

response to a petition for a declaratory statement from Christine Garrity, Petitioner, in DBPR Case No. DS 2005-032. The Petition lists Section 550.26165(4)(d), F.S. (corrected citation Section 550.2625(4)(d), F.S.), Florida Statutes, as the statutory provision upon which a declaratory statement is being sought. The Declaratory Statement advises that: artificial insemination of Standardbred horses, regardless of their location inside or outside the State of Florida, constitutes "breeding" in the State of Florida when using donated semen collected from a qualified Standardbred stallion located in the State of Florida, and such method is consistent with both the expressed intent of the applicable statutes and widely accepted current industry practices.

A copy of the Declaratory Statement may be obtained by writing: Agency Clerk, Department of Business and Professional Regulation, 1940 North Monroe Street, Tallahassee, Florida 32399.

**DEPARTMENT OF ENVIRONMENTAL PROTECTION**

**NOTICE TO PROFESSIONAL ENGINEERS**

Florida State University, State of Florida, announces that Professional Services in the discipline of engineering will be required for the project listed below:

Project No. FS-257

Project and Location: Life Sciences Teaching and Research Center, and Cage Wash Facility, Florida State University, Tallahassee, Florida

The project consists of implementing a building commissioning plan. The selected firm will prepare and execute a commissioning plan, implement best practice building commissioning procedures, perform design reviews, review contractor submittals, provide on site observations, pre-functional and functional testing (including seasonal testing), conduct training and provide Operations & Maintenance manuals and post occupancy review. The commissioning agent will be responsible for the commissioning process and must be independent from both design and construction teams. The commissioning agent will ensure that the building, its systems and its equipment are delivered to FSU fully functional and in accordance with the design intent. Blanket professional liability insurance will be required for this project in the amount of \$1,000,000, and will be provided as a part of Basic Services. At the University's option, the selected firm may be utilized on an as-needed basis for other University projects initiated on or before June 30, 2008.

**INSTRUCTIONS:**

Firms desiring to apply for consideration shall submit a letter of application.

The letter of application should have attached:

1. A completed Florida State University "Professional Qualifications Supplement," dated August, 2003. Applications on any other form, or on versions dated prior to 8/03, will not be considered.
2. A copy of the applicant's current Professional Registration Certificate from the appropriate governing board. An applicant must be properly registered at the time of application to
