THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE DEVELOPMENT IS: Troy Rendell, Florida Public Service Commission, 2540 Shumard Oak Blvd., Tallahassee, FL 32399-0862, (850) 413-6934

THE PRELIMINARY TEXT OF THE PROPOSED RULE DEVELOPMENT IS:

25-30.4325 Water Treatment Plant Used and Useful Calculation.

(1) Definitions.

(a) A water treatment system includes all facilities necessary to produce, treat, and deliver potable water to a transmission and distribution system. This may include a storage component if utilized by the utility.

(b) Peak demand includes the utility's maximum hour or day demand, excluding excessive unaccounted for water, plus an allowance for fire flow based on local requirements and a growth allowance based on the requirements in Rule 25-30.431, F.A.C.

(c) Excessive unaccounted for water (EUW) is water produced in excess of 10 percent of the accounted for usage, including water sold, water used for flushing or fire fighting, and water lost through line breaks.

(2) Except as provided in subsection (7), the used and usefulness of a water treatment system shall be based on a total system analysis unless one or more components of the system is oversized in anticipation of future growth.

(3) The used and usefulness of a water treatment system shall include a determination as to the prudence of the investment and consideration of economies of scale if any component is oversized.

(4) The used and useful calculation of a water treatment system is determined by dividing the peak demand by the firm reliable capacity of the water treatment system.

(5) Peak demand is based on a peak hour for systems with no storage capacity and a peak day for systems with storage capacity.

(a) Peak hour demand, expressed in gallons per minute, shall be calculated as follows:

1. The single maximum day (SMD) in the test year, if there is no anomaly on that day such as a fire or line break, less excessive unaccounted for water divided by 1440 minutes in a day times two $[(SMD-EUW)/1,440 \times 2]$, or

2. The average of the 5 highest days (AFD) within a 30-day period in the test year less excessive unaccounted for water divided by 1440 minutes in a day times two $[(AFD-EUW)/1,440 \times 2]$, or

3. If the actual maximum day flow data is not available, 1.1 gallons per minute per equivalent residential connection $(1.1 \times ERC)$.

(b) Peak day demand, expressed in gallons per day, shall include:

1. The single maximum day in the test year, if there is no anomaly on that day such as a fire or line break, less excessive unaccounted for water (SMD-EUW), or

2. The average of the 5 highest days within a 30-day period in the test year less excessive unaccounted for water (AFD-EUW), or

3. If the actual maximum day flow data is not available, 787.5 gallons per day per equivalent residential connection $(787.5 \times ERC)$.

(6) The firm reliable capacity of a water treatment system is equivalent to the pumping capacity of the wells, excluding the largest well for those systems with more than one well, unless the pumping capacity is restricted by a limiting factor such as the treatment capacity. In which case, the firm reliable capacity is the capacity of the limiting component of the water treatment system.

(a) Firm reliable capacity is expressed in gallons per minute for systems with no storage capacity and in gallons per day, based on 12 hours of pumping, for systems with storage capacity.

(b) If a water treatment system using only aeration or disinfection includes a storage facility, the usable storage capacity shall be included in the firm reliable capacity.

(7) If a water treatment system using a treatment process other than, or in addition to, aeration or disinfection includes a storage facility, the used and usefulness of the storage facility will be determined separately from the water treatment system. For a water treatment system using a treatment process other than aeration or disinfection, storage capacity equaling the peak demand shall be considered 100 percent used and useful. In the calculation of the used and useful percentage of the storage facility, fire flow shall be added to the peak demand.

(8) A water treatment system is considered 100 percent used and useful if:

(a) The system is the minimum size necessary to adequately serve existing customers plus an allowance for growth and fire flow; or

(b) The service territory the system is designed to serve is mature or built out and there is no potential for expansion of the service territory; or

(c) The system is served by a single well.

(9) In determining whether an adjustment to plant and operating expenses for excessive unaccounted for water will be included in the used and useful calculation, the Commission will consider whether the reason for excessive unaccounted for water during the test period has been identified and whether a solution to correct the problem has been implemented, or whether the solution is not economically feasible.

(10) In determining the used and useful amount, the Commission will also consider whether flows have decreased due to conservation or a reduction in the number of customers.

5B-57.011 Biomass Plantings.

(1) Biomass Permit Requirements. It shall be unlawful to establish a biomass planting greater in size than two contiguous acres except under a biomass permit (DACS 08382) issued by the department. No biomass permit shall be issued for any planting of plants on the state noxious weed list or the federal noxious weed list. No biomass permit shall be

issued unless the applicant is the owner of the property or has written permission from the property owner to utilize the land for biomass plantings. Applications for biomass permits shall be made on form DACS 08381 and submitted to the Division of Plant Industry, P. O. Box 147100, Gainesville, FL 32614-7100. Separate applications for biomass permits shall be required for each noncontiguous growing location and must include a complete description of the nonnative plant to be grown and an estimated cost of removing and destroying the subject plant including the basis for calculating or determining that estimate. The applications must be submitted with the permit fee of \$50 and proof that a bond in the form approved by the department and issued by a surety company admitted to do business in Florida or a certificate of deposit has been obtained as described in Section 581.083(4), F.S. Biomass permits are valid for a twelve-month period following the date of issue and must be renewed annually by the submission of another biomass permit application and \$50 permit fee. The application forms can be obtained from the same address or from the Division of Plant Industry website, <http://www.doacs.state.fl.us/~pi/>. In evaluating the permit application, the department shall visit the proposed growing location and determine if feasible measures can be taken to prevent the spread of the plant into neighboring ecosystems. The permit will include the following requirements as a minimum:

(a) A system of traps or filters shall be required to prevent plants or plant parts from spreading through ditches, natural waterways or other drainage.

(b) Measures will be required to prevent spread by seed.

(c) A fallow area, wide enough to prevent plant spread into adjacent areas, shall be required. The fallow area will be on both sides of a berm surrounding the biomass planting.

(d) Any equipment used on the site must be cleaned of all plant debris before being moved from the property.

(e) Wildfire protection measures will be required to mitigate fire risk and damages to surrounding areas.

(f) A compliance agreement (DACS 08383) containing any additional requirements needed to prevent plant spread shall be signed and will be an addendum to the permit. Failure to abide by the permit stipulations or the compliance agreement is considered to be a violation of these rules.

(2) Bonds or Certificates of Deposit. Each permit holder shall maintain for each separate growing location a bond or a certificate of deposit in an amount of not less than 150 percent of the estimated cost of removing and destroying the plants as described in Section 581.083(4), F.S. The bond or certificate of deposit may not exceed \$5,000 per acre except as allowed by statute.

(3) Abandoned Biomass Plantings. It shall be unlawful for any person to abandon a biomass planting. It is the responsibility of the property owner or permit holder to completely destroy the planting prior to vacating the property or stopping commercial production. If the department

determines that the permit holder is no longer maintaining or cultivating the plants subject to the special permit and has not removed and destroyed the plants authorized by the special permit or has exceeded the conditions of the biomass permit, the department shall take action to initiate the removal of the plants through the issuance of an immediate final order and execution of the bond or certificate of deposit as described in Section 581.083(4), F.S.

(4) Exemptions. A biomass permit is not required for plants produced for purposes of agriculture as defined in Section 570.02(1), F.S. or if the department in consultation with the University of Florida, Institute of Food and Agricultural Sciences has determined that the nonnative plant is not invasive and specifically exempts it in this rule. The following plants or groups of plants are exempt:

(a) Any plant that is produced for purposes of human food consumption.

(b) Any plant that is commonly grown for commercial feed, feedstuff or forage for livestock.

(c) *Pinus spp.*

RULE NO.:	RULE TITLE:
12B-7.0225	Computation of Phosphate Rock Tax Rate

PURPOSE AND EFFECT: The purpose of the proposed amendments to Rule 12B-7.0225, F.A.C., is to put the public on notice regarding the change in methodology for calculating the annual base rate adjustment to the phosphate rock tax rate for the year 2006 and the proposed new index to be used by the Department for calculating the tax rate adjustments for the year 2007 and thereafter.

Section 211.3103, F.S., requires an annual adjustment to the base price of \$1.62 by the change in the producer price index for phosphate rock primary products. Section 211.3103(9)(e), F.S., required the Department to select a "comparable index," if that index was discontinued. The original producer price index was discontinued. The Producer Price Index program changed its basis for industry classification from the 1987 Standard Industrial Classification (SIC) system to the North American Industry Classification System (NAICS). As a result, the Chemical and Fertilizer Mineral Mining Index, Commodity Code 147, was discontinued by the U.S. Department of Labor, Bureau of Labor Statistics, and it became necessary for the Department of Revenue to select a commodity index to replace that index. The Chemical Fertilizer Mineral Mining Index, Commodity Code 147, has since been renamed and renumbered as Other Nonmetallic Mineral Mining and Quarrying. As a consequence, the Bureau of Labor Statistics (BLS) has revised its numbering system as (BLS series: PCU 21239). Within this new series is a specific index for phosphate rock (BLS Series ID 212392).

When in effect, this rule will provide that the Department: (1) will calculate the 2006 phosphate tax rate using the change in the phosphate rock prices published by the U.S. Geological Survey; and (2) use NAICS Code 212392, Phosphate Rock, for purposes of accessing the Producer Price Index Industry Data from the BLS, beginning with the year 2007 and thereafter, for purposes of calculating the annual base rate adjustment to the phosphate rock tax rate.

The Department's current rule had selected a producer price index for chemical and fertilizer mineral mining comparable to the discontinued index and used it to calculate the annual phosphate rock base rate adjustment. As long as the three subcategories in that comparable index (Potash, Phosphate Rock, and Other Chemical Mining) changed more or less similarly, the use of that price index was entirely appropriate. However, data obtained from the U.S. Geological Survey indicates that the price for potash has almost doubled in the last three years; the price for phosphate rock has remained relatively stable, increasing by 1.5 percent over the same three-year period. As a result, the currently published tax rate increased from \$1.67 for 2005 to \$1.82 for 2006; an increase of almost 10%. Thus, the price index currently used by the Department is no longer a comparable index to be used in the calculation of the annual phosphate rock base rate adjustment.

Section 211.3103(9)(d), F.S., provides that if the price index for chemical and fertilizer mineral mining is substantially changed, the Department is required to make appropriate adjustments in the method used to compute the base rate adjustment that will produce results reasonably consistent with the producer price index for phosphate rock as if it had not been revised. Because the price index currently used by the Department does not produce results substantially consistent

with the unrevised index, it is necessary for the Department to make the required adjustments in computation of the base rate adjustment.

SUMMARY: The proposed amendments to Rule 12B-7.0225, F.A.C. (Computation of Phosphate Rock Tax Rate): (1) adopt, by reference, the Producer Price Index for the purpose of calculating the annual base rate adjustment to the phosphate rock tax rate beginning with the year 2007 and annually thereafter; and (2) provide the method that the Department will use to compute the phosphate rock tax rate for the year 2006.

DEPARTMENT OF REVENUE

Child Support Enforcement Program

RULE NO.: 12E-1.012
RULE TITLE: Consumer Reporting Agencies

PURPOSE AND EFFECT: The purpose of the proposed amendments to Rule 12E-1.012, F.A.C. (Consumer Reporting Agencies) is to change the dollar threshold used in determining which cases are eligible to be reported to consumer reporting agencies, provide a definition for the term “delinquency” that supports the new threshold, amend the notice provision, and create criteria that exclude recipients of temporary cash assistance and Supplemental Security Income (SSI) benefits from having their overdue support reported. The amendments create a written agreement provision under which the department will forego reporting an obligor’s overdue support to consumer reporting agencies for as long as the obligor complies with an agreed payment plan. The amendments change the contest provision to require an obligor to have an informal review with department staff before the obligor can request an administrative hearing.

The effect of these amendments is to change the eligibility factors for reporting cases to consumer reporting agencies, give obligors an ability to opt out of being reported to consumer

reporting agencies by complying with a payment plan, and change the contest provision to allow disputes to be resolved informally.

SUMMARY: The proposed amendments change the criteria used to determine whether a noncustodial parent’s overdue support qualifies to be reported to consumer reporting agencies, require the department to conduct an informal review when the noncustodial parent contests the reporting of overdue support, and allow the department to agree to an alternative outcome in which the noncustodial parent can enter into a written agreement based on a negotiated payment plan in lieu of the support debt being reported.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: No statement of estimated regulatory cost was prepared.

Any person who wishes to provide information regarding regulatory costs or to provide a proposal for a lower-cost regulatory alternative must do so in writing within 21 days after this notice.

THE FULL TEXT OF THE PROPOSED RULE IS:

12E-1.012 Consumer Reporting Agencies.

(1) Definitions. As used in this rule:

(a) through (b) No change.

(c) “Delinquency” means the total amount of support that has come due and is unpaid pursuant to the payment schedule set forth in the support order or the arrearage as adjudicated in the most recent order that established an arrearage.

(2) No change.

(3) Periodic Reporting to Consumer Reporting Agencies.

(a) Pursuant to Section 61.1354(2), F.S., the department shall report periodically to consumer reporting agencies ~~periodically~~, no more frequently than monthly, the names, social security numbers, and amounts of overdue support owed by obligors. The initial report concerning an obligor shall not be released until the department has complied with subsection (4) of this rule; subsequent periodic reports which update the amounts owed by an obligor shall be released without complying with subsection (4).

(b) The department shall use the following criteria in determining whether an obligor's overdue support shall be periodically reported pursuant to this subsection ~~section~~:

~~1.(a) Overdue support in the case must equal or exceed two times the monthly obligation, if any, and the delinquency in the case must equal or exceed \$5, according to the records of the department. The amount of the overdue support owed by the obligor, according to the records of the department, is greater than \$500 and there is a delinquency in the payment of the obligor's obligation under the order at the time the information is reported;~~

~~2.(b) The obligor's case has not been placed by the department in a closed status;~~

~~3.(c) The obligor's case has not been referred by the department to another state's IV-D agency to enforce the support obligation.~~

4. The obligor is not an SSI recipient.

5. The obligor does not receive temporary cash assistance.

(c)1. The department shall not release the initial report concerning an obligor's overdue support in a case that otherwise meets the criteria in paragraph (b) above if, after the obligor receives notice pursuant to subsection (4) below, the department and the obligor enter into a written agreement establishing a payment plan in accordance with Rule 12E-1.027, F.A.C. The department may not release the initial report for as long as the obligor complies with the written agreement.

2. If the obligor subsequently fails to make a payment due under the written agreement, the department shall release the initial report and subsequent periodic reports without further notice to the obligor, which shall be stated in the written agreement.

(4) Notice and Right to Hearing. Prior to releasing a report or providing information concerning an obligor in an instance governed by this section, the following procedures shall be followed:

(a) The department shall give notice to the obligor by regular mail at his or her last known address with Department of Revenue Form CS-EF32, 'Notice of Intent to Report to Consumer Reporting Agencies', ~~incorporated herein by reference with a revision date of February 2000. Members of the public may obtain a copy of this form by a written request to: Department of Revenue, Child Support Enforcement Program, attn.: Forms Coordinator, P. O. Box 8030,~~

Tallahassee, Florida 32314-8030. The notice will inform the obligor that the department will report the amount of overdue support owed by the obligor to consumer reporting agencies, that the department subsequently will report an update of the overdue support amount each month, that reporting the information may affect the obligor's ability to obtain credit, and that the obligor can avoid the initial report by paying the full amount owed within 15 days. The notice will also inform the obligor of the department's duty to release the information, that the obligor may request the department to enter into a written agreement that establishes a payment plan in lieu of reporting the overdue support, and that the obligor has the right to contest the information proposed to be released if the overdue support amount is incorrect or if he or she is not the individual obligated to pay support by requesting an informal review. Form CS-EF32 shall provide notice to the obligor of the intent of the department to release the following information to one or more consumer reporting agencies: the obligor's name, social security number, and the amount of overdue support owed by the obligor.

(b) An obligor may contest the reporting of his or her overdue support to consumer reporting agencies under subsections (2) and (3) above as follows. The notice shall inform the obligor of the department's duty to release the information, and that the obligor has the right to contest the accuracy of the information proposed to be released by requesting a hearing with the department by following the procedures in the next subsection.

1. The obligor must submit a written request for informal review to the department at the address specified in the notice (form CS-EF32) within 25 calendar days after the mailing date of the notice.

2. If a written request for informal review is received timely, the department must conduct the informal review to determine whether reporting to consumer reporting agencies is appropriate. The department must conclude its review within 20 days after receiving the request.

3. The department shall conclude its review by hand delivering or sending to the obligor by regular mail a notice of decision. The notice shall state the amount of overdue support owed and will inform the obligor whether the department intends to report the obligor's overdue support amount to the consumer reporting agencies. The notice must inform the obligor of the right under Chapter 120, Florida Statutes, to file a petition for administrative hearing to contest the accuracy of the information to be reported. The notice will advise that the obligor may avoid the reporting of the amount of overdue support by either paying the amount in full or by entering into a written agreement within 15 days after receipt of the notice of decision.

4. The obligor may contest the notice of decision by filing with the department at the address indicated in the notice a written petition for administrative hearing within 15 days after

receipt of the notice of decision. A petition is filed when it is received by the department, not when it is mailed. If the obligor contests the notice of decision by filing a timely petition, the department may not report information to consumer reporting agencies until the petition is resolved by the obligor withdrawing the petition, by agreement of the parties, or by the entry of a final order authorizing the release of the information following a hearing or other administrative proceeding under Chapter 120, F.S.

(e) To request a hearing with the department, the obligor shall:

1. File a written petition for administrative hearing with the department at the address indicated in the notice within 15 consecutive calendar days of the obligor's receipt of the notice (Form CS-EF32). A petition is filed when it is received by the department, not when it is mailed.

2. Include in the petition the information required by Rule 28-106.201, F.A.C. if the obligor disputes issues of material fact raised by the notice; or the information required by Rule 28-106.301, F.A.C. if the obligor does not dispute issues of material fact raised by the notice.

(d) If a petition for administrative hearing is received by the department within the 15 day period following the obligor's receipt of the notice, the department shall not release the information concerning overdue support owed by the obligor until the matter is disposed of by an order dismissing the petition on procedural grounds, by agreement of the parties, or by the entry of a final order authorizing the release of the information following a hearing or other administrative proceeding under Chapter 120, F.S.

(e) If a notice (CS-EF32) is returned to the department undelivered by the U. S. Postal Service, the department shall give a new notice to the obligor in compliance with this section prior to releasing a report or providing information concerning the obligor to consumer reporting agencies.

(5) No change.

(6) Department Requests for Consumer Reports. The department is authorized to request consumer reports from consumer reporting agencies pursuant to Sections 61.1354(3) and (4), F.S., according to the following procedures:

(a) Before the department submits any requests for consumer reports to a consumer reporting agency, the executive director of the Department of Revenue or his or her designee shall certify one-time to the consumer reporting agency that every subsequent request for a consumer report from that agency will meet the requirements set forth in Section 61.1354(3), F.S.

(b) The department shall provide notice to an individual whose consumer report is sought by sending Department of Revenue Form ~~CS-EF15~~ CS-EF10, 'Notice of Consumer Report Inquiry', by certified mail to the individual's last known address at least 15 days prior to transmitting the request to the consumer reporting agency. ~~Form CS-EF10 is~~

~~incorporated herein by reference with a revision date of January 1999. Members of the public may obtain a copy of this form by a written request to: Department of Revenue, Child Support Enforcement Program, attn.: Forms Coordinator, P. O. Box 8030, Tallahassee, Florida 32314-8030.~~

(a) "Applicant" means any person or local governmental entity.

(b) "Application" means the Rail Corridor Crossing Permit Application, DOT Form 725-080-86, Rev. 01/06, incorporated herein by reference.

(c) "Corridor" or "Rail Corridor" means Department-owned lineal property acquired from a railroad that is not incorporated into the state highway system.

(d) "Department" means the Florida Department of Transportation.

(d) "Local Governmental Entity" means as defined in Section 11.45(1)(e), Florida Statutes.

(e) "Rail Corridor Crossing" means a either a public or private travel way intended to be used for vehicular ingress and egress to and from a state highway way across a rail corridor.

(f) "State Highway" means a component of the State Highway System as defined in Section 334.03(25), Florida Statutes.

(2) Existing Crossings. The Department shall recognize existing public and private rail corridor crossings identified and described by a railroad at the time a rail corridor is transferred from a railroad to the Department. All other rail corridor crossings shall be closed if rail corridor crossing permits are not obtained by an applicant consistent with this rule chapter within six months following completion of acquisition of the rail corridor by the Department.

(3) Rail Corridor Crossing Permits. The issuance of a rail corridor crossing permit does not create a property right or vested interest in a rail corridor crossing and such permit is revocable in accordance with the provisions of this rule chapter. Prior to submitting an application, potential applicants are encouraged to contact the Department Central Rail Office to inquire as to the feasibility of a proposed rail corridor crossing.

(a) Public Crossing. An application by a local governmental entity for a rail corridor crossing permit for a corridor where rail service has been abandoned will be evaluated and conditioned upon the following criteria:

1. Jurisdiction over the county road or city street at the proposed crossing and acceptance of maintenance responsibility for the county road or city street, including the rail corridor crossing area.

2. A demonstrated transportation need on the part of the public for the crossing.

3. Consistency with any applicable Metropolitan Planning Organization (MPO) long range plans and local governmental entity comprehensive plans.

4. Closure of an existing public crossing for each new public crossing.

5. Construction of the crossing in a way that is compatible with the present use of the rail corridor.

6. Payment of construction and maintenance costs for the new public crossing, as well as any additional costs to modify the corridor to accommodate its planned use.

7. Agreement to indemnify, defend, and hold harmless the Department from all claims arising out of the use of the new public rail corridor crossing.

(b) Private Crossing. An application for a rail corridor crossing permit by a person who owns property abutting a rail corridor where rail service has been abandoned will be evaluated and conditioned upon the following criteria:

1. The private property must have no other legal access, including no access to frontage roads that exist or that could be cost-effectively constructed.

2. The new private crossing must be consistent with applicable MPO long range plans and local governmental entity comprehensive plans.

3. The new private crossing must be constructed in a way that is compatible with the present use of the rail corridor, and the design of the new private crossing shall be signed and sealed by a professional engineer registered in the State of Florida.

4. A corridor crossing permit is revocable, without compensation, upon a Department determination that the crossing is incompatible with the Department's use of the corridor and written notice of not less than 30 days.

5. The owner must indemnify, defend, and hold harmless the Department from all claims arising out of the use of the new private rail corridor crossing.

(4) All construction and maintenance on the Department corridor shall conform to the *Manual on Uniform Traffic Control Devices (MUTCD)*, incorporated by reference under Rule 14-15.010, F.A.C., and the *Manual of Uniform Minimum Standards for Design, Construction and Maintenance for Streets and Highways*, incorporated by reference under Rule 14-15.002, F.A.C.

(a) Disruption of Traffic. For safety and operational purposes, the Department will require or restrict hours of construction if construction will cause disruption of traffic on the State Highway System. When construction activity on a rail corridor crossing causes undue disruption of traffic, or creates safety hazards on a state highway, the District Secretary or designee shall advise the permittee of the need for immediate corrective action by a specified time and will issue a stop work order if the permittee does not comply.

(b) Rail Corridor Crossing Completion Time Limit. Construction shall be completed within one year of the date of issuance of the rail corridor crossing permit. Failure to comply with the one year time limit shall result in an automatic expiration of the rail corridor crossing permit. A stop work order will be issued by the Department if work exceeds the imposed time restrictions. For any rail corridor crossing permit which expires for failure to construct the rail corridor crossing within the one year limit, a new application will be required. The corridor right of way shall be returned to the condition existing prior to the permit being issued, at the permittee's expense, unless a new permit is obtained pursuant to this Rule Chapter.

(c) Assurance of Performance. Assurance of performance conforming to Section 334.187, Florida Statutes, will be required if the rail corridor crossing permit requires extensive work within the right of way, such as relocation of structures or traffic signals.

1. Prior to the issuance of a rail corridor crossing permit, the applicant shall provide a security instrument in the estimated dollar amount of the improvements in the right of way. The Department shall be named as the beneficiary. The security instrument shall be provided to the Department before the rail corridor crossing permit is issued. The security instrument shall be valid for the time of the construction and inspection of the permitted work, but for not less than 18 months.

2. The applicant shall provide the estimated cost of improvements on right of way in a document signed, sealed, and dated by a professional engineer registered in the State of Florida.

3. Security Instrument Receipt, Form 850-040-20, Rev. 04/93, must be used, and is incorporated herein by reference.

4. Such security instruments shall be required except when a performance bond covering the work on the right of way is included as part of the bond necessary for development approval by a local governmental entity and the Department is a named beneficiary.

5. The Department will waive the security instrument requirement when there is an agreement with the local governmental entity to withhold a certificate of occupancy until any problems are corrected and there is no indication that the requirements of this rule will be violated.

6. The security instrument will be returned to the applicant when final inspection by the Department shows that the work has been completed as permitted.

(d) Posting of rail corridor crossing permit. The approved rail corridor crossing permit shall be displayed in a prominent location in the vicinity of the crossing construction.

(e) Traffic Signals and Other Traffic Control Devices. Traffic signals and other traffic control devices, installed by an applicant, shall conform to the MUTCD and Department design and construction standards referenced herein. The applicant is responsible for securing any additional permit or local governmental entity approval needed for traffic signalization and regulatory signing and marking.

(f) Professional Engineer Statement of Construction for Extensive Roadway Construction or Large Developments. If the rail corridor crossing permit requires extensive work within the right of way, such as relocation of structures or traffic signals, a statement from the project's professional engineer will be necessary. The applicant will provide documentation by a professional engineer registered in the State of Florida that construction was accomplished in accordance with the requirements set out in the corridor crossing permit.

(g) Utility and Right of Way User Notification. The applicant has the responsibility to determine, and notify, the users of the right of way of the permitted construction. The applicant shall also resolve any conflicts within the right of way. Before a rail corridor crossing permit is issued, the applicant shall show documentation of this notification and resolution of conflicts.

(h) A rail corridor crossing permit for a crossing that is intended to be used for vehicular ingress and egress to and from a state highway is not a permit for a connection to the state highway under Section 335.182(3)(a), Florida Statutes, and a separate access connection permit must be obtained pursuant to Rule Chapter 14-96, F.A.C., prior to the construction of an access connection.

