DEPARTMENT OF COMMUNITY AFFAIRS

STATEWIDE COMPETITIVE GRANTS TO CONSTRUCT OR IMPROVE

COUNTY EMERGENCY OPERATIONS CENTERS

The Department of Community Affairs gives notice of its intent to open a competitive grant application process to construct or improve county emergency operations centers and designated alternate state emergency operations centers.

In House Bill (HB) 7121, the 2006 Legislature found that county emergency operations centers (EOCs) and designated alternate state EOCs should meet minimum structural survivability and operational space criteria. The enacted legislation directs the Department of Community Affairs (DCA) to establish a statewide competitive grant application process for proposals to construct or improve county EOCs, such that those centers will meet minimum criteria upon completion of the projects. Therefore, DCA is soliciting applications on a competitive basis to construct or improve county EOCs. The application may contain one or more independent proposals.

Eligible Applicants include Boards of County Commissioners. The total amount of funding available under this offering is \$20 million for the purpose of general construction and stand-by emergency electric power, and \$25 million for the purpose of improving structural survivability. DCA has been authorized to use up to five percent of the funds to administer awarded grants. The application cycle officially opens June 1, 2006, with an application deadline of August 15, 2006. Grant funds provided under this application process will be provided to award recipients contingent on availability and approved Legislative Budget Authority. EOCs that receive funding under this competitive grant process must be completed by June 30, 2009, unless the award is extended with the approval of DCA.

The structural survivability improvement funding portion of this grant application process is subject to eligibility requirements of the federal Hazard Mitigation Grant Program (HMGP). HMGP funding is only applicable to costs associated with "above code" construction improvements that protect the EOC building, occupants and contents from natural hazards

and their effects. Prior to award of HMGP funds, the Applicant is required to submit an HMGP application and be determined to meet all eligibility criteria, including demonstrated cost-effectiveness. However, completion of the HMGP-specific application is not necessary to meet the August 15, 2006 project proposal deadline. Only the application attached to this NOFA must be completed and received by the August 15, 2006 deadline. Projects offered funding under this NOFA will be required to submit an HMGP application prior to the award of funds. Failure to submit the required application, or failure to meet HMGP eligibility criteria, will result in denial of funds for that portion of the grant program. The Applicants are encouraged to provide as much information as available with the initial application. The HMGP application can be found at the following URL address: http://www.floridadisaster.org/brm/hmgrp_proc_forms.htm

At a minimum, all EOCs that receive grant funds under this application process must meet the structural and siting criteria established in the American Red Cross' publication "Standards for Hurricane Evacuation Shelter Selection" (ARC 4496, January 2002). To enhance survivability, DCA recommends hurricane performance criteria that exceed ARC 4496. DCA will encourage construction or improvement proposals that specify that the EOC will meet or exceed design criteria established in the Department of Energy's (DOE) Standard "Natural Phenomena Hazards Design and Evaluation Criteria For Department of Energy Facilities" (DOE-STD-1020-2002, January 2002), Performance Category 3, or similar design criteria approved by DCA. DOE-STD-1020-2002 may be found at the following URL address: <http://floridadisaster.org/bpr/Response/engineers/documents/STD-10202002.pdf>

Operational workspace requirements will be based on national guidance from the Federal Emergency Management Agency (FEMA). The EOC workspace criteria are established in FEMA "Emergency Operations Center Handbook" (CPG 1-20, May 1984) with occupancy and floor area recommendations determined by county population, EOC concept of operation and other factors. For the purpose of this application process, the workspace occupancy and floor area will be based on county population. The "Florida Statistical Abstract 2005," Table 1.41, for Year 2010 with medium growth will be used to determine county population. FEMA CPG 1-20 can be found at the following URL address: <http://floridadisaster.org/bpr/Response/engineers/documents/EOCHandbook.pdf>

For assistance in determining the recommended workspace occupancy and floor area for a specific county, please contact programmatic staff listed in this NOFA.

The emergency management EOC function shall be the primary design consideration for facilities constructed or improved with funds awarded under this grant application process. Workspace for Public Safety Answering Point (PSAP), Intelligent Transportation Systems (ITS) and other local public safety and administrative functions are not to be

included in EOC floor area construction proposals, though such facilities may be co-located in areas adjacent to the EOC. Only the proposed EOC's workspace construction and improvement costs are eligible under this grant application process. Funding may not include land acquisition, purchase of equipment, furnishings, communications and other operational systems, or recurring expenditures. The Applicant must state in writing that the EOC will be dedicated for emergency management purposes for a period of not less than 15 years. Also, as provided in Rule Chapter 9G-6, Florida Administrative Code, "Emergency Management Capabilities Assessment Checklist," the completed EOC must remain demonstrably capable of being fully activated within one hour of detection of an emergency.

