shall not be considered permanent display of vehicle identification information. An operating permit shall be suspended, revoked or denied by the department in accordance with Chapter 120, F.S., for failure to comply with requirements of this Chapter.

(4) After waste is removed from a holding tank, the original cap lid of the tank shall be put back in place, or be replaced with a new cap or lid if the original one is broken.

Tank lids shall be completely sealed and secured as per paragraph 64E-6.013(2)(i), F.A.C. The site shall be left in a nuisance-free condition.

(5) Waste from holding tanks or portable restrooms shall be transported to an approved treatment facility in such a manner as to preclude leakage, spillage or the creation of a sanitary nuisance.

(6) All portable restroom and holding tank waste haulers regulated by Chapter 64E-6, F.A.C. are to maintain a collection and hauling log at the main business location which provides the information listed below. Records shall be retained for five (5) years.

(a) Date of septage or waste collection

(b) Estimated volume, in gallons, of septage or waste transported

(c) Location of the approved treatment facility

(d) Date and time of discharge to the treatment facility

(e) Acknowledgement from treatment facility of receipt of septage or waste

(7) Portable Restrooms, Portable Holding Tanks, Stationary Holding Tanks, Mobile Restroom Trailers, Mobile Shower Trailers, and Portable Sinks

(a) The department shall allow, on a temporary basis, portable restrooms, mobile restrooms, mobile shower trailers, and portable or stationary holding tanks for fairs, carnivals, revivals, field locations, encampments and other locations which lack permanent structures where people congregate for short periods of time, provided the construction, maintenance, and utilization of such systems conform to the general provisions of this Chapter. Portable restrooms, portable or stationary holding tanks or other restroom facilities shall be provided at commercial and residential building sites for the duration of construction any time workers are present, and shall not be bound by the definition of temporary. All required restroom facilities shall remain accessible whenever the intended users are present. The department shall waive or reduce any of the setback requirements of subsections 64E-6.005(1)-(3), F.A.C., where it is determined no health hazard will result. Where setbacks are waived or reduced, portable or stationary holding tanks shall be placed within secondary containment structures with a containment capacity of no less than 110% of the total waste capacity of the holding tank. For purposes of this rule, a holding tank is any sealed, water tight fixture for receiving and storing domestic wastewater from plumbing fixtures in remote locations or at building sites or special events. For purposes of this rule, a portable restroom is a transportable, self contained static or flush-type toilet constructed to promote a sanitary environment at remote locations, building sites or special events, comprised of at least a waste storage receptacle, a riser and toilet seat and a protective enclosure. Portable restrooms, mobile restrooms, and mobile shower trailers at building sites or at a location for a temporary period of time do not require a permit from the

department but must comply with the provisions of this rule. A construction permit (DH 4016) shall be obtained before placing or installing any portable or stationary holding tanks

(b) The department shall approve, for permanent use or placement, portable restrooms or stationary holding tanks at continually used locations where restroom facilities are desirable for the promotion of public health and where conventional facilities are neither available nor practical. Examples of such locations would be boat ramps, remote areas of golf courses, office or sales trailers, or other places where people congregate which meet the above criteria. A construction permit (DH 4016) shall be obtained before placing or installing any portable restroom or holding tank for permanent use. The portable restroom service company providing portable restrooms or holding tanks shall be responsible for maintenance of the unit and removal if conventional facilities are made available.

(c) Portable restrooms shall be self-contained, have self closing doors and shall be designed and maintained so that insects are excluded from the waste container.

(d) Portable restroom service company operators shall use Table PR I to determine the required number of facilities for special events for use in situations where no local or state codes provide a minimum number of toilet facilities. Table PR I assumes that the portable restrooms are serviced only once per day. If the restrooms are serviced twice per day, the value from the table shall be divided by two. If they are pumped three or more times per day, the value shall be divided by three. All resulting fractional numbers of restrooms required shall be rounded up to the next higher whole number of restrooms. If permanent restroom facilities are available for use by the attendees, the number of portable restrooms may be reduced based on the number of attendees the permanent facilities are designed to accommodate. At least one working day prior to the special event, special event organizers shall provide to the county health department a signed contract, or facsimile copy

thereof, with the portable restroom service company specifying the dates the facilities will be on the event site, the number of restroom facilities to be provided, the servicing frequency and the removal date for the units.

(e) Table PR II shall be used to determine the number of required facilities at remote locations and commercial and residential building sites.

1. Table PR II assumes that the portable restrooms are serviced only once per week. If the restrooms are serviced twice per week, the value from the table shall be divided by two. If they are pumped three or more times per week, the value shall be divided by three. All resulting fractional numbers of restrooms required shall be rounded up to the next higher whole number of restrooms.

2. Where a contractor has multiple building sites, the individual sites shall be considered a single site for purpose of determining the number of facilities. Portable restrooms serving multiple individual building sites may be shared between sites provided they are no more than 300 feet from any individual building site served.

(f) Waste receptacles shall be watertight and made of non-absorbent, acid resistant, corrosion-resistant and easily cleanable material.

(g) The floors and interior walls shall have a non-absorbent finish and be easily cleanable.

(h) Portable restrooms shall be serviced at least weekly and the inside of the structure housing the storage compartment shall be cleaned on each service visit.

(i) Each portable restroom shall have listed in a conspicuous place the name and telephone number of the servicing company.

(j) Portable restrooms shall be maintained in a sanitary condition. Portable restrooms at special events shall be serviced at least daily.

(k) Portable hand washing facilities shall be self-contained and have access to a fresh water compartment and a wastewater compartment. A sign shall be posted near the hand washing apparatus to advise users that the water is not for drinking.

(l) Portable hand washing facilities shall be provided in a proportion of one hand wash facility to every ten portable restrooms required, and shall be provided at special events and remote locations where food is served or picnic areas are provided. With the exception of locations where food is served, hand sanitizers may be used in lieu of hand washing facilities, at the option of the applicant.

(m) The number and location of portable restroom and hand washing facilities for food handlers at special events shall be based on this section or applicable local or state food hygiene requirements, whichever is greater.

(n) An applicant for a holding tank installation permit shall provide to the county health department a copy of a contract with a permitted disposal company that states the holding tank capacity and the scheduled pumping frequency.

(o) All stationery holding tanks shall be constructed in compliance with the construction standards for treatment receptacles in Rule 64E-6.013, F.A.C.

(p) Portable holding tanks shall meet the following requirements:

1. The total effective capacity of the portable holding tank shall not exceed 300 gallons;

2. No portion of the portable holding tank shall be more than 12 inches below the surface of the ground;

3. The portable holding tank shall be used for a construction site or temporary use;

4. The portable holding tank shall be rigid, water-tight, impervious;

5. Polyethylene holding tanks shall meet the requirements of International Association of Plumbing and Mechanical Officials (IAPMO) PS 1-93, Paragraph 5.4 "Polyethylene", herein incorporated by reference. Where the requirements of IAPMO PS 1-93 Paragraph 5.4 "Polyethylene" conflict with the standards in this section, the standards in this section shall apply;

6. Multiple portable holding tanks, if used, shall be connected in such a manner that leakage from one tank will not result in the loss of any liquid from any other tanks, and;

7. The holding tank shall be removed from the site when no longer needed.

(p) Holding tanks shall be serviced at least weekly to prevent insanitary conditions.

(q) Table PR III shall be used to determine the required total capacity of holding tanks serving a remote location, construction site, or special event. The values from Table PR III shall be adjusted proportionately to the number of times per week the holding tank will be emptied.

(r) Persons servicing portable restrooms, portable hand washing facilities and holding tanks shall obtain an annual permit on Form DH 4013, 01/92, Operating Permit, herein incorporated by reference, from the county health department in the county in which the service company has an office or storage yard. Permits issued under this section authorize the disposal service to handle liquid waste associated with portable restrooms, portable hand washing facilities and holding tanks containing domestic wastewater produced in the State of Florida.

(s) Application for a service permit shall be made to the county health department on Form DH 4012, 01/92, "Application for Septage Disposal Service Permit, Temporary System Service Permit, Septage Treatment and Disposal Facility, Septic Tank Manufacturing Approval" herein incorporated by reference, which may be obtained by contacting the department. The following must be provided for the evaluation prior to issuance of a service permit:

1. The permanent location and address of the business where operations will originate and where equipment is to be stored when it is not in use.

2. The proposed disposal method and the site to be used for disposing of the waste.

(t) The following equipment, maintenance and service requirements shall be complied with:

1. Vehicles used for servicing portable restrooms shall be provided with two separate tanks or a dual compartment tank. One compartment or tank shall be used for receiving and removing wastes and the other shall be used for clean water storage and shall have adequate capacity to allow proper cleaning of each serviced unit. Vehicles servicing holding tanks shall be equipped with a tank for receiving and removing wastes. The waste tank on all vehicles servicing portable restrooms or holding tanks shall be equipped with a suction hose having a cut-off valve not more than 36 inches from the intake end.

2. Standby portable restroom and holding tank service equipment shall be available for use during breakdowns or emergencies. If equipment from another approved service is to be used for stand-by purposes, a written agreement between the services must be provided to the county health department.

3. The waste storage compartment of a tank truck shall be maintained as necessary to prevent the creation of sanitary nuisance conditions.

(t) Holding tank, portable restroom, and portable hand sink wastes shall be disposed of into a septage treatment and disposal facility approved by the department or into a treatment facility approved or permitted for such disposal by the Department of Environmental Protection. These wastes shall be land applied under provisions of subsection 64E-6.010(7), F.A.C., provided an approved DEP treatment facility is not available. Companies which service holding tanks or portable

restrooms which use quaternary ammonium sanitizing and deodorizing compounds are prohibited from having the wastes treated or disposed of at lime stabilization facilities.

(u) When disposed of in a department approved lime stabilization facility, the portable restroom, portable hand washing and holding tank wastes shall be blended with domestic septage at a rate of no less than 3 parts septage to 1 part holding tank, portable restroom or portable hand washing facility waste prior to lime stabilization. Treatment and disposal shall comply with the provisions of paragraphs 64E-6.010(7)(a)-(u), F.A.C.

(v) Contents of portable restrooms and holding tanks shall be removed in their entirety when pumped.

(w) Persons who own portable restrooms but are not a permitted service company shall maintain a service contract with a permitted service company for every portable restroom in use. The name and telephone number of the owner shall be displayed on every portable restroom in use.

(8) All materials incorporated herein may be obtained by contacting the department.

64E-6.012 Standards for the Construction, Operation, and Maintenance of Aerobic Treatment Units.

When aerobic treatment units are used for treating domestic and commercial sewage waste, each unit shall be installed, operated and maintained in conformance with the following provisions:

(1) Aerobic systems designed to treat up to 1500 gallons of sewage waste per day shall be listed by a third party certifying program approved by the State Health Office. Aerobic treatment units shall be in compliance with standards for Class I systems as defined by ANSI/NSF International Standard Number 40, revised July 2000 1990, herein hereby incorporated by reference. An approved third party certifying program shall comply with the following provisions in order for units which it has certified to be approved for use in Florida:

64E-6.013 Construction Materials and Standards for Treatment Receptacles.

(1) through (2) No change.

(3) Onsite wastewater treatment receptacle design approval. All onsite wastewater treatment receptacles distributed in the state shall be approved for use by the

department prior to being offered for sale or installed. Such approval shall not be obtained until the manufacturer of a specific tank model has submitted the following:

(a) through (e) No change.

(f) There shall be ~~two~~ ~~four~~ tank design classifications. The following criteria shall be used for each category:

~~1. Category 1 tanks shall be designed for unsaturated soil. The design shall provide for 6 inches of dry soil cover over the top of the tank. Dry soil density shall be 100 pounds per cubic foot. The lateral earth pressure coefficient (K) shall be no less than 0.50.~~

~~2. Category 2 tanks shall be designed for partially saturated soil with the saturation at 31 inches below the outlet invert. The design shall provide for 6 inches of wet soil cover over the top of the tank. Wet soil density shall be 110 pounds per cubic foot. The lateral earth pressure coefficient (K) shall be no less than 0.50.~~

~~1.3. Category 3 tanks shall be designed for saturated soil with the saturation at the top of the tank surface. The design shall provide for 6 inches of wet soil cover over the top of the tank. Soil cover shall be limited to 18 inches over the top of the tank lid. Wet soil density shall be 110 pounds per cubic foot. The lateral earth pressure coefficient (K) shall be no less than 0.50.~~

~~2.4. Category 4 tanks shall be designed for saturated soil with the saturation at the top of the tank surface. The design shall provide for 48 inches of wet soil cover over the top of the tank. Wet soil density shall be 110 pounds per cubic foot. The lateral earth pressure coefficient (K) shall be no less than 0.50. Where a tank will be placed with greater than 48 inches of soil over the top of the tank, an engineer registered in the state of Florida shall design the tank.~~

~~(g) Soil cover shall be limited to 18 inches over the top of the tank lid. An additional 12 inches of soil cover shall be allowed for each increase in tank category when using a higher category tank in a lower tank category condition.~~

(h) through (j) renumbered (g) through (i) No change.

(4) No change.

(5) Onsite wastewater treatment manufacturer's yearly inspection. Yearly inspection of the manufacturer's facility shall consist of the following:

(a) through (b) No change.

(c) Verify that the necessary tests are being conducted by a certified testing lab or by a technician certified by the ACI. The preparation of the test specimens shall be performed by certified third party testing laboratory personnel; or manufacturers, or their employees, that have successfully passed the ACI certification program. Each manufacturer shall submit a minimum of three cylinders per year. The specimens shall be taken from a production mix.

(d) through (k) No change.

(l) Examination of the manufacturer’s receipts for material used during the previous year. Tank manufacturers shall retain all receipts from the previous year for material used in the manufacture of treatment receptacles and make them available for inspection. Yearly inspection shall be performed by an employee of the department that has been certified in accordance with the policy entitled “Test Requirements for Structural Proofing, August 1999”. A report shall be submitted to the State Health Office.

(6) through (9) No change.

(10) Pump tanks and pumps – when used as part of an onsite sewage treatment and disposal system, the following requirements shall apply to all pump tanks manufactured for use in Florida unless specifically exempted by other provisions of these rules:

(a) through (b) No change.

(c) The electrical conduit and effluent dosing pipe shall exit the dosing chamber through the tank outlet using plumbing fittings and reducers to produce a watertight seal or, when risers are used, the electrical line and the effluent dosing pipe may penetrate the riser wall provided the penetration is above the seasonal high water table elevation and there is a soil-tight seal around the penetrations. When the top of the dosing tank is placed more than 8 inches below the finished grade, risers shall be used to provide access within 8 inches of the finished grade. Where risers are used, risers shall be attached to the tank in accordance with paragraph 64E-6.013(2)(i), F.A.C. The unused tank outlet shall be sealed with a length of capped PVC pipe installed in accordance with paragraph 64E-6.013(2)(f), F.A.C.

(d)(e) No change.

(11) through (12) No change.

~~(13) Effective dates Except at noted herein, all provisions of this section are effective immediately.~~

~~(a) Tanks that have been approved prior to the effective date of this rule must comply with paragraphs 64E-6.013(2)(f) and (i), and 64E-6.013(6)(h), F.A.C., as of August 1, 2000 and must be reapproved for use in compliance with this entire section no later than March 22, 2002.~~

~~(b) Tank designs that have not been reapproved as of March 22, 2002 shall not be used as part of an onsite sewage treatment and disposal system.~~

~~(13)(14) No change.~~

64E-6.014 Construction Standards for Drainfield Systems.

(1) Distribution box – where distribution boxes are used for distributing sewage from the septic tank or other waste receptacle to the drainfield lines, the following requirements shall be adhered to:

(a) through (c) No change.

(d) ~~The distribution box shall be built as an integral part of the septic tank or shall be a separate unit from the septic tank and shall be set level on solid ground or in mineral aggregate and anchored in the drainfield.~~

(2) through (6) No change.

64E-6.015 Permitting and Construction of Repairs.

(1) through (5) No change.