(b) Identification of the three percent of the utility's Primary Circuits (feeders) with the highest number of feeder breaker interruptions. For each primary circuit so identified the utility shall report the primary circuit identification number or name, substation origin, general location, number of affected customers by service class served, Number of Outage Events (N), Average Duration of Outage Events (L-Bar), Average Service Restoration Time (CAIDI), whether the same circuit is being reported for the second consecutive year, the number of years the primary circuit was reported on the "Three Percent Feeder List" in the past five years, and the corrective action date of completion. The utility shall record these data and analyses on Form PSC/ECR 102-2(a) (/06) and Form PSC/ECR 102-2(b) (/06), entitled "Three Percent Feeder List – Actual" and "Three Percent Feeder List – Adjusted", respectively, which may be obtained from the Division of Economic Regulation, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, (850)413-6900, and which are incorporated herein by reference;

PURPOSE, EFFECT AND SUMMARY: The purpose of this proposed rule is to establish a community development district ("CDD"), the Twin Creeks Community Development District ("District"), pursuant to Chapter 190, F.S. The petition (amended during the February 13, 2006, local public hearing) filed by EH/Transeastern, LLC, requests the Commission establish a community development district located within St. Johns County, Florida. A Notice of Receipt of Petition for the Twin Creeks Community Development District was published in the January 27, 2006, edition of the *Florida Administrative Weekly*. The land area proposed to be served by the District comprises approximately 3,050 acres. A general location map is contained as Exhibit 1 to the petition, as amended, to establish the District. The site is generally located south of Durbin Creek, west of U.S. 1, east of Interstate 95, and on both sides of County Road 210 in St. Johns County, Florida. There are no parcels within the external boundaries of the proposed District which are to be excluded from the District. The Petitioner has obtained written consent to establish the District from the landowners of one hundred percent (100%) of the non-governmental real property located within the proposed District. The development plan for the proposed lands within the District includes the construction of approximately 5,000

units of single family detached units, single family attached units, multi-family housing along with 900,000 square feet of commercial mixed and 2,000,000 square feet of flexible industrial use space. Additional development plans include a 175 room hotel and a multiplex movie center. The District, if established, plans to finance certain master infrastructure improvements within the District boundaries. The improvements include complete construction of the basic infrastructure connecting and serving neighborhoods, including but not limited to: clearing, earthwork, water, sewer, and reclaimed utilities, internal roadways, and sodding/grassing. Master infrastructure also includes a community recreation center. Also included will be stormwater management facilities consisting of treatment ponds, outfalls, land to construct the retention and compensating storage areas, and wetland mitigation to serve the District in accordance with permitting agencies. Other District improvements include school facilities and substantial off-site improvements related to County Road 210 and US 1. All of the land in the proposed District is part of the Twin Creeks Development of Regional Impact.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: The statement of estimated regulatory costs (SERC) supports the petition, as amended, to establish the District. The complete text of the revised SERC is contained as Exhibit 8 to the petition, as amended. The scope of the revised SERC is limited to evaluating the regulatory costs consequences of approving the proposal to establish the District. The requirements for a SERC are found in Section 120.541(2), F.S. A SERC must contain (a) a good faith estimate of the number of individuals and entities likely to be required to comply with the rule, together with a description of the types of individuals likely to be affected by the rule; (b) a good faith estimate of the costs to the agency, and to any other state and local government entities, of implementing and enforcing the proposed rule, and any anticipated effect on state or local revenues; (c) a good faith estimate of the transactional costs likely to be incurred by individuals and entities, including local governmental entities, required to comply with the requirements of the rule; (d) an analysis of the impact on small businesses, small counties, and small cities; (e) any additional information that the agency determines may be useful; and (f) any good faith written proposal submitted under section (a) and either a statement adopting the alternative or a statement rejecting the alternative in favor of the proposed rule. Addressing section (a), the principal entities that are likely to be required to comply with the rule include the District, the State of Florida, and St. Johns County. In addition, current and future property owners will be affected by the establishment of the proposed District. Under section (b), FLWAC and the State of Florida will incur minimal administrative costs. Review costs to St. Johns County are expected to be modest and the County will not incur any quantifiable on-going costs resulting from the on-going administration of the District. Adoption of

the proposed rule to approve the formation of the District will not have an adverse impact on State and local revenues. Addressing section (c), the District may levy non-ad valorem special assessments on properties within its boundaries to finance infrastructure that the District funds and to defray the costs of operating and maintaining the infrastructure and associated community facilities. The District may issue notes, bonds, or other indebtedness to fund its improvement program. Prospective future land owners would be required to pay off such indebtedness over time in the form of non-ad valorem special assessments or other rates, fees or charges. The District may also impose an annual levy for the operation and maintenance of the District. Under section (d), approval of the petition, as amended, to establish the District will have no impact or a positive impact on all small businesses. The petition, as amended, to establish the District will not have an impact on small counties and small cities as defined by section 120.52, F.S., as St. Johns County is not defined as a small county. Under section (e), the SERC analysis is based on a straightforward application of economic theory. Input was received from the developer's engineer and other professionals associated with the developer.

PURPOSE, EFFECT AND SUMMARY: The purpose of this proposed rule is to establish a community development district ("CDD"), the Sarasota National Community Development District ("District"), pursuant to Chapter 190, F.S. The petition, as amended, filed by Tuscano, LLC, requests the Commission to establish a community development district located within Sarasota County, Florida. A Notice of Receipt of Petition for the Sarasota National Community Development District (originally filed under the name of Tuscano Community Development District) was published in the March 17, 2006, edition of the *Florida Administrative Weekly*. The land area proposed to be served by the District comprises approximately 2,353.80 acres (The original petition described the proposed District as approximately 2,375.12 acres in size. However, the District's legal description was amended to approximately 2,353.80 in size.). A general location map is contained as Exhibit 1 to the amended petition to establish the District. The proposed District is bounded on the north by U.S. 41, the east by the City of North Port, the south by Manasota Beach Road, and on the west by a single-family subdivision. There is no developable real property located within the external boundaries of the proposed District which is to be excluded from the District. The Petitioner either owns or has written consent to establish the District from the landowners of one hundred percent (100%) of the real property located within the proposed District. All of the land in the proposed District will be part of a golf course residential community comprising 1,584 residential units. It is presently anticipated that the proposed District will construct or provide for certain infrastructures, which include public roads, provisions for water and sewer facilities and water management facilities.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS:

The statement of estimated regulatory costs (SERC) supports the petition, as corrected, to establish the District. The complete text of the SERC is contained as Exhibit 7 to the petition, as corrected. The scope of the SERC is limited to evaluating the regulatory costs consequences of approving the proposal to establish the District. The requirements for a SERC are found in Section

120.541(2), F.S. A SERC must contain (a) a good faith estimate of the number of individuals and entities likely to be required to comply with the rule, together with a description of the types of individuals likely to be affected by the rule; (b) a good faith estimate of the costs to the agency, and to any other state and local government entities, of implementing and enforcing the proposed rule, and any anticipated effect on state or local revenues; (c) a good faith estimate of the transactional costs likely to be incurred by individuals and entities, including local governmental entities, required to comply with the requirements of the rule; (d) an analysis of the impact on small businesses, small counties, and small cities; (e) any additional information that the agency determines may be useful; and (f) any good faith written proposal submitted under Section 120.541(1)(a) and either a statement adopting the alternative or a statement rejecting the alternative in favor of the proposed rule. Addressing section (a), the principal entities that are likely to be required to comply with the rule include the District, the State of Florida, and Sarasota County. In addition, current and future property owners will be affected by the establishment of the proposed District. Under section (b), FLWAC and the State of Florida will incur modest administrative costs. Sarasota County will incur modest costs resulting from the initial review and on-going costs resulting from the on-going administration of the District. There is a \$15,000 filing fee paid to Sarasota County to offset any costs it may incur. Adoption of the proposed rule to approve the formation of the District will not have an adverse impact on State and local revenues. Addressing section (c), the District may levy non-ad valorem special assessments on properties within its boundaries to finance infrastructure that the District funds and to defray the costs of operating and maintaining the infrastructure and associated community facilities. The District may issue notes, bonds, or other indebtedness to fund its improvement program. Prospective future land owners would be required to pay off such indebtedness over time in the form of non-ad valorem special assessments or other rates, fees or charges. The District may also impose an annual levy for the operation and maintenance of the District. Under section (d), approval of the petition, as corrected, to establish the District will have no impact or a positive impact on all small businesses. The petition, as corrected, to establish the District will not have an impact on small counties as defined by Section 120.52, F.S., as Sarasota County is not defined as a small county. Under section (e), the analysis provided in the SERC was based on a straightforward application of economic theory. Input was received from the developer's engineer and other professionals associated with the developer.

RULE NOS.: RULE TITLES:

42FFF-1.002 Boundary

PURPOSE, EFFECT AND SUMMARY: The purpose of this proposed rule is to establish a community development district (“CDD”), the Rivers Edge Community Development District (“District”), pursuant to Chapter 190, F.S. (The petition filed on December 19, 2005, designated the name of the District as the Kendall Creek Community Development District. Both the Notice of Receipt of Petition and the Notice of Development of Proposed Rule were published under the name Kendall Creek Community Development District. Petitioner requested a change to the name Rivers Edge Community Development District on May 24, 2006.) The petition filed by The St. Joe Company requests the Commission establish a community development district located entirely within the unincorporated limits of St. Johns County, Florida. A Notice of Receipt of Petition for the District was published in the February 3, 2006, edition of the Florida Administrative Weekly. The land area proposed to be served by the District comprises approximately 4,086.6 acres. A general location map is contained as Exhibit 1 to the petition to establish the District. There are no out-parcels within the external boundaries of the proposed District which are to be excluded from the District. The Petitioner either owns or has obtained written consent to establish the District from the landowners of one hundred percent (100%) of non-governmental real property located within the proposed District. The lands within the District will accommodate approximately 3,700 single-family homes; 775 multi-family units; 80,000 square feet of retail/commercial/service space; 11,000 square feet of offices; 100,000 square feet of light industrial space; 18 holes of golf; 131 acres of parks; and 1 public school. The lands to be included in the District are located in the RiverTown Development of Regional Impact. The District, if established, plans to fund, own, operate and maintain the stormwater management system, certain roadways and the District’s recreation facilities including parks and amenities. The District will fund and construct the County public roadways and County public parks, and will dedicate them to the County. Water and wastewater utilities will be provided by JEA and owned by the JEA.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: The Statement of Estimated Regulatory Costs (SERC) supports the petition to establish the

District. The complete text of the SERC is contained as Exhibit 9 to the petition. The scope of the SERC is limited to evaluating the regulatory costs consequences of approving the proposal to establish the District. The requirements for a SERC are found in Section 120.541(2), F.S. A SERC must contain (a) a good faith estimate of the number of individuals and entities likely to be required to comply with the rule, together with a description of the types of individuals likely to be affected by the rule; (b) a good faith estimate of the costs to the agency, and to any other state and local government entities, of implementing and enforcing the proposed rule, and any anticipated effect on state or local revenues; (c) a good faith estimate of the transactional costs likely to be incurred by individuals and entities, including local governmental entities, required to comply with the requirements of the rule; (d) an analysis of the impact on small businesses, small counties, and small cities; (e) any additional information that the agency determines may be useful; and (f) any good faith written proposal submitted under section (a) and either a statement adopting the alternative or a statement rejecting the alternative in favor of the proposed rule. Addressing section (a), the principal entities that are likely to be required to comply with the rule include the District, the State of Florida, and St. Johns County. In addition, current and future property owners will be affected by the establishment of the proposed District. Under section (b), FLWAC and the State of Florida will incur modest administrative costs. St. Johns County will incur modest costs resulting from the initial review and on-going costs resulting from the on-going administration of the District. There is a \$15,000 filing fee paid to St. Johns County to offset any costs it may incur. Adoption of the proposed rule to approve the formation of the District will not have an adverse impact on State and local revenues. Addressing section (c), the District may levy non-ad valorem special assessments on properties within its boundaries to finance infrastructure that the District funds and to defray the costs of operating and maintaining the infrastructure and associated community facilities. The District may issue notes, bonds, or other indebtedness to fund its improvement program. Prospective future land owners would be required to pay off such indebtedness over time in the form of non-ad valorem special assessments or other rates, fees or charges. The District may also impose an annual levy for the operation and maintenance of the District. Under section (d), approval of the petition to establish the District will have no impact or a positive impact on all small businesses. The petition to establish the District will not have an impact on small counties as defined by Section 120.52, F.S., as St. Johns County is not defined as a small county. Under section (e), the analysis provided in the SERC was based on a straightforward application of economic theory. Input was received from the developer’s engineer and other professionals associated with the developer.

69B-220.001

Pre-qualification and Licensure of Emergency Adjusters

69B-220.051

Conduct of Public Adjusters

69B-220.201

Ethical Requirements

PURPOSE AND EFFECT: The purpose of the proposed rule development is to eliminate the licensing of emergency public adjusters, to make the licensing process for emergency company and independent adjusters faster and more economical by utilization of the Department’s website and to change Office of Insurance Regulation to Department of Financial Services to reflect legislation that changed jurisdiction over adjusters. The purpose of a new rule that applies to public adjusters after the Governor issues an executive order that a state of emergency exists is to protect consumers who hire public adjusters after disasters. The purpose of other changes is to clarify the rules.

SUMMARY: Rule 69B-220.001, F.A.C., is amended to repeal rules that provide for the licensing of emergency public adjusters and to require that adjuster license applications be submitted electronically through the Department’s website instead of by submission of paper applications. All three rules are amended to change Office of Insurance Regulation to Department of Financial Services to reflect legislation adopted in 2004 that made the same changes in the statutes that regulate adjusters. Rule 69B-220.201, F.A.C., is amended to provide new ethical requirements for public adjusters to follow after a disaster creates a state of emergency.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST: No Statement of Estimated Regulatory Cost has been prepared.

The terms do not include persons licensed as public adjusters by the department or persons licensed as any type of an adjuster or public adjuster by states other than the State of Florida.

(c) “Emergency” and “Catastrophe.” These two terms as used in Section 626.874, Florida Statutes are synonymous, and no separate treatment is afforded catastrophe over emergency adjusters.

(d) “Emergency adjuster” when used in this rule without further specification, includes emergency company adjusters and emergency independent adjusters, and emergency public adjusters.

(4) General Provisions Applicable to All Emergency Adjusters.

(a) Declaration of Emergency; Determination that Emergency Exists.

1. The department office does not issue proclamations or other formal declarations of emergency. Instead, any person believing that an emergency exists and desiring licensure under Section 626.874, Florida Statutes, shall apply or cause application to be made to the department office for such licensure.

2. For purposes of Section 626.874, Florida Statutes, an emergency exists when, due to a specific, infrequent, and sudden natural or manmade disaster or phenomenon, there have arisen losses to property in Florida that are covered by insurance, and the losses are so numerous and severe that resolution of claims related to such covered property losses will not occur expeditiously without the licensing of emergency adjusters due to the magnitude of the catastrophic damage.

3. A failure of claims to be resolved expeditiously shall exist upon an insurer’s filing with the department Office a written statement that one of the following conditions exists:

a. The insurer expects to incur at least 500 claims as a result of the event; or

(5) Procedures for Licensing and Appointment of Emergency Adjusters; Responsibilities of Appointing Entity.

(a) All Florida-licensed insurers, independent adjusting firms, independent adjusters, and general lines agents, shall use the following procedures to utilize emergency company or independent adjusters. The entities or persons listed in the preceding sentence may immediately and without advance paperwork to this department, engage and cause

commencement of catastrophe adjusting work for themselves, by any persons, whether on their staff, or hired by them, or engaged by them as independent contractors or as employees of a contractor engaged by them, although the person is not currently licensed as an adjuster in Florida, if the Florida-licensed insurer, independent adjusting firm, independent adjuster or general lines agent utilizing these persons as emergency or catastrophe adjusters determine that these persons are qualified to do such adjusting work. A person is not qualified to adjust claims, for any entity or person who utilizes computer software program(s) in the adjusting process, unless the person has received training in and is capable of correctly utilizing the program(s). 3. There is an affirmative duty on the insurance company, independent adjusting firm, independent adjuster or general lines agent who certifies to the department that the applicant is qualified, to provide continuing and significant supervision of the applicant after licensure.

(b) Licenses Valid for 180 Days.

1. Emergency adjuster licenses are valid for 180 days from the date of issuance of the emergency license, unless a shorter period of time is specified in the license as issued. (6) Procedures for Extension of an Emergency Adjuster License.

~~(h) Civil Jurisdiction; Service of Process. By the act of applying for pre-qualification determination or licensure as emergency public adjuster, the applicant irrevocably:~~

~~2. Designates the Chief Financial Officer as the applicant's agent for service of all process in any way related to the applicant's activities licensed as an emergency public adjuster; and~~

~~(e) There is an affirmative duty on the insurance company, general lines agent, or independent adjuster, to provide continuing and significant supervision to the applicant after licensure.~~

~~(f) Nonresident Company Adjusters. Persons employed by insurers and licensed by the office as non-resident company adjusters may temporarily come into Florida and work out of Florida offices as emergency adjusters for their employing insurance company without further licensure from the office, for 180 days or such shorter time as the office may by emergency rule specify as the maximum duration of emergency licensure for that particular emergency, and will not be deemed to have a Florida office such as would disqualify them from holding non-resident licensure or be held violative of their non-resident license status; provided, their employing insurance company shall before allowing such persons to adjust emergency losses while physically in Florida, provide the office with a listing of the names and adjuster license numbers of all such persons, and shall obtain from the office written acknowledgment that an emergency exists, specifying the emergency.~~

~~(g) Application for Emergency Adjuster Licensure as a Company or Independent Adjuster. Application for licensure as an Emergency Adjuster shall be made on Form OIR 396, "Application for Licensure and Appointment as Emergency Adjuster," rev. 10/95, which is hereby adopted and incorporated by reference.~~

~~(6) Emergency Public Adjusters: General Provisions. This subsection pertains only to licensure of emergency public adjusters:~~

~~(a) Advance Approval Required:~~

~~1. No person may commence work as an emergency public adjuster until notified in writing by the office that the office:~~

~~a. Has received an application and made an affirmative pre-qualification determination and issued a letter so indicating, or~~

~~b. Has been approved for licensure if no pre-qualification determination was requested in advance.~~

~~2. If the pre-qualification method is used, the subject of the pre-qualification must request licensure pursuant to paragraph (7)(b) of this rule in order to commence work.~~

~~(b) Background Checking: Grounds for Denial. As to all applications for licensure as an emergency public adjuster, the office shall conduct such background inquiry as is necessary to determine the applicant's fitness and character. Adverse information noted in any area will be grounds for denial of application. The inquiry is limited to:~~

~~1. Inquiry of state or federal regulatory authorities in other states where the applicant has resided or done business;~~

~~2. Checking references provided;~~

~~3. Inquiry of criminal databases and law enforcement authorities; and~~

~~4. Checking for judgments and other adverse credit references.~~

~~(c) Bond Required. No person will be licensed as an emergency public adjuster unless the applicant has supplied to the office the \$5,000 bond required by Section 626.865(2), Florida Statutes. Applications for licensure will be received and preliminarily processed without the bond, but no licensure shall be issued until the bond is received in good and proper form.~~

~~(d) Policy Regarding Licensure Threshold. It is office policy and finding that a substantially higher threshold of certainty regarding fitness and character is appropriate and required for licensure as an emergency public adjuster, as compared to licensure as an emergency company or independent adjuster. This is because if a company or independent adjuster proves dishonest or incompetent, there is generally a regulated insurance company that may be required to make good that adjuster's misconduct. However, regarding a public adjuster, there is no such safeguard for consumers.~~

~~(e) Records To Be Kept:~~

~~1. All emergency public adjusters shall at all times while licensed and for 30 days thereafter maintain in Florida an office and keep their records or copies of all records relating to all Florida losses being adjusted or previously adjusted under said emergency licensure. All emergency public adjusters licensed under this rule shall designate their Florida office location to the office within 72 hours after becoming licensed, and shall notify the office in writing within 24 hours of any change in said office location. Failure to designate such an office or to timely update the office as to its location is grounds for immediate termination of licensure. The address of this office shall appear on all contracts, literature, etc., used by the public adjuster. This office shall be open and staffed at least six hours of every day, between the hours of 8 a.m. and 5 p.m., Monday through Friday, public holidays excluded.~~

~~2. The records and offices of all emergency public adjusters shall be subject to inspection by the office without notice at any time.~~

~~(f) Advertising. All emergency public adjusters are strictly prohibited from advertising. Advertising means promotions, statements of availability, qualifications, and other similar statements, appearing on or in television, radio, newspapers, or magazines; and flyers, brochures, adhesive stickers affixed to any structure showing the adjusters name, address, phone number, and other similar information. Emergency public adjusters shall not use the services of any person or firm, who advertises for the emergency public adjuster, or who is directly~~

or indirectly compensated for referring potential clients to the emergency public adjuster. The following do not constitute prohibited advertising:

1. The emergency public adjuster personally handing to any claimant or potential claimant brochures or other descriptive materials as to the public adjusting function, the public adjuster's qualifications, fees, and other similar information.

2. Solicitation (as defined herein) of work, by the emergency public adjuster in person, wherein the solicitation is made to the loss claimant, and subject to other limitations in this rule concerning solicitation; provided, limited emergency public adjusters may not solicit work on any premises which are not clearly commercial premises.

(g) ~~Advising Claimants and Others.~~ The advising of insureds, claimants, potential claimants, or other persons as to the role, value, or usefulness of public adjusters is deemed to be a material part of the business of public adjusting, and therefore requires licensure as a public adjuster under the laws of Florida and this rule, and may be engaged in only by persons licensed by the office as permanent or emergency public adjusters. Unlicensed persons may not engage in such activity even under the supervision of a licensed public adjuster.

(h) ~~Certain Contracts Unenforceable.~~ It is office policy that contracts engaging the services of a public adjuster, entered into in violation of any provisions of this rule or any emergency rule, shall be declared unenforceable on the part of any public adjuster, as violative of public policy.

(i) ~~Photo ID Required.~~ No emergency public adjuster, once approved for licensure by the office, shall be licensed or commence work, until obtaining from the office a photo identification card, paying in connection therewith the applicable fee as specified in Forms OIR-AAS-1 and OIR-AAS-3.

(7) Emergency Public Adjuster Applicants:

(a) To apply for licensure as an emergency public adjuster, the applicant shall execute Form OIR-AAS-1, "Application for License and Appointment as an Emergency Public Adjuster," rev. 3/96 which is hereby adopted and incorporated by reference, and shall submit the fee specified in Form OIR-AAS-1.

(b) To apply for pre-qualification determination for licensure as an emergency public adjuster, the applicant shall execute Form OIR-1199 "Application for Pre-qualification for Licensure as An Emergency Public Adjuster" Rev. 6/96 which is hereby adopted and incorporated by reference, and shall submit the fee specified in Form OIR-1199.

(c)1. ~~Pre-Qualification Determination is not required for licensure as an Emergency Public Adjuster. However, persons are urged to pre-qualify prior to a disaster in order to expedite the emergency licensure process.~~

2. ~~Pre-Qualification Determination requests will be considered between January 1 and April 30 of each year.~~

3. ~~Any Pre-Qualification Determination made will be valid for a period of two years.~~

(d)1. ~~Persons may apply for pre-qualification determination or licensure as an emergency public adjuster if they are currently licensed as a public adjuster in their home state for the type or kinds of insurance for which they intend to adjust claims in this state.~~

2. ~~Applicants must be in good standing in all states where so licensed.~~

3. ~~Evidence of good standing must be in the form of a current original Letter of Certification from the applicable state insurance department(s). The letter shall not be older than 90 days when submitted in connection with the application for licensure or pre-qualification determination.~~

(e) ~~The application form must be signed by three persons:~~

1. ~~The person to receive emergency licensure;~~

2. ~~A regularly licensed (non-Temporary, non-Catastrophic) public adjuster who will supervise the emergency public adjuster (the supervising public adjuster); and~~

3. ~~One of the following persons (the certifying person):~~

a. ~~An officer of a Florida-licensed or admitted insurance company; or~~

b. ~~A Florida-licensed independent adjuster in good standing; or~~

e. ~~A Florida-licensed resident general lines insurance agent in good standing.~~

(f) ~~The application forms may be obtained at all office consumer service offices or from office headquarters in Tallahassee and must be sent, with a check for the applicable fee, as specified in Form OIR-AAS-1 or OIR-1199, to: Office of Insurance Regulation, P. O. Box 6000, Tallahassee, FL 32314-6000; or the applicant may contact the office for an address for use of overnight courier service.~~

(g) ~~Supervising Public Adjuster.~~ Licensees who are licensed under this subsection must be supervised by a regularly licensed (non-Temporary, non-Catastrophic) resident public adjuster in good standing while they are performing work under their emergency public adjuster licensure. The emergency licensure automatically terminates if the supervising public adjuster ceases to supervise the emergency adjuster. The emergency adjuster will be deemed to be an appointee of the supervising public adjuster. The supervising public adjuster is under an affirmative duty to provide continuing, significant supervision to the emergency public adjuster whose application he/she signed. The supervising public adjuster may prospectively terminate this duty at any time by notifying the office by certified mail, return receipt requested, or by overnight courier, that he/she will no longer be supervising the emergency public adjuster as of a date specified in said letter. Such a notice is not effective until actually received by the office.

~~(8) Non-Resident Public and Independent Adjusters. Non-Resident Public and Independent Adjusters are required to annually execute Form OIR-1297, "Affidavit of Insurance For Non-Resident Public and Independent Adjusters", rev. 10/02 which is hereby adopted and incorporated by reference. A copy of Form OIR-1297 may be obtained from the State of Florida, Office of Insurance Regulation, 200 East Gaines Street, Tallahassee, Florida 32399-0319, phone (850)413-3137.~~

69O-154.203 Categories of Reserves.

Adequacy of an insurer’s health insurance reserves shall be determined on the basis of all three categories combined. However, these standards emphasize the importance of determining appropriate reserves for each of the three categories separately.

- (1) Claim Reserves.
 - (a) No change.
 - (b) Minimum Standards for Claim Reserves.
 - 1. Disability Income.
 - a. No change.
 - b. No change.

(I) For claims incurred on or before December 31, 2006, with a duration from date of disablement of less than two years, reserves may at the option of the insurer be based on the insurer’s experience, if such experience is considered credible, or upon other assumptions designed to place a sound value on the liabilities.

(II) For individual disability income claims incurred on or after January 1, 2007, assumptions regarding claim termination rates for the period less than two years from the date of disablement may, at the option of the insurer, be based on the

insurer's experience, if such experience is considered credible, or upon other assumptions designed to place a sound value on the liabilities.

~~(III)(H)~~ Alternatively, Ffor group disability income claims incurred on or before December 31, 2006, with a duration from date of disablement of more than two (2) years but less than five (5) years, reserves may at the option of the insurer, be based on the insurer's experience for which the insurer maintains underwriting and claim administration control, and in accordance with commonly accepted actuarial practice.

(IV) For group disability income claims incurred on or after January 1, 2007.

(A) Assumptions regarding claim termination rates for the period less than two years from the date of disablement may, at the option of the insurer, be based on the insurer's experience, if such experience is considered credible, or upon other assumptions designed to place a sound value on the liabilities.

(B) Assumptions regarding claim termination rates for the period two or more years but less than five years from the date of disablement may, with the approval of the Office, be based on the insurer's experience, if such experience is considered credible, and for which the insurer maintains underwriting and claim administration control.

