

The Office determined that Part V, of Chapter 559, F.S. (2004) did not apply to the business method described in the petition, because it did not involve the collection of a “commercial claim” as that term is defined in Chapter 559, F.S. The Office took no position on whether Part VI, of Chapter 559 or Chapter 560, F.S., applied to the business method described in the petition.

NOTICE TO PROFESSIONAL CONSULTANTS

The University of Central Florida, on behalf of the State of Florida, Divisions of Colleges and Universities, announces that continuing professional services for minor projects are required in the following discipline(s): Civil Consultant

The consultant will provide civil, environmental and structural engineering design and evaluating services for educational (University) facilities, design services for small remodeling or maintenance type projects that are typically less than \$1,000,000 and will work with Architects and Engineers on design projects to ensure campus architectural design standards are followed.

Projects included in the scope of this agreement will be specific projects for renovations, alterations and additions that have a basic construction budget estimated to be \$1,000,000 or less, or studies for which the fee for professional services is \$100,000 or less. Campus Service contracts for these projects provide that the consultants will be available on an as-needed basis for this fiscal year, ending June 30, 2006. The consultant receiving the award may not have an exclusive contract to perform services for these projects. The university may have additional campus service professionals under contract during the same time period.

INSTRUCTIONS:
