PURPOSE AND EFFECT: The purpose of the proposed amendments to Rule Chapter 12B-6, F.A.C., Gross Receipts Tax, is to implement the provisions of Sections 203.01 and 203.012, F.S., as amended by Sections 1 and 2, Chapter 2005-148, L.O.F., which, effective January 1, 2006, imposes a tax on utility services delivered to a retail consumer in Florida. When adopted, these proposed changes to Rule Chapter 12B-6, F.A.C., will provide guidelines regarding the Department's administration of the gross receipts tax imposed by Chapter 203, F.S., as amended by Chapter 2005-148, L.O.F.

The purpose of the substantial rewording of Rule 12B-6.001, F.A.C., is to: (1) change the title to "Scope; Definitions; Index Price"; (2) provide that the rule chapter applies to the tax imposed under Chapter 203, F.S., on utility services delivered to a retail consumer in Florida; (3) define the terms "cost price," "distribution company," "Department," "electricity index price," "gas index price," "gross receipts," "utility services," and "person" for purposes of the rule chapter; (4) provide that the gross receipts tax imposed on certain utility services delivered to a retail consumer in Florida is based on an index price; (5) provide how the Department will announce the annual index prices for electricity and for natural and manufactured gas; and (6) provide that the index price applies to electricity only if the transportation of the electricity is sold independent of the sale of the electricity itself.

The purpose of the proposed creation of new Rule 12B-6.0015, F.A.C. (Imposition of the Gross Receipts Tax), is to: (1) provide that the 2.5 percent gross receipts tax is imposed on distribution companies' gross receipts from the privilege of selling and transporting natural or manufactured gas to retail consumers in Florida; (2) provide how the tax is computed based on the index price; (3) provide that the sale or transportation of natural or manufactured gas to public or private utilities for use as a fuel in the generation of electricity or for resale is not subject to tax; (4) provide that the sale or transportation of natural or manufactured gas to persons eligible for an exemption under Section 212.08(7)(ff)2., F.S., for use as an energy source or a raw material is not subject to tax and guidelines on how to document such sales; (5) provide that the 2.5 percent gross receipts tax is imposed on

distribution companies' gross receipts from the privilege of selling and transporting electricity to retail consumers in Florida and how the tax is to be calculated; (6) provide that the tax does not apply to receipts from customers for purposes of resale; (7) provide that receipts from separately itemized charges for the connection, disconnection, suspension, or restoration of utility services are not subject to tax; (8) provide that receipts from separately itemized fees for returned checks, late payments, and interest due on late payments are not subject to the gross receipts tax; (9) provide that receipts from separately itemized charges for the sale, lease, rental, repair, or maintenance of customer premises equipment are not subject to gross receipts tax; (10) provide guidelines on how gross receipts tax is applied to charges for utility services separately itemized to customers as an amount for services based on a standard rate amount with a separate rate adjustment; (11) provide that each and every fee imposed by a political subdivision of the State of Florida that is passed on to the customer as a separately itemized charge is included in the gross receipts subject to tax; (12) provide that any municipal public service tax and any sales tax separately itemized to the customer is not included in the gross receipts subject to tax; (13) provide that the sale or delivery of electricity as part of an electric interchange agreement or contract between utilities is not subject to tax and guidelines on how to document such sale or delivery; (14) provide that wholesales sales of electric transmission services and the loss of electricity from the generation, transmission, or distribution of electricity is not subject to tax; (15) provide guidelines regarding any separately itemized charge for gross receipts tax on a customer's bill, invoice, statement, or other evidence of sale; (16) provide guidelines on the imposition of tax on natural or manufactured gas imported into Florida for which the Florida gross receipts tax has not been paid; (17) provide guidelines on how to document sales of utility services for purposes of resale; and (18) provide recordkeeping requirements for taxpayers who sell or deliver utility services.

The purpose of the proposed amendments to Rule 12B-6.0021, F.A.C. (Registration), is to provide that prior to engaging in the business of selling, transporting, delivering, or importing utility services in Florida, every person is required to register with the Department.

The purpose of the proposed amendments to Rule 12B-6.005, F.A.C. (Payment of Tax; Reports; Public Use Forms), is to: (1) replace the term "utility provider" with the term "taxpayer"; (2) provide guidelines for when taxpayers may elect to pay the gross receipts tax on total billings for electricity each month or on the actual gross receipts for electricity received in that month; (3) remove obsolete provisions regarding the filing of an application for refund; (4) provide that persons engaged in the transportation of natural or manufactured gas must provide the Department with a list of customers to whom transportation services were provided in the prior year or to post such list on a

publicly-accessible Internet web site; and (5) update information on how to obtain Form DR-133, Gross Receipts Tax Return, from the Department.

The purpose of the proposed amendments to Rule 12B-6.0051, F.A.C. (Public Service Tax Reporting Forms), is to update information on how to obtain Form DR-700001, Municipal Public Service Tax Data Base, from the Department.

SUBJECT AREA TO BE ADDRESSED: The subject of this rule development workshop is the proposed guidelines regarding the gross receipts tax imposed on utility services by Chapter 203, F.S., as amended, by Chapter 2005-148, L.O.F., and effective January 1, 2006.

(Substantial Rewording of Rule 12B-6.001 follows. See Florida Administrative Code for present text.)

12B-6.001 Scope; Definitions; Index Price ~~Imposition of the Gross Receipts Tax.~~

(1) **SCOPE.** This rule chapter applies to the tax imposed by Chapter 203, F.S., on utility services delivered to a retail consumer in Florida.

(2) **DEFINITIONS.** For purposes of this rule chapter:

(a) “Cost price” means the actual cost of articles of tangible personal property without any deductions therefrom on account of the cost of materials used, labor or service costs, transportation charges, or any expenses whatsoever.

(b) “Distribution company” means any person owning or operating local electric, or natural or manufactured gas, utility distribution facilities within this state for the transmission, delivery, and sale of electricity or natural or manufactured gas. The term does not include natural gas transmission companies that are subject to the jurisdiction of the Federal Energy Regulatory Commission.

(c) “Department” means the Florida Department of Revenue.

(d) “Electricity index price” means the applicable residential, industrial, or commercial price per kilowatt hour for retail consumers in Florida in the previous calendar year, as published in the United States Energy Information Administration Electric Power Monthly.

(e) “Gas index price” means the applicable residential, industrial, or commercial price per 1,000 cubic feet for retail consumers in Florida in the previous calendar year, as published in the United States Energy Information Administration Natural Gas Monthly.

(f) “Gross receipts” means the total payments received in money, goods, services, or other consideration.

(g) “Person” includes any individual, firm, copartnership, joint adventure, association, corporation, estate, trust, business trust, receiver, syndicate, or other group or combination acting as a unit and also includes any political subdivision, municipality, state agency, bureau, or department and includes the plural as well as the singular number.

(h) “Utility services” means electricity for light, heat, or power; and natural or manufactured gas for light, heat, or power, including transportation, delivery, transmission, and distribution of the electricity or natural or manufactured gas. Liquefied petroleum gas is sold in liquid form and transformed into gas when released from the container to be used for fuel. The term “utility services” does not include liquefied petroleum gas.

(3) **INDEX PRICE.** The calculation of the tax imposed on certain utility services delivered to a retail consumer in Florida is based on an index price.

(a) The Department will announce the residential, commercial, and industrial index prices for electricity and for natural and manufactured gas on June 1 of each year through issuance of a Taxpayer Information Publication and by posting the rates on the Department’s Internet web site located on the Internet at www.myflorida.com/dor/taxes. The index prices announced by the Department on June 1 will be effective from the following July 1 through June 30, and will apply to any bill dated on or after July 1 in the year in which the change becomes effective. The initial index prices effective January 1, 2006, through June 30, 2006, have been announced by the Department with Tax Information Publication [insert number] and shall apply to any bill dated on or after January 1, 2006, until the new index prices become effective on July 1, 2006.

(b) The index prices for electricity only apply if the transportation of electricity is sold independent of the sale of the electricity itself. If electricity is sold to a retail consumer in Florida for a price that includes both a charge for the electricity and a charge for the transportation of the electricity, the calculation of tax imposed by Chapter 203, F.S., is calculated by using the distribution company's gross receipts, rather than through use of an index price.

12B-6.0015 Imposition of the Gross Receipts Tax.

(1) NATURAL OR MANUFACTURED GAS.

(a) A tax is imposed at the rate of 2.5 percent on distribution companies' gross receipts from the privilege of selling and transporting natural or manufactured gas to a retail consumer in this state. The gross receipts tax on the sale and transportation of natural or manufactured gas is calculated as follows: (number of cubic feet of gas sold or transported) ÷ 1,000 × (the applicable gas index price) × (2.5 percent).

(b) The tax imposed in paragraph (1)(a) does not apply to:

1. The sale or transportation of natural or manufactured gas to a public or private utility, including a municipal corporation, or agency thereof, or rural electric cooperative association for use as a fuel in the generation of electricity;

2. Subject to the documentation requirements outlined in subsection (5), the sale or transportation of natural or manufactured gas to a public or private utility, including a municipal corporation or agency thereof, or rural electric cooperative association for resale;

3. The sale or transportation to, or use of, natural or manufactured gas by any person eligible for an exemption under Section 212.08(7)(ff)2., F.S., for use as an energy source or a raw material. A seller or distributor of natural or manufactured gas is not liable for remitting tax on the untaxable portion of natural or manufactured gas sold or transported if the seller or transporter possesses a written statement from the purchaser that certifies the purchaser's entitlement to the exclusion permitted by this subparagraph, but only if the certification includes an acknowledgment that the purchaser will be liable for applicable taxes if the requirements for exclusion are not satisfied. The following is a suggested format of an exemption certificate to be issued by a manufacturer to a natural or manufactured gas distribution company:

SECTION 212.08(7)(ff)2., F.S.

Furthermore, the applicable purchases were made by a company whose four-digit SIC Industry Number, as listed below, is classified under SIC Industry Major Group Number 10, 12 through 14, 20, or 22 through 39 or Group Number 212 in the Standard Industrial Classification (SIC) Manual, 1987, published by the federal Office of Management and Budget.

Furthermore, the electricity or steam purchased for the accounts indicated below, meet the following requirements:

1. 75% or more of the electricity or steam is used to operate machinery and equipment at a fixed location, as described above, and qualifies for a 100% exemption; or

2. More than 50% but less than 75% of the electricity or steam is used to operate machinery and equipment at a fixed location, as described above, and qualifies for a 50% exemption.

I understand that if such purchases of natural or manufactured gas do not qualify for the exemption as indicated on this certification, I must pay the applicable tax directly to the Department of Revenue.

Under penalties of perjury, I declare that I have read the foregoing certificate and the facts stated herein are true.

(2) ELECTRICITY.

(a) A tax is imposed at the rate of 2.5 percent on a distribution company's gross receipts from the privilege of selling electricity that is delivered to a retail consumer in this state when the charge to the consumer includes charges for both the electricity and the transportation of the electricity. Tax imposed pursuant to this subparagraph is calculated by multiplying the distribution company's gross receipts by 2.5 percent.

1. The tax imposed in paragraph (2)(a) does not apply to:

a. Receipts from customers for separately itemized charges for the connection, disconnection, suspension, or restoration of electricity;

b. Receipts from customers for separately itemized charges for returned checks or other forms of payment, late payments, or interest due on late payments;

c. Receipts from customers for separately itemized charges for the sale, lease, rental, repair, or maintenance of customer premises equipment;

2.a. When charges for utility services are separately itemized as an amount for services based on a standard rate amount with a separate rate adjustment on the same billing, invoice, statement, or other evidence of sale for services, gross receipts tax is due on the receipts for utility services after the application of the rate adjustment.

b. Example: A customer purchases electricity from an electric utility under an energy management program. The customer is billed the standard residential rate. In addition, the customer receives load management monthly credits for allowing specified electrical equipment to be interrupted at the option of the electric utility. The charge for electric service after the load management credits are applied against the charge at the standard residential rate is the amount subject to the gross receipts tax.

c. Example: A customer purchases electricity from an electric utility at the standard residential service rate. The electric utility charges each residential customer in this rate class an additional energy cost recovery factor, called "energy charges," on a per kilowatt hour basis. The customer is billed for electricity at the standard residential rate, plus the applicable energy charges. The amount charged to the customer at the standard residential rate, plus the amount of the energy charges, is the amount subject to the gross receipts tax.

3. Each and every fee imposed by a political subdivision of the State of Florida on the distribution company, such as a franchise fee, is included in the charge upon which the gross receipts tax is computed, when the fees are passed on to the customer and separately itemized on a customer's bill, invoice, statement, or other evidence of sale.

4. Any municipal public service tax imposed under Section 166.231 or 166.232, F.S., or any sales tax imposed under Chapter 212, F.S., on the sale or purchase of electric power or energy is not included in the charge upon which the gross receipts tax is computed when the municipal tax or sales tax is separately itemized on a customer's bill, invoice, statement, or other evidence of sale.

(b) Each distribution company that receives payment for the delivery of electricity to a retail consumer in this state is subject to tax on the exercise of this privilege as provided by this paragraph, unless the payment is subject to tax under paragraph (a). Under this paragraph, the gross receipts tax on the delivery of electricity is calculated as follows: (number of kilowatt hours delivered) × (the applicable electricity index price) × (2.5 percent).

(c) The tax imposed in paragraphs (2)(a) and (b) does not apply to:

1. The sale or delivery of electricity to a public or private utility, including a municipal corporation or agency thereof, or rural electric cooperative association, for resale subject to the documentation requirements outlined in subsection (5);

2. The sale or delivery of electricity to a public or private utility, including a municipal corporation or agency thereof, or rural electric cooperative association, as part of an electric interchange agreement or contract between such utilities for the purpose of transferring more economically generated power.

a. The electric utility is required to maintain a copy of the agreement or contract in its books and records and is not required to meet the provisions of this rule regarding sales for resale.

b. The internal use, including interdepartmental transfers, of the purchased power is not subject to tax.

3. Wholesale sales of electric transmission service.

4. The loss of electricity resulting from the generation, transmission, or distribution of electricity, including line losses, generation losses, and any other losses for which charges are not made to the electric utility's customers.

(3) SEPARATELY ITEMIZED CHARGES. A distribution company may wholly or partially separately itemize the gross receipts tax on the customer's bill, invoice, statement, or other evidence of sale. However, the gross receipts tax is imposed on the privilege of doing business, and it is an item of cost to the distribution company. The distribution company remains fully and completely liable for the payment of the tax, even when the tax is wholly or partially separately itemized on the customer's bill, invoice, statement, or other evidence of sale. When the tax is wholly or partially separately itemized, every person, including governmental units and charitable and religious organizations, is liable for the payment of the tax to the distribution company.

(4) USE TAX.

(a) Gross receipts tax is levied upon a person's cost price of electricity, or natural or manufactured gas, imported into this state or severed within this state for the person's own use or consumption as a substitute for purchasing utility, transportation, or delivery services taxable under Chapter 203, F.S., and who cannot demonstrate payment of the tax imposed by Chapter 203, F.S. The tax imposed pursuant to this paragraph is calculated by multiplying the cost price of the utility service by 2.5 percent.

(b) The tax levied pursuant to paragraph (4)(a) does not apply to:

1. The use of natural gas in the production of oil or gas, or the use of natural or manufactured gas by a person transporting natural or manufactured gas, when used and consumed in providing such services; or

2. The loss of electricity resulting from the generation, transmission, or distribution of electricity, including line losses, generation losses, and any other losses for which charges are not made to the electric utility's customers.

(5) SALES FOR RESALE. The sale, transportation, or delivery of utility services for resale are only exempt from the tax imposed under Chapter 203, F.S., if the sale, transportation, or delivery is documented in strict compliance with this rule. Distribution companies must document sales for resale by obtaining resale certificates from customers who purchase transportation, delivery, or utility services for the purposes of resale. The distribution company is only required to obtain one certificate for sales made for the purposes of resale from each customer making purchases for the purposes of resale. The certificate must contain the purchaser's name and address, the purchaser's gross receipts tax registration number and its effective date, a statement that the purchases are for the purpose of resale, the signature of the purchaser or an authorized representative of the purchaser, and the date of issuance. The following is a suggested format of a resale certificate:

RESALE CERTIFICATE FOR GROSS RECEIPTS TAX ON UTILITY SERVICES

This is to certify that the electricity for light, heat, or power or the natural or manufactured gas for light, heat, or power purchased after (date) from (seller's name) is purchased for the purpose of resale pursuant to Chapter 203, F.S.

I understand that if I fraudulently issue this certificate to evade the payment of gross receipts tax I will be liable for payment of the tax directly to the Department and subject to the penalties imposed under Section 203.03(2), F.S.

I understand that I must disclose to the seller, or remit tax on, any purchase not for resale when tax was not paid to the seller and/or distribution company.

Under penalties of perjury, I declare that I have read the foregoing certificate and the facts stated herein are true.

(6) RECORDKEEPING REQUIREMENTS. Distribution companies that sell, transport, or deliver utility services to retail consumers in Florida and taxpayers that import utility services into Florida for their own use must maintain electrical interchange agreements or contracts, resale certificates, exemption certificates, and other documentation required under the provisions of this rule chapter in their books and

records until tax imposed under Chapter 203, F.S., may no longer be determined and assessed under Section 95.091, F.S. Electronic storage of required documentation through the use of imaging, microfiche, or other electric storage media will satisfy compliance with recordkeeping requirements.

(1)(a) Except as provided in Rule Chapter 12-24, F.A.C., and paragraph (c) below, all taxes imposed on utility services are due to the Department on or before the last day of the month following the date of the sale or transaction. The payment and return must either reach the Department or be postmarked on or before the last day of the month for receipts for utility services received in the preceding calendar month for a taxpayer utility provider to avoid penalty and interest for late filing. When the last day of the month falls on a Saturday, Sunday, or a legal holiday, payments accompanied by returns will be accepted as timely if postmarked or delivered to the Department on the next succeeding day that is not a Saturday, a Sunday, or a legal holiday. A tax return is required to be filed on or before the last day of each month even when no tax is due. The report is required to be signed by an officer or a representative duly authorized to act by the taxpayer. For this purpose, a legal holiday means a holiday that is observed by federal or state agencies as a legal holiday as this term is defined in Chapter 683, F.S., and Section 7503 of the 1986 Internal Revenue Code, as amended. 3. No tax is due with a return for reporting tax.