As directed by HB 7121, 2006, criteria for prioritizing and recommending the funding for county EOCs and designated alternate state EOCs will include, but is not limited to, county population, hurricane evacuation clearance time for the vulnerable population of the county, structural survivability of the existing EOC, and workspace floor area of the existing EOC. First priority for funding recommendations shall be for county EOCs where no survivable facility exists and where workspace deficits exist. The ARC 4496 status of existing EOCs will be determined by DCA through assessments, documentation or collection of applicable data. In reviewing proposals, DCA will consider all state and local funds committed for the project which have not been expended, and that will decrease the project's fiscal need under this grant program once expended.

Eligible activities include construction or structural renovation of the county EOC facility and essential infrastructure needed to meet the structural and siting survivability requirements and FEMA workspace recommendations. Funding may not include land acquisition, purchase of equipment, furnishings, communications and other operational systems, or recurring expenditures.

Application and attachments are not to exceed 8 1/2" x 11" page size, and attachments are to be limited to a maximum of 15 pages. The cover page of the application must contain an original authorized signature by the chief elected official or the chairman of the governing board, or duly authorized chief executive officer or other government official. The signature demonstrates endorsement of the application and commitment of funds, if applicable. Evidence of the delegation of authority shall be supplied with the application.

In order to be considered for funding, one (1) original plus four (4) identical hard copies of the completed applications with attachments must be received by 4:00 p.m. local time, August 15, 2006 at the following address:

STATEWIDE COMPETITIVE GRANTS
TO STRUCTURALLY ENHANCE OR RETROFIT
PUBLIC HURRICANE EVACUATION SHELTERS, 2006

The Department of Community Affairs gives notice of its intent to open a competitive grant application process to structurally enhance or retrofit public hurricane evacuation shelters.

In House Bill (HB) 7121, the 2006 Legislature found that retrofitting public hurricane evacuation shelters is an efficient and economical method of accelerating state and local efforts to reduce the deficit of safe shelter space. The enacted legislation directs the Department of Community Affairs (DCA) to establish a statewide competitive grant application process for proposals to enhance or retrofit public hurricane evacuation shelters, such that those shelters will meet minimum safety criteria upon completion of the projects. Therefore, DCA is soliciting applications on a competitive basis to enhance or retrofit public hurricane evacuation shelters. The application may contain one or more independent proposals.

All applications must include a written recommendation from the county emergency management agency that states that upon completion of the proposed enhancement or retrofit project, that the shelter will be designated as a public hurricane evacuation shelter. The Applicant must also state in writing that, for a period of not less than 15 years, upon request of local or state emergency management agencies during a declared state or local emergency, the completed shelter will be made available for emergency management purposes.

Eligible Applicants include state, regional and local government agencies, and private non-profit organizations. The total amount of funding available under this offering is \$15 million for the purpose of improving structural survivability. DCA has been authorized to use up to five percent of the funds to administer awarded grants. The application cycle officially opens June 1, 2006, with an application deadline of August 15, 2006. Grant funds provided under this application process will be provided to award

recipients contingent on availability and approved Legislative Budget Authority. Projects that receive funding under this competitive grant process must be completed by June 30, 2009, unless the award is extended with the approval of DCA.

Funding under this grant application process is subject to eligibility requirements of the federal Hazard Mitigation Grant Program (HMGP). HMGP funding is only applicable to costs associated with "above code" construction improvements that protect the hurricane shelter building, occupants and contents from natural hazards and their effects. Prior to award of HMGP funds, the Applicant is required to submit an HMGP application and be determined to meet all eligibility criteria, including demonstrated cost-effectiveness. However, completion of the HMGP-specific application is not necessary to meet the August 15, 2006 project proposal deadline. Only the application attached to this NOFA must be completed and received by the August 15, 2006 deadline. Projects offered funding under this NOFA will be required to submit an HMGP application prior to the award of funds. Failure to submit the required application, or failure to meet HMGP eligibility criteria, shall result in denial of funds. The Applicant is encouraged to provide as much information as available with their initial application. The HMGP application can be found at the following URL address: http://www.floridadisaster.org/brm/hmgrp_proc_forms.htm

At a minimum, all projects that receive grant funds under this application process must meet the structural and siting criteria established in the American Red Cross' publication "Standards for Hurricane Evacuation Shelter Selection" (ARC 4496, January 2002). Failure to supply the required documentation, or disapproval of this documentation by DCA, shall result in denial of funds. To enhance survivability, DCA recommends hurricane performance criteria that exceed ARC 4496. DCA encourages enhancement or retrofit proposals that specify that the shelter will meet or exceed design criteria established in the Florida Building Code, Building (FBC) section 423.25 "Public Shelter Design Criteria," including the recommended 40 mile-per-hour increase in map wind speed, plus ASTM E 1996-02 Level E windborne debris impact protection, or similar design criteria approved by DCA.