(6) Construction materials used in system repairs shall be of the same quality as those required for new system construction. Aggregate and soil in spoil material from drainfield repairs shall not be used in system repair in any manner. Undamaged infiltration units, pipes and mechanical components may be reused on the original site. Any spoil material taken off site shall be disposed of in a permitted landfill or shall be limed and stockpiled for at least 30 days to prevent a sanitary nuisance. Offsite spoil material stockpile areas shall meet the prohibition requirements of subsection 62-701.300(2), F.A.C. The resulting lime-treated material shall not be used for drainfield repair, or construction of any onsite sewage treatment and disposal system. Any use of the lime treated material shall not cause a violation of Chapter 386, F.S., and shall not impair groundwater or surface water. Mineral aggregate and soil in spoil material may, at the option of the septic tank contractor and the property owner, be buried on site if limed before burial. Lime amount must be sufficient to preclude a sanitary nuisance. Depth of seasonal high water table to the spoil material must be at least six inches. Setbacks for buried spoil material shall be the same as for onsite sewage treatment and disposal system drainfields. A minimum of six inches of slightly or moderately limited soil shall cover the spoil material and shall extend to at least five feet around the perimeter of the burial site. Any failing system shall, at a minimum, be repaired in accordance with the following criteria:

(a) System repairs shall comply with minimum setbacks and separations as specified in Rule 64E-6.005, F.A.C. If current required setbacks and separations cannot be met, lesser setbacks as specified in Table V shall be maintained. For repairs only, if current required setbacks given below cannot be attained, absolute minimum setbacks shall be met. When site conditions exist which allow either absolute or current required setbacks to various features, current required setbacks shall be maintained from features with the highest protection factor. Setbacks to features with lower protection factors shall be reduced to the maximum setback or separation attainable, with no less than the absolute minimum setback allowed. A standard gravity flow system is to be used when possible to achieve the appropriate separations of absorption surface to seasonal high water and effective soil depth.

TABLE V Repair System Setback Requirements

Permit Date of Original System	Description of Setback (Separation)	Protection Factor	Current Required Setback	Absolute Minimum Setback
Prior to 1-1-72	System to a Private Potable Well	6	75 feet	Greatest of the Following: a) Maximum Setback (<75 feet and >50 feet) b) Original Setback (if >50 feet) c) 50 feet
	Bottom of Drainfield Absorption Surface to Wet Season Water Table	5	24 inches	Greatest of the Following: a) Maximum Separation (>6 inches) b) Original Separation (if >6 inches) c) 6 inches
	Effective Soil Depth	5	42 inches	Greatest of the Following: a) 24 inches b) Maximum Separation (>12 inches) c) 12 inches
	System to Surface Water	4	50 feet	Greatest of the Following: a) Maximum Setback (>25 feet and <50 feet) b) Original Setback (if >25 feet) c) 25 feet

	System to Non-Potable Well	3	50 feet	Greatest of the Following: a) Maximum Setback (>25 feet and <50 feet) b) Original Setback (if >25 feet) c) 25 feet
	Drainfield Sidewall to Start of Slope	2	<u>4</u> 5 feet	Greatest of the Following: a) Maximum Separation (>2.5 feet) b) 2.5 feet
	System to Property Line or Building Foundation	1	5 feet	Greatest of the Following: a) Maximum Setback (>2 feet) b) 2 feet
1-1-72 to 12-31-82	System to a Private Potable Well	6	75 feet	Greatest of the Following: a) Maximum Setback (<75 feet and >50 feet) b) Original Setback (if >50 feet) c) 50 feet
	Bottom of Drainfield Absorption Surface to Wet Season Water Table	5	24 inches	Greatest of the Following: a) Maximum Separation (<24 inches and >6 inches) b) Original Separation (if >6 inches) c) 6 inches

	Effective Soil Depth	5	42 inches	Greatest of the Following: a) 36 inches b) Maximum Separation (>24 inches) c) 24 inches
	System to Surface Water	4	75 feet	Greatest of the Following: a) Maximum Setback (<75 feet and >50 feet) b) Original Setback (if >50 feet) c) 50 feet
	System to Non-Potable Well	3	50 feet	Greatest of the Following: a) Maximum feet and >25Setback (<50 feet) b) Original Setback (if >25 feet) c) 25 feet
	Drainfield Sidewall to Start of Slope	2	4 5 feet	Greatest of the Following: a) Maximum Separation (>3 feet) b) 3 feet
	System to Property Line or Building Foundation	1	5 feet	Greatest of the Following: a) Maximum Setback (>2 feet) b) 2 feet
1-1-83 to Present	System to a Private Potable Well	6	75 feet	75 feet

Bottom of Drainfield Absorption Surface to Wet Season Water Table	5	24 inches	Greatest of the Following: a) Existing elevation (>12 inches) b) 12 inches
Effective Soil Depth	5	42 inches	Greatest of the Following: a) Maximum Separation (>36 inches) b) 36 inches
System to Surface Water	4	75 feet	Greatest of the Following: a) Maximum Setback (if >50 feet) b) 50 feet
System to Non-Potable Well	3	50 feet	50 feet
Drainfield Sidewall to Start of Slope	2	<u>4 5</u> feet	<u>4 5</u> feet
System to Property Line or Building Foundation	1	5 feet	Greatest of the Following: a) Maximum Setback (if >2 feet) b) 2 feet

Footnotes to Table V:

1. For sites which contain oolitic limestone, the minimum effective soil depth shall be 12 inches regardless of the date the original system was installed provided that the wet season water table is a minimum of 4 feet below the bottom surface of the drainfield.

2. Where severely limited soil underlies the drainfield, soil removal and replacement shall be performed as per Footnote 3. to Table III.

64E-6.0151 Additive Use.

(1) No change.

(2) If the Department determines an onsite sewage treatment and disposal system additive or drainfield conditioner or restorative product is not in compliance with the criteria in Rule 64E-6.0151, F.A.C., the Department shall notify the product manufacturer of the items in non-compliance. The product shall be allowed to be continued for sale and use in Florida for a maximum of 90 days from date of receipt of notification of violation. This is to allow the manufacturer an opportunity to exhibit to the department that the product satisfactorily complies with the conditions of Section 381.0065(4)(m), F.S., and this rule. In attempting to demonstrate compliance with Section 381.0065(4)(m), F.S., and this rule, the manufacturer shall provide at a minimum the following information:

(a) A listing of all physical, chemical, biological or other agents which make up the additive, conditioner or restorative and provide toxicity information for each component. This information shall include trade names, chemical names, and concentrations of all individual or complexed components and the Material Safety Data Sheet (MSDS) for the product. Any trade secret will be treated according to Section 381.83, F.S.

(b) No change.

(c) Test results from a State or EPA-certified laboratory demonstrating evidence which demonstrates that use of the additive, drainfield conditioner or restorative product will not result in violations of surface water or groundwater standards in Rule 64E-6.0151, F.A.C. Tests shall be conducted on the product as sold and the test results shall include:

1. Acute Definitive Toxicity test [96 hour LC₅₀] according to EPA Methods for Measuring the Acute Toxicity of Effluents and Receiving Waters to Freshwater and Marine Organisms (EPA-821-R-02-012), October 2002, herein incorporated by reference, for *Pimephales promelas* (fathead minnow) or any of the following species: *Ceriodaphnia dubia* (daphnid),

Cyprinella leedsi (bannerfin shiner), *Daphnia pulex* and *Daphnia magna* (daphnids). The 96-hour LC₅₀ needs to bracket a toxicity concentration, and;

2. Chemical analysis showing the concentrations of Volatile Organic Compounds [EPA 8260] to a minimum detection level of 0.5 ug/L (ppb).

(d) A description of the anticipated use of the product in onsite sewage treatment and disposal systems. Where and how the product is to be applied, any exceptions to application guidelines, the frequency of applications, who is allowed to perform the applications, and the amount and concentration of product per application shall be included in the product description. When the product should not be used shall also be included in the description. The information provided shall include the manufacturer's recommended application rate of the product as it appears on the product label. Unless the product label provides other specifications, the department, for purposes of this evaluation, assumes that the application rate will be applied to a flow of 300 gallons per day into a 1000-gallon septic tank.

64E-6.0181 Cesspit and Undocumented System Replacement and Interim System Use.

(1) through (2) No change.

(3) Interim systems standards shall be:

(a) A Class I aerobic treatment unit which meets the location, construction, maintenance and operational requirements of subparagraph 64E-6.0181(3)(a)1. or 2., F.A.C., and the certification, construction, operational and maintenance requirements of Rule 64E-6.012, F.A.C.