(d)1. For taxes levied pursuant to paragraph (2)(a) of Rule 12B-6.0015, F.A.C., the ~~A~~ taxpayer may elect to pay the gross receipts tax on total billings for electricity utility services for each month or on the actual gross receipts for electricity utility services received in that month.

2. When the ~~taxpayer utility provider~~ elects to pay gross receipts tax on total billings for electricity utility services, the ~~taxpayer provider~~ may take a credit for net uncollectibles for which gross receipts tax has been previously paid to the Department. The credit must be reported on the provider's return in accordance with the timing provisions of Section 215.26(2), F.S.

3. In lieu of a credit for net uncollectibles, the ~~taxpayer provider~~ may seek a refund of tax previously paid by filing an Application for Refund (Form form DR-26, incorporated by reference in Rule 12-26.008, F.A.C.) with the Department. The application for refund must be filed in accordance with the timing provisions of Section 215.26(2), F.S., and must meet the requirements of Sections 213.255(2) and (3), F.S., and Rule 12-26.003, F.A.C.

DEPARTMENT OF TRANSPORTATION

RULE CHAPTER TITLE: Incorporation by Reference
RULE CHAPTER NO.: 14-15
RULE TITLE: Toll Facilities Description and Toll Rate Schedule
RULE NO.: 14-15.0081

PURPOSE AND EFFECT: The purpose of this notice of rulemaking is to allow the public an opportunity to provide input to changes in the Toll Facilities Description and Toll Rate Schedule resulting from a proposed toll rate increase for I-75/Alligator Alley in Collier and Broward Counties.

SUMMARY: The toll rate for two-axle vehicles has not changed along I-75/Alligator Alley since 1969. In 1999, the Florida Department of Transportation adopted a new one-directional tolling plan with two mainline toll plazas. In addition, the Department also adopted the conversion of 3-axle or more vehicles to the N minus 1 method of toll collection. The present two-axle rate along I-75/Alligator Alley is 1.9 cents per mile. The proposed increase will bring the average toll rate to 2.6 cents per mile for SunPass® customers and 3.2 cents per mile for cash customers. The proposed increase will enable additional revenues to be collected and used to fund various improvement projects. In addition, the SunPass® Electronic Toll Collection System Frequent User Toll Discount Pilot Project, pursuant to the amendment to Rule 14-15.0081,

F.A.C., on July 29, 1998, has been completed, and the toll discount program will be discontinued. The toll rate increase has a proposed effective date of January 8, 2006. The total additional revenue in Fiscal Year 2005-06 attributable to the proposed toll rate increase and the discontinuance of the toll discount program is estimated to be \$3.2 million.

The public will benefit from these additional revenues in that under the Florida Intrastate Highway System and Toll Facilities Law (Section 338.165, F.S.), the Department shall use these funds for repairing, maintaining, and operating the Department facilities in the counties they are located and for supporting the issuance of Revenue Bonds to pay the cost of other Department projects to the benefit of the motorist.

SPECIFIC AUTHORITY: 334.044(2), 338.155(1) FS.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: No statement of estimated regulatory cost has been prepared.

14-22.006 Current Capacity Rating.

(1) No change.

(2) In determining the Current Capacity of a prospective bidder, the deduction for uncompleted work shall include work subcontracted from others. The bidder will be given credit for work sublet to others; provided, for contracts with the Department, the request for authorization to sublet the work has been approved in writing. The Department, in determining the bidder's eligibility to be issued a bid proposal, will decrease a bidder's uncompleted work by deducting ten percent per month from the "Status of Contracts on Hand" report in the Certification of Current Capacity form submitted with the bidder's most recent bid or the uncompleted work listed in the bidders's Application for Qualification, whichever is most current, which will increase the Current Capacity accordingly.

(3) In order for the Department to have the information required to determine a bidder's Current Capacity, it is necessary that the bidder submit on the day of the letting, a Certification of Current Capacity, Form 375-020-22, Rev. ~~05/05 08/00~~, that shall be executed under oath ~~and be accompanied and supported by a Status of Contracts on Hand, Form 375-020-21, Rev. 10/93, report.~~ This form ~~These documents~~ must be included in at least one bid proposal for each letting bid upon that the bidder submits bids. Failure to submit ~~this these~~ documents may result in a determination that all bids submitted by the bidder for that letting are non-responsive or irregular and not to be considered. The Department shall include the Certification of Current Capacity, Form 375-020-22, Rev. ~~05/05 08/00~~, ~~and the Status of Contracts on Hand, Form 375-020-21, Rev. 10/93,~~ with the proposal documents issued to the bidder.

(4) In preparing the Certification of Current Capacity, Form 375-020-22, Rev. ~~05/05 08/00~~, ~~and Status of Contracts on Hand, Form 375-020-21, Rev. 10/93, reports,~~ the following shall apply:

(a) If the letting is not later than the 25th day of the month, the certification and report shall reflect the uncompleted work as of the 15th day of the month preceding the month of the letting.

(b) If the letting is after the 25th day of the month, the certificate and report shall reflect the uncompleted work in progress as of the 15th day of the month of the letting.

(c) In determining a bidder's Current Capacity, any projects in a prior letting pending award by the Department to such bidder also shall be debited against the bidder's Current

Capacity unless the award is to be delayed for an indefinite period of time. Further, no credit shall be given for proposed subcontracting of any work included in such proposal pending award.

RULE TITLE:

RULE NO.:

Publications, Rules and Interagency

Agreements Incorporated by Reference 40E-4.091

PURPOSE AND EFFECT: To provide an alternative mechanism for providing notice of a standard general surface water management or environmental resource permit to homeowner or property owner associations and facilitate the processing of requests for conversion of surface water management and environmental resource permits to the operation phase; to make minor corrections to Appendix 6 of the Basis of Review for Environmental Resource Permits Within the South Florida Water Management District; and to add references to previously adopted financial assurance forms.

SUMMARY: The proposed amendments will provide an alternative for homeowner and property owner associations to record a notice of environmental resource or surface water management permit in the county's public records rather than attaching a permit to the recorded homeowner or property owner association documents as currently required by Section 9.2.4. In addition, minor corrections will be made to Appendix 6 and references to previously adopted financial assurance forms will be added to Sections 4.3.7.6 and 4.4.4.7.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: A Statement of Estimated Regulatory Cost has not been prepared based on the District's determination that the proposed revisions will not result in a substantial increase in the costs to affected parties and there will not be significant adverse effects on competition, employment, investment or productivity.

Any person who wishes to provide information regarding the statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE TITLE: Content of Permit Applications

RULE NO.: 40E-4.101

PURPOSE AND EFFECT: To expand the noticing aspect of Rule 40E-4.101, F.A.C., to require recording of a Notice of Environmental Resource or Surface Water Management Permit for standard general permits in the public records of the county where the property is located. Currently, Rule 40E-4.101, F.A.C., requires the notice to be filed for individual permits only. The purpose of the Notice is to provide purchasers of real

property containing a surface water management system with notice that there is a standard general permit and that the permit does not run with the land and therefore must be transferred. Sellers are notified of the requirement to transfer the permit. The notice shall not operate as an encumbrance.

SUMMARY: Expanding the recording requirement to include standard general permits will increase the notice of the District permit pertaining to property that does not meet the thresholds for an individual permit.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: A Statement of Estimated Regulatory Cost has not been prepared based on the District’s determination that the proposed revisions will not result in a substantial increase in the costs to affected parties and there will not be significant adverse effects on competition, employment, investment or productivity.

Any person who wishes to provide information regarding the statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

- (1) through (2) No change.

(3) The MFL's established herein are based on existing best available information, and will be periodically reviewed, at least every five years, based on new information and changing water resource conditions. Revisions to established MFLs will be peer reviewed as required by Section 373.042, F.S., prior to rule adoption. The minimum flow criteria for the Caloosahatchee River in subsection 40E-8.221(2), F.A.C., shall be reviewed within one year of the effective date of this rule, September 10, 2001, and amended, as necessary, based on best available information.

(4) The recovery and prevention strategies set forth in Rule 40E-8.421, F.A.C., the consumptive use permitting procedures described in paragraph 40E-2.301(1)(i), Rule 40E-8.431, F.A.C., and Section 3.9 of the "Basis of Review for Water Use Permit Applications within the South Florida Water Management District – September 10, 2001," and the water shortage plan implementation provisions specified in Rules 40E-8.441, 40E-21.531, and 40E-21.541, and Part III of Chapter 40E-22, F.A.C., September 10, 2001, are inseparable components of the minimum flows and levels established in Rules 40E-8.321 and 40E-8.331, F.A.C., September 10, 2001. The District would not have adopted the minimum flows and levels set forth in Rules 40E-8.321 and 40E-8.331, F.A.C., for Lake Okeechobee, the Everglades, the Biscayne Aquifer, the Lower West Coast Aquifers, and the Caloosahatchee River without simultaneously adopting their related implementation rules. If the rules cited above, as they pertain to a specified MFL water body, are found to be invalid, in whole or in part, such specified minimum flow(s) or level(s) in Rule 40E-8.321 or 40E-8.331, F.A.C., (including Lake Okeechobee, Everglades, Biscayne Aquifer, Lower West Coast Aquifers, Caloosahatchee River) (month, year) shall not be adopted, or if already in effect, shall not continue to be applied, until the District amends the applicable regional water supply plan(s), as necessary, and amends the subject rules, as necessary to address the reason for invalidity consistent with the requirements of Section 373.0421, F.S. This section shall be triggered after a rule is found to be invalid pursuant to a final order issued under Section 120.56, F.S., and after appellate review remedies have been exhausted.

(5) In concert with establishment of the MFL for the Northwest Fork of the Loxahatchee River in subsection 40E-8.221(5), F.A.C., the District commits to the following activities that are described in greater detail in the Recovery and Prevention Strategy section, subsection 40E-8.421(6), F.A.C.:

Specific Authority 373.044, 373.113, 373.171 FS. Law Implemented 373.016, 373.036, 373.0361, 373.042, 373.0421 FS. History–New _____.

40E-8.421 Prevention and Recovery Strategies.

(1)(a) through (d) No change.

(e) Upon completion of each project or project phase of a recovery or prevention plan the District will certify the availability of water, as defined in subsection 40E-8.021(5), F.A.C.

(f) No change.

(2) through (7) No change.

(8) Lake Istokpoga. The water levels in Lake Istokpoga are controlled by operation of water control structures (G-85 and, primarily, S-68) as guided by a regulation schedule adopted by the U. S. Army Corps of Engineers and implemented by the District. The existing regulation schedule, typical regional weather patterns, and present levels of inflows from area creeks make violation of the Lake’s minimum level unlikely: no such events have occurred since implementation of the Lake regulation schedule. Analysis of the current regulation schedule and operational policies for the Lake indicate the proposed Lake Istokpoga minimum level will be met for the foreseeable future. Therefore, the prevention strategy for Lake Istokpoga consists of continuation of the current operational plan and regulation schedule. The District, in coordination with other appropriate agencies, should also plan and operate extreme Lake drawdowns for environmental purposes in a manner that, to the greatest extent possible, avoids a MFL violation. If significant changes to the Lake’s water level management occurs due to new information, altered operational plans, or regulation schedule, a re-evaluation of the minimum level criteria will be conducted. This re-evaluation will occur as part of the next Lake Istokpoga MFL update which is scheduled to occur in 2010, or sooner, if significant changes to Lake management are proposed.

program meets the criteria applicable to primary stroke centers contained in this rule. Hospitals shall insure that programs established to serve as primary stroke centers maintain standards in this rule which are substantially similar to the standards adopted by JCAHO for Primary Stroke Centers. Hospitals shall insure that stroke centers establish specific procedures for screening patients that recognize that numerous conditions, including cardiac disorders, often mimic stroke in children. Stroke centers should insure that transfer to an appropriate facility for specialized care is provided to children and young adults with known childhood diagnoses. The criteria that must be met to qualify for designation as a primary stroke centers are:

1. Delivering or Facilitating Clinical Care. These activities require an interdisciplinary approach and each hospital operating a primary stroke center shall insure that each practitioner's role and responsibilities are determined by his or her professional skills, competence, and credentials. Hospitals shall insure that the program's policies include criteria to address the following standards:

a. Practitioners are qualified and competent. Criteria for compliance with this requirement, which shall apply to all practitioners, including licensed independent practitioners, are:

(I) Practitioners have educational backgrounds, experience, training, and/or certification consistent with the program's mission, goals, and objectives.

SERVICES TO YOUNG ADULTS FORMERLY IN THE CUSTODY OF THE DEPARTMENT

65C-31.001 Definitions.

(1) “Aftercare Support Services” means services intended to assist young adults in developing “the skills and abilities necessary for independent living”. These services specifically include temporary financial assistance, mentoring and tutoring, mental health services and substance abuse counseling, life skills classes, including credit management and preventive health activities, parenting classes, job skills training, and counselor consultations. Temporary assistance to prevent homelessness should be considered emergency assistance.

(2) “Approval Authority” means the staff member(s) designated by the district/region/Community-based care with fiscal authority to approve cash payments. (Note: reviewing and approval authorities may be the same person(s).)

(3) “Denial” means full denial or partial denial, in cases where the CBC does not approve the full amount of funding or services requested.

(4) “Designated staff” – those staff assigned by the district/region or community-based care agency to work with youth age 13 up to the 23rd birthday to implement and conduct a program for independent living as mandated by Section 409.1451, F.S.

(5) “Education and Training Vouchers” (ETV) means federal funds provided to young adults formerly in foster care eligible to receive independent living services and youth who were adopted from foster care at age 16 or 17. Students receiving ETV funds must be attending an institution of higher education. ETV funds provide financial assistance to young adults to promote educational and vocational training opportunities.

(6) “Fair Hearings” means the appeals process federally mandated for the title IV-E independent living program by 45 C.F.R. 1356.10 and 45 C.F.R. 1355.30. The required details of this appeals process are provided in 45 C.F.R. 205.10. The

Department of Children and Families has already incorporated this appeals process, in Chapter 65-2, F.A.C., for other federal public assistance programs. However, certain provisions for Independent Living Fair Hearings which differ from those for other programs will be listed in the [next] draft of Rule 65C-28.0200, F.A.C.

(7) “Independent Living benefit” means any type of financial aid or service provided to eligible young adults pursuant to Florida Statute Section 409.1451(5), F.S. These benefits are categorized as either aftercare support services, transitional services, or the Road to Independence Scholarship.

(8) “Initial Application” means the “Road to Independence Scholarship and ETV Funds Application” CF-FSP 5295, September 2005, incorporated by reference, is required for the initial Road to Independence Scholarship, which can be made anytime prior to the young adult’s 21st birthday.

(9) “Institution of Higher Education” means a school that awards a bachelor’s degree or not less than a two year program that provides credit towards a degree or, provides not less than one year of training towards gainful employment or, is a vocational program that provides training for gainful employment and has been in existence for at least two years. The school must be accredited or preaccredited and is authorized to operate in that state.

(10) “Reinstatement Application” means the “Road to Independence Scholarship and/or Education Training Vouchers (ETV) Funds Reinstatement Application” CF-FSP 5297, September 2005, incorporated by reference, that must be submitted by a former recipient of the Road to Independence scholarship prior to his/her 23rd birthday in order to reinstate their scholarship award after an interruption of benefits.

(11) “Renewal Application” means the “Road to Independence Scholarship and/or ETV Funds Renewal Checklist” CF-FSP 5296, September 2005, incorporated by reference, means the application that must be submitted by Road to Independence scholarship recipients on an annual basis in order to continue his/her scholarship award.

(12) “Reviewing Authority” means the staff member(s) or committee head(s) designated by the district/region or community-based care to review the applications associated with Section 409.1451 F.S., and determine eligibility.

(13) “Road to Independence Scholarship Program” means the financial educational assistance available to qualifying young adults under the eligibility requirements contained in Section 409.1451(5)(b), F.S.

(14) “Transition Plan”, CF-FSP 5293, September 2005, incorporated by reference means the required written plan that contains specific strategies to assist the young adult with achieving self-sufficiency and developing a personal support system. This plan is created by the young adult with the assistance of Child Welfare/Community-based care staff.

(15) “Transition Staffing” means meetings similar to Permanency Staffings to discuss the progress of young adults toward achieving his/her plan for transition to adulthood and self-sufficiency.

(16) “Transitional Support Services” means “other appropriate short-term services” to be provided if the young adult demonstrates that the services are critical to the young adult’s own efforts to achieve self-sufficiency and to develop a personal support system. These may include financial, housing, counseling, employment, education, mental health, disability, and other services. Financial transitional support services may be provided in increments of up to 3 months. The young adult must apply again to obtain further transitional funds.

Specific Authority 409.1451(9) FS. Law Implemented 409.1451 FS. History—New _____.

65C-31.002 Implementation Plan.

(1) The Services Worker shall use the Implementation Plan that follows for Independent Living Benefits for Young Adults (age 18 up to the 23rd birthday). Careful review of this policy should answer many of their questions. Any further questions shall be addressed to the Department’s Family Safety Program Office or the District Legal Counsel.

(a) Case Management/Contact with Young Adults Formerly in Foster Care/Support by Caseworker.

1. The law does not prohibit and the Implementation Plan does not prohibit caseworker contact with the young adult requesting or receiving services under the Road to Independence Act. It is consistent with the law and with best practice to provide information, consultation, and individualized coaching. This is true for all 3 major types of services being provided – aftercare support, scholarship and transitional support. Depending upon the stated wishes and needs of the young adult formerly in foster care, caseworker support through home visits, office visits, and other types of contact may occur.

2. A shift in thinking is required. Young adults formerly in foster care choose or volunteer to receive services when they become 18. These young people are no longer children by definition. Case planning, permanency goal setting and judicial review are no longer applicable. However, a plan for transition is required for all recipients of scholarship and/or transitional support funds.

