PROJECT FACT SHEET
Student Activities Center
BR-669

PROJECT DESCRIPTION

The project consists of site development and construction of a Student Activities Center of approximately 24,500 gsf. The new facility shall be located northwest of the existing Liberal Arts Building (exact location to be determined). The new facility will consist of Administrative space for Student Government and Campus organizations, a Multi-Purpose area, Student Lounge space, a Bookstore and Food Service, a Health Auxiliary space and Support Services. There shall be an exterior area adjacent to the building for student use for assemblies, concerts and social interactions.

This facility will be constructed using the construction management delivery process.

The Construction budget is approximately \$5 million.

SELECTION CRITERIA

Firms will be evaluated in the following areas: current workload, location, past performance, volume of state work, design ability, and experience and ability. Experience and ability scores will be based on the following criteria:

- 1. Experience of firm and individual members of the design team with project of similar size and program.
2. Experience of firm and individual members of the design team in planning, designing, estimating, and construction administration of projects similar in size and budget. Site examples of projects within the past five-year, including the ability to meet aggressive time and budget constraints.
3. Experience in campus planning, educational facilities and working with committees.