1. No change.

2. Provided a Class I aerobic treatment unit is utilized and provided effluent from the treatment unit, prior to discharge into an injection well, is passed through a mineral aggregate filter unit as described in subparagraph 64E-6.0181(3)(a)2., F.A.C., or where effluent is passed through a filter unit of another design which has been determined by the State Health Office to be at least equal to the mineral aggregate filter unit with regard to sewage treatment capability, an injection well shall be approved in compliance with the following:

a. through d. No change.

e. If a mineral aggregate filter as referred to in subparagraph 64E-6.0181(3)(a)2., F.A.C., is utilized, effluent discharge from the aerobic unit shall be by gravity or pressure distribution to a perforated pipe distribution system as specified in Part I, Rule 64E-6.014, F.A.C. Such distribution system shall be placed within the walls of the mineral aggregate filter, ~~shall have at least 4 inches of soil cover and~~

shall be placed above a mineral aggregate filter layer which shall be at least 24 inches thick. Mineral aggregate filter material shall have either an effective size in the range of 2.36 millimeters to 4.75 millimeters and shall have a uniformity coefficient of less than 3.5 or the material shall be equivalent in size to Florida Department of Transportation aggregate classification number eight or nine. The system designer may specify additional layers of filter material above or below the required 24-inch layer of filter material. The DOH Monroe County Health Department shall require the installer of mineral aggregate filter systems to provide certification from the installer's mineral aggregate supplier that the aggregate supplied meets requirements of this sub-paragraph. If the filter is not sealed with a lid meeting the requirements of paragraph 64E-6.013(1)(g), F.A.C., the filter shall be capped with a layer of slightly limited soil no less than 6 nor more than 12 inches thick.

64E-6.022 Standards of Practice and Disciplinary Guidelines.

(1) It shall be the responsibility of persons registered under this rule to see that work for which they have contracted and which has been performed by them or under their supervision

is carried out in conformance with the requirements of all applicable Florida Statutes and Chapter 64E-6, F.A.C. The following actions by a person included under this rule shall be deemed unethical and subject to penalties as set forth in this section. The penalties listed shall be used as guidelines following guidelines shall be used in disciplinary cases, absent aggravating or mitigating circumstances and subject to other provisions of this section.

(a) Providing contracted services without obtaining registration from the department, failure to obtain a certificate of authorization for a firm which provides contracted services, acting under a name not registered or authorized by the department. First violation, letter of warning or fine up to \$500; repeat violation, \$500 fine, or revocation.

(b) Permit violations.

1. Contractor initiates work to install, modify, or repair a system when no permit has been issued by the department. A permit is issued after construction is started but prior to completion of the contracted work. No inspections are missed. First violation, letter of warning or fine up to \$500 ~~fine~~; repeat violation, \$500 fine and 90 day suspension or revocation.

2. Contracted work is completed without a permit having been issued, or no permit application is received until after contracted work was completed, resulting in missed inspection or inspections. First violation, letter of warning or fine up to \$1000 ~~fine~~; repeat violation, revocation.

(c) Contracting with a delinquent registration. First violation, letter of warning or fine up to \$500 ~~\$250 fine~~; repeat violation, \$500 fine or revocation.

(d) Failure to call for required inspections. First violation, letter of warning or fine up to \$500 ~~\$250 fine~~; repeat violation, letter of warning or fine up to \$500 ~~fine~~ and 90 day suspension or revocation.

(e) False payment statements which are the result of assessing charges to a customer for work not performed. First violation, letter of warning or fine up to \$500 ~~fine~~; repeat violation, \$500 fine and one year suspension or revocation.

(f) ~~Failure Misconduct by failure~~ to reasonably honor a written warranty. First violation, letter of warning or fine up to \$500 ~~fine~~; repeat violations, \$500 fine and one year suspension or revocation.

(g) Abandoning for 30 consecutive days, without good cause, a project in which the contractor is engaged or under contractual obligation to perform. First violation, letter of warning or fine up to \$500 ~~fine~~; repeat violation, revocation.

(h) Aiding or abetting evasion of Chapter 489, F.S. First violation, letter of warning or fine up to \$500; repeat violation, \$500 fine and one year suspension or revocation.

(k) Practicing fraud or deceit, making misleading or untrue representations. First violation, letter of warning or fine up to \$500 ~~fine~~; repeat violation, revocation.

(l) Gross negligence, incompetence, or misconduct which:

1. Causes no monetary or other harm to a customer, or physical harm to any person. First violation, letter of warning or fine up to \$500 fine; repeat violation, \$500 fine and 90 day suspension or revocation.

2. Causes monetary or other harm to a customer, or physical harm to any person. First violation, letter of warning or fine up to \$500 fine and 90 day suspension; repeat violation, \$500 fine and revocation.

(m) Operating a septage disposal service without a valid department operating permit. First violation, letter of warning or fine up to \$500 fine; repeat violation, revocation.

(n) Failure to properly treat or properly dispose of septage, holding tank waste, portable restroom waste, or food service sludge. First violation, letter of warning or fine up to \$500 fine per violation of Rule 64E-6.010, F.A.C.; repeat violation, revocation.

(o) Failure to maintain completed records of septage treatment and disposal activities. First violation, letter of warning or fine up to \$500 \$250 fine; repeat violation, \$500 fine and 90 day suspension or revocation.

(p) Installation, modification, or repair of an onsite sewage treatment and disposal system in violation of the standards of Section 381.0065 or 381.00655, F.S., or Chapter 64E-6, F.A.C. First violation, letter of warning or fine up to \$500 per specific standard violated; repeat violation, 90 day suspension or revocation.

(q) Creation or maintenance of a sanitary nuisance as defined by Section 386.041, F.S. First violation, letter of warning or fine up to \$500 fine; repeat violation, 90 day suspension or revocation.

(r) Falsifying an inspection report or covering a system in violation of the standards of Rule 64E-6.003, F.A.C. First violation, letter of warning or fine up to \$500 fine; repeat violation, 90 day suspension of master septic tank contractor privileges or revocation of registration.

(s) Advertising septic tank contracting services without the required business authorization number or qualifying septic tank contractor's registration number. First violation, letter of warning or fine up to \$500; repeat violation, \$500 fine or suspension or revocation of registration.

(t) Performing service on an onsite sewage disposal system that is clearly not necessary to improve the function or design of the system without notifying the property owner that such work is optional. First violation, letter of warning or fine up to \$500; repeat violation, \$500 fine and one year suspension or revocation.

(u)(s) The absence of any violation from this section shall be viewed as an oversight, and shall not be construed as an indication that no penalty is to be assessed.

RULE CHAPTER TITLE: School Health Services
 RULE CHAPTER NO: 64F-6

RULE TITLE: Screening
 RULE NO.: 64F-6.003

PURPOSE AND EFFECT: The purpose of this rule amendment is to redistribute required school health screenings across grades to more effectively meet the health needs of students as they progress through the growth and development continuum, and to distribute the screening workload more evenly among school health staff in the various school levels. Section 381.0056(5)(f)-(i), Florida Statutes, requires that vision, hearing, growth and development, and scoliosis screenings be provided to Florida school children. Currently, Rule 64F-6.003, F.A.C. Screening designates that the majority of these screenings be done during elementary school. Data from the Department of Health Clinic Management System and observations from school health professionals in the field indicate the need for increased screening of preventable health conditions during middle school. Evidence also indicates the need to shift scoliosis screening from seventh to six grade for earlier detection of this condition, concurrent with earlier adolescent maturation, scoliosis onset, and the opportunity for successful non-surgical corrective measures. The effect of these changes to the school health services screening schedule will be to better meet the health screening needs of Florida school children, and increase the ability of school health staff to efficiently and effectively screen the increasing numbers of enrolled elementary, middle and high school students.

SUMMARY: The proposed rule amendment will: (1) more effectively screen for scoliosis; (2) spread the school health screening burden across school levels; and (3) detect vision, and growth and development problems previously undetected in third and sixth grades.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: There will be no additional regulatory costs to monitor implementation of revisions to Rule 64F-6.003, F.A.C. Current and proposed school health screenings are monitored through the Department of Health, Health Management Component database. It is anticipated that a maximum of \$402, 335 in screener staff time may be expended only during the first year of implementation when the sixth and seventh grade scoliosis screenings will overlap for one year. This cost will be absorbed through the 67 county health departments and school districts, and not constitute undue financial hardship for any one entity.