3. Services are available to support young adults formerly in foster care between the ages of 18 and up to his/her 23rd birthday. An important aspect of service delivery to this population is acknowledgement of the young adult’s “adult” status and engagement of him/her in the process. It is expected that young adults formerly in foster care will be prepared prior to his/her 18th birthday for transition to adulthood, informed of the benefits available after he/she becomes age 18, and assessed for need for services based on individual needs. As with any young adult in society, the need for support will differ depending upon the circumstances of that young person.

Young adults formerly in foster care with developmental disabilities, mental health needs, and/or other special needs may require more contact early on and less as he/she ages.

4. Client contact can most certainly be a part of the plan to provide services to the young adult formerly in foster care. The frequency of contact should be determined by the young adult in consultation with the staff assigned to provide these services.

(b) Differing between the types of Independent Living services – Aftercare Support, Road to Independence Scholarship and Transitional Support Services.

1. The Road to Independence Act, Section 409.1451, F.S., provides 3 different categories of services for young adults formerly in foster care. Below are some broad distinctions.

a. Aftercare Support – referrals to community resources for a wide variety of needs and emergency cash assistance specifically to prevent homelessness.

b. Road to Independence Scholarship – financial assistance to eligible young adults formerly in foster care for educational and vocational training to achieve independence. The law provides criteria for eligibility to receive these funds. The amount of the award is based on the living and educational needs of the student but can be no higher than the amount of earnings that the student would have been eligible to earn working a 40-hour-a-week federal minimum wage job and no lower than \$25 per month.

c. Transitional Support – a variety of support services to young adults formerly in foster care. In order to be eligible, the young adult does not have to meet the eligibility criteria required for the Road to Independence Scholarship. However, the young adult must demonstrate that services are critical to his/her own efforts to achieve self-sufficiency and to develop a person support system.

2. Staff assigned to help prepare a child/youth age 16-17 to transition to independence should be knowledgeable of each of the 3 options available to young adults formerly in foster care. The staff assigned to provide support services to young adults formerly in foster care should also be aware of all 3 options and help the young adult make the best decision about meeting his/her needs. There is no prohibition to a young adult receiving services from all three programs based on the young adult’s needs and the transition plan.

(c) Role of Direct Service Staff and Independent Living Coordinator in the District/Region. The specific roles of district/region staff will not be defined by the central office. It is recommended that Independent Living Coordinators and staff familiar with Independent Living Services play a major role in implementing and planning for this program. Community based care agencies and district/region program offices will work with their own staff to negotiate contracts and to assign responsibility to staff for delivery of these services.

As the Road to Independence Act is implemented, the central office staff will be available to provide technical assistance to assist in making these decisions.

(d) Preparation and Education of the Child/Youth Age 16-17 in Foster Care.

1. This is a critical component of helping young adults formerly in foster care achieve independence. The Implementation Plan addresses some of the elements necessary to ensure that preparation/education occurs.

2. The subsidized independent living program provided through Chapter 39, Florida Statutes, is separate and distinct from the Independent Living benefits for young adults provided through Section 409.1451, F.S.

(e) Initial Application, Renewal and Reinstatement for the Road to Independence Scholarship The Road to Independence Act provides specific direction for young adults formerly in foster care to renew (continue receiving benefits) and to reinstate (for youth whose scholarship benefits were interrupted and wishes to begin receiving benefits again). Applications and checklists are provided in the Implementation Plan to assist.

(f) Selecting the Appropriate Funding Source for Young Adult Services (Chafee or ETV).

1. Two major types of federal funding sources are available to support the program for young adults formerly in foster care: Chafee funds and Education and Training Voucher (ETV) funds. It is important to select the appropriate fund in order to comply with federal regulations and also to maximize available funding.

2. A determination must be made if ETV funds may be used to cover the costs of services for young adults formerly in foster care. ETV funds have more restrictions than Chafee funds and should be used for eligible students as the first option. The major distinctions are: ETV may be used only for eligible students attending postsecondary (college, university or vocational) school either part-time or full-time. Chafee funds may be used for any of the young adult services identified in Florida Statutes. State funds must be used for young adults age 21 and 22 not eligible for ETV funds.

(g) Maintenance of HomeSafenet and Hard Copy Case Files A memo regarding HSn data entry was disseminated on March 21, 2003. The HSn Workbook contains specific instructions regarding appropriate coding for young adults formerly in foster care.

(h) Medicaid Eligibility. Section 409.903(4), F.S., pertains to Medicaid eligibility for Road to Independence Scholarship recipients. For additional information, see Economic Self Sufficiency Transmittal C-03-10-0031, Children In Care Participating in the Road to Independence Act Program, disseminated October 16, 2003.

(i) Young Adults Formerly in Foster Care with Children of Their Own.

1. The Road to Independence Act does not change the current services available for this population or funding for services for children of young adults formerly in foster care. In most cases, Chafee funds cannot be used for children of minor parents in foster care or for children whose parents are young adults formerly in foster care. The best way to determine if a service may be funded is to check the Chart 8 for the OCA.

2. If the parent of a child in a dependency case is a child in foster care himself/herself or the parent is a young adult formerly in foster care, the processes required in Chapter 39, F.S., for any parent still apply. Case planning, case management and required contacts would continue as with any other dependency case.

(j) Types of Placements Available for Young Adults Formerly in Foster Care. Keeping in mind that decisions regarding where a child will live upon his or her 18th birthday must be made before that birthday, young adults formerly in foster care may choose the placement that best suits his/her needs. Staff assigned to work with these young adults should provide information so as to assist in the best decision making. As per Section 409.1451(5)(b)5.e., F.S. "[a] young adult who is eligible for the Road-to-Independence Program and who so desires shall be allowed to reside with the licensed foster family or group care provider with whom he or she was residing at the time of attaining his or her 18th birthday or to reside in another licensed foster home or with a group care provider arranged by the department." Service agreements are no longer part of the law. The staff assigned to work with the young adult should assist in helping both the placement provider and the young adult understand the roles and the responsibilities of continuing this placement after the young adult's eighteenth birthday. The young adult who continues with the foster family shall not be included as a child in calculating any licensing restriction on the number of children in the foster home."

(2) Implementation Plan, Steps for Effective Implementation.

(a) Program for Young Adults Formerly in Foster Care. This plan shall be used in order to develop each district/region or community-based care agency specific implementation plan.

(b) Steps for Effective Implementation.

1. District/region and community-based care agencies shall designate staff responsible for receiving inquiries about services available to young adults formerly in foster care. The district/region and community-based care agencies shall also develop methods to inform youth adopted from foster care at ages 16 & 17 about ETV, prior to his/her 18th birthday and outreach for those adopted since 07/1/99.

2. District/region and community-based care agencies shall obtain or develop a community resource directory pertinent to the needs of this population. The directory shall, at

a minimum, include employment, housing, economic assistance, medical information, educational and vocational resources and emergency aid services.

3. District/region and community-based care agencies shall develop a process with fiscal/budget staff to ensure expedited and/or emergency assistance may be provided. (An example is to provide access to revolving funds for immediate cash assistance, agreements with vendors to provide products or services to be billed later, acquiring vouchers for lodging, transportation, food, etc. or contracting with providers.) District/region staff should be able to provide emergency assistance within 24 hours of request to prevent homelessness.

4. District/region and community-based care agencies shall develop a tracking system for approved cash assistance payments until such time as HSn can capture this information. (A suggestion is to use ICWSIS system to track payments and amounts similar to flex fund requests.)

5. Pursuant to Chapter 39 and Section 409.1451, F.S., District/region and community-based care agencies must inform all youth aging out of foster care, prior to age 18, of these benefits.

(3) Education and Training Voucher Funds. This is a new federal funding source for providing assistance to young adults formerly in foster care and young adults adopted at age 16 or 17 through the Florida foster care system that are attending postsecondary schools.

(a) ETV Program Requirements.

1. Young adult must have been:

a. Adjudicated dependent, pursuant to Chapter 39, F.S., have been in the custody of the State of Florida on his/her 18th birthday and have spent at least 6 months in foster care prior to reaching his/her 18th birthday; or

b. Adopted from the Florida foster care system at age 16 or 17 as of July 1, 1999;

2. Young adults are potentially eligible for services from age 18 through age 22.

3. Initial application must be completed before 21st birthday.

4. Benefits from this and other federal sources may not exceed the "cost of attendance" at an "institution of higher education".

5. Must be attending an "institution of higher education".

6. A maximum of \$5000 per year towards the payment RTI Scholarship awards.

7. ETV funds of up to \$5000 per year may also be used to pay for Transitional Support Services for students attending an institution of higher education on a part-time basis.

8. Must provide proof of enrollment and satisfactory progress (similar to Road to Independence Scholarship requirements).

(b) Application for ETV Funds.

1. Students applying for the Road to Independence (RTI) Scholarship will use the appropriate application form. If determined eligible for ETV, a portion of the student's RTI scholarship award will be covered by ETV funds. The maximum per student per year is \$5000. Note: the RTI scholarship requires students to attend school full-time.

2. Students attending school at least part-time may receive ETV funds. These students need to complete the "Transitional Support Eligibility and/or Education Training Vouchers (ETV) Funds Application" CF-FSP 5292, September 2005, incorporated by reference, and can receive up to \$5000 per year, which may be funded by ETV.

3. There is no separate ETV scholarship in Florida. Florida Statutes provided authority for a scholarship program many years prior to this federal funding source. ETV funds are being used for educational assistance currently authorized in Florida Statutes. The only new eligible group is young adults formerly in foster care adopted at age 16 or 17.

4. Chafee funds must be used to cover the costs of Road to Independence Scholarships for high school/GED students, for those students attending institutions not meeting the federal definition of higher education, for transitional support services (exclusive of support for attendance at institutions of higher education), and for aftercare services.

5. Upon application for any independent living services, youth must be provided with information regarding the appeal process, as well as the "Independent Living Benefits Due Process Rights" brochure, CF/PI 175-11, September 2005, incorporated by reference. This includes applications for services made in anticipation of the youth's 18th birthday.

(4) Aftercare Support Services for Young Adults Formerly in Foster Care. This is support to young adults formerly in foster care through making of service referrals in the community or through cash assistance to prevent homelessness.

(a) Eligibility for Aftercare Support. A young adult who leaves foster care at age 18 years of age but requests services prior to his/her 23rd birthday.

(b) Application Process to Receive Aftercare Support Service Referrals. No formal written application is necessary.

(c) Application Process for Aftercare Support Cash Assistance to Prevent Homelessness.

1. Assistance may be provided for housing, electric, water, gas, sewer service and emergency food. It should be noted that, in preventing homelessness, providing cash assistance is not the only option and agreements with community providers to waive fees, contacting relatives and other such options must be explored as well.

a. Complete the "Aftercare Support Service Cash Assistance Application", CF-FSP, September 2005, incorporated by reference.

b. Ensure amount does not exceed \$1000 for the fiscal year.

c. A District/Region Administrator, CBC Chief Executive Officer or designee may approve additional financial assistance above the \$1000 cap during the fiscal year based on the special needs of the individual young adult.

d. Determine need for additional services. If young adult requests further services, see Transitional Support Services section.

2. Documentation Requirements for Staff for Aftercare Support Services (Both referrals and cash assistance).

a. Requests for Aftercare Support service referrals shall be recorded in the chronological section of the young adult's HSn case.

b. Requests for Aftercare support cash assistance to prevent homelessness shall be recorded in the chronological section of the young adult's HSn case. The application must be kept in a hard copy file.

c. Proof that the young adult is in need of services may be in the form of an eviction notice, utility cut-off notice, etc. or by assessing the situation through an interview with the young adult conducted by the designated staff.

3. Payment Requirements for Aftercare Support Services Recipients. Payments may be made directly to the young adult formerly in foster care or the young adult may request all or a portion of the funds be paid to a service provider. This request must be made in writing.

(5) Road to Independence Scholarship. This is financial assistance for eligible young adults formerly in foster care. The same application may be used for children adopted at age 16 and 17 applying for ETV funds. (Note: These funds are intended to assist in meeting the student's living expenses or provide for basic personal needs.)

(a) Initial Application for Scholarship Eligibility.

1. For the initial award, the young adult must be age 18, 19 or 20.

2. Is/was a dependent child pursuant to Chapter 39, F.S..

3. Is/was in the legal and/or physical custody of the Department of Children and Families at the time of his/her 18th birthday. (The youth may be placed in a foster home, group home, independent living setting, DJJ facility, hospital or on runaway status).

4. Has spent at least 6 months in foster care before reaching his/her 18th birthday (Note: The 6 months in foster care period may include the time the youth spent in shelter status in state custody).

(a) Caseworkers must process a young adult's request for assistance. If a young adult verbally requests assistance, then the caseworker must assist the young adult with completing a written application. The caseworker must help the young adult complete an application, even if the caseworker believes that the young adult is ineligible to receive the assistance being requested. The reviewing authority must process the application and provide the young adult with a written approval or denial, along with the youth's appeal rights. Under no circumstances may a department or CBC staff member verbally deny a young adult's request for services or discourage a young adult from applying for services and exercising his or her appeal rights.

(b) Each department or CBC office shall maintain application forms for the Road to Independence Scholarship, Transitional Support Services and Aftercare Support Services in a visible area and shall assist the youth with completing the application forms.

4. Examples of Acceptable Documentation. Checklist – For each student the department or CBC agency must complete an RTI Scholarship Renewal Checklist. This "checklist" must be completed by the department or CBC staff and signed by the student, reviewing authority and approval authority and a copy must be placed in the case file. State: The amount of the award, whether it is being used by a young adult working toward completion of a high school diploma or its equivalent or working toward completion of a postsecondary education program, shall be determined based on an assessment of the funding needs of the young adult. 3. See "Guidelines for Assisting Students in Obtaining Financial Assistance," "Instructions for Completing the Postsecondary Needs Assessment" and "Instructions for Completing the High School Needs Assessment" documents.

(3) Transitional Support Services. A young adult formerly in foster care may receive short-term services if the young adult demonstrates that the services are critical to his/her own efforts to achieve self-sufficiency and develop a personal support system.

(a) Other eligibility requirements include:

1. A young adult formerly in foster care is eligible to apply for transitional support services if he or she has reached 18 years of age but is not yet 23 years of age, was a dependent child pursuant to Chapter 39, F.S., was living in licensed foster care or in subsidized independent living at the time of his or her 18th birthday, and had spent at least 6 months living in foster care before that date.

2. If at any time the services are no longer critical to the young adult's own efforts to achieve self-sufficiency and to develop a personal support system, they shall be terminated.

(b) Examples of Acceptable Documentation for Transitional Support Services. Application – Each young adult must complete a Transitional Support Services Application. This “application” must be completed and signed by the student, reviewing authority and approval authority and a copy must be placed in the case file. In addition to the checklist, other examples of acceptable documentation include:

1. Transitional Plan – Each young adult must have a transitional plan in the case file. This plan must outline the types of services being provided by the department and the types of activities that the young adult will complete in order to achieve self-sufficiency. These plans must be reviewed a minimum of every three months, if the young adult intends to re-apply for services, and adjusted according to the young adult's needs at the time of review and reapplication. In situations where the services provided are no longer critical to the young adult's self-sufficiency or the young adult is not providing appropriate efforts to achieve self-sufficiency, the services must be terminated or reapplication denied.

2. See “Examples of Acceptable Documentation” for “Adjudication of Dependency,” “Student was living in licensed foster care at age 18” and “Student spent at least 6 months in foster care before reaching his or her 18th birthday” in the Road to Independence Scholarship section above.

(c) Field Practices:

1. Transitional Support Services are not intended to simply consist of a monthly check delivered to a young adult. In many cases, agencies are simply placing young adults on Transitional Support Services if they do not qualify for the RTI scholarship and paying he/she a monthly stipend of \$416 (which would equal \$5000 at the end of a year).

2. Transitional Support Services are intended to be short-term services, which assist the young adult in becoming self-sufficient. These services can and do include financial assistance but services must be tailored for each individual young adult. The expectation is that financial assistance would decrease over time, as the young adult is able to find

employment and then meaningful employment and become self-sufficient. An application for short-term services under Transitional Support Services is limited to maximum three month benefit period. A young adult may re-apply for Transitional Support Services after the three month period but must ensure that goals are being met and demonstrate that the services are vital for achieving self-sufficiency.

3. Transitional Support Services funds are also being used to provide move-in costs such as first and last month's rent, deposits and furniture (See: “Move-in costs” in Aftercare Support Service below). While these costs can be an appropriate use of Transitional Support Services, spending large amounts of money on these services may be avoided by exploring and developing community resources.

(4) Aftercare Support Services. Aftercare Support Services are available to assist young adults who were formerly in foster care in their efforts to develop skills necessary for independent living. Virtually any service that would promote the young adult's efforts to develop independent living skills can be provided or arranged for by the department or CBC agency.

(a) Temporary financial assistance may be provided in order to prevent or intervene in a homeless situation. A young adult who has reached 18 years of age but is not yet 23 years of age who leaves foster care at 18 years of age but who requests services prior to reaching 23 years of age is eligible for such services.

(b) Examples of Acceptable Documentation. Application – For each young adult requesting financial assistance through Aftercare support Services the department or CBC agency must complete an Aftercare Support Services Application. This “application” must be completed by the department or CBC staff and signed by the student, reviewing authority and approval authority and a copy must be placed in the case file. The young adult must present a need for emergency housing funds and the staff must explore other community resources before approving the request.

1. In addition to the application, other examples of acceptable documentation include:

a. See “Examples of Acceptable Documentation” for “Student was living in licensed foster care at age 18” in the Road to Independence Scholarship section above.

b. Homelessness – Eviction notice from the landlord, statement from the young adult documenting his/her whereabouts for the previous week (caseworker must detail this statement in the case file notes).

c. Electric cut off – A cut off notice from the electric company must be presented by the young adult.

d. Community resources – the caseworker must assist the young adult in exploring other community resources that assist in evictions and electric cut offs before providing funds.

e. Move-in costs – Before providing move-in costs the caseworker must obtain documentation of funding needs for the move. A determination must be made as whether the young adult’s financial situation is sufficient to pay ongoing monthly rent payments and if it is the most cost efficient option for the young adult. A contribution by the young adult for payment of a portion of the costs must also be addressed. Security deposits that are returnable should be evaluated as part of the young adult’s responsibility.