(V) With respect to (III) and (IV)(B) above, for experience to be considered credible, the company should be able to provide claim termination patterns over no more than six (6) years reflecting at least 5,000 claims terminations during the third through fifth claims durations on reasonably similar applicable policy forms.

(A) The request for approval of a plan of modification to the reserve basis shall include:

(i) through (iv) No change.

(v) For a company not domiciled in this state, a copy of the approval of the proposed plan of modification by the commissioner of the state of domicile.

(vi) No change.

~~(B) For experience to be considered credible for purposes of (II), the company shall be able to provide claim termination patterns over no more than six (6) years reflecting at least 5,000 claims termination during the third through fifth claims durations on reasonably similar applicable policy forms.~~

~~(B)(C)~~ For claim reserves to reflect "sound values;" and/or reasonable margins, reserve tables based on credible experience shall be adjusted regularly to maintain reasonable margins.

~~c.(H)~~ Duration of Disablement. For contracts with an elimination period, the duration of disablement shall be measured as dating from the time that benefits would have begun to accrue had there been no elimination period.

2. No change.

(2) Premium Reserves.

(a) General.

1. Except as noted in 2., uUnearned premium reserves shall be required for all contracts for the period of coverage for which premiums, other than premiums paid in advance, have been paid beyond the date of valuation.

2. Single premium credit disability insurance individual policies and group certificates, which are subject to the requirements of Section 625.121(13), F.S., are excluded from unearned premium reserve requirements of paragraphs (a), (b), and (c).

3.2.a. If premiums due and unpaid are carried as an asset, the premiums shall be treated as premiums in force, subject to unearned premium reserve determination.

b. No change.

4.3. The gross premiums paid in advance for a period of coverage beginning after the next premium due date following the date of valuation may at the option of the insurer be discounted to the valuation date, and shall be held ~~either~~ as a separate liability ~~or as an addition to the unearned premium reserve which would otherwise be required as a minimum.~~

(b) through (c) No change.

(3) Contract Reserves.

(a) No change.

(b) Minimum Standards for Contract Reserves.

1. Basis.

a. Morbidity or other Contingency.

(I) No change.

(II) Expect as provided in (a)1.b., if for a policy form there is no gross premium variation by age, the valuation net premiums will nonetheless vary based on age at issue for each such contract since at issue the present value of valuation net premiums for a contract must equal the present value of tabular claim costs.

~~(III)(H)~~ Contracts for which tabular morbidity standards are not specified in subsection 69O-154.204(1), F.A.C., shall be valued using tables established for reserve purposes by a qualified actuary. The morbidity tables shall contain a pattern of incurred claims cost that reflects the underlying morbidity, and shall not be constructed for the primary purpose of minimizing reserves.

(A) through (C) No change.

b. No change.

c. Termination Rates. Termination rates used in the computation of reserves shall be on the basis of a mortality table specified in rule subsection 69O-154.204(3), F.A.C., except as follows:

(I) Under contracts issued on or after January 1, 1999, for which premium rates are not guaranteed, and where the effects of insurer underwriting are specifically used by policy duration in the valuation morbidity standard or for return of premium or other deferred cash benefits, total termination rates may at the

option of the insurer be used at ages and durations where these exceed specified mortality table rates, but not in excess of the lesser of:

- (A) through (B) No change.
- (II) through (IV) No change.
- d. through f. No change.
- (c) through (d) No change.

AGENCY FOR HEALTH CARE ADMINISTRATION

Division Health Quality Assurance

RULE CHAPTER NO.: 59A-33 RULE CHAPTER TITLE:

Health Care Clinic Licensure

NOTICE OF CHANGE

This amended notice of change, amends changes to the Notice of Change published in the Vol. 32, No. 23, Notice Section: Notice of Change/Withdrawal, on June 9, 2006, the Florida Administrative Weekly, in accordance with subparagraph Section 120.54(3)(d)1. These changes correspond to objections from the Committee to proposed Rule Chapter 59A-33, F.A.C. All objections have been addressed and changes agreed by the Agency. The proposed rule chapter was originally published on January 13, 2006 in Vol. 32, No 2, Florida Administrative Weekly. **THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE CHANGES OR TO OBTAIN COPIES IS:** Roger Bell, Unit Manager of the Health Care Clinic Unit, 2727 Mahan Drive, Mail Stop #53, Tallahassee, Florida 32308-5704, (850)488-1365, Suncom 278-1365, e-mail: bellr@ahca.my florida.com

Committee Comment: AHCA Form 3110-0013 June 05, Instructions for Completing the Application for Health Care Clinic Licensure, p. 5 of 18, subsection 8.2

The first subparagraph of this subsection states, “Applicants must be fingerprinted within the past 5 years for Level 2 Screening (FBI and FDLE) under standards of Chapter 435, F.S., and 817.234, F.S.,” The law implemented by the application rule and form, Section 400.991(7)(b), F.S., requires applicants to submit “[p]roof of compliance with the Level 2 Background Screening requirements of Chapter 435, F.S., which has been submitted within the previous 5 years in compliance with any other health care licensure requirements of the state is acceptable in fulfillment of this paragraph.” (Emphasis supplied.) By requiring fingerprinting of applicants within the past 5 years, this form appears impermissibly modifies the law implemented which merely requires the background screening requirements to have been submitted within the past 5 years.

In addition, the form requires natural persons who own or control “more than a 10% interest in the clinic” to be fingerprinted. Paragraph 400.991(7)(b), F.S., states, in part, “Applicants who own less than 10% of the health care clinic are not required to submit fingerprints under this section.” By including only those natural persons who own or control more than 10% of the clinic, and by failing also to include those persons who own or control exactly 10% of the clinic, this form appears impermissibly to modify the law implemented.

Finally, the third subparagraph of this subsection states that Section 400.991(7)(a), F.S., defines “applicant” as “individuals owning or controlling, directly or indirectly, 10% or more of an interest in a clinic; the medical or clinic director, the financial officer or similarly titled individual who is responsible for the financial operation of the clinic; and the licensed health care practitioners employed by or under contract with the clinic.” The law implemented, Section 400.991(7)(a), F.S., defines “applicant” as: “Individuals owning or controlling, directly or indirectly, 5% or more of an interest in a clinic; the medical or clinic director, or a similarly titled person who is *responsible for the day-to-day operation of the licensed clinic*; the financial officer or similarly titled individual who is responsible for the financial operation of the clinic; and licensed health care practitioners at the clinic.” (Emphasis supplied.) The definition contained in this form omits persons owning or controlling between 5 and 10 percent interest in the clinic and omits the person who is responsible for the day-to-day operation of the licensed clinic from the definition of applicant, and therefore omits those persons from those having to provide proof of compliance with Level 2 Background Screening. This form appears to have impermissibly modified the law implemented. The Agency agrees to make these provisions of the forms consistent with the committee’s comments.

Committee Comment: Subsection 59A-33.012(4), F.S. This rule lists the sanctions which may be imposed for violations of Part XIII, Chapter 400, and these administrative rules as including: “The assessment of fines, suspension, moratorium, emergency order of suspension and revocation.” The law implemented by this rule, Section 400.995(1), F.S., states, “The agency may deny the application for a license renewal, revoke or suspend the license, and impose administrative fines of up to \$5,000 per violation for violations of the requirements of this part or rules of the agency.” Please provide and explain the specific law implemented, as required by Section 120.536(1), F.S., authorizing the agency to impose a moratorium.

The Agency agrees to add amended the rule authorization of proposed Rule 59A-33.012, F.A.C., to read:

Specific Authority 400.9925 FS. Law Implemented 120.542, 120.60(6), 400.9905(5), 400.9915(3), 400.993(6), 400.9935(1)(a)-(g), 400.9935(3), 400.995(1), (6), (8) FS. New Section 400.993(6) authorizes a moratorium, without defining what that means, under the following circumstances:

(6) When a person has an interest in more than one clinic, and fails to obtain a license for any one of these clinics, the agency may revoke the license, impose a moratorium, or impose a fine pursuant to this part on any or all of the licensed clinics until such time as the unlicensed clinic is licensed or ceases operation.”

FINANCIAL SERVICES COMMISSION

Office of Insurance Regulation

RULE NO.: 69O-141.020
 RULE TITLE: Procedures for Withdrawal, Surrender of Certificate of Authority, or Discontinuance of Writing Insurance in this State Pursuant to Section 624.430, Florida Statutes

NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed, in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 31, No. 52, December 30, 2005, of the *Florida Administrative Weekly*. These changes are being made to address concerns expressed by the Joint Administrative Procedures Committee. Rule 69O-141.020 is changed to read as follows:

69O-141.020 Procedures for Withdrawal, Surrender of Certificate of Authority, or Discontinuance of Writing Insurance in this State Pursuant to Section 624.430, Florida Statutes.

(1) Scope and Purpose. This rule provides implementation procedures and Qoffice policy regarding Section 624.430, Florida Statutes.

(2) No change.

(a) through (c) No change.

(d) "Lines of insurance," as used in Section 624.430, Florida Statutes, and this rule, is as defined in Section 624.6012, Florida Statutes. Pursuant to the express rulemaking authority given the Qoffice in Section 624.6012, Florida Statutes, for the purpose of implementation of Section 624.430, Florida Statutes, the Qoffice determines each of the following to be a line of insurance (in addition to lines of insurance as may be elsewhere established by rule of the Qoffice): Homeowners property insurance; mobile homeowners property insurance; condo unit owners contents insurance; renter's/dwellers contents insurance; and residential condominium association property coverages.

(3) No change.

(4) The Qoffice interprets the requirement of notice as authorizing the Qoffice to prohibit the withdrawal, surrender, or discontinuance of writing, when such withdrawal, surrender, or discontinuance of writing is done in violation of any law or rule.

(5) Notice to Precede Action to Reduce Presence in Florida. An insurer shall take no action in furtherance of a reduction, prior to the expiration of 90 days after the receipt by the Qoffice of the notice required by Section 624.430, Florida Statutes. Prohibited actions include sending any notice of cancellation of termination, or notice of intent to cancel or terminate, to any policyholder, agent, managing general agent, reinsurer, or other person or entity.

(6) No change.

(a) through (b) No change.

(c) Designated Filing Office. The letter of notice with the two copies shall be addressed to and delivered by certified or registered mail to the following address: Insurance Commissioner ~~Director, Division of Insurer Services~~, Office of Insurance Regulation, 200 East Gaines Street, Tallahassee, FL 32399-0326. There shall be no constructive receipt of the notice by the above-designated filing office, other than upon receipt by the Qoffice's mail room in the usual course of business, of a properly addressed notice by U.S. mail. The 90 days shall not begin to run until a properly addressed notice, in a form substantially complying with this rule, is received by the Qoffice, by U.S. mail.

(d) through (e) No change.

1. through 3. No change.

4. Insurers shall also provide the Qoffice with the following information in the notice:

a. through d. No change.

(7) Office Action Upon Receipt of Notice.

(a) Subsequent to receiving the initial filing, the Office will request the insurer to provide further information, or will conduct such other investigation as is necessary to determine whether the initial information provided is accurate and whether the proposed action will have the effects projected by the insurer.

(b) The Office shall inform the insurer if the proposed reduction would be in violation of, or cause a violation of, any provision of the Insurance Code or rule of the Office. Within 5 calendar days of the date of such notice, the insurer shall file with the Office a response indicating whether it will proceed to implement the reduction or, if paragraph (9)(b) applies, shall file any application for relief required thereby.

~~(8) Certificate of Authority Surrender Effected by Office Order. No surrender or attempted surrender of a certificate of authority is effective until accepted by order of the office.~~

~~(9) Relationship of Reduction to Moratorium Phaseout. The office interprets Section 627.7013(2)(a)4., Florida Statutes, relating to certain applications for reduction filed prior to August 24, 1992, as indicating a legislative intent that as to all attempted or desired reductions affecting "Florida personal lines residential policies" (hereinafter "residential policies"), other than those in which such reduction notice was filed prior to August 24, 1992, Section 627.7013, Florida Statutes, applies and takes precedence over Section 624.430, Florida Statutes, and prohibits or limits such reductions affecting residential policies, initiated for the purpose of reducing the insurer's exposure to hurricane claims.~~

~~(a) Factors which will be given great weight in evaluating whether a desired reduction is for the purpose of reducing the insurer's exposure to hurricane claims include:~~

~~1. Would the reduction in Florida be accompanied by reduction action by the insurer in other states?~~

~~2. If so, would a disproportionate amount of the impact be in areas of the country especially subject to risk of loss from hurricane?~~

~~3. How much of the reduction in Florida would be in residential policy exposures as compared to exposures in other lines of insurance in Florida?~~

~~4. If the insurer is discontinuing writing only some lines of insurance, are the lines being discontinued especially subject to risk of loss from hurricane, as compared to the lines not being discontinued?~~

~~5. Does the insurer have a significant concentration of residential policies and exposure in coastal areas of Florida?~~

~~6. Would the desired reduction significantly reduce the insurer's exposure to risk of loss from hurricane exposure under residential policies in Florida?~~

~~(b) If the office determines that any proposed reduction violates Section 627.7013, Florida Statutes, the insurer shall not proceed with the reduction as it affects residential policies,~~

~~and shall file an application under Rule 69O-141.021, F.A.C., which implements Section 627.7013, Florida Statutes. The reduction in residential policies shall be limited to the extent of relief granted the insurer by the office under Section 627.7013, Florida Statutes and Rule 69O-141.021, F.A.C.~~

~~(8)(10) No change.~~

Specific Authority 624.308(1), 624.6012 FS. Law Implemented 624.307(1), 624.430, 624.6011, 624.6012 FS. History--New 1-8-96, Amended 5-26-96, Formerly 4-141.020, Amended _____.

Section IV Emergency Rules

DEPARTMENT OF REVENUE

Miscellaneous Tax

RULE NOS.:	RULE TITLES:
12BER06-1	Scope; Definitions; Index Price
12BER06-2	Imposition of the Gross Receipts Tax
12BER06-3	Registration for Gross Receipts Tax Purposes
12BER06-4	Payment of Gross Receipts Tax; Reports

SPECIFIC FACTS AND REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY, OR WELFARE: Chapter 2005-148, Laws of Florida, authorizes the Department of Revenue to promulgate emergency rules, and to renew such rules, to implement the provisions of the law. The promulgation of these emergency rules ensures that the appropriate procedures and forms are available for reporting and remitting gross receipts tax on utility service.

REASONS FOR CONCLUDING THAT THE PROCEDURE USED IS FAIR UNDER THE CIRCUMSTANCES: The Legislature expressly authorized the promulgation of emergency rules, and the renewal of such rules, to ensure the prompt availability of procedures taxpayers can follow to comply with Chapter 203, F.S. (as amended by Chapter 2005-148, Laws of Florida). The Department of Revenue previously sought comment on these emergency rules to the extent possible within the time restraints resulting from the statutory requirements. The preliminary text of proposed rules regarding the imposition of the gross receipts tax on utility services was posted on the Department of Revenue web site. A rule development workshop was held on November 16, 2005, to receive public comments regarding the preliminary text. The public comments received were considered by the Department in preparation of Emergency Rules 12BER06-1 through 12BER06-4.

SUMMARY OF THE RULES: Emergency Rule 12BER06-1, F.A.C (Scope; Definitions; Index Price): (1) provides that Emergency Rules 12BER06-1 through 12BER06-4, F.A.C.,

apply to the tax imposed under Chapter 203, F.S., on utility services delivered to a retail consumer in Florida; (2) defines the terms “cost price,” “distribution company,” “Department,” “electricity index price,” “gas index price,” “gross receipts,” “utility services,” and “person” for purposes of Emergency Rules 12BER06-1 through 12BER06-4, F.A.C.; (3) provides that the gross receipts tax imposed on certain utility services delivered to a retail consumer in Florida is based on an index price; (4) provides how the Department will announce the annual index prices for electricity and for natural and manufactured gas; and (5) provides that the index price applies to electricity only if the transportation of the electricity is sold independent of the sale of the electricity itself.

Emergency Rule 12BER06-2, F.A.C. (Imposition of the Gross Receipts Tax), provides: (1) that the 2.5 percent gross receipts tax is imposed on distribution companies’ gross receipts from the privilege of selling and transporting natural or manufactured gas to retail consumers in Florida; (2) how the tax is computed based on the index price; (3) that the sale or transportation of natural or manufactured gas to public or private utilities for use as a fuel in the generation of electricity or for resale is not subject to tax; (4) that the sale or transportation of natural or manufactured gas to persons eligible for an exemption under Section 212.08(7)(ff)2., F.S., for use as an energy source or a raw material is not subject to tax and guidelines on how to document such sales; (5) that the 2.5 percent gross receipts tax is imposed on distribution companies’ gross receipts from the privilege of selling and transporting electricity to retail consumers in Florida and how the tax is to be calculated; (6) that the tax does not apply to receipts from customers for purposes of resale; (7) that receipts from separately itemized charges for the connection, disconnection, suspension, or restoration of utility services are not subject to tax; (8) that receipts from separately itemized fees for returned checks, late payments, and interest due on late payments are not subject to the gross receipts tax; (9) that receipts from separately itemized charges for the sale, lease, rental, repair, or maintenance of customer premises equipment are not subject to gross receipts tax; (10) guidelines on how gross receipts tax is applied to charges for utility services separately itemized to customers as an amount for services based on a standard rate amount with a separate rate adjustment; (11) that each and every fee imposed by a political subdivision of the State of Florida that is passed on to the customer as a separately itemized charge is included in the gross receipts subject to tax; (12) that any municipal public service tax and any sales tax separately itemized to the customer is not included in the gross receipts subject to tax; (13) that the sale or delivery of electricity as part of an electric interchange agreement or contract between utilities is not subject to tax and guidelines on how to document such sale or delivery; (14) that wholesale sales of electric transmission services and the loss of electricity from the generation, transmission, or distribution of electricity is not subject to tax;

(15) guidelines regarding any separately itemized charge for gross receipts tax on a customer’s bill, invoice, statement, or other evidence of sale; (16) guidelines on the imposition of tax on natural or manufactured gas imported into Florida for which the Florida gross receipts tax has not been paid; (17) guidelines on how to document sales of utility services for purposes of resale; and (18) recordkeeping requirements for taxpayers who sell or deliver utility services.

Emergency Rule 12BER06-3, F.A.C. (Registration for Gross Receipts Tax Purposes), provides: (1) that prior to engaging in the business of selling, transporting, delivering, or importing utility services in Florida, every person is required to register with the Department; and (2) guidelines on how to register with the Department.

Emergency Rule 12BER06-4, F.A.C. (Payment of Gross Receipts Tax; Reports): (1) provides guidelines on the how to report and remit to the Department the gross receipts tax imposed on utility services; (2) provides guidelines for when taxpayers may elect to pay the gross receipts tax on total billings for electricity each month or on the actual gross receipts for electricity received in that month; and (3) provides that persons engaged in the transportation of natural or manufactured gas must provide the Department with a list of customers to whom transportation services were provided in the prior year or post such a list on a publicly-accessible Internet web site.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULES IS: Robert Babin, Senior Attorney, Technical Assistance and Dispute Resolution, Department of Revenue, P. O. Box 7443, Tallahassee, Florida 32314-7443, telephone (850)922-4842, e-mail babinr@dor.state.fl.us.

THE FULL TEXT OF THE EMERGENCY RULES IS:

GROSS RECEIPTS TAX

12BER06-1 Scope; Definitions; Index Price.

(1) SCOPE. Emergency Rules 12BER06-1 through 12BER06-4, F.A.C., apply to the tax imposed by Chapter 203, F.S., on utility services delivered to a retail consumer in Florida. Where any conflicting language exists between Emergency Rules 12BER06-1 through 12BER06-4, F.A.C., and Rules 12B-6.001, 12B-6.0021, and 12B-6.005, F.A.C., the provisions of these emergency rules are controlling.

(2) DEFINITIONS. For purposes of Rules 12BER06-1 through 12BER06-4, F.A.C.:

(a) “Cost price” means the actual cost of articles of tangible personal property without any deductions therefrom on account of the cost of materials used, labor or service costs, transportation charges, or any expenses whatsoever.

(b) “Distribution company” means any person owning or operating local electric, or natural or manufactured gas, utility distribution facilities within this state for the transmission, delivery, and sale of electricity or natural or manufactured gas.

The term does not include natural gas transmission companies that are subject to the jurisdiction of the Federal Energy Regulatory Commission.

(c) "Department" means the Florida Department of Revenue.

(d) "Electricity index price" means the applicable residential, industrial, or commercial price per kilowatt hour for retail consumers in Florida in the previous calendar year, as published in the United States Energy Information Administration Electric Power Monthly.

(e) "Gas index price" means the applicable residential, industrial, or commercial price per 1,000 cubic feet for retail consumers in Florida in the previous calendar year, as published in the United States Energy Information Administration Natural Gas Monthly.

(f) "Gross receipts" means the total payments received in money, goods, services, or other consideration.

(g) "Person" includes any individual, firm, copartnership, joint adventure, association, corporation, estate, trust, business trust, receiver, syndicate, or other group or combination acting as a unit and also includes any political subdivision, municipality, state agency, bureau, or department and includes the plural as well as the singular number.

(h) "Utility services" means electricity for light, heat, or power; and natural or manufactured gas for light, heat, or power, including transportation, delivery, transmission, and distribution of the electricity or natural or manufactured gas. This paragraph does not broaden the definition of utility service to include separately stated charges for tangible personal property or services which are not charges for the electricity or natural or manufactured gas or the transportation, delivery, transmission, or distribution of electricity or natural or manufactured gas. Liquefied petroleum gas is sold in liquid form and transformed into gas when released from the container to be used for fuel. The term "utility services" does not include liquefied petroleum gas.

(3) INDEX PRICE. The calculation of the tax imposed on certain utility services delivered to a retail consumer in Florida is based on an index price.

(a) The Department will announce the residential, commercial, and industrial index prices for electricity and for natural and manufactured gas on June 1 of each year through issuance of a Taxpayer Information Publication and by posting the rates on the Department's Internet web site located on the Internet at www.myflorida.com/dor/taxes. The index prices announced by the Department on June 1 will be effective from the following July 1 through June 30, and will apply to any bill dated on or after July 1 in the year in which the change becomes effective. The index prices effective July 1, 2006, through December 31, 2006, have been announced by the Department in Tax Information Publication 06B06-01 and apply to any bill dated on or after July 1, 2006, until the new index prices become effective on July 1, 2007.

(b) The index prices for electricity only apply if the transportation of electricity is sold independent of the sale of the electricity itself. If electricity is sold to a retail consumer in Florida for a price that includes both a charge for the electricity and a charge for the transportation of the electricity, the tax imposed by Chapter 203, F.S., is calculated by using the distribution company's gross receipts, rather than through use of an index price.

(c) When the calculation of the tax imposed on utility services delivered to a retail consumer in Florida requires the use of an index price, the distribution company must use a reasonable methodology to apply the residential, commercial, and industrial classifications to its existing rate structure.

This rule shall take effect on July 1, 2006.

Specific Authority s. 3, Ch. 2005-148, L.O.F. Law Implemented 203.01, 203.012 FS. History—New 7-1-06.

12BER06-2 Imposition of the Gross Receipts Tax.

(1) NATURAL OR MANUFACTURED GAS.

(a) A tax is imposed at the rate of 2.5 percent on distribution companies' gross receipts from the privilege of selling or transporting natural or manufactured gas to a retail consumer in this state. The gross receipts tax on the sale or transportation of natural or manufactured gas is calculated as follows: $(\text{number of cubic feet of gas sold or transported}) \div 1,000 \times (\text{the applicable gas index price}) \times (2.5 \text{ percent})$.

(b) The tax implemented in paragraph (1)(a) does not apply to:

1. The sale or transportation of natural or manufactured gas to a public or private utility, including a municipal corporation, or agency thereof, or rural electric cooperative association for use as a fuel in the generation of electricity;

2. Subject to the documentation requirements outlined in subsection (5), the sale or transportation of natural or manufactured gas to a public or private utility, including a municipal corporation or agency thereof, or rural electric cooperative association for resale;

3. The sale or transportation to, or use of, natural or manufactured gas by any person eligible for an exemption under Section 212.08(7)(ff)2., F.S., for use as an energy source or a raw material. Possession by a seller of natural or manufactured gas or by any person providing transportation or delivery of natural or manufactured gas of a written certification by the purchaser relieves the seller or person providing transportation or delivery from the responsibility of remitting tax on the nontaxable amounts, and the Department shall look solely to the purchaser for recovery of such tax if the Department determines that the purchaser was not entitled to the exclusion. The certification must include an acknowledgment by the purchaser that it will be liable for tax pursuant to Section 203.01(1)(f), F.S., if the requirements for

exclusion are not met. The following is a suggested format of an exemption certificate to be issued by a manufacturer to a natural or manufactured gas distribution company:

CERTIFICATION

NATURAL OR MANUFACTURED GAS PURCHASED BY A PERSON ELIGIBLE FOR EXEMPTION UNDER INDUSTRIAL CLASSIFICATIONS IN SECTION 212.08(7)(ff)2., F.S.

This is to certify that I have purchased natural or manufactured gas for use as an energy source or raw material that is excluded from tax pursuant to Section 203.01(3)(d), Florida Statutes.

I certify that the applicable purchases were made by a company whose four-digit SIC Industry Number, as listed below, is classified under SIC Industry Major Group Number 10, 12 through 14, 20, or 22 through 39 or Group Number 212 in the Standard Industrial Classification (SIC) Manual, 1987, published by the Office of Management and Budget.

I acknowledge that I will be liable for tax pursuant to Section 203.01(1)(f), Florida Statutes, if the requirements for exclusion pursuant to Section 203.01(3)(d), F.S., are not satisfied.

I understand that if such purchases of natural or manufactured gas do not qualify for the exclusion as indicated on this certification, I must pay the applicable tax directly to the Department of Revenue.

Under penalties of perjury, I declare that I have read the foregoing certificate and the facts stated herein are true.

Purchaser's Name (Print or Type) Date

Signature of Authorized Person Title

Federal Employer Identification Number (FEI No.)

(2) ELECTRICITY.

(a) A tax is imposed at the rate of 2.5 percent on a distribution company's gross receipts from the privilege of selling electricity that is delivered to a retail consumer in this state when the charge to the consumer includes charges for both the electricity and the transportation of the electricity. Tax imposed pursuant to this subparagraph is calculated by multiplying the distribution company's gross receipts by 2.5 percent.

1. The tax implemented in paragraph (2)(a) does not apply to:

a. Receipts from customers for separately itemized charges for the connection, disconnection, suspension, or restoration of electricity;

b. Receipts from customers for separately itemized charges for returned checks or other forms of payment, late payments, or interest due on late payments;

c. Receipts from customers for separately itemized charges for the sale, lease, rental, repair, or maintenance of customer premises equipment;

2.a. When charges for utility services are separately itemized as an amount for services based on a standard rate amount with a separate rate adjustment on the same billing, invoice, statement, or other evidence of sale for services, gross receipts tax is due on the receipts for utility services after the application of the rate adjustment.

b. Example: A customer purchases electricity from an electric utility under an energy management program. The customer is billed the standard residential rate. In addition, the customer receives load management monthly credits for allowing specified electrical equipment to be interrupted at the option of the electric utility. The charge for electric service after the load management credits are applied against the charge at the standard residential rate is the amount subject to the gross receipts tax.

c. Example: A customer purchases electricity from an electric utility at the standard residential service rate. The electric utility charges each residential customer in this rate class an additional energy cost recovery factor, called "energy charges," on a per kilowatt hour basis. The customer is billed for electricity at the standard residential rate, plus the applicable energy charges. The amount charged to the customer at the standard residential rate, plus the amount of the energy charges, is the amount subject to the gross receipts tax.

3. Each and every fee imposed by a political subdivision of the State of Florida on the distribution company, such as a franchise fee, is included in the charge upon which the gross receipts tax is computed, when the fees are passed on to the customer and separately itemized on a customer's bill, invoice, statement, or other evidence of sale.

4. Any municipal public service tax imposed under Section 166.231 or 166.232, F.S., or any sales tax imposed under Chapter 212, F.S., on the sale or purchase of electric power or energy is not included in the charge upon which the gross receipts tax is computed when the municipal tax or sales tax is separately itemized on a customer's bill, invoice, statement, or other evidence of sale.

(b) Each distribution company that receives payment for the delivery of electricity to a retail consumer in this state is subject to tax on the exercise of this privilege as provided by this paragraph, unless the payment is subject to tax under paragraph (a). Under this paragraph, the gross receipts tax on the delivery of electricity is calculated as follows: (number of kilowatt hours delivered) × (the applicable electricity index price) × (2.5 percent).

(c) The tax implemented in paragraphs (2)(a) and (b) does not apply to:

1. The sale or delivery of electricity to a public or private utility, including a municipal corporation or agency thereof, or rural electric cooperative association, for resale subject to the documentation requirements outlined in subsection (5);

2. The sale or delivery of electricity to a public or private utility, including a municipal corporation or agency thereof, or rural electric cooperative association, as part of an electric interchange agreement or contract between such utilities for the purpose of transferring more economically generated power.

a. The electric utility is required to maintain a copy of the agreement or contract in its books and records and is not required to meet the provisions of this rule regarding sales for resale.

b. The internal use, including interdepartmental transfers, of the purchased power is not subject to tax.

3. Wholesale sales of electric transmission service.

4. The loss of electricity resulting from the generation, transmission, or distribution of electricity, including line losses, generation losses, and any other losses for which charges are not made to the electric utility's customers.

(3) SEPARATELY ITEMIZED CHARGES. A distribution company may wholly or partially separately itemize the gross receipts tax on the customer's bill, invoice, statement, or other evidence of sale. However, the gross receipts tax is imposed on the privilege of doing business, and it is an item of cost to the distribution company. The distribution company remains fully and completely liable for the payment of the tax, even when the tax is wholly or partially separately itemized on the customer's bill, invoice, statement, or other evidence of sale. When the tax is wholly or partially separately itemized, every person, including governmental units and charitable and religious organizations, is liable for the payment of the tax to the distribution company.

(4) USE TAX.

(a) Gross receipts tax is levied upon a person's cost price of electricity, or natural or manufactured gas, imported into this state or severed within this state for the person's own use or consumption as a substitute for purchasing utility, transportation, or delivery services taxable under Chapter 203, F.S., and who cannot demonstrate payment of the tax imposed by Chapter 203, F.S. The tax implemented pursuant to this paragraph is calculated by multiplying the cost price of the utility service by 2.5 percent.

(b) The tax implemented pursuant to paragraph (4)(a) does not apply to:

1. The use of natural gas in the production of oil or gas, or the use of natural or manufactured gas by a person transporting natural or manufactured gas, when used and consumed in providing such services;

2. The use of natural gas or manufactured gas by a person eligible for an exemption under Section 212.08(7)(ff)2., F.S., for use as an energy source or a raw material; or

3. The loss of electricity resulting from the generation, transmission, or distribution of electricity, including line losses, generation losses, and any other losses for which charges are not made to the electric utility's customers.

(5) SALES FOR RESALE. The sale, transportation, or delivery of utility services for resale is only exempt from the tax imposed under Chapter 203, F.S., if the sale, transportation, or delivery is documented in strict compliance with this rule. Distribution companies must document sales for resale by obtaining resale certificates from customers who purchase transportation, delivery, or utility services for the purposes of resale. The distribution company is only required to obtain one certificate for sales made for the purposes of resale from each customer making purchases for the purposes of resale. The certificate must contain the purchaser's name and address, the purchaser's gross receipts tax registration number and its effective date, a statement that the purchases are for the purpose of resale, the signature of the purchaser or an authorized representative of the purchaser, and the date of issuance. The following is a suggested format of a resale certificate:

RESALE CERTIFICATE FOR GROSS RECEIPTS TAX ON UTILITY SERVICES

This is to certify that the electricity for light, heat, or power or the natural or manufactured gas for light, heat, or power _____ purchased _____ after _____ (date) from _____ (seller's name) is purchased for the purpose of resale pursuant to Chapter 203, F.S.

12BER06-4 Payment of Gross Receipts Tax; Reports.

(1)(a) Except as provided in Rule Chapter 12-24, F.A.C., and paragraph (c) below, all taxes imposed on utility services are due to the Department on or before the last day of the month following the date of the sale or transaction. The payment and return must either reach the Department or be postmarked on or before the last day of the month for receipts for utility services received in the preceding calendar month for a taxpayer to avoid penalty and interest for late filing. When the last day of the month falls on a Saturday, Sunday, or a legal holiday, payments accompanied by returns will be accepted as timely if postmarked or delivered to the Department on the next succeeding day that is not a Saturday, a Sunday, or a legal holiday. A tax return is required to be filed on or before the last day of each month even when no tax is

due. The report is required to be signed by an officer or a representative duly authorized to act by the taxpayer. For this purpose, a legal holiday means a holiday that is observed by federal or state agencies as a legal holiday as this term is defined in Chapter 683, F.S., and Section 7503 of the 1986 Internal Revenue Code, as amended. A "legal holiday" pursuant to Section 7503 of the Internal Revenue Code of 1986, as amended, means a legal holiday in the District of Columbia or a statewide legal holiday at a location outside the District of Columbia but within an internal revenue district.

(c) When quarterly, semiannual, or annual reporting is authorized by the Department pursuant to Section 203.01(1)(j), F.S., the tax is due on or before the last day of the month following the authorized reporting period and becomes delinquent on the first day of the next succeeding month.

(d) Payments and returns for reporting tax must be submitted to the Department, as provided in Rule Chapter 12-24, F.A.C., when:

1. Payment of the tax is required to be made by electronic means;

2. Any return for reporting tax is required to be submitted by electronic means; or

3. No tax is due with a return for reporting tax.

(e)1. For taxes implemented pursuant to paragraph (2)(a) of Rule 12BER06-2, F.A.C., the taxpayer may elect to pay the gross receipts tax on total billings for electricity for each month or on the actual gross receipts for electricity received in that month.

2. When the taxpayer elects to pay gross receipts tax on total billings for electricity, the taxpayer may take a credit for net uncollectibles for which gross receipts tax has been previously paid to the Department. The credit must be reported on the provider's return in accordance with the timing provisions of Section 215.26(2), F.S.

3. In lieu of a credit for net uncollectibles, the taxpayer may seek a refund of tax previously paid by filing an Application for Refund (Form DR-26, incorporated by reference in Rule 12-26.008, F.A.C.) with the Department. The application for refund must be filed in accordance with the

timing provisions of Section 215.26(2), F.S., and must meet the requirements of Sections 213.255(2) and (3), F.S., and Rule 12-26.003, F.A.C.

4. Form DR-26, Application for Refund, must be filed with the Department within 3 years after the date the tax was paid. Credits for tax paid must be reported on the provider's return within 3 years after the date the tax was paid.

(2) Persons who engage in the transportation of natural or manufactured gas must provide the Department with a list of customers to whom transportation services were provided in the prior year. A person may satisfy the customer-reporting requirement by: 1) providing a written list of customers to the Department; or 2) maintaining a publicly-accessible customer list on the person's Internet web site. The person must provide the written list of customers or the Internet address of the publicly-accessible Internet web site by January 31 of each year to GTA Miscellaneous Tax Coordinator, c/o GTA Program Director, Florida Department of Revenue, 5050 W. Persons who choose to satisfy the customer-reporting requirement by posting a list of customers on a publicly-accessible Internet web site must update the list by January 31 of each year. This reporting requirement does not apply to distribution companies. Any person required to furnish such a list may elect to identify only those customers who take direct delivery without purchasing interconnection services from a distribution company.

FISH AND WILDLIFE CONSERVATION COMMISSION

Marine Fisheries

RULE NO.:
68BER06-1

RULE TITLE:

Emergency Reinstatement of Blue Crab Endorsement Moratorium and Suspension of Implementation of the Blue Crab Limited Entry Endorsement Program

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY, AND WELFARE: The 1998 Florida Legislature imposed a moratorium on new blue crab endorsements at the request of the commercial blue crab industry, with the support of the Florida Marine Fisheries Commission, while an effort management or limited entry program was being developed by the Commission and the industry. That moratorium was extended by the new Florida Fish and Wildlife Conservation Commission in 2002 and again in 2005, as the new program approached completion. The original and continuing purpose of the endorsement moratorium was to stabilize the fishery by not allowing new entrants prior to implementation of an effort management plan. Pursuant to the provisions of paragraph 68B-45.004(9)(a), F.A.C., the moratorium is scheduled to expire July 1, 2006.

The Fish and Wildlife Conservation Commission has adopted rules that would implement the final effort management plan for the commercial blue crab fishery that would take effect July 1, 2006. Indispensable to the program are the penalties applicable to specific requirements and prohibitions in the implementing rules of the Commission and fees to be charged by the Commission under the program. These penalties and fees are not within the authority of the Commission to set, but rather are constitutionally the responsibility of the Florida Legislature. In the recently-concluded legislative session, the bill that would have set those penalties and fees failed to pass.

Without the penalties and fees necessary to the program, the Commission finds that implementation of the blue crab effort management program would be detrimental to the commercial blue crab fishery and imperil any success that might be expected from immediate implementation of the program. Therefore, the Commission also finds that there is an immediate danger to the public welfare if immediate action is not taken to stop implementation of the program and reimpose the moratorium on issuance of new commercial blue crab endorsements.

It is the intent of the Commission to immediately begin regular rulemaking to extend the moratorium on issuance of new blue crab endorsements, and delay the start of the new effort management program for this fishery, for one year, to allow time for the establishment of appropriate penalties and fees by the Florida Legislature. This action will provide the

opportunity to make sure that all parts of this important plan are implemented at the same time, to avoid confusion among the participants in the fishery.

REASONS FOR CONCLUDING THAT THE PROCEDURE USED IS FAIR UNDER THE CIRCUMSTANCES: On May 6, 2006, the day after the 2006 session of the Florida Legislature ended without adoption of penalties and fees for the blue crab effort management program, staff of the Fish and Wildlife Conservation Commission contacted the members of the *ad hoc* Blue Crab Advisory Board. Those members contacted were of the opinion that under the circumstances, the moratorium needed to be extended until the legislative issues could be resolved. On May 15, 2006, a revised agenda for the Commission's June 7-8, 2006 meeting was posted on the Commission's website, which agenda included consideration of an emergency rule to address the blue crab effort management program. On May 16, 2006, the Commission's Division of Marine Fisheries Management sent a notice to all blue crab endorsement holders indicating that the Division would be requesting the Commission at its meeting on June 8 to "extend the moratorium on blue crab endorsements until July 1, 2007 . . . , and delay implementation of the blue crab effort management rule that was approved by the Commission last March." Division staff was invited to a meeting of interested members of the Organized Fishermen of Florida (OFF) and Southeastern Fisheries Association (SFA) on June 3, 2006, in Ocala, to explain the situation and agency intentions. The emergency rule was approved at the Commission's meeting on June 8, 2006, at which meeting appeared participants in the blue crab commercial fishery. Notice of this action was provided by press release to the news media immediately upon conclusion of the meeting.

The entire text of this emergency rule, including the findings required by Section 120.54(4), Florida Statutes, is to be published in the *Florida Administrative Weekly* and distributed to the Joint Administrative Procedures Committee of the Florida Legislature.

The Florida Fish and Wildlife Conservation Commission hereby find that the procedures used to promulgate this emergency rule are fair under the circumstances.

SUMMARY OF THE RULE: Emergency Rule 68BER06-1 extends the moratorium on issuance of new blue crab endorsements as it exists in paragraph 68B-45.004(9)(b), F.A.C., for the pendency of the emergency rule. The emergency rule also suspends implementation of the Blue Crab Limited Entry Endorsement Program pursuant to Rule

68B-45.007, F.A.C., during the same period. An intention is stated to continue the moratorium until July 1, 2007, and to suspend the program's implementation until the same date.