Criteria for prioritizing and recommending the funding for enhancement or retrofitting of public hurricane evacuation shelters will include, but is not limited to, shelter needs of the county as well as the overall needs of the hurricane evacuation planning region, cost-effectiveness of the project in terms of both the number of public hurricane shelter spaces created and cost per space, and priority ranking of the proposed project in the applicable local mitigation strategy. Statewide, regional and county hurricane shelter space demand and surplus/deficit status will be based upon data published in the DCA "2006 Statewide Emergency Shelter Plan." In reviewing proposals,

DCA will consider all state and local funds already committed for the project which have not been expended, and that will decrease the project's fiscal need once expended.

Eligible activities include structural renovation, enhancement or retrofit of the shelter facility and essential infrastructure needed to meet the structural and siting survivability requirements. Funding may not include land acquisition, purchase of equipment, furnishings, communications and other operational systems, emergency electric power generators or prewiring systems, or recurring expenditures.

Application and attachments are not to exceed 8 1/2" x 11" page size, and attachments are to be limited to a maximum of 15 pages. The cover page of the application must contain an original authorized signature by the chief elected official or the chairman of the governing board, or duly authorized chief executive officer or other government official. The signature demonstrates endorsement of the application and commitment of funds, if applicable. Evidence of the delegation of authority shall be supplied with the application. If the government entity does not have a governing board or chief elected official, then the application shall be signed by the chief administrative officer, and evidence of his or her authority supplied with the application. If the Applicant is not a governmental entity, then the application shall be signed by the governing board, or if no governing board, then the application shall be signed by the chief executive officer.

In order to be considered for funding, one (1) original plus four (4) identical hard copies of the completed applications with attachments must be received by 4:00 p.m., local time, August 15, 2006, at the following address:

DCA Order No. DCA06-OR-134

STATE OF FLORIDA
 DEPARTMENT OF COMMUNITY AFFAIRS
 In re: A LAND DEVELOPMENT REGULATION
 ADOPTED BY ISLAMORADA, VILLAGE OF ISLANDS
 ORDINANCE NO. 06-07

FINAL ORDER

The Department of Community Affairs (the "Department") hereby issues its Final Order, pursuant to §§ 380.05(6), Fla. Stat., and § 380.0552(9), Fla. Stat. (2005), approving a land development regulation adopted by a local government within the Florida Keys Area of Critical State Concern as set forth below.

FINDINGS OF FACT

1. The Florida Keys Area is a statutorily designated area of critical state concern, and Islamorada, Village of Islands is a local government within the Florida Keys Area.

2. On April 20, 2006, the Department received for review Islamorada, Village of Islands Ordinance No. 06-07 ("Ord. No. 06-07"). The purpose of the Ordinance is to reimpose a temporary moratorium on the conversion of existing transient dwelling units/uses into non-transient dwelling units/uses.

3. The final date for approval for this Ordinance is June 16, 2006.

4. The Ordinance will temporarily reimpose a moratorium to ensure that no applications for conversions of existing transient dwelling units/uses are submitted pending the resolution of an appeal filed with the State regarding Ordinance 05-13. The moratorium is temporary, lasting up to one year, and will automatically dissolve upon the effective date of the new regulations.

5. Ord. 06-07 is consistent with the Village Comprehensive Plan.

CONCLUSIONS OF LAW

6. The Department is required to approve or reject land development regulations or portions thereof that are enacted, amended, or rescinded by any local government in the Florida Keys Area of Critical State Concern. §§ 380.05(6), Fla. Stat., and § 380.0552(9), Fla. Stat. (2005).

7. Islamorada, Village of Islands is a local government within the Florida Keys Area of Critical State Concern. § 380.0552, Fla. Stat. (2005), and Rule 28-29.002 (superseding Chapter 27F-8), Fla. Admin. Code.

8. "Land development regulations" include local zoning, subdivision, building, and other regulations controlling the development of land. § 380.031(8), Fla. Stat. (2005). The regulations adopted by Ord. 06-07 are land development regulations.

9. All land development regulations enacted, amended or rescinded within an area of critical state concern must be consistent with the Principles for Guiding Development (the "Principles") as set forth in § 380.0552(7), Fla. Stat. (2005). See *Rathkamp v. Department of Community Affairs*, 21 F.A.L.R. 1902 (Dec. 4, 1998), *aff'd*, 740 So. 2d 1209 (Fla. 3d DCA 1999). The Principles are construed as a whole and no specific provision is construed or applied in isolation from the other provisions.

10. Ord. 06-07 promotes and furthers the following Principles:

(a) To strengthen local government capabilities for managing land use and development so that local government is able to achieve these objectives without the continuation of the area of critical state concern designation.

(k) To provide adequate alternatives for the protection of public safety and welfare in the event of a natural or manmade disaster and for a post disaster reconstruction plan.

(l) To protect the public health, safety, and welfare of the citizens of the Florida Keys and maintain the Florida Keys as a unique Florida resource.

11. Ord. 06-07 is not inconsistent with the remaining Principles. Ord. 06-07 is consistent with the Principles for Guiding Development as a whole.

WHEREFORE, IT IS ORDERED that Ord. 06-07 is found to be consistent with the Principles for Guiding Development of the Florida Keys Area of Critical State Concern, and is hereby APPROVED.

This Order becomes effective 21 days after publication in the Florida Administrative Weekly unless a petition is filed as described below.

DONE AND ORDERED in Tallahassee, Florida.

DEPARTMENT OF JUVENILE JUSTICE

The Florida Department of Juvenile Justice has posted the second draft of the Detention Services Manual for review and comment at: http://www.djj.state.fl.us/policies_procedures/manualreview.html (note this is a new web page).

This second draft of the Detention Services Manual is designed to assist detention staff in complying with juvenile laws and procedure, enhance public protection, ensure program integrity and provide for quality services to delinquent youth while in the custody of DJJ.

Its purpose is twofold: (1) to articulate the Department's policy governing the operations of state operated detention facilities and (2) to provide interpretive guidelines to assist detention facilities in implementing the policy. This second draft of the manual is being posted for 20 working day review and comment period. The closure date for submission of comments on the manual is June 29, 2006. PLEASE NOTE: Comments should be directed only to the underline and strike-through portions of the manual as these changes (along with a new chapter 8) were made after the initial comment period. Comments should be sent to the person identified on the above Website.

The Florida Department of Juvenile Justice has posted a draft of the 2006 Health Care Manual for review and comment at: http://www.djj.state.fl.us/policies_procedures/manualreview.html (note this is a new web page).

The 2006 Health Care Manual, is a document that addresses the comprehensive physical health care of youth who are in the custody of a detention center and/or residential commitment program. Due to the unique nature of health care, the manual has been written to address the various health care needs of these youth in accordance with national standards, as well as the requirements of the Florida Department of Juvenile Justice. The goal is that youth in the care and custody of the Department will receive a continuum of services that reflect the complex needs of this population. A second goal is that health care providers, direct care staff and management at all levels will understand that the health care provided to these youth must be in accordance with current clinical guidelines and at a level commensurate with the services they would receive in the community. The manual is being posted for a single 20 working day review and comment period. The closure date for submission of comments on the manual is June 29, 2006. Comments should be sent to the person identified on the above Website utilizing the Matrix of Comments.

The Florida Department of Juvenile Justice has posted revisions to the existing Residential Services Manual for review and comment at: http://www.djj.state.fl.us/policies_procedures/manualreview.html (note this is a new web page).

The Residential Services Manual (initially approved in December 2005) is designed to assist residential commitment staff to comply with juvenile laws and procedures, enhance public protection, ensure program integrity and provide for quality services to delinquent youth in the custody of DJJ. Its purpose is twofold: (1) to articulate the Department's policy governing the operation of state and contracted residential commitment programs and (2) to provide interpretive guidelines to assist residential commitment programs in implementing the policy. The manual is being posted for a single 20 working day review and comment period. The

closure date for submission of comments on the manual is June 29, 2006. PLEASE NOTE: Comments should be directed only to the underline and strike-through portions of the manual as these changes were made since the initial approval of the manual. Comments should be sent to the person identified on the above Website.

DEPARTMENT OF CHILDREN AND FAMILY SERVICES**SOLICITATIONS OF APPLICATIONS
FOR CHALLENGE GRANTS TO
LEAD AGENCIES FOR HOMELESS ASSISTANCE**

Pursuant to Section 420.622, Florida Statutes, the Department of Children and Family Services through the State Office on Homelessness, hereby solicits applications for Challenge Grants to lead agencies for homeless assistance continuums of care designated by the State Office on Homelessness. A lead agency may be a local homeless coalition, municipal or county government, or other public agency, or a private not for profit corporation. Such grants may be up to \$150,000 per lead agency.

To qualify for the grant, a lead agency must develop and implement a local homeless assistance continuum of care plan for its designated catchment area.

Preference will be given to those lead agencies that have demonstrated the ability of their continuum of care to provide quality services to homeless persons and the ability to leverage federal homeless assistance under the Stewart B. McKinney Act and private funding for the provision of services to homeless persons. Preference will also be given to lead agencies in catchment areas with the greatest need for the provision of housing and services to the homeless, relative to the population of the catchment area.

Lead agencies wishing to apply for such Challenge grants may request an application package from:

Office on Homelessness
1317 Winewood Boulevard
Tallahassee, FL 32399-0700
(850)922-4691

The deadline for submission of applications to the Office on Homelessness shall be 5:00 p.m., EDT, on July 14, 2006.
