**NOTICE TO CONSTRUCTION MANAGERS**

Florida State University announces that construction management services will be required for the project listed below:

Project No.:	FS-263
Project and Location:	Human Performance Lab & Track Building at Mike Long Track, Florida State University Tallahassee, Florida

The Track and Training Facility (Bldg. 91) is the largest building at Mike Long Track and is located on the southern portion of the site. The project consists of remodeling and retrofitting the existing building to utilize it to its fullest extent, to include envelope improvements, mechanical/electrical/plumbing upgrades, etc. An addition to provide locker room and training space is also programmed. Due to funding constraints the project will be accomplished by phased design and construction. Construction is anticipated to begin February 2007 and be completed by January 2008. The estimated construction cost is \$2,791,063.00. The contract for construction management services for the current funding will consist of two phases. Phase one is pre-construction services, for which the construction manager will be paid a fixed fee. Phase one services include value engineering, constructability analyses, development of a cost model, estimating, and the development of a Guaranteed Maximum Price (GMP) at 50% Construction Document phase. If the GMP is accepted, phase two, the construction phase, will be implemented. In phase two of the contract, the construction manager becomes the single point of responsibility for performance of the construction of