Any person who wishes to provide information regarding the statement of estimated costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

SARASOTA MEMORIAL HEALTH CARE SYSTEM

ANNOUNCEMENT OF INTENT
TO CONTRACT FOR FACILITY PLANNING
PROFESSIONAL SERVICES
FOR A MASTER FACILITY PLAN

The Sarasota County Public Hospital Board of Sarasota County, Florida is accepting statements of qualifications from Healthcare Facility Planning Consulting Firms under the provisions of the Consultants' Competitive Negotiation Act, Section 287.055, Florida Statutes. The scope of work may include existing conditions analysis, operational analysis, clinical volume projections, site analysis, programming, regulatory analysis, physical facility option development, cost estimating, implementation planning and graphic documentation of recommended schemes.

Firms qualified to submit include Architectural/Engineering firms with healthcare planning experience, hospital-planning consultants with demonstrated expertise in facility planning as well as strategic planning or an association of architectural design and healthcare planning firms. Firms interested in being considered as candidates are required to submit ten bound submittals of qualifications that include at least the following data, to be organized in the following order:

1. A copy of Florida Professional and Corporate Registration certificates.
 2. Completed GSA Standard Forms 254 and 255.
 3. Proof of General and Professional Liability Insurability.
 4. A separate statement as to whether the firm is a certified Small and/or Minority Business Enterprise as defined by the Florida Small and Minority Business Assistance Act of 1985.
1. Examples of relevant project experience including recent Master Facility Planning, Heart and Vascular Center planning, and Women's and Children's Center planning.

2. Any additional relevant information not specifically mentioned may be included at the discretion of the submitting firm.

The following are specific comments regarding the selection process as well as the minimum deliverables that will be required as work products of the consulting engagement.

1. As an outcome of this Request for Proposal, and in addition to the Master Facility Planning services described herein, Sarasota Memorial Health Care System (SMHCS) may elect to separately award two subparts of work described as follows:
 - a) Subpart A – Preliminary Design Package for the Heart and Vascular Institute.
 - b) Subpart B – Preliminary Design Package for the Women and Children’s Center

Each Preliminary Design Package will include the following scope:

- Analysis of Strategic objectives and development of a detailed space program suitable to begin Schematic Design
- Site analysis and selection
- Block plans showing physical arrangement of spaces.
- Preliminary Building exterior design and graphic representation
- Project Cost estimates
- Fund Raising Graphics

Based on the qualifications presented by those firms who may ultimately be short-listed, one firm may be selected to do the full scope of the work described herein including that work described in the two Preliminary Design Packages. However, SMHCS may award the complete scope of work minus the two subparts to one firm. In this case SMHCS would select one firm for both Preliminary Design Packages or two firms to individually provide services for each Preliminary Design Package.

2. SMHCS reserves the right to reject any or all submittals. No fewer than three qualified firms will be short-listed. The short-listed candidates may be asked to make final presentations to a selection committee.
3. Considerations in the selection of candidates include: the firm’s recent related experience, location and ability to respond rapidly, as well as qualifications of personnel.
4. The final product of all planning services shall include digital data in the form of disks (CD, floppy, etc.) All graphic data, other than graphs, will be documented in AutoCAD, 2000 format.

5. Deliverables as a minimum will include:
6. Strategic Objectives Summary
7. Analysis of Existing Conditions that may effect development (including existing space, the existing sites, code deficiencies, infrastructure deficiencies, as well as traffic and parking conditions.)
8. Operational Analyses
9. Work Load Analyses and projected utilizations
10. Outline Programs for all areas with the exception of the Heart and Vascular Institute, and the Women’s and Children’s Center each of which will require detailed space programs.
11. Campus Development Scenarios, including Main Campus, University Parkway, Blackburn Point, Taylor Ranch and Care Center East. (Sarasota Memorial Healthcare System may elect to have the Care Center East Development Scenarios done under a separate Scope of work coordinated with currently in progress design work related to the Care Center East Wellness Center)
12. Real estate analysis and recommendations for best use for all currently held properties.
13. Proposed Plans of the selected development scenarios.
14. Fund Raising Graphics for selected projects including the Women’s and Children’s Program, and the Heart and Vascular Institute.
15. Project Cost Projections for all proposed expansions and alterations.
16. Implementation plans, including phasing schedules for all proposed developments.
17. Questions regarding submissions shall be directed to Bill Shevlin at (941)917-1899, or Dan McDaniel at (941)917-2048.
18. Submissions shall be titled “Sarasota Memorial Healthcare System Master Facility Planning Qualifications” and shall be submitted no later than 3:30 p.m., February 17, 2004, at the office of:

Dan McDaniel
 Director of Architecture and Facility Planning
 Sarasota Memorial Hospital
 Design and Construction Office

Miscellaneous****DEPARTMENT OF COMMUNITY AFFAIRS****CITIZEN CORPS/CERT**

(Community Emergency Response Team)

(Federal FY 04 DHS-Sub-grant Funding Availability)

The Florida Department of Community Affairs (DCA), Division of Emergency Management (DEM), announces the release of a Notice of Funding Availability (NOFA) in conjunction with the Citizen Corps Program. The purpose of the Citizen Corps Program is to engage Florida citizens through education, training and volunteer service to make their community safer, stronger and better prepared to respond to all types of disasters. The purpose of the CERT (Community Emergency Response Team) Program is to promote a partnership between local emergency services and the people they serve. This is accomplished by training citizens, neighborhoods, community organizations and workplaces in basic emergency preparedness, response and recovery skills to function in a neighbor-helping-neighbor-helping their community spirit and to train citizens to function as auxiliary personnel to first responders.

This NOFA will be available effective January 9, 2004 to any regional or local government or governmental jurisdiction in the State of Florida. Eligible applicants also include Fire Tax

Districts, other taxing or governmental districts, school districts and Native American Tribes or nations in Florida. Non-profit 501 c (3) entities are not directly eligible to apply.

The total funds available for these sub-grants are:

- \$585,000 for Citizen Corps Councils (Formation of new Councils and continued operation/expansion of existing Citizen Corps Councils.) (This also includes Neighborhood Watch, Volunteers in Police Service, CERT and Medical Reserve Corps volunteer recruiting, screening and referral of volunteers to these programs. It is our understanding at the time of this notice that operational funding for the Neighborhood Watch and Volunteers in Police Service will remain in the Byrne Formula Grant Program FY 04 allocation and operational funding for the Medical Reserve Corps Program will remain in the Health & Human Services FY 04 allocation.)
- \$585,000 for CERT Programs (Formation of new CERT Programs and continued operation/expansion of existing CERT Programs.)

The DEM will accept separate competitive Sub-grant applications to perform the following Citizen Corps activities as described hereinafter:

1. Citizen Corps (General Program) – Grant size is \$5000-35,000, with no jurisdiction receiving more than \$35,000 in Citizen Corps General Program specific Sub-grant funds. These funds are to support the formation of Citizen Corps Councils, to enhance existing Citizen Corps Councils and to carryout Citizen Corps goals and objectives of education, training, recruiting, screening and referring volunteers to the four federally chartered Citizen Corps programs and other Citizen Corps partners.
2. Among the application requirements will be the submission of a Citizen Corps Implementation Plan Strategy to accomplish the mission of Citizen Corps in the requesting jurisdiction. Existing Citizen Corps Councils will need to include in their Implementation Plan Strategy, how they intend to grow their existing programs. There will also have to be a plan for sustainability after the grant expires. There will be a requirement to properly register their Citizen Corps Council information with the Florida State Citizen Corps Office and to update that information quarterly. Preference will be given to proposals demonstrating a multi-jurisdictional, countywide, area, multi-council cooperative arrangement or regional concept and for effective, current programs serving as mentors in development of citizen corps councils in other jurisdictions. Past performance of existing Citizen Corps

Council programs and operations will be considered for applications from existing Citizen Corps Councils. Certain restrictions on what these Sub-grant funds can be utilized for do apply.