2. As discussed in “Transitional Support Services” above the need to explore and develop community resources for housing options is crucial to help manage the department and CBC agency budget as well as assisting the young adult in finding affordable housing. Ensuring that each young adult has a roommate, especially during his/her initial experience of living without adult supervision and care, will help keep costs down and make maintaining an individual budget more manageable. This will also help limit the “move-in” costs paid by the department/CBC agency and emergency interventions needed.

(a) Limited funds for all independent living services may be stretched through the use of community resources. Child welfare staff are encouraged to explore use of free or less costly services in the community PRIOR to accessing aftercare support funds. The caseworker must assist the young adult in exploring other community resources that assist in evictions and electric cut offs before providing funds. Often county agencies and churches will provide some assistance that will supplement the assistance provided by the department or CBC agency.

(b) Before providing move-in costs the caseworker must obtain documentation of funding needs for the move. Documentation does not always have to be in writing, a call to the proposed landlord or service provider may suffice in obtaining proper documentation. A determination must be

(b) Completed, signed, and approved/denied application(s) for services.

(c) Renewal application(s) for services (completed, signed, and approved/denied).

(d) Completed and reviewed needs assessments documents.

made as whether the young adult’s financial situation is sufficient to pay ongoing monthly rent payments and if it is the most cost efficient option for the young adult. A contribution by the young adult for payment of a portion of the costs must also be addressed. Security deposits that are refundable should be evaluated as part of the young adult’s responsibility.

(c) Ensuring that each young adult has a roommate, especially during his/her initial experience of living without adult supervision and care, will help keep costs down and make maintaining an individual budget more manageable. This will also help limit the “move-in” costs paid by the department/CBC agency and emergency interventions needed.

(5) Transitional Support Services (Section 409.1451(5)(c), F.S.)

(a) Transitional Support Services are not intended to simply consist of a monthly check delivered to a young adult. In some cases, youth are receiving Transitional Support Services if he/she does not qualify for the RTI scholarship and are being paid a monthly stipend of \$416 (which would equal \$5000 at the end of a year).

(b) Transitional Support Services are intended to be short-term services, which assist the young adult in becoming self-sufficient. These services can and do include financial assistance but services must be tailored for each individual young adult. The expectation is that financial assistance decrease over time, as the young adult is able to find employment and then meaningful employment and become self-sufficient. An application for short-term services under Transitional Support Services is limited to maximum three month benefit period. A young adult may re-apply for Transitional Support Services after the three month period but must demonstrate that ensure that goals are being met and the services are vital for achieving self-sufficiency.

(c) Transitional Support Services funds may be used to provide move-in costs such as first and last month's rent, deposits and furniture. While these costs may be an appropriate use of Transitional Support Services, spending large amounts of money on these services may be avoided by exploring and developing community resources. Instead of buying new furniture for the young adult, provide referrals to Goodwill, Salvation Army and thrift shops. Develop community alliances with service groups (Kiwans, Elks, etc.), church groups, young lawyers associations, the business community and others to receive furniture and other donations. Develop housing resources by exploring resources used by community colleges and universities to find roommates for students, match RTI scholarship recipients who attend the same school as roommates to save costs. Ensure that young adults have roommates to save on costs and ensure that the young adult can afford his/her living arrangement.

65C-31.005 Instructions for Completing the High School Needs Assessment.

(1) The "Road to Independence Scholarship High School Needs Assessment Tool", CF-FSP5299, September 2005, incorporated by reference, has been developed to determine the funding needs of a young adult student formerly in foster care attending high school after considering other income sources.

(2) Authority. The Road to Independence Scholarship is based upon the following statutes:

(a) Section 409.1451(5)(b), F.S., Road to Independence Scholarship Program.

(b) Section 409.1451(5)(b)1., F.S., The amount of the award shall be based on the living and educational needs of the young adult and may be up to, but shall not exceed, the amount of earnings that the student would have been eligible to earn working a 40-hour-a-week federal minimum wage job. (\$892.)

(c) Section 409.1451(5)(b)3., F.S., A young adult applying for a Road-to-Independence Scholarship must apply for any other grants and scholarships for which he or she may qualify. The department shall assist the young adult in the application process and may use the federal financial aid grant process to determine the funding needs of the young adult.

(d) Section 409.1451(5)(b)4., F.S., The amount of the award...shall be determined based on an assessment of the funding needs of the young adult. This assessment shall consider the young adult's living and educational costs and other grants, scholarships, waivers, earnings, and other income to be received by the young adult. An award shall be available only to the extent that other grants and scholarships are not sufficient to meet the living and educational needs of the young adult.

(3) Procedure:

(a) Before completing the Road to Independence Scholarship Needs Assessment, the caseworker shall verify that the student has submitted an RTI scholarship application and has been determined eligible to receive an award.

(b) The amount of the monthly scholarship award may not exceed \$892. In addition, the total amount of funds provided to a student from all federal sources must not exceed the "total cost of attendance" figure for the educational institution.

(c) In order to complete the Road to Independence Scholarship Needs Assessment, the caseworker shall meet with the student face to face to obtain the required information and, when applicable, supporting documentation. The student shall be provided written notice of the face to face meeting at least 30 days prior to the meeting. The notification shall include the time and place of the meeting and a list of information and documentation that the student must bring to the meeting.

(d) A face to face meeting is mandatory in order that the student has the process explained to him/her and verifies that the information contained in the needs assessment is correct.

1. The face to face meeting must be held one on one in order to protect the confidentiality rights of the student.

2. For students located out-of-state, a phone interview is sufficient as long as the student has been notified of the interview at least 30 days in advance and been given an opportunity to submit the required documentation prior to the interview.

3. For students located out-of-county the caseworker shall request, by telephone and in writing, assistance from the independent living program staff from the county in which the student resides. The request shall include face to face interviews with the student regarding the RTI Needs Assessment, assistance in completing the initial, renewal or reinstatement applications for the RTI scholarship and other identified assistance.

(e) If the student has not provided all necessary documentation and information during this meeting, the caseworker shall provide a written list of items needed before the needs assessment process may be completed. The written list shall also include a due date for all requested items to be submitted to ensure that benefits will not be reduced or interrupted.

(f) In addition to the initial list of items needed, the caseworker shall send a follow up reminder letter every 30 days to students eligible for RTI awards who have not supplied all needed documentation and information. This letter shall include:

1. A statement that the requested information is needed before the needs assessment tool is processed; and
2. A date by which the information must be received; and
3. A statement that the student's benefits will be initially established or reduced to the minimum award amount of \$25 until the information is provided. Once the information has been provided the caseworker shall have 7 calendar days to process the needs assessment.

(g) The caseworker shall be required to send reminder letters for four (4) consecutive months with the final letter being sent certified mail with return receipt. After the fourth month, the student's award will remain at the minimum until the student submits the required documentation, but the caseworker will no longer have the obligation to send reminder letters to the student.

(h) No later than 30 days prior to the student's 18th birthday, or, if the student is 18 years of age or older, within 30 days after receiving the application and all required documentation and information, the department shall notify the student, in writing, of the award amount and the anticipated date of first payment. This notification shall also include the process for appealing the amount of the award. (See attached format.)

(4) Elements of the Tool: (For High School Students). The elements listed below correspond to the elements in the RTI High School Needs Assessment Tool. An explanation of each element and instructions for obtaining the correct figures are included.

(a) Total Cost of Attendance: The maximum award that a student can receive is \$892 per month or \$10,704 per year. The yearly figure of \$10,704 has been included in the "cost/need" column on the "Total Cost of Attendance" line. Deductions will be subtracted from this figure to establish the RTI award amount.

Note: A high school student may not receive an RTI award above \$892 per month, however he or she may apply for aftercare and/or transitional support services, when needed. Funds received from aftercare and transitional support services do not count against the "cost of attendance" for high school students.

(b) Earned Income: If the student is employed, a verification of his or her earned income is required.

1. The caseworker may provide the student with two options for verifying earned income:

a. The student may provide recent pay stubs. The pay stubs must be averaged to compute a monthly amount.

b. The student may instead submit a letter from his or her employer stating the average number hours to be worked per month and the hourly wage. This may be preferable for students who worked increased hours prior to the beginning of the school semester and plan to cut back hours once the school year resumes.

2. Include the amount in the "income" column on the "Student's Monthly Wages" line. The monthly amount will automatically be calculated into a yearly figure on the next box below.

(c) Income Protection Allowance: The "Income Protection Allowance" figure is already included on the needs assessment form. The first \$5560 of income to the student is disregarded for purposes of computing the scholarship amount. This means that a student may work the equivalent of a part-time job without impacting his/her RTI award.

(d) Student's Available Income: This is the amount of student income after deducting the "Income Protection Allowance." The form calculates this automatically.

(e) Contribution from Income: The federal financial aid application process allows for half of the "Student's Available Income" to count as a deduction when determining financial need. The needs assessment form automatically calculates the "Contribution from Income" figure and enters it in the "deductions" column.

(f) Federal Income: The caseworker shall inquire and verify through available resources whether the student is receiving funds from any other source including SSI and Social Security. The student shall have a choice, based on his or her individual situation, whether or not to include SSI/SSA benefits in his/her budget as a deduction. The staff shall assist the student in maximizing all benefits to attend school and for his/her living needs.

1. Issue: A concern has been raised, in the past, that students receiving the full amount of RTI scholarship (\$892) have been made ineligible for SSI benefits because he/she is over income.

2. Answer: For each student receiving SSI the casework staff must work with the student and consult the Social Security office to determine whether or not it would be in the student's best interest to include the SSI benefit amount in the budget as a deduction. The goal would be for the student to maintain eligibility in both programs. Once the student has made a decision the casework staff shall enter the amount of monthly federal benefit in either the "non-deduction" box (none of the SSI benefit will count against the RTI award) or in the "deduction" box (the SSI benefit will be deducted dollar for dollar from the RTI award) on the "Federal Income" line.

3. If entered as a "deduction" the amount will automatically be calculated into a yearly amount and found on the "deductions" column on the same line. If entered as a "non-deduction" the amount will appear as part of the student's educational and financial resources but will not be a deduction.

4. Note: Any child support or other funds received (i.e., WAGES, Food Stamps, etc.) on behalf of the student's child shall not be included as income in the needs assessment.

(g) Totals: The needs assessment form automatically calculates the totals in the "cost/need" column and the "deductions" column.

(h) Total Need: The needs assessment form automatically subtracts the "deductions" from "cost/need" to get the "total need" amount.

(i) Adjusted Total Need: If the "Total Need" figure exceeds \$10704 (\$892 times 12 months) the needs assessment form will automatically adjust the figure to \$10704 and enter the adjusted figure in the "cost/need" column. (Section 409.1451(5)(b)1., F.S.)

(j) Aftercare and Transitional Support Services Funds Provided – Year to Date: Indicate the amount of Aftercare and/or Transitional Support Services Funds have been provided to the student during the fiscal year. (July 1st through June 30th) Note: These funds will not be factored as a deduction for the monthly scholarship award.

(k) Monthly Scholarship Award: The needs assessment form automatically calculates the monthly award amount by dividing the "adjusted total need" by 12 months. *Note: The needs assessment automatically adjusts the monthly award to \$25, in the following row, if the award calculates to less than \$25 per month. (Section 409.1451(5)(b)4., F.S.)

(5) Totals. At the bottom of the Needs Assessment form are calculations of the total income and benefits for the student. These totals are calculated automatically based on the information input by staff. These figures may be used to show the student how he/she may increase his/her monthly income by working a part-time job. The totals calculated are:

(a) Total Earned and Unearned Income: This shows the student's annual amount of Earned Income plus Other Income, without deductions.

(b) Annual RTI Scholarship Award: This is the monthly scholarship award multiplied by 12.

(c) Total Annual Income Available to the Student: The form automatically calculates the amount of income from all sources. This shows the total amount of income available to the student for educational and living needs.

(d) Monthly Income Available to the Student: The form automatically calculates this figure to show the amount of income available to the student on a monthly basis.

(6) Documentation and Signature.

(a) At the face to face meeting with the student, the caseworker shall obtain the student's signature on the "Road to Independence (RTI) Scholarship Needs Assessment Face to Face Consultation Form.", CF-FSP 5298, September 2005, incorporated by reference. By signing the form the student is only certifying that he/she has had a face to face meeting and the appeals process has been explained and provided.

(b) Once each individual needs assessment tool has been fully completed, and an award amount determined, two copies must be printed. One copy must be maintained in the student's case file. The second copy must be provided to the student, either in person or by mail, with a copy of the "Appeals Process" attached to the tool.

65C-31.006 Guidelines to Assist Students in Obtaining Financial Assistance.

(1) Pre-Application Process.

(a) Step 1: Prior to the judicial review hearing that must be held within 90 days after the student's 17th birthday, the agency shall provide information to the youth regarding the Road to Independence Scholarship, including but not limited to, eligibility requirements, forms necessary to apply, and assistance in completing the forms. (Section 39.701(6)(a)5., F.S.)

(b) Step 2: If the student is less than one year from high school graduation he or she must begin the process of selecting an institution of higher education (i.e., college, university, community college or vocational school) to attend. The student should select at least three schools.

(c) Step 3: No later than three months prior to graduation from high school, the student must make application to an institution of higher education.

(d) Step 4: The student, with help from his or her caseworker, shall check deadlines for the filing of the Free Application for Federal Student Aid (FAFSA) and ensure that the application is completed and submitted prior to the deadline. (This application is used to determine eligibility for Pell Grant and other federally funded scholarships.)

(e) Step 5:

1. The student with help from his or her caseworker shall complete and submit a Florida Financial Aid Application for Students prior to the established deadline. (This application is used to determine eligibility for the Bright Futures Scholarship, Jose Marti Scholarship Challenge Grant, Robert C. Byrd Honors Scholarship, Rosewood Family Scholarship and the Scholarships for Children of Deceased or Disabled Veterans.)

2. The student must also explore and apply for any other scholarships for which he or she may be eligible.

(f) Step 6: The caseworker shall discuss and explore employment options with the student. These options may include on and off campus jobs and resources to obtain employment.

(g) Step 7: If the student will be attending a public State of Florida college, university, community college or vocational school, the caseworker shall supply the student with a

completed Fee Exemption form and assist the student in obtaining the exemption of tuition and fees. (Section 1009.25(2)(c), F.S.)

(2) Application Process:

(a) Step 1:

1. The student, with assistance from his or her caseworker, must make initial application for the scholarship during the 6 months immediately preceding his or her 18th birthday. All supporting documentation such as proof of full time school enrollment must be submitted before eligibility can be determined. (Note: If the student has reached the age of 18, he or she must apply for the initial scholarship award prior to reaching 21 years of age.) (Section 409.1451(5)(b)5.b., F.S.)

2. The student must also complete and sign a release of information form permitting the agency direct access to high school, college and/or vocational school records.

(b) Step 2: The caseworker must verify that the student:

1. Was a dependent child, pursuant to Chapter 39, F.S., and was in the custody of the department at the time of his or her 18th birthday;

2. Spent at least 6 months in foster care during his or her lifetime;

3. Is a resident of the State of Florida; and

4. Meets one of the following qualifications:

a. Has earned a standard high school diploma, a special diploma or special certificate of completion and has been admitted for full-time enrollment in an eligible postsecondary institution;

b. Is enrolled full-time in an accredited high school; or

c. Is enrolled full-time in an accredited adult education program in order to earn a high school diploma or equivalent. (Section 409.1451(5)(b)2., F.S.)

(c) Step 3:

1. Within the 60 day period prior to his or her 18th birthday, or at any time it is requested, the student must provide income information from all sources including:

a. Employment: Pay stubs from the most recent month at minimum.

b. SSI or Social Security Income.

c. Any other earned or unearned income.

2. (Note: Any child support, Food Stamps, WAGES or other income that is designated specifically for the child of an applicant shall not be considered when determining the amount of RTI scholarship.) (Section 409.1451(5)(b)4., F.S.)

(d) Step 4: Students attending or enrolling in institutions of higher education must provide:

1. Proof of submission of the Free Application for Federal Student Aid (FAFSA) and award or denial of award of federally funded scholarships such as Pell Grants.

2. Proof of submission of the Florida Financial Aid Application and award or denial of award.

3. Proof and amount of award of any other State or community funded scholarships. (Section 409.1451(5)(b)4., F.S.)

(e) Step 5:

1. The agency shall conduct a face to face meeting with the student to complete the Road to Independence Scholarship Needs Assessment Tool in order to determine the amount of the student's scholarship award. The student must be provided written notice of the face to face meeting at least 30 days prior to the meeting. The notification must include the time and place of the meeting and a list of information and documentation that the student must bring.

2. At the face to face meeting the agency staff shall answer any questions that the student may have and verify that the student has submitted all of the needed information and documentation.

3. If the student has not provided all necessary documentation and information during the face to face meeting agency staff shall provide to the student a written list of items needed before completing the needs assessment process. The written list shall also include a due date for all items to be submitted to ensure that benefits will not be reduced or interrupted.

4. In addition to the initial list of items needed, the agency shall send reminder letters every 30 days to students eligible for RTI awards who have not supplied all needed documentation and information. The caseworker shall send the reminder letters for four (4) consecutive months with the final letter being sent certified mail with return receipt. After the fourth month, the student's award will remain at the minimum until the student submits the required documentation, but the caseworker will no longer have the obligation to send reminder letters to the student.

5. Once the information has been provided, the agency shall have 7 calendar days to process the needs assessment to determine the amount of the award.

(f) Step 6:

1. No later than 30 days prior to the student's 18th birthday or, if the student is 18 years of age or older, within 30 days after receiving the application and all documentation needed in order to complete the needs assessment the agency shall notify the student, in writing, of the award amount and the anticipated date of first payment or the reason for denial if the application is denied.

2. The agency shall also provide each student with the procedure for filing an appeal so that the student may appeal an eligibility decision or award amount.

(g) Step 7:

1. A re-determination of award is required prior to the start of the fall semester and again prior to the start of the spring semester. The student must provide updated income information including earned and unearned income and scholarship information. The agency will determine if an

adjustment of the award amount is needed for the following semester. The agency must use the procedure in Steps 5 and 6 to provide the re-determination.

2. The agency may also request updated financial information and/or proof of continued full-time enrollment at any time during a semester, if a change in income or circumstance is suspected. A change that decreases the amount of scholarship award shall not go into effect until a minimum of thirty days after the re-determination. The student shall be notified in writing of the change in award and the date it will go into effect.

3. In addition, a student may request a re-determination of scholarship award during any current semester if he or she feels an increase is warranted. Such requests should be handled as expeditiously as possible.

(3) Summer School Incentive:

(a) As an incentive for postsecondary students to attend summer school, the student may be provided funds through Transitional Support Services in addition to the student's regular RTI award stipend. In order to qualify for these funds the following conditions must be met:

(b) The student must first complete the Transitional Support Services application to request the "Summer School Incentive." Once the application has been completed:

1. The student may qualify for up to \$1500 for attending summer school if:

a. The student provides proof of full-time enrollment, as established by the institution, and meets the requirements of the agency providing funds to prove attendance at required intervals; and

b. The total Federal Funds (including summer school incentive) provided to the students does not exceed the annual "Total Cost of Attendance" figure; and

c. Funds are available to the agency providing the scholarship to the student. Or

2. The student may qualify for up to \$750 for attending summer school if:

a. The student provides proof of, at least, part-time enrollment, as established by the institution, and meets the requirements of the agency providing funds to prove attendance at required intervals; and

b. The total Federal Funds (including summer school incentive) provided to the students does not exceed the annual "Total Cost of Attendance" figure; and

c. Funds are available to the agency providing the scholarship to the student.

(c) Note: This incentive shall not be provided to students that require summer school enrollment to make up for failed classes or to make up work for classes from previous semesters.

After the fourth month, the student's award will remain at the minimum until the student submits the required documentation, but the caseworker will no longer have the obligation to send reminder letters to the student.

(h) No later than 30 days prior to the student's 18th birthday or, if the student is 18 years of age or older, within 30 days after receiving the application and all required documentation and information, the department shall notify the student, in writing, of the award amount and the anticipated date of first payment. This notification shall also include the process for appealing the amount of the award.

(4) Elements of the Tool: (For Postsecondary Students) The elements listed below correspond to the "Road to Independence Scholarship Post Secondary Needs Assessment" tool, CF-FSP 5300, September 2005, incorporated by reference. An explanation of each element and instructions for obtaining the correct figures is included.

(a) Total Cost of Attendance: Each university, college, community college and vocational school establishes a "Total Cost of Attendance" figure. "Cost of Attendance" (COA) is also used in determining the student's financial need for federal scholarships such as the Pell Grant. This figure is an average cost for a student to attend the institution including tuition and fees, room and board, transportation and other costs. If the student is paying his/her own rent or dorm fees, a room and board amount must be included in the COA. The COA figure can be obtained by visiting the institution's website or by contacting the institution directly. It has been noted that not all institutions supply a complete COA figure on their website. Some institutions are unable to supply the information when contacted by telephone. A protocol has been developed to assist in obtaining COA and room and board figures when this information is not readily available. The protocol involves four (4) sequenced steps, if needed:

1. Step #1 (Use first) Obtain the Total Cost of Attendance information from the institution's website or call the institution directly. These figures are normally found in the "financial aid" section of the website. If the information is not complete;

2. Step #2 (Use second) Go to the website recommended by the National Resource Center for Youth Development (NRCYD) (www.nces.ed.gov/ipeds/cool/) to obtain the missing information. After accessing the website, in order to find a particular educational institution, insert the State (usually Florida) and the City in which the institution is located. This is the only information that will be needed to find most institutions. Including more information may actually exclude institutions from your search. If the information is not available on this website;

3. Step #3 (Use third) Use room and board figures from an institution in the same geographic area as the institution attended by the student. Example: Vocational school #1 in Miami-Dade County does not list a room and board cost on their "cost of attendance." Vocational school #2, also in Miami-Dade County does list a room and board cost on their "cost of attendance." Factor in vocational school #2's room and board cost for vocational school #1 to establish "total cost of attendance." If problems still exist in determining COA for a particular institution;

4. Step #4 (Use fourth) Contact the Independent Living Policy Staff at the Child Welfare and Community-Based Care Central Program Office (850)921-4893.

5. Enter the cost of attendance figure in the "cost/need" column on the "Total Cost of Attendance" line.

(b) Fee Exemption: The average annual cost of tuition and fees for a full-time student. Each institution's "cost of attendance" figure is broken down into several categories. Tuition and fees is one category in the COA. Enter the amount listed on the COA for average cost of tuition and fees in the "deductions" column on the Fee Exemption line. Section 409.1451(5)(b)4., F.S., requires that the assessment of funding

needs "shall consider...waivers...received by the young adult." (Note: The full amount of "Fee Exemption" shall be entered unless the student provides proof that he or she was denied an exemption through no fault of his or her own.)

(c) Federal Scholarships received: The annual amount of federal scholarships awarded. This includes Pell Grants and other federal scholarships and grants. The staff member must obtain a copy of the award letter or verify the amount of annual scholarships provided to the student by contacting the institution. Enter the annual award amount in the "deductions" column on the "Federal Scholarships received" line.

1. Issue: The student has applied for and been awarded a Pell Grant but has not yet been issued the funds, when should the award amount be included in the needs assessment tool?

2. Answer: Any changes to the amount of Pell Grant award shall result in a re-determination of needs and shall be included on the needs assessment tool. The change in RTI scholarship award shall be effective at the beginning of the next academic year. (Example: A student received \$4000 in Pell Grant for 2004-2005 school year. In June 2005 he/she receives an award letter stating that his/her award for 2005-2006 is \$3000. The school year begins in September 2005. A new needs assessment tool shall be completed prior to the start of the school year but the award amount will not change until the month of September, the beginning of the school year.) (Note: The full amount of "Pell Grant" for the academic year shall be entered unless the student provides proof that he or she was denied an award through no fault of their own.)

(d) Other Federal Income: The caseworker completing the needs assessment shall inquire and verify through available resources whether the student is receiving federal funds from any other source including SSI and Social Security. The student shall have a choice, based on his or her individual situation, whether or not to include SSI/SSA benefits in his/her budget as a deduction. The staff shall assist the student in maximizing all benefits to attend school and for his/her living needs.

1. Issue: A concern has been raised, in the past, that students receiving the full amount of RTI scholarship (\$892) have been made ineligible for SSI benefits because he/she is over income.

2. Answer: For each student receiving SSI/SSA, the casework staff must work with the student and consult the Social Security office to determine whether or not it would be in the student's best interest to include the SSI/SSA benefit amount in the budget as a deduction. The goal is for the student to maintain eligibility in both programs. Once a student has made a decision, the casework staff shall enter the amount of monthly federal benefit in either the "non-deduction" box (none of the SSI/SSA benefit will count against the RTI award)

or in the "deduction" box (the SSI/SSA benefit will be deducted dollar for dollar from the RTI award) on the "Other Federal Income" line.

3. If entered as a "deduction" the amount will automatically be calculated into a yearly amount and found on the "deductions" column on the same line. If entered as a "non-deduction" the amount will appear as part of the student's educational and financial resources but not as a deduction.

4. Note: Any child support or other funds received (i.e., WAGES, Food Stamps, etc.) on behalf of the student's child shall not be included as income in the needs assessment.

(e) Earned Income: If the student is employed, a verification of his or her earned income is required. The caseworker may provide the student with two options for verifying earned income:

1. The student may provide recent pay stubs. The pay stubs must be averaged to compute a monthly amount.

2. The student may instead submit a letter from his or her employer stating the average number hours to be worked per month and the hourly wage. This may be preferable for students who worked increased hours prior to the beginning of the school semester and plan to cut back hours once the school year resumes.

3. Include the monthly amount in the "income" column on the "Student's Monthly Wages" line. The monthly amount will automatically be calculated into a yearly figure on the next box below.

(f) Income Protection Allowance: The "Income Protection Allowance" figure is already included on the needs assessment form. The first \$5560 of income to the student is disregarded for purposes of computing the scholarship amount. This means that a student can work the equivalent of a part-time job without effecting his/her RTI award.

(g) Student's Available Income: This is the amount of student income after deducting the "Income Protection Allowance." The form calculates this automatically.

(h) Contribution from Income: The federal financial aid application process allows for half of the "Student's Available Income" to count as a deduction when determining financial need. The needs assessment form automatically calculates the "contribution from income" figure and enters it in the "deductions" column.

(i) Other Grants and Scholarships from State and/or Community Sources: The caseworker should inquire whether the student is receiving any state or community scholarships and include the annual amount on the "income" column on the "Other Scholarships and Grants" line. A \$1500 disregard will automatically be provided and the "amount deducted" will automatically be calculated and appear in the "deductions" column.

(j) Totals: The needs assessment form automatically calculates the totals in the "cost/need" column and the "deductions" column.

(k) Total Need: The needs assessment form automatically subtracts the "deductions" from "cost/need" to get the "Total Need" amount.

(l) Adjusted Total Need: If the "Total Need" figure exceeds \$10704 (\$892 times 12 months) the needs assessment form will automatically adjust the figure to \$10704 and enter the adjusted figure in the "cost/need" column. (Section 409.1451(5)(b)1., F.S.)

(m) Aftercare and Transitional Support Services Funds Provided – Year to Date: Indicate the amount of Aftercare and/or Transitional Support Services Funds that have been provided to the student during the fiscal year. (July 1st through June 30th) Note: These funds should not be deducted from the COA and factored as a deduction for the monthly scholarship award. However these funds will show in the "Breakdown of Educational/Financial Resources Available to the Student" section and will count as federal funds received.

(n) Monthly Scholarship Award: The needs assessment form automatically calculates the monthly award amount by dividing the "Adjusted Total Need" by 12 months. *Note: The needs assessment automatically adjusts the monthly award to \$25, in the following row, if the award calculates to less than \$25 per month. (Section 409.1451(5)(b)4., F.S.)

(5) Totals: The bottom of the Needs Assessment form are calculations of the total income and benefits for the student. These totals are calculated automatically based on the information input by staff. These figures may be used to show the student how he/she can increase their monthly income by working a part-time job and obtaining other scholarships and financial assistance. The totals calculated are:

(a) Total Earned Income/State and Local Scholarships: The total amount of earned income plus state and local scholarships that are available to the student annually, without deductions.

(b) Annual RTI Scholarship Award: This is the monthly scholarship award multiplied by 12.

(c) Federal Scholarships and Aftercare/Transitional: This is the annual amount of federal scholarships received by the student, including Pell Grants and the amount of Transitional Support and Aftercare Support funds received.

(d) Other Federal Income: (SSI/SSA Benefits): This is the annual amount of SSI or SSA income received by the student.

(e) Federal Funds Received Counting Toward COA: This is the total amount of federal scholarships including RTI and Pell Grants along with transitional support and aftercare support funds received.

(f) Amount below COA: This is the amount remaining after considering federal funds received counting toward COA. This will indicate whether the student can qualify for transitional support funds for "Summer School Incentive." If the amount equals or exceeds \$1500 the student can qualify for

a full-time summer school incentive." If the amount equals or exceeds \$750 the student can qualify for a part-time summer school incentive.

(g) Total Federal Funds Received: This is the annual RTI Scholarship Award plus Federal Scholarships and Other Federal Income. Note: This amount must not exceed the "Total Cost of Attendance for 2004-2005" figure from the top of the page.

(h) Total Annual Income Available to the Student: The form automatically calculates the amount of income from all sources. This shows the total amount of income available to the student for educational and living needs.

(i) Monthly Income Available to the Student: The form automatically calculates this figure to show the amount of income available to the student on a monthly basis.

(j) Average Annual Fee Exemption: This shows the amount of funds the student saved by using the "Fee Exemption."

(6) Documentation and Signature:

(a) At the face to face meeting with the student, the caseworker shall obtain the student's signature on the "Road to Independence (RTI) Scholarship Needs Assessment Face to Face Consultation Form.", CF-FSP 5298, September 2005, incorporated by reference. By signing the form the student is only certifying that he/she has had a face to face meeting and the appeals process has been explained and provided.

(b) Once each individual needs assessment tool has been fully completed, and an award amount determined, two copies must be printed. One copy must be maintained in the student's case file. The second copy must be provided to the student, either in person or by mail, with a copy of the "Appeals Process" attached to the tool.

(7) Summer School Incentive:

(a) As an incentive for postsecondary students to attend summer school the student may be provided funds through Transitional Support Services in addition to the student's regular RTI award stipend. Funds provided to the student attending summer school will not be counted in the needs assessment and will not effect the total cost of attendance figures. In order to qualify for these funds the following conditions must be met:

(b) The student must first complete the Transitional Support Services application to request the "Summer School Incentive." Once the application has been completed:

1. The student may qualify for up to \$1500 for attending summer school if:

a. The student provides proof of full-time enrollment, as established by the institution, and meets the requirements of the agency providing funds to prove attendance at required intervals; and

b. Funds are available to the agency providing the scholarship to the student. Or

2. The student may qualify for up to \$750 for attending summer school if:

a. The student provides proof of, at least, part-time enrollment, as established by the institution, and meets the requirements of the agency providing funds to prove attendance at required intervals; and

b. Funds are available to the agency providing the scholarship to the student.

(c) Note: This incentive shall not be provided to students that require summer school enrollment to make up for failed classes or to make up work for classes from previous semesters.

(8) Considerations:

(a) Each student must apply for the fee exemption if attending a public university, college, community college or vocational school. If the student has been provided the appropriate paperwork and fails to submit it to the educational institution, the full amount of average tuition and fees will be entered in the Fee Exemption line. If the student, through no fault of his/her own, is not provided a fee exemption by the educational institution and is then required to pay tuition and fees, no deduction shall be taken.

(b) Each student must make application for federal financial aid through the Free Application for Federal Student Aid (FAFSA). If the student does not make application for federal aid or does not provide a financial aid award letter, the full amount of Pell Grant award (\$4050 in 2003-04) shall be entered in the Federal Scholarships Received line. If the student makes application but is not awarded a federal scholarship, no deduction will be taken as long as the denial is verified. If the student is unable to make application through no fault of his/her own, no deduction will be taken for one semester but a re-determination of award must be scheduled prior to the next semester.

65C-31.008 Independent Living Benefits – Policy Clarification on Due Process Notification.

(1) Issue Date: September 2005; Effective Date: September 2005.

(2) The Independent Living program of the Department of Children and Families (“Department”) and its community-based care contractors (“CBCs”) seek to treat all young adults fairly and to afford them due process. A young adult applying for or receiving Independent Living benefits has the right to receive adequate written notice of CBC adverse actions, to present grievances about CBC adverse actions, and to resolve issues about eligibility by meeting informally with CBC representatives or through the fair hearing process.

(3) CBC actions that require due process notification:

(a) The young adult is for any reason initially determined to be ineligible for any Independent Living benefit;

(b) The young adult is denied an Independent Living benefit due to lack of available funding;

(c) The young adult's services are reduced or terminated for any reason other than at the request of the young adult;

(d) Note that a young adult applying for independent living benefits must be provided with the “your rights to due process” brochure at the time of application. As stated in that brochure, the young adult's independent living case manager shall be available to help with the request for a fair hearing at any time that an adverse decision is made regarding the benefit.

(4) CBC actions that require confirmation (although not due process notification): Voluntary reductions or terminations of services by a young adult.

(a) A voluntary decision made by a young adult to reduce, terminate, or suspend services does not require due process notification. A decision to reduce, terminate, or suspend services is voluntary when the young adult determines that he or she does not need the service or scope of the service at issue and requests a reduction or termination of the service without being pressured to do so by CBC or Department staff.

(b) Each young adult who makes a voluntary reduction or termination shall be allowed ten calendar days from the date the letter of confirmation was sent to reconsider. If after ten calendar days the young adult has not contacted the CBC in response to the letter of confirmation, the reduction or termination may take effect.

(c) If the young adult contacts the CBC within ten (10) days to indicate that he or she does not agree to a voluntary reduction or termination of services, then services shall continue.

(5) Common bases on which Independent Living funding requests might be denied, or otherwise acted on in a manner adverse to the beneficiary. Most often, a request for Independent Living funding might be adversely acted upon (i.e., denied, reduced, or terminated) for one of the three following reasons:

(a) The young adult does not qualify for post-foster care Independent Living benefits;

(b) The young adult is not eligible (or is no longer eligible) for the Road to Independence Scholarship, or is eligible only for a reduced amount.

(c) There are no available funds for Independent Living benefits.

(6) Who determines that a service should be denied. A determination regarding eligibility or continued eligibility for an Independent Living benefit shall be made by the Independent Living case manager for the young adult.

(7) Supervisory review of the determination prior to issuance of a letter denying, terminating, reducing or suspending an Independent Living benefit shall occur as follows:

(a) Before a letter is issued that denies, terminates, or reduces an Independent Living benefit request, the supervisor of the Independent Living case manager shall review the letter.

(b) The supervisory review will consist of all documents relied upon in denying, reducing, or terminating the service request shall be reviewed, to ensure that the necessary documentation is present and to ensure that the decision to deny the service is supported by the documentation and pertinent policies regarding the requested Independent Living benefit.

(c) The purpose of the supervisory review is to ensure that the correct decision has been made with respect to the request for services. If the supervisor determines that an incorrect decision has been made, the service should not be denied, but rather approved. If the supervisor determines that the denial was appropriate, the supervisor will document that the supervisory review has occurred.

(d) Only after the supervisory review is successfully completed, and a determination is made by the supervisor that the denial is appropriate, shall the due process notification letter regarding denial, reduction, or termination of Independent Living benefits be issued. See Sample Letters, attached.

(8) Who signs the letter/Notice of adverse action? After the supervisory review discussed above is successfully completed, the young adult's Independent Living case manager shall sign the letter notifying the young adult of the intended adverse action and providing due process information.

(9) Notification of Adverse Action. As discussed above, the CBC must provide written notice to the young adult regarding any of the actions listed above. In the Notice, young adults will be advised of their right to request a fair hearing in accordance with 45 CFR § 1355.30 and 45 CFR 205.10. In practice, the letter sent by the Independent Living case manager will notify the young adult of the adverse action and the date the young adult can expect that action to be implemented.

(a) The CBC shall inform a young adult of the adverse action regarding eligibility within the following time frames:

1. One (1) calendar day of receiving a request for aftercare assistance to prevent homelessness;

2. Five (5) business days of receiving a request for transitional benefits or aftercare benefits other than assistance to prevent homelessness: OR

3. Ten (10) business days of receiving a request and required documentation for the Road to Independence program.

(b) Notification shall be in writing, using the appropriate attached Notice (See attached Sample Letters "A" through "E").

(c) Notices regarding reduction or termination of benefits shall be sent at least 10 days in advance of the adverse action. The notices must provide the day prior to the effective date of

the reduction or termination as the deadline for a request for a fair hearing to continue benefits until the hearing process is complete. If the day prior to the effective date is on a weekend or holiday, the deadline must be on the effective date itself.

(10) Form of Notification. One of the attached sample letters shall be used to notify young adults of the adverse action. All relevant reasons for the adverse action must be indicated on the appropriate notice.

(a) The completed notification shall include notice of action, reason(s) for action, and relevant citations. The form must be completed in its entirety and all relevant blanks must be filled in. If there are multiple reasons for denial, reduction, or termination, all should be listed.

(b) A Request for Fair Hearing form (Attachment F) and the Independent Living "Your Rights to Due Process" Brochure shall be attached to the Notice.

(c) The Notice that pertains to fair hearing rights will include the name, address and phone number of the CBC responsible for providing Independent Living Services to the young adult.

(d) The Notice shall be sent by Certified Mail or provided to the young adult by hand delivery. Documentation of hand delivery shall be made in the young adult's file contemporaneously with the hand delivery. The certified mail receipt shall also be placed in the young adult's file.

(e) Timeframes for response shall be clearly defined.

1. The request for a fair hearing must be received by the CBC no later than thirty (30) calendar days from the date the notice was mailed or hand delivered to the individual. The request may be made orally or in writing, although a written request is always advisable. An oral request shall be documented on the "Oral Request for Fair Hearing", CF-FSP 5303, September 2005, incorporated by reference. Written requests shall be prepared on "Request for Fair Hearing on Denial, Termination, or Reduction of Independent Living Benefits", CF-FSP5304, September 2005, incorporated by reference.

2. If a request for hearing is received by the CBC on or before the day prior to the effective date of the reduction or termination of benefits, those benefits must continue at their current level until the fair hearing process is completed. If the day prior to the effective date of the reduction or termination is on a weekend or holiday, the deadline to request a fair hearing and continue benefits must be the effective date of the reduction or termination. The deadline must be clearly stated in the Notice.

3. The right to request a fair hearing must be exercised within thirty (30) days of the date the Notice of adverse action was mailed or hand delivered. However, the issue of whether a request was timely made is one that must be determined by the Fair Hearing Officer. A request for a hearing can be rejected or dismissed only by the hearing officer. Therefore, if a request for a hearing is not within the given timeframes, the request

should not be refused. It shall be taken and forwarded to the Florida Department of Children and Families Office of Appeal Hearings with a notation on the Fair Hearing Request Fax Sheet (Attachment G) that the request was late. The Office of Appeal Hearings will handle late-filed requests from the central office.

(f) The request for a fair hearing may be oral or written, although written requests are encouraged. The Oral Request for Fair Hearing Documentation Form shall be used to document oral requests for a fair hearing. That form or the written request and a copy of the Due Process notice letter shall be faxed by the CBC within one (1) business day of receipt to the [District Legal Counsel/Attorney General's Office], and the Office of Appeal Hearings of the Department of Children and Families, whose address and fax number are noted on the form. See Attachment G.

(11) Timeframes.

(a) Response to a Notice of Action of Termination or Reduction of Existing Benefits. When a young adult receives notice of recommended action from the CBC, the following time limitations to request a hearing shall apply:

1. The written or oral request for a fair hearing must be made no later than thirty (30) days from the date a notice is mailed or hand delivered to the young adult.

2. When a request for a fair hearing is made at least one calendar day prior to the date of the reduction or termination of benefits, (See attached Sample Letters "B" and "C", attached), the request will suspend or stay the termination or reduction action until the conclusion of the hearing process. If the day prior to the date of the reduction or termination is a weekend day or holiday, a request for a fair hearing received on the date of the reduction or termination will also suspend or stay the reduction or termination action until the conclusion of the hearing process.

(b) Response to a Notice of Action of Denial of an Application for Benefits. When a young adult receives notice of denial of benefits (for benefits which have not yet been received, rather than the reduction or termination of benefits currently being received) from the CBC, the following time limitations to request a hearing shall apply:

1. The written or oral request for a fair hearing must be made no later than thirty (30) days from the date a notice is mailed to the young adult.

2. The young adult may not receive the denied services until the hearing officer rules in favor of the individual (but may receive other services for which he or she has not been denied).

(c) The young adult may notify the CBC of his/her request for a hearing either verbally or in writing.

(12) Transmittal of Hearing Request to Department.

(a) If the request is made verbally, the CBC or Department staff receiving the request will complete the Request for Fair Hearing Documentation Form and fax the completed form and

a copy of the due process letter within one (1) business day to the [District Legal Counsel/Attorney General's Office] and the Office of Appeal Hearings of the Department of Children and Families.

(b) If the request is made in writing, the CBC or Department staff receiving the request will complete the Request for Fair Hearing Documentation Form and fax the completed form, the written request, and a copy of the due process letter within one (1) business day to the [District Legal Counsel/Office of the Attorney General] and the Office of Appeal Hearings of the Department of Children and Families.

(c) The CBC or Department staff receiving the request will forward a copy of all documentation supporting the decision regarding the Independent Living benefit at issue to the [District Legal Counsel/Office of the Attorney General] within three (3) business days.

(13) Additional Local Preparation for Fair Hearings.

(a) The CBC receiving the request shall immediately prepare copies of the young adult's complete Independent Living file to provide to both the young adult and the legal representative for the CBC/Department. The CBC shall provide the complete file to both the young adult and the legal representative for the CBC/Department, whether or not a request has been made.

(b) The Office of the Attorney General (OAG) will appear as counsel to defend the adverse action only if the OAG has received copies of the written request, the due process letter, and all the documentation supporting the decision at least 14 days before a scheduled hearing. Otherwise, the DLC is responsible for the hearing.

(c) The CBC responsible for the young adult's Independent Living benefits case (the "home" CBC) is responsible for coordinating and participating in the Fair Hearing, even if the hearing takes place in a different district. The Fair Hearing will take place wherever the young adult lives. Therefore, if the young adult is attending school in another district, the Fair Hearing will take place in the district where the school is located since that is where the young adult is living.

(d) The Zones have a responsibility to provide technical assistance regarding Independent Living requirements to counsel for the CBC and Department in preparation for the Fair Hearing. Therefore, the legal representative for the CBC/Department may request a review of the young adult's Independent Living file by the Zone when needed as part of trial preparation.

(14) Update to ICWSIS OR CBC Payment System:

(a) Update after initial notice of termination or reduction.

1. No update will be made to the ICWSIS system to reduce or terminate funding for any service until the 11th day after the notice was sent to the individual, or the effective date of the

reduction, whichever occurs later, and only if the individual has not requested a hearing and continuation or reinstatement of services.

2. If the young adult files for a hearing in accordance with the timeframes in Section 10. a), ii), no adjustment will be made to ICWSIS until after the appeal hearing decision is rendered.

(b) Update after Hearing Officer's decision.

1. If ICWSIS was not initially adjusted and the decision is in favor of the Department, ICWSIS will be adjusted five days after the Department receives a copy of the order to reflect the decision of the officer.

2. If the decision is in favor of the individual and ICWSIS had not been adjusted because the individual requested a hearing in accordance with Section 11, then no change shall be made to ICWSIS and services will continue.

(15) Local [Informal] Review. Upon receipt of a Request for Hearing, an informal Local Review is mandated prior to the Fair Hearing itself.

(a) In view of the fact that a hearing may be scheduled fairly quickly, the Local Review shall occur no later than 10 days after receipt of the request for hearing. This Review shall mirror the supervisory review done prior to the issuance of the due process letter (Section 6 above).

(b) The Local Review shall be done by the CBC administrator in charge of the CBC's Independent Living program of the CBC in consultation with the CBC case manager's supervisor.

(c) The Local Review shall include an informal meeting with the young adult and/or the young adult's legal representative, if the young adult wants such a meeting.

(d) The young adult or the young adult's legal representative shall be provided, without charge, with a copy of all of the CBC's records and documents relating to the denied, reduced, or terminated benefit within three (3) business days of the CBC's receipt of the Request for a Hearing.

(e) The Local Review or interview may resolve the issue to the satisfaction of the young adult, so that the request for hearing is withdrawn. Should an error be discovered during the Local Review, immediate action shall be taken to rectify it, and the young adult or the young adult's legal representative shall be advised.

(f) The CBC's informal review determination, including specific findings, shall be provided in writing to the young adult or the young adult's legal representative, the [District Legal Counsel/Office of the Attorney General], and the Department's Office of Appeal Hearings.

(16) Hearing Officer Decisions for all due process actions regarding denials, reductions and terminations of service.

(a) Hearing Officer Rules in favor of the CBC/Department.

1. If the hearing officer affirms the decision of the CBC/Department to terminate or reduce services, the CBC shall terminate or reduce services if they were continued or reinstated during the appeals process. The CBC will implement the order five (5) days after the date the order is received by the CBC. The CBC will immediately notify the young adult or the young adult's legal representative, and the CBC provider in writing informing them of the hearing officer's order and the effective date of the termination or reduction.

2. If the hearing officer affirms the decision of the CBC to terminate or reduce services, and the services have not been continued during the appeal process, the CBC does not need to take any further action regarding the services at issue. The Final Order will be sent directly to the young adult and the young adult's legal representative as well as to the CBC.

(b) Hearing Officer Rules in favor of the Individual.

1. If services were discontinued pending the hearing officer's review and the hearing officer's finding is in favor of the individual, then service(s) will be reinstated according to the hearing officer's decision. This decision will make clear the required corrective action, including retroactive payment. The CBC will reinstate services according to the hearing officer's decision within five (5) business days of the date the CBC receives the order.

2. If services were continued or reinstated pending the hearing officer's review and the hearing officer's finding is in favor of the individual, then the service(s) will continue in accordance with the hearing officer's decision.

3. If services were denied, the CBC will provide those services, pursuant to the hearing officer's decision, within five (5) business days of receiving the order.

(17) Termination upon failure to renew Road to Independence Scholarship. When a case manager is unable to update an individual's Road to Independence Scholarship during the 3 months prior to the individual's birthday due to an inability to locate the individual or get the individual to cooperate, the following action shall be taken:

(a) The case manager shall document in the case file "due diligence" in trying to locate or secure the cooperation of the individual to update the individual's continued eligibility for the Road to Independence Scholarship. This will include checking with the post office for a forwarding address and sending the Request for Road to Independence Documentation form to the last known address, requesting forwarding by the post office, and allowing the individual 30 days from date of receipt (or 35 days from date the letter is mailed) to contact the case manager and renew the Road to Independence Scholarship.

(b) If after 35 days, there has been no contact by the young adult, or if it has been verified that the young adult has been terminated from the rolls of the post-secondary school, Sample Letter C will be sent by U.S. mail, certified, return receipt, to the last known address to notify the young adult that he or she

is terminated from the program. The effective date of termination will be calculated at 35 days from the date the oral request form was mailed.

65C-31.009 Implementation Guidelines, (2005 Statutory Revisions Affecting Young Adult Services).

(1) Frequently Asked Questions.

(a) What is the eligibility criteria for young adults who wish to reside with the licensed foster family or group care provider with whom they were residing at the time they attained their 18th birthday or another foster family or group care provider as arranged by the department? Section 39.701(6)(a)5., F.S., provides that students eligible for the Road-to-Independence (RTI) Scholarship Program are eligible to remain in his or her current foster or group home or another licensed placement arranged by the department. The student does NOT have to petition the court for continued jurisdiction to be eligible for this service.

(b) Who pays the board rate for these placements? Since only RTI scholarship recipients are eligible, the board rate will be paid through the student's scholarship award. Although the student can be paid the full amount of scholarship and pay the foster parent themselves, it is recommended that you advise the student to have the board part of the RTI Scholarship paid directly to the foster parent and the remaining amount to the student. This may avoid placement problems and disputes over finances.

(c) What if a group care provider's license prohibits the student from providing placement to youth over the age of 18? Planning for a youth must occur early. Section 39.701(6)(a)8., F.S., provides that during the Judicial Review Hearing within 90 days after the youth's 17th birthday, the youth must have a clear understanding of where he or she will be living on his or her 18th birthday. Staff should know ahead of time whether or not the youth will be able to stay at the group home (or foster home for that matter) after he or she reaches age 18. If he or she cannot remain in his or her placement, planning must occur and alternate placement arrangements made with consideration for proximity to school, work and extra-curricular activities.

(d) What are the eligibility criteria for youth who wish to petition the court for continued jurisdiction? Since jurisdiction must be established as a child, the eligibility criteria would include any child adjudicated dependent and in the legal custody of the department on his or her 18th birthday.

(e) Can the youth petition the court for "reinstatement" of jurisdiction after they reach age 18? Yes, the law allows for the young adult to petition the court any time before his or her 19th birthday. However, jurisdiction is only valid for 1 year after the 18th birthday, unless jurisdiction is continued for the sole purpose of allowing continued consideration of a petition and

application for special immigrant juvenile status, in such cases jurisdiction will be terminated upon the final decision of the federal authorities or upon the young adult's 22nd birthday.

(f) What is the purpose of continued jurisdiction? There are two purposes for continued jurisdiction:

1. Continued jurisdiction for the purpose of determining whether appropriate aftercare support, RTI scholarship, transitional support, mental health, and developmental disabilities services, to the extent authorized by law, have been provided.

2. Continued jurisdiction for the sole purpose of allowing continued consideration of a petition and application for special immigrant juvenile status if the petition and application have not been granted by the time the youth reaches 18 years of age. If the court does not maintain jurisdiction, the federal authorities will no longer consider the petition and application. In these cases, the youth is not required to file a petition for continued jurisdiction but the caseworker or department attorney must ensure that the courts are aware of the youth's status and does not terminate jurisdiction on the 18th birthday. Retention of jurisdiction in these cases does not affect the services available to a young adult. Unless jurisdiction is also continued for the reasons mentioned in #1 above, jurisdiction will be terminated upon the final decision of the federal authorities or upon the young adult's 22nd birthday.

(g) Does this mean the young adult is in extended foster care? No, this means that the courts will monitor the case to ensure that appropriate adult services are being provided to help the young adult with his or her transition.

(h) Are judicial reviews required for the cases with continued jurisdiction? The law does not specifically require judicial reviews for these cases. However, it is highly likely that an individual judge will require review hearings at certain intervals or at least some sort of status report in order to monitor the progress.

(i) Who provides case management for these young adults? Central Office will not designate an agency or provider within each district to provide case management. Each zone/district/CBC should have input regarding these decisions based on available resources and best interest of the young adult.

(j) What should we say in court if ordered to place the youth in another home or facility and we are unable to find a provider willing to care for an 18-year-old? If a licensed home cannot be found the agency should ensure that the young adult has a safe place to live that is in reasonable proximity to school, work and support resources. The young adult should participate with the assigned caseworker in locating an appropriate living arrangement. If the youth is satisfied with the placement he or she may withdraw his or her request for a licensed placement.

(k) What are the current and proposed licensing regulations regarding youth turning 18 and wishing to remain in his or her licensed family foster home? Do the CBC agencies have any authority to make these regulations more or less restrictive?

1. This is currently not addressed in rule, however the Child Welfare Program Office has provided technical assistance to licensing staff and has encouraged staff to allow the youth to stay. If he or she were sharing a room with a child under 18 the placement was not disrupted, however if the younger child moved out another child would not be placed in the room with the young adult.

2. Proposed rule: Children over the age of twelve months shall not share a bedroom with an adult. The only exception to this would be if one of the children sharing a bedroom reaches his or her eighteenth birthday and the out-of-home caregiver and the supervising agency approve this sleeping arrangement. This exception applies only to the circumstances described above and not to any new placements in the home.

(l) What are the current and proposed licensing regulations for young adults who are currently over the age of 18 and wish to be placed in a licensed foster home? Do the CBC agencies have any authority to make these regulations more or less restrictive? The Child Welfare Program Office has left this up to the foster parents and CBCs and has encouraged foster parents to rent a room to IL kids if they are interested. This is currently not addressed in rule, however the Child Welfare Program Office has provided technical assistance to licensing staff and has encouraged staff to allow the youth to stay. The youth would not have to be screened as long as they are clients of CWCBC. The only real restrictive part is the sharing of a room with a younger child if they are just moving in. If they are sharing a room when they turn 18, we allow it to keep from disrupting any placements.

(m) What are the current and proposed licensing regulations regarding youth turning 18 and wishing to remain in his or her licensed group home? Do the CBC agencies or group homes have any authority to make these regulations more or less restrictive? The Child Welfare Program Office has not addressed the group care issue in the rules but has provided technical assistance to the licensing specialist when group care facilities want to maintain the youth until they graduated, etc. The same room situation would apply, if they are currently sharing a room with a younger person, this placement would not be disrupted, however, a youth under eighteen would not be placed in person in the room after this placement ends. This would be the major restriction. Depending on the group care facility, they may have room to separate the younger teenagers from youth over the age of 18 by a separate hallway. This isn't necessarily required but could be an option.

(n) What are the current and proposed licensing regulations for young adults who are currently over the age of 18 and wish to be placed in a licensed group home? Do the

CBC agencies have any authority to make these regulations more or less restrictive? A youth over the age of 18 coming into a group care facility would have to have his or her own room or share a room with another youth over the age of 18. This is being addressed in the DRAFT Chapter 65C-14, F.A.C. The differences in the questions are that one is for youth who are in a foster or group home and want to stay there and the second is for young adults who either want to be moved from one licensed placement to another or have expressed the desire to be placed back into a licensed placement. Again, as far as licensing, the only real issue would be the sleeping arrangements.

(o) What should we do if the juvenile court orders a young adult into a specific placement and/or orders the department or CBC to pay for the placement after the age of 18?

1. Laws of Florida, Chapter 2005-179 (Formerly Senate Bill 1314) provides a young adult the opportunity to petition the court for continued jurisdiction for a period ending on his or her 19th birthday. Jurisdiction is continued in order to determine whether appropriate aftercare support, Road-to-Independence Scholarship, transitional support, mental health, and developmental disabilities services, have been provided, to the extent authorized by law. This does not mean that juvenile courts have the authorization to order young adults into specific placements and require the department or CBC pay for these placements. In addition, this does not mean that the courts have authorization to order young adults into mental health treatment and require the department or CBC to pay for the treatment. It does mean that the department or CBC must coordinate services with the adult system long before the youth reaches age 18.

2. The DCF General Counsel's Office informed the CWLS attorneys on the monthly CWLS conference call, in August of 2005, that if the court orders questionable services (those beyond authority of the law) as mentioned above then the CWLS attorney should, in consultation with the department or CBC, consider an appeal of the order. In addition, any caseworker, supervisor, administrator or other staff who become aware of an order that appears questionable should contact the CWLS or contracted attorney for the district or agency immediately to inform them of the details.

3. It may be advisable for managing attorneys to meet with dependency judges and CBC leads to discuss implementation of the legislation and apprise the courts of available resources and funding considerations in accommodating as many young adults as possible.

(2) Continued Court Jurisdiction for Young Adults Formerly In The Legal Custody Of The Department – Section 39.013, F.S.

(a) Purpose. These guidelines cover the policies and procedures relative to continued court jurisdiction for young adults formerly in the legal custody of the department.

(b) Scope. These guidelines apply to all staff providing services to children in custody of the department and young adults formerly in foster care who wish to petition the court for continued jurisdiction, as well as, young adults whose jurisdiction has been retained for the purpose of allowing continued consideration of a special immigrant juvenile petition and application. The young adult may use the "Petition to Extend Jurisdiction or to Reinstate Jurisdiction and to Schedule Hearing" CF-FSP 5301, September 2005, incorporated by reference.

(c) Authority. (Section 39.013, Florida Statutes (F.S.), Procedures and jurisdiction; right to counsel).

(d) Definition. "Special Immigrant Juvenile Status" – This is an immigration benefit that allows undocumented children who have been abused, abandoned or neglected to petition for permanent resident status as long as he or she meets the following criteria:

1. The child is eligible for long term foster care;
2. It is in the best interest of the child to remain in the United States; and
3. The child remains under the jurisdiction of the juvenile court.

(e) Reasons for Continuing Court Jurisdiction for Young Adults:

1. A youth may petition the court, for continued jurisdiction, anytime before his or her 19th birthday. This jurisdiction may continue for a period not to exceed one year beyond the youth's 18th birthday. The youth does not maintain "foster care" status as those who are under the age of 18, but instead the courts maintain jurisdiction for the purpose of determining whether the young adult is receiving appropriate "adult" services, which may include:

- a. Aftercare Support;
- b. Road-to-Independence Scholarship;
- c. Transitional Support;
- d. Mental Health; and
- e. Developmental Disabilities Services.

2. These services shall be provided using established policies and procedures.

3. The court may retain jurisdiction over a dependency case solely for the purpose of allowing continued consideration of a petition for special immigrant juvenile status and an application for adjustment that was not granted by the time the youth reached 18 years of age. Court jurisdiction in these cases:

a. Terminates upon the final decision of the federal authorities or upon the young adult's 22nd birthday.

b. Does not affect the status of the services available to a young adult under Section 409.1451, F.S.

c. Does not require a petition from the youth. Courts themselves may retain jurisdiction.

(f) Judicial review responsibilities.

1. Continued jurisdiction to monitor adult services. Although the statute does not specifically mention a requirement for judicial review hearings for young adults it should be anticipated that many courts will expect a review of the case at some interval or at least a report from the agency providing services.

2. Continued jurisdiction to monitor special immigrant juvenile status. Review hearings for the young adults will be for the sole purpose of determining the status of the petition and application. Some courts may require a face-to-face hearing and others may only require some sort of status report.

(g) Case Management responsibilities.

1. Case management to ensure delivery of appropriate young adult services. Case management for young adults is not required. However, because the agency will be required to report to the court in many cases, the assignment of a caseworker is recommended. Responsibilities of the case manager will be to:

a. Monitor the provision of aftercare support, RTI scholarship and transitional support services to ensure that services are being provided as authorized by law.

b. Collaborate with staff from adult mental health and developmental disability services to ensure appropriate services are being provided as authorized by law.

c. Provide judicial review and/or other status reports to the courts as directed.

2. Case management for special immigrant juvenile cases. Once the petition and application has been filed on behalf of the foster child very little case management responsibilities exist once they are adults. Disposition of the case rests with the federal authorities and the only case management responsibilities will be to check the status of the case periodically and report to the court when directed to do so.

(3) Provision of Foster and Group Home Placement for Young Adults Who Are Eligible for The Road-to-Independence Scholarship – Section 409.1451, F.S., and 39.701, F.S.

(a) Purpose. These guidelines cover the policies and procedures relative to the licensed care placements for young adults formerly in foster care.

(b) Scope. These guidelines apply to all staff providing services to children in custody of the department and young adults formerly in foster care and the responsibility to inform the youth of the option for placement in licensed care after reaching age 18 and to arrange for these placements.

(c) Authority. (Section 409.1451, F.S., Independent living transition services. Section 39.701, F.S., Judicial review.)

(d) Case Management responsibilities for licensed placement after age 18.

1. Children Under the Age of 18. Prior to the youth reaching the age of 18, the department or CBC must ensure that the youth is aware of licensed care placement options after the age of 18. In order to ensure that the youth is aware of this option the department or CBC must:

a. Provide the youth with all necessary information relating to the RTI scholarship, including eligibility requirements, application forms and assistance in completing the forms.

b. Inform the youth that, if he or she is eligible for the RTI scholarship, he or she may reside in a licensed foster care placement, arranged by the department or CBC, after the age of 18.

c. Consult with the youth and his or her foster parents or group home provider as early as possible during the youth's 17th year to discuss the possibility of continued placement after the youth's 18th birthday.

d. If the youth's current placement will not be available once he or she reaches age 18 and the youth wishes to be placed in another licensed home that will provide residence after age 18, the department or CBC will research other placement options as early as possible in order to provide a smooth transition.

2. Young Adults Age 18 and Over. A young adult formerly in the legal custody of the department is eligible to remain in his or her foster or group home, or another licensed placement arranged by the department or CBC as long as he or she remains eligible for the RTI scholarship.

(e) Payment of Board Rate. The board rate payment for foster or group home placement will come from the young adult's RTI scholarship award. Although board rate amounts for family foster homes may be negotiated, it is encouraged that the board rate established for teens in foster care be used as a standard rate for young adults. Group home rates are in many cases higher than the RTI award. In these cases a lower rate should be negotiated or other arrangements made, such as young adult contribution from earned income or state or community funds available to the CBC agency to make up the difference.

1. The young may choose on of two ways to receive his or her RTI scholarship award and ensure board rate payment:

a. Receive 100% of his or her scholarship award and enter into a contract with the foster parent or group to make monthly board payments; OR

b. Elect to have two checks generated for his or her scholarship award. One check would be generated by the department or CBC and paid directly to the foster or group for board rate payment and a second check would be generated for any remaining award funds to be sent directly to the young adult.

2. It is recommended to advise the young adult to select the second (2) method as this would ensure that each party receives the funds due each month. It would also avoid

damaging the relationship between the young adult and foster parent because of finances and money issues in case of delinquent or late payments. In many cases this will be students in high school who are trying to complete his or her studies and do not want to worry about making board rate payments each month.

(f) Conduct and House Rules. Although it is not required by statute, it is recommended that the department CBC work with the young adult and foster or group home placement in order to establish reasonable expectations and rules. Although these students are considered adults they must realize and be informed of rules that they must follow in order to be able to continue in the placement. A written document outlining basic house and unacceptable actions is encouraged.

(4) Medical Assistance for Young Adults Formerly in Foster Care – Section 409.1451, F.S.

(a) Purpose. Currently, only students who are eligible for the RTI scholarship can automatically receive Medicaid once they exit the foster care system at age 18. These guidelines cover the enrollment of young adults, who have reached age 18 but are not yet 19 years of age, into the Florida KidCare Program and the responsibility for the department or CBC to develop knowledge of community medical care resources for young adults who are not eligible for other forms of medical coverage.

(b) Scope. These guidelines apply to all staff providing services to children in custody of the department and young adults formerly in foster care and the responsibility to enroll into the Florida KidCare Program young adults, age 18 but not yet 19 years of age, as well as, develop knowledge of community medical care resources for young adults who are not eligible for other forms of medical coverage.

(c) Authority. (Section 409.1451, F.S., Independent living transition services.)

(d) Eligibility. The department or CBC is obligated to enroll in the Florida KidCare Program, outside the enrollment period:

1. Each young adult who has reached age 18 years of age but is not yet 19 years of age and who was in licensed foster care when he or she turned 18 years of age, except:

2. A young adult who has health insurance coverage from a third party through his or her employer or who is eligible for Medicaid is NOT eligible for enrollment.

(e) Payment of Premiums. Each young adult who the department or CBC has enrolled into the Florida KidCare Program is required to pay the coverage premiums.

(f) Procedures.

1. Applications. The department or CBC shall consult the Florida KidCare website at www.floridakidcare.org for information regarding the application process and required documents. The department or CBC shall make application to Florida's KidCare Program for all young adults under age 19 who have exited the foster care system and:

a. Have been denied in his or her initial application for the RTI scholarship award; OR

b. Are not eligible to apply for the initial RTI scholarship award; OR

c. Choose not to apply for the initial RTI scholarship award; OR

d. Have had his or her RTI scholarship award terminated, and

e. Have no access to other medical insurance coverage.

2. Notification. The department or CBC shall provide written notification to the young adult of the availability of Florida KidCare insurance coverage and how to obtain more information about the program.

(g) Other Medical Insurance/Care Options for Young Adults Formerly in Foster Care. The department or CBC shall explore the community in order to develop a resource list of possible medical insurance/care options for young adults formerly in foster care who do not or no longer qualify for Medicaid or Florida KidCare coverage. This list shall contain eligibility criteria, procedure for application and costs, when available.

1. If a young adult no longer qualifies for Medicaid or Florida KidCare insurance, the caseworker shall provide the young adult with the resource list and discuss the available medical insurance/care resources within the community.

2. Examples of possible medical insurance/care include but are not limited to:

a. County Health Department – many services are available at no charge or a small fee based on income.

b. Student Health Care Services – this service is available at many, but may not be available at every educational institution and services may vary.

c. Private insurance through employment – often employers offer low cost group insurance to even part-time employees.

d. Emergency Services – 911 and emergency room services. The young adult must be informed that these services are not free and in most cases the young adult will be billed, if he or she has no insurance coverage.

e. Walk-in hospitals and clinics – these services are not free but resources should be explored and provided to the young adult.

RULE CHAPTER TITLE: Reef Fish

RULE TITLES:

RULE NOS.:

Definitions 68B-14.002

Size Limits: Amberjacks, Black Sea Bass,

Gray Triggerfish, Grouper, Hogfish,

Red Porgy, Snapper 68B-14.0035

Size Limits for Importation and Sale 68B-14.00355

Recreational Bag Limits: Snapper, Grouper,

Hogfish, Black Sea Bass, Red Porgy,

Amberjacks, Exception, Wholesale/

Retail Purchase Exemption 68B-14.0036

PURPOSE AND EFFECT: The purpose of these rule amendments is to clarify the definition of total length in all reef fish rules that contain a total length measurement, in conjunction with related rule amendments in other rule chapters regulating the harvest of marine species. The measurement method of one species of reef fish, gray triggerfish, is amended to state that a fork length measurement applies to it. The effect of this rule would be to standardize the method for measuring total length of marine reef fish and thereby simplify compliance by commercial and recreational harvesters.

SUMMARY: The definition for total length in subsection 68B-14.002(14), F.A.C. will be modified to standardize the measurement method of reef fish with other marine finfish. Subsection 68B-14.0035(3), F.A.C., will be modified to reflect the change in gray triggerfish measurement from total length to fork length. In paragraph 68B-14.00355(1)(c), F.A.C., the size limit for importation and sale of gray triggerfish was changed to reflect the new fork length size limit. For clarification, the word ‘total’ was added to subparagraph 68B-14-.0036(1)(f)1., F.A.C., of the recreational bag limit for cubera snapper.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: A Statement of Estimated Regulatory Cost has not been prepared regarding these proposed rules.

THE FULL TEXT OF THE PROPOSED RULES IS:

69A-66.001 Florida Fire Incident Reporting System (FFIRS), In General.

(1) The purpose of these rules is to establish standards and procedures for fire department reporting of fire incidents to the Division of State Fire Marshal.

(2) The standards and procedures contained in these rules apply to the Division of State Fire Marshal and to each fire department in the State of Florida participating in the Florida Fire Incident Reporting System (FFIRS) program.

(3) The Division of State Fire Marshal manages FFIRS, which is a means for fire departments to report and maintain computerized records of fires and other fire department incidents in a uniform manner. FFIRS is operated in conjunction with the National Fire Incident Reporting System (NFIRS). By participating in the FFIRS program, fire departments become a part of the cooperative effort among fire organizations to make Florida a safer state.

(4) These rules are minimum requirements and do not preclude a fire protection agency from implementing its own requirements which shall not conflict with these rules.

69A-66.002 Definitions.

For purposes of these rules unless the context clearly requires otherwise, the following word or term has the following meaning.

(1) “Florida Fire Incident Reporting System,” or “FFIRS,” means the Florida statewide fire data information system that resides within the Division of State Fire Marshal, Department of Financial Services. FFIRS works in collaboration with NFIRS to report and analyze fire incidents.

(2) “National Fire Incident Reporting System,” or “NFIRS,” means an information system initiated and supported by the United States Fire Administration (USFA). NFIRS was developed as a means to gather and analyze information on the magnitude of the nation’s fire problem, as well as its detailed characteristics and trends.

(3) “Codes” means a series of basic phrases with code numbers used to describe fire incidents in the NFIRS/FFIRS program. The descriptive phrases were developed and made available by the National Fire Protection Association (NFPA) Standard 901, the Uniform Coding for Fire Protection, 1976 edition, the 1981 codes for Fire Service Casualty Reporting, and the 1990 codes for Hazardous Materials Reporting. The National Fire Protection Association (NFPA) Standard 901, the Uniform Coding for Fire Protection, 1976 edition, the 1981 codes for Fire Service Casualty Reporting, and the 1990 codes for Hazardous Materials Reporting are not adopted in these rules, but are provided for reference and informational purposes only.

(4) “Codes Training” means instruction on the series of basic phrases with code numbers that are used to describe fire-related incidents in NFIRS/FFIRS.

(5) “USFA NFIRS 5.0 Software” means software provided free to fire departments throughout the United States to manage fire data. The USFA, in partnership with the National Fire Information Council (NFIC), developed the software.

(6) “Third Party Vendor Software” is NFIRS/FFIRS compatible software that is marketed and sold to fire departments by private vendors.

(7) “Fire Protection Agency” means any local, state, agency, or special fire department in the state responsible for municipal or county fire protection as recognized by the appropriate municipal, county, or special fire control district or the state. A fire protection agency has the same intent and purpose as a fire department as defined in subsection 69A-62.001(4), F.A.C., or fire district, which is of carrying out the duties, functions, powers, and responsibilities normally associated with a fire department. These duties, functions, powers, and responsibilities include but are not limited to the protection and saving of life and property against fire, explosions, and other hazards, the prevention and extinguishment of fires, and the enforcement of municipal, county, and state fire prevention codes, as well as of any law pertaining to the prevention and control of fires and hazardous materials incident mitigation.

69A-66.004 Submission of Fire Incident Data.

Data may be submitted to the FFIRS Section using the following methods:

(1) Fire departments using the Federal Client Tool in an on-line capacity must enter and save their data from their department's personal computers directly into the NFIRS database. Fire departments using the Federal Client Tool in an off-line capacity must enter and save their data on their department's personal computers but must forward it to the FFIRS Section by emailing the report as an attachment to FFIRS@fldfs.com, or saving it to a compact disk or diskette and mailing it to the FFIRS Section for the data to be imported into the NFIRS database.

(2) Fire departments using third party vendor software must enter the data directly into their department's computers using this software. For the data to be imported to the NFIRS database, the reports must be either emailed as an attachment to FFIRS@fldfs.com, or saved to a compact disk or diskette and mailed to the FFIRS Section.

(3) Fire departments using the Federally Contracted 4.1 software, or software compatible to that program, must enter and save the data on their department's computer and forward the reports to the FFIRS Section either by emailing the reports as an attachment to FFIRS@fldfs.com, or saving the reports to a compact disk or diskette and mailing it to the FFIRS Section.

(4) Fire departments without capability to submit under subsection (1), (2), or (3) are permitted to submit paper reports to the FFIRS Section for those reports to be keyed by FFIRS staff for uploading to the NFIRS database. These reports are to be mailed to the FFIRS Section, Division of State Fire Marshal, 200 East Gaines Street, Tallahassee, Florida 32399-0340.

(5) Annual Summaries are a standardized form which may be completed and forwarded to the FFIRS section by Fire Departments. The use of Summaries is discouraged because the summary does not give specific fire related data and also because it does not comply with Federal Grant responsibilities or allow for entry into the NFIRS database.