DEPARTMENT OF HEALTH

The Board of Psychology hereby gives notice that it has issued an Order on the Petition for Declaratory Statement, that was filed on March 21, 2006 by Gregory DeClue, Ph.D. The Notice of Petition for Declaratory Statement was published in Vol. 32, No. 14, of the April 7, 2006, Florida Administrative Weekly. Petitioner sought the Board’s declaration that, pursuant to Sections 947.005(9) and 948.001(6), Florida Statutes, he is a “Qualified Practitioner”, eligible to evaluate and treat sex offenders in Florida. The Board of Psychology considered the Petition at its meeting held on April 28, 2006, in Tampa, Florida. With the Board’s Order, filed on June 5, 2006, the Board declined to answer the question as there is, as yet, no rule in effect to establish the coursework, training, qualifications, and experience a Florida licensed psychologist must have to evaluate and treat sex offenders. Further, upon promulgation of said rule, it would be up to the licensee initially, and not the Board, to determine whether the requirements are met.

A copy of the Board’s Order may be obtained by contacting: Susan Love, Executive Director, Board of Psychology, 4052 Bald Cypress Way, Bin #C05, Tallahassee, Florida 32399-3255.

The Board of Psychology hereby gives notice that it has issued an Order on the Petition for Declaratory Statement, that was filed on March 10, 2006 by Jessica L. Podolsky. The Notice of Petition for Declaratory Statement was published in Vol. 32, No. 13, of the March 31, 2006, Florida Administrative Weekly. Petitioner sought the Board’s interpretation of Rule 64B19-11.005, F.A.C., entitled “Supervised Experience Requirements”, and whether two specifically described employment situations, one in public high school and one in a community or four-year college setting, could satisfy the Board’s post-doctoral supervised experience requirements for licensure. The Board of Psychology considered the Petition at its meeting held on April 28, 2006, in Tampa, Florida. The Board’s Order, filed on June 5, 2006, conditionally answered the Petition for Declaratory Statement in the affirmative, finding that both types of experience constitute the practice of psychology and could satisfy the requirements of Rule

64B19-11.005, F.A.C., although the Board would require more specific information regarding what is meant by “program development” to answer with respect to that particular activity.

A copy of the Board’s Order may be obtained by contacting: Susan Love, Executive Director, Board of Psychology, 4052 Bald Cypress Way, Bin #C05, Tallahassee, Florida 32399-3255.

The Board of Psychology hereby gives notice that it has issued an Order on the Petition for Declaratory Statement, that was filed on March 10, 2006 by Erin Smith Aebel, Esquire on behalf of Marc B. Dielman, Ph.D. The Notice of Petition for Declaratory Statement was published in Vol. 32, No. 13, of the March 31, 2006, Florida Administrative Weekly. Petitioner sought the Board’s interpretation of Section 490.003(4), F.S. entitled “Definitions” and whether the Petitioner’s treatment of patients in Ohio via telecommunications, while Petitioner resides in Florida, constitutes the practice of psychology requiring Florida licensure. The Board of Psychology considered the Petition at its meeting held on April 28, 2006, in Tampa, Florida. The Board’s Order, filed on June 5, 2006, answered the Petition for Declaratory Statement in the affirmative, finding that the psychological treatment of patients who are physically located in Ohio by telecommunications, including telephone sessions, e-mails, and video conferencing, by a psychologist physically located in Florida, constitutes the practice of psychology in Florida requiring Florida licensure.

A copy of the Board’s Order may be obtained by contacting: Susan Love, Executive Director, Board of Psychology, 4052 Bald Cypress Way, Bin #C05, Tallahassee, Florida 32399-3255.

The Department of Community Affairs is seeking written public comments on a proposal to submit a Standard Waiver Request to the U.S. Department of Housing and Human Services (HHS).

COMMENT PERIOD ENDS: July 6, 2006

COMMENTS SUBMITTED TO: Norm Gempel, Manager, Department of Community Affairs, Sadowski Building, 2555 Shumard Oak Boulevard, Tallahassee, Florida 32399-2100, (850)488-7541, or FAX (850)488-2488.

PURPOSE: Public comments on preparing a Standard Waiver Request to HHS for increasing the percentage of Low-Income Home Energy Assistance Program (LIHEAP) funding for allocating to the Weatherization Assistance Program/LIHEAP (WAP/LIHEAP). Historically fifteen percent of LIHEAP funding has been provided to the WAP/LIHEAP for performing weatherization activities on low-income client homes in accordance with U.S. Department of Energy (DOE) guidelines and regulations. However, for FY 2006-2007 the LIHEAP has received an additional funding allocation. Thus the reason for this request of an increase from fifteen percent (15%) to twenty percent (20%). This increase will apply only to the additional \$23,001,621 awarded to the state in March 2006. With a higher percentage of the additional funding being allocated to the WAP/LIHEAP, more low-income clients (LIHEAP referral and non-referral) will benefit from receiving weatherization services encompassing all of the DOE approved measures. This will assure that maximum energy savings are realized by the households served. This increase will not decrease the average number of clients that would receive LIHEAP services during the regular agreement period.

ACTIONS TO BE TAKEN: The Department of Community Affairs will review all comments received and make a decision in regard to whether to submit the Standard Waiver Request to HHS.

ADDITIONAL INFORMATION: Requests for additional information or questions may be addressed to Norm Gempel, Manager, Florida Department of Community Affairs, Sadowski Building, 2555 Shumard Oak Boulevard, Tallahassee, Florida 32399-2100, (850)488-7541, or Fax (850)488-2488. Anyone who wishes to be notified of the Department's decision may contact Mr. Norm Gempel, at the above address or telephone number, or by email at norm.gempel@dca.state.fl.us.

STATE OF FLORIDA

DEPARTMENT OF COMMUNITY AFFAIRS

In re: A LAND DEVELOPMENT REGULATION
ADOPTED BY ISLAMORADA, VILLAGE OF
ISLANDS
ORDINANCE NO. 06-05

FINAL ORDER

The Department of Community Affairs (the "Department") hereby issues its Final Order, pursuant to §§ 380.05(6), Fla. Stat., and § 380.0552(9), Fla. Stat. (2005), approving a land

development regulation adopted by a local government within the Florida Keys Area of Critical State Concern as set forth below.

FINDINGS OF FACT

1. The Florida Keys Area is a statutorily designated area of critical state concern, and Islamorada, Village of Islands is a local government within the Florida Keys Area.

2. On April 12, 2006, the Department received for review Islamorada, Village of Islands Ordinance No. 06-05 ("Ord. No. 06-05"). The purpose of the Ordinance is to amend the Landscaping Standards located at Section 1, Division 6 of Article 5, and Chapter 30 of the Village of Islamorada Code.

3. The final date for approval for this Ordinance is June 9, 2006.

4. The Ordinance implements the Recreation and Open Space Element, Policy 7-1.3.1, to implement land development regulations that ensure provision of open space. The policy provides standards for landscaping, native vegetation, and maintenance of open space. The Ordinance also implements the Conservation Element, Policy 6-1.7.3, to remove invasive vegetation.

5. Ord. 06-05 is consistent with the Village Comprehensive Plan.

CONCLUSIONS OF LAW

6. The Department is required to approve or reject land development regulations or portions thereof that are enacted, amended, or rescinded by any local government in the Florida Keys Area of Critical State Concern. §§ 380.05(6), Fla. Stat., and § 380.0552(9), Fla. Stat. (2005).

7. Islamorada, Village of Islands is a local government within the Florida Keys Area of Critical State Concern. § 380.0552, Fla. Stat. (2005), and Rule 28-29.002 (superseding Chapter 27F-8), Fla. Admin. Code.

8. "Land development regulations" include local zoning, subdivision, building, and other regulations controlling the development of land. § 380.031(8), Fla. Stat. (2005). The regulations adopted by Ord. 06-05 are land development regulations.

9. All land development regulations enacted, amended or rescinded within an area of critical state concern must be consistent with the Principles for Guiding Development (the "Principles") as set forth in § 380.0552(7), Fla. Stat. (2005). See *Rathkamp v. Department of Community Affairs*, 21 F.A.L.R. 1902 (Dec. 4, 1998), *aff'd*, 740 So. 2d 1209 (Fla. 3d DCA 1999). The Principles are construed as a whole and no specific provision is construed or applied in isolation from the other provisions.

10. Ord. 06-05 promotes and furthers the following Principles:

(a) To strengthen local government capabilities for managing land use and development so that local government is able to achieve these objectives without the continuation of the area of critical state concern designation.

(b) To protect shoreline and marine resources, including mangroves, coral reef formations, seagrass beds, wetlands, fish and wildlife, and their habitat.

(c) To protect upland resources, tropical biological communities, freshwater wetlands, native tropical vegetation (for example, hardwood hammocks and pinelands), dune ridges and beaches, wildlife, and their habitat.

(f) To enhance natural scenic resources, promote the aesthetic benefits of the natural environment, and ensure that development is compatible with the unique historic character of the Florida Keys.

11. Ord. 06-05 is not inconsistent with the remaining Principles. Ord. 06-05 is consistent with the Principles for Guiding Development as a whole.

WHEREFORE, IT IS ORDERED that Ord. 06-05 is found to be consistent with the Principles for Guiding Development of the Florida Keys Area of Critical State Concern, and is hereby APPROVED.

This Order becomes effective 21 days after publication in the Florida Administrative Weekly unless a petition is filed as described below.

FINANCIAL SERVICES COMMISSION

IN THE MATTER OF:

CITIZENS PROPERTY INSURANCE CORPORATION CASE NO: 86087-06

_____/

ORDER APPROVING LINE OF CREDIT TRANSACTION
FOR CITIZENS PROPERTY INSURANCE
CORPORATION'S PERSONAL LINES ACCOUNT AND
COMMERCIAL LINES ACCOUNT

THIS MATTER came before the Office of Insurance Regulation for consideration and final agency action upon the request of Citizens Property Insurance Corporation ("Citizens"), pursuant to Section 627.351(6), Florida Statutes, as amended (the "Citizens Act"), and Section 19(B) of Citizen's Plan of Operation, as amended (the "Plan of Operation"), for approval of a revolving line of credit in the principal amount of not exceeding \$710 million (the "Line of Credit") for Citizen's Personal Lines Account and Commercial Lines Account (collectively, the "Accounts"). As required by Section 19(B) of the Plan of Operation, Citizens has filed with the Office of Insurance Regulation a statement of the purpose of the Line of Credit and an estimate of the costs to be incurred by Citizens in the procurement of the Line of Credit.

Citizens is a statutorily-created corporation, established pursuant to the Citizens Act. Citizens, through the Accounts, has become a significant provider of residential property and casualty insurance in the State of Florida and, as such, must have immediate access to funding sources for the Accounts pending receipt of the Accounts' ordinary and customary revenue and reinsurance and other reimbursement funds, to

meet policyholder claims and other obligations resulting from ordinary losses or catastrophic hurricanes or other weather-related events. The Citizens Act authorizes Citizens to borrow funds for the Accounts by incurring indebtedness and to pledge assessments under the Citizens Act and other funds available to the Accounts as the source of security and repayment for such borrowings. In order to provide funds to meet policyholder claims and other obligations of the Accounts pending receipt of the Accounts' ordinary and customary revenue and reinsurance and other reimbursement funds, it is in the best interest of Citizens to obtain the Line of Credit and to enter into the Credit Agreement.

The Citizens Act, Section 627.351(6)(c)(3), Florida Statutes, states that Citizens may issue bonds or incur other indebtedness in the absence of a hurricane or other weather-related event, upon a determination by Citizens (see Exhibit "A", letter dated June 9, 2006, from Ms. Murphy, Citizens' Deputy Executive Director), subject to approval by the Office, that such action would enable it to efficiently meet the financial obligations of Citizens and that such financings are reasonably necessary to effectuate the requirements of this subsection.

The Line of Credit will be made available to the Accounts through a 364-Day Revolving Credit Agreement by and among Citizens, JPMorgan Chase Bank, National Association, as Administrative Agent, and the other lenders named therein (the "Credit Agreement"). In connection with the Line of Credit, Citizens will execute certain promissory notes contemplated by the Credit Agreement. The Credit Agreement is to be in substantially the same form as the copy attached to this Order as Exhibit "B".

At a meeting on June 8, 2006, Citizens' Board of Governors (the "Board") adopted a resolution (the "Authorizing Resolution") authorizing and approving the Line of Credit, the Credit Agreement, and any related documentation.

The Office of Insurance Regulation, having considered this submission, and being otherwise advised in the premises, hereby finds that:

1. The Office of Insurance Regulation, by and through the Insurance Commissioner, has jurisdiction over the subject matter of, and the parties to, this proceeding pursuant to the Citizens Act.

2. The Line of Credit is for the purpose of providing funds to the Accounts for the payment of policyholder claims and expenses attributable to ordinary losses or catastrophic hurricanes or other weather-related events. As a result, the Line of Credit will enable Citizens to efficiently meet its financial obligations and is reasonably necessary to effectuate the requirements of the Citizens Act.

3. The Credit Agreement is a "loan agreement" within the meaning of, and is approved for purposes of, Section 19(B) of the Plan of Operation and Section 627.351(6)(c)(3), Florida Statutes.

4. Pursuant to the Citizens Act and Section 19(B) of the Plan of Operation, Citizens has authority to enter into the Credit Agreement, obtain the Line of Credit and issue the promissory notes contemplated by the Credit Agreement.

IT IS THEREFORE ORDERED:

That the Line of Credit and the Credit Agreement, including the loans to be extended to the Accounts thereunder, the issuance and delivery of the promissory notes contemplated by the Credit Agreement and the pledge by Citizens of the Regular Assessments and the CAT Fund Reimbursements (as such terms are defined in the Credit Agreement) to secure such loans, are hereby APPROVED.

Citizens shall file with the Office, as a part of its regularly required reports, a quarterly update with respect to the Accounts of the amounts borrowed, amounts used for the payment of claims and related costs, amounts repaid, and the amounts anticipated to be required by assessment for repayment of debt.

DONE and ORDERED this 12th day of June 2006.