3. CERT Program – Grant size is \$5,000-\$35,000, with no jurisdiction receiving more than \$35,000 in CERT Program specific Sub-grant funds. Cost effectiveness of program and past performance will be a consideration for existing programs. These funds are for CERT training, training supplies, training equipment, personal protective equipment (PPE), CERT Team supplies and equipment and start-up of teams in areas of the State where CERT is not currently constituted or for enhancement of current CERT Programs.
4. Among the application requirements will be the submission of a “CERT Annex Interface Document” detailing how the CERT Program integrates into the local Citizen Corps Council goals and objects (if one currently exists). If a Citizen Corps Council does not exist currently then how the community intends to form a Citizen Corps Council and how the CERT Program will help partially fulfill the Citizen Corps mission in the community. If a Citizen Corps Council is proposed in the community, then demonstrate how the CERT Program will interface with the Citizen Corps Implementation Plan Strategy. Certain restrictions on what CERT grants can be used for do apply.

(NOTE: There is a maximum of \$70,000 in combined awards for both a Citizen Corps General Program Sub-grant and a CERT Specific Sub-grant per jurisdiction.)

It is important to note, that both the Citizen Corps Council Program Sub-grant and the CERT Program Sub-grant will require tracking and reporting monthly the number of volunteers, the number of training courses, the number of training course graduates, and other similar information. Also, their will be timely financial reports due quarterly and selected financial information due monthly.

Sub-grant applications must be received at the following location by February 6, 2004, no later than 4:30 p.m., Eastern Standard Time.

DCA Final Order No.: DCA03-OR-335

STATE OF FLORIDA

DEPARTMENT OF COMMUNITY AFFAIRS

In re: CITY OF GROVELAND LAND DEVELOPMENT REGULATIONS ADOPTED BY CITY OF GROVELAND ORDINANCE NO. 2003-10-47

FINAL ORDER

The Department of Community Affairs (“Department”) hereby issues its Final Order, pursuant to §§ 380.05(6) and (11), Fla. Stat., (2002), approving City of Groveland Ordinance No. 2003-10-47, as set forth below.

FINDINGS OF FACT

1. The Green Swamp Area is a statutorily designated area of critical state concern, and the City of Groveland is a local government within the Green Swamp Area.

2. On October 13, 2003, the Department received for review City of Groveland Ordinance No. 2003-10-47 (“Ordinance”), which was adopted by the City Council of the City of Groveland. The Ordinance was adopted on October 6, 2003. The Ordinance amends Appendix A, Articles II, III, IV, and V of the City of Groveland Land Development Regulations. These amendments address concerns raised by the Department in prior Final Orders. Specifically these amendments amend the definition of “lot coverage,” amend the types of districts within the City, amend the requirements for “open space” and conservation easements, amends the planned unit development district and removes the “uniqueness” hardship from being applicable in the Green Swamp Area of Critical State Concern.

3. The Ordinance is consistent with the City’s Comprehensive Plan.

CONCLUSIONS OF LAW

4. The Department is required to approve or reject land development regulations that are enacted, amended or rescinded by any local government in the Green Swamp Area of Critical State Concern. §§ 380.05(6) and (11), Fla. Stat.

5. The City of Groveland is a local government within the Green Swamp Area of Critical State Concern. § 380.0551, Fla. Stat. and Rule Chapter 28-26, Fla. Admin. Code.

6. “Land development regulations” include local zoning, subdivision, building and other regulations controlling the development of land. § 380.031(8), Fla. Stat. The regulation adopted by the Ordinance is a land development regulation.

7. All land development regulations enacted, amended or rescinded within an area of critical state concern must be consistent with the principles for guiding development for that area. § 380.05(6), Fla. Stat.; see Rathkamp v. Department of Community Affairs, 21 F.A.L.R. 1902 (Dec. 4, 1998), aff’d, 740 So. 2d 1209 (Fla. 3d DCA 1999). The principles for guiding development in the Green Swamp Area of Critical State Concern are set forth in Rule 28-26.003, Fla. Admin. Code. (“Principles”).

8. The Ordinance is consistent with the Principles in Rule 28-26.003, Fla. Admin. Code.

WHEREFORE, IT IS ORDERED that Ordinance No. 2003-10-47 is found to be consistent with the Principles for Guiding Development of the Green Swamp Area of Critical State Concern, and is hereby APPROVED.

This Order becomes effective 21 days after publication in the Florida Administrative Weekly unless a petition is filed as described below.

DONE AND ORDERED in Tallahassee, Florida.

NOTICE OF ADMINISTRATIVE RIGHTS

ANY PERSON WHOSE SUBSTANTIAL INTERESTS ARE AFFECTED BY THIS ORDER HAS THE OPPORTUNITY FOR AN ADMINISTRATIVE PROCEEDING PURSUANT TO SECTION 120.569, FLORIDA STATUTES, REGARDING THE AGENCY’S ACTION. DEPENDING UPON WHETHER YOU ALLEGE ANY DISPUTED ISSUE OF MATERIAL FACT IN YOUR PETITION REQUESTING AN ADMINISTRATIVE PROCEEDING, YOU ARE ENTITLED TO EITHER AN INFORMAL PROCEEDING OR A FORMAL HEARING.

IF YOUR PETITION FOR HEARING DOES NOT ALLEGE ANY DISPUTED ISSUE OF MATERIAL FACT CONTAINED IN THE DEPARTMENT’S ACTION, THEN THE ADMINISTRATIVE PROCEEDING WILL BE AN INFORMAL ONE, CONDUCTED PURSUANT TO SECTIONS 120.569 AND 120.57(2), FLORIDA STATUTES, AND CHAPTER 28-106, PARTS I AND III, FLORIDA ADMINISTRATIVE CODE. IN AN INFORMAL ADMINISTRATIVE PROCEEDING, YOU MAY BE REPRESENTED BY COUNSEL OR BY A QUALIFIED REPRESENTATIVE, AND YOU MAY PRESENT WRITTEN OR ORAL EVIDENCE IN OPPOSITION TO THE DEPARTMENT’S ACTION OR REFUSAL TO ACT; OR YOU MAY EXERCISE THE OPTION TO PRESENT A WRITTEN STATEMENT CHALLENGING THE GROUNDS UPON WHICH THE DEPARTMENT HAS CHOSEN TO JUSTIFY ITS ACTION OR INACTION.

IF YOU DISPUTE ANY ISSUE OF MATERIAL FACT STATED IN THE AGENCY ACTION, THEN YOU MAY FILE A PETITION REQUESTING A FORMAL ADMINISTRATIVE HEARING BEFORE AN ADMINISTRATIVE LAW JUDGE OF THE DIVISION OF ADMINISTRATIVE HEARINGS, PURSUANT TO SECTIONS 120.569 AND 120.57(1), FLORIDA STATUTES, AND CHAPTER 28-106, PARTS I AND II, FLORIDA ADMINISTRATIVE CODE. AT A FORMAL ADMINISTRATIVE HEARING, YOU MAY BE REPRESENTED BY COUNSEL OR OTHER QUALIFIED REPRESENTATIVE, AND YOU WILL HAVE THE OPPORTUNITY TO PRESENT EVIDENCE AND ARGUMENT ON ALL THE ISSUES INVOLVED, TO CONDUCT CROSS-EXAMINATION AND SUBMIT REBUTTAL EVIDENCE, TO SUBMIT PROPOSED FINDINGS OF FACT AND ORDERS, AND TO FILE EXCEPTIONS TO ANY RECOMMENDED ORDER.

IF YOU DESIRE EITHER AN INFORMAL PROCEEDING OR A FORMAL HEARING, YOU MUST FILE WITH THE AGENCY CLERK OF THE DEPARTMENT OF COMMUNITY AFFAIRS A WRITTEN PLEADING ENTITLED, “PETITION FOR ADMINISTRATIVE PROCEEDINGS” WITHIN 21 CALENDAR DAYS OF PUBLICATION OF THIS NOTICE. A PETITION IS FILED WHEN IT IS RECEIVED BY THE AGENCY CLERK, IN THE DEPARTMENT’S OFFICE OF GENERAL COUNSEL, 2555 SHUMARD OAK BOULEVARD, TALLAHASSEE, FLORIDA 32399-2100.

THE PETITION MUST MEET THE FILING REQUIREMENTS IN SUBSECTION 28-106.104(2), FLORIDA ADMINISTRATIVE CODE. IF AN INFORMAL

PROCEEDING IS REQUESTED, THEN THE PETITION SHALL BE SUBMITTED IN ACCORDANCE WITH RULE 28-106.301, FLORIDA ADMINISTRATIVE CODE. IF A FORMAL HEARING IS REQUESTED, THEN THE PETITION SHALL BE SUBMITTED IN ACCORDANCE WITH SUBSECTION 28-106.201(2), FLORIDA ADMINISTRATIVE CODE.

A PERSON WHO HAS FILED A PETITION MAY REQUEST MEDIATION. A REQUEST FOR MEDIATION MUST INCLUDE THE INFORMATION REQUIRED BY RULE 28-106.402, FLORIDA ADMINISTRATIVE CODE. CHOOSING MEDIATION DOES NOT AFFECT THE RIGHT TO AN ADMINISTRATIVE HEARING.

YOU WAIVE THE RIGHT TO AN INFORMAL ADMINISTRATIVE PROCEEDING OR A FORMAL HEARING IF YOU DO NOT FILE A PETITION WITH THE AGENCY CLERK WITHIN 21 DAYS OF PUBLICATION OF THIS FINAL ORDER.

CERTIFICATE OF FILING AND SERVICE

I HEREBY CERTIFY that the original of the foregoing Final Order has been filed with the undersigned designated Agency Clerk, and that true and correct copies have been furnished to the persons listed below by the method indicated this ____ day of _____, 2004.

NOTICE OF INTENT TO FIND
PUBLIC SCHOOLS INTERLOCAL AGREEMENT
CONSISTENT WITH SECTION 163.31777(2) AND (3),
FLORIDA STATUTES
DCA DOCKET NO. 43-01

The Department gives notice of its intent to find the Public Schools Interlocal Agreement (“Agreement”) entered into by Martin County, Stuart and the Martin County School Board, pursuant to Section 163.31777, F.S., to be consistent with the minimum requirements of Sections 163.31777(2) and (3), F.S.

The Agreement is available for public inspection Monday through Friday, except for legal holidays, during normal business hours, at the Treasure Coast Regional Planning Council, 301 East Ocean Boulevard, Suite 300, Stuart, Florida 34994.

Any affected person, as defined in Section 163.31777(3)(b), F.S., has a right to petition for an administrative hearing to challenge the proposed agency determination that the Agreement is consistent with the minimum requirements of Section 163.31777(2) and (3), F.S. The petition must be filed within twenty-one (21) days after publication of this notice in the Florida Administrative Weekly, and must include all of the information and contents described in Uniform Rule 28-106.201, F.A.C. The petition must be filed with the Agency Clerk, Department of Community Affairs, 2555 Shumard Oak Boulevard, Tallahassee, Florida 32399-2100, and a copy mailed or delivered to Martin County, Stuart and the Martin County School Board. Failure to timely file a petition shall constitute a waiver of any right to request an administrative proceeding as a petitioner under Sections 120.569 and 120.57, F.S. If a petition is filed, the purpose of the administrative hearing will be to present evidence and testimony and forward a recommended order to the Department. If no petition is filed, this Notice of Intent shall become final agency action.

If a petition is filed, other affected persons may petition for leave to intervene in the proceeding. A petition for intervention must be filed at least twenty (20) days before the final hearing and must include all of the information and contents described in Uniform Rule 28-106.205, F.A.C. A petition for leave to intervene shall be filed at the Division of Administrative Hearings, Department of Management Services, 1230 Apalachee Parkway, Tallahassee, Florida 32399-3060. Failure to petition to intervene within the allowed time frame constitutes a waiver of any right such a person has to request a hearing under Sections 120.569 and 120.57, F.S., or to participate in the administrative hearing.

If a formal or informal proceeding is commenced as described above, any party to that proceeding may suggest mediation under Section 120.573, F.S. Mediation is not

available as of right, and will not occur unless all parties agree to participate in the mediation. Choosing mediation does not affect the right to an administrative hearing.

SOUTHWEST FLORIDA WATER
MANAGEMENT DISTRICT
PRIORITY LIST AND SCHEDULE FOR THE
ESTABLISHMENT OF MINIMUM FLOWS
AND LEVELS – 2004

Approved by the Governing Board – September 23, 2003
The District, pursuant to Section 373.042(2), Florida Statutes, provides its Governing Board approved 2004 Priority List and Schedule for the Establishment of Minimum Flows and Levels. The Priority List and Schedule and related information is updated annually.

The Priority List is based on the importance of waters to the state or region, the existence of or potential for significant harm to the water resources or ecology of the state or region and includes those waters which are experiencing or may reasonably be expected to experience adverse impacts. The District intends to voluntarily undertake independent scientific peer review for all water bodies on the Priority List.

NOTICE OF HOSPITAL FIXED NEED POOLS FOR ACUTE CARE HOSPITAL BEDS

The Agency for Health Care Administration publishes bed need for acute care hospital beds pursuant to the provisions of Rules 59C-1.008 and 59C-1.038, F.A.C. Letters of intent to apply for Certificates of Need pursuant to this notice must be filed with the Certificate of Need Program Office, Building 1, Room 220 MS28, 2727 Mahan Drive, Tallahassee, Florida 32308, on or before 5:00 p.m., February 9, 2004.

Any person who identifies any error in the published bed need must advise the agency of the error within ten (10) days of publication of the number. If the agency concurs with the error, the fixed need pool number will be adjusted and republished in the first available edition of the Florida Administrative Weekly. Failure to notify the agency of the error during this ten day time period will result in no adjustment to the bed need for this cycle and a waiver of the person's right to raise the error at subsequent proceedings. Any other adjustments will be made in the first cycle subsequent to identification of the error including those errors identified through administrative hearings or final judicial review.

Any person whose substantial interest is affected by this action and who timely advised the agency of any error in the action has a right to request an administrative hearing pursuant to Section 120.57, Florida Statutes. In order to request a proceeding under Section 120.57, Florida Statutes, your request for an administrative hearing must state with specificity which issues of material fact or law are in dispute. All requests for hearings shall be made to the Agency for Health Care Administration and must be filed with the agency clerk at 2727 Mahan Drive, Building 3, Suite 3431, Tallahassee, Florida 32308. All requests for hearings must be filed with the agency clerk within 30 days of this publication or the right to a hearing is waived.

NOTICE OF HOSPITAL FIXED NEED POOLS FOR PSYCHIATRIC AND SUBSTANCE ABUSE BEDS

The Agency for Health Care Administration has projected fixed bed need pools for adult and children and adolescent psychiatric and adult substance abuse beds for July 2009 pursuant to the provisions of Rules 59C-1.008, 59C-1.040, and 59C-1.041, F.A.C. Net bed need projections for adult and children and adolescent psychiatric and adult substance abuse hospital beds have been adjusted according to occupancy rate thresholds as prescribed by the above-mentioned rules. A fixed need pool projection for children and adolescent substance abuse beds is not made because the administrative rule governing this service does not include a mathematical formula for the calculation of need. An applicant seeking approval for these types of beds must establish need in its application. Letters of intent to apply for Certificates of Need pursuant to this notice must be filed with the Certificate of Need Program Office, Building 1, Room 220 MS28, 2727 Mahan Drive, Tallahassee, Florida 32308, on or before 5:00 p.m., February 9, 2004.

Any person who identifies any error in the fixed need pool numbers must advise the agency of the error within ten (10) days of publication of the number. If the agency concurs with the error, the fixed need pool number will be adjusted and republished in the first available edition of the Florida Administrative Weekly. Failure to notify the agency of the error during this ten day time period will result in no adjustment to the fixed need pool number for this cycle and a waiver of the person’s right to raise the error at subsequent proceedings. Any other adjustments will be made in the first cycle subsequent to identification of the error including those errors identified through administrative hearings or final judicial review.

Any person whose substantial interest is affected by this action and who timely advised the agency of any error in the action has a right to request an administrative hearing pursuant to Section 120.57, Florida Statutes. In order to request a proceeding under Section 120.57, Florida Statutes, your request for an administrative hearing must state with specificity which issues of material fact or law are in dispute.

All requests for hearings shall be made to the Agency for Health Care Administration and must be filed with the agency clerk at 2727 Mahan Drive, Building 3, Suite 3431, Tallahassee, Florida 32308. All requests for hearings must be filed with the agency clerk within 30 days of this publication or the right to a hearing is waived.