This identifier may also identify the county, fire district, or other jurisdiction in which the fire department is located.

(2) The purpose of the FDID number is to identify incident data collected and reported by individual departments. Feedback on local or regional incident experience can then be prepared and sent to an individual agency or a specific fire department.

RULE NO.: 68D-24.005
 RULE TITLE: Sarasota County Boating Restricted Areas

NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 31, No. 37, (September 16, 2005), issue of the Florida Administrative Weekly. These changes are being made in response to comments received from staff of the Joint Administrative Procedures Committee.

The changes are as follows:

1. The intended effect of the rule amendment was to extend the length of the boating restricted area by 1,600 feet rather than to a distance 1,600 feet southeast of the U.S. Highway 41 (Business) Bridge. The boating restricted area will end a total distance of 2,000 feet southeast of the bridge, as the notice of proposed rulemaking shows in drawing D. The text of subparagraph 68D-24.005(1)(a)4., F.A.C., will be revised as follows:

2. Drawing D correctly depicts the existing boating restricted area and the proposed extension. When the rule is filed for adoption, drawing D will show the entire boating restricted area uniformly shaded rather than shaded to depict existing and proposed areas.

3. Although the text of the amendment to subparagraph 68D-24.005(1)(a)5., F.A.C., is clear, drawing E that depicts the amendment is not. Drawing E will be revised to show that the entire length of the boating restricted area is 1,140 feet and the entire boating restricted area will be uniformly shaded rather than shaded to depict existing and proposed areas.

4. Hatchett Creek – All waters lying within and adjacent to the Intracoastal Waterway, from shoreline to shoreline, from a line drawn perpendicular to the centerline of the Intracoastal Waterway 2,000 feet northwest of the U.S. Highway 41 (Business) Bridge to a line drawn perpendicular to the centerline of the Intracoastal Waterway 2,000 ~~400~~ feet southeast of said bridge, as depicted in drawing D.

Fund Distribution to Local Governments – State	67ER05-20
Income Verification	67ER05-21
Strategies	67ER05-22
NOFA	67ER05-23
Annual Reports	67ER05-24
Letter of Request	67ER05-25

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: As a result of the damage caused by Hurricane Katrina to Franklin and Wakulla Counties, there exists a number of families displaced from their homes due to the inability to pay rent caused by unemployment from the fishing industry. Section 420.9078(8), F.S., provides for the distribution of appropriated SHIP funds from the Local Government Housing Trust Fund among counties and eligible municipalities for which an emergency or natural disaster has been declared by executive order and which have an approved local housing assistance plan to implement a local housing assistance strategy consistent with Sections 420.907-9079, F.S. Funding is provided for eligible entities to implement a disaster plan that may include grants and loans for homeownership and rental activities, including activities related to manufactured housing and rental assistance. Adherence to the adoption process would prevent timely distributions of needed funds. Emergency Rulemaking is necessary to address this situation and to provide the local governments the necessary funds to provide for rental assistance.

REASONS FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES: Florida Housing is aware of the rulemaking procedures prescribed by Section 120.54, F.S. That process requires advance notice to the general public of intended rules and the opportunity to submit comments on the intended rule, prior to the agency’s adopting of the rule. The process requires, at a minimum, 35 days to adopt a rule. This time period would prevent Florida Housing from releasing the funds to the local counties and eligible municipalities in an expeditious manner. In turn, the counties and local governments would be prevented from providing immediate relief to disaster victims.

Florida Housing believes that emergency rulemaking procedure is the most expeditious and effective way to notify the general public of the method by which it will provide funds to the counties and eligible municipalities.

SUMMARY OF THE RULE: The rule provides the strategy by which SHIP funds shall be distributed to Local Governments affected by Hurricane Katrina to provide rental assistance to prevent eviction.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULES IS: Robert Dearduff, SHIP Program Administrator, 227 North Bronough St., Suite 5000, Tallahassee, FL 32301 or call (850)488-4197

The above referenced Florida Administrative Code states that each food service establishment must maintain a minimum of one public bathroom for each sex, properly designated.... They are requesting a variance to use the one bathroom facility located in the establishment and have seating for twenty (20).

Seating shall not exceed twenty seats (20) which includes inside and outside seating. All provisos and plan review deficiencies shall be met prior to licensing. This variance is not transferable under any conditions. Any violation of the variance is the equivalent of a violation of the rule and may result in a rescission of the variance, and subject the Petitioner to disciplinary sanctions as enumerated in Section 509.261, Florida Statutes.

NOTICE IS HEREBY GIVEN that on October 4, 2005, the Division of Hotels and Restaurants received a Petition for an Emergency Variance for subsections 61C-4.010(5) and 61C-1.004(1), Florida Administrative Code from Quizno's at Fashion Square Mall located in Orlando. The Board's Order, filed on October 4, 2005, denies the Petition, finding that Petitioner has not established that the purpose of the underlying statute, Section 120.542(2), F.S., would be met by granting a variance or waiver from Rule 61G4-18.004, Florida Administrative Code. The Board further finds that Petitioner has shown failed to establish that applying the requirements of the aforementioned rule to his circumstances would violate principles of fairness or impose substantial hardship.

FLORIDA HOUSING FINANCE CORPORATION

In Re: THE CORINTHIAN APARTMENTS, LTD.
 FHFC Case No.: 2005-029VW

**ORDER GRANTING PETITION FOR WAIVER OF RULE
 67-48.004(14), FLORIDA ADMINISTRATIVE CODE**

THIS CAUSE came for consideration and final action before the Board of Directors of Florida Housing Finance Corporation on October 14, 2005, pursuant to a “Petition for Variance/Waiver from Florida Administrative Code subsection 67-48.004(14), F.A.C.” (“Petition”). Florida Housing Finance Corporation (“FHFC”) received the Petition on September 8, 2005, from The Corinthian Apartments, LTD. (“Petitioner”). On September 23, 2005, the Notice of the Petition was published in Vol. 31, No. 38, of the *Florida Administrative Weekly*. FHFC has received no comment regarding the Petition. After review and consideration of the record, and being otherwise fully advised, the Board of Directors (“Board”) of FHFC hereby finds as follows:

1. The Board has jurisdiction over the subject matter of this case and the parties hereto.

2. During the 2004 Universal Application Cycle, Petitioner was awarded an allocation of low-income housing tax credits to finance the development of the Corinthian Apartments, a 144 unit four-story mid-rise with elevator development.

3. Subsection 67-48.004(14), F.A.C. (2004), states in pertinent part:

Notwithstanding any other provision of these Rules, there are certain items that must be included in the Application and cannot be revised, corrected or supplemented after the Application Deadline. Failure to submit these items in the Application at the time of the Application Deadline shall result in rejection of the Application without opportunity to submit additional information. Any attempted changes to these items will not be accepted. Those items are as follows:

- (f) Development Type;
- (i) Total number of units;
- (l) Funding Request (except for Taxable Bonds) amount. . .

4. Section 120.542(2), Florida Statutes, provides in pertinent part:

Variations and waivers shall be granted when the person subject to the rule demonstrates that the purpose of the underlying statute will be or has been achieved by other means by the person and when application of a rule would create a substantial hardship or would violate principles of fairness.

5. Due to rapid increases in construction costs, the cost of mid-rise construction has threatened the viability of the proposed complex. Petitioner seeks to redesign the development from a 144 unit four-story mid-rise complex to a 126 unit three-story garden-style apartment complex. Mid-rise construction is very inefficient compared to garden-style construction, due primarily to the fact that mid-rise construction requires the construction of corridors, stairwells, and elevators which yield a significant amount of gross square footage which does not pertain to actual residential units. By converting to a garden-style apartment product, Petitioner will be able to counteract the increase in construction costs.

6. Based on the latest analysis of construction costs by Petitioner, a 12.5% decrease in the total number of units and a change in design from mid-rise with elevator to garden-style results in an approximate 25% decrease in total square footage to be constructed, and approximately a 30% decrease in total construction cost per unit, with no appreciable decrease in average square footage of living area in the apartment units.

7. Petitioner submitted an application in FHFC’s 2004 Universal Application Cycle for \$1,200,000 in annual tax credits to finance the development of The Corinthian Apartments. In recognition of the fact that Petitioner seeks to reduce the “total number of units” for The Corinthian Apartments from 144 to 126, Petitioner seeks to

proportionately reduce its requested annual tax credits from \$1,200,000 to \$1,050,000, resulting in the return of \$150,000 in annual tax credits.

8. The project changes requested by Petitioner result from unforeseen circumstances (rapid rises in the cost of construction) outside of the Petitioner’s control. Further, the proposed changes to The Corinthian Apartments would have had no impact on the application’s scoring, thus providing Petitioner with no advantage over its competitors.

9. Moreover, not granting this waiver will create a substantial hardship for Petitioner. Unless the foregoing request is granted, construction of the Corinthian Apartment complex cannot move forward.

10. The purpose of the underlying statute is to encourage development of affordable housing. In allowing Petitioner to change the development type from mid-rise construction to garden-style construction, total number of units from 144 to 126, and tax credit amount from \$1,200,000 to \$1,050,000, FHFC will facilitate the development of multi-family rental housing that is affordable to families of limited means.

IT IS THEREFORE ORDERED:

The Petition for Waiver is hereby GRANTED as to paragraphs 67-48.004(14)(f),(i), and (l), F.A.C. (2004), to permit a change in the development type from mid-rise with elevator (4 stories) to garden apartment (3 stories); to permit a change in the total number of units from 144 to 126 units; and to permit a change in the annual housing credit request amount from \$1,200,000 to \$1,050,000, with Petitioner to return \$150,000 in annual tax credits.

DONE and ORDERED this 14th day of October, 2005.

Request for Bids 05/06-003 LM
Tree Planting Services

The Suwannee River Water Management District (District) is requesting bids for tree planting projects located on approximately 1,270 acres of land owned by the District. The purpose of these projects is to plant slash pine seedlings at a rate of 726/acre and long leaf pine seedlings at a rate of 871/acre on cutover pine plantation sites. The plantings will require v-blade planting equipment pulled by crawler tractors or conventional "woods planting" by wheel tractors. Although no areas have been identified for hand planting, there may be instances where small, isolated areas are too wet for mechanical planting; therefore, bidders should include a unit rate for hand planting.

District policies allow for this type of contract to be extended for two additional years without bidding if the work is satisfactory and funding is available. District staff anticipate tree planting on approximately 1,500 to 2,000 acres per year throughout the District over this three-year time frame.

STATE BOARD OF ADMINISTRATION

NOTICE IS HEREBY GIVEN by the State Board of Administration ("the Board") of its estimate of the borrowing capacity and the projected year-end (as of December 31, 2005) fund balance for the Florida Hurricane Catastrophe Fund ("the Fund"), in compliance with the requirements of Section 215.555(4)(c)2., Florida Statutes. This estimate is as of October 1, 2005. The projected year-end balance on December 31, 2005, is estimated to be \$3,052.3 million, assuming no losses related to the 2005 hurricane season. The Fund's estimated borrowing capacity, defined as the maximum amount that the Board is able to raise through the issuance of revenue

bonds under Section 215.555(6), Florida Statutes, pursuant to the limitations in Section 215.555(4), Florida Statutes, is \$11,947.7 million. This estimate is for tax-exempt debt. During the 2004 legislative session, the Legislature enacted changes to Section 215.555, Florida Statutes, and provided an upper limit on the Board's potential liability to reimburse participating insurers for losses sustained by hurricane damage. This limit is \$15 billion for a contract year adjusted based upon the reported exposure from the prior contract year to reflect the percentage growth in exposure to the fund for covered policies since 2004 provided the dollar growth in limit does not increase in any one year by an amount greater than the dollar growth in cash balance. Therefore, the Board's obligation is to raise up to \$11,947.7 million, rather than the total capacity determined by using all of the available 6 percent emergency assessment capability.

This estimate is based on the Board's good faith assessment of the current global market conditions and is net of required debt service reserve funds and the costs of issuing the bonds. These conditions may or may not be the same if and when the Board determines that it is necessary to seek the issuance of revenue bonds. The Board's estimate is also based upon projected year-end reimbursement premiums. Emergency assessments are based on data available as of this estimate. This estimate is provided to comply with the requirements of Section 215.555(4)(c)2., Florida Statutes, and should only be relied upon after careful consideration of all relevant assumptions and reservations, including those set forth below.

Assumptions:

1) The Board assumes that both the annual reimbursement premiums and the 6% emergency assessment described in Section 215.555(6)(b)2., Florida Statutes, will be used as the revenue source to service the debt and to provide debt service coverage.

2) The debt service coverage ratio is assumed to be 1.94. This means that the revenue stream available to service the debt is 1.94 times the amount actually needed to service the debt. The debt service coverage ratio is sensitive to actual reimbursement premiums collected during the year. Changes in deductible distributions and other factors that impact actual reimbursement premiums may impact the coverage ratio.

3) The Board has assumed interest rates reflecting market conditions on October 1, 2005. Many factors will impact the interest rates that will ultimately be used when the Board determines that bonds must be issued. It is impossible to predict with any certainty what those rates will be.

4) In accordance with the requirements of Section 215.555(6)(a)2., Florida Statutes, the Board has completed the bond validation process. The circuit court hearing held on November 12, 1996, resulted in a favorable ruling. The validation was then immediately appealed to the Florida Supreme Court. The Florida Supreme Court ruled on September 18, 1997, that the bonds are valid.

5) In response to the private letter ruling received in March 1998, and renewed on June 13, 2003, the Internal Revenue Service ruled that interest on the bonds issued under Section 215.555(6), Florida Statutes, is exempt from federal taxation.

Reservations:

1) Since no bonds have ever been issued on behalf of the Fund, there are a number of uncertainties. Among these are the following: the financial condition of the insurance industry at the time of a catastrophic loss, the stability of the revenue stream and potential litigation.

2) A more general uncertainty is the condition of the financial markets at the time the bonds are issued and the degree of familiarity of potential investors with the Fund.

3) Another general uncertainty is the ability of the capital markets to absorb a bond issue of this magnitude at the time of the bond issuance.

As of October 1, 2005, the Board’s good faith estimate of its bonding capacity is \$11,947.7 million to reach the current statutory upper limit of \$15 billion (based on the Board’s projected year-end balance of \$3,052.3 million). The Board recognizes the importance of this estimate and is committed to make every effort to assure its ability to issue up to \$11,947.7 million, in bonds if and when the necessity arises.

FLORIDA LAND AND WATER ADJUDICATORY COMMISSION

NOTICE OF RECEIPT OF PETITION

MADEIRA COMMUNITY DEVELOPMENT DISTRICT

On August 19, 2005, the Florida Land and Water Adjudicatory Commission (“FLWAC” or “Commission”) received a petition (amended on September 20, 2005) to establish the Madeira Community Development District (the “District”). The Commission will follow the requirements of Chapter 42-1, Florida Administrative Code (FAC), as amended, and Chapter 190, Florida Statutes (F.S.), as amended, in ruling on this petition, as amended.

SUMMARY OF CONTENTS OF PETITION: The petition, as amended, filed by Ponce Associates, LLC, requests the Commission establish a community development district located entirely within the City of St. Augustine, in St. Johns County, Florida. The land area proposed to be served by the District comprises approximately 1,010 acres. A general location map is contained as Exhibit 1 to the petition, as amended, to establish the District. The site is located on the east side of U.S. 1 North between Ocean Boulevard to the north and Poinciana Avenue to the south. There are no parcels within the external boundaries of the proposed District which are to be excluded from the District. The Petitioner has obtained written consent to establish the District from the landowners of one hundred percent (100%) of real property located within the proposed District. The development has been approved for 749 residential units. Currently, the lands to

be included in the District are zoned planned unit development (PUD). The District, if established, currently intends to finance certain master infrastructure improvements including roads, water, sewer, stormwater management, recreational facilities, landscape/entry features, and professional fees.

SUMMARY OF ESTIMATED REGULATORY COSTS: The statement of estimated regulatory costs (SERC) as revised on September 20, 2005, supports the petition, as amended, to establish the District. The complete text of the revised SERC is contained as Exhibit 8 to the petition, as amended. The scope of the revised SERC is limited to evaluating the regulatory costs consequences of approving the proposal to establish the District. The requirements for a SERC are found in subsection 120.541(2), F.S. A SERC must contain (a) a good faith estimate of the number of individuals and entities likely to be required to comply with the rule, together with a description of the types of individuals likely to be affected by the rule; (b) a good faith estimate of the costs to the agency, and to any other state and local government entities, of implementing and enforcing the proposed rule, and any anticipated effect on state or local revenues; (c) a good faith estimate of the transactional costs likely to be incurred by individuals and entities, including local governmental entities, required to comply with the requirements of the rule; (d) an analysis of the impact on small businesses, small counties, and small cities; (e) any additional information that the agency determines may be useful; and (f) any good faith written proposal submitted under section (a) and either a statement adopting the alternative or a statement rejecting the alternative in favor of the proposed rule. Addressing section (a), the principal entities that are likely to be required to comply with the rule include the District, the State of Florida, the City of St. Augustine, and St. Johns County. In addition, current and future property owners will be affected by the establishment of the proposed District. Under section (b), FLWAC and the State of Florida will incur minimal administrative costs. The City of St. Augustine and St. Johns County will not incur any quantifiable on-going costs resulting from the on-going administration of the District. Adoption of the proposed rule to approve the formation of the District will not have an adverse impact on State and local revenues. Addressing section (c), the District may levy non-ad valorem special assessments on properties within its boundaries to finance infrastructure that the District funds and to defray the costs of operating and maintaining the infrastructure and associated community facilities. The District may issue notes, bonds, or other indebtedness to fund its improvement program. Prospective future land owners would be required to pay off such indebtedness over time in the form of non-ad valorem special assessments or other rates, fees or charges. The District may also impose an annual levy for the operation and maintenance of the District. Under section (d), approval of the petition, as amended, to establish the District will have no impact or a positive impact on all small businesses. The petition, as amended, to establish the District will not have an