NOTICE OF FIXED NEED POOL FOR NEONATAL INTENSIVE CARE SERVICES FOR LEVEL II AND LEVEL III BEDS

The Agency for Health Care Administration has projected a fixed need pool for Level II and Level III neonatal intensive care unit services for July 2006, pursuant to the provisions of Rules 59C-1.008 and 59C-1.042, F.A.C. Letters of intent to apply for Certificates of Need pursuant to this notice must be filed with the Certificate of Need Program Office, Building 1, Room 220 MS28, 2727 Mahan Drive, Tallahassee, Florida 32308, on or before 5:00 p.m., February 9, 2004.

Any person who identifies any error in the fixed need pool numbers must advise the agency of the error within ten (10) days of publication of the number. If the agency concurs with the error, the fixed need pool number will be adjusted and republished in the first available edition of the Florida Administrative Weekly. Failure to notify the agency of the error during this ten day time period will result in no adjustment to the fixed need pool number for this cycle and a waiver of the person’s right to raise the error at subsequent proceedings. Any other adjustments will be made in the first cycle subsequent to identification of the error including those errors identified through administrative hearings or final judicial review.

Any person whose substantial interest is affected by this action and who timely advised the agency of any error in the action has a right to request an administrative hearing pursuant to Section 120.57, Florida Statutes. DEPARTMENT OF ENVIRONMENTAL PROTECTION

Pursuant to Chapter 2003-145, Laws of Florida, all notices for the Department of Environmental Protection are published on the Internet at the Department of Environmental Protection’s home page at <http://www.dep.state.fl.us/> under the link or button titled “Official Notices.”

DEPARTMENT OF JUVENILE JUSTICE

The Florida Department of Juvenile Justice has posted the following policies for a second review and comment period along with the matrix of comments from the first posting on MyFlorida.com at: <http://www.djj.state.fl.us/reference/policiesandprocedures/policyreview.html>. The following nine policies were previously approved as program policies (type C) by the Office of Detention Services, but are now classified as department-wide type B policies. The policies are: Facility Administration (FDJJ 4010); Security (FDJJ 4020); Booking (FDJJ 4030); Security (FDJJ 4040); Officer and Detainee Interaction (FDJJ 4050); Detainee Behavior and Consequences

(FDJJ 4060); Detainee Rights (FDJJ 4070); Detainee Daily Activities (FDJJ 4080); and Written Communication (FDJJ 4090). All of these policies impact Detention Services only.

The other policy posted today for a second review and comment period is Waivers and Alternative Compliance Measures to Departmental Policy FDJJ-1705 (department-wide policy type B). This policy outlines the process to be followed when a Waiver or Alternative Compliance Measure is sought for situations that are thoroughly justified and do not negatively impact staff safety; juvenile safety, security, treatment, or conditions of confinement; public safety; the officer certification process; or another branch of the Department.

For all ten policies listed above, this is the second of two – 20 working day review and comment periods. The closure date for submission of comments on this policy is February 19, 2004.

Note: The 20 working day review and comment period now commences with the publication of this notice in the FAW. Please submit comments to the contact person identified on the above Website. Responses to comments received will be posted during the review period to the extent possible, but no later than 10 working days after the end of the review period on the above Website.

DEPARTMENT OF FINANCIAL SERVICES

**NOTICE OF CONSIDERATION OF
CEMETERY BYLAWS**

The State of Florida, Board of Funeral and Cemetery Services, will address approval of the amended bylaws of the following cemetery at the regular meeting to be held on February 26, 2004, in Tampa, Florida:

Madcem Inc. d/b/a Forest Hills Memorial Park

A file pertaining to the above is available for public inspection and copying by any person at the Larson Building, 200 East Gaines Street, 5th Floor, Tallahassee, Florida 32399-0361. Comments may be submitted at the above address without requesting a hearing. Those persons whose substantial interests may be determined by these proceedings, including settlements, grants, and denials, are advised that they may request a hearing concerning the notice of intent to be conducted in accordance with the provisions of Section 120.57, Florida Statutes. The petitions for hearing should comply with Rule 69K-6.003, Florida Administrative Code, and must be filed within twenty-one (21) days of publication of this notice. Petitions shall be filed with: Clerk, Division of Consumer Services, Bureau of Funeral and Cemetery Services, The Larson Building, 200 East Gaines Street, Tallahassee, Florida 32399-0361. In deference to the rights of substantially affected persons, a hearing on these matters will be held at the meeting of the Board of Funeral and Cemetery Services to be held as

outlined above. All written comments and requests to address the Board must be received by the Department at least fourteen (14) days prior to the meeting.

STATEWIDE NOMINATING COMMISSION

Notice of Worker Compensation Judicial Vacancy
Miami District Office

The Statewide Nominating Commission for Judges of Compensation Claims announces that it is accepting applications for the Judge of Compensation Claims vacancy in the Miami District office. This vacancy has been created by the Governor Bush's appointment of Judge Maria Ortiz to the county court bench.

Qualified applicants must deliver the original completed application and one copy to the Chairperson, and one additional copy must be submitted to each Commission member, no later than 5:00 p.m. on February 16, 2004. Fax or emailed applications will not be accepted.

A public hearing to conduct interviews for this opening shall take place on Monday, March 1, 2004, at 9:00 a.m., at the Hyatt Regency Miami, 400 S. E. 2nd Avenue, Miami, FL.

Applications and the list of Commission members may be obtained from the Commission chairperson. Any questions or requests for applications should be directed to Victor Marrero, Commission chairperson, Vice President, Marsh USA, Inc., 1560 Sawgrass Corporate Parkway, Suite 300, Sunrise, FL 33345-9010, telephone (954)838-3451, facsimile (954)838-3700.

Notice of Worker Compensation Commission Vacancy

The Statewide Nominating Commission for Judges of Compensation Claims announces that it is accepting applications from interested persons to fill two open Commission appointed positions on their Commission. One opening requires the appointee to be a qualified person residing in the jurisdiction of the Second District Court of Appeal, and the other opening requires the appointee to be a qualified person residing in the jurisdiction of the Fourth District Court of Appeal. Pursuant to Section 440.45, Fla. Stat., at least one of the Commission appointed positions must be a member of a minority group as defined in Section 288.703(3), Fla. Stat. Each appointment shall be for a 4-year term.

No attorney who appears before any judge of compensation claims more than four times a year is eligible to serve on the statewide nominating commission.

Qualified applicants must deliver the original completed application and one copy to the Chairperson, and one additional copy must be submitted to each Commission member, no later than 5:00 p.m. on February 16, 2004. Fax or emailed applications will not be accepted.

A public hearing at which these openings will be filled shall take place on Monday, March 1, 2004, at 9:00 a.m., at the Hyatt Regency Miami, 400 S. E. 2nd Avenue, Miami, FL.

Applications for these positions and the list of Commission members to receive the applications may be obtained from the Commission chairperson. Any questions or requests for applications should be directed to Victor Marrero, Commission chairperson, Vice President, Marsh USA, Inc., 1560 Sawgrass Corporate Parkway, Suite 300, Sunrise, FL 33345-9010, telephone (954)838-3451, facsimile (954)838-3700.

Notice of Worker Compensation Judicial Vacancy
Tampa District Office

The Statewide Nominating Commission for Judges of Compensation Claims announces that it is accepting applications for the Judge of Compensation Claims vacancy in

the Tampa District office. This vacancy has been created by the announced retirement of Judge William Douglas, effective upon his term expiration on March 6, 2004.

Qualified applicants must deliver the original completed application and one copy to the Chairperson, and one additional copy must be submitted to each Commission member, no later than 5:00 p.m. on February 16, 2004. Fax or emailed applications will not be accepted.

A public hearing to conduct interviews for this opening shall take place on Monday, March 8, 2004, at 9:00 a.m., at the Hyatt Regency Orlando International Airport, 9300 Airport Boulevard, Orlando, FL.

Applications and the list of Commission members may be obtained from the Commission chairperson. Any questions or requests for applications should be directed to Victor Marrero, Commission Chairperson, Vice President, Marsh USA, Inc., 1560 Sawgrass Corporate Parkway, Suite 300, Sunrise, FL 33345-9010, telephone (954)838-3451, facsimile (954)838-3700.
